VOL. 22, NO. 20

MURRAY, KENTUCKY, THURSDAY, MARCH 22, 1917

\$2.00 PER YEAR

FARM BANKS TO  
MAKE LOANS AT  
FIVE PER CENT.

Washington, March 19.—The Federal Farm Loan Board today fixed a uniform rate of 5 per cent as the interest that shall be charged to borrowers from the Louisville Farm Loan Bank.

This means a vast saving to the farmers in all four States that comprise the district because the present rates plus commissions charged on loans are higher in all four States than the maximum legal rate fixed by the Farm Loan Board.

The Treasury Department is about ready to issue a statement showing the average present farm loan rates in all four States which are to be supplemented by the new and lower 5 per cent rate.

These present rates follow: Ohio—Interest 5.9 per cent; commissions, 2 per cent; total, 7.9 per cent. Indiana—Interest 5.8 per cent; commissions, 4 per cent; total, 9.8 per cent. Kentucky—Interest, 4.7 per cent; commissions, 4 per cent; total, 8.7 per cent. Tennessee—Interest, 7.3 per cent; commissions, 6 per cent; total, 13.3 per cent. It is expected that high interest rates charged by money-lending concerns and individuals will go tumbling down like a house of cards as a result of the low rate fixed by the Farm Loan Board.

The Farm Loan Board expects to be able to announce the appointment of appraisers this week. It has been decided to appoint two for each State at the outset. They will receive \$2,400 per year and expenses.

The members of the Calloway County Farm Loan Association will be pleased to learn from an article elsewhere in this paper that they will be able to secure money at 5 per cent instead of 6 as was first thought.

A meeting of the county association will be called in the near

future, at which time other applications for membership will be received and such other business transacted as is necessary to complete arrangements for loans at the earliest date possible. W. H. Minney, Sec.

Wm. H. Jones For County Attorney.

Mr. H. Jones, who is the League to announce him as a candidate for county attorney of Calloway county, subject to the democratic primary, August 4.

Mr. Jones is a prominent young attorney of the Murray bar having located here some three years ago to engage in the practice of law. He was a teacher of the rural schools of this county for eight years in which capacity he attained the distinction of a leader in the educational work.

His service as a teacher is a favorable recommendation for him, as will be seen by the support he will obtain from the districts he has served in this capacity.

Mr. Jones graduated in the law department of the University of Kentucky in 1914 with the degree of L. L. B., and shortly after his return home, located in Murray to practice his profession. His experience in the county attorney's office during this time will better fit him for the office which he seeks.

He is a straight, honest clean-hearted young man, who puts his very best effort in all that he does. He has an ambition to be our next county attorney, and feels that he is in a position to render a service to the people that will redound to their interest, and he earnestly asks that his friends consider his claims.

Uncle Mat Peeler was in last week to pay for the Ledger another year. He took occasion to tell us that the farmers of Calloway would stay with the "Old Reliable" as long as it stayed with them. If Uncle Mat is correct we will be together when Gabriel toots his horn. He gave us a parting jolt and as he declared, "I am for you, Jennings, he gave us a slap between the shoulders that jarred the tacks loose in our shoe soles and the wax loose in our ears.

LOCAL MARKETS  
THE PAST WEEK  
IMPROVED SOME

The seasonable weather of the past week caused many farmers of the county to deliver their crops, and as a result considerable increased activity has been noticeable in the tobacco district during the time. Contract buyers have received heavy deliveries and quite a large amount of the weed has been sold on the street. The market conditions showed an upward tendency, leaf selling as high as \$13.70 on the streets, while lugs remained about the \$6 mark.

Another sale was held on the loose leaf floor this week, about \$65,000 pounds of the weed being offered. The offerings were common and medium grades and the prices realized were some below the sale of last week. Lugs ranged from \$8.50 to \$10, and leaf brought from \$9.75 to \$12.25. Quite a number of rejections resulted.

The most noticeable improvement in nearby markets is reported from Mayfield. From the Mayfield Times, published Tuesday night of this week, is clipped the following report:

"The tobacco sales on streets this week show that the weed is gaining in strength as to price, and unless something unforeseen comes up to disturb the market, the prices will climb back where they were just before and after Christmas. Good leaf brought \$14, while lugs sold up to 8c."

The Hopkinsville market remains strong at \$16 for the best grades of leaf. At Owensboro and Henderson leaf again went to \$21. These markets will close possible next week.

## The Tobacco Situation.

Yellow Farmers of Calloway:—As much as you know that we have been meeting from time to time to discuss the tobacco situation I now take this method of outlining some things of interest, I hope, to all who have not sold their tobacco.

First, let me give you the increase in price of the various items that we are compelled to use in the cultivation of tobacco, and other things that we farmers are compelled to have on the farm.

Common steel has advanced 141 per cent; pig iron 108 per cent; wire 123 per cent; sheet metal from 135 to 188 per cent; nails 84 per cent; coal 50 per cent; screws 150 per cent; cotton duck for binders 100 per cent; binder twine from 54c to 10c per pound.

Now, because of the foregoing advances which the manufacturers are compelled to meet, the cost of producing your plain hoe is increased 74 per cent; walking plow 58 per cent; riding cultivator 81 per cent; U-bar harrow 119 per cent; manure spreader 53 per cent; binder 57 per cent; grain drill 45 per cent; hay rake 77 per cent; mower 50 per cent; wagon 20 per cent; buggy 25 per cent; corn shellers 40 per cent; corn planters 62 per cent, and a corresponding increase in all other implements and tools.

How can we farmers sell tobacco at present prices and have the money to pay for these goods at the advanced price?

Look at the price of lugs on loose leaf floor, with an average better than a debt. Now, consider for a while, those lugs have to be screened before they can be used, which means a loss of about one third in the hundred, thus making the lugs cost the

manufacturer approximately \$12 per hundred. Now, figure the good leaf which needs no screening thus saving the loss, and \$15 to \$20 per hundred is very reasonable. Taking into consideration the world's production as shown by facts and figures furnished us through the columns of the Ledger we know there is a great shortage. The crop last year brought the farmer an average of about 6 cents while the manufacturer realized an average above 80 cents per pound. Are we farmers going to suffer this to be the case again this year? I for one think not. Is the low price due to a lack of demand for the weed? Not at all, because we know there is the greatest demand for tobacco that there has been in the past fifty years. You ask then what is the matter? I believe I can tell you. It is because of the combine of the local buying interests. As long as out of the county buyers were here tobacco sold well, and we firmly believe that if they were still here tobacco would be selling higher than at any time for the year.

Now, my friends, why sell our tobacco at ruinous prices when by placing it on other markets we can get from \$3 to \$5 per hundred more for it? Why not all of us "stick, brother, stick," get together and have our tobacco prized in the hoghead and ship it to Clarksville where we can sell on an open market? It would mean thousands of dollars to us farmers.

Who will start the crusade? I am ready to follow. So come along and let us get busy. I lost \$200 last year by sticking to my contract and I do not intend to lose that much this year. It is possible to prevent it, and if I do suffer I will suffer at the hands of the other fellow. So let everybody shout "amen," while Bro. Jennings starts that old familiar tune, "Stick, Brother, Stick." Following the singing of this hymn we will listen to a discourse from 1 Cor. 15:58 which reads: "Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the works of the Lord, forasmuch as ye know that your labour is not in vain in the Lord."

Hoping that none of you will fall from grace while I am nursing a sore foot I remain a "stick, brother, stick," and yours for better prices, better county and better people.—J. E. Johnson.

## Losses Wife and Sister.

Miss Mary Ferguson, sister of Robt. Ferguson, died at the family residence in East Hazel Friday after a several days illness of measles.

She was 51 years of age, and an industrious, worthy, christian woman.

Mrs. Laura Idella Ferguson, wife of Robt. Ferguson, of this city, died at the family residence Monday after an illness of measles.

She was about 40 years old and had been an invalid for 14 years. Both burials were in the Story's Chapel grave yard. Hazel News.

## Dr. Wrather Loses Wife.

News reaches this city of the death of Mrs. Mollie Alice Wrather, wife of Dr. J. R. Wrather, of Amarillo, Tex., which occurred in that city last week, the cause being paralysis. Mrs. Wrather was born in this city and was the daughter of Mr. and Mrs. J. P. Lamb, who now reside in Paris, Tenn., and has many friends here who regret her demise. Hazel News.

Miss Grace Hughes, of Murray, is located with H. P. McElrath & Co., as an expert trimmer for the spring season. Benton Tribune-Democrat.

THREE CALLOWAY  
LADIES HONORED  
BY W. O. W. CIRCLE

Calloway ladies fared well in the election of state officers at the meeting of the circle in Hopkinsville last week as indicated by the following special sent out from that city:

The Woman's Circle did not get to their election of officers until late Thursday afternoon. Those selected were: Grand guardian, Mrs. Amanda Isaman, of Paducah; grand adviser, Mrs. Tennie D. Wells, of Murray; grand clerk, Mrs. Lucile Crawford of Millwood; grand banker, Miss Jessie Cohn, of Louisville; grand chaplain, Mrs. Clyde Cummings of Paducah; grand attendant, Mrs. Artie Sinclair, of Owensboro; assistant grand attendant, Miss Ella Durbin, of Clarksville; grand inner sentinel, Mrs. Edna Dees, of Sharp; grand outer sentinel, Mrs. Beulah Allen, of Ashbysburg; grand managers, first, Mrs. Evelyn Jones, of Enos; second Mrs. Myrtle C. Crawford, of Hazel; third, Mrs. Susan Braun, of Madisonville; fourth, Miss Lora Horton, of Fulton; fifth, Mrs. Nora Rice, of Leitchfield; supreme delegate, Mrs. Jessie A. Houston, of Hazel; alternate, Mrs. Mary E. Rawlinson, of Sharp.

## I. W. Keys For County Attorney.

The Ledger this week presents to the voters of Calloway county the name of Isaac W. Keys, of the law firm of Wells & Keys, as a candidate for the office of county attorney. Mr. Keys is a young man of exceptional qualifications, a graduate of the law department of Vanderbilt University, of Nashville, Tenn., class of 1915, and was awarded the medal for efficiency and

thoroughness. Previous to entering the university he was admitted to the bar after several years study under leading attorneys of this city. Since graduation he came to Murray and about a year ago formed a partnership with K. T. Wells for the practice of his profession. Isaac Keys is one of the most popular young men ever reared in the county and his wide acquaintance and popularity guarantee him a strong following in his race for attorney. Mr. Keys is a diligent student, affable, courteous and splendidly qualified to give Calloway county a service that will do credit to himself and satisfactory to the people. He is a son of the late J. H. Keys and was born and reared in Calloway and has resided here all his life. Previous to his entering law school he taught in the county schools where he demonstrated his ability. With his perpetual smile and agreeable manner he has won many friends throughout the county who will be glad of the opportunity to assist him in his present ambition. Mr. Keys will actively canvass the county and invites a searching inquiry into his fitness and ability to discharge the duties of the office.

## Brisendine's Opening Delayed.

Owing to the fact that our trimmer, Miss Bearden, has been confined to her room for the past week, we will not be able to join in the Spring Style Show this season, but will have our opening on Mar. 29 and 30, at which time we will show the largest line of Spring Millinery and Seasonable Dry Goods we have ever shown at this place.

Thanking our many friends for past favors and soliciting a share of your future patronage we are your friends, W. P. Brisendine, North side square, Murray, Ky.

## AMERICAN LINERS SUNK BY U-BOATS

ALL TRUE AMERICANS DEMAND  
INSTANT ACTION FOR THIS  
LATEST OUTRAGE.

### THREE VESSELS IN ONE DAY

Unhinged Brutality of Brutal Nation  
Calls Forth All the Protest of Pa-  
tient People To Strike Quick  
and Preserve Honor.

London.—Three American steamships have paid the toll of the ruthless German submarine warfare and are now at the bottom of the ocean, with some of their crews drowned or still missing.

The City of Memphis, from Cardiff to New York, was sunk by a torpedo 14 miles south of Fastnet at 4 o'clock Saturday afternoon. After great suffering 15 of the crew landed at Skull Point later. 84 have been picked up and eight are missing.

The Vigilance, the last report of which was when she left New York for France on Feb. 15, was torpedoed without warning, her officers and men being no sign of the submarine. Six officers and 23 of the crew were landed at Sicily Islands. One officer and 23 men are missing.

The Illinois, a big tank oil steamer owned by the Texas Oil Company, from London for New York in ballast, was sunk at 3 o'clock Sunday morning. The officers and crew are reported to have been landed at Sicily Islands.

Action Must Be Taken Now.

Washington.—With the announcement of the ruthless destruction of three unarmed merchant ships by submarines, it is unofficially admitted here that virtually a state of war exists between the United States and Germany.

Technically the United States remains in a position of armed neutrality. Whether this shall be changed before April 16, the date fixed for a special session of congress, the war-making branch of the government, President Wilson has not decided.

The president is contemplating a call for an immediate session of congress to have an address asking for authority to adopt aggressive measures against the submarine menace. Already American ships are being warned to defend themselves; the next move must be to send warships with orders to seek out submarines and clear the trans-Atlantic lanes.

Some of the highest officials of the government hold that the executive has the power to declare that a state of war exists and to proceed with aggressive protective steps pending the assembling of congress. There is no indication, however, that the president will follow that course.

Of the three ships destroyed two were unloaded and homeward bound, and all were American built. American owned and officered and manned largely by American citizens. Meager dispatches indicate that all were sunk with complete disregard for the safety of those on board and that some of the members of the crews may have been lost.

The government is now absolutely face to face with the problem of formulating a definite policy for the nation in case the United States actually enters the war. The possibility was mentioned by the president in his inauguration address March 5.

All of the conditions outlined by the president in his message announcing the diplomatic break with Germany as leading to a state of armed neutrality have now been fulfilled.

The "overt act" described by him then, has actually come; if, in fact, it had not been committed when the president went before congress. Since then he established a state of armed neutrality without the specific authority of congress.

**SUSPICIOUS FLIGHT.**

Officer of German Accent and Appearance Disappears Suddenly.

El Paso, Texas.—A non-commissioned officer of the United States quartermaster corps has disappeared from here and secret service agents are making an investigation of any possible connection he may have had with the German government.

Although enlisted under an American name, he was said to have the appearance of a German, speaking English with a German accent. His uniform was left behind, but every letter, paper and document in his possession was destroyed. Officers say they believe he fled into Mexico.

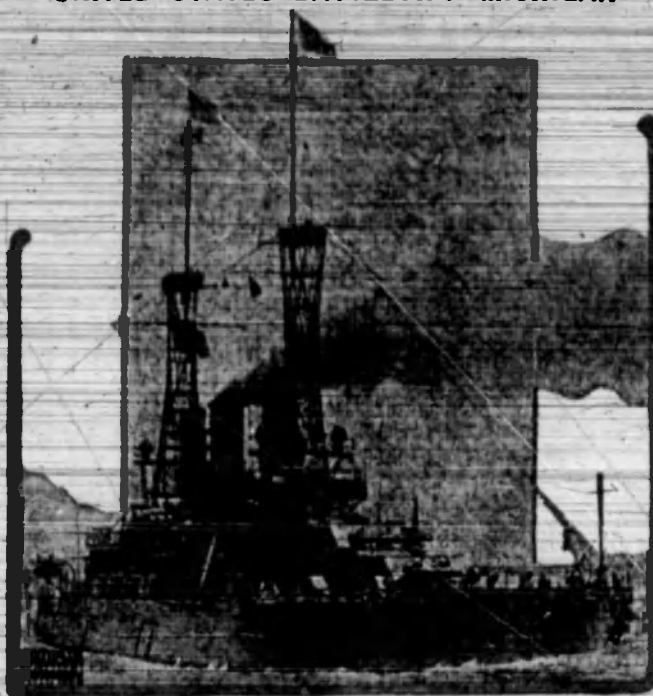

Miss De Baca Sponsor.

Washington.—The superdreadnought New Mexico, building at the New York navy yard, will be launched late in April. Miss Margaret G. De Baca, daughter of the late governor of New Mexico, has been named sponsor.

British Take Turkish Town.

London.—A portion of the town of Rakubah, on the right bank of the Nile river, about 30 miles northeast of Baghdad, has been occupied by the British.

## UNITED STATES BATTLESHIP MICHIGAN

## RAILROAD STRIKE DEMANDS GRANTED

WAR CRISIS CAUSES RAILROADS  
TO GRANT DEMANDS OF  
BROTHERHOODS.

### MEDIATORS DRAWING TERMS

Eight-Hour Day Granted by Operators  
After Day and Night Conference.  
The Mediators To Settle  
All Details.

New York.—The conference committee of railroad managers authorized President Wilson's mediators to make whatever arrangements were necessary with the railroad brotherhoods to call off the threatened strike.

The formal letter in which the authorization was made signed by Elisha Lee, chairman of the managers' committee, was as follows:

"In the national crisis precipitated by events of which we have just heard, the national conference committee of railroads joins with you in the conviction that neither at home nor abroad should there be fear or hope that the efficient operation of the railroads of the country will be hampered or impaired.

"Therefore you are authorized to assure the nation there will be no strike, and as a basis for such assurance we hereby authorize the committee of the council of national defense to grant to the employees who are about to strike whatever adjustment your committee deems necessary to guarantee the uninterrupted and efficient operation of the railroads as an indispensable arm of national defense.

The decision reached by the managers means that the brotherhoods have won an important victory, although it does not bring them all their original demands.

By the agreement it is assumed they will be awarded pro-rata time for overtime on the basis of an eight-hour day, which they have been assured.

Their original demands called for time and a half for overtime on the same basic day.

The men will get their present pay for 10 hours for eight hours' work under the agreement.

These concessions on the part of the managers are virtually what the employees contended they would gain under the Adamson law if it were declared constitutional.

Immediately after Secretary Lane had made his announcement, the brotherhood leaders sent telegrams to all the federal chairmen informing them that the strike had been declared off.

**OPEN BIDS FOR CRUISERS.**

Will Cost Six Million Each, Exclusive of Armament.

Washington.—Bids were opened for construction of six 35-knot cruisers, to cost \$5,999,999 each, exclusive of armor and armament. Seven of these vessels were authorized by congress at a cost of \$5,000,000 each, but as the department was able to place a contract for only one at that figure, the limit of cost was raised to \$5,999,999 for the other six.

**TARIFF BOARD SELECTED.**

President Wilson Makes Six Appointments To Commission.

Washington.—President Wilson has selected the following men as members of the tariff commission:

Prof. Frank W. Taussig, of Harvard university; former Representative David J. Lewis, of Cumberland, Md.; former Representative William Kent, of Kentfield, Cal.; Daniel C. Hooper, of McCall, S. C.; E. P. Costigan, of Denver, Col.; W. S. Caldwell, son of Emporia, Kan.

### TORPEDO FINOS U. S. VICTIM

American Liner Algonquin Is Sunk  
By German U-Boat Without Warning.

New York.—The American steamship Algonquin, with 10 Americans on board, was sunk by a German submarine with a loss of vessel and cargo valued at \$1,700,000.

A cable message received here by her owners, the American Star Line, and dispatches from London, told of the apparent safety of all the officers and crew, 27 of whom have been safely landed.

The message said the vessel was torpedoed, but did not indicate where she was at the time.

According to a consular report from Plymouth, England, the Algonquin's captain said his ship was sunk by shell fire without warning.

The Algonquin sailed from New York on Feb. 20 with foodstuffs. Her destination was London. She was one of the first American ships to leave the United States after Germany established her submarine blockade.

Formerly a Canadian-owned boat under British registry, the Algonquin was transferred to the American flag last December, when she was purchased by the American Star Line. While under Canadian ownership she was engaged in trade between New York and St. John, N. B.

Four of the Americans on the Algonquin were born in the United States and the other six are naturalized American citizens, according to the records on file here.

### U. S. SITUATION UNCHANGED.

Armed Neutrality Covers Sinking of American Ship.

Washington.—In the absence of official dispatches on the destruction of the steamer Algonquin, officials with hold comment, but the unofficial view was that nothing in the incident changes the situation between the United States and Germany.

President Wilson already has taken steps to place the nation in a state of armed neutrality, which, with the breaking of diplomatic relations with Germany, is practically the last measure possible short of war.

American ships now are being armed to defend themselves against unlawful submarine attacks. The general view is that arming of ships is the only answer to submarine operations short of a declaration of war, which may be made only by congress.

### COLOMBIA TREATY HELD UP

Long Discussed Twenty-Five Million "Black Mail" Case Delayed Again.

Washington.—The treaty with Colombia to pay \$25,000,000 for partition of Panama was withdrawn from the senate on motion of Chairman Stone, of the foreign relations committee, and will not be acted upon at the present special session.

Senator Stone's action was taken to forestall further diplomatic negotiations with Colombia for a new treaty which would not be received with such strong objections. An effort to frame a more acceptable treaty is expected before the congress which convenes in special session on April 16 has adjourned.

### VILLA-DIAZ-OBREGON IN PACT

Federal Troops Deserting and Flooding  
To Standard of New Alliance.  
Tentative Influence Is Strongly  
Suspicious.

El Paso.—Gen. Alvaro Obregon is believed to have formed an alliance with Felix Diaz and Villa for the purpose of crushing Carranza. It is reported he will declare Carranza's election void because the first chief threatened death to all who did not vote for him.

Despite rigid censorship, 100 of Gen. Obregon's troops are known to have already deserted to Villa, and even the garrison at Juarez has become restless and is believed to be preparing to join in an uprising against Carranza.

After Villa's capture of Pasaia and Durango all of the de facto governments were withdrawn to Chihuahua City.

Gen. Francisco Murguía escaped to the capital with only 121 of his 2,000 men, with which he started south to capture Villa.

Advices from Chihuahua City are that 2,000 Indians under Gen. Chavez have deserted the Carranza forces. These troops have always been considered under the direct domination of Gen. Obregon.

German arms and ammunition and several German officers, are lack of Villa's sudden successful blow at the de facto forces in Northern Mexico, according to reports to government agents here.

Gen. Obregon's reported defection to Felix Diaz and the revolt of the troops he is known to control is traced in part to German activities.

### RUSSIAN CZAR ABDICATES

Czar Nicholas Abdicates and Grand Duke Michael Becomes Regent.

Petrograd.—The emperor of Russia has abdicated, and Grand Duke Michael Alexandrovich, his younger brother, has been named as regent. The Russian ministry, charged with corruption and incompetence, has been swept out of office. One minister, Alexander Protopopov, head of the interior department, has been killed, and the other ministers, as well as the president of the imperial council, are under arrest.

A new national cabinet is announced, with Prince Lvoff as president of the council and premier, and the other offices held by men who are close to Russian people.

For several days Petrograd has been the scene of one of the most remarkable risings in history. Beginning with anti-food riots and labor strikes, the cry for food reached the hearts of the soldiers and one by one the regiments rebelled, until finally those troops that had for a time stood loyal to the government took up their arms and marched into the ranks of the revolutionists.

The president of the duma, Michael V. Rodzianko, was the leading figure among the deputies who unanimously decided to oppose the imperial order for a dissolution of the house. They continued their action, and M. Rodzianko informed the emperor, then at the front, that the hour had struck when the will of the people must prevail.

The emperor hastened back from the front, only to find that the revolution had been successful, and that a new government was in control. The empress, who, it is alleged, has been influential in the councils opposed to the wishes of the people, is reported to have fled or to be in hiding.

### FORTIFIED LINES ARE TAKEN

French Capture Important Town of  
Roya and Advance Fifteen Miles  
On Oise Front.

Paris.—French advance guards have entered the important town of Roya and the French have occupied the entire front between Andechy and the Oise, comprising powerfully fortified lines which the Germans have held for more than two years.

This announcement is made in the official communication from the war office, which adds that at several points the road between Roya and Noyon has been reached.

### Finland's Governor Held.

London.—Maj. Gen. Zeln, governor-general of Finland, has been arrested by the commander of the Baltic fleet on the pretext of the provisional government, according to a Russian Petrograd dispatch.

### Invites Woman Nationalist Back.

Petrograd.—Madam Catherine Tretyakova, known as the "grandmother of the Russian revolution," has been invited by V. Kerenski, minister of justice in the new cabinet, to return to Petrograd.

## FEDERAL RESERVE RUIN

DISASTROUS EFFECTS OF THE  
SYSTEM HARD TO FIND.

National Banks Made the Largest  
Savings the Past Year in Their  
Savings History.

Banks depend for profit upon the difference between what they have to pay for money and what they can get in lending it. Judged by the face of the money-market records for the past calendar year, the national banks in particular have been having a hard time, says the New York World.

Interest rates have never before been so uniformly low in a period of active business. The money market has not been covered a single time. Instead of rates occasionally rising as high as 100 or more per cent in the New York market, they have the past year rarely gone above 4 per cent and have ruled under 3 per cent. Time borrowers and business paper have enjoyed rates ruling around 3 and rarely exceeding 4 per cent. To add to the miseries of these banks they have been clipped by a federal reserve system which not only had these ruinous effects, but which was denounced by a former controller of the currency as "a scheme to compel the national banks to loan out their capital and business to the reserve banks."

It is accordingly painful to have to observe that the controller of the currency is compelled to report that these banks have made the largest savings the past year in their history and that their net profits the past six months are at the rate of 37 per cent on stock capital. Unable to get much of anything on money lent and with capital and business passed over to the federal reserve banks, how did they manage to do it?

In the sweeping criticisms of the federal reserve board made on the floor of the house the outstanding charge seems to be that the membership of the board includes men of experience and business ability, according to the Washington Post.

The accusation that the entire administration of the present currency law has been in the interest of big bankers and financiers is not likely to bring a responsive echo from the public. The new banking system has been in operation long enough to establish public confidence.

That "big business" has derived particular benefit from the system is a charge that is hardly acceptable of proof. The whole business fabric has been improved by the currency law, which is operating admirably. Even during the recent political campaign there was little criticism of the banking system, although the white light of publicity was thrown upon every other measure advocated by the present administration.

The criticisms made on the floor of the house therefore must be regarded as individual expressions, remarkable chiefly because they illustrate the preponderance of sentiment on the other side.

### How to Eliminate "Pork."

The movement in support of an amendment to the federal constitution giving the president power to veto individual items of appropriation bills is entirely laudable and should receive general support. It should go still further and give the president authority to veto any rider to a bill which is not germane to the subject matter.

That error, graft and even fraud might creep into law through the methods now in operation is too plain to require demonstration. The entire pork-barrel system would collapse if the president had the discretionary authority to strike out of the appropriation bills, after their passage, all sums included under the log rolling process to secure the support necessary to their passage.

Regular supply bills must be voted and advantage is taken of the fact to attach the pork features, which never could pass on their individual merits. The proposed amendment is sound and popular and should be enacted.

The rider habit is essentially vicious. Some of the most objectionable measures on the statute books have been forced through congress as barnacles clinging to otherwise good and necessary laws. If power were vested in the president to veto such legislation, where it was wholly foreign to the measure to which it was attached, without invalidating the measure itself, it would terminate a practice inherently wrong and laden with still greater potentialities for evil. There have been instances where riders carried wise and laudable purposes, but that does not lessen the possibilities of wrong or condone the practice. The veto power, exercised with justice and discretion, would lop off the opportunities for vicious legislation without interfering with the passage of such measures as judgment and necessity might approve.—St. Paul Dispatch.

### Postoffice and Politics.

"Take the post office out of politics and treat it as a business institution," excludes the Atlanta Georgian. The way to do it is to see that no Republican forces have behind the delivery windows of a post office.

### Plenty of Peanut Politics.

In blame for the food riots, meaning, perhaps, that the president has not provided enough peanuts. Still, there's no shortage of peanut politics on the part of his enemies.

## FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't  
harm tender stomach,  
liver and bowels.

Every mother realizes after giving her children "California Syrup of Figs" (15¢) that their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

### A Monument to Pioneer Cowboys.

The memory of James (Kid) Wyloughy, pioneer Wyoming cowboy, who died in Los Angeles recently, will be perpetuated by the frontier days committee, which will erect a monument in Pioneer Park to commemorate his early deeds. The monument will be paid for by popular subscription. Already subscriptions are pouring in from pioneer planters, former associates of the noted cowboy.—Cheyenne State Leader.

## ANY CORN LIFTS OUT. DOESN'T HURT A BIT!

No foolishness! Lift your corns and calluses off with fingers—  
It's like magic!

Bore corns, hard corns, soft corns or any kind of a corn, can be successfully lifted right out with the fingers if you apply upon the corn a few drops of freezone, says a Cincinnati authority.

For little cost one can get a small bottle of freezone at any drug store, which will positively rid one's feet of every corn or callus without pain.

This simple drug dries the moment it is applied and does not even irritate the surrounding skin while applying it or afterwards.

This announcement will interest many of our readers. If your druggist hasn't any freezone tell him to surely get a small bottle for you from his wholesale drug house.—Adv.

### Airship Loses in Europe.

An official recapitulation in Berlin of the statistics of airship losses during the year 1910 indicates that the Germans lost 221 machines and their opponents sacrificed 784. The bulk of the losses on both sides was in the West, where the Germans lost 181 airships and the English and French 729, it is declared.

### GREEN'S AUGUST FLOWER

Few persons can be sick who use Green's August Flower. It has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart from gases created in the stomach, pains in the stomach, and many other organic disturbances. August Flower is a gentle laxative, regulates digestion, both in the stomach and intestines, cleans and sweetens the stomach and whole alimentary canal, and stimulates the liver to secrete the bile and impurities from the blood. Try it. Two doses will relieve you. Used for fifty years in every town and hamlet in the United States and in all civilized countries.—Adv.

### Postal Surplus in China.

The Chinese postal department shows a surplus of \$500,000 gold for the year 1910. The postal administration was first inaugurated in China in 1895, and operated at a loss until 1913, when the net surplus amounted to \$125,000 gold. Since that time the increase in surplus has grown each year.

### A NEGLECTED COLD

Is often followed by pneumonia. Before it is too late take Laxative Quinine Tablets. Gives prompt relief in cases of Coughs, Colds, La Grippe and Headache. Price 25c.—Adv.

### Tire of Steel Wire.

Of German invention is a bicycle tire made of steel wire that is closely coiled.

The Quinine That Does Not Affect The Head Because of its taste and laxative effect, Laxative Quinine Tablets can be taken without causing any of the usual objections to quinine. It is a sure cure for malaria, fever, and all other ailments. Price 25c.—Adv.

### Pneumatic boxing gloves have been

invented by a Philadelphia sporting man.

Dr. Perry's "Food That" can only make Worms or Tapeworms but cleans out the system in which they breed and times up the digestion. Use one quart daily. Adv.

## FOUR POWERFUL INDEPENDENTS

These four members of the new Congress, together with Representative-elect A. A. Father of Massachusetts, hold the balance of power in the new House. Left to right, they are: W. P. Martin, Louisiana, Progressive; Meyer London, New York, Socialist; C. H. Randall, California, Prohibitionist; and Thomas P. Schell, Minnesota, Progressive.

## ANOTHER MORMON SENATOR

Senator William H. King of Salt Lake City, Utah, Democrat, who succeeded Senator George Sutherland, Republican. Senator King is a Mormon, and a vocal member of the Mormon church.

## GOVERNOR GETS POWER BY VOTE

AUTHORITY GIVEN TO STANLEY TO APPOINT MEMBERS OF STATE TAX COMMISSION.

## SENATE'S O. K. UNNECESSARY

Anti Succeeded in Cutting Salaries to \$3,000, After Close Vote of 48 to 77—Amendment Offered By Kaufman, of Garrard County.

(Special Frankfort Correspondence.)

Frankfort.—The governor has been given the authority to appoint the members of the Tax Commission without the approval of the Senate.

Apparently the anti put one across when they succeeded in reducing the salaries to be paid the commissioners to be appointed by the governor, although the salaries were reduced from \$4,000 to \$3,000, only \$400. This was equally as pointed a defeat for the anti, as they wished the salaries cut to \$2,000. The anti only made this slight reduction in salaries by a nose. I was by a vote of 47 to 47 that the amendment, offered by Representative Kaufman, of Garrard county, reducing the salaries, was adopted. The amendment offered by T. H. Jones, of Callaway, permitting the auditor \$500 additional for his services on the commission, was adopted.

The appropriation for the commission was in close quarters when Representative Oliver, of Boyle county, made it \$10,000, and had defeated an amendment offered by Representative Stone, of Crittenden, making the appropriation \$8,000 and the secretary's salary \$1,200, instead of \$2,000.

By a close vote the House had defeated an amendment offered by Representative Minor, of Boyle county, making it \$10,000, and had defeated an amendment offered by Representative Stone, of Crittenden, making the appropriation \$8,000 and the secretary's salary \$1,200, instead of \$2,000.

Efforts to enhance the secretary's salary failed, the proposals ranging from \$1,800 to \$5,000.

Three sections of the Oliver bill were adopted, unamended, with the exception of the amendment offered by Representative Jones and accepted by Representative Oliver.

An effort to amend Section 2 of the bill, in order that the Senate would have to approve the appointments of two members of the Tax Commission to be made by Gov. Stanley, was made by Representative Roach and met with defeat, the House rejecting it, 31 to 63.

The House voted down the amendment to Section 3, offered by Representative Harvey, the purpose of which was to take away from the governor the right to remove the commissioners for neglect of duty, pernicious political activity or malfeasance in office. His amendment provided that charges filed against a commissioner must be done in the Franklin Circuit Court, which would have jurisdiction. His amendment was lost, 23 to 76.

Representative Oliver introduced a bill providing a referendum on acts of the General Assembly where property is classified for taxation. The measure is an enabling act. It provides that 5 per cent of the voters, by petition to the secretary of state, may demand a referendum vote on all acts of the General Assembly classifying property and providing for a lower rate on personal property, tangible or intangible, than on real estate.

Legitimacy of Meade Upheld.—The legitimacy of children born out of wedlock, but whose parents afterward married, although one or both the parents were married at the time of birth, was upheld by the court of appeals in an opinion by Judge Carroll, reversing the Letcher circuit court in the case of F. G. Bates against Riley Meade. The question arose over the division of the property of W. D. Meade.

Samuel Smith deserted his wife in 1875. Six years later, after the birth of two sons by Meade, Mrs. Smith, believing her husband dead, married Meade, who always had recognized the two boys as his sons. Three other children were born to them in wedlock, and after the death of Meade the right of the two older boys to share in the estate was questioned, first on the ground that the statute legitimizing children born out of wedlock to parents who recognized them and afterward married, did not apply where either of the parents was married to another person when they were born, and secondly, on the ground that the marriage of Meade and Mrs. Smith was void because there was no proof that Smith was dead.

Counties Must Retain Roads.—Commissioner of Roads Hodgman Wiley again is calling the attention of fiscal courts to the opinion of the Attorney General, that if counties do not maintain roads constructed under state aid the commissioner may withdraw further aid from them until the roads are put in proper condition, and stated that he will exercise this authority. He also is calling the attention of road engineers that they must hold road meetings in each judicial district between February 20 and March 30 each year.

Would Make Auditor One-man.

Representative A. J. Oliver, of Scottsville, a Republican member of the State Tax Commission, accepted the amendment of Representative T. H. Jones, of Callaway, a Democrat, to the Oliver bill, under consideration by the house of representatives. The Oliver bill, as drawn by the State Tax Commission, provided that the governor should appoint three members to comprise the State Tax Commission. The Jones amendment provides that the State Auditor shall be chairman of the commission and the governor shall appoint a Democrat and a Republican as members of the commission.

Representative John Roach, of Mayfield, a Democrat, has offered as a substitute for the Oliver bill, and its amendments a bill providing that the State Tax Commission shall comprise the State Auditor, State Treasurer and Secretary of State, who shall appoint an expert on revenue and taxation to enforce the tax laws of the state. The Roach substitute was under consideration when the house adjourned.

One of the most drastic bills ever offered to a Kentucky legislature was introduced by Representative Frank Greene, of Carrollton. This measure makes it unlawful for the members and employees of the various state commissions and boards to attempt to influence any of the members of the General Assembly to vote for or against any legislation pending before the General Assembly relating to revenue and taxation. It provides that it shall be unlawful for the Governor of Kentucky to commute sentences of persons confined in the penitentiary, or issue pardons, or for the Board of Prison Commissioners to issue pardons to persons at the request of members of the General Assembly 90 days before any session of the legislature is called at which revenue and taxation is to be considered. Violators of the bill are subject to a fine of not less than \$10 nor more than \$500.

Opening the debate for his substitute, Representative Roach said that the Oliver bill created another highly paid commission. He referred to the fact that on the stump and in the press in the last state campaign the Democratic speakers and candidates for office promised the voters they would abolish offices.

Under the Jones amendment, Representative Greene said, all of the patronage was lodged in the hands of the Governor; the same as in the Oliver bill. There now are more people on the salary roll of the state, Mr. Greene declared, than on the Confederate pension roll.

A bill was introduced by Representative Stone fixing a tax of eight cents a gallon on rectified whisky and six cents a gallon on all neutral spirits, beer and fermented wine manufactured in the state.

New Order Welcome.

The order of the War Department, as contained in Washington dispatches providing for the location of platoons of a National Guard company in different towns. If necessary, has not reached Adjutant General Ellis' office, but the news was welcome, as it will be the salvation of the Second Kentucky, at least, and probably several units of the Third. The companies of the First are stationed in more populous centers. Many of the companies of the Second are stationed in mountain hamlets. Their minimum strength of forty-five men under the old law was to a great extent on paper. The men are scattered in homes miles apart over the mountains. The national defense act requires an actual strength of sixty-five men and regular drills. These smaller towns could not support such a company, but the order constituting a platoon under one commissioned officer the minimum complement for a station is expected to solve the difficulty.

Contract for Tags Let.

The National Colorotype Company, of Newport, was awarded the contract by the state to furnish the automobile and motorcycle tags for 1918 over four competitors. The bids were:

National Colorotype Company, Newport, auto tags, 21 1/2 cents; motorcycle tags, 7 cents.

New York Metal Sign Company, auto tags, 22 cents; motorcycle tags, 10 1/2 cents.

Seloto Sign Company, Canton, O., auto tags, 23 cents; motorcycle tags, 9 cents.

S. G. Adams Stamp & Stationery Company, St. Louis, auto tags, 23 cents; motorcycle tags, 12 cents.

Orim Stamp & Badge Company, St. Louis, auto tags, 23 1/2 cents; motorcycle tags, 11 cents.

Board Meets Soon.

The state board of equalization will reconvene soon to begin the equalization of the county tax returns. Several counties have not reported and their delay is interfering with the work of the board.

Enters Guilty Plea.

Samuel Chambers, Lexington, entered a plea of guilty to breaking open a mail pouch.

Requisition Honored.

Governor Stanley honored a requisition for the extradition of Leo Shotwell, wanted at Bridgeport, Neb. It is said, on a charge of forgery. The governor issued a requisition for the extradition from Chicago of William Allen Brown, charged in Madison county with sedition.

Seventeen Indicted.

Four men were indicted on charges of moonshining and received for alleged bootlegging by the federal grand jury.

## SON HAD TO DO HOUSEWORK

Lady Became a Nervous Wreck From Three Years Suffering With Head, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Smith, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work. I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head."

"I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties."

"I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. Nothing relieved me until I took Cardui. It did wonders for me. Three bottles of it did more for me than all the medicine or doctor's treatments, or baths I ever took."

Try Cardui for your troubles—it should do for you what it has done for so many thousands of other women. Begin taking Cardui today.—Adv.

Ambiguous.

"My husband's a brute," sobbed the pretty bride.

"What has he done?" asked her sympathetic friend.

"I told him today I had a letter saying mother was ill and couldn't come to visit me."

"And what did he do?"

"He said—he said he hoped it was nothing trivial."

"Well," queried the teacher, "what is your word?"

Then came the reply: "Pious, full of piety!"—The Girl.

## "CASCARETS" ACT ON LIVER, BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passage every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Constipation, Indigestion, Sour Stomach or Constipation. Adv.

A Trace of Envy.

"It appeared to me that Mrs. Blax cried more than you did at the marriage."

"Did she?" exclaimed Miss Cayenne.

"Trust her to get her money's worth!"

A Drawback.

"A photographer has one business disadvantage."

"What is that?"

"He has to take every customer at his face value."

DEATH LUNKS IN A WEAK HEART, so on first symptoms of "Resorcinol" and be cured. Delay and pay the awful penalty. "Resorcinol" is the heart's remedy. Price \$1.00 and 50c.—Adv.

Not a single hat tossed in the city election ring to date. However, buds are beginning to show signs and full blooms will appear soon. The mayor, city judge and councilmen are to be nominated in the August primary. It is optional with the council as to how a chief of police shall be elected. The council can reserve this right for itself or can provide for the election by the people in cities of the Murray class. In nearly all cities of the fourth class in the state the council has given the people this opportunity along with the election of the mayor, judge and councilmen. This matter is being discussed by a number of Murray citizens and the expression is generally heard that the people should be given this opportunity of selecting such officer, believing that they are equally as competent to select a chief of police as they are other officials. We have heard no expressions from any member of the present council and do not know whether the question has been discussed by any of them or not. The city primary will be held on the same date of the county primary.

The Mayfield newspapers of the past week were certainly lovely sheets to be sent into the homes of decent families for pure and innocent girls to read. There may have been some clamor by a certain class for the character of putrid stuff printed from the evidence in the Choate Campbell case but the Ledger will gamble its soul that not a single request came from a man or woman who believes in a chaste home. ## McHenry - Millhouse Manufacturing Company's Roofing Products

WHOSE TRADEMARK IS

"The Roofing That Never Leaks"

THEY are the largest manufacturers of good roofing in the U. S. A. Their roofing is made on a wool felt base which is saturated with a Gilsonite Asphalt saturation, which is forced by air pressure through every fibre of the felt. The felt is then compressed making a strong durable base. This description applies to our smooth surface roofing as well as the crushed rock face surfaces.

Our 1, 2 and 3 ply Veribest and Durable roofing we place with you on the following conditions: A written guarantee of 5, 8 and 12 years. Coated well once within 18 months of application an inexpensive coating.

### Crystal Top Roofing

Weight, 75 pounds per square, complete with galvanized nails and cement.

Crystal Top Roofing will last for years and needs no painting, is easily laid and absolutely free from coal tar or any other deteriorating substance.

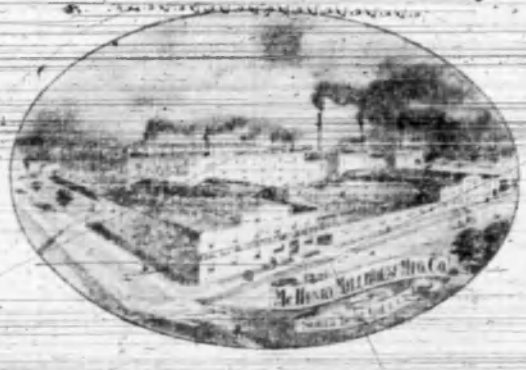

This roofing contains a high grade asphalt saturation and coating. It is fire brand proof, acid proof and weather proof, and is sold at a reasonable price. Crystal Top Roofing is surfaced on the weather side with crushed felspar which is firmly embedded in the asphalt material, forming the body of the roofing. The result is a granite like surface requiring no painting. Furthermore, it presents a handsome appearance. There is no similar roofing on the market that can equal it either in durability or cost. Put up in one square rolls containing 108 square feet.

Samples of  
Roofing and Prices  
Will be Mailed  
to You Upon

### Green Slate Surface Roofing

This grade of ornamental roofing is surfaced with a mineral containing a beautiful and permanent green shade. The mineral surfacing, while giving a beautiful green effect to the face of the roofing which will never fade or discolor, also furnishes at the same time a weather-resisting coating that can be depended upon for service for many years to come.

Green Slate Roofing is recommended for small homes, good barns or any class of buildings where an ornamental effect is desired at small cost. It is made on the heaviest wool felt used in best grades of roofing and is 32 inches wide, weighs 80 pounds per roll, complete with galvanized nails and cement.

In connection with the above roofing we can sell you some cheap roofing, but QUALITY COUNTS.

Yours truly,

Hughes & Irvan Lumber Co.

### Calloway Citizen Praises Com-cel-sar

DAKOTA JACK.

Murray, Ky., Feb. 27, 17. Mr. P. H. Roberts says.

Jack, I am so glad you came to Murray. Last August when I saw you here I bought my first package of COM-CEL-SAR. I had been down in my back, troubled with 'kidney trouble' and aching all over for several years, and every time I took a little cold I would have risings in my head and suffered almost death. I began taking COM-CEL-SAR and from the start I began to feel better and now I feel almost like a new man. I am now starting on my third package. My wife was awful nervous; could not sleep hardly at all. I persuaded her to take COM-CEL-SAR with me. She has helped

me take one package and now her nerves are settled and she sleeps like a baby.

My friends and all who know me know I wouldn't say this if it wasn't true. COM-CEL-SAR is a wonderful remedy and I would advise anyone who suffers with kidney trouble, bad blood, aching and nervous troubles, to take COM-CEL-SAR. If you doubt this come and see me or write me. Your friend,

PAT H. ROBERTS.

## LOCAL and PERSONAL

Harry Walker has accepted a position in the Adams barber shop.

Mrs. G. O. Gatlin is spending the week at Paris with her mother.

Harry Shield and Lamer Farley left for Detroit Saturday to work for the Cadillac people.

Mrs. J. F. Padgett, of Hardin, was in Murray the past week the guest of her daughter, Mrs. Paul Ladd.

The policies of the First National Bank are based upon that sound, broad principle, that to be really and truly successful you must be useful, safe, always.

Dan Rainey, of Cottage Grove, is at the hospital to have his tonsils removed. Dan is the boy who was kicked in the head by a mule last year and came here for trephining.

Mr. and Mrs. John Crawford have returned to their home near Lynn Grove after a short visit to Hazel, where they remained with their grand-children while their daughter, Mrs. Houston, was in Hopkinsville.

Mrs. W. C. Anderson, of De Witt, Ark., underwent an operation for goitre at the Murray Hospital this week. She is progressing nicely. Mr. Anderson had charge of the "movies" and ball park here several seasons past.

Will Bynum will leave this week for Paducah where he will train Belle M., his trotting mare, and Billie Sunday, his pacing horse, for the coming races. He will be in Paducah until about July first when he will leave for the Illinois circuit.

War Daniel insists that we add one or more pages to our paper in order to accommodate the candidates' announcements, but owing to the high cost of paper we will be compelled to make out with the number of pages we are now printing, but promise War that if the candidates get much more plentiful we will just ban their pictures on the edge. War declares that there will not be enough folks left in the county this year to make enough to live on through next winter unless the announcements stop real soon.

Miss Bettle Thornton has gone to Parsons, Kansas to take charge of a music class.

Mr. Edgar Jones has bought the W. A. Patterson house just across from Gaston Pool and is moving to same.

Will Dunn, who resides a few miles southwest of town, has been confined to his room with the grip for the past five weeks. Will expects to make the race for county clerk and as soon as he is able to be out will make his announcement.

Mrs. Frank Sylvester arrived here last Thursday to spend some time with her mother, Mrs. Jane Melan. Mrs. Sylvester, husband and son are with the Dreamland Exposition Shows. Mr. Sylvester is in charge of the band.

Irvan Linn has sold his place near Almo to Jas. McKeel and W. O. Hargrove and expect to leave in a short time for Ashville, N. C., where he will spend some time prospecting for a location. Mr. Linn will hold a sale of his live stock, farming tools, etc., this week preparatory to leaving.

A. S. Bialock and wife, who reside north of Murray several miles, left Tuesday via Chicago for an extended visit to relatives in South Dakota. Mr. Bialock rented his farm and sold his stock and expects to be absent for six or seven months. They will go to Seneca, where Mrs. Bialock's parents live.

John Madden died last Friday at his home a few miles south of town at about 75 years of age. He was a very splendid citizen and is survived by a wife and five children. Mr. Madden was a native of Humphreys county, Tenn., and had resided in this county since November 1911. The burial was in the Martin's Chapel grave yard after services by Rev. J. Mac Pool.

The remains of Dr. Augustus Cullom arrived here last Saturday at noon and carried to the home of his brother-in-law, J. B. Hay. They were laid to rest in the City Cemetery Saturday afternoon. Dr. Cullom died at his home in St. Louis the 15th inst. at the age of 76 years of hemorrhage. He lived in Calloway many years ago and married Miss Sallie Brown, sister of Mrs. Hay. A son of Dr. Cullom, married Miss Lucy Wear, daughter of A. M. Wear, of this city.

The growth of the First National Bank of Murray, in scope, volume and influence, is not alone gratifying to its stockholders but it is pleasing to its numerous hundreds of satisfied customers who are its friends.

Dan McDonald, who has been with the Dreamland Exposition Shows the past two years, arrived in Murray Wednesday at noon to be the guest of home folks for a few days. His mother, Mrs. Sylvester, came in the past week.

The First National Bank of Murray is a living, active, vital force, serving a "community interest." Therefore it is a real and useful asset of the community. Never a liability. Read the last statement of the First National Bank.

T. G. Rogers, who lives a few miles southwest of town, delivered one load of tobacco this week that he had sold for 14 and 7 and which netted him \$495.40. The load weighed 3,990 pounds and was grown on two acres of land. That's what we call going some. Nearly 2,000 to the acre and a living price for the weed.

Murray merchants have evidently started a crusade against the evils of the mail order houses as a glance at the advertisements in this issue of the Ledger will evidence. We beg to call attention to each advertisement and ask that you give them a careful reading. Baker & Glasgow, T. C. Beaman, W. L. Baucum & Co., Dale & Stubblefield, First National Bank, L. P. Jackson & Co., Parker & Perdue and Sexton Bros., O. T. Hale & Co., and Johnson & Broach, are all new ones.

Roy Edwards returned home last Thursday night from New Mexico where he spent the past few months on account of his health. He was accompanied home by his sister, Mrs. Maggie Sugg, who has been with him in New Mexico.

Calloway boys always come to the front. The Ledger has just learned that Finnie E. Crawford, who is attending the Louisville College of Dentistry, has been passed to class A, which is quite an honor, as there were only thirteen thus honored out of a graduating class of ninety members. It shows that he's held in high esteem by the faculty as well as by the senior class.

Mr. Wyatt Alexander, who resided about one mile south of Cherry, died Wednesday night of last week after a lingering illness, the immediate cause of his death being paralysis. Mr. Alexander was a splendid citizen and had many friends. He is survived by a wife and several children. The burial took place Thursday in the Old Salem grave yard.

Geo. W. Overbey has let the contract for the erection of a garage on the lot just east of the Murray hotel. The building will be one of the largest of its kind in Western Kentucky with every modern convenience, and will be 100 x 94 feet with a basement 40 x 100. Mr. Porter White, local representative for the Overland automobile will occupy the building as soon as completed with a full line of this popular make of cars. Work was commenced this week by Cathey & Rowland, the contractors.

See Wells and you'll see well. Oliver Wilson, of near New Concord, was brought to the hospital here Saturday afternoon where he underwent an operation for appendicitis. He is recovering rapidly.

Mrs. M. L. Wells will carry a line of millinery this season at J. M. Imes store, Almo, with Mrs. Ira White in charge of the department. A complete line of spring and summer goods will be carried.

The Ledger last week stated that a daughter was born to Dr. B. F. Berry and wife. Our information came through the "wimin folks" and all we could hear was "there's a new baby at Dr. Berry's home." We took a gamble that "it" was a girl, but it develops that "he" was a boy. Due amends, Doctor, and a long life to the little mister.

## There's A Reason

## Special Demonstration and Sale of Great Majestic Ranges

"The Range With a Reputation"

For One Week Only, Commencing MONDAY, MARCH 26

During this week we will have a special demonstration from the Majestic factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always at hand isn't it.

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented" yet not be what you thought it was nor what you wanted.

Here you can see every part of the Majestic—you can know what you are getting before you buy. Decide now that you will discontinue using that old, worn out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

**CHILDREN'S SOUVENIR DAY**  
Tuesday of Demonstration Week, 3 to 5 p. m.

125 Majestic Aeroplanes FREE.  
FUN FUN FUN

Boys and girls, old and young, can have a world of fun with the Majestic Aeroplanes. It is easily made to fly from 10 to 50 feet in the air. You will want one. Don't fail to get yours. The first 125 boys and girls who present to the Majestic Range salesman, at our store, between 3 and 5 p. m. on Tuesday, written answers to the following questions will receive one of these aeroplanes FREE.

1. What is the name of your mother's range and how long has it been in use?
2. Give names of any persons you know needing a new range.
3. Why is the Majestic known as the range with a reputation?
4. What is your age?
5. When is your birthday?

**\$1.00 ARTICLE FREE**

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock in addition to the souvenir.

**A PRIZE FOR EVERYBODY**

Don't be discouraged if you are not one of the 125 to get an aeroplane. You will receive a Majestic Puzzle Card that will afford you many hours of amusement. Be sure to have your answers ready to hand in at our store Tuesday afternoon between 3 and 5. They must be written if you wish to receive a souvenir or prize.

**\$8 Set of Granite and Copper Ware Free**

As a special inducement during our demonstration week only, we will give with every Majestic sold, one handsome set of kitchen ware.

W. N. Beale for Magistrate.

The announcement column of this issue of the Ledger contains the name of W. N. Beale, of this city, as a candidate for magistrate of the Murray district. Mr. Beale is one of the most widely known citizens of Calloway county and to make endeavor to introduce him to the people among whom he has lived so long, and to point out to them his ability and fitness for the responsible position is not necessary. Mr. Beale served Calloway as magistrate from old Wadesboro district more than thirty years ago, and he is yet known to hundreds of Calloway citizens as Esquire Beale. He is acquainted with every need of the county, is conservative in his views and should be the choice of the voters of the district would devote much time to the consideration of all public questions and duties of the office. He will make endeavor to see the voters of the district and present his views of the conduct of the fiscal affairs of the county in person and is pledged to an honest endeavor to discharge every duty imposed upon him in an efficient, conservative and just way, having in view the best interests of the county at all times. Mr. Beale will appreciate your support and invites each taxpayer to question him regarding public affairs.

John T. Wicker for Jailor.

To the voters of Calloway:—

I take this method of announcing myself as a candidate for jailor of Calloway county. I do this realizing by experience and observation that the office of jailor is a very important one and the duties pertaining to it require some qualifications, chief among which is a willingness to and a tact for doing things at the right time.

Several years ago I served you in this capacity one term and many of the voters remember and know whether or not I gave you honest, faithful service. I promise if nominated and elected to keep your jail and court house in tip-top shape and give you the very best service possible. I am and have always been a Democrat and ask this nomination at the hands of the democratic party. I shall endeavor to make a thorough canvass of the county and present my claims to you personally. In the meantime I ask you to give some thought to my fitness for this office and ask my friends to speak a word in my behalf, assuring you that I will duly appreciate anything done in my favor.

Thanking you for your kindness to me in the past and asking a consideration of my claims I am,  
Yours truly,  
Jno. T. Wicker.

Lynn Grove Happenings.

Measles, measles, nothing but measles everywhere.

Print McRaynolds, Yancy Howard, Tom Hayden's family, E. Douglas and others are sick of the measles.

Mrs. Mathis has been sick for some time.

An infant of Clyde Kesterson died the past week.

Dr. Colbert Morris, of Hickman, died last Saturday and the body was brought here and buried in the Beech Grove cemetery Monday.

Look out girls. Reamos Jackson has a new car.

Jim Jackson has been quite fit the past two weeks but is some better at present.

Mrs. Swann is visiting her grand-daughter, Mrs. Robt. Myers, this week.

The children of Newt Rives gave him a birthday dinner last Thursday.

Mrs. Callie Clark, who has been very ill of pneumonia, is still improving.

Jim Neal, Reamos Jackson, Misses Bennie Neal, Minnie and Ethel Jackson motored to Sedalia Sunday afternoon.

Misses Ellen and Floy Smith visited their aunt, Mrs. Farris, north of Murry, this week.

Stanley and Pauline Scholes are right sick of the measles.

Mrs. Jane West is sick and is reported very low at this time.

W. W. Humphreys and wife visited at J. M. Neal's Saturday night and Sunday.

The Vaughn quartette and other good singers will be at Sinking Springs next Friday and Saturday. Everybody come.

Tige Miller and wife visited at Noel Lockhart's last Saturday night.

Work Among the Clubs.

The Home Economics department of the Woman's Club met with Mrs. Herbert Wall Wednesday afternoon.

The Music department will meet at the home of Miss Lena Pitt on Friday 2:30 p. m. Misses Pitt and Pool, hostesses. This meeting was postponed from last Friday to this week.

The Alpha department will meet with Miss Mary Diuguid on Saturday afternoon at 2:30 o'clock. Every member is asked to respond to roll call with a quotation from Shakespeare's tragedies.

Help the Business Men's Club and the Woman's Club in their clean-up and planting campaign. It will boost the town more than all the advertising that can be done in any other line. There is no better way to beautify the town than to clean it thoroughly and keep the weeds down. Give employment to the boys and girls to grow something. Everybody should contribute voluntarily and not wait to be asked. Vernon Stubblefield will take charge of the funds and give you a receipt for the same.

Breeding Stock.—I have a fine Starlight Jack standard bred, will make the season of 1917 at my stable 2 miles east of Kirksey at \$7.00. You will do well to see this fine jack before breeding. J. M. Hargis.

G. B. Scott Wins First Prize

The merchants of Murray and Calloway county will no doubt be interested to learn that Mr. G. B. Scott, the representative of Gray-Dudley Hardware Co., Nashville, Tenn., has just been notified that he was the winner of the first prize in their celebrated Washington birthday sale contest, which closed Feb. 22. The prize is a very beautiful gold watch fob with the bust of George Washington, taken from

the famous Sir Joshua Reynolds portrait, engraved upon it.

This sale has been growing in popularity for the last ten years and is now conceded all over Dixie to be the most interesting merchandizing event of the year as Gray & Dudley not only awarded prizes to the five salesmen ranking highest in sales, but also gave forty valuable prizes to the merchants buying the most hardware during February. The merchant prize winners will be announced at an early date.

**Don't Buy a Disk Harrow Until You Have Seen the McCormick**

WHEN you pay your money for any farm implement you owe it to yourself to investigate carefully before buying. Make sure you are buying the best.

- Here are a few of the points on the McCormick disk harrows:
1. Rigid main frame—holds gauge to their work regardless of rough ground.
  2. Adjustable snubbing block—keeps gauge always level and penetration even.
  3. Right angle draft links—prevent end thrust and uneven wear on bearings.
  4. Special steel spring scrapers—actually keep disk blades clean even in muddy soil.
  5. Row spacing adjustable for all heights of team, and depth of penetration desired.

These are only a sprinkling of many features that are worth good money to any man who appreciates work well done in the shortest space of time. Drop in any day and we will explain the McCormick more fully.

## Saves Eggs

Royal Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, cornbread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by adding an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following tested recipe is a practical illustration:

**SPONGE CAKE**  
1 cup sugar  
1/2 cup water  
1 egg  
1 teaspoon Royal Baking Powder  
1/2 cup flour  
1/2 cup milk  
1/2 cup oil  
1/2 cup cold water  
1/2 cup hot water

The old method called for 6 eggs and 1/2 cup baking powder.

## RHEUMATISM CAN BE CURED!

So Can Lumbago, Gout, Sciatica and Uric Acid Complaints.

Thousands know what Rheumatism is. It is a terrible enemy, but it can be cured. It is a blood poison, and it can be cured by purifying the blood.

And your case can be relieved if you will only give yourself a chance by taking K. H. R.

Read what Mr. W. A. Wilson, 515 West Chestnut Street, Louisville, Ky., says:

"For the benefit of others who are afflicted as I was, I want to add a word of praise to the credit of your wonderful medicine. I was suffering with rheumatism, my blood was in bad order and general health very much run down. Was induced to try your medicine, which I did, but with some reluctance at first (as other recommended remedies had failed to benefit me) and found it to be just what I needed, and am glad to say that K. H. R. cured me of all my ailments and I feel well and strong again."

One bottle of K. H. R. will prove to you that K. H. R. will do for you what it did for Mr. Wilson. Don't let this advice, crippled, lame, or worse, suffer with K. H. R. \$1 per bottle at your druggist.

K. H. R. is sold in Murray and recommended by Holland-Hart Drug Co., Dale & Stubblefield and H. P. Wear.

## Fads And Fancies Of Fashion

Among the wonderfully varied shows of pretty frocks for afternoon wear, there is to be discovered this spring, a line of plain silk dresses of very simple design. They are of tulle or satin or crepe, as appropriate as to flitting as a cotton house dress. Most of them are in such a color as is allowed these, as tulle or folds in the goods and plain, hemstitched collars of organdie or crepe georgette. They are made in gray, sand color, Joffa and other

blues and in crossbars and inconspicuous checks and stripes. These dresses are just the sort that the everyday average woman likes to own, to slip on for dinner at home and to wear for all sorts of informal dress.

A very quiet model is shown in the picture of gray tulle, with sleeves of georgette crepe and hemstitched collar of white georgette. The sleeves have deep cuffs of the tulle and when satin or the after silk are used, the entire sleeve is made of the same material as the dress. The bodice is plain with diagonal opening at the

GEORGETTE UNRIVALED IN SPRING BLOUSES.

front and the skirt is merely a blue length of the silk, hemmed at the edges and draped about the waist. It fastens at one side.

The skirt is an excellent pattern for a slender figure, and all the elaboration that the design boasts is to be found in it. It has a plaited front panel set on to a yoke. The panel overlaps the full skirt pieces that are tucked near the top and skirted to the hem. There is a plaited panel at the back also and the skirt fastens at the left side of the front panel with snap fasteners set under the panel.

Nothing quite rivals georgette crepe for blouses of all kinds. The texture of the material is so exquisite and refined that it comes down the baldest of the new colors to the point of making

hemstitching, long sleeves and collars similar. In that alone, in the picture, are common to all sorts of blouses, whether tailored or dressy, or made for all round wear.

For the most vivid colors, very little embroidery is used, but little buttons covered with black satin are used by the dozens on them.

Another line of georgette blouses are of a delicate color, or plaited silk chiffon. These come in lovely pastel shades and are trimmed with tiny white colored or pearl buttons and finished with hemstitching.

### HARMLESS LYIN'

Th' grace an' slacker with which most of us lie these forward lookin' days is in perfect accord with th' spirit o' th' times. As th' world progresses we become braver an' as we grow braver we become more liberal, an' as we become more liberal we grow less exactin'. Things that was not even tolerated among th' Indians are winked at by us t'day. Things that was regarded as abominable a few years ago are now looked upon as un-sit o' happiness. Most anything is all right t'day but sidwheikins. So th' gentle art o' lyin' has plugged steadily along untill it has become firmly entrenched well up in th' first division among th' traits that have bloomed an' thrived durin' th' greatest commercial period in th' history o' th' world.

We all lie with impunity. I don't mean t' say that all of us lie when

stammer an' stutter when confronted by his wife has only t' say, 'Mamie, I lied t' git you over th' phone four times, etc.' Then they sit down t' a cold dinner an' discuss th' desirability o' municipal ownership o' telephones till bedtime. Just think what th' truth would have done t' that little home!

Lyin' is some o' th' more popular styles o' lyin'—little things we hear at ever turn that have th' ring o' a plugged quarter, but which we usually pretend t' believe just as a matter o' form.

"You're lookin' fine, ole chap."

"I hated t' miss it, but I was too tired t' come downtown."

"I wouldn't have a Palm Beach suit."

"Pl come if I kin sit away."

"We'll cheerfully give your money back."

"I had a perfectly lovely time."

"We've Never Been Up a Night With Him."

anything of a serious nature is involved. We're not all malicious liars. Some o' us lie t' th' entertainin' o' t' avoid appearin' stupid. Others lie t' be funny or excite comment, while still others lie t' save time an' trouble. But most o' us lie for convenience. Th' truth is often too prony. It don't draw. Folks are not attracted t' it. It rarely fits th' bill. Th' truth, too, is allus liable t' start somethin'. Dumb people are invariably truthful. Th' plain-spoken person is celebrated for hittin' th' nail on th' head an' you know we all sidstep when he's around. Lots o' folks don't care as long as you don't tell th' truth about 'em.

Th' truth often make a mess o' things when a neat little mouse-colored lie is put over th' thing on a cheerful basis without havin' a brush mark. Th' feller who used t' turn purple an'

"Come in any time. I'll be glad t' see you."

"I was under th' impression that I'd paid that."

"We've never been up a night with him."

"Sure, we'll send it out t'day."

"I'll have a man out there t'morrow."

"I tried t' find you all day."

"I'll make it t' you fer just what it cost."

"We could have sold it a dozen times yesterday."

"What a becomin' dress!"

"I'll hand it t' you Saturday."

"I'm fond o' grand op'ry."

"I'll have t' ask my wife."

But when it comes t' actually th' old-time trader halet in it with th' feller who's been t' Louisville an' back in a second hand car.

### CLERKS

Next t' automobiles th' seems t' be more different kinds o' store clerks than anything else, unless it's grafters. Th' feller who's preoccupied clerk who shows you a bolt o' bed tickin' instead o' cretonne while her mind is on a dance in th' rear future; th' indifferent clerk who looks toward a Pittsburgh while you try t' tell him what else you wear; th' sallow society clerk with th' weather-beaten throat who dreamily directs you t' th' socks in th' last aisle next t' th' tinware as she vainly endeavors t' lift her heavy eyelids; th' pompous clerk who loses all interest in you if you don't buy th' first umbrella he shows you; th' serious clerk who dresses like a corpse an' assures you you can't find what

with an' ole bat like they wux about t' swing th' element. Did you ever see a timid feller hangin' around a show window nearly breakin' his neck tryin' t' read a price tag that was turned th' wrong way? He's afraid t' go in. It seems like th' better you know a clerk th' more anxious he is t' sell you a coat with a cup in th' back. Th' worse a suit o' clothes fits you th' longer it lasts.

Th' task o' pickin' out a new suit o' clothes or a new hat, coupled with th' ordeal o' partin' with your money, is bad enough, but your close communion with a triple mirror durin' th' transaction destroys what little interest in life you may have saved out o' th' wreck. How good a feller feels when

Th' Task o' Pickin' Out a New Suit o' Clothes, Coupled With th' Ordeal o' Partin' With Your Money, is Bad Enough, but Close Communion With a Triple Mirror Durin' th' Transaction Destroys What Little Interest You May Have Saved Out o' th' Wreck.

you're lookin' for in any store in town; th' clerk with th' bow tie who tells you what they're wearin' down East; th' busy clerk who slips a raincoat on you an' don't come back fer an hour; th' persistent clerk who stands in front o' you when you promise t' come in agin an' start for th' door, an' th' real 88-note regular clerk who is willin' t' tear down everythin' in th' store t' please you.

Some clerks are so pleasant they scare you. Your whole disposition t' buy vanishes th' moment they take you by th' arm. Then there's siber clerks who hate t' bother. If a feller hasn't got what he wants when he goes in a store he's a crank. If he don't know what he wants he's a duf. Th' bestest thing is t' make a clerk understand what you want if he hasn't got it. If a feller is undecided as t' what he wants he allus buys somethin' he don't want.

Th' feller who goes in a store t' look around is nearly alus a fool. He's a feller who's got a haw in th' back an' give him th' hypnotic eye an' he buys it. When he gets home he gives it t' his wife's little brother. Some fellers pay

he gets out o' a store where he nearly bought somethin'.

But th' worst o' all th' clerks is th' one who shows you what he wants.

Handkerchief as Newspaper. In contrast to the poetic and romantic side of its character are the odd uses to which the handkerchief has been put and of the part it has played in history. For in 1110 the British government, in the absence of a penny newspaper, did not disdain to resort to this humble means of casting broadcast the address delivered by Queen Anne on the opening of parliament, and this strange practice, more or less in vogue throughout her reign, commemorated the victories of Marlborough over the French and of the treaty of Utrecht.

Sounds Deceptive. Someone has estimated that there are 200,000,000 rats in this country. I am sure that is a very low estimate. I am sure that if you were to count them at night, you would find a count. This is a very low estimate.

Where He Rules. "Are you the head of the house?" "I wouldn't say that exactly, but I do the thinking when the man and I go out in the alley."

### TO CONDUCT NOTABLE WORK

Dr. Donald R. Armstrong, who has been selected by the National Tuberculosis Association to conduct the "Framingham experiment," is a Pennsylvanian from Jackson, with the degrees, Ph. D., M. D., M. A., and M. M., the last named conferred on him by the Massachusetts Institute of Technology in 1913 for special studies in biology and public health. He is a member of the half dozen national health and medical associations, and has been particularly prominent in New York city in public health work, largely in connection with the Association for the Improvement of the Condition of the Poor.

He has been member or chairman of at least a dozen municipal committees touching food or health matters and lecturer in three of the great colleges of the metropolis. He has worked in co-operation with the United States public health service, the New York state health department and associations in Connecticut and Rhode Island, and has published more than 30 health articles in medical and sanitation magazines.

It is on account of his enormous activity that he was selected to be director of the Framingham work, the most remarkable feat of its kind in the history of medicine. It is proposed to make in Framingham a demonstration of the possibilities that exist in wiping out tuberculosis, and for this purpose \$100,000 is available, a fund given by the Metropolitan Life Insurance company. Framingham was selected because it is a representative manufacturing center, in a state with a good health department and having itself an excellent health official and a wide-awake government. It furthermore gave promise of that public cooperation, without which no health work can succeed.

### NESBIT AND HIS POEM

His William D. Nesbit written a new national anthem in his poem, "Your Flag and My Flag." The simple, stirring verses are now ringing in the country, and one enthusiastic admirer pronounces them the best expression of American sentiment since Drake wrote his famous poem beginning "When Freedom from her mountain height." Still others declare the song to be more American in its expression and more in tune with national thought of today than "The Star-Spangled Banner," or even "America." In some respects the words of the former might be considered out of date. Nesbit's poem is for all time.

Without entering into a discussion of its merits as compared with other national songs and poems, it is interesting to note that no poem published in recent years has so thoroughly taken hold of the American people. The first stanza may be quoted:

"Your flag and my flag—  
And how it flies today  
In your land and my land  
And half a world away!  
Rose-red and blood-red  
The stripes forever gleam;  
Snow-white and soul-white—  
The good forefathers' dream—  
Sky-blue and true-blue, with stars to gleam bright—  
The glorious guidon of the day, a shelter through the night!"

Mr. Nesbit for years was known as one of America's foremost magazine and newspaper writers.

### HE COMES FROM MEXICO

The new Mexican ambassador to the United States, Ygnacio Bonillas, seems likely to fill a vacancy in Washington's diplomatic blue book left by the recall of Count von Bernstorff.

Both men have American wives, both speak perfect English and both are broad men of the world. But here the parallel is broken.

Count von Bernstorff was an aristocrat to his finger tips. Senior Bonillas is a democrat with the smallest "d," willing to see the limit in taking from the larded Mexican classes to help the poor.

Count von Bernstorff liked the newspaper men, and was the most popular diplomat in Washington among them. Senior Bonillas, according to newspaper men who have encountered him, regards both the newspaper and the newspaper man as a fifth wheel.

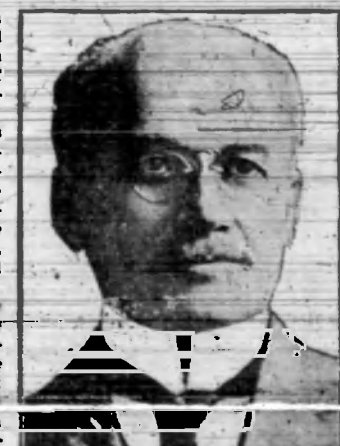

All who know the Mexican ambassador agree that he is a charming, genial man, thoroughly educated along practical lines—he was a surveyor before he entered Carranza's cabinet—and yet enough of a dreamer and theorist to be one of the closest men in Carranza's councils.

### OFFICE BOY TO PEERAGE

A former office boy employed by a Montreal newspaper has been created a British peer, the first native born Canadian to sit in the British house of Lords. He is Sir Hugh Graham, proprietor of the Montreal Star.

Graham is one of the dominion's self-made men, probably its most eminent journalist. He is the first newspaper man of any British overseas possession, Canada, Australia, South Africa or any other, to be elevated to the peerage. He has been created a baron, but has not decided what title he will assume.

The remarkable qualities of this new Canadian peer are shown in the fact that though at the age of fifty-two he is now sixty-nine—he was an office boy on the Montreal Telegraph, just

manager of the same paper, being then only seventeen. In two years more this remarkable young man was able to buy a half interest in the Montreal Star, and another two years were at twenty-one, full owner of the Star. He has so remained for 45 years.

## To Automobile Owners

I have moved my place of business just across the  
street from where I was last year, and am now located in  
the Woodruff Opera House Building. I have also increas-  
ed my floor space; now have room to take care of your  
cars in any kind of weather; also have a big shop room  
separate from all others. Then I have my office and stock  
of parts in the front room of the building, next door to  
the Calloway Times office.

I am far better prepared to serve the people in saving  
the expense and upkeep of Auto Tires. Many people think  
they have to drive a new tire every time anything goes  
wrong with them and that's how once, if this be true I wish  
you would throw them in my shop and let me pay you for  
them. If you will let me judge the throwing away of  
your old tires you can easily say that you have gotten  
from 5,000 to 10,000 miles out of them at half price.

You half old your shoes, why not your tires, and get  
from them to get more miles out of them for one-third  
less cost than the cheapest standard car there is on the  
market? I have the exclusive agency for the International  
Half Sole Tire that's a cover your old worn out tire and  
is guaranteed with a tread up guarantee to run 3,500  
miles without a puncture. Does it sound good? If so come to  
me with your old tire and save money. I also have in  
stock a supply of new Tires and a full line of boots,  
Patches, and anything in the tire line.

I also have a supply of Beliners that are worth three  
times what they will cost you; you need not take any word  
for it but ask those who are using them.

I don't think there is a young man in this county who  
needs your business more than myself, and I am sure  
there is not a man anywhere who would appreciate it  
more than I would. The majority of the people in this  
county who do not know me, know my father, who was  
killed at Crossland several years ago by a boiler explosion.  
I was at that time just four months old, and of course  
knew nothing of the great shock that came to my mother  
and carried her to her grave, leaving six of us kids on  
the mercies of those who were so kind to us as to rear  
us and give advice that I will never forget, and I thank  
them and my God for it.

I hope every Auto owner in this county will drop me  
a postal card giving me his address, so I may mail out  
some printed matter on how to cut expenses. It will cost  
you only one cent and the rest is free.

I hope to have the chance of serving you this year as  
THE TIRE MAN, and save you money and make a living  
myself and those who are depending on me.

Very truly yours for business,
