Your Farm And Home Paper - Superior, Coverage

VOLUME XXII
FULTON, KY., FRIDAY, SEPTEMBER 15, 1944

COMMUNITY CLINIC

FOOD FOR THE FARMER

Many of the American farmers who have been hit by the big bill for Victory Food Program, are getting some help from the government. Mrs. R. J. Shumaker, Civilian Defense Worker, is working with the Farmers' Home Administration in this program. The Farmers' Home Administration has also made available a number of farm houses and buildings which can be used as temporary housing for farmers who are occupied in the war effort. The program is designed to help farmers who are unable to pay their bills due to the temporary loss of income caused by the war.

*Weeds in Nashville*

Miss F. E. Fawcett, a student at the University of Kentucky, has been granted a leave of absence to attend the University of Kentucky. Miss Fawcett is the daughter of Mr. and Mrs. W. T. Fawcett of Fulton, Ky.

**THE FIFTH FREEDOM**

*And Why We Must Have It*

The five freedoms announced as America's goals need a fifth freedom to fit them together and make them work. How can we have freedom of speech and religion, freedom from war and from fear, unless we also have freedom of enterprise—unless men and women can stand on their own feet and plan their own lives?

When a farmer or a business man breathes freely, he can do better work. Free enterprise built America and encouraged America's many production records.

Heavy, broad-shouldered Paul Wessbecker (picture above) is a good example. He won a potato-growing honor years ago in his native Germany and served a term in the Kaiser's cavalry. But he didn't like regimentation and brought his family to America in 1912. Last year he harvested the biggest yield of soybeans in the greatest soybean state—Illinois—and he hopes his soybean oil will help grease the skids for the 1942 crop.

Paul Wessbecker earned his fine 80-acre farm and his production record by skill, experience and hard work. He's the self-supporting, tax-paying kind of citizen who America is proud.

And America's business-managed electric companies are the same sort of citizens. They produce over 80% of America's vast power supply—and do it without tax or government concessions. They're pushing production up and keeping rates down, meeting every war demand.

Food is manpower. Electricity is machine power. Both are vital to Victory. Facing the same shortages of equipment and help, farmers and electric companies are both doing tremendous jobs—because enterprise in America is still free.

A Tax Paying Utility Federal and State Regulation
What you will be asked to do—

If you are in this area—Thursday, September 5th.

For one day, the 3rd War Loan Drive event. To you—and to every other war-loan citizen of the nation—this is a call to action.

You will be asked to back our fighting forces in the 3rd Round of your resources. You will be asked to go after the invasion by investing in your War Bonds. every War Bond that you purchase, will be helping you to possibly afford.

To meet the national quotas, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, at least one 20 War Bond. Those who can, must invest more—thousands of dollars’ worth more. Each and every one must do his full part.

Scrape up the money from every source you can—even to the last dime. Turn in all the loose cash you carry with you. Dig out what you had tucked away “just in case.” Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and trim.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. Never put a price on such valor, such self-sacrifice. But you can show your faith in them to the limit! You can aid it with Bonds!...even Bonds this month.

World’s Safest Investments

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series “E”:

You will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series “E”:

United States Savings Bonds Series “G”:

Gives you back $4 for every $3 when the bond matures. Interest: 2.9% a year, compounded semi-annually. If held to maturity. Denominations: $25, $50, $100, $500, $1,000. Redemption: Anytime 90 days after issue date. Price 75% of maturity value. 2%/ Treasury Bills of 1943-1949: readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Issued September 15, 1943; due December 15, 1949. Price-par and accrued interest.

"It's great to know you're helping!"

"Sure, I know I'm not young anymore but let's hope our brothers like brother Bill, but I'm helping in the same way I know how. Dad said me the other night about the need for voting down my local phone call. He said that everybody has voted but he's the one that every call he didn't make would help the way. Every time a call is made it would make a difference. We should all vote.

"It's great to know you're helping!"

ABBEY ARMSTRONG
Code Sister Mrs. Olivia Smith attended the Abbey Armstron Club meeting at 6 p.m. at her home on 14th Street. Mrs. Smith was the hostess and the program consisted of a presentation of a sets of themed cards. The theme for the evening was "The Art of Knitting." The cards were crafted by the members and were displayed and discussed. Mrs. Smith opened the meeting and introduced the theme of the evening. She then proceeded to demonstrate the technique of knitting with a set of cards. The members were then given the opportunity to create their own sets of cards using the provided materials. The meeting concluded with a closing prayer led by Mrs. Smith. The next meeting will be held on the 15th of the month, and the theme will be "The Art of Quilting."
