## F.D.E.A. Begins 53rd. Meet at Murray State Tomorrow

### OFFICIALS EXPECT 1,600 TEACHERS TO BE ON CAMPUS

Some of Nation's Greatest Educators Are on Schedule

#### MISS HELEN HOWE TO LEAD PROGRAM

Murray State College this week is preparing to welcome 1,600 teachers of West Kentucky at the fifty-third session of the First District Education Association which convenes here Friday and Saturday of this week. Edward F. Blackburn, Princeton, superintendent of Caldwell county schools, is president of the F.D.E.A.

"Every teacher a member of the Association" is listed as one of the general objectives of the F.D.E.A. The officers expect every member to participate in and to profit by the program prepared annually.

The general session will open Friday morning at 9:30 with a number by the Murray College band. Among the outstanding speakers who will appear on the program are President J. H. Richmond, Murray; Harry W. Peters, state superintendent of public instruction; W. P. King, secretary of the KEA; Dr. Rollo W. Brown, nationally prominent lecturer; Dr. Henry J. Arnold, president of Wittenburg College, and others.

Dr. Clyde E. Wildman, president of DePauw University, Greencastle, Ind.; Helen Howe, impersonator extraordinary; and N. O. Kimbler, president of the KEA will be outstanding among the out-of-community performers on the program.

Group conferences with presiding officers have been listed as follows: Adult education, Waylon Rayburn, Murray; athletics and physical education, Walter C. Letton, Paducah; attendance officers, Homer Witherspoon, Clinton; commerce, R. L. Montgomery, Paducah; English, F. D. Melien, Murray; foreign languages, Miss Nadine Overall, Murray; home economy, Miss Pattie Bolin, Clinton; librarians, W. J. Gibson, Murray; mathematics, Miss Elizabeth Carter, Mayfield; music, W. H. Fox, Murray; N.Y.A. Otis C. Amis, Louisville; natural sciences, W. B. Moser, Murray; school board members, Boone Hill, Sharpe; social sciences, R. Snodgrass, Paducah.

The general session for Friday evening will be featured by Miss Helen Howe in her "Characters and Caricatures." New officers will be presented at that time and the college orchestra will give a 35-minute concert.

Prof. W. B. Moser of the Murray High School said today that the department of Natural Science of which he is chairman will meet at 3 o'clock Friday afternoon at the Murray State College training school. The main speaker for the occasion is Prof. G. B. Pennebaker, of the college department of biology, who will speak on "Projects for Winter in Biology." Dr. Liza Spann also will appear on that phase of the program, discussing "How to Make a Herbarium." Miss Mildred Boulton, Tilghman, will describe what "The Teacher's Part in the Control of Syphilis" is, and W. B. Winfree, Marion High School, will speak on something or other. A number of demonstrations and projects will be on display.

By far the most spectacular of the whole performance of the F.D.E.A. according to advance notices, will be the appearance of Miss Helen Howe, whose monodramas and readings have gained her nation-wide acclaim. She will make her appearance at 8 o'clock Friday evening in the college auditorium, immediately after the concert of the Murray College orchestra.

Kirks Child Dies At Home Saturday Of 10-Day Illness

Little J. B. "Jack" Kirks, 4-year old son of Mr. and Mrs. Burley Kirks, died of colitis at his home near Redden Saturday afternoon. He had been ill 10 days.

Surviving him are his mother and father and three brothers, Robert Dean, Yewell Franklin, and Ronald J., in addition to several uncles and aunts.

The Rev. J. H. Thurman, Baptist minister, conducted the funeral services at the Ledbetter Baptist Church at 2 o'clock Sunday afternoon, after which the child was buried at the Ledbetter Cemetery.

### BUSINESS CLUBMEN CONVENE IN HOTEL

Joe Lovett Introduces John S. Neal, New Editor of Ledger & Times

The Young Business Men's Club of Murray had its regular weekly meeting in the banquet hall of the National Hotel Monday night, with newly elected President Harry Sledd in charge.

Routine affairs featured the business session, primary among which were the approval of the financial report submitted by retiring secretary Clifton Thurman and the appointment of a committee of Murray State College alumni to stand among the out-of-community performers on the program.

Group conferences with presiding officers have been listed as follows: Adult education, Waylon Rayburn, Murray; athletics and physical education, Walter C. Letton, Paducah; attendance officers, Homer Witherspoon, Clinton; commerce, R. L. Montgomery, Paducah; English, F. D. Melien, Murray; foreign languages, Miss Nadine Overall, Murray; home economy, Miss Pattie Bolin, Clinton; librarians, W. J. Gibson, Murray; mathematics, Miss Elizabeth Carter, Mayfield; music, W. H. Fox, Murray; N.Y.A. Otis C. Amis, Louisville; natural sciences, W. B. Moser, Murray; school board members, Boone Hill, Sharpe; social sciences, R. Snodgrass, Paducah.

The general session for Friday evening will be featured by Miss Helen Howe in her "Characters and Caricatures." New officers will be presented at that time and the college orchestra will give a 35-minute concert.

### PAT WEAR RECORDS WEEK'S WEATHER

Rainfall Is Heavy; Farmers Are Deep Harvest.

Swift on the heels of reddening leaves and windy afternoons comes autumn, and hard at work in the harvest plots farmers make ready for winter.

United States Weather Recorder Pat Wear keeps abreast of autumn in its every change. September's hottest day was its first which registered 85 degrees. The coolest night in September was that of the 18th which dropped to 42 degrees. The total rainfall for the month was 2.63 inches.

The temperature for the week as listed by Wear reads as follows: September 30, the high was 84, low 52; October 1, high 86, low 52; October 2, high 74, low 52; October 3, high 71, low 68; October 4, high 79, low 68; October 5, high 86, low 71; and October 6, high 88, low 68.

The heaviest rainfall for the week came Monday of this week when .78 of an inch fell. The total rainfall for the week was almost as high as high as September's entire reading, the measure climbing to 2.68 inches.

Practically all tobacco in the county has been housed; corn is ready in many fields for harvesting; sorghum is being made; cotton sales show a far greater pouge than last year; and winter plowing and sowing is in progress. Early October's hot wave has been offset by temperatures that dropped during the night to cooler and more temperate figures.

## COUNCIL DECLARES SALE OF LIQUOR IS ILLEGAL ON SUNDAY

Also Prohibits Through Ordinance Its Consumption on Certain Hours

### CONSIDERS OTHER MATTERS ON HAND

The Murray City Council in a regular bi-monthly session Friday night prohibited the sale of beer or any intoxicating beverages, or the consumption of either, by or in any public place on Sunday or between the hours of midnight and 6 o'clock in the morning.

It placed a penalty on any person found guilty of violating the ordinance of not less than \$10 and not more than \$15 for the first offense.

Coming before the Council was a committee of business men representing commercial establishments on North Third and Fourth Streets, requesting the city to furnish lights. It was the contention of the committee that the rapidly growing business on the streets in question and the subsequent increase in tax revenue which will be forthcoming that the request was justifiable. Jeff Farris led the committee and placed its resolution before the council.

Mayor F. H. Graham referred the matter to the street committee after Farris had made known that it was Whiteaway lights requested, the same as now used on the Main Square of Murray.

Hearing a report on the cost of street signs for Murray, the council referred the matter to the street committee for further investigation after hearing the news that double signs with posts would cost \$5 each and that single signs would be necessary to take care of the street situation if the colored section of Murray were not included in the deal. The signs would be of baked enamel, and of the same type as the Highway Department uses.

It was decided by the council that a man be employed to keep the streets of Murray clean, and the matter was referred to the street committee to select the workman.

A letter from Mrs. Ben Scherfflin protesting the bad odor at the entrance to the city of Murray on the East Highway received consideration by the group, but was set aside in the hope that a good general rain would take care of the matter.

Concerning the highway proposed to be built from Olive Street to Poplar, on Twelfth Street, the council went on record as supporting to the limit the gaining of right-of-way claims, provided the county would do likewise and stated its willingness to condemn territory if necessary in order to get the road. Senator T. O. Turner already has gained right-of-way option from every owner along the road but three.

The city also honored the request Friday night of residents on North Seventh Street who asked that a light be put up on Front of Frank Holcomb's house. Prowlers, the committee said, have been frequent there during the last week or two at night.

A wide program of alley work which may go even so far as paving was discussed by the council.

### L. E. Owen Ships Car Popcorn to Chicago Market

L. E. Owen, well known insurance and business man in Murray as well as a farmer, shipped a car load of popcorn Tuesday to the Chicago market. Mr. Owen stated that there was between 45 and 50 thousand pounds of the golden grain in the car.

As soon as the car reaches the market and the price established for the grade of corn shipped in his intention to ship some 4 or 5 more cars. Several farmers in the county produce a large acreage this year.

### FIRST CHRISTIAN CHURCH

There will be no preaching services at the First Christian Church, next Sunday, due to the absence of the minister, A. V. Havens, who will be holding a revival meeting in northern Kentucky, near Cincinnati.

The Sunday School will meet at 9:30, led by Superintendent Geo. S. Hart. The communion service will be held following the Sunday School, at 10:30.

The Christian Endeavor Societies will meet at 6:30, Sunday evening.

The Mid-Week Meeting will be held Wednesday night at 7:30.

## A PERSONAL STATEMENT

With this week's issue of The Ledger & Times, the responsibility for its publication rests upon the shoulders of Raleigh Melan and myself.

To us it is a challenge to move forward and give the people of Murray and Calloway county the best weekly newspaper possible. To follow in the footsteps of Joe T. Lovett, who has been your publisher for the last nine years, and is loved by all of you and respected as a writer and leader of public thought and action, is a task. To merit the opportunity of following Joe is a real privilege.

The will to succeed is uppermost in our minds. By hard work and diligent effort, we hope to achieve our goal.

You all know Raleigh and the fine record he has already made here in Murray and Calloway county as a newspaper man and as a Christian citizen. All of you know Mrs. Melan who is well and favorably known in Murray and throughout the county. Until recently she was connected with some of the mercantile firms of Murray.

I shall have to write my record with you by my work and efforts from now on.

Words are not available to express my sincere appreciation for the genial reception you have given me during my first week with you, and for the kind wishes of success you have bestowed upon me. I pledge myself never to betray your confidence.

My record as a newspaper man was written in your paper last week. It is now my duty to prove that to you.

I shall welcome the counsel of all at all times. I want you to feel free to advise me at all times. It is my honest desire to give the people of Murray and Calloway county the kind of a paper they want and one that they will be proud for their children and friends far and near to read as a representative medium of their community.

We contemplate no change in policy for The Ledger & Times. We shall remain Fair to Our Readers and Fair to Our Advertisers.

Mrs. Neal and I have chosen Murray as our future home. She will be here with our children in a few weeks to make this our permanent home, and raise our boy and girl in this fine community. Due to the illness of her mother she has been detained from coming immediately but will be here in a short while to do her part as a citizen of Murray.

Both Mrs. Neal and I are Democrats by inheritance and by choice, and Mr. Melan is, as you will know, a lifelong Democrat. While The Ledger & Times will by no means be a mere party mouthpiece we expect to be guided by the fundamental principles of Democracy.

JOHN S. NEAL

## Ryan's Coon Dog Has Fifteen Pups

Kate, 3-years old, Joseph "Buddy" Ryan's best coon hound, gave birth Wednesday night to 15 black and tan puppies, who perhaps themselves will be chasing coons before they are very old.

The hound, Kate, is famous throughout Western Kentucky as a hunter of coons. It speaks well for Kate that Ryan considers her the best of all the coon-dogs in his kennels.

## FORMER CALLOWAY WOMAN DIES AT 80

Death Claims County Lady in Her Home in Nashville, Tenn.

Mrs. Martha Ann Stewart, 80 years old, long a resident of Calloway county and many of whose relatives reside here, died at her home in Nashville Monday as a result of complications companionate with old age.

Mrs. Stewart's husband has been dead almost half a century. Faithful to his memory, she never remarried. She was close in her communion with matters pertaining to spiritual faith and acceptance of divine good.

A short funeral service, conducted by the Rev. C. L. Francis, minister of the First Church of Christ in Murray, took place at the Stewart Graveyard near Dexter where she was buried Tuesday afternoon after her transfer from Nashville.

### SPRING CREEK SCHOOL HONOR ROLL

First grade, James S. Johnson; second grade, Betty J. Drinkard; third grade, Charles Steele and Geneva Moody; fourth grade, Robbie Crouse; sixth grade, Imogene Drinkard.

Those that made only one "C" last month are as follows: Second grade, Virginia B. Butler and Betty J. Cunningham; fourth grade, Charles Manny; sixth grade, Eva N. Armstrong and Sarah J. Moody; eighth grade, Mary L. Perry.

### KEY TO BUILD ROAD

R. W. Key and Company, Murray contractors, have received the state bid to reconstruct the pier on the Mayfield Creek on the Paducah-Bardwell Road. It was announced here by authoritative officials this morning.

Key's bid was \$4,995.15.

## JUSTICES MEET; LAMPKINS RESIGNS FROM POOR FARM

Fiscal Court Replaces Him With Joe B. McCuiston in 2-Year Contract

### HOOD PURCHASES COUNTY LIBRARY

The magistrates of Calloway county in a fiscal session in the office of County Judge E. P. Phillips Tuesday accepted the resignation of J. S. Lampkins and son as keepers of the county poor farm and employed in their places Joe B. McCuiston, of New Concord.

Lampkins' resignation becomes effective on January 1, 1938, per his request, and immediately upon his withdrawal, McCuiston assumes his new duties. He is to care for it, cultivate it, and generally to supervise its operation, optional, of course, with the direction of the fiscal court. The inmates of the county farm are to be his special wards, for which he is to receive in payment from the county \$10.50 per month for the upkeep of each individual inmate. The contract calls for two years management of the farm.

The court also accepted the offer of incumbent County Attorney Hall Hood, who purchased the library and two cases in the County Attorney's office for a consideration of \$150. Hood had previously owned the library and merely bought it back from the county after selling it to them early in his attorneyship.

Before it adjourned, the court allowed claims, allowed its own per diem, and appropriated \$373 for the Sewing Project, two-thirds of which will be paid immediately and the remainder on January 1. It also issued an order that the county clerk buy 12 more ballot boxes to care for an existing deficiency. Then the magistrates released the following persons from further payment of poll taxes: M. Rome, Gid Hill, Oury Bazell, D. K. Butterworth, Warren Spann, A. W. W. Minner, were read approved and signed by Judge Phillips.

### Conducts Revival

REV. OTIS GRAY ANDREWS

Above is pictured the Rev. Otis Gray Andrews, general evangelist from Memphis, Tenn., who is conducting a revival meeting at the South Pleasant Grove Methodist Church, which is located four miles west of Hazel. The revival, which began Sunday, will continue into next week. Services are at 10:45 in the morning and at 7:00 in the evening. The Rev. K. G. Dunn, pastor, is assisting.

### Fain Buys Bell's Interest in Store

The partnership between T. W. Fain and T. J. Bell, who for six years operated the Fain-Bell Grocery Store together on the Southwest corner of Court Square, dissolved last week when Fain purchased Bell's interest in the store and now is operating it himself.

Both Bell and Fain are life-long residents of Calloway county, and both have been in the grocery business for long. Fain has operated a store in Murray for the last 23 years, and Bell has been in the business more than 30 years.

The many friends of both wish them continued success in the respective enterprises of each. Fain in his store, and Bell in what ever he chooses to take up.

### CHURCH OF CHRIST

Brother Charles R. Brewer continues the protracted meeting at the Church of Christ. Large crowds and excellent preaching are characterizing the meeting so far. The meeting will continue through the coming Lord's Day.

So far three have identified themselves with the congregation. We appreciate the fine co-operation of friends outside the church. We have had many visitors and welcome all of you to attend the services for the remainder of the meeting.

C. L. Francis, Minister

### LITTLETON IS HURT

Asafo Littleton, colored, almost smashed his middle finger off Monday when the door of a box car slammed on it. It bled profusely, and gave him much pain. Doctors remedied it.

### Quarterly Court Has Light Docket

A light docket is in store for the present session of quarterly court which convened today. In dictments were placed Monday, and charges placed.

Cases to come before the court, as revealed by the city judge, include criminal infringements of law such as drunkenness, assault and battery, petit larceny, and several civil considerations.

No major criminal hearing is on docket.

## Big Calloway County Fair Is Slated For October 22-23

### Phosphate Orders Not to Be Filled

Calloway county orders for triple superphosphate produced by the Tennessee Valley Authority after September 1 cannot be filled, according to a telegram received by County Agent J. T. Cochran from the TVA early this week.

The telegram read: "Information from Washington states triple superphosphate produced by TVA after September 1 not in condition for shipment in time for application in connection with the 1937 program. Consequently orders Calloway county for 24 tons, 20 tons, 19.8 tons, 17.55 tons, and 1.1 ton cannot be filled."

The county agent is notifying all farmers affected by the provision.

Master of the hounds is Horace Lovell, of Union, Tenn. Accommodations for all hunters and dogs will be furnished. No tents are necessary, officials say. Judges will be selected from different localities and will be announced the night of the show.

### KNITTERS TO BE REGISTERED HERE

Loopers, Knitters, and Seamers Between Ages of 19 and 25 Are Listed

The National Reemployment Service, affiliated with the United States Employment Service, will hold a registration in Murray, Thursday, October 14, for the purpose of interviewing girls between the ages of 19 and 25, with no previous work experience, and experienced loopers, knitters and seamers. Only persons in these two groups can be interviewed on this date. No others need apply.

Through the courtesy of C. C. Jones, jailer, the registration will be held at the Court House from 8:30 a. m. until 4:00 p. m.

### Miss Veal Gets Sorority Pledge

Miss Jane Veal, daughter of Mr. and Mrs. L. L. Veal of this city, who is attending Brenau College in Gainesville, Ga., was pledged to Zeta Tau Alpha, national social sorority, at the completion of "Rush" week on the Brenau campus a news dispatch from that institution said today.

Miss Veal, a freshman at Brenau, was prominent in social circles in Murray.

### U. S. Man to Tell How to Get Loans

County Agent J. T. Cochran made arrangements recently with the Resettlement Administration to have a supervisor to come here and explain the County Cooperative Loan, whereby a farmer of low income can receive cash to buy improved sires, farm machinery, etc., for the benefit of himself and the community.

The meeting will be in Murray Friday, October 8, at 10 o'clock in the circuit court room. Any one interested in that sort of loan, Cochran said, is urged to attend the meeting.

## First Impressions

There is a school of thought that your first impression of people or a community is the one you will remember the longest.

Two outstanding impressions of Murray and Calloway County will always stand out in my mind.

One of these is the genial reception that has been extended to me during the first four days of my permanent residence in Murray and Calloway County. Without any disparaging remarks upon other communities with which I am acquainted, the hospitality I have received here has been extremely gratifying. It really makes me feel at home.

The other outstanding impression is the high regard the people of this community have for religion and the interest there is in church work here. Never have I been invited to come to church so often. It signifies to me there is a genuineness in religion and religious activities in Murray and Calloway county that is lacking in many other communities of the United States.

When ninety-nine out of a hundred people you meet ask you to come to church the following Sunday, it establishes the fact that this community is a wholesome place to live. Progress in business and civic improvement cannot be made without, first, a religious consciousness of what is best; second, the maintenance of good schools and always an effort to improve them; and third, keeping the home as an institution of which every member of the family can be proud and a proper place in which to raise children.

winter, and would see hickory smoke curling from the smoke houses curing hams and bacon. And two that go along in March and April when I would go to grandmother's and she would fry me a nice slice of them and make some old fashioned brown gravy.

But the nice part about it, here in Murray, I find I can get the same type of country cured smoked ham and do I enjoy it! It reminds me of the childhood days. And pleasant memories are lasting thoughts.

And speaking of memories, I shall never forget the hospitality that has been shown me during my first week in Murray, and Calloway County.

You sports fans don't want to forget that game over at Mayfield Saturday night. Let's go over and help Ty Holland and the Tigers try up those Mayfield Cardinals.

Fall time is clean up time. We have a nice clean city in Murray so let's keep it that way by keeping the leaves that are now falling raked up and hauled away. A week from Friday the Middle Tennessee football team and their fans will be our guests so let's keep our record of having the cleanest city in Old Kentucky.

## AGAINST COUNTY GOVERNMENT AMENDMENT

To The Murray Ledger & Times: Under the County Government Amendment to be voted upon next November the Legislature "May enlarge, curtail, modify, consolidate, redefine and redistribute the powers, duties, functions and jurisdiction of governmental bodies, offices, agencies and courts, and may provide the number of judges of such courts; and may abolish all governmental bodies, offices and institutions, and may abolish all courts inferior to the Circuit Court and may set up new ones in their stead; and may provide the method of selection of all officers, their compensation and the means and method of payment."

One could hardly believe that such a proposition as this is to be

voted upon November second, if it were not printed at page 56 of Acts of the General Assembly 1936. It is revolutionary. No man of woman now living has seen any such drastic proposal for the change of our county government.

We are told in the Courier-Journal that there is a "horde of county officers" that should be abolished. What are they? First, what is a "horde?" The dictionary says: "A wandering troop or clan; a predatory multitude."

The County officers established by the constitution are County Judge, County Court Clerk, County Attorney, Sheriff, Jailor, Assessor and Coroner and in each Justice of the Peace and one Constable. There is your predatory multitude. "Which officers should be abolished?"

The Amendment should be defeated because:

(1) It gives the Legislature plenary power to establish any form of county government.

(2) We have no idea what the Legislature will do. We are asked to vote blindly for something, we know not what.

(3) The principal county officers (those named in section 99 of the Constitution) should be elected by the people. Under the amendment any or all of them may be appointed.

(4) If the amendment is adopted the Legislature will fix the salaries of county officers. They are now fixed by the fiscal courts, whose members are familiar with the fiscal affairs of the counties and know how much they can pay. Many counties are in debt and find it necessary to fix the salaries extremely low.

(5) Even if the 1938 session of the Legislature should give us a good form of county government, we have no assurance it would last. The 1940 Legislature could change it all. When you abolish constitutional county government there is an end to all stability.

The county manager plan with Departments of Law, Finance, Welfare, Works, Education, Charities and son on, each department having its director, with assistants, secretaries, stenographers and the like, would look well on paper, but we can't afford it now.

(7) The amendment is not needed. There is no "horde of county officers." Read section 99.

(8) I do not distrust the Legislature. I take off my hat to it. In view of the great number of questions considered in a very short time it is remarkable that the Legislature does not make more mistakes than it does. But I object to taking county government out of the Constitution. We might have an unwise Legislature some time. We should certainly have attempts, at every session, to change whatever kind of government the 1938 Legislature may erect.

## Anchoring Farm Lands in the Ohio Valley Region

How farmlands in the Ohio Valley may be anchored is the subject of a U. S. Department of Agriculture bulletin just received at the Murray office of the Soil Conservation Service. The bulletin, prepared with the assistance of members of the Soil Conservation staff, is written especially for the region.

Written in popular style, the bulletin offers suggestions for conserving soil and moisture. Such soil-saving measures as farm re-

## To Be Voted on at General Election, Tuesday, Nov. 2, 1937

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF KENTUCKY:

An Act proposing an amendment to the Constitution to be submitted to the electorate, which amendment authorizes the General Assembly to reorganize government within the territorial confines of counties under powers and limitations therein set out.

Section One. That upon the concurrence of three-fifths of all members elected to each house of the General Assembly of the Commonwealth of Kentucky, the ayes and nays being taken thereon and entered in full upon their respective journals, that there be and hereby proposed an amendment to the Constitution of the Commonwealth of Kentucky, which amendment reads as follows: Constitutional Amendment within the territorial confines of counties, (as now existing or as hereafter established) the General Assembly may by legislation of statewide application, or of application according to classification based on population, retain, modify, and consolidate any and all governmental bodies, offices, agencies, and institutions; may enlarge, curtail, modify, consolidate, redefine and redistribute the powers, duties, functions, and jurisdiction of governmental bodies, offices, agencies, institutions, and courts, and may provide the number of judges for such courts; and may abolish all governmental bodies, offices, agencies, and institutions, and may abolish all courts inferior to the Circuit Court and may set up new ones in their stead; and may provide the method of selection of all officers, their compensation and the means and methods of its payment. Provided: no legislation hereunder shall affect any elected officer during his term of office. The provisions of this Constitution are retained limiting the powers of public corporations and public quasi-corporations to tax, to incur debts, and to impose pre-existing debt territory theretofore liable therefor, except that the General Assembly, in creating any new public corporation and quasi-corporation may classify it by population in respect to taxing and borrowing powers as cities are classified by this Constitution.

Section Two. This amendment shall be published and submitted to the voters of the state for their ratification or rejection at the time and in the manner provided under Sections two hundred fifty-six (256) and two hundred fifty-seven (257) of the Constitution of the Commonwealth of Kentucky and under Section one thousand four hundred fifty-nine (1459) of Baldwin's Revised Edition of Carroll's Kentucky Statutes of one thousand nine hundred thirty (1930), official edition. Provided that this amendment shall be submitted on a separate ballot.

Approved February 27, 1936

planning, improved crop rotations, use of cover crops, fertilizing and liming, contour cultivation, contour strip cropping, terracing, use of vegetated waterways, improvement of permanent pastures, gully control, establishment of permanent woodlands, and wildlife conservation are discussed. All recommendations are based upon experiments of the Service and follow closely those made by the University of Kentucky Extension Service.

"Farmlands often seem as stable as the Rock of Gibraltar," the bulletin states in the preface. "Yet, within the memory of men now living, land in the Ohio Valley Region has been cleared, tilled, ruined by erosion, and abandoned."

"If the United States is to remain a productive agricultural nation we must anchor our soil and protect it against the ravages of rain and wind. Already we have lost untold billions of tons from millions of acres. The task that lies before us is to check the further advance of erosion and carefully conserve the abundant supply of fertile soil that remains."

The text of the pamphlet contains concrete suggestions for controlling soil erosion. Copies may be obtained free of charge from the office of Wallace G. Smith, superintendent of CCC camp SCS-14-Ky.

## Resolutions

WHEREAS, an All-wise Creator has seen fit to remove from our midst W. P. Prichard, a member of this Board of Directors of the Bank of Murray;

BE IT THEREFORE RESOLVED:

First: That this Institution has lost a loyal and devoted servant whose wholesome influence and business ability, was an invaluable asset, and whose discharge of the duties of Vice-President of this Bank was an inspiration to honorable and progressive endeavor to those with whom he labored.

Second: That this community has suffered the irreparable loss of a Christian citizen whose public-spirited devotion to civic, social and religious progress has seldom been equaled anywhere.

AND, FINALLY, BE IT RESOLVED: That each member of this board shall cherish his memory as a successful business man, and fellow townsman of irreproachable character; and that a copy of these resolutions be spread upon the minutes of The Bank of Murray, a copy given to the County paper, and a copy be tendered to Mrs. W. P. Prichard, the sister of his beloved survivor.

## New Concord High School

One six weeks of school is gone and everyone is waiting for the verdict which will be on the grade cards.

Mrs. Grogan's third grade has completed its circus parade on which they have been working for some time.

All the three grades (first, second, and third) are making circus booklets.

They will soon have their circus project complete.

Miss Hodges' fourth grade has brought some tadpoles to school and they now have them in water and are watching them develop into frogs.

The three grades (fourth, fifth, and sixth) all joined the Red Cross the last week.

We are glad indeed to have Mary Dean Collier with us. She did not get to attend school the first six weeks because of an appendectomy.

We are sorry that Marie Shoemaker isn't physically able to be at school this week. We hope she will be back next week.

Ewin Winchester, Detroit, Mich., an alumni of '36, was a visitor of our school Tuesday, October 5.

There will be a pie supper Saturday, October 9. We extend our invitation to everyone far and near.

On Saturday night, October 23, there will be a fiddlers' contest at Concord. Everyone interested in music is invited to enter as a contestant. A contest and prize list will be published next week.

## Honor Roll

Seventh and Eighth grades: Elna Williams, Patricia Gibson and George Gibson; freshmen: Audrie Mae Smith, Paula Miller, and Edward Hendon; sophomores: Ray Mcfield, L. T. Ratner, Rachel Lassiter, Audrie Mae Coleman, Jaunita Wynn, and Richard Hendon; juniors: Mary Ernestine Miller, Altie Stubblefield, and Nedra Alexander; seniors: Velma McCage and Norma Dale McCuiston.

The boys and girls' softball teams of Concord played Kirksey teams Friday, October 1. The Concord girls defeated Kirksey girls by a score of 24-4. The Concord boys were defeated by the Kirksey boys 3-4.

We are very proud of the fact that the Concord girls' team has not been defeated this year.

## Hazel School News

## Home Economics Club

The Hazel High School Home Economics club held its first meeting of the new year Wednesday, September 22. New officers were elected but no schedule or plans were made for the coming year however, we expect it to be a very successful one. The following officers were elected:

President, Clara Erwin; vice-president, Leola Erwin; secretary, Laura Curd; treasurer, Hilda Faye Brandon; reporter, Dorothea Miller.

Leola Erwin, vice-president and chairman of all committees, selected the following members to serve on the entertainment committee: Dorothy Adams, Rachel White, and Gerthal Mae Armstrong. Refreshment committee: Ruth Harmon, Clarice Albritten, and Catherine Underwood. Program committee: Ise Erwin, Josephine Harmon, and Elreta Lamb.

The annual initiation for all girls, eligible to become members, will be held as soon as possible.

## Senior Class News

The seniors of Hazel High School had their first meeting September 14 and elected the following officers: president, Edward Hicks; vice-president, Franklin Scarbrough; secretary, Clara Erwin; treasurer, Tom Turnbow; sergeant-at-arms, Dallas Miller; reporter, Hilda Faye Brandon; and sponsor, Mrs. Koska Jones.

Last week the class was besieged by ring salesmen. After a heated discussion, we purchased our rings from Robert Miller, a former student of Hazel High. Our class is made up of wide awake, full-of-pep boys and girls. We hope for our class to accomplish more and to be one of the

## best Hazel has ever put forth.

## Fiddlers Contest At Hazel

Hazel High school will sponsor a fiddlers' contest in the school auditorium Saturday night, October 16, at 7:30 o'clock. The program is as follows:

Violin solo, "Arkansas Traveler"; quartet, two numbers; guitar-vocal solo; French harp solo; two numbers; violin solo, own selection; vocal duet, with or without accompanist; and band of three or more instruments. Cash prizes will be awarded the winners.

## Sophomore Class

The Sophomore class recently met and elected class officers and sponsor. They are as follows: president, Robert Hendon; vice-president, Ruth Harmon; secretary and treasurer, Bob Turnbow; news reporter, Ruth Harmon; and sponsor, Mr. Miller.

The sophomore class has about 33 members enrolled. This is the largest class and it should be the predominating class of the school. We have planned to give a play on November 20, but the title has not been selected as yet.

## "Rest in Peace"

But O for the Touch of a Vanished Hand, and the Sound of a Voice that is Still.

Beyond our earthly power, it is, to touch the hands or hear the voice of our loved ones who have passed into the great beyond.

The little babe in the cradle, the sparkling youth, the young mother or father, or one whose hair was touched by silver—anyone who has been dear to us . . . Only God can assuage our grief.

But God's Great Handiwork in nature has enabled man to perpetuate their memory. He created marble and granite that might be fabricated by man into fitting memorials to commemorate the passing of our loved ones.

As Time passes, and we pass on, isn't it fitting that we leave a permanent memorial stone that will not be affected by wind and rain, snow, sleet, and hail, one that will always remain a silent tribute, for future generations of relatives and friends to read and revere?

There is still time before winter's cold blasts set in to erect a marker for your loved ones. Why not plan now for that final epitaph, "REST IN PEACE."

Many have been surprised to learn that a suitable marker may be purchased for as little as \$10. Prices range upward, but whether you buy a \$10 marker, or a beautiful and massive receiving vault, you will get 100 cents on each dollar expended in quality, workmanship

Miss Atha Stallings, Miss Eloise Martin, and Miss Katherine Whittell will arrive in Murray Thursday night to spend the week end with Mrs. L. C. Whittell.

Mr. and Mrs. Joe T. Lovett and Mr. and Mrs. Preston Ordway were guests at the annual dinner of the Mendelssohn Music Club. The president of the club this year is Mrs. Tullus Chambers. Before her marriage, Mrs. Chambers was Miss Gladys Kirkland and is the daughter of Mr. and Mrs. W. V. Kirkland.

Mrs. O. H. Boatwright and little son, Master Frank Page, returned Friday to their home in Big Sandy. The little man made his appearance on September 18 at the Mason Memorial. His father, the Rev. O. H. Boatwright, is a native of Calloway county, and one of the most popular young ministers of this section.

Mrs. W. P. Dulaney is spending a few days in Columbia, Tenn., with her son, Gene, who is attending Columbia Military Academy. Miss Ruth Hinkle of Bloomington, Ind., has been the guest of Miss Daisy Hinkle at her apartment in College Addition.

Mrs. Evelyn Ford of Fulton was the guest of Mrs. Nat Ryan Hughes Saturday. Fulton Farmer of Fulton, Ky., spent Saturday with his parents, Mr. and Mrs. Arthur Farmer. Mrs. Seth Boaz of Mayfield was the guest of Mr. and Mrs. Frank Albert Stubblefield Tuesday. Terrell Stubblefield of San Antonio, Tex., will arrive today to attend the bedside of his mother, Mrs. Wallace Stubblefield, who is ill of pneumonia at the Mason Hospital.

## Grain, Grass and Clover Just Naturally Follow the Use of BASIC O-TEN-FOUR

(IT IS PULVERIZED)

SEVENTEEN YEARS AGO we promised the farmers an IMPROVED FERTILIZER. The improvement was the result of perfecting a practical method of making BASIC FERTILIZER. The increased yield from its use was quickly recognized by observant farmers.

We later discovered that this BASIC FERTILIZER could be pulverized and thereby add tremendously to its value. The process and product were patented and known as BASIC PULVERIZED FERTILIZER.

### BASIC PULVERIZED FERTILIZER Has the Following Advantages:

FIRST—It adds to the usual plant foods an extra volume of available magnesium, calcium, and di-calcium phosphate.

SECOND—The process employed destroys poisons that sour the soil and sicken germination.

THIRD—Pulverizing breaks up the acid balls, makes more plant food available and renders it accessible to the small feeding rootlets.

Use BASIC O-TEN-FOUR and it will pay you to sow GRAIN, GRASS, and CLOVER

week end, the Thoroughbreds of Roy Stewart tramping the Techs. in the rain and mud Saturday afternoon to the tune of 23-0 and Coach Ty Holland's high school Tigers outrushed the Trojans from Metropolis, Ill., by a score of 19-14.

Both games were well-played and showed enthusiasm into the hearts of Murray fans, who believe their college and their high school have two of the best teams in their respective classes in the state.

In the game with Tennessee Tech, the rambling racehorses of Murray State pranced across the line for a touchdown in the first quarter when Mitchell took the ball over after he and Yarbrough had advanced the pigskin down the field in successive first-down drives. Thompson with a 50-yard drive in the second period scored the second touchdown after Guadalupe had placed-kicked a perfect field goal from the 25-yard line. McRaven's 102-yard run, one of the longest ever seen on a Murray gridiron was a study in broken field running, the long, shifty strides of the Missouri back eluding eager and willing tacklers. The Bluebloods chalked up 14 first downs to Tennessee's two.

The high school encounter showed two great teams with sterling offenses and excellent defenses at work on each other. The accurate passing of the Trojans which made them dangerous on any field was working perfectly on Murray, and they led 7-6 at the half after Buchanan for Murray had plunged through the line for a touchdown and Cutchin failed to convert. Metropolis had scored after G. Allison had passed to Gross for 50 yards. G. Allison passed to Miller on Murray's two and the latter stepped over for a touchdown. The Tigers scored twice in the

third quarter on driving plays that netted first downs consistently. Cutchin scoring the first marker on a 40-yard run and Gingles smashing over for the second.

Metropolis came back in the fourth period with a dazzling exhibition of pass throwing and receiving, players in razzle-dazzle formation snatching the prolate spheroid out of the air and running for long gains. The Trojans march which began soon after the quarter never stopped until they had crossed the goal line and the sure toe of H. Allison had converted. The score was 19-14.

They kicked off to Murray, who kicked after short gains. The Trojans began a beautiful passing drive that carried them into the shadows of the Murray goal post before Crider of Murray recovered a Metropolis fumble and the Tigers began an irresistible power attack that saw them on the Trojans' 5-yard line as the game ended.

The Tigers play their traditional rivals, the Mayfield Cardinals, at Mayfield Saturday night. The game will be called at 8:30. Murray State College's Thoroughbred will journey to Arkadelphia, Ark., tomorrow to meet Ouachita College Friday night.

## FROSH PROSPECTS ARE "JUST FAIR" SAYS THEIR COACH

Yearlings May Open Season October 8 or 9 With Murfreesboro

### SQUAD TO BE USED TO "FILL IN" FOR VARSITY

Prospects for Murray State College's football team are "just fair" according to John Miller, coach of the Yearlings.

As a whole, the squad will probably accomplish its purpose: to fill in for the departing varsity members, as only six Thoroughbreds will receive their sheepskins. Outside of this, the squad is only fair. If a good fullback and an end or tackle can be found, Murray's frosh would probably have a fine season. As it is, the boys have only a bare chance of finishing the season with as good a record as the team of last year.

Miller has Hodge, a good center from Washington, D. C., and Bob Horlander, brother of illustrious Dennis and Louis Walters, Paducah guard, around whom to form his line. Other good boys in the line of Chapman, a Lorrain, Ohio, prospect, and Graves, a Nashville, Tenn., prospect. At end, Vincent, coming from "down Mississippi way" is the best boy. In the backfield, Inman, a Danville triple-threat, LaBonte, blocking back from Connecticut, and Allison, forward, Murray High flash, will probably be among the leaders, with Wray, Lee, and a few others right in the running. Coach Miller is expecting more boys in before the week is over.

Those out for the team include Jack Baker, Greenfield, Tenn.; Joe Ranken, Owensboro; Ellsworth Crawford, Fulton; Carl Cook, Blainville; Eddie Chupa, Lorrain, Ohio; Charlie Graves, Nashville; Gene Hoover, Dawson Springs; Jake Inman, Danville; Charles Kerth, Paducah; Lynn Lassiter, Murray; Bobby Lee, Catlettsburg; Gene McGarvey, Paducah; Tommy Neathamer, Cairo, Ill.; Bob Horlander, Owensboro; Milburn Province, Murray; Martin Province, Murray; Billy Wray, Glasgow, Tenn.; Louis Walters, Paducah; Henry Wallis, Barlow; Walt Finley, Lorrain, Ohio; Frank Hodges, Washington, D. C.; John Broadfoot, Tunica, Miss.; Sammy Vincent, Tunica, Miss.; B. C. Allison, Murray; Francis LaBonte, Norwich, Conn.; and Joe McGarvey, Redwood, Minn.; and Ward Hummel, Fulton.

Murray's tentative schedule includes: October 5—Austin Peay at Clarksville. October 29—Western at Murray. November 5—U. T. Juniors at Paris.

### 24 Male Voices in College Glee Club

The men's glee club was organized Wednesday, September 22, with 24 members joining.

## DEATH CALLS WELL KNOWN BUSINESS MAN

Dr. W. R. Dale Dies After Brief Illness at His Home in Sumner, Ill.

Dr. William R. Dale, 83, prominent resident of this city, died at his home on East Locust street Thursday night after an illness of four days. A heart ailment was given as the cause of death.

Dr. Dale was for many years associated with E. A. Sheridan in the operation of a drug store here but retired two years ago. His health was considered good for one of his age until the last week before his death.

The deceased occupied many positions of trust and leadership in the community. He was a member of the school board for a number of years, served one term as Christian township supervisor, and was superintendent of Central Christian church Sunday School for the past 40 years. He was a member of the Masonic Lodge, Knights Templar and I.O.O.F.

Dr. Dale was born in Henry county, Tenn., on July 16, 1854. He was graduated from the Louisville Medical College, after which he practiced medicine at Murray, Ky., Oblong, Ill., and later in this city. After practicing medicine for seven years he became associated with S. O. Stultz in the drug merchandising business. He later bought out Mr. Stultz's interest and in 1893 formed a partnership with Mr. Sheridan.

Surviving the deceased is his widow, Mrs. Ida Wheat Dale; also one daughter, Mrs. C. B. Grubb of Bloomington, Ill., and two sons, Mervin C. Dale of Lawrenceville and Morris Dale of Olney. Mrs. R. C. Baltzell of Indianapolis, Ind., is a step-daughter. There are a number of grandchildren. One son, Roy Dale, preceded him in death three years ago.

Two sisters, Mrs. Laura Clifton of Murfreesboro, Tenn., and Mrs. Amanda Melton of Frankfort, Ky., and two brothers, Charles F. Dale of Los Angeles, Calif., and Lundy Dale of Alamo, N. Mex. are also left.

Funeral services were held from the Central Christian church in this city Saturday afternoon at two o'clock with Rev. C. L. Doty officiating. Burial was made in the Oblong cemetery.

Pallbearers for the services here were M. W. Travis, Jacob Lancaster, Jas. Boldrey, Ernest Erwin, Oscar Fyffe and Dale Moore. At the cemetery his two sons, Mervin and Morris, his son-in-law, Judge Baltzell and Rev. Grubb and two grandsons, Robert Grubb and William Morris Dale served as pall bearers—Sumner, Ill. Press.

Dr. Dale's first wife, Nannie McKnight, was a sister of Mrs. Bettie Patterson of Murray. He was buried in Sumner by the grave of his first wife.

N. A. Shroat, Bath county, folk, lowered crimson clover with a tobacco crop and obtained a satisfactory yield of high-quality tobacco.

L. L. Mann, Russell county, estimates that trench silos saved him \$600 last year if feed cheaply conserved for stock.

## R. T. "Ted" Howard Makes Statement

To the Voters of Calloway County and Swann District:

In announcing myself as a candidate for a member of the County School Board of Education, and in doing this I realize the responsibilities that rest upon a school board member, and to you who do not know me, I ask each one to inquire of my life as a citizen of your county.

My life has been and is an open book to all. I am a son of Wayne Howard. This is the first time that any of my family has ever asked the people of your county for any office of any kind and in making this announcement I realize that the responsibility is great and I shall try with the best of my judgment to act on every issue that comes before the Board with fairness to all.

I am making this race on my merits and qualifications and on them alone. I realize that it is impossible for me to see every one and I ask your support and trust that you take this announcement as a personal invitation for your support and influence on November 2, 1937, of which I believe you will do and give me a chance to serve as one of your Board members the next four years. I want to say this—I belong to no man or any group. I am a Democrat from head to toe.

I want to say to all voters—Do not forget to ask for your school ballot when you vote in November.

Yours to serve,  
R. T. "Ted" HOWARD

## State Park Director Advocates Memorial and Broadcasting Station in Honor of Nathan Stubblefield, Inventor, at Murray

"It is our thought that we should place a replica of the Stubblefield Home upon the lot as soon as possible and that ultimately and as soon as possible we should have a radio broadcasting station." This was the statement made by Bailey P. Wootton, state director of parks, in a letter to the Murray Chamber of Commerce concerning the proposal to create a state memorial park here in honor of Stubblefield, inventor of radio.

Dr. J. H. Richmond, president of the Murray Chamber of Commerce, and Dean John W. Carr conferred with Mr. Wootton in Frankfort September 28 regarding the project. Mr. Wootton has previously inspected the data and statistics concerning Stubblefield's life and work and has agreed to assist in the movement.

Mr. Wootton's letter to L. J. Horton, secretary of the Murray Chamber of Commerce, stated: "I have just had a conference with Dr. Richmond and Dr. Carr with reference to the Nathan Stubblefield monument."

"The proper procedure to take in this matter is to have a deed conveying the property executed to the Commonwealth of Kentucky for the use and benefit of the

Kentucky State Parks. Then send the deed to me and I will present it to the Real Estate Board for its acceptance or rejection. I have no doubt but that it will be accepted by that Board.

"When that is done, we will take up the matter of such improvements upon the property as we are able to make at this time. It is our thought that we should place a replica of the Stubblefield Home upon the lot as soon as possible and that ultimately and as soon as possible we should have a radio broadcasting station. Let us strive to that end."

"With kindest regards, I am  
"Very truly yours,  
"Bailey P. Wootton,  
Director"

### LOCAL RED CROSS ASKS SAFETY AID

Is Cooperating With National Chap-  
ters in Promoting Home  
Accident Prevention

On October 25, the American Red Cross opens its third nation-wide self-inspection campaign for the elimination of home and farm accident hazards, according to Mrs. Bea Melugin, secretary of the local chapter.

More than 1,700 chapters of the Red Cross are participating in the campaign this year, and it is hoped that every chapter without exception will sign this humane movement and that the check-list for common hazards will reach every home and every farm in the land. Spotty and haphazard effort, the Red Cross officials declare, cannot reduce human suffering due to preventable accidents, but complete participation by all the chapters can.

It was the report of Mrs. Melugin that home and farm accidents stand out from all other types of accident for their multiplicity and neglect—in their home last year, 38,500 men, women, and innocent children were killed by accident, and 4,500 were killed on their farms—a total of 43,000 fatalities for home and farm accidents against 37,900 motor vehicle fatalities. Home and farm accidents are on the increase because little or nothing is being done about them, the local chapter secretary said. Practically all other types of accidents are on the decrease because much is being done about them. Judged by the large numbers injured, maimed and killed, home is the most dangerous place for rest and comfort, while the farm is the most dangerous place to earn one's bread.

The local chapter of the American Red Cross is striving to enhance the cause of influencing people to be careful.

THE BEST ROAD, OF COURSE,  
BUT CONCRETE  
COSTS LESS, TOO!

EVERYONE prefers concrete for its safety,  
its cleanliness and comfort, for the sense  
of security it gives motorists. But not everyone  
knows that concrete is really a low cost road.  
Yet the figures are indisputable. They show that,  
whether for great super-highways or secondary roads  
carrying only a few hundred vehicles a day, concrete  
actually costs less to build than any other pavement of  
equal load-carrying capacity!

Here's another important saving. Concrete has the lowest  
annual surface maintenance cost per mile of any type of  
pavement. Funds which would otherwise be spent for re-  
pairs may be used to extend your highway system—to build  
more and more miles of money-saving concrete.

Concrete cuts your out-of-pocket driving cost, too, be-  
cause it saves gas, tire and car repair bills.

### Guy Farley Grows Fine Corn on Land Cleared More Than 100 Years

Guy Farley, one of Calloway county's best known and most popular farmers, was in The Ledger Times office last Friday, with a stalk of corn with three fine, heavy ears, which was but a sample of the splendid crop produced on his farm this year.

The remarkable thing about Mr. Farley's production was not only an indication of the fine crop in Calloway county this year but particularly that it was produced on a piece of land which has been in continuous production for more than 100 years.

Alluvial bottom land, as everyone well knows, is the best corn land and the fact that Mr. Farley produced this excellent crop on ridge-land utilized for a century is a splendid tribute to his ability, as a farmer.

### Mason Hospital Hires Dietitian

Recently, modern hospitals have been discovering more and more the need of giving attention to the food served patients. Special attention is being given to this important matter, with especially trained dietitians in charge.

In keeping with that program, the William Mason Memorial Hospital, announces the addition to its regular staff, of a well trained registered dietitian, in the person of Miss Trina Fay Jackson. Miss Jackson came to the Mason hospital as dietitian this week. She is a native of Illinois, but has spent several years in the Southland. Recently, she received her bachelor of science degree, with a major in nutrition and a minor in chemistry. She has also had considerable experience in the work of the dietitian, visiting patients daily and making out menus for them, giving due attention to food values and food combinations. Miss Jackson will do all of the day's patients in the hospital, outlining for them a diet which hospital officials say will be a source of great comfort and health giving strength to the individual patient.

Miss Jackson comes to Murray directly from the Madison Sanatorium and Hospital, near Nashville, and has already entered upon her duties in the local hospital.

### Veal Calf Weighs 235 Pounds When Shipped by Dealer

J. H. Moore of near Hazel, a farmer, is going in for the growing of baby beef in a big way. There's money in it, and he'll tell you why.

On September 25, Moore sold a 9-weeks' old veal calf for \$23.50. Not bad, considering the fact that it cost practically nothing to raise the calf.

The animal weighed 235 pounds, and Moore got 10 cents a pound for it. He sold it to Audrey Simmons, a Hazel livestock dealer.

### Western Plays Tampa Saturday

The annual Homecoming celebration at Western State Teachers College, Bowling Green, Ky., will be held next Saturday, October 9, with a football game between Western and the University of Tampa, Tampa, Fla., the feature attraction of the day's program.

On Friday evening a big rally and parade will be followed by the Homecoming Dance in the gymnasium.

Saturday morning "Open House" will be held on College Heights with headquarters in the administration building. Activities will come to an end with the Shadow Hop in the gymnasium Saturday night. The largest crowd of former students and "friends ever to attend a Western Homecoming" is expected.

### Holland and Hart Drug Store Has New Paint Coat

Holland-Hart Drug Store completed painting the front of its establishment, last Friday, touching it up with a coating of aluminum paint, and generally renovating the appearance of the frontal approach.

Holland and Hart have a wide reputation as registered pharmacists throughout Calloway county.

Above is pictured the Standard Oil Station of Murray, operated by Johnny Parker who has been at its helm for the last three years, and five stacks of Atlas tires as they were unloaded from a truck last week.

Every Standard Oil Station in America sells Atlas Tires as well as Junior Atlas. Murphys and Calloway countians, as well as people throughout America, have discovered these tires to be among the best sold anywhere. They bear a nationwide guarantee.

Located just across the street on the corner from the Murray Postoffice, the Standard Oil Company station in Murray is the oldest automobile service station in Murray. It was the first service station to be established in Calloway county, being set up here in 1917 and serving the people of Calloway continuously since.

Louisville is state headquarters for Standard Oil Products.

### MURRAY ASKED TO BROADCAST AGAIN

College Orchestra Will Present  
Program Over WSM  
December 10

For the fourth successive year, Murray will furnish one of the programs in the "Teachers' College of the Air" series sponsored by Peabody College and broadcast over one of the South's largest stations, WSM at Nashville, Tenn.

Dr. A. L. Crabbe of the Peabody faculty, who has charge of these programs, has asked Murray State to broadcast on Friday, December 10. In a letter to Prof. Price Doyle, head of the music department, Dr. Crabbe said: "Your program has always been one of high quality, and by all the laws of Western Kentucky evolution it should be still better in 1937."

Professor Doyle stated that the theme of the program has not yet been determined, but in general with the same type as has been presented heretofore—that is—a dramatization of some local event with musical interpolation by the college orchestra.

### Purveyor Route 3

I have been on the sick list but I am improving now. Hope all the readers of the Ledger & Times are feeling fine.

We have had another nice rain, but Commodore Orr says he is tired of hauling and housing tobacco in the fall. "Cheer up, Mr. Orr. Maybe next year the sun will be shining when you are hauling tobacco."

Someone was talking about the good women canning and drying and preparing so many things for winter, but I heard a good looking man say that the women hadn't done all of it by themselves. He felt like he had done some of it. Guess who!

Mrs. Ben Byars, Mrs. Hollon Byars and Miss Byars visited at Olive Morris Tuesday of last week.

I think firing tobacco is the order of the day here. Calvin Paschall attended a birthday dinner at Jack Harrelson's last Sunday—Humming Bird.

### Smith Conducts Church Unit Here

The Rev. F. E. Smith, Indianapolis, Ind., secretary of the Disciples of Christ Pension Fund, conducted a United Promotion group composed of the various benevolent and missionary agencies of the Christian church in this area—in the First Christian Church of Murray Thursday night with about 30 officers and leaders present.

The purpose of the organization is to improve the efficiency of the church in its effort to promulgate the principles of Christianity. A series of such major meetings has been taking place in various churches and Mr. Smith is conducting gatherings of this sort throughout the state.

The Rev. A. V. Havens, pastor of the First Christian Church of Murray, was in charge of the preliminary part of the program.

### FARMERS USE LIME

The monthly report of County Agent J. T. Cochran shows that 777 tons of lime were delivered to farmers in Calloway county during September. Several car loads have been delivered in addition to the quantity hauled from the two quarries in the county. Since July 1, 1945 tons have been delivered.

Campbell county farmers have applied 73 tons of fertilizer to pasture land.

### WELTON SAYS SOD IS AID TO PASTURE

Head of Soil Service Says More  
Than a Barbed Wire Fence  
Is Necessary

It takes more than a few strands of rusty barbed wire stretched around a worn-out field to make a pasture, according to Kenneth Welton, assistant regional head of the Soil Conservation Service.

Many Kentucky pastures are severely eroded, Welton says, largely because the land was put in pasture. Since a good sod controls erosion and provides an almost immediate return in low cost feed, he urges careful planning in establishing new pastures on eroded land.

Contour furrows help to control erosion and also conserve moisture, thus aiding in establishing a good sod, according to Welton. Plowing in small gullies before constructing the furrows is usually recommended. Small galled spots can be revegetated more readily by broadcasting manure over them or mulching these areas, he said.

"After contour furrows have been constructed, the next step in providing a good sod is to apply lime if needed, and to fertilize adequately," Welton said. "The disturbed areas and other portions of the pasture where vegetation is insufficient should be seeded to a good pasture mixture."

## Cole's Camp Ground

Our hearts were made sad when we read in the paper that our kind and faithful editor, Joe T. Lovett, was no longer publishing The Ledger & Times. I just want to say I have enjoyed reading the paper and I am also wishing Mr. Lovett success in whatever he may attempt in the future.

We welcome Mr. Neal as editor. We hope he will be just as faithful to us all as the one that has been "our editor for the past nine years." I have enjoyed gathering news from time to time and hope to continue it if it is satisfactory with all concerned.

Wedding bells sounded clearly for James Lamb and Miss Mable Wilson who were united in marriage last week. The groom is the son of Mr. and Mrs. Jim Lamb. The attractive bride is the daughter of Mr. and Mrs. Meddy Wilson of Puryear.

Mrs. Robert Crouse was moved from the Mason Hospital to her home Wednesday. Glad to report that she is doing nicely. We were sorry indeed to learn of the illness of Mrs. David Hutson. She underwent an operation a few days ago.

J. D. Drinkard is ill at this writing with something like the flu. Mr. Crouse of Kirksey and Mr. Marine have traded farms. Carlos Crouse is living on the place that Mr. Marine traded for.

I was awfully glad to meet all of fine people at Don Wilson's that I had never met. I was especially glad to meet Mrs. Elmus Wilson. She has such a sweet smile just like her dad and it endears her to many friends.

Those who visited at the bedside of Mrs. Robert Crouse last week were Mrs. Harmon Kemp, Mrs. Zelma Crouse, Mrs. Taylor Crouse and daughter-in-law and granddaughter.

Was I surprised last week when a truck rolled up and a man stepped out and asked where my husband was. Wait a minute, Hardie Miller. I was by him just like Riley Parks said about his wife Bess.

When she was at Jackson, Tenn., she looked up and saw a crow and said, "there is a crow away down here!" Ellis Shoemaker was also with him. Glad to see you Providence folks—Sweet Pea.

We know a couple who some years ago heard the late Dr. Bame of Mt. Grove, Mo. in a sermon refer to having been a trainman. (This he more fully realized the responsibilities of those who are in charge of the train and the many human lives that are in their care.) He said he never heard a train at night that he did not pray.

## Macedonia School

By Eva Mae Williams

The boys and girls of Macedonia school are still on the firing line. We have just finished our second six weeks examinations and most of us camp out victorious. Little Clifford Hughes has been out of school a portion of this week with a sore foot, but he is now improving.

Our sixth and eighth grades engaged in a series of debates last week. From the way some of them presented their arguments we feel sure that some of our future statesmen will be found in Macedonia School.

We have had to use some of our coal this week, but we feel that before we can use much of it we will have to have a new stove.

On Friday night, October 1, we had an old fashion round-the-wall spelling match in which both old and young participated. Mrs. Aylon McClure was champion speller.

Our honor roll for the past six weeks is as follows: first grade, Eron Williams, Betty Jo Lax; second grade, Mary Mitchell; third grade, Raphael Maynard; sixth grade, John Lax, Eva Williams; eighth grade, Frances Grubbs.

## S. Pleasant Grove

C. H. Paschall spent last Thursday with his cousin, Thacker Paschall, near Lassiter Cemetery. Mr. Paschall has been confined to his bed most of the time for several months with cancer.

Miss Mary Madrey and John B. Roach of the Green Plain vicinity, were united in marriage last Saturday. Mrs. Roach is a niece of Tom Langston of this place.

Considering the rain Saturday and Sunday, the church attendance at the quarterly conference Saturday and church services Sunday was very good.

Evangelist O. G. Andrews of Memphis, who is holding a meeting in St. Louis, will arrive this Monday evening to assist the pastor, Bro. K. G. Dunn in a revival meeting at Pleasant Grove, near Crossland, this week.

We know a couple who some years ago heard the late Dr. Bame of Mt. Grove, Mo. in a sermon refer to having been a trainman. (This he more fully realized the responsibilities of those who are in charge of the train and the many human lives that are in their care.) not pray. We think that example was an example by which all praying people might ask for God's guidance on the trainmen and that many train wrecks might be avoided.

We find pleasure in reading contributions from different correspondents. We also enjoy "Jo's by Joe" and it was with regret we learned our worthy editor, Mr. Lovett, is as editor, bidding the Ledger & Times good bye, but we wish him and his family God's richest blessings wherever providence may cast their lot.

To the new editor and his good wife we extend congratulations—that their lot is cast among such a fine people. The associate editor, Mr. R. R. Melton, has for many years been with The Ledger & Times staff and has helped make Calloway county and other localities a happier place in which to live. It is a credit that The Ledger & Times refuses liquor advertisements, which helps to destroy the welfare of the human race.

## Mrs. Jim Black and Miss Morris Visit in Florida

Mrs. Jim Black and Miss Mary Morris have returned from Orlando, Fla., where they have been visiting Mrs. Black's son, Pat Black, in his beautiful new home in Lancaster Park. While there they toured through Winter Haven, Tampa, St. Petersburg, Tarpon Springs, Clearwater, Indian Rock, Cocoa Beach, Seaside, Jacksonville, and St. Augustine.

They spent one night on the Gulf of Mexico. Mrs. Black picked up many shells of different varieties. She enjoyed the sunset on the ocean as well as the rumble and splashing of the "great blue deep" and seeing the tide. While in Tarpon Springs they visited the sponge plants and saw the divers which go down and stay for days.

Another interesting feature of their trip was their visit in St. Augustine, the oldest city in the United States. They saw the "Fountain of Youth," the old slave market, Fort Marion, they went inside of the old prison where walls were 13 feet thick at the bottom and nine feet at the top and visited the dungeon and other places of interest.

## FIRST BAPTIST CHURCH

In the absence of the pastor, who is leading a revival meeting at Auburn, Ky., the pulpit will be supplied by one of Southern Baptist's greatest preachers, Dr. Austin Crouch, who for several years has been connected with the Baptist Sunday School Board at Nashville. Dr. Crouch needs no real introduction to Murray church but for some time we wish to commend him to our people as a man with a real Gospel message. We invite everyone to be present at both morning and evening services to hear this splendid man of God.

All the organizations of the church will go forward with their regular activities and we urge a full attendance in each group. The Rev. J. H. Thurman will have charge of the prayer meeting services in the absence of the pastor.

We remind all our members that Wednesday night, October 13, is our Annual Business meeting. This is the most important meeting of the church year and we urge every member to be present. Among the important matters to be taken up at this meeting are: the election of pastors and all church servants, and the adoption of the church budget for 1937-38.

Every one is cordially invited to attend all the services of the First Baptist Church.

## Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefit obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

## HUTSON SEES TOBACCO TAX

Native Callowayan Says Marketing Quotas Aimed When Stocks High

WASHINGTON, Sept. 27—A prediction that new tobacco legislation will be enacted at the next session of Congress came today from J. B. Hutson, assistant AAA Administrator.

Hutson, in charge of the tobacco division, cited sentiment among growers expressed at a meeting in the tobacco-growing areas of the South. He attended two of these meetings—one at Greenville, N. C., and one at Paducah, Ky.

He also noted a large flue-cured crop this year, which, he said, was 100,000,000 pounds above the average of consumption of that type of leaf.

## Cites Big Crop

Hutson said "one big crop" is about all the market could stand without a price break. "I think the general understanding on the part of tobacco growers is that when stocks are moderate, the market will absorb one big crop without a break in the price," he declared. "But that tends to make stocks large and when a second big crop is put on top of large stocks it tends to decrease prices."

The Administrator said a congressional steering committee prepared a tobacco bill for passage at the last session, and that it stood a good chance in the next session. This measure calls for marketing quotas to be announced in January for any year tobacco stocks become excessive. A tax of 50 per cent of the sale price would be levied against leaf sold in excess of quotas.

The plan, Hutson said, would be superimposed upon the existing soil conservation program.

Burley Exempted If the bill were enacted as drawn, the Administrator said it probably would apply only to flue-cured and possibly fire-cured tobacco in 1938, as there would be no need for marketing quotas on other types.

He expressed belief the 1938 flue-cured crop should be held to about 700,000,000 pounds.

In the case of burley, the other principal leaf type, Hutson said this year's crop of 350,000,000 pounds is not greatly in any excess of consumption.

Increased cigarette consumption and short burley crops the last

## Porter Ferguson Fools 'Em With Love Call

Patrons of the Whiteway Barber Shop Saturday morning were amazed to hear the spring mating call of the Mourning Dove coming from the vicinity of the street.

After a few moments it was discovered the soft, plaintive notes were being emitted from the lips of Porter Ferguson, a resident of the Concord section, who is a past master at imitating birds and farm animals.

On one occasion, Mr. Ferguson had a Southern dorkie in Detroit home for his native land with the Dove call. "Boss," he said, when he finally discovered that the calls were coming from Mr. Ferguson after vainly peering around trying to find the Dove, "that sho' do sound like home."

Mr. Ferguson imitated the "hoo" owl and the barnyard rooster for the patrons of the shop before leaving for home.

Calloway county has some fine animal imitators and most of them excel on one particular bird or animal. And when it comes to the Dove, Mr. Ferguson fools even the doves.

Three years have tended to send stocks of this type below normal, Hutson explained.

## Almo Route 2 News

Mr. and Mrs. Wilson Stubblefield of Detroit, Mich., visited Mr. Stubblefield's parents, Mr. and Mrs. Dave Stubblefield, Lynn Grove, last week.

Mrs. Frances Kemp visited in the Henry Aglesby home, Almo Route 2 last week.

Mr. and Mrs. Ray teele and Henry Aglesby shopped in Murray Monday. While there, they met Mr. and Mrs. Fel Laycox of Pine Bluff.

Mr. and Mrs. Dallas Bucy were in Murray Monday on business. Ray Steele made 20 wagons of hay off of five acres. Guess he can feed his cow this winter.

## Across the River

Since I'm going to Murray might as well take along a little contribution since I'm going to ask all the kindest hearted business men for a contribution for a Fiddlers' contest. Yes, I know they wish such things had never been heard of.

My, isn't the Ledger & Times becoming one big correspondence bureau. I remember when way back yonder, I wrote my first letter, I was scared stiff for I didn't know what the penalty would be for having a letter printed. Now lots of folks are summoning up the courage to write and the old Ledger & Times must be to many what it is to me—a letter from home.

Seems like I'm kind o' like I occasionally used to be in those old days when we played "social" at parties. I can't think of anything to say. Wasn't it terrible back then to get stuck down on an uncomfortable seat with some one who just said "Yes'm" and "No'm". Did no good to look across the room appealingly at the mirth-choked plotters who enjoyed such an arrangement either. Now that recollection's started me wandering and wondering. Wonder if they still play social at parties and cross questions and crooked answers and cross-eyed gump and such. Really, I wonder if they even have parties any more. Seems like it was in another age that we braved the coldest of nights to travel miles, shivering beneath the "tap-robe" to go to parties. We never minded the cold, but I well remember the anticipatory feeling we had when we arrived at our destination and saw through the windows the leaping flames of the great log fire and saw the plank seats around the walls from which the furniture had been moved to another room, and heard the merry voices of the light-

hearted boys and girls in ecstatic confusion still remember very kindly too, the faces of the "old folks" as they smiled understandingly from another room. I hope all old folks are repaid for all the joy they give the young and foolish ones. Those "wild days" won't last forever.

Mr. and Mrs. Lloyd, Linus and Blanche Spiceland, Mrs. Christine Dawson and Virginia Vincent attended the state fair at Nashville again Saturday, but a rainy afternoon was a bit disappointing. The car races were postponed until Monday and would have been better postponed forever, for one driver from Texas was killed and four others injured as their racers collided.

The county fair is to be held at Dover the last of this week, I believe.

Pie Suppers are the order of the day now. Miss Geneva Spiceland sponsored one at Poplar Spring last Friday night and realized about \$20.00. Clyde Spiceland has announced one at Hutchinson this week end.

Mr. and Mrs. Bryant Jones are enjoying their new radio. Really most of us around here are beginning to pull our chairs closer to the radio now that the cool nights encourage fire side sitting. I enjoyed going to the theatre at KMDX Monday nights at 8 o'clock. Hear such folks as Janet Gaynor, Robert Montgomery, Virginia Bruce, and others. And well as we ladies like to visit, we've all been afraid to call where there was no radio since Pepper Young and his companions have been trapped in that mine.

Yes, we take time out for a little recreation even over here where housewives haven't found a nail polish which resists corn-canning, cotton picking, picking up potatoes, catnip making, and the other little diversions which employ farm women. Yes, life's pretty monotonous too, some-

times. We almost feel like butting out what brains we have when we get to thinking that no matter how well we wash the dishes, they'll be to wash three times a day (for some folks) till Gabriel blows his trumpet. (That's one reason I'm not so conscientious about mine as my grandmother is.) But then no matter who I talk to, regardless of his or her profession, theirs is a monotonous routine too, so guess it's up to all of us to follow the old routine but to break the monotony with as many pleasant things as possible. Printing the Ledger & Times may get monotonous but reading them isn't. Chatterbox.

## Cedar Knob News

Hello folks! I start on country things again this week as I don't have much news. I have been feeble so long I would have to go home to dinner with a neighbor and sit-down to a meal at which there are a dozen or more guests. I love the smell of delicious foods that drift from the arbor near the kitchen door, the picnics and possum hunts of fall, the smell of oak and hickory wood on a campfire. I love a night flooded with the light of the harvest moon and hearing the hunter's horn and the sound of the dogs. I love the path between my neighbors' houses and mine which is worn white and smooth by much traveling over.

Mr. and Mrs. Eunice Williams and daughter spent Saturday night with Mrs. Williams' sister, Mrs. Guthrie Osborn, and Mr. Osborn of New Providence.

Miss Pernie Mae Simons, who has been on the sick list the past week, is able to be back in school. Several persons from this place attended the spelling contest at Macgregor school Friday night. Mrs. ylon McClure won the prize for being the best speller.

"Aunt Sis" McClure is much improved at this writing. Hassel Brown lost a fine milk cow last week. Mrs. Landie Simmons and Mrs. Bill Simmons were Sunday dinner guests of Mrs. Landie Simmons' mother and sister, "Aunt Lue" Housden and Mrs. Cleve Lax. Hello, Berline Wisheart, I'll tell you how to get more cotton picked every day. Don't watch that little boy who whistles so much. Chestnut hunting seems to be the order of the day since the rain.—Ky. Bell.

## Clayton Creek News

Well, we had some more rain. I guess most everybody was glad to see it. I hope everyone got their hay in and tobacco cut. There was a little frost about three nights the first of last week but not enough to hurt anything, but people who are not ready for frost should better get ready for it will come before long. No sickness to report this week. Mr. and Mrs. Daniel McKee have as their guests for a few days one of Mr. McKee's uncles and other relatives from Texas.

Mr. and Mrs. Jack Wilson of Mayfield visited Mr. and Mrs. Ed Rickman, Sunday, October 3.

Mr. and Mrs. Lake Hall spent Saturday night and Sunday with Mr. and Mrs. Johnnie Hughes.

Mr. and Mrs. Johnnie Hughes had as their guests Sunday afternoon, Clate Wilson, and Miss Louise Lawrence, both of Hazel.

Walter dams and Buran Overbey surely had some fine Jap hay. They had approximately 200,000 pounds. Mr. Adams said they bailed over 43,000 pounds of a 6-acre field. I guess hay will be cheap this season as the crop seems to have been large in every section.—Cotton Top.

Sports suits, afternoon and evening dresses, and even coats have been made by Kenton county 4-H club members.

## TIP FOR 1938

## THE HOME DECORATOR

SOLON SHACKELFORD

"I Wish I'd Saved That . . ."

the next time Edna falls into the ink, you can take her right out and dump her in whatever kind of stain remover the clipping says is best.

An indexed loose leaf notebook is a grand way to save such material. Simply clip the article and paste it into the notebook, under the correct letter of the alphabet. Thus an article on washing pillows or blankets will be placed under "L" for Laundry. The article on Slip Covers will go under "S." That grand loose article telling you all about how to paint furniture—put it in the "F" file. And so on, and so on.

In all our magazines and newspapers, there is so much information that's scientifically tested, it's as though we were privileged to hear discussions from experts in every field. Your neighborhood dealers also have a lot of valuable information—ranging from paint to pastry—and they'll be glad to help your good work along. The wise person will always take advantage of such an opportunity. So, start your notebook now, and urge your friends to start theirs. In no time you'll be a fountain of wisdom, simply because you have so much good information on hand.

## Stella Gossip

To my great astonishment my good friend Joe T. Lovett has sold out his interest in The Ledger & Times which has been bearing down on my feeble mind very extensively. However, I believe John S. Neal and Mrs. Neal, "Rolly" Gene, Ralph, Orlis, Ed and Boyd will "rock the cradle," Joe.

I wonder if "Eagle" will be retained as a rural correspondent? Editor's Note:—Couldn't do without you, Eagle. Keep it up.

Oscar Robinson's house burned down October 1. Also, "Squire" Matt Potts lost his corn crib and its contents by fire, which is the fourth disaster by fire. Both parties carried NO insurance. Bad luck on hard working fellow-ruralizers.

Robert Hart is having the Penny road gravelled from Johnnie Walker's by the way of Gaylen Myers to Penny. It is on a straight line due East and West, toward the county poor house.

The big gravel trucks, which weigh about 8,000 pounds, which have worn out the highway here until it is all lumpy, bumpy and "Uncle Bim Gumpy."

Miss Willie May Pullen will return home this week from Dayton, O., where she has been visiting her aunts, Mrs. Hassie Cloys and Mrs. Ethel Stone.

Tom-Jo Smith and C. B. Christenberry drew "blanks" at Coldwater pie supper in contest for the Aladdin lamp and dollar episode. Tood bad?

Me and Bob are badly pestered about that mess of barbed wire in the courthouse yard. How much do I hear for a quart of home brew?

Rachel Morgan and Irene Morgan, Coldwater school girls, both 14 years of age, are expert bicycle riders. I've seen them jump gulleys two feet deep.

Ever if Sunday was dark and rainy a goodly number attended church services at Coldwater Church of Christ.

It is encouraging to the old people for the young men and boys to assume public leadership.

Mr. and Mrs. Lynn Lawson's elegant new dwelling at Stella is nearing completion. The structure has five rooms, an upstairs and porches. Arthur Zee, the famous 40-year-old carpenter, was the builder and was assisted by Lynn and C. A. Morgan. Where there's no more stormy clouds arising.

## North Lynn Grove

Seems we have plenty of rain at present.

Several persons from this community attended Leibert Jones' colt show Saturday afternoon. The rainy weather hindered a number from attending. Many nice colts were seen. Dr. Jones and Herman Rodgers were among those who won prizes on their colts.

Brother Henson filled his regular appointment at Salem church Saturday and Sunday. His text was from Acts 27:24 for the Saturday service and on Sunday he used the 1st Chapter of John. The sermons were very interesting. Mr. and Mrs. Carmon Rodgers had the pleasure of having Bro. Sparks, of Beech Grove, in their home Saturday night.

Mr. and Mrs. Howard White and two children, James Earl and Junior, left Friday for St. Louis, Mo., accompanied by Leeb Hagan, to visit relatives. Mrs. Lillie Hagan plans to return home with them after spending three weeks visiting her children there. Miss Amy Paschall assisted Mrs. Guile Tidwell in sewing Friday afternoon.

Avery Miller attended the fair at Paducah two days last week and reported a nice time.

Miss Dulcie May Swann, teacher in Lynn Grove high school and who has been absent on account of illness, expects to resume teaching duties Monday. Mrs. Margaret Swann Webb has been teaching in her place.

Mrs. Earl Miller was the dinner guest of Mrs. J. C. Paschall Tuesday with Mrs. Gracie White, Mrs. Audie Tidwell, Mrs. Elma Haneline, Miss Lawrence, and Amy Paschall assisted Mrs. Paschall in tobacco cutting dinner. It was the last tobacco cutting dinner for this crew. All present at very heartily and had a jolly good time. Tule did the talking and the rest did the cooking and laughing.

We are very glad to know that Mr. and Mrs. Land Crouch are still very active and able to attend church regularly. Although aged in years, they are yet young, and Mrs. Crouch is much help in the Sunday School work and she is depended on for things that most of us do not understand.

We were sorry to learn that Mr. Leo Miller is ill and was unable to attend church at Salem Saturday and Sunday.

We were very glad to see Charles Page on the school honor roll this week as well as the other students.

Hugh Frank Miller, Bubbie Rodgers, Joe Miller, and Howard Rodgers will soon have a log cabin completed on the Orie Miller farm for winter. The intention of the house is to entertain each other in the cold winter days. They report that it will be warm and cozy.

They are thinking they are building a house for fun through the "shut-in" winter days. As all boys hear through those days, "Get on out with those muddy feet. I can't get that mud or quilt with you talking through the house!" Ha, ha! Mrs. Elma Haneline and Mrs. Ama Pogue are wishing Leerie and Leon would take part with the chaps. They had better keep an eye on Parvin or he is apt to move Coldwater and all in the cabin about the time they get it completed.

We are very glad we will still have the pleasure of trading with Ryan Brothers and we are very

glad to have Miss Lucy Hule still continues to be in the store to meet us with that sweet appearance.

—Old Maid

## METHODIST CHURCH NOTES

Sunday, October 10, 1937

These wonderful autumn days turn the thoughts of all of us to the beautiful in the world about us. October is possibly the most wonderful month in the year. At such a time we ought to be thankful.

At the morning worship hour, 10:50 o'clock, the pastor will preach on: "The Glory of the Christian Religion", and at the evening hour Rev. H. R. Taylor, our presiding elder, will preach for us. Let us give him a good hearing.

Only five weeks till the session of the Memphis Annual Conference so we must be busy in closing up the work of the year.

The stewards are anxious that every member of the church have

some part in meeting our obligations in full. One of our goals for the year has been: "Every member a contributing member." We hope that will be true.

Our Church-school, with Mr. C. A. Hale in charge, meets at 9:30 Sunday morning with classes for all ages. The children and young people of the congregation meet at 6:45, with good programs for all age groups.

We particularly invite the students from Methodist homes to meet with us in our worship services.

J. Mack Jenkins, Pastor

## PTA MEETS OCT 7 AT HAZEL SCHOOL

Landing Chutes and Pens To Be Constructed in Hazel Yards

The Hazel PTA will hold its first meeting of the year Thursday, October 7, at 3:15 p. m. in the Hazel High School auditorium with the vice president, Mrs. J. R. Miller, presiding.

The N. C. & St. L. railway has a force of 10 or 12 men here who are overhauling and reconstructing the stock sheds. A substantial structure electrically lighted with several loading and intake chutes, driveways, loading compartments, and separate pens will be constructed under one roof. Underground sewers and being laid to take care of water from rain fall or washing of the sheds thus assuring cleanliness and sanitation. Audrey Simmons will put in scales and office adjacent to these sheds. A large number of stock of various kinds move from Hazel each week by train and trucks.

**Baptist Church Conference Is Held**  
A conference was held at the Baptist Church last Sunday. Elder R. F. Gregory was elected pastor for the next association year. Sun. Boyd Neely, F. Vaughn, Charley Linn, and Coleman Hurt were named delegates to the Blood River Association which meets with the Baptist Church at Calvert City Tuesday and Wednesday after third Sunday in October.

**Methodist Quarterly Meets**  
The fourth quarterly conference of Hazel Circuit of the M. E. Church was held at South Pleasant Grove last Saturday. Reports showed an increase in membership and the financial report was most pleasing.

Lymon Reeder and Knox Wynns left Monday morning to join the CCC camp.

Sandy Harmon, who has been with the CCC camp in Idaho, has returned to his home here. Mr. and Mrs. O. B. Turnbow, Mrs. Mavis Miller, Mrs. Nofe Miller, and Mrs. Lottie Denham attended the Eastern Star meeting at Puryear Friday night.

Dr. and Mrs. Eunice Miller, Mr. and Mrs. Bill Bailey and Mr. and Mrs. Alvie Oliver attended the fair in Paducah last week. Wade Crawford and Mr. Rhodes of Murray were Hazel business visitors Monday.

Mrs. Minnie Hendricks of near Cottage Grove, Tenn., was in Hazel Saturday night and Sunday to visit her mother, Mrs. Frank Bray, who is confined to her bed.

## Between the Rivers

Dear Ledger & Times friends: I can't remember when this paper did not come to our home. It came weekly during my parents' life-time and now they have passed on to Heaven and the good old paper still brings me news of my acquaintances.

I have been a reader of your paper but this is my first time to attempt to write a letter for publication.

Chatterbox sends you news and good letters but she isn't acquainted enough in this section to get us in the columns of print.

We are almost equal distances between Tennessee and Cumberland rivers. We are near the Kentucky line on both the West and North. So you see we are in the corner of the map of good old Tennessee.

The surveyor awake to realize he had started in the wrong direction and setting his stakes anew he made a square turn. Well that's where we are—in the extreme corner of Stewart corner.

This is a wide-awake community and full of pep. The farmers are busy with their fall work. The log barns have begun their usual "smoking".

The women are busy gathering in beans, peas, tomatoes, and the like for fear of frost. These cold nights make us realize frost and winter is just a step ahead.

B. B. Sills of Model, comes to this section about six o'clock each school day morn' to collect his group of high school boys and girls that go to Dover. He has about 20 to ride the bus—also carries anyone else who wishes to go in to town.

The Home Demonstration club met last Thursday with Mrs. Virgil Garland with every member being present except one. We also had one new member to join. Our program was on music. We also had 18 pretty cans of fruit and vegetables to be judged for the fair that opens today (Thursday) and continues through the ninth of October. Don't forget the date of our fair and come over to Dover.

A school here is progressing nicely. Miss Ruby Dilday is teaching. She is kept quite busy with 44 different minds to train.

I enjoy going to Murray. I forget how time passes when I get there conversing with old friends and school chums. I think pleasantly of my school days at Pleasant and Murray. I enjoy the news and letters from the East Side of the county—that is where almost half of my life has been spent.

I must rush along for its bedtime, and I have not finished reading the Ledger & Times. Just got it today. It was two days late from some cause.

Have I used too much space for the first time, Mr. Lovett?

—Reader of the Ledger & Times  
Editor's Note: Not at all. We enjoyed every word of it.

Featured together for the first time, John Howard and Louise Campbell, two of the screen's popular youthful players, appear in "Bulldog Drummond Comes Back," which opens Sunday at the Capitol Theatre.

## In Loving Memory

Of Mrs. Lillie Story Orr, Who Passed Away Sept. 3, 1936.

We can't see why God called her away. It is sad to think of her going by her church and her many friends, but it is sweet to think of her many good deeds while here on earth with us.

Her absence is felt at Sinking Spring Church of which she was a devoted member. We do not believe in over eulogizing but we believe in rendering tribute to whom tribute is due and anything said concerning her Christian life would only be reiterating the tribute to her that she so richly deserves.

She had few equals as a Godly Christian woman. As a wife, she was indeed a helpmate to her husband. She was kind to everyone she met. She was faithful in all walks of life and here we remember that the Lord said, "Be thou faithful unto death and I will give thee the crown of life."

Truly, a good woman has left us for her reward. While she is gone from among us, yet she is not forgotten.

The Girl Scouts will hold their regular meeting Saturday morning, rain or shine. Be on the library steps at 10 o'clock. The program will include one half hour of Scout activities and one half hour of games.

## Last Date for Soil Allowances Is on October 31

October 31 is the final date for earning soil building allowances on the 1937 Agricultural Conservation Program, according to a statement made today by officials in the office of the county agent. All producers who have not already earned their allowance should not fail to do so before this date, the county agent said.
