VOL. 22, NO. 2

MURRAY, KENTUCKY, THURSDAY, APRIL 5, 1917

50 CENTS PER YEAR

## CHAUTAUQUA TO BE HELD WEEK OF JUNE 14TH-21ST.

The dates for Murray's Red-path Chautauqua, as announced by Henry Dunbar, one of the system's superintendents, are June 14 to 21. There are to be no Sunday sessions. Mr. Dunbar met the Chautauqua committee last Wednesday evening, and had no difficulty in arousing enthusiasm, owing to the excellence of the program which comes this year.

Among the speakers scheduled, is the name of America's first congresswoman, Miss Jeanette Rankin, of Montana, who will doubtless attract the most attention. Her position in our political system is most novel and interesting, she being the first woman in the world to become a member of any great nation's highest law making body. She is said to be a speaker of splendid ability, having won her election largely through her skill and vigor in the campaign.

The famous bandmaster Creatore and his great band will give two concerts on the seventh day of the assembly. At their evening concert they will be assisted by a large chorus of local singers in charge of the chautauqua's Community Singing director. He will be here during the entire assembly, leading the great audience in the newest and most popular musical diversions a few moments preceding each program.

"Watahwasso" a full blood Indian Princess of the Penobscot tribe, now a cultured young woman of beauty and striking personality and a singer who has won high place by the excellence of her art, will be heard in two programs. She will sing many of the ancient and unpublished tribal Indian songs, tell the Indian folk stories and

illustrate their ceremonial dances. The Bohemian Orchestra, an organization which has won splendid success on the concert stage the past two seasons, will be heard in two concerts, and Charles Gallagher, operatic baritone appears in an elaborate song recital.

After each evening program there will be fifteen minutes of unusual moving pictures.

Chicago is to have three Red-path Chautauquas in different parts of the city this season, at all of which the identical program given in Murray will be heard. These chautauquas are guaranteed by the Associated Advertising clubs, under the same contract in force here. Louisville, Knoxville, Nashville and Birmingham also come into the circuit this year, replacing a like number of smaller cities where the support of the chautauqua was inadequate.

As the representative said, these changes tend to make the programs better each year, owing to the increased receipts. Evidently the system of syndicated buying and distributing which is being applied to chautauquas is achieving the same remarkable results, which they do in other lines.

That people appreciate the chautauqua, there can be no question nor can there be any doubt that with the great program announced, this year's success will set a new mark for Murray.

Postmasters Go Under Civil Service.

Washington, D. C., March 31. More than ten thousand first, second and third class postmasters were placed under the civil service today by the executive order of the president. The present incumbents in office are not affected. Open competitive examinations will be held to fill future vacancies and the name of the highest eligible candidate will be submitted to the President.

Although the order is intended to remove postmasters from politics, the Senate, however, has the right to reject the President's appointee.

## TOBACCO SOLD IN MURRAY AT \$14 DURING JUNE AND JULY LAST YEAR

Local Buyers Quit Market and Growers are Warned of the Situation.

When the farmers of Calloway county first placed their 1915 crop of tobacco on the market the very best price that was offered for the weed was \$6 and \$2. The bulk of the county's crop was sold at those figures, but before any great part of the crop was delivered it seems that a "fly got in the ointment" and as a result hundreds after hundreds of loads of the weed were hauled to Mayfield and sold at a considerable advance over the contract price. Many refused to haul to Mayfield and those who were not afraid to stick placed their tobacco on the loose leaf floor here in Murray and during the months of June and July, 1916, tobacco sold right here in Murray as high as \$14 and \$9.

Clamp the lid down on your tobacco hanging in the barn and then sit down on the lid with every ounce of averdupois you have in your carcass. Nail the barn doors with 81 penny nails, if you have any that dig go back to the house and sit down and think matters over a few minutes. After you have done this write the Ledger your reasons why a possibility of war between the United States and Germany causes wheat, corn, hogs, flour, steel, everything in fact, to advance higher than a cat's back and at the same time forces tobacco prices down. Talk about the nigger's con trap that "ketches 'em gwine and comin'" why, thunder and lightning, that nigger's trap ain't nothing compared to the drag net that is being weaved about the tobacco growers who have not yet sold. Boys, they'll take

it if you want to give it away. Seems like it's darned easy to ship cheap tobacco across the waters but 'ell of a job to get the good stuff over there. That sounds funny, don't it? The supposition is that the German submarines are doing nothing but just floating around watching for a ship load of \$15 tobacco and that they pay no attention to 5 and 10 cent tobacco. That kind of stuff is so rotten that it stinks to heaven. Singing the same old song that we sung right after Christmas and it is going to put a lot of you fellows to sleep if you don't rub your eyes.

Up until Tuesday of this week market conditions throughout the district showed marked improvements and the weed was selling at the barns in the county at prices ranging as high as \$13 and \$8.25. When congress was convened Monday and after the president delivered his address it seems that buyers withdrew all prices and quit buying. The Mayfield papers state that similar action was taken there. Whether this action was taken without notice by local buyers or upon advice from original contractors we are not informed, and why such action is necessary is not made public. Upon its face it appears to be a bluff game to intimidate the growers to turn loose their crops at prices below what they are worth.

Press reports from Clarksville, Hopkinsville, Louisville and other tobacco centers do not show any change in prices. In fact, Thursday's press dispatches from Clarksville and Hopkinsville indicated a very strong market with demand for everything being offered. Calloway and Graves counties have many millions of pounds yet unsold and it seems that in these two counties strenuous efforts are being put forth to induce the growers to sell.

Don't bring your tobacco to the street market until later. Let it remain in the barn. There is no chance here or in Mayfield to sell at any price. But at the same time don't worry. There is a demand for every pound of the weed on the face of the earth, and after starting last year at \$6 and \$2, it gradually climbed to \$14 and \$9.

Negro Draws Lesson.

"Uncle Josh" Robinson, of Morristown, is going to the Confederate reunion in Washington, D. C., May 16 to 22. Representatives will be in attendance from every part of the South to the number of several hundred, this being the most important gathering of the denomination. In connection with the convention, the 25th annual meeting of the Woman's Missionary Union, auxiliary to the Southern Baptist convention, will be held in the same city May 16 to 21. Daughters of Confederacy. He Kentucky will be represented at both meetings by large delegations from the Southern Baptist Theological Seminary and from

the different reunions, for he has attended every one. He says he expects to go to every reunion until he dies, and that is a long time off. He is not sure just how old he is, but he "was old enough to shoulder a musket in 1862." At every reunion he carries the banner of the Adam Johnson Company, the Tenth Kentucky.

First Christian Church.

The campaign in the C. W. B. M., resulted in 47 new members. The auxiliary now numbers 81.

The special aim in the Sunday school is to have 300 present Easter Sunday. In order to reach that aim every member of the school must get busy this week and bring others. The contest closes with next Sunday.

The Pre-Easter meeting is growing in interest. The choir is doing excellent work which makes the service inspiring and helpful. There will also be special music at each service. The meeting continues over Sunday. Three additions Monday night.

The C. E. will give the usual program at 6.30 p. m., Sunday.

The Christian Endeavor Society has a treat in store for the people of Murray. Under the auspices of the C. E., Mr. Clyde Poulter, of Kansas City, will give an entertainment at the opera house May 5. Mr. Poulter began his professional career as public entertainer in the fall of 1905, and has met with phenomenal success. Mr. Poulter is the smallest entertainer on the American platform, being only a little over three feet tall, but he uses the talent God has given him to make the world better, brighter and happier. He is a man of high ideals, and while his programs are mostly humorous, back of that humor is a purpose. He is a student, an actor and an instructor all combined. Throughout all his programs, abounding in humor and pathos, so varied as to please alike both old and young, he presents his characters of real men and women without the use of costumes or make up accessories. Absolutely different from the usual humorous entertainer, he leaves a burning impression.

Just to see what "That Little Man" can do is an inspiration to everyone. Reserve May 5 for this entertainment. You can't afford to miss "An Evening of Humor and Philosophy."—E. B. Motley, pastor.

Southern Baptist Convention. Announcement has just been made that the Southern Baptist convention will hold its 62nd annual session in New Orleans, La., May 16 to 22. Representatives will be in attendance from every part of the South to the number of several hundred, this being the most important gathering of the denomination. In connection with the convention, the 25th annual meeting of the Woman's Missionary Union, auxiliary to the Southern Baptist convention, will be held in the same city May 16 to 21. ## DATE OF CLEAN-UP WEEK NAMED FOR APRIL 9 TO 14

To the Citizens of Murray:

As Mayor, I feel it proper for me, at the invitation of the civic and commercial organizations of our city, to urge upon all our citizens to co-operate in the success of this movement for a cleaner and more healthful community. This movement to clean up our little city should appeal to the personal pride of all our residents. I feel that the project will be of material value in stirring the consciousness of our people to an appreciation of the benefits of thorough sanitation and will result in improved conditions. Therefore, by the authority vested in me, I do hereby proclaim and designate the second week in April beginning with the 9th day, as clean-up week, and earnestly urge the co-operation of all citizens to give their best aid and assistance in carrying out this work.—H. E. Holton, Mayor.

By issue of a proclamation of the mayor for clean-up week for Murray, the two organizations, the Business Men's Club and the Woman's Club have agreed upon the second week in April, from the 9th to the 15th, provided the weather is suitable for the work. Let everyone begin the first of the week to clean up their premises and have the rubbish of every kind in a convenient place for the wagons to reach. ## I Am Opposed to the Election of a County Treasurer

The office of county treasurer has been made vacant by the expiration of the term of Treasurer H. B. Gilbert, and settlement with that official was made by the fiscal court the past week. As a candidate for sheriff of this county I want to make known my opposition to the election of a successor to Mr. Gilbert. It elected your sheriff I can discharge every duty of a county treasurer and save the county the \$600 per year that has been paid this official the past four years. I am confident that it is not the intention of the present fiscal court to elect a successor to Mr. Gilbert and I am opposed to the fiscal court that is to succeed the present one electing such an official. I appreciate the fact that the duties of a treasurer will mean a considerable increase in the labor of the office of sheriff but I can

and will discharge every duty required of that officer without it costing the county one cent. The taxpayers of each district of the county should demand of their respective candidates for magistrate an expression upon this question before the August primary. Save this \$2,400 paid out in four years and put it on the roads of the county. Taxpayers, get busy, don't let this expense be placed upon you by the next fiscal court.

Yours truly,

O. J. JENNINGS

## LINIMENT

E. P. Phillips for County Judge.

This issue of the Ledger contains the formal announcement of Mr. E. P. Phillips as a candidate for the office of judge of the Calloway county court. It has been generally understood and known to a majority of the voters of the county that Mr. Phillips would be an aspirant for this office and who have as a result been anticipating his open declaration through the columns of the press. Mr. Phillips is possibly as well known to the citizens of the county as any other man in its borders. He served Calloway two terms as circuit court clerk, and four years ago was a candidate for the office he now seeks and was defeated by a very small margin. He is a lawyer of ability and is splendidly qualified for the position of judge and enters the contest this year with the support of many friends in every section of the county. Mr. Phillips has always been an active democrat, enthusiastic and loyal in his support of every party measure and in every campaign waged in the past his advice has been sought in the management of affairs. He will prosecute a vigorous campaign and will endeavor to present his views of county affairs to the voters before the date of the primary election.

C. M. Scruggs, formerly of Owensboro, Ky., having conducted a coco cola plant in that city for 7 years, visited his uncle, D. E. Bocker, last week on his way to Hutchinson, Kan. Mr. Scruggs retains his interest in the Owensboro plant, but has controlling interest in the Hutchinson plant and is going there to develop it. Hardin Enterprise.

Dycus Brandon, son of John Brandon, who resides a few miles west of Benton, spent last Saturday morning in Murray with friends. Dycus is a splendid young man and raised a good crop of tobacco last year that netted him about \$500, besides other farm products.

We regret to report this week, that we are to lose our faithful depot agent, Mr. C. D. Street, who goes to Hazel. Mr. Street has been agent here about 10 years, and we very much regret to give him up. Mardin Enterprise.

S. C. Story, who has been making his home in Paducah the past two years, has returned to Calloway to again reside.

## No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

### EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar  
1/2 cup water  
1/2 cup melted lard  
1/2 cup citron  
1/2 cup shortening  
1 teaspoon baking powder  
1 teaspoon salt  
1/2 cup flour  
1/2 cup Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS: Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 30 or 40 minutes. Ice with white icing.

Some two weeks ago Mr. Jackson was called to Paducah where his daughter is a patient at the Riverside Hospital and it was at this institution that he was exposed to the disease, so it is alleged. Mr. Jackson and family have been placed in quarantine and the county health officer is taking every precaution to prevent a spread of the disease.

To allay disquieting rumors this statement is deemed necessary. There is one case of smallpox in the county, 2 1/2 miles northeast of Kirksey. We do not anticipate any spread. If you are vaccinated you have nothing to fear now or at any other time from this disease, and if you are not vaccinated you are violating the law, menacing your neighbors and denying yourself simple protection against a loathsome disease. Secretary County Board of Health.

Geo. Chapman, one of the county's splendid citizens, died last Sunday morning at his home a few miles east of Almo of a bladder trouble. Mr. Chapman was about 50 years of age and is survived by his wife, two daughters and two sons. The burial took place Monday afternoon in the Schroeder graveyard. Mr. Chapman was a well known and popular citizen, hard working, and numbered his friends by the score, and his death is the cause of genuine sorrow in the community where he was best known.

## WOMAN'S STRANGE EXPERIENCE MORE THRILLING THAN FICTION

Mrs. E. O. Wilson's Husband  
Tells Story Filled With  
Human Interest.

HAD TO SACRIFICE HOME

Friends and Neighbors Called and Of-  
fered Encouragement and  
Sympathy.

**H**OME, love and money gone. A loving husband and a little daughter tearfully waiting for the dread summons which would take away wife and mother.

That, in brief, describes the scene enacted one October day, a year ago, when E. O. Wilson and his little daughter sat in a darkened room awaiting the end they thought near.

This chapter in the story of the Wilson family is one of sorrow and suffering, pathos and human interest. It is one which touched the hearts of friends and caused them to pour out sympathy to a sorrowing husband.

Five years ago E. O. Wilson, his wife and child were a happy family. They moved to Atlanta from Asheville, N. C., so Mr. Wilson could accept a position on a newspaper.

Mr. Wilson prospered and the family moved into a little home of their own. Mrs. Wilson took an interest in church work and in the Woman's Auxiliary of the Typographical union. Her future looked bright.

It was in the early part of 1913 that the trouble began. But let Mr. Wilson tell the story. He can do it better, because every detail is indelibly stamped upon his memory.

**Mr. Wilson's Story.**

"My name is E. O. Wilson, and I live at 107 Bass street, Atlanta, Ga., with my wife and seven-year-old daughter. I have been a printer for sixteen years and am a member of the Typographical Union.

"It is with a sense of gratitude for being permitted to have with me today my dear wife that I am voluntarily making this statement. I want everybody interested to know that it comes from the bottom of my heart.

"During the spring of 1913, when I thought that nothing could impair my happiness, the blow fell. My wife, until that time healthy and strong, was stricken with illness. She was weak and nervous and at times had dreadful, smothering sensations to the point of fainting. She would have fearful headaches, pains in her back and over her kidneys and her joints ached all the time. She got so bad off that she couldn't do her housework and had to take to her bed. She didn't know what it was to get a good night's sleep.

"I called a doctor who treated her eight weeks and she showed no improvement. I took the advice of another doctor and my wife was operated upon twice and spent 17 weeks in two hospitals with several weeks of nursing at home between operations.

"She got weaker and weaker. I was desperate. My savings were gone. I was in debt. So I sacrificed my home.

"Driven frantic by my thoughts, I called in three Atlanta specialists. This was along in October, 1915. My wife was a shadow of her former self. They told me she could not possibly live more than five days.

"The five days passed and, although she still lived, she grew weaker and weaker and finally I was told she would die within the next few days. She got where she was too weak to talk and could not eat. I looked for the end at any time.

**A Gargantuan Meal.**  
A German-American journalist told at a banquet in New York a little story.

"They are eating whale in Germany," he said, and in a school room a district visitor nodded to a boy and asked:

"You, there, boy, do we eat the fish of the whale?"

"Yes, sir," the boy stammered.

"We do, hey? And what becomes of the whale?"

"We leave them," said the boy, "on the sides of our plates."

### SHE LIVED TO TELL STORY

Mrs. E. O. Wilson of Atlanta, Ga., whose experience amazed friends.

**Had Lost All Hope.**

"You will get an idea of her desperate condition when I tell you that the members of the Woman's Auxiliary of the Typographical union had arranged for a fiscal offering for my wife's funeral.

"I am now going to tell you the remarkable part of my story.

"I had seen an advertisement for Tanlac and had heard of the remarkable results being accomplished by this new medicine, but never thought I would have need for any. One day as I sat in the swing on our little front porch I thought of this advertisement and somehow or other I got a ray of hope. With one of the few remaining dollars I had, I bought a bottle.

**Doctors Are Amazed.**

"My wife was in such a weak condition that she had lost all hope. In a few days I noticed a strange improvement in her condition. I could have wept for joy. After I had given her one bottle of Tanlac the doctors called one day and were surprised to find her sitting up in bed eating some toast and drinking some milk. They were amazed.

"When my wife had taken two bottles of Tanlac she was able to sit in a rolling chair and she continued to improve rapidly. These were indeed happy days. I forgot my previous suffering. I forgot that our little home was gone. I thought of nothing except that my wife was alive and rapidly recovering her health and I thank God for letting me do what I did.

"Today she is a perfect picture of health. She can eat anything she wants. Such things as meat, turnips, and hard-boiled eggs do not bother her a particle and she sleeps as well as she did when a girl in her teens. She took eleven bottles of Tanlac and gained 30 pounds.

"So, this is my statement. It is true that I spent all that I had saved trying to restore her health. I don't know until this day what, actually saved my wife, but I do know how healthy and happy she is today and I can truthfully say that nothing on earth did this but Tanlac."

There is a Tanlac dealer in your town.—Adv.

**The Modern Law.**

"Look here, sheriff," said the irate householder, "this watch is filled with gold and silver and I want it back. My house has been robbed five times in the three weeks. I've got an insurance from you or don't I?"

"I have done all I can for you, Mr. Bunch," said the sheriff, "but I can't do more until you pay the second robbery to move out of that house, and I don't pay until you pay the first."

There knowing that these burglars are after your stuff.

**GREEN'S AUGUST FLOWER**

Few persons can be sick who use Green's August Flower. It has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart from gases created in the stomach, pains in the stomach, and many other organic disturbances. August Flower is a gentle laxative, regulates digestion, both in the stomach and intestines, cleans and sweetens the stomach and whole alimentary canal, and stimulates the liver to secrete the bile and impurities from the blood. Try it. Two doses will relieve you. Used for fifty years in every home and hamlet in the United States and in all civilized countries.—Adv.

**DEATH LURKS IN A WEAK HEART.** So on first symptoms use "Renovine" and be cured. Delay and pay the awful penalty. "Renovine" is the heart's remedy. Price \$1.00 and 50c.—Adv.

**A Turn Down.** The late Jack London once arranged with a magazine editor to do a short story for \$1,500.

"And," said London, hopefully, the deal being concluded, "can I have the money now, before I write the stuff?"

The editor gave a laugh and a shrug. "My stories, my dear London," he said, "are immortal, but your unfortunate one is not."

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any dealer and then if a case should eat something which doesn't agree with them; if what they eat lay's like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember at once as Pape's Diapiesan comes in contact with the stomach all such distress vanishes. Its prompt norm restorer and safe in promoting the worst stomach disorders is a revelation to those who try it.—Adv.

**A Good Description.** "What does a shind consist of, say how?" asked the western man, why has never eaten that kind of food. "Well," replied the eastern expert, "it is mostly lucubration, wisdom, fun, ayboos, and them some."

#### Has Prize Ham

Mayfield, Ky., April 2.—The largest country ham ever brought to Mayfield was purchased Friday by Dr. M. McGuire from John Rhodes, for \$10. The ham was a perfect specimen and tipped the beam at 63 pounds.

Kentucky spends \$22.90 on each school child. This is an excessively high rate because of non-attendance in the schools. One-third more pupils could be taught at the same expense. Our compulsory attendance law is a dead letter. Every child of school age should be made to go to school. This goes to show that some lawmakers want to do something, but after it is done the law remains a dead letter.
