MAYFIELD BEATS FULTON
FOR THE SECOND TIME THURSDAY NIGHT

For the second time this season the Mayfield Cardinals ran over the Fulton Bulldogs, this time 39 to 18, on the Central High School football field. It was played under the lights Tuesday night.

The Bulldogs led 14 to 12 at the half but Mayfield scored 20 points in the second half to put the game out of reach.

Bill Hargard was the outstanding player on both ends for the Falcons.

SECRETARY CURRER

NEEDS WORKERS IN RED FIELD HERE

After a call of over 200 for new workers because of a lack of time and energy, the Red Cross during this War Drive, this area needs workers to man different stations and help in cross workers. The drive is going on at the Red Cross center at 211 South Main Street. Cross workers can report there.

Lt. Curtis D. Henry, son of Mr. and Mrs. C. D. Henry of Lea Lafayette, was transferred to the flight cademy at Ft. Worth, Texas, on August 15.

He is a graduate of the Lea Lafayette High School and was graduated from Texas A. & I. University.
INFLATION, THE BEGINNING MAN

"The front of inflation is being driven home to us by the news we hear from our friends, neighbors, and relatives. There are many who have never heard the term before, and are therefore not aware of its significance. It is time that we all became informed about it, so that we can take steps to prevent it from happening to us.

Inflation is a condition in which the purchasing power of a currency decreases over time, typically due to an increase in the money supply relative to the number of goods and services available. It can lead to a decrease in the standard of living, as the buying power of money decreases, making it more difficult to purchase goods and services.

It is essential that we all understand the implications of inflation and take steps to protect ourselves and our families. The sooner we learn about inflation and how to prevent it, the better off we will be.

Inflation can be caused by a variety of factors, including increases in government spending, increased money supply, and increased demand for goods and services. It is important to be aware of these factors and take steps to protect ourselves from the effects of inflation.

Inflation is a serious issue that we cannot afford to ignore. We must work together to ensure that inflation does not become a problem in our country.

The Fulton County News, June 1942
The Week In WPB

Of special interest to housewives in connection with this week’s WPB is the mention of the War Production Board’s desire to encourage the local housewife to be active in her community and to pay especial attention to the war effort. The Board is urging every household to reduce the amount of material goods they buy, and to make use of what they have on hand. They are asking for the continued support of the public and are encouraging all to buy government bonds.

The Board also mentioned the continued need for milk bottles, which are in short supply. Each milk bottle lost or broken is a loss to the community, and the Board is asking for the cooperation of all householders in taking care of their bottles.

You've heard people say: "I can't afford to buy an extra War Bond." Perhaps you've said it yourself ... without realizing what a ridiculous thing it is to say to men who are dying.

Yet it is ridiculous, when you think about it. Because today, with national income at an all-time record high ... with people making more money than ever before ... with less and less of things to spend money for ... practically every one of us has extra dollars in his pocket.

The very least that you can do is to buy an extra $100 War Bond ... above and beyond the Bonds you are now buying or had planned to buy. In fact, if you take stock of your resources and check your expenditures, you will probably find that you can buy an extra $200 ... or $300 ... or even $500 worth of War Bonds.

Sounds like more than you "can afford"? Well, young soldiers can't afford to die, either ... yet they do it when called upon. So is it too much to ask of us that we invest more of our money in War Bonds ... the best investment in the world today? Is that too much to ask?
Ten More Days of Our Big February Furniture Sale

FOLKS, only a few more days of our February Furniture Sale remains in which to take advantage of these money-saving values. Better come in today, before it is too late. This merchandise can’t last. Prices have been reduced 20% during this event!
