VOL. 29, NO. 4.

MURRAY, KENTUCKY, THURSDAY, APRIL 10, 1917

\$1.00 PER YEAR

MOBILIZATION ORDERS ISSUED TO KY. TROOPS

Lexington, Ky., April 17. Companies of the Second and Third Kentucky regiments were ordered today to begin mobilizing here at the new mobilization site, just approved by the War Department, three miles from Lexington.

Disengaged units of the Second regiment will assemble in Lexington Wednesday morning. Companies of the Third regiment from the western part of the state will begin arriving by tomorrow evening.

Co. L, of this place, in anticipation of the foregoing order, has been busy recruiting new members for the past several days and as a result the company will leave Murray the latter part of the week with more than one hundred enlisted men. Capt. Clark and other officers of the company have made trips to Paducah to secure men and as a result of their going quite a number of recruits were secured. Lieut. Walker also made trips to Mayfield for a similar purpose and was able to land a number of new men in that city. In addition to these efforts to recruit the company to full war strength considerable work has been done in this county and as a result the following names of men were added to the company during the past ten days:

William T. Broach, Coleman Trevathan, Roy Riley, John T. Asher, Paul White, Harvey W. Smith, Herman Crick, Chester A. Rowlett, Thos. H. Cochran, Dewey Finney, Rufus Floyd, Alton McClure, Walter M. Stewart, John A. Turner, Perry Wilson, Ed B. Johnson, William H. Waldrop, Hubert Sweeney, Jerome Phillips, Quintis Bedwell, Arnold R. Gream, Lois L. Landall.

From Mayfield the following were recruited: Andrew Jackson Bowlin, Irvin Proctor, Elbert Casey Bowlin, Lois L. Landall. A partial list of the names of the Paducah boys follows: Henry I. Swain, Marvin Tidwell, John M. Jones, Herbert L. Mitchell, Oscar J. Hosick, Frank H. McConnell, Walter B. McNunn, Vess Reams, Walter Miller, Fred Suddeth, Claud M. Turner, Walter Foster, Estel Hines. In the company are three brothers, all of Paducah; they are Clifford Turner, Claud Turner and John Turner, the latter two joining the company since the return from the Mexican border. Clifford Turner has been in the company for several months. They are all well known Paducahans.

Clint Broach Candidate for Re-election.

After deliberating the matter at considerable length and repeated solicitations from many friends throughout the county Clint Broach, the present county clerk, authorizes the paper to place his announcement before the voters of the

county as a candidate for re-election. Mr. Broach has served for only four years and during that time has thoroughly demonstrated to the people his ability to discharge the duties of the office in a very capable and efficient manner, winning many friends by close application to the business affairs and prompt and courteous treatment to all patrons. He is asking the time honored custom of an endorsement for efficient service and will make his appeal to the voters upon this basis, relying upon the voters for a fair and just consideration of his claims. Mr. Broach is a splendid gentleman, affable, agreeable and a man who has made many friends who will be glad to support his candidacy for re-election. While it is not Mr. Broach's intention to neglect the duties of the office it is his purpose to make an active campaign of the county. He asks your thoughtful consideration of his claims for re-election and will thank you for any support tendered.

Baby Week Observance.

State Labor Inspector, Jack Nelson, will go to Murray, Ky., the first week in May to address the Civic League on the child labor law. The ladies of the Civic league at Murray made a special request that Inspector Nelson address them at their May meeting. Paducah Sun. They have also secured picture slides from the surgeon general at Washington on baby welfare and slides on child from the children's bureau, to be shown on Baby Week. Prof. Jagers will use the lantern at the school house to show the pictures and will carry them to several points in the county making it a Calloway county baby week.

Two Lecturers for Murray.

The county board of health and county medical association will bring Dr. McCormack and Dr. Heizer to Murray for a lecture Saturday April 21st at 2 o'clock at the Methodist church. Dr. McCormack is secretary of the state board of health and Dr. Heizer is secretary of the state tuberculosis commission. Every one should be interested in hearing these able lecturers. They will make a careful inspection of the town and recommend such improvements as are needed.

G. H. Windsor for County Clerk.

This issue of the Ledger contains the authorized announcement of Mr. Galen H. Windsor, of the south part of the county, as a candidate for the office of clerk of the Calloway county court. Mr. Windsor is at present engaged as a teacher in the schools of Argenta, Ark., but expects to arrive at home within the next few weeks to actively prosecute his candidacy. He is a native son of Calloway and for the past number of years has been engaged as a teacher in the schools of this county, having taught in a number of the leading districts of the western part of the county, and that he is splendidly qualified to discharge every duty of the office in a satisfactory manner is not questioned by those who are acquainted

EDITORIAL

Possibly as little has been done on the local tobacco market the past week as during any week since the market opened. Nearly all of the contract houses have completed pricing tobacco on hand and owing to the dry weather for the past week or more but very few loads have been delivered. If any has been brought to the city and offered for sale the Ledger does not know it. The loose leaf house did not hold a sale this week. There yet remains in the hands of the farmers a considerable part of the best leaf. This condition also prevails in Graves county and in numerous other counties of the western part of the state. The majority of those who have tobacco are not inclined to haul it off under present market conditions in order to give it away. With prices on every other commodity soaring higher and higher each day, wheat playing around the \$2.50 mark and corn hugging close up to the \$1.00 spot per barrel, hogs topping at \$16, seed potatoes \$3.50, beans so high that they have quit making

with him. He is a popular young gentleman and enters the race only after the urgent and repeated solicitations of many friends, and while it is not possible for him to be at home for a few weeks he sends greetings to home folks and will appreciate any favors shown him during this time, and as soon as he returns home will make a strong effort to see the voters of the county and personally present his claims for consideration. Mr. Windsor is a staunch young democrat and has been active in local affairs in numerous previous campaigns.

Jackson Purchase Oratory.

The Jackson Purchase Oratorical Association will hold its first annual contest next Friday evening, April 20, in the Christian church of this city. Murray, Paducah, LaCenter and Mayfield will each present one girl and one boy. Mr. H. J. Wright will present the victorious boy with a gold medal and the Murray high school will be responsible for the girl's medal. The manuscript judges, Dr. Barter Alexander, of Nashville, Dr. T. C. Noe, of Lexington and Supt. R. A. Edwards, of Morgantown, have completed their work and the grades are in. The judges on delivery are Supt. Arthur C. Nute, of Union City, Supt. T. C. Clendenen, of Cairo, and Prof. A. L. Crabb, of Bowling Green.

First Christian Church.

Get the Sunday school habit. It's a good one. Just two Sundays now until "Go to Sunday School Day" in Kentucky. We should work for the largest attendance possible on these two Sundays in order to reach our special aim for the first Sunday in May. The pastor will preach Sunday at 11 A. M. and 7:45 P. M. Miss Eric Keys and Tom Wil-

liams will sing a duet at the evening service. Miss Roxie Byers will lead the Christian Endeavor meeting Sunday evening. She has arranged a special program and we hope a large number of our church people and friends as well as the members of the C. E. will be present to enjoy it. Service at 6:45. May 5 is the date and "That Little Man," Clyde Poulter, is the popular entertainer. He will present An Evening of Humor and Philosophy at the opera house and you dare not miss it. Someone from Lebanon Junction, Ky., says: "When Clyde Poulter gives an entertainment not a person in his audience is slightest. He has chosen selections with reference to their highest merits and has taken special precaution to select such a variety that each individual, from the smallest school child to the busiest and deepest thinking man, can fully enjoy. He is master of the art of 'improvisation'."

Given Warning by President.

Washington, April 10.—All persons in the United States, citizens as well as aliens, are warned in a proclamation President Wilson issued today, that treasonable acts, or attempts to shield those committing treasonable acts, will be vigorously prosecuted. The proclamation defines treason, citing statutes, provisions of the Constitution and decisions of the courts, and declares that the acts described will be regarded as treasonable, whether committed within the borders of the United States or elsewhere. Far-reaching importance attaches to the direction of warning to aliens, and the declaration that "resident aliens" as well as citizens who owe allegiance to the United States and, therefore, are equally subject to laws against treason and other like crimes. At war the United States is in

a very different position from a neutral. Bomb plotters may now be gripped with an iron hand. Not only are conspirators subject to a heavy penalty, but anyone, even a German subject, who is a resident in this country, and who has knowledge of treasonable acts or fails to make known the facts to the authorities may be kept to prison seven years and fined \$1,000.

"Dock" Adams for Magistrate.

Down in Brinkley precinct if it should be said that A. P. R. Adams was a candidate for magistrate many persons would begin to inquire about where the gentleman lived, but when you say "Dock" Adams is a candidate for magistrate folks at once know who you mean and also know the gentleman himself quite well. Mr. Adams has instructed the Ledger to place his name in its announcement column this week as a candidate for this very important place, and in complying with his request we feel at some loss to know what to say of this splendid citizen that his home folks are not thoroughly acquainted with. He is one of the most widely known citizens of that section of the county and is capable of making a splendid and acceptable official, and promises in the very beginning of the campaign to devote his best efforts to the duties of the place in order that the interests of his home precinct and the entire county might be served to the very best advantage. Mr. Adams is conservative in his views and believes in an economical expenditure of the county's funds, a man of strong convictions and will urge all measures of benefit to his people fearlessly. He invites the people of his home district to give his candidacy intelligent consideration and pledges himself in case of his election to serve his district and county to the best of his ability.

An Appeal to the Farmer.

April 10, 1917.

TO THE FARMERS OF THE COUNTRY:

At the present moment it is our plain duty to take adequate steps that not only our own people be fed, but that we may, if possible, answer the call for food of other nations now at war. In this greatest of human needs I feel that the American farmer will do his part to the uttermost. By planting and increasing his production in every way possible every farmer will perform a labor of patriotism for which he will be recognized as a soldier of the commissary, adding his share to the food supply of the people. (Signed.)

WOODROW WILSON.

SPECIAL GRAND JURY SUMMONED BY JUDGE BUSH

An unexpected turn in circuit court affairs was taken last Wednesday afternoon when Commis-

sioner's Attorney Smith filed a motion before Judge Bush asking that a special grand jury be summoned forthwith to investigate the mob cases. The grand jury empaneled on the first day of the present term of court adjourned Wednesday at noon after thoroughly investigating the matter and failed to return any indictments. It is stated that the jury stood six for indicting and six opposed. When the jury first reported their failure to find a true bill against members of the mob Judge Bush summoned the jury before him and delivered a second charge, and on Wednesday morning he again called the jury into open court for further instructions and at the same time he requested the jury to file a written report setting forth reasons for not indicting. This the jury refused to do and they were discharged.

The action taken by Attorney Smith is very unusual, in fact is without precedent in this county. Sheriff Patterson and his deputies were ordered to summon the special venire from which the jury will be selected and it is expected that the jury will be empaneled Friday morning for the special purpose of taking up the matter of a second investigation of the mob.

The petit jury was dismissed Wednesday afternoon also. The commonwealth cases were finished last Saturday and but few cases of importance have been heard this week. The action of the commonwealth's attorney in asking for a second grand jury has been the topic of conversation since the motion was filed.

Al Wilson Paroled

Alvin Wilson was granted a parole from the Eddyville penitentiary at the regular meeting of the Prison Board in Frankfort last week. Wilson shot and killed Alfred Hendrick on the streets of Cadiz in March 1910. He was tried at the following May court and given twenty-one years in the penitentiary, and was received at the Eddyville prison in September following. He had served six years last September, but given credit for the good time which the law allows, he served something like nine years of the sentence of twenty-one. We understand that he will go to St. Louis to reside. Cadiz Record.

Dae T. Goings died last Saturday morning at his home on Maple avenue after an illness of some time of pella. He was about 55 years of age and was a well known citizen of Murray. He is survived by a wife and two daughters, Mrs. Daniel Martin and Mrs. Earl Slaughter. The burial took place Sunday in the Old Salem grave yard.

Petition for Road.

To the Hon. Judge of the Calloway County Court:

The undersigned petitioners would represent that they and each of them are residents and land owners of Calloway county. And your petitioners ask that a new road be opened and laid out, beginning at the Mayfield and Murray road on the lands of Elmo and Tommie Fain, running thence north through the lands of Turner Venable, Will Kirkland, A. C. Hixon, R. L. Ray, Galen Myers, H. E. Farmer, Olen Story, C. P. Lassiter, Elbert Lassiter, Dock Palmer and Alf Farmer, to the Murray and Kirksey road, a distance of about two miles.

Your petitioners represent that said road is necessary and will be of much convenience to these petitioners and the public in reaching church, county seat and railroad.

Your petitioners ask that said road be laid out thirty feet wide and on the lands above described, and would represent that no other lands will be affected by said road, and that same will not damage any either of said land owners, but will in fact be of much more benefit to each and all of them than the value of the land taken to establish said road.

Wherefore, your petitioners request the appointment of com-

missioners and the making of all orders necessary to establish and lay out said road. — O. T. Venable, A. C. Hixon, R. L. Ray, G. C. Myers, H. E. Farmer, O. W. Story, Elbert Lassiter, C. P. Lassiter, D. E. Fain, P. H. Kirkland and T. W. Fain.

Uncle Sam Says— "Fruit Trees Earn You 8 Times as Much as Grain"

Do you know that fruit growers have discovered a definite way to make fruit growing pay wonderfully well?

Thousands of farmers have grown rich at it, and easily because the United States Census figures show that orchards pay eight times as much per acre as grain crops.

Let me show you how you can make big money growing fruit—the kind of fruit that

WHOSE TRADEMARK IS

"The Roofing That Never Leaks"

THEY are the largest manufacturers of good roofing in the U. S. A. Their roofing is made on a wool felt base which is saturated with a Gilsonite Asphalt saturation, which is forced by air pressure through every fibre of the felt. The felt is then compressed making a strong durable base. This description applies to our smooth surface roofing as well as the crushed rock face surfaces.

Our 1, 2 and 3 ply Veribest and Durable roofing we place with you on the following conditions: A written guarantee of 5, 8 and 12 years. Coated well once within 18 months of application an inexpensive coating.

Crystal Top Roofing

Weight, 75 pounds per square, complete with galvanized nails and cement. Crystal Top Roofing will last for years and needs no painting, is easily laid and absolutely free from coal tar or any other deteriorating substance.

This roofing contains a high grade asphalt saturation and coating. It is fire brand proof, acid proof and weather proof, and is sold at a reasonable price. Crystal Top Roofing is surfaced on the weather side with crushed felspar which is firmly embedded in the asphalt material, forming the body of the roofing. The result is a granite like surface requiring no painting.

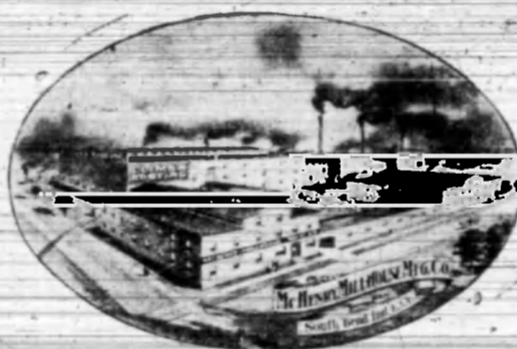

Furthermore, it presents a handsome appearance. There is no similar roofing on the market that can equal it either in durability or looks. Put up in one square rolls containing 100 square feet.

Green Slate Surface Roofing

This grade of ornamental roofing is surfaced with a mineral containing a beautiful and permanent green shade. The mineral surfacing, while giving a beautiful green effect to the face of the roofing which will never fade or discolor, also furnishes at the same time a weather-resisting coating that can be depended upon for service for many years to come.

Green Slate Roofing is recommended for small homes, good barns or any class of buildings where an ornamental effect is desired at small cost. It is made on the heaviest wool felt used in best grades of roofing and is 32 inches wide, weighs 80 pounds per roll, complete with galvanized nails and cement.

In connection with the above roofing we can sell you some cheap roofing, but

WHY SUFFER SO?

Why suffer from a bad back, from sharp shooting twinges, headaches, dizziness, and distressing urinary ills? Murray people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

C. C. Marshall, N. Curd St., Murray, says: "I have used Doan's Kidney Pills off and on for years when my kidneys have bothered me by being to frequent in action. The kidney secretions at these times have been scalding in passage and highly colored. I have had pains across the small of my back, which bothered me mostly when I bent over. Doan's Kidney Pills have always driven this pain from my back and have regulated the action of my kidneys."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Marshall used.—Foster-Milburn Co., Props., Buffalo, N. Y.

Stallions Battle to their Death.

Louisville, Ky., April 17.—A battle of stallions at Bashford Manor, the breeding farm of Mr. George J. Long, on the Bardonia road, resulted Sunday afternoon in the destruction of horse flesh worth \$20,000 or more.

Free Lance and Ralph came together when one left a gate open and Free Lance made his way into the same paddock with Ralph.

The fighting instinct that causes the wild stallions to strive for the mastery of the drove until one is slain brought an immediate challenge to battle.

Snorting their defiance, the two rushed together kicking and biting. Their iron hoofs resounded on one another's ribs.

The men on the place attracted by the sounds of the battle and knowing that it means a duel to the death rushed into the paddock. It was worth a man's life to get near the engaged animals, but they finally succeeded in driving Ralph off after Free Lance had fallen beneath the greater strength of the younger animal.

Free Lance died of his injuries last night. It is doubtful if Ralph will recover from his injuries.

Mr. Long had refused \$20,000 for Free Lance. He was eight years old and was bred at Bashford Manor, being by Imp Alvascent, out of Merry Heart. He won five races as a two year old. He was always a rather hard luck horse, as in his first race at Churchill Downs he finished first, but was disqualified. He won five races as a two-year-old. As a three year old in 1912 he won the Latonia Derby, and won his last five races. While at the height of his career he developed a bowel tendon and was retired to the stud. He was easily the champion three year-old that year.

Ralph was six years old. As a two-year-old he won eight races, but developed a plugged artery and was retired to the stud. He was also a most valuable animal.

Now Ready For Business.

The National Farm Loan Association of Calloway county is now ready with blank applications, furnished by the Federal Land Bank, of Louisville, Ky., for parties desiring a farm loan to fill out and sign.

Bring your deeds, as a complete description of your farms is required.

These application blanks must be filled out and signed by the would-be borrowers before the loan committee can pass upon the loan and before the loan can be made.

Very truly

RHEUMATISM CAN BE CURED!

So Can Lumbago, Gout, Sciatica and Uric Acid Complaints.

Thousands know what Campbells' Rheumatism Remedy will do for rheumatism, lumbago, gout and kindred diseases caused by excess uric acid in the blood. It is the only remedy that will only give you a chance by taking it.

Read what Mr. W. A. Wilson, 212 West Chestnut street, Louisville, Ky., says: "For the benefit of others who are afflicted and who, I want to add a word of praise on behalf of your wonderful medicine. I was suffering with rheumatism, my blood was in bad order and general health very much run down. Was induced to try your medicine, which I did, but with some reluctance at first for other recommended remedies had failed to benefit me. I had found it to be just what I needed, and am glad to say that Mr. R. R. cured me of all my ailments and I feel well and strong again."

One bottle of R. R. R. will prove to you that R. R. R. will do for you what it did for Mr. Wilson. Don't be discouraged, crippled, tortured—cure yourself with R. R. R., \$1 per bottle at your druggist.

Sold in Murray and recommended as the world's best cure remedy by H. B. Weaver and J. Stubblefield & Co. and H. D. Thornton Drug Co.

You Can Make Excellent Cake with Fewer Eggs

Use an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way

1 cup sugar
1 cup milk
1 cup flour
1 teaspoon Royal Baking Powder
3 eggs
1 cup shortening
1 teaspoon flavoring

New Way

1 cup sugar
1 cup milk
1 cup flour
2 teaspoons Royal Baking Powder
1 egg
1 cup shortening
1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS: Cream the sugar and shortening together, then mix in the egg. After adding the flour and Royal Baking Powder together two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth batter. Add the flavoring. Pour into greased layer cake tin and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

This has been clean-up week for the city and it is to be hoped that by Saturday night all premises in the city will have received its much needed scrubbing and scouring. The business men of the city have been quite liberal in their donations toward the fund to make the undertaking a success. Each person who has collected rubbish to be removed is asked to report same that it might be removed promptly by the city. A number of additional contributions were made this week and after the city is inspected the premiums will be awarded and announced next week. It is regrettable that this move for a cleaner city was not extended to include the alleys and streets of the town, their condition beggars description.

Dr. W. A. Ganfield, president of Center college, Danville, will lecture in Murray next Tuesday morning at 10 o'clock. Arrangements have not been completed for the place and announcement will be made later. Dr. Ganfield is one of Kentucky's ablest men and should be heard by everyone who can attend.

At a recent meeting of the fiscal court the tax rate for the year 1917 was fixed by the court at 20 cents on the hundred for general expenses and 30 cents for road and bridge fund. It was found that owing to the amount of money now in the court house sinking fund that it would not be necessary to set aside any additional funds for this purpose this year. Judge Langston was in Frankfort the past week and was assured by the commissioner of roads that Calloway would be able to secure \$5,000 for road work this year to be expended on the state aid plan. This sum with the amount to be realized from the 30 cent levy will give to the county quite a sum of money for road building.

KILLS PAIN

Every Drop of

Heath & Milligan Paint is subjected to a pressure of 2,200 pounds.

EVERY DROP goes through seven slow thorough processes of manufacture, which insures complete uniformity or mixing.

That's why Heath & Milligan Paint lasts so long. It looks so much better and you use so much less than any other paint.

Every drop is absolutely uniform, that is why it never wears out in spots, but after years and years of exposure you will find all parts have worn down gradually, smoothly and evenly and the wood in splendid shape, underneath.

Ask me for sample color cards and more reasons why you should use Heath & Milligan Paints.

DEMAND FOR TANLAC ALMOST INCREDIBLE

Big Laboratories at Dayton Unable to Supply Enormous Demand—Capacity Increased to Thirty Thousand Bottles Daily—Dealers and Jobbers Clustering for It Branch Plants to be Established Throughout United States and Canada.

"We tell the people to have a little patience and we will soon be able to supply the demand for Tanlac."

This was the message recently flashed from the office of G. F. Willis, the Southern and Western distributor of Tanlac at Atlanta, Georgia.

The message was sent out in response to the urgent telegrams, letters and long distance phone calls which have been pouring into his office from the leading dealers and drug jobbers from all parts of the South and West, complaining that the demand for Tanlac was greatly in excess of the supply.

In a later statement Mr. Willis said:

"This condition was brought about

not only by the enormous demand for

Tanlac but by the congested condition

of the railroads.

"When it seemed almost certain

that the threatened nation-wide rail-

road strike would go into effect, we

made arrangements to keep our prin-

cipal distributors supplied by express.

Over one thousand (\$1,000,000) dollars

was spent for express charges in a

single day on Texas and Oklahoma

orders alone.

Working at Top Speed.

"Although the big Tanlac labora-

tories at Dayton, Ohio, have been run-

ning at top speed turning out their

full capacity of approximately twenty

five thousand bottles per day, we have

been wholly unable to meet the de-

mand for Tanlac which has been cre-

ated during the past two years.

"In addition to the Dayton labora-

tories with their enormous output the

export laboratory, Ontario, is now plan-

ning to establish branch plants in the

Central West, on the West coast and

in the Dominion of Canada, and unless

international complications make it

impossible for us to secure the neces-

sary quantities in the way of raw ma-

terials, herbs, barks, etc., many of which

come from remote parts of the globe,

we will be able to take care of any future

demand.

The wonderful growth and develop-

ment of Tanlac has won the market of

the commercial world and the amaz-

ing success achieved by the prepara-

tion seems almost incredible.

What Dealers Say.

In only two years time over seven

and one-half million bottles have been

sent to the dealers and jobbers in the

United States and Canada. The demand

has been so great that the dealers

have been unable to obtain it on ac-

count of the inability of the

laboratory to supply it.

Dealers and jobbers have been al-

most frantic because of their inability

to fill the thousands of orders they

have been receiving and the following

letters and telegrams from well known

firms have ample evidence of the won-

derful growth and popularity of Tan-

lac.

"Indian, Texas, Feb. 21, 1917.

"G. F. WILLIS, Atlanta, Georgia.

"Please ship our Tanlac. The car

now in transit will only last two or

three days.

Captain Paul Jones

Of all human things nothing is more honorable or more excellent than to die for one's country. — Cicero.

History pages do not relate more noble or thrilling story than that of the triumph won against great odds by Capt. Paul Jones, in whose veins, although not an American but a Scotchman, there flowed blood staunch and true to the American cause of liberty.

While off the coast of Scotland with the Bonhomme Richard

and the Alliance and the Dallas he was swooped down upon by the British under Captain Pearson which was conveying a merchant fleet.

Jones prepared to meet the enemy as best he could. The British guns had long range and Paul Jones determined to fight close. He brought his ships up to the enemy until the muzzles of his guns came in contact with the enemy ships.

Then ensued one of the most furious conflicts in the history of naval battles, continuing from seven to ten in the evening. Paul Jones' position was desperate in the extreme. His ship was shattered and only three muzzles remained effective, and then he called the enemy with hand grenades which falling into the British ship set her on fire.

At length her magazine blew up, killing all her crew. Pearson commanded his men who wanted to surrender to board the Richard which was also on fire. But Jones and his men refused them so that they were forced to burn.

His ship was killed, his guns silenced and his ship on fire and there was nothing left to do but surrender.

HERE'S TO OLD GLORY, GOD BLESS HER!

If anyone attempts to haul down the American flag, shoot him on the spot. — John A. Dix.

O folds of white and scarlet! O blue field with your silver stars! May fond eyes welcome you, willing feet follow you, strong hands defend you, warm hearts cherish you, and dying lips give you their blessing! Ours by inheritance, ours by allegiance, ours by affection—long may you float on the free winds of heaven, the emblem of liberty, the hope of the world! — Anon.

THE PRICE OF PEACE.

I HAVE never advocated war as a means of peace.

Peace won by compromise is usually a short-lived achievement. — Winfield Scott.

Peace, above all things, is to be desired. The world must be united by peace, and lasting peace can only be achieved by peace. — Andrew Jackson.

CALOMEL MAKES YOU SICK, UGH! IT'S MERCURY AND SALIVATES

Straighten Up! Don't Lose a Day's Work! Clean Your Sluggish Liver and Bowels With "Dodson's Liver Tone."

"Tight Calomel makes you sick. Take a dose of the vile, dangerous drug to-

night and tomorrow you may lose a day's work."

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, break-

ing it up. This is when you feel that awful nausea and cramping. If you feel sluggish and "all knocked out," if your liver is torpid and bowels consti-

ipated, if you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store or dealer and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't

straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—Adv.

Green's August Flower

Used All Over the Civilized World for More Than 50 Years.

Stomach troubles seem to be almost universal the last few years. It seems long since we have known of a healthy, vigorous, robust man, whose food was digested, whose bowels were regular, whose system was in perfect harmony with the world.

Green's August Flower is a powerful, yet gentle, laxative, which acts on the bowels, and restores the system to its normal condition. It is a powerful, yet gentle, laxative, which acts on the bowels, and restores the system to its normal condition.

Lee Clark for Representative

To the voters of Calloway county: In announcing my candidacy some weeks ago for the office of representative, I fully recognized the importance of this office and believe you are entitled to know what my position would be on important questions coming before the next general assembly.

I recognize that one of the most important of these will be the temperance question, or the submission of the state-wide amendment. If I should be elected I will do all in my power using my vote and influence for the submission of this amendment. Not only am I for the submission but I will do all I can to have the people adopt same. I believe in the proper revision of our present tax system where by the burdens of taxation can be properly distributed as nearly as possible on all alike.

I believe in the economical administration of all departments of state. For every dollar ex-

pende we should receive a dollar in service. I believe a great deal of money can be saved by the proper retrenchment in a good many departments of the state without injuring the service of the same. I believe that we have too many offices and I shall make it my duty to fully investigate this matter and vote to abolish the ones that can be dispensed with that are not rendering the proper service to the state.

Upon any public question or policy not mentioned in this platform, it will be my pleasure to give a frank answer to my constituents what my position will be.

Trusting that you can see your way clear to give my candidacy your support, and if elected, I assure you that I will work faithfully in the interest of the people of this county, zealously guarding their interests.

Your obedient servant,
LEE CLARK.

Appears Before Board of Equalization

Mr. E. G. Holland appeared before the state board of equalization in Frankfort and protested against the 5 per cent raise on lands and 10 per cent raise on lots of Calloway county the past week. He was appointed by Judge Langston and was successful in getting the raise removed. Mr. Holland is one of the best informed men on assessment valuations in Western Kentucky and when he appears before the state board he presents facts and figures to support his arguments and seldom has he ever failed in accomplishing his mission. He has been sent before this board many different times.

Broom Corn

Bro. Farmer. While planning for a crop this season don't forget to plant broom corn. There has been a very short crop made for the last three years is why corn is as high as it is now, selling for \$300 to \$350 per ton. In normal times corn sells from \$75 to \$200 per ton. A ton can be raised on two acres. We can make as good quality of corn here as in the west. Any land

that makes 5 or 6 barrels of corn per acre is rich enough for broom corn. If the land is not too rich there will not be so much "burr". Broom is the corn that goes on the outside of the broom. The time to plant broom corn is from the middle of May to the last of June, and does not require much cultivation. Keep the weeds down while the corn is small, then plow two or three times. There are many varieties of broom corn, the dwarf variety is the easiest to harvest, as it should be pulled instead of cut. All varieties should be harvested as soon as the stem is strong enough to hold the head up after it is pulled. To make the best quality of corn it should be seeded as it is harvested and spread this to season. The darker the place the greener the corn will be. It should be kept out of the rain and dew after it is harvested. In dry weather corn will be ready for work in 30 days after it is spread. If you will turn the stalks while they are green you will find them to be a good fertilizer for the land as turning pea vines. Hoping this will be of interest to the farmers.
I am respectfully
R. E. Clayton.

DAKOTA JACK

The Celebrated Cowboy

Herbalist

And Owner of the Great

Com-Cel-Sar

One of Paducah's Citizens.

In making this statement says: "DAKOTA JACK is a stranger to me and I am not making this statement for his benefit but for the benefit of my neighbors and friends and for humanity at large."

Paducah, Ky., Mar. 19, 1917. To the Great Common People to Whom This May Concern:

For the past twelve years I have been a constant sufferer of kidney, stomach and bowel troubles and during this time I have spent at least \$500.00 for medicine and doctors. I had constant pains in my back, was getting up all times of the night, and scarcely knew what a good night's rest was. I haven't been so I could eat meat or anything greasy for a number of years. If I did I would spit it up and my stomach would almost kill me. I had no appetite to eat at any time, and nothing I would eat ever tasted right to me. I was always constipated and always trying to get something to help me, but everything I took only seemed to leave me in a worse condition. I never knew what it was to be hungry. For the past year every evening I would have a fever. I ached all over and was losing flesh all the time. I have sure been in a bad shape and had given up all hopes of ever getting any better and lost confidence in all medicines. About five weeks ago I went to B. B. Hook's drug store to try to get something to give me a little relief and there I met DAKOTA JACK. I told him my condition and he says, "Mr. Bolton, take this package of COM-CEL-SAR, and use it according to directions and if it don't relieve you, you come to me and get your money back. So I gave

him \$1.00 for 3 packages of COM-CEL-SAR. He says, "Now you weigh and then weigh when you get through with the treatment and you will be surprised." So as I went on home I stepped in a store and weighed, just to see if there could be any change or relief for me, and I weighed 129 pounds. That was five weeks ago today. Today I weighed 145 pounds, a gain of 16 pounds in five weeks, the most wonderful thing I ever heard of. Now I sleep at night, eat anything I want, meat or anything else, and nothing hurts me at all. I have a good color in my face, my back doesn't hurt me any more, I don't have to get up at night, no more pains in my back and hips, my bowels are in fine shape, and dear friends, I feel like a new man.

I wouldn't risk being back in the same shape I was in five weeks ago and like I have been for five years for no kind of money. Health is better to me than money and no one knows how to appreciate good health until they once lose it. I can easily make money, but money won't always buy health. I am writing this for the benefit of people who suffer with Kidney, Stomach and Bowel troubles. I feel that I would like to be the means of helping someone who suffered as I have. I will ask you to take COM-CEL-SAR and you will thank me for writing this statement. It only costs you \$1. and will be worth \$1.000 to you. Any person wanting me to verify this statement call and see me or write me.

Yours for good health,
JOE BOLTON, May 19, 17

Dee Houston for Sheriff

To the Citizens of Calloway County:

A few weeks ago I authorized the announcement in the columns of this paper that I would for the second time seek the democratic nomination for the office of sheriff of Calloway county, in the August primary, 1917. I did this after due deliberation and much inquiry regarding the race for sheriff, feeling that I have a most excellent chance to be nominated and elected this time, to this important office.

Four years ago I made the race for sheriff of Calloway county against a field full of worthy candidates and was defeated by only 21 votes, being the second choice for this place by the good people of Calloway county. I made a clean and honorable race, I accepted my defeat as a true American citizen submitting to the power that should rule—The Great Common People.

But now, my friends from every section of the county contend that I enter the race, this time much stronger in my following than I did before and that I will win. The office of sheriff is an important one in Calloway county. Since I have served the county as deputy sheriff, I fully realize the many duties that are required of a man who holds this office. I promise if elected to this office to give you an honest, straight forward administration of the office, and to devote my entire time for which the duties of the office calls and to do all in my power to make you an acceptable and accommodating official. The office belongs to the people and they have a right to demand good and constant service from the man they select. I promise if elected to this office to choose for my deputies men who are qualified, sober and have a clear conception of the duties of this office and will discharge them without fear or favor, and treat all men in every walk of life with kindness and fairness in the performance of all their official duties.

I was born in Calloway county and have never lived outside her borders. My life and conduct as a private citizen and a public official is an open book for your inspection. Outside of three years in the mercantile business and two years which I served as deputy sheriff I have labored on the farm for the support of myself and family. I do not think it out of my place to say that in my other race I carried the magisterial districts of Murray, Hazel, Wadesboro and Liberty over either of my opponents. The first three named being the districts I served as deputy sheriff, this being evidence of the esteem in which I was held by the people who knew me as a public official as well as a private citizen.

I am a candidate for this office because I have long cherished an ambition to once serve my county as its sheriff. I have entered this race with kindest of feelings toward each of my opponents. They are my friends and shall continue to be my friends. I shall conduct my canvass in a gentlemanly manner, treating them with courtesy that is due them and if I cannot win the nomination honorably and squarely I prefer to go down in defeat and never have gratified the ambition I hold so dearly.

My candidacy is with you as sound thinking citizens and is to you as men of character and high ideals and who vote as such. I want the influence of every man, woman and child and of every influence and interest, moral, financial or otherwise which has for its object a bigger and better Calloway county, and a purer and more wholesome citizenship to the end that I may serve every man and interest alike and truly be a sheriff of the people of Calloway county. I have made a partial canvass of the voters and find many who will support me this time who were not in my following in the last race, and with the assistance of my friends I can secure the nomination in the August primary. I expect to make a most thorough canvass of the county and shall hope to see and talk personally with each voter regarding my race. I have no enemies to punish, only friends to serve. And if you see fit to give me your vote and influence in this race I shall most highly appreciate it, and if elected I will use every energy within me to see that you never regret it and will make you an honest, faithful and efficient sheriff. Thanking you for the most excellent vote you gave me four years ago and for many favors of the past and that after due consideration of my claims for this office that I may this time be your first choice for the very important office of sheriff of Calloway county.

I am yours to serve,
DEE HOUSTON.
