YOU CAN'T FAIL THEM NOW!

Every day INVASION bombs are taking the lives of gallant boys fighting under the stars and stripes. Your door never-come, husband, sweetheart, father, brother, relative or friend — no, no, can be, engulfed in those bloody flames when the wrath of the Gleam Ranger-Shock in every valley of the guns.

The 3rd War Loan of 15 billion dollars must pay for the equipment, ammunition and food our boys need so desperately — and every cent into the world's safest investment — and Joe Kasnow.

This is the challenge to everyone of us in this community. We must not let our boys down. 3 EXTRA days' work are little to ask when our boys are cutting their lives for their country.

Here's the last word: WE must work.

Come to Committee headquarters or get in touch with any of these men, and Do it quickly. This pulpwood shortage is a national war emergency.

Louis and Joe Kasnow

IMPORTANT ANNOUNCEMENT

FROM YOUR PULPWOOD COMMITTEE

This Committee is starting a drive to cut more pulpwood trees. The shortage is serious — and pulpwood is urgently needed for everything from blood plasma containers to parachutes — from shall cases to airplane parts — from gun stock filters to explosives.

Our Government is making every able-bodied woodworker and farmer to pledge 3 extra work days this year (at regular pay) to cut pulpwood. 2,500,000 extra cards are needed quickly.

I talked with a Shattered Soldier

I talked with a shattered soldier yesterday... a soldier whose broken body is here, but whose future may be buried in the muck and heat and stench of the Solomons. It was hard to get him to talk about the war... about whether he thought we at home were doing our share.

He seemed hesitant about criticizing or complaining. "Well, I don't know," he said... and the smile left his face. He leaned forward in his chair, nervously opening and closing his hands, remarked: "You know when you have been down on your knees wiping the blood off the face of a dying buddy... and holding his hand, trying to help him through it... you wonder why there would be anybody who wouldn't be giving every ounce of his energy, and wouldn't be buying every war bond he could, to get this mess over— and quickly."

I shall never forget this shattered soldier. He had already done far more than his share. He will be proud of you if you give all you can for the purchase of War Bonds to help his buddies, as he gave all he could for you.

O f fice here on the fighting front we are taking claims on buying their bonds, even minds, even flesh and blood. They are doing this for you. All your country asks of you is to give a few hours and $100, or $200, or $500 and send that money to the Government to carry on the war to protect you and your loved ones from the horrors of war.
