The Weather
Wednesday, Oct. 3—Clear skies, wind 4 mph. High 80°, Low 60°.
Yanks, British Divided

The British and American governments are divided over Palestine as they have not been divided since the day they received their mandates from the League of Nations. This division is due to the fact that the British have been promised a mandate over Palestine, while the Americans have been promised a mandate over Iraq. The British and American governments have been unable to agree on the terms of the mandate, and this has led to a serious political crisis.

YDC Achiever Harmony

The Young Democrats Club of Berkeley has decided to continue their efforts to achieve harmony with other political groups. The club has been working hard to promote unity among the different political groups in the city, and they believe that their efforts are paying off. The club's leaders are optimistic about the future, and they are looking forward to a bright future.

Social Happenings

The Teen Talk Hull Improved Club will meet on Tuesday, October 10, at 7:30 P.M. in the Hull Improved Club House. The meeting will be open to the public, and all are welcome to attend.

Veterans Corner

The issue of statehood for Alaska is a hot topic in the state today. The Alaska Statehood Convention has been held in Juneau, and the vote for statehood has been a close one. The vote was 47% in favor of statehood, with 53% against.

Fire Prevention Week

The Fire Prevention Week is an annual event that is designed to educate the public about fire safety. The event takes place during the week of October 10, and it is sponsored by the local fire department. The Fire Prevention Week is a time for the community to come together and learn about fire safety.

Revival

The Annual Revival will begin at the Cumberland Presbyterian Church on Monday, October 7, at 7:00 P.M. The Revival will continue for three weeks, and it is expected to be a time of great spiritual renewal for the community.

An elderly man named John Smith of Pennsylvania has contributed a large sum of money to the war effort. John Smith is a war veteran, and he has dedicated his life to serving his country.

Our hats are off to the Veterans Employment Assistance Office, which has been working tirelessly to help veterans find employment.

The meeting of the regular Army recruitment office will be held on October 1, at 10:00 A.M. in the office of the regular Army recruitment office.

The American Legion will meet on Tuesday, October 10, at 7:00 P.M. in the American Legion Hall. The meeting is open to the public, and all are welcome to attend.

The annual Veterans' Day Memorial Service will be held on November 11, at 11:00 A.M. in the local cemetery. The service will be open to the public, and all are welcome to attend.

**PUBLIC SERVICE COMPANY**

Today, more than ever before, Kentucky needs adequate, dependable telephone service, and it is our purpose to provide it. We are now furnishing more service to Kentuckians than at any period in our history.

Both local and long distance calls have reached an all-time high for this state and many people want telephones. Since the start of the year, we have installed 40,000 new telephones. But we will still have 50,000 orders on hand. Our study of the plans which indicates that the demand for more service from present as well as new customers will continue to increase.

In order to keep up, we must enlarge our facilities and hire more people, regardless of the fact that construction costs and wages have been tremendous.

The cost of erecting buildings is up to 25 to 30 per cent. The overall cost of providing telephone facilities is up to 40 to 60 per cent, and telephone materials 15 to 20 per cent.

Total payroll costs have increased 30 per cent since 1935. Wages would have been raised during the past 18 months by $20,000,000 on an expanded basis. This is in keeping with national policies and trends and to assure competent personnel to provide adequate service. We now have 4,000 Bell employees in Kentucky. Wages amount for about two-thirds of our operating costs.

Although the cost of everything we do to provide service keeps going up, your telephone rates generally are lower today than 12 or more years ago. Because of this, the amount of money we are paying out is increasing faster than the amount we are collecting, despite a record volume of business. Since 1930, the costs of providing service in Kentucky have increased 118 per cent, while revenues have increased only 88 per cent.

The rapid advance of costs in comparison with revenue has caused our rates of earnings to go down. In 1929, the company was earning 4.4 per cent on the amount of money invested in the state. Today our earning rate is only 1.62 per cent. This rate reflects the latest ways increases and does not include any possible tax refund that may be available this year only on 1946 federal income taxes. Southern Bell's earnings are today the lowest in history.

Nevertheless, the Company is going ahead with a big expansion program. We are preparing to spend about $25,000,000 in the next five years on construction work to improve and expand telephone service in Kentucky. We must proceed with this construction work, despite high costs, in order to meet demands for service.

We need improved earnings if we are to meet the increased costs of providing service and if we are to obviate, on reasonable terms, the capital funds necessary to improve and expand our service.

That is the reason we have asked authority to raise rates for local service and to charge 5 cents more on most long distance calls within the state.

Current costs indicate a need for greater increases in rates than we are asking. But we hope our operating experience under the new rates will prove them sufficient. The increased income under the new rates would amount to only 11 per cent of our total Kentucky revenues. In favor of the continu-

**PUBLIC SERVICE COMPANY**

Today, more than ever before, Kentucky needs adequate, dependable telephone service, and it is our purpose to provide it. We are now furnishing more service to Kentuckians than at any period in our history.

Both local and long distance calls have reached an all-time high for this state and many people want telephones. Since the start of the year, we have installed 40,000 new telephones. But we will still have 50,000 orders on hand. Our study of the plans which indicates that the demand for more service from present as well as new customers will continue to increase.

In order to keep up, we must enlarge our facilities and hire more people, regardless of the fact that construction costs and wages have been tremendous.

The cost of erecting buildings is up to 25 to 30 per cent. The overall cost of providing telephone facilities is up to 40 to 60 per cent, and telephone materials 15 to 20 per cent.

Total payroll costs have increased 30 per cent since 1935. Wages would have been raised during the past 18 months by $20,000,000 on an expanded basis. This is in keeping with national policies and trends and to assure competent personnel to provide adequate service. We now have 4,000 Bell employees in Kentucky. Wages amount for about two-thirds of our operating costs.

Although the cost of everything we do to provide service keeps going up, your telephone rates generally are lower today than 12 or more years ago. Because of this, the amount of money we are paying out is increasing faster than the amount we are collecting, despite a record volume of business. Since 1930, the costs of providing service in Kentucky have increased 118 per cent, while revenues have increased only 88 per cent.

The rapid advance of costs in comparison with revenue has caused our rates of earnings to go down. In 1929, the company was earning 4.4 per cent on the amount of money invested in the state. Today our earning rate is only 1.62 per cent. This rate reflects the latest ways increases and does not include any possible tax refund that may be available this year only on 1946 federal income taxes. Southern Bell's earnings are today the lowest in history.

Nevertheless, the Company is going ahead with a big expansion program. We are preparing to spend about $25,000,000 in the next five years on construction work to improve and expand telephone service in Kentucky. We must proceed with this construction work, despite high costs, in order to meet demands for service.

We need improved earnings if we are to meet the increased costs of providing service and if we are to obviate, on reasonable terms, the capital funds necessary to improve and expand our service.

That is the reason we have asked authority to raise rates for local service and to charge 5 cents more on most long distance calls within the state.

Current costs indicate a need for greater increases in rates than we are asking. But we hope our operating experience under the new rates will prove them sufficient. The increased income under the new rates would amount to only 11 per cent of our total Kentucky revenues. In favor of the continued riding costs of providing service, this is moderate.

Kentucky is now in a period of its greatest growth and expansion, a period that will bring the state more prosperity than it has ever known. Good and effective telephone service is essential to this progress and the Telephone Company must be in a position to supply it. We believe, therefore, that our request for increased rates is sound and in the public interest.

J. M. McAlister
Kentucky President
