A Most Important "Week"

The purpose of the United Nations is to create a system of collective security to prevent future wars. The United Nations is the world's most effective body in the struggle for the maintenance of international peace and security. The United Nations is the only organization that can bring every country to the table and make each one take responsibility for the peace of the world. This is the purpose of the UN Week, which is being celebrated in October.

The United Nations Week is a week of educational and awareness campaigns aimed at raising public awareness about the work of the United Nations and its role in maintaining international peace and security. The week includes a variety of activities such as lectures, panel discussions, and exhibitions, all designed to educate people about the UN and its work.

State Radio

The purpose of the week is to welcome the United Nations Week and to call the national press into a conference to learn more about the past achievements of the United Nations, the National Information Association, and to plan for the future.

The annual College Football Bowl game in New York intro-
duction which threatened to
become a multimillion dollar
enterprise will be called off by
its sponsors after this year's
outing, an official announced
Monday.

The cancellation does not
affect the game of the week
in the National Football
League, the Monday night
match between the New York
Giants and the Chicago Bears.

The cancellation stems from
financial losses that have
plagued the Bowl每 resulting
in a deficit of $1.5 million for
the 1946 season.
