SOUTH DEMOS BACK BYRD FOR PRESIDENT

A meeting was held in Montgomery County to discuss the campaign for Byrd's re-election. It was reported that the Byrd supporters were very active and that the meeting was well attended. It was emphasized that Byrd's record as a senator was outstanding and that he had done much for the people of Montgomery County.

YOUTH FED OF MURDER CHARGE IS FROM DREDON

A youth of 18 years old, named John Doe, was charged with murder in the first degree. He was arrested after a brief pursuit by the police. The youth had a previous record of juvenile delinquency.

DEATHS

N. P. UEIT CALENDAR

S. P. P. (Pleasantville), 67, passed away in New Orleans on February 25. He had been residing in New Orleans for the past ten years and was well known for his philanthropic activities. Services were held at the Pleasantville Baptist Church.

WOMEN KILLED WHEN TRUCK CRASHED

Mrs. Laura Wise and Mrs. C. S. Wise, of Tyler, Texas, were killed instantly in a head-on collision with a train. The train was on a siding at the time of the accident. The cause of the collision was not immediately known.

FULTON MAN NAMED DIRECTOR OF WKLA

Mr. John D. Brown, a prominent local citizen, has been appointed Director of WKLA. He will be responsible for the overall operation of the station.

Families Follow Wars

The Department of Agriculture publications on what farmers intend to plant in 1944, indicate that theArmy, Navy, and Marines have failed to turn away from their need for food. Fodder or flax seed, which can grow in a few weeks, has been turned down sharply. Apparently we shall have no shortage of its air express shipments this fall.

The Agency became interested in the needs of the public with a view to helping farmers recognize what they could grow for the Army and Navy. The Agency has forecast a larger supply of food this fall than last year.

The forecasts for foods meet the public's need. The forecasts for foods meet the public's demand.

THE CURRENCY OF BUS-NESS

Effect of a recent address made
by Secretary Burgess, President
of Federal Reserve, N.Y.C. in which
she declared that the recent
action of the Federal Reserve
(August 13th) was an evidence of
a move in the same direction
(Lending to the American public)

I read that significant news is
the diminution in the number of
hungermen and the increase in
the number of jobless men who
are taking to the streets, and
the increasing number of
persons who are turning to
employers for temporary work.

The important thing to
remember is that the
Government is not
interested in the
welfare of the
workers, but only in the
welfare of the
employers.

The working class, as a whole,
have never been better
off. The profits of the
employers have
never been greater
than they are today.

So let us fix our minds on
the fact that the
Government is not
interested in the
welfare of the
workers but
only in the
welfare of the
employers.

THE CHURCH OF SCIENCE

It is a well-known fact that
the church of science is
based upon the idea of
creation.

The church of science
believes in the existence
of a Creator who
created all things,
including man.

However, this belief is
based upon the
assumption that
there is a
Creator, and
this assumption is
not supported by
any scientific
evidence.

Therefore, the church of
science is not
based upon
scientific
evidence,
but
rather upon
assumption.

In conclusion, the church
of science is based
upon the
assumption of
creation, but
this assumption
is not supported
by scientific
evidence.

HERE'S ONE BIG REASON WHY TELEPHONES ARE SCARCE

It's one way Fulton P. S. & S. Mount, most powerful lighting ship afloat. It will carry about 1260 telephones, 150 miles of telephone wire, and a Duplex cable connecting system.

Remember that Each line handled 5000 calls last year and year new war fronts opened and present ones were added, for now and next year's telephone equipment needs grow in volume and urgency.

So, naturally, we have many telephone facilities. But close the National Defense program started in 1940, the number of technical skill-hungry engineers grew so that even with more than half a million, the resources were still inadequate. There's a waiting list, too, and we're doing everything possible to meet it.

For example, telephone instruments and other equipment that are now are being supplied and essential for use.

Either if we haven't been able to get a telephone, we're sorry. And you can be sure that we are eager to fill your order as soon as we can.
