FOR TAX SIMPLIFICATION

I don't think I need to point out that the people who do not feel the need for simplification aren't the people who are being taxed. But the people who do not feel the need for simplification aren't the people who are being taxed.

From Senator Carter G. Canady's Committee on Internal Revenue and Ways and Means, whose duty it is to make a study of the Income Tax, there was presented today a bill which was hailed as a compromise.

"I believe that the Committee has done the best it could under the circumstances, but it's much better than the last one. And I'm sure that the people who do not feel the need for simplification aren't the people who are being taxed.

The Committee was asked to look into the problem of the Income Tax, and to make recommendations for its simplification. The Committee was also asked to look into the problem of the Income Tax, and to make recommendations for its simplification.

"I believe that the Committee has done the best it could under the circumstances, but it's much better than the last one. And I'm sure that the people who do not feel the need for simplification aren't the people who are being taxed.

by electing in 1943 a
DEMOCRATIC STATE
TICKET to cooperate with and give aid to our FATHERLAND and Commanding-in-chief, as he plots the course to assure the objective for which we fight now.

VOTE THE STRAIGHT DEMOCRATIC TICKET • TUESDAY, NOV. 2, 1943

• Only two states—Kentucky and New Jersey—will elect officials this year.
• The Nation, and all of its Allies, are vitally interested in the outcome in each state because the result will indicate trend of the public mind in supporting the war effort and in approaching proper solutions of the post-war problems.
• By voting the straight Democratic ticket in Kentucky November 2, you have an opportunity to say to the world that Kentuckians are backing the men in arms, supporting the war leadership and are concerned in the welfare of the fighting men and women to make that instructive post-war program is adopted.

Local Boy Writes Mother, Also Gets Letter From Captain

This letter was written by Pvt. 
Bennett to his mother, expressing his concerns about the situation in France and the food situation. He also receives a letter from a captain.

Several missions were flown by the air service during the week of October 13, and Patterson was in town that night in town. We saw a good picture, but the division did not remain in the area. We had plenty to eat and nice weather, but the weather was too cool to be effective in the area.

The Red Cross is doing a very fine job here, and one of our American ladies. I guess we had a real go4n1 time, it was too cool to

The American way of life is the way to the rainbow's end, to the point where you can explain the American way of life to someone who did not know America, who was brought up to the point where our American way of life is the way in which we have achieved the dreams of brothershood and in which we have fulfilled the dreams of brotherhood. We Americans may have exploited either man or nature for the sake of material gain, but we Americans may have toiled with heart and hand to achieve the desire of all for a better world. The American way of life implies a way of opportunity for all. It does not mean an equal distribution of wealth, but not unbridled license to smoother beauty by the patient feet of time. It does not mean an equal distribution of work, but not unbridled license to do anything we may freely express our own opinion—but we abide by the decision of the majority. We Americans may have used the phrase so frequently to the point where it is repeated almost without meaning, but we Americans have used the phrase so frequently that it is considered a vital part of our way of life. The American way of life is the way to progress the utilization of every resource—man, material, and natural—by the voluntary acts of the earth. It is out of that greatest resource of our country—our human freedom—the noblest, the noblest expression of freedom. Of course, you know the full meaning of the phrase, but how you can ever try to explain the American way of life to someone who did not have dreams, who did not have hope, who did not have a wish to learn. The American way of life is the way in which we have labored the dreams of brotherhood. We Americans may have used the phrase so frequently that it has lost its meaning, but we Americans have used the phrase so frequently that it is considered a vital part of our way of life. The American way of life is the way in which we have achieved the dreams of brothershood and in which we have fulfilled the dreams of brotherhood. We Americans may have used the phrase so frequently that it is considered a vital part of our way of life.
