NUMBER THIRTY-TWO

FULTON COUNTY IS READY FOR THIRD WAR LOAN DRIVE

Clyde Williams, Chairman, Announces Quota of \$287,000 To Be Sold In Fulton County.

Fulton countians have always rallied to the call for the purchase of War Bonds, and this county has gone over the top in the previous 1st and 2nd War Loan Drives. But now comes the biggest drive of all, calling for 15 billion dollars in War Bonds to be purchased by the people of America. This amount means non-bank subscriptions. Of this amount the farmers of the county have been asked to obtain a quota of \$1,500,000, while the Fulton County quota is \$287,000, according to Clyde Williams, chairman of the local drive.

The Fulton county quota is based on the ability of each individual to buy bonds, and the county quota amounts to 17 1/2 per cent of the individual and corporation bank deposits of the county. Fulton countians know the challenge; the duty of every patriotic man, woman and child is to see that the goal is reached between September 9-30. A careful estimate shows that we have the money to "Back the Attack, by buying a big share of guns, ammunition and planes. Every person will be given the chance to do his or her part, and every person must "Buy Bonds until it hurts." For every bond that is bought, the day of final victory is hastened, and the lives of the men in the armed forces are further safeguarded with the assurance of plenty of supplies and equipment with which to defeat the enemy.

Everybody has a stake in this war, and on the home front the more bonds we buy will make us realize that we too are doing our share. The satisfaction of knowing in our hearts that we have not failed the boys on the battlefronts cannot be fully appreciated until some real sacrifice has been made to hold up our end on the home front.

PULPWOOD NEEDED IN WAR EFFORT

Newspapers of the country have instituted a campaign to bring pulpwood production up to a level that will solve the threatened serious shortage. It is an official war effort.

There is much timber in Fulton and adjoining counties. In every section of the nation farmers, and city dwellers as well, are getting behind this vital effort to provide pulpwood, just as was done to collect scrap metal. Pulpwood is required to make boxes, and provide other materials necessary in the war to defeat the Axis. What are you doing about the pulpwood drive?

The News have available information pertaining to the kind of timber needed, and what can be sold. To increase pulpwood production is a definite and vital war effort; besides it will bring additional revenue to owners to this vital timber.

Retonga Is Grand Says Practical Nurse

Distress From Nervous Indigestion, Sluggish Elimination And Sleeplessness Promptly Relieved And She Feels Fine Now, States Mrs. Hutchinson. Tells Of Her Own Case.

Among the thousands of well known men and women happily praising Retonga is Mrs. Margaret

Mrs. Margaret Hutchinson

Hutchinson, 358 Oak Hill Avenue, Knoxville, Tenn. Mrs. Hutchinson

is a well known practical nurse, member of the Oakwood Baptist Church, and the Rebecca Lodge. Mrs. Hutchinson happily states:

"I suffered so much distress from nervous indigestion that even a light meal would bother me for hours with sourness and gas pains in my stomach. My appetite seemed completely gone, and my nerves were so badly on edge that many nights I slept only an hour or two. Constipation forced me to use powerful laxatives almost every day, and even then my head would swim at times until I had to sit down."

"I think the relief Retonga gave me is simply remarkable. The distress from indigestion, nervousness and constipation are relieved, and I feel like a different person. I never miss an opportunity to give Retonga the praise it deserves. It is grand."

Retonga is intended to relieve such distress when due to Vitamin B-1 deficiency, constipation, insufficient flow of gastric juices in the stomach, and loss of appetite. Retonga may be obtained at DeMyer Drug Store.

Honey Wilds ("Honey") and Bunny Biggs ("Jamup") say they prepare all winter for the summer tent show season. Last winter all equipment was gone over from stem to stern—new seats were added in the tent auditorium, both general admission and reserves, and a new thirty foot middle piece was added to the tent proper. Another light plant was purchased, making three light plants carried by the show, two in use at all times and one for emergency purposes. The comfort of the customer is the prime consideration of Wilds and Biggs at all times.

Regular listeners to The Grand Ole Opry program know that Jamup and Honey tour under canvas each summer and thousands of people.

They will show at the Fair Grounds on September 16th, the show will start promptly at 8:00 o'clock.

★ FROM YOUR PULPWOOD COMMITTEE

THIS Committee is starting a drive to cut more pulpwood trees. The shortage is serious... and pulpwood is urgently needed for everything from blood plasma containers to parachutes... from shell cases to airplane parts... from gas mask filters to explosives.

Our Government is asking every able-bodied woodcutter and farmer to pledge 3 extra work days this year (at regular pay) to cut pulpwood... 2,500,000 extra cords are needed quickly.

This is a challenge to everyone of us in this community. We must not let our boys down. 3 EXTRA days' work are little to ask when our boys are out there giving their lives for their country.

Enlist today in this drive. Wear the button that shows you are in this fight. This is one way this community can help win this war.

Come to Committee headquarters or get in touch with any of these men. And do it quickly.

This pulpwood shortage is a national war emergency.

Charlie Jenkins writes me from down at camp:

"Dear Joe: Somethin' mighty good happened to me on my last day's leave. I'm standin' on the corner, not knowin' anybody in town, when a stranger says 'hello, soldier—how'd you like a chicken dinner at home with me and the wife'."

"Well, it turns out they were the kind of folks who couldn't do enough to help out soldiers. They'd invited two other fellows and just as soon as we're

introduced the lady brings us a glass of beer before dinner.

"We had a fine dinner, talked till ten... Honest, Joe, I'll never forget their hospitality. Makes me feel good fighting for people like that."

"Thought you might like to hear what kind o' fellows we got in this army of ours, and how they like to enjoy themselves when they get a chance to."

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

I talked with a Shattered Soldier

I talked with a shattered soldier yesterday . . . a soldier whose broken body is here, but whose future may be buried in the muck and heat and stench of the Solomons. It was hard to get him to talk about the war . . . about whether he thought we at home were doing our share. He seemed hesitant about criticizing or complaining. "Well, I don't know," he said—and the smile left his face. He leaned forward in his chair, and nervously opening and clenching his hands, remarked: "You know when you have been down on your knees wiping the blood off the face of a

dying buddy . . . and holding his hand, trying to help him through it . . . you wonder why there would be anybody who wouldn't be giving every ounce of his energy, and wouldn't be buying every war bond he could, to get this mess over—and quickly." I shall never forget this shattered soldier. He had already done far more than his share. He made me search my soul to see if I was doing all I could. If you see a shattered soldier, perhaps you will say to yourself, "I have reason to be proud of that soldier . . . I wonder if he has reason to be proud of me."

He will be proud of you if you give all you can for the purchase of War Bonds to help his buddies, as he gave all he could for you.

**3RD WAR LOAN DRIVE
—FOR INVASION**

Put a circle around the date—Thursday,
September 9th. For that's the day the 3rd
War Loan Drive starts.

On that day, you will be asked to go the
limit to back our valiant fighting men. You
will be asked to do your share in the great-
est invasion the world has ever seen. Answer
your country's roll call!

Your part is to back this invasion by in-
vesting in at least one EXTRA \$100 War

Bond in September. That's in addition to
your regular War Bond purchases. Invest
more than \$100—a lot more—if you pos-
sibly can.

The job is big. Everyone must do his fall
share if we are to put this drive over the top.

War Bonds are the safest investment in the
world. For your own sake, for your Country's
sake, put every spare dime and dollar in War
Bonds during the 3rd War Loan Drive.
