Sixty-Eighth Annual Session of Blood River Association To be Held at Calvert City

OFFICIALS PREPARE FOR HUGE CROWD AT BAPTIST RALLY

The Rev. R. F. Gregory is
Moderator for the
Convention

B. R. WINCHESTER TO PREACH SERMON

The sixty-eighth annual session of the Blood River Association of the Baptist Church will convene at Calvert City, Ky., on Wednesday and Thursday, October 20 and 21, Moderator R. F. Gregory announced this morning.

B. R. Winchester will preach the annual sermon, according to appointment last year by the official committee. The Association convened at the New Bethel Church last year.

Officers of the Blood River Unit this year are R. F. Gregory, moderator for the second successive term; Sam P. Martin, assistant moderator; J. H. Thurman, treasurer; and L. V. Hanson, clerk. New officers will be named at the meeting. The Association last year elected R. H. Falwell, Sr., Leon Hale, and C. L. Cox members of the District Mission Board.

The following program will be presented before the audience at the Blood River meeting in Calvert City next week, the various committee chairmen giving reports after the annual sermon is delivered by the Rev. Mr. Winchester.

The Rev. Sam P. Martin will discuss "Missions." The Rev. J. J. Gough will report on the Budget; R. H. Falwell will speak on Orphan Homes; A. E. Cross will discuss Education; L. D. Wilson will take public prayers as his subject; Clyde Lawrence will speak on Prayer Meetings; J. H. Churchill will report on the Literature; B. R. Winchester will be in charge of Literature; J. H. Thurman will give the treasurer's report; L. V. Hanson will present a Digest of Letters; and Ronald Churchill and Dr. Hugh M. McElrath, will be in charge of the Baptist Training Union.

The order of business as it will transpire will run similar to the following plan: Annual sermon, messengers called to order by the moderator or in his absence by Assistant Moderator or Clerk; the appointment of committee on finance; the reading of letters from the churches; enrolling the names of messengers and assigning them to homes; an opportunity given to churches to join the Association; nomination of officers; election of officers; calls for letters and messengers from sister associations; invitation to visiting brethren; appointment of time and place of next annual meeting; appointment of committees on Religious Exercises and Director of Letters; appointment of minister to preach annual sermon; calling roll and noting absentees; reading minutes of each day's proceedings; reading reports of the committees; appointment of messengers to visit sister Associations; the appointment of annual committees, which will include the committees on Missions, budget, treasurer, prayer meeting, literature, Sunday Schools, education, obituaries, Kentucky Baptist Children's Home, district board, public morals, and Baptist Training Union; new business, resolutions, vote of thanks, suggestions; motion to adjourn; prayer; and hymn singing, and a parting hand given.

One of the largest crowds ever to attend a Blood River Association is expected to convene at Calvert City for the two-day gathering. Outstanding preachers from all over the area will take part in the convention.

FERGUSON HOPES FOR GOOD PRICES ON 1937 TOBACCO

State Commissioner of Agriculture Believes Figures Bear Out His View

SAYS LOW PRICE REPORTS IN ERROR

Commissioner of Agriculture, Garth K. Ferguson this week urged tobacco farmers not to become unduly alarmed over rumored reports that tobacco prices will be low this year.

Ferguson said that last year the same message came from practically the same source and prices were the highest in years. "We have reason to believe that this year's prices will not be disappointing," he declared.

According to a report released from the Kentucky Department of Agriculture today, reports that tobacco prices will be low are not justified by a careful analysis of the figures and factors entering into the price of tobacco for this year.

There are certain figures, the Agriculture Department said, which when analyzed correctly indicate whether the price will be low, medium or high. The size and condition of the crop, to be sold and the amount of old tobacco on hand form the basis for such an estimate. The amount of the 1937 crop is estimated from 350,000,000 to 400,000,000 pounds. Its quality as a whole will not be known until stripping begins.

On January 1, 1936, the report continues, the old burley tobacco in the hands of manufacturers and dealers was 697,000,000 pounds. The sales of new tobacco during January, February and March amounted to 125,000,000 pounds, making a total of 822,000,000 pounds of tobacco on hand after the sales closed in 1936. On July 1, 1936, there were 654,000,000 pounds of tobacco on hand, so 168,000,000 pounds of burley tobacco was manufactured during the first six months of 1936 and doubling this we have 336,000,000 pounds of burley tobacco, which was the amount required for consumption in 1936.

The tobacco companies advertise that they age tobacco for two years before manufacturing it and they do this undoubtedly, the report maintains, when they have a sufficient surplus on hand.

On July 1, 1937, there were on hand 500,000,000 pounds of aged burley tobacco, and regardless of how big the 1937 crop is, this is the amount of tobacco on hand available for manufacturing purposes during the next two years, and the actual needs for that period of time without taking into consideration the increased consumption is 572,000,000 pounds. These figures clearly indicate a shortage of 110,000,000 pounds of aged tobacco during the ensuing two years.

Although the state department, according to Mr. Ferguson, is making no predictions on the price of 1937 burley, it does believe it is safe to expect a good price in all types of tobacco this year. "It is undoubtedly true," Ferguson stated, "that the old rule of supply and demand will be brought to bear in the prices offered and that the tobacco companies will want to keep the usual supply on hand for aging purposes."

TRAIN DEMOLISHES TRUCK AT CROSSING

J. W. Page is Driver of Perdue Transport Out of Nashville, Tenn.

An N. C. & St. L. freight train, owned by the Perdue Truck Lines, a local transportation company, and completely demolished the truck he was driving when he drove in front of it at the Murray crossing on the East Highway about 11 o'clock Thursday night.

Page was returning with a load of drygoods, hardware, and groceries out of Nashville when the accident occurred. His attention was all directed toward crossing the tracks safely, and so absorbed was he that he failed to see the lights or hear the whistle of the approaching train.

The truck turned three complete corners and came to a stop with its wheels in the air. Train officials halted within a 100 feet and came back to find Page crawling from the cab. His produce was scattered up and down the track. Page received treatment at a local hospital.

FOX RACES GO INTO LAST RUNS TODAY; 33 DOGS ENTERED

Bailey Dumas' "June" is Winner of Wednesday's Derby Trials

"LEAD" IS LEADING AS GRAND CHAMP

The big Calloway County Fox Hunt went into its last day this morning when eager hunters started their third successful chase in as many days, concluding the race which will determine the grand champion hound in the all-age races. Charlie Medley's dog, "Lead," was leading the entire group of 24 entries at the beginning of this morning's race by 20 points.

There were 33 entries in the fox hunt.

In Wednesday morning's derby for dogs 18 months old or under, Bailey Dumas' "June," a fleet-footed pup from Cottage Grove, Tenn., placed first and "Stella," owned by Otto White, Hazel, placed second.

One of the entries of Bailey Dumas also carried off honors in the Bench Show held at the tobacco warehouse headquarters Tuesday night. Winners of this in other years were J. W. Benton's "Sadie Dawson" in 1933; W. L. Hall's "Skeazy" in 1934; J. W. Benton's "Lady Brannan" in 1935; and N. U. Grubbs' "Lulu" in 1936.

In the all-age Grand Champion races the following have carried away the grand prize: "Trail," owned by Charles Riley, 1933; "Lula Belle," owned by J. D. Houpp, 1935; and "Lead," Charles Medley's hard running hound in 1936.

The judges are Alvin Weson and Wells Heale, Paducah; Joe Bruce Wilson, Ralph Lassiter, and Irvan Forest, Murray. Persons entering dogs in the race are Charles Medley, J. D. Houpp, Homer Houpp, and G. L. Robinson, of Paducah; Bailey Dumas, Cottage Grove, Tenn.; T. W. Callicut and R. S. Callicut, Paris; Otto White, and Everett Mason, Hazel; Charlie Hale, Dr. Will Mason, Eric Grogan, Fred Barber, and George Grogan, of Murray.

Fred Barber is present president of the Association.

Methodists Will Observe Day For Temperance Soon

On Sunday, October 31, Methodist Churches all over the United States will observe what is known as World Temperance Sunday. One Methodist denomination, namely, the Methodist Episcopal Church, includes more than 24,000 local Methodist churches, most of which are located in the north of the Mason-Dixon Line, in the central states and in the West. The Methodist Episcopal Church, South, however, which has close to 14,000 churches throughout the South and West, will also observe this day in very much the same manner as it will be observed in the Methodist Episcopal Church.

Present indications are, according to the Board of Temperance of the Methodist Episcopal Church, Washington, D. C., which furnished the report, that the two great Methodist denominations listed above, together with the Methodist Protestant Church, will be united into one body within the next three years. This, the board declared, will mean a church under the name of the Methodist Church with a membership of practically eight million.

On Sunday of Temperance observance, a sermon on temperance will be preached in most Methodist churches in addition to the regular Sunday school program. Not only Methodists will observe the day set aside for temperance, but a large number of churches of other denominations have signified their intentions of observing Temperance Sunday.

Commander Milstead appointed First Lieutenant Joe T. Lovett as chairman of a special committee to contact George H. Goodman, state WPA director, in an effort to get WPA funds for the construction of a Club House in Murray, to be used both by Legionnaires and Clubwomen.

Mrs. Glen Rogers, Coldwater Rd., left this morning for Lexington, Ky., where she will visit with her daughter, Mrs. Charles Scherffus, over the week-end.

NOTED SPEAKERS AIR VIEWS; MANY HEAR HELEN HOWE

Jack Gardner is Elected President; Teachers Will Support Freeing of Toll Bridges

Perhaps the largest FDEA crowd of teachers ever to gather at Murray State College swarmed the campus Friday and Saturday of last week in the 53rd annual session of one of the state's most active associations.

Throughout the days, hundreds listened to brilliant lectures in various departments by men renowned in educational, thought, and other crowds pushed into the sandwich and soda shops close by to mingle with students and townsmen in refreshing indulgence.

Miss Helen Howe, famed impersonator, thrilled a capacity house Friday night with her "Characters and Caricatures" and N. O. Kimbler, president of the Kentucky Education Association, closed the official program of the FDEA Saturday morning with an address entitled, "The Active KEA".

In a business session at noon Friday, the teachers elected Jack Gardner, Bardonia, president; Adrian Doran, Hickman, County, vice-president; and named Holland Rose, Marshall county superintendent, to replace Mrs. Vera Beckham whose time had expired as a member of the board of directors of the KEA.

The executive committee of the FDEA accepted the recommendation of the board of directors that the following school administrators be delegates to the KEA next April: M. O. Wraether, Murray; Matt Sparkman, Benton; J. C. Maddox, Lone Oak; V. W. Wallis, Barlow; Arlie Townsend, Cadiz; J. O. Lewis, Fulton; E. F. Glenn, Eddyville; O. M. Shultz, Jr., Clinton; Everett Horton, Princeton; J. P. Glasgow, Mayfield; D. D. Cooper, Paducah; Herman Miller, Paducah; Frank McGary, Arlington; W. H. Baldrice, Mayfield; and Clyde Lassiter, Fulton County.

Resolutions adopted by the FDEA included first of all a vote of thanks to President James H. Richmond, to Murray College, and the city of Murray for the enthusiastic welcome given the teachers. The teachers went on record as endorsing the federal toll bridges; pledged their allegiance to Harry W. Peters, state superintendent of public instruction; endorsed the work of the KEA under the direction of N. O. Kimbler and Secretary W. P. King; petitioned the legislature to remove A. B. Chandler to increase the per capita allowance for teachers; pledged more active support of the National Education Association; asserted their willingness to back to the limit the Hamilton-Black-Eletcher bill for education; declared they were highly in favor of a teachers' retirement ruling and free text books for the seventh and eighth grades; and extended a message of thanks to President Kenneth R. Patterson for the splendid program they had been instrumental in arranging for the teachers.

The group named Murray as the meeting place for 1938.

President Blackburn was in charge of the general session. Sixteen hundred persons jammed the auditorium Friday morning to hear a program which featured an address by Dr. Rollo W. Brown, Harvard lecturer and novelist.

President James H. Richmond of Murray State College opened the program with a stirring message of welcome to all visitors. He introduced Harry W. Peters, state superintendent, a former Marshall countian, as a "man whom you all know". Peters spoke briefly, stressing the importance of rural and secondary schools, and asserting his view that there ought to be a special teacher for each subject. Secretary W. P. King followed him with a short lecture on the organization of teachers, declaring that the teachers of Kentucky were better organized than ever before. He pointed out that since 1936 there had been 112 per cent increase in teacher enrollment in the NEA.

Hazel Man Owns Age-Soiled Bible

A family Bible published in 1714 in Philadelphia and containing the 14 books of the Apocrypha not found in present day Bibles is now in the possession of A. E. Roane, a resident of Hazel, who brought the book to this city from the Times office Wednesday.

The Bible is the property of Mrs. A. T. Ball, Evansville, Ind., a sister of Mrs. Roane who formerly was Miss Essie Sison, and it is through her family that the Holy document has descended.

Far back in the dim past, slightly more than 90 years ago, Miss Ann Alexander became the wife of Evan Thomas, until at last the found another place to write the name of those to whom not even time could part.

The story of its century of life is marked heavily on the pages of Roane's copy of the Book of Books, and not least of these are those left by the disastrous flood of last spring. Its well-thumbed pages bear the earmarks of personal by many readers.

Murray Thoroughbreds to Play Middle Tennessee Here Friday Night

Raiders Expected to be Tough, But Racers Are Ready

Fresh from a crushing 27-victory over the Tigers of Ouachita College of Arkadelphia, Ark., the Thoroughbreds of Murray State College groomed their powerhouse here this week in readiness for the Blue Raiders of Middle Tennessee, 1938 SIAA champions who invade the Murray stronghold tomorrow night.

The Racers lost last year to Middle Tennessee at Murfreesboro 19-14. Murray's SIAA champs of 1935, ran over the Raiders 70-7.

Coch. Roy Stewart expressed satisfaction over the manner in which his boys performed against Ouachita, a strong non-conference international foe. There was no stopping the Blueblooms at Arkadelphia. They played steady, conservative, crushing football to score in every period except the third, and they pushed two across in the fourth to make up for that.

The Stewartmen launched their power drive in the first period, scoring on a pass from McRaven to Yarbrough, who outran the Tigers' secondary. Gudasukas converted for the extra point. Jasper, Murray fullback, was outstanding in the second quarter, tearing the Tigers' line to shreds to chalk up considerable gains.

It was in the third quarter that Ouachita made its most serious threat, connecting on a pass from Smith to Reed for its only score. Smith made the extra point. In the last period, after being troubled by Baxter, Tiger end, the Thoroughbreds came back to score two more touchdowns. By sheer power in repeated line smashes, McRaven carried the ball to the Tiger's 2-yard line, from whence

Mitchell pushed it over.

The last score was made on another steady surge of power, Thompson carrying the ball to Ouachita's 38, and McRaven running the remaining distance through the Arkansans' entire squad.

The game tomorrow (Friday) night with Middle Tennessee will begin in the stadium at 8 o'clock.

Fleetwood Crouch in Education Body Race

Fleetwood B. Crouch, of Lynn Grove, one of the county's most admired young business men, today makes formal announcement of his candidacy for a seat on the county board of Education in the election, November 2.

Mr. Crouch makes herewith a candid statement that is in good keeping with his sterling character and record of courteous, straightforward dealing with the people all his life, both as a business man and as a private citizen.

A veteran of the World War, as he states, Mr. Crouch was two years ago given the highest honor at the gift of his home county comrades in the World War by being chosen as their post commander, a responsible position which he filled with distinction to himself and honor to the organization.

His statement to the voters follows:

To the Voters of Calloway County School District:

After a careful consideration and having discussed the matter with a number of my friends and citizens of the county, I have decided to become a candidate for membership on the Calloway County Board of Education subject to the election of November 2, 1937.

I have lived all my life at or near Lynn Grove, Ky., except one and one-half years I spent in service during the World War of which one year was spent in France.

I am the son of M. O. "Lan" and Mattie Key Crouch of Lynn Grove, Ky.; have a wife, two boys, and one girl—one boy in high school; other two children in grades.

Have been partner and miller of Lynn Grove Milling Co. for the past 18 years having served one and one-half years as a member of the Board of Education. I have some knowledge as to the duties of a member. I have at all times kept myself in readiness to hear, study, and understand the problems of the individual patrons of the schools throughout the county.

I believe all of you have talked with me about school affairs must agree that I have listened courteously, tried hard to understand your problems, dealt with you fairly and frankly, and voted on all matters without fear or favor and with no motive in mind or heart except to aid our children with better educational opportunities.

If you are convinced that I possess the character and qualifications, that fit me for such public service then I ask your endorsement and active support.

In this small salaried field of service and in the short time available for contact with the voters I realize that it will not be possible for me to make an individual canvass. I ask you to ascertain from reliable sources my fitness to serve in such capacity, and vote for what you honestly believe will be for the best interest of your school and children.

Respectfully yours, F. B. CROUCH, Lynn Grove, Ky.

Mrs. H. I. Sledd Is Society Editor

Mrs. H. I. Sledd, well-known throughout Murray social circles and a prominent club woman of this city, is the new Society Editor of the Ledger & Times, effective this week. Mrs. Sledd edited last week's socials and demonstrated splendid ability.

Any person wishing to report a social event of any kind to the Ledger & Times can locate Mrs. Sledd by her residence phone, number 247.

This newspaper considers itself fortunate in finding a society editor as capable as Mrs. Sledd to succeed Mrs. Joe T. Lovett, who so ably held that position while she was connected with the Ledger & Times.

Sunday evening honoring Miss Gretchen Long, of New Jersey. Those included were Miss Long, Mrs. W. C. Swann, Mrs. E. J. Beale, Mrs. G. B. Scott, Mrs. J. R. Oury, Mrs. W. H. Mason, and the host. Later in the evening they were guests of Mrs. G. B. Scott at the theatre.

Miss Alice Waters Is AAUW Speaker

Miss Alice Waters, speaking on the Chinese-Japanese situation at the AAUW meeting, October 12, gave a most interesting and informative talk. She gave a vivid account of the differences between China and Japan from the time she went to the Orient in 1892 to the present day.

According to Miss Waters, China does not want war and never has wanted war. Japan makes use of the flimsiest pretexts for further acts of aggression. She fomented disunion in China and assists rebels against constituted authority. She automatically makes demands on China which no nation, desiring to keep its integrity, could concede. She seizes Chinese territory regardless of treaties. Not even the Nine Power Pact acts as a deterrent on the encroaching Japanese. Japan's needs are increased natural resources and a greater field for selling her manufactured articles.

Miss Waters' sympathies are entirely with the Chinese and her pecuniary needs would convert anyone, save perhaps, a Japanese, to her point of view. She recommends an American boycott of Japanese goods.

The AAUW will present Edward Ransdell, head of the art department of the University of Kentucky at their next open meeting on Tuesday, November 9. His topic will be "Art in America."

New members in AAUW are Dr. Katherine Fisher, Mrs. Nat Ryan Hughes, Miss Lora Frisbee, and

Miss Mary Cunningham. The book study group will meet Monday, October 17, at 7:30 o'clock at the home of Miss Lillian Hollowell.

Maguire Are Host To Westminster Fellowship Club

The Westminster Fellowship Club met at the home of the Rev. and Mrs. Bruce B. Maguire for its regular meeting Thursday night, with the Reverend Mr. Maguire leading a brilliant discussion on this "Movie Made World". Miss Georgia Gatlin, president of the club, was in charge of the preliminary business.

It was Mr. Maguire's contention that the recent censorship of over-emphasized movies, put into effect some two years ago, was highly beneficial since it reduced the number of objectionable pictures put before the public and started a wave of classic productions that put the cinema theatre on a higher plane, perhaps, than the legitimate stage.

Group discussion favored the organization of a theatre party to go to Mayfield on either the 4th or 5th of November to see the Warner Brothers masterpiece, "The Life of Emile Zola", starring Paul Muni. The young Presbyterian minister listed several coming attractions at the local theatre which, he said, he felt would be helpful for wide awake and alert young students to put on their "must" list. Seven hundred and fifty issues of "The Gleam", a mimeographed magazine religious in theme published by the Westminster Fellowship Club, were mailed out by the group.

Mrs. Morgan Host To Missionary Society

Mrs. Ira E. Morgan, assisted by Mrs. A. V. Havens and Mrs. Annie Wear, entertained the Missionary Society of the First Christian Church Tuesday afternoon at the home of Mrs. Morgan. The program centered around the study of "Rural Churches." Devotional exercises were conducted by Mrs. T. P. Cook and papers were given by Mrs. A. V. Havens and Mrs. Bill Parks. After a short business session, refreshments were served and a social hour enjoyed.

Mr. and Mrs. Leslie Smith had dinner guests Tuesday evening honoring Mrs. Joe Phillips of Detroit. Those present were Mrs. Phillips, Mr. and Mrs. Ivan Rudolph, Mrs. Nell Farmer, Van Valentine, and the hosts.

Mrs. Vernon Stubblefield, Sr. Has Tea Guests

Mrs. Vernon Stubblefield, Sr., had guests for tea at her home Tuesday afternoon honoring Mrs. Mary Lewis Bobbey of Trenton, Tenn.

At the conclusion of a social hour which was spent informally, the host assisted by Miss Mary Shipley, served a party plate. Guests included Mrs. McRobey, Mrs. Lula Wall, Mrs. Florence Wilson, Mrs. Love Williams, Miss Rennie Rowlett, Mrs. Solon Higgins, Mrs. O. J. Jennings, Mrs. C. A. Bishop, Mrs. Lula Risenhoover, and Mrs. E. S. Diuguid, Sr.

Couples Enjoy Outing And Picnic

Eight young men and women of Murray motored out to the home of Mr. and Mrs. Noel Melugin just North of the city limits Tuesday night and enjoyed winners, marshmallows, and lawn games during the warm evening.

In a woodland just West of the Melugin home, the group built a fire and satisfied its appetites with delicious picnic lunches. Afterward, all repaired to the Melugin lawn to play interesting games. Those present were Mr. and Mrs. Noel Melugin and children, Ross and Carolyn, Maile-Ward, Purdom Outland, Mildred Williams, Harold Earley, Margaret Purdom, Luther Nance, Ruby Carolyn Wilson, and Edward Freeman.

Martin's Chapel Woman's Society Holds Regular Meeting

The Woman's Missionary Society of Martin's Chapel church held its regular monthly meeting at the home of Mrs. C. B. Richardson Tuesday afternoon. The program on "Releasing Women Around the World" was well given by different members, after which plans were discussed for the week of prayer.

Garden Department Entertains

The Garden Department of the Murray Woman's Club held its regular meeting last Thursday evening, with members of the other departments of the club as guests. Mrs. Hall Hood opened her spacious home for the occasion, and was assisted in her duties as hostess by Mrs. F. E. Crawford, Mrs. V. A. Windsor, Mrs. W. H. Mason, Mrs. Arthur Farmer, Mrs. Catlin Clifton, and Mrs. Joe Ryan. Dahlias and roses lent a gay color note to the rooms.

An interesting program was given moving pictures of local gardens and clubs, and some out-of-town pictures were shown. These were followed by dance numbers by Misses Jeanette Farmer, Naomi Lee Whitnell and Hazel Hood, and Misses Marion Sharborough, Louise Putnam and Martha Belle Hood. They were accompanied at the piano by Mrs. Glinges Wallis, Miss Lillian Waters and Miss Eleanor Hise-rendered a lovely two-plant number.

At the conclusion of the program the guests were invited into the dining room where punch and dainty sandwiches and cookies were served. Mrs. E. B. Houston and Mrs. Joe Lovett presided at the punch table.

There were about eighty guests who enjoyed this delightful affair.

Mrs. H. I. Sleds was at home last Friday afternoon to her bridge club and a few guests. At the conclusion of the games prizes were awarded. Mrs. Clifford Melugin and Mrs. J. R. Oury. The hostess served a party plate to the members and the following guests: Mrs. Jack Dyeus of Georgetown, Ky.; Mrs. J. R. Oury, Mrs. T. H. Stokes, and Mrs. Nell Ryan.

Mrs. Waters Made Honoree Of Parties

Mrs. Burfus Waters was honored guest at several parties last week prior to her departure for Paducah to make her home.

Thursday afternoon, members of Circle No. 2 of the Alice Waters Missionary Society entertained in her honor at the home of Mrs. O. J. Jennings. A miscellaneous shower of gifts was presented in a unique manner by Mrs. Albert Lassiter, who made a clever presentation speech by radio. Delightful refreshments were served to approximately thirty guests.

Thursday, in the late afternoon, members of the Book and Thimble Club entertained at a going away party for Mrs. Waters at the home of Mrs. Charlie Hale. A lovely gift was presented Mrs. Waters from the club. A party plate was served at the conclusion of the social hour. Murray Woman's Club Is Prize Winner

Murray Woman's Club won a prize of \$15.00 in a table setting contest at Stewart Dry Goods Co. in Louisville on October 7. One day out of each year this company has what is known as "Stewart's Day" and a certain per cent of all sales is given to the Kentucky Federation of Women's Clubs for the publication of its magazine.

The Murray club competed against eight other clubs from over the state. An informal dinner table was set using a fruit centerpiece and carrying out an autumn color scheme ranging from gold to wine.

Mrs. J. W. Carr represented the club at this meeting.

Committee Meetings At Mrs. Hutson's

Mrs. N. P. Hutson was host to members of the Civic Committee of the Murray Woman's Club at her home Tuesday afternoon. Ways and means of building a club house were discussed. A full membership attendance.

On Wednesday afternoon the book committee of the Ivy Cobb Book Club met at the home of Mrs. Hutson. Books to be purchased by the club were selected after which a social period was enjoyed. The host served delightful refreshments.

Tea Honors Visitors

A lovely courtesy of last Friday was the tea given by members of the local chapter of the honorary French fraternity, Beta Pi Theta, honoring foreign language teachers, who were attending FDEA.

The French department office of Murray State College was decorated for the event in a color scheme of French blue and pink.

Tea was served from a beautifully appointed table by Mrs. A. M. Wolfson. She was assisted in serving by Misses Juanita McDougal, Virginia Thomson, Sara Marra, and Georgia Gattin.

Arts and Crafts Club Meets

Miss Emily Wear was host to the Arts and Crafts Club Wednesday afternoon at her home. Needlework and conversation filled a pleasant social hour.

During the business session, two new members, Mrs. Annie Wear and Mrs. Finis Outland, were elected. Names were drawn for the annual Christmas gift exchange among the club members.

Guests, other than club members, were Mrs. O. J. Jennings, Mrs. Annie Wear, Mrs. Ronald Churchill, Mrs. Elliott Wear and Miss Nancy Wear.

Mrs. Churchill And Mrs. Hendon Entertain

Mrs. Max Churchill and Mrs. Graves Hendon were hosts at a one o'clock luncheon Wednesday at the home of the former. Flowers in all the fall colors made decoration throughout the rooms. A delightful luncheon was served at three tables on which the Halloween idea was carried out in the decorations.

Guests were Mrs. Joe Parker, Mrs. Carney Hendon, Mrs. George Ed Overby, Mrs. Fred Cochran, Mrs. Ardell Knight, Mrs. Hubert Dunn, Mrs. Lynville Yates, Mrs. Walter Boone, Mrs. O. B. Boone, and Mrs. J. C. Calhoun.

Mrs. Walter Wyatt Honored

Children and relatives gathered recently at the home of Mrs. Walter Wyatt to celebrate her sixty-first birthday. Many nice and useful gifts were presented to the honoree.

A delicious dinner was served at the noon hour.

The afternoon was spent in pleasant conversation and musical numbers.

Those present included: Mr. and Mrs. Fale Grogan, Mr. and Mrs. Doyl Wyatt and children, Mr. and Mrs. Aubrey Wyatt and children, Mr. and Mrs. Leland Wyatt and son, Hilman, Mr. and Mrs. Tholbert Wyatt and daughter, Fannie Belle, Mrs. Nora Demson, Harvie Hillman, Beanie Barnett, Hulon Wyatt, Allie Guppon, Miss Manon Wyatt, Lloyd Wyatt, Zula Wyatt, Earl Grogan, L. B. Williams, Miss Jetta Wyatt, and Mr. and Mrs. Walter Wyatt.

Across the River

Greetings to my father on his birthday! I know we're going to like our new school, but it's going to take a little time to get used to the absence of Mr. Lovett who had grown to be almost a personal friend. I'm glad we're still have "Just Jots" whether they're by Joe or John.

I did enjoy those teachers' letters a few weeks ago, especially Patrick Henry's (or was it Milton's) tho we don't take the West Kentuckian so didn't quite understand what Editor No. 6 had said. Anyway, we realize now that "The pen is mightier than the sword."

As usual, I don't know anything of much interest. People all around attended the county fair at Dover last week end. There was a beautiful display of hand-work and canned fruit and vegetables.

The schools are being improved after all the pie supports etc. Poplar Spring School has new concrete steps, Blue Spring School was painted on the inside last week, and Tharpe School is to have a roof.

A fine mule of Clyde Spiceland's came up from the pasture one night last week with a terrible gash in the breast above the front leg and threatened to bleed to death. There is no veterinarian near the place so the women tried all the old blood stopping remedies of flour, salt, etc., they knew to no avail, at last Linus Spiceland discovered what he hoped was the end of a cut vein or artery and they hastily tied it with a strip torn from a bandage and the bleeding instantly ceased.

Mr. and Mrs. Linus Spiceland and Mr. and Mrs. Otis Lovins and children spent last Saturday night with Mr. and Mrs. Ed Lovins.

Yes, and we broke the Sabbath by bringing a truck of horses home from pasture over those slick, muddy roads, but those roads may get worse later. Why can't they get a good road there so that Pine Creek and Concord road can be connected. Police are hanging for great things through the new magistrate.

We found some very generous people in Murray who made it possible for Linus Spiceland to have a Ford Coupe. Blue Spring Friday night, October 15, Spring Friday night, October 15, Well, I'm out of stationery and news so adieu—Chatterbox.

Obituary

Master Edward Clayton Doores was born on August 19, 1927. He went away on the night of August 25, 1937, having lived upon this earth the brief span of 10 years and 12 days.

He was the beloved son of Mr. and Mrs. Newell Doores, the first-born child to enrich the bonds of holy marriage and to delight their home. Besides the parents who survive to mourn his passing the broken family circle is now composed of Evelyn and Edgar Thomas, the baby son. In addition to he is survived by his grandparents, Mr. and Mrs. T. M. Doores, and Mr. and Mrs. T. M. Doores, and by two great-grandmothers, Mrs. Drusie Edwards and Mrs. Mary Doores. Scores of near relatives are joined by hosts of friends and loving neighbors in sharing the bereavement that this hour has brought into this home.

Nurtured in the atmosphere of a Christian home and tenderly guided by those to whom he was dear, his childhood days were happy, buoyant and refreshing to all who knew him. His wide blue eyes, his contagious smile, and his jolly prattle were the light of the hearthstone through all the years. His childish ministrations of love and devotion were the silver linings of clouds that have hung over the home of his grand-parents in times of illness and days of stress and trial.

Within his 10 brief years of life he has lived more than many of us may live in the allotted "three score and ten" and the after-glow of the light of this little star will linger in the horizon of tender memory to light the pathway of those he left behind.

His peaceful crossing into the life beyond was within itself a sermon too full of hope and promise of eternity as to be expressed by human tongue or gifted pen. After assuring the sorrowing ones who had for hours grimly fought back at the specter of Death, that he was "Sailing on" to another land, he called for the pastor of his church. In the few hours of the silent summer night he was baptized by his pastor and his soul was commended to the God who gave; his life dedicated to the will of Him who "doeth all things well."

To those of us who live after him his life must surely be an inspiration. What he had so well begun, perchance must be ours to finish.

The tender recollections of this little man will ever sweeten the days of the father and mother who must go on without him. Most surely Heaven is brought nearer from out the mystic beyond, and though his little body

return to the dust of the earth from whence it came, in the hills of Zion, yet will his spirit live on and on and hover in angelic halo about those who linger here.

These words are the feeble attempt to pay him tribute by—One Who Loved Him.

Almo High School News

This week begins the second six-weeks of school. We have moved into our new study hall and are using our new class rooms. We are planning to keep warm this winter. The radiators are here and they are ready to start to work on preparing for the heat.

The entire school had several pictures taken Monday morning, October 11. Pictures were taken of different groups such as the eighth and eighth grades, the high school and the different classes.

The honor roll for the first six weeks is as follows: first grade, Betty Jo Holsapple, Anna Ruth Billington, Sue Puckett, C. W. Jones, second grade, Rebecca Roberts, Mary Alice Nanney, Ruby B. Bizzle, Edna Mitter third grade, Louise Leonard, Leonard Walker, Debartha Ann Clevenger, Jackie Miller, fourth grade, L. G. Tubbs, Mary Wilma Jones, Lois C. Tubbs, fifth grade, Mae Roberts, Virginia Williams, Thelma Roberts, fifth grade, Nell Clendendon, Maria Lee Rowland, Charlene Lynn, Mary Sue Rose, Sarah Agnes Bowden, Tip-ton Miller.

Honor roll for grades 5-12 will appear next week.

Kirksey met us on our diamond Thursday, October 7, in two softball games. We won both games with a score of 14-3. Our girls won with a score of 21-7. We also won two games scheduled with Faxon Friday at their fair. These games were the softball season.

The grade softball tournament started at Almo High school during the fair. It will be held Saturday of this week, (October 16) at Almo. The first game of the tournament, between Almo and Dexter, was played Friday, October 1. The game was won by Almo. The remainder of the games were to be played Saturday, October 2, but rain prevented the games being played that day. The remainder of the schedule follows: Saturday, October 16, 8:00, U. S. Lumber vs. Brooks Chapel; 10:30, Vancleave vs. Blakely; 1:00, Almo vs. Independence (semifinal); 2:30, winners of the 9:00-10:30 games (semifinal); 4:00, final games, winners of 1:00-2:00 games.

A very large and enthusiastic crowd is expected to be present for these five games.

We had a very welcome visitor for our Fiddlers' Contest and Saturday morning program of our Fair, Mr. Raymond Story, former teacher who is now doing vocational agriculture work in Western State College, Bowling Green.

Heath School News

By Edmond Alexander and Roy Rose, Eighth Grade

Three months of school have passed pleasantly by. We are all interested in our work and trying to make good grades.

We have a new basketball and have been practicing some for the past week. We went over and played our friendly rivals, London, at their school and defeated them. We always enjoy playing London, because they and their teacher are such good sports.

We would like to hear from schools that would like to schedule basketball games with us. Our attendance has been fairly good in spite of the fact that so many of our boys have had to help get in the crops. About 25 have not missed a day.

Our honor roll for the third month is: first grade, Pat Elkins, Alexander, Donald Tucker, James Robert, second grade, Mary E. Swift, Mattie Lou Norworthy, Clarice Palmer; sixth grade, Loma Alexander, Earlene Tidwell; eighth grade, Edmond Alexander.

We were very sorry to lose three of our students, W. F. Glover, who moved to Hardin; Clarice Palmer who moved to Kirksey, and Linda Swift who withdrew on account of illness. We wish them lots of luck.

Hello! After an absence of two weeks I will try to send in a few items from this neighborhood.

We were sorry to hear of Mr. Lovett's selling the Ledger & Times. We have enjoyed reading "Jots by Joe" and think he has made the paper better since owning it. We wish for him success in whatever he decides to do. We also extend best wishes to Mr. Neal and hope he enjoys his work on the paper as well as we like to read it.

The men are still very busy working their hay, sewing wheat and grass and of course the women are still gathering, shelling, and canning butterbeans, peas, etc.

But still there a little time left for visiting. Mr. and Mrs. Zelma Farris and daughter, Dot, spent Saturday night with Mr. and Mrs. Leaman Nix of Murray. Mr. and Mrs. L. D. Linville and children, Ralph and Frances, were dinner guests Sunday of Mr. and Mrs. George Linville and family.

Miss Ethel Robertson has returned home from a few days' visit with Mr. and Mrs. Curtis Overby of Benton.

Mr. and Mrs. William Grubbs, Garvin Linville, Miss Mattie Lou Fowler, of Paris, John Waylon Salmon of Buchanan, Tenn., went to Detroit last week. They had a nice trip and we hope they all find employment. Mr. and Mrs. Grubbs moved here from Detroit last summer.

Mrs. George Salmon and daughter, Marjorie, Mr. and Mrs. Dorsey McPadden, of Buchanan, visited Mrs. Regina Linville Tuesday afternoon.

Frederick Lueder is making molasses this week.

Mr. and Mrs. Alvin Grubbs of Paris, Tenn., were dinner guests of Mr. and Mrs. Luther Grubbs Sunday.

Mr. and Mrs. C. W. York and daughter, Norma, visited friends in Big Sandy, Tenn., and attended a singing convention there.

Mr. and Mrs. J. L. Lynn are expecting their son, Jesse Lynn, in for a visit.

Mrs. George Black remains ill. I enjoy all the letters. Come on Cotton Top. How do you like school? You ought to be coming to Hazel.

For fear our new editor doesn't like long letters, I'll sign off. —Roop-Deck-Pappy

Hickman and Fulton counties have received a loan of \$100,000 to finance rural electric lines.

Applications May Now Be Made For Rehabilitation Loans

Applications are now being received by the Farm Security Administration for rural rehabilitation loans for the next crop year, G. C. Dyer, county supervisor in charge of the Rural Rehabilitation supervised loan program of the Farm Security Administration in Calloway, Graves, Fulton, Hickman counties announced early this week from his office in Mayfield.

"These loans are limited within the bounds of allotted funds to financially distressed farm families—whether on their own land or as tenants on rented land—who are unable to secure proper credit from other sources to make a crop or to purchase needed livestock and equipment."

"The time given for repayment of these loans is an important factor in getting distressed families back onto their feet," Mr. Dyer said. "Many things which the farmer has to buy, such as livestock, farm equipment, lime and other soil improvement items do not bring their full return the first year and the longer credit period makes it unnecessary for the farmers to sacrifice needed feed and seed crops to repay his loan, as would be the case if loans were made for but one year. Where the borrower is a tenant, the term and provisions of his lease are, of course, important factors, particularly as regards loans for soil improvement items."

Mr. Dyer is assisted in his work by Mrs. Mary D. Browder, Rural Rehabilitation Home Supervisor, Earl Mayhew of Lexington, Ky., is State Director in charge of this week and many from this section attended it.

Farmers will soon be ready to gather corn and musters are about ready to "hole up" for the winter like the Great Northern bear.

Bro. Henry Hargis filled his regular monthly appointment at Azotus Church. He spent Saturday night with W. F. Brigham and family.

Mr. and Mrs. Lee Lyons were Sunday dinner guests with Mr. and Mrs. Robert Robinson.

Cleo Burcham spent Saturday night with Mr. and Mrs. R. M. Mil-ton and family.

Delroy Milton and Hilman Lyons, local members of the "Pine Bluff" baseball nine, spent Sunday afternoon at the Bluff, where they were to play Hazel in baseball and later to engage in a big fish fry.

Mr. and Mrs. W. F. Brigham had the following guests Sunday: Mr. and Mrs. Frank Miller and daughters, Daphne and Frances, Hobart Miller, Marie Moody, Mrs. and Mrs. Davelene Milton and daughter, Helen Ruth, Ida Lyons and son, David, and little daughter, Lietha Anne.

Three months of school have passed very quickly and we are very busy. Every class is making something different.

The first grade has made a "Treasure Box" and they are making a collection of shells and pretty rocks. They made some little mud turtles, ducks, rabbits, and some dolls.

The second grade is making a circus of stuffed animals. We are proud of our little sewing class and the animals they are making are very good.

The corn the second grade planted is up and they are very thoughtful to water it every day. We are sorry Mary Sue Garland is absent this week on account of illness.

The honor roll the third month is as follows: first grade, Mildred Mason, Carl Gruget and Onie Bean; second grade, Anna Francis Smith, Robbie Nell and Christine Mason; third grade, Martha Wyatt and Walter B. Mason.

Many years since then have fled, Mother slumbers with the dead; Yet methinks I see her now, As kneeling by her side to pray, She gently taught me how to say, "Now lay me down to sleep, I pray the Lord my soul to keep; Oh could the faith of childhood repeat its little hymns of praise, Oh could its simple joys trust, Be recreated from the dust, That lies around a wasted life, The fruit of many a bitter strife, Oh then at night in prayer I'd bend And call my God, My Father, Friend, And pray with childish faith once more, The prayer my mother taught of yore—

"Now I lay me down to sleep, I pray the Lord my soul to keep."

Mrs. Floy Laycox brought Mrs. Hattie Steele a fine Elberta peach this week from the second crop of this summer. This part of the climate is improving.

Mrs. Lowell Steele has bought a new washing machine.

Mr. and Mrs. J. C. Thompson raised a tomato plant this summer in their yard that grew 10 feet tall and they have picked enough off that vine to can six cans and they have given the neighbors several to eat and the plant has yet lots of tomatoes on it.

J. C. Thompson is putting a new coat of paint on Lloyd Parker's house.

Mr. and Mrs. J. C. Thompson went over to Mr. and Mrs. J. C. Calhoun's Sunday to attend a birthday dinner. There was a nice crowd present and a bountiful dinner was served—Pop Eye.

"Now I lay me down to sleep, I pray the Lord my soul to keep, Was my childhood's early prayer, Taught by my mother's love and care."

Pitching staff record:

Willoughby 8 3
C. Salyer 4 1
Thomas 2 1
Boatwright 0 1

With the weather remaining favorable, Coach Otis Eldridge announced that on Sunday afternoon, October 17, at 1:30 o'clock, that a big get-together meeting and fish fry would be held at the Bluff.

The fish will be furnished by the club, but those attending which includes the entire ball squad of Pine Bluff, all interested fans and any of their opponents met this year are asked to bring a small lunch to round out a well planned menu of fish.

All Bluff players are asked to check in their uniforms at this time so they may be stored for the winter season. Plans will be discussed for the '38 season and preparations will be made to present a play in the near future to take care of the remaining indebtedness on new uniforms recently purchased.

Tichenor Favors Farm Terracing as a Means of Conserving Soil Areas

Many farmers of the Jackson Purchase are being benefited by the Soil Conservation Service and the CCC camps, which are under the supervision of the technical staff of the Paducah project, according to a report of E. P. Tichenor, who is in charge of the division of Erosion Control Practices at Paducah.

At the present, there are three camps in the Purchase which are located at Paducah, Murray, and Mayfield. Up until October 8, when it was abandoned, the Clinton Camp had supplemented the work of the other three. These four camps had worked out and signed up in September 1, 285 cooperative agreements with farmers scattered throughout every county in the Purchase area. These 285 agreements cover a total of 29,977 acres, of which 23,485 have had work completed by the farmers and the Soil Conservation Service cooperatively.

The conservation of soil and water, as recommended by the Soil Conservation Division may be divided into two classes; namely, by mechanical methods, and natural or vegetative methods. The most important practice adopted, through the mechanical method, is probably that of terracing. A total of 8,215 acres is now being protected by approximately 587 miles of terraces throughout the entire area. Next to the practice

of terracing in importance is that of terrace outlet and gully control work. Many days of hard labor is required in this type of work, and the CCC boys are used for doing practically all of it. They build temporary and concrete dams, slope down the sides of the gullies so that trees and vegetation may be established, and build fences to protect certain areas from the livestock.

The vegetative methods or controlling erosion is retreating steep cultivated areas back to permanent meadows and pastures, and to date 5,583 acres have been converted to permanent vegetation.

According to Tichenor, various combinations and variations from the two classes of erosion control methods are recommended and being put into practice by co-operators of the Conservation Service, such as contour cultivation, strip cropping, longer rotations and growing of winter cover crops, as well as improved fertilization practices of liming and phosphating applications.

Many other farmers within the Jackson Purchase area may be interested in cooperating and receiving this assistance from the United States Department of Agriculture, Soil Conservation Service, and if there are, they will receive quicker service and special attention sooner, if they will make application at the nearest CCC camp, their county agricultural agent, or direct to the Soil Conservation Service office at Paducah. A waiting list is kept of all farmers who inquire about or apply for Government service, and there are almost always a great many names on each camp list, but with an anticipated increase in the CCC enrollment on October 1, additional farms can be taken care of at a much greater speed.

FIRST BAPTIST CHURCH

The pastor will be in his pulpit for the regular services next Sunday, October 17, will be morning service, "THE CHRISTIAN SUPREMACY," at the evening service, "JESUS IN THE HOUSE."

Every member of all the organizations of the church are urged to be in attendance in their various groups. The Sunday School is now being led by the new group of teachers and officers. The superintendent, Dr. H. M. McElrath, urges all to come and help to magnify the teaching of the Word.

The Baptist Training Union provides for all age groups in the church a very necessary phase of our church life, that of training in church membership.

Murray College Briefs

Miss Patricia Alexander spent last week-end at her home in Huntington, Tenn., where she was given a dinner Saturday night in honor of her birthday.

Members of the animal husbandry class visited a meat market in Murray Monday where the different cuts of meat were shown and explained to them.

Miss Lucille Culp spent the week-end visiting her parents and friends in Gilbertsville, Ky.

Members of the art class are designing covers for the home economics program.

Ralph Pickard, Bob Butterworth, and Bill Wilson of Mayfield spent last week-end at home.

The presidents of the various clubs of the campus held a meeting Thursday morning in the library building to arrange definite dates for dances to be held this semester. The campus dance orchestra, under the direction of LeRoy Offerman, is working in cooperation with the Student Organization and all dances must be approved by the executive council.

A traveling dramatic troupe is

being advocated by the Student organization this fall. According to the present plans, talented students from Murray State will visit nearby high schools, presenting "Murray Nite", a talent show, including music, dramatics, and other fields of entertainment.

"Red" Burdette, "Slim" McKeel, Herb Mulkey, Kenneth Park, and George Bland went to Lynn Grove Wednesday, October 6, where they played the high school exhibition game of basketball, consisting mainly of ball handling, passes and shooting were also demonstrated.

Murray's cheerleaders will appear in new sweaters for the Homecoming game with Mississippi College Saturday, October 23. The Student Organization presented the cheerleaders with old gold sweaters with royal blue M's.

Miss Virginia McDowell of Paducah and Miss Martha Dean Chandler of Wingo spent the week-end with Miss Chandler's parents, Mr. and Mrs. J. E. Chandler. Miss Edith Anne Plumlee visited with her parents, Mr. and Mrs. B. T. Plumlee, also of Wingo.

Bob Blaese, ex-yell-leader for Murray State, visited Saturday and Sunday on the campus. A transfer and promotion made the trip possible.

Student President Applegate announced Monday that a new football manager system had been introduced. There will be four freshmen managers, from whom three will be selected as sophomore managers. At the end of that year, two will be selected, and finally one in the senior year.

The Rev. Sam Bruce Jones, Murray graduate, was among the visiting teachers and students on the campus Friday. He is now attending Duke University.

Lynn Grove High School claims some kind of a record with this: 20 graduates of this school enrolled at Murray State this year.

Miss Alice Lucille McGeehee, Hickman, spent the week-end in Wells Hall with Miss Juanita Sublette. Miss McGeehee attended the FDEA.

Macon Dismukes and Caswell Hays, staff members of the College News, attended the Murray-Ouchitua game.

Mrs. Irad Bushart of Fulton visited her daughters, Doris and June, in Wells Hall Friday, October 8. She was accompanied by Miss Carolyn Beadles, former Murrayan.

"Immediately after the opening kickoff, Houston 'Hound' Elder, former star halfback of Murray State, took a lateral and raced around right end for six yards, a touchdown. Elder was assisted on the play by the beautiful blocking of another Thunderbird, Herman 'Pigiron' Land, who was the outstanding tackle in the SIAA last year."

These two former Murray stars are playing this year for the Ashland Armies, Ashland's entry into the Mid-Western Professional League.

Miss Margaret Lawson, freshman, spent the week-end with her parents in Fulton, Ky.

Cecil Gentry, president of the student organization last year, was on the campus for FDEA. He is teaching at Bandana this year.

Miss Ella Mae Newton, Golden Pond, Ky., former student of MSC, was the week-end guest of Miss Leone Young. She plans to resume her studies here this spring.

TVA Says Gilbertsville Foundation OK for Dam

Murray President Is Chairman of LTVA

"The drilling and explorations at Gilbertsville show satisfactory foundation conditions", the Tennessee Valley Authority told the Lower Tennessee Valley Association, in a letter received here today. Dr. T. H. Richmond is chairman of the LTVA.

For the past two years, the TVA has been conducting explorations in the lower valley for the dam, which was authorized at the last session of Congress at an estimated cost of \$112,000,000 to be located "at or near Gilbertsville, Ky."

In a report from Carl A. Bock, assistant chief engineer of the TVA, the LTVA officials were informed: "No insurmountable difficulties have been discovered. The difficulties encountered are such as can be adequately met by engineering and construction methods and devices in common use." The statement was transmitted to officials here by F. X. Reynolds, assistant to the chairman, Dr. A. E. Morgan.

Replying to a query as to the choice of the two sites under consideration—Gilbertsville or Birmingham—the TVA announced: "To date the Gilbertsville location seems preferable."

TVA power will enter West Kentucky as construction proceeds, according to information released from Knoxville. "It will take probably six years or more to complete the Gilbertsville project. However, power will be required for constructing the dam, and a TVA transmission line will be run to the dam site for this purpose. This will make power available for our construction and workmen's houses and for such other demands as there may be in that locality."

That work is proceeding rapidly at Gilbertsville was indicated in a report made by Mr. Luther Draffen, Calver City, president of the LTVA. Mr. Draffen said he had learned that over 200 men were on the TVA payroll and that machinery and equipment were being shipped into Gilbertsville by barges by rail, and by truck.

Although much of the work is of a test nature, some of the construction now going on will be permanent. Mr. Draffen said he was informed. Derrick, trucks, steel piling, lumber, drills, barges, etc., are being sent by the TVA to the Gilbertsville site. Unofficially, it was learned here that investigations at the Birmingham site have been virtually concluded. About 12,000 acres of land have been optioned.

VANCEAVE - DEFEATS GRINDSTONE GIANTS, 15-13

The Giants, Grindstone's softball team, visited the land of wee people (Vanceave) Wednesday, October 7, and met an unexpected defeat with a score of 15-13.

Vanceave started the game off in high speed when it scored two runs in the first inning. The game was close all the way and it was in the seventh inning that Vanceave made four scores. Grindstone was unable to recover this lead.

We expect to until the series Friday, October 15. Each team has won one game apiece.

RAIN FORCES CHAPEL HALT

Lewis Applegate and Dr. Richmond Speak Briefly at Assembly

Chapel postponed Monday, October 4, because of rain, was held Tuesday, October 5.

In a short talk, Louis Applegate, president of the Student Organization, discussed class officers, heads of the various clubs, and other student organizations of the campus in regard to their activities.

He urged that all students help make all social gatherings and recreational activities of the campus a success.

Dr. Richmond stated that he would like to have more group singing in chapel programs than there has been during the past year. He said "I don't care if we sing The Man on the Flying Trapeze—I want more racket". He also stated that some new books would be acquired for the chapelgoers.

Coach Roy Stewart announced that each Tuesday night there would be a "social activities gathering" in the new Health Building from 7 to 9. There will be swimming and games for all students and the faculty. During the last 30 minutes of this recreational period there will be a dance, the music for which will be furnished by Offerman's orchestra or by Offerman's orchestra or by other means when the "Maestro" is busy.

It's an old custom that the Jones boys rank first in the names of this college, but according to the postmaster, Glen Jeffrey, the Browns outclass the Jones this year seven to five. He reports heavier mail this year than usual.

(Continued from Page One)

live Spirit of the Teacher", sounded a note of brilliant optimism in supporting the theory that the policy of teaching should be one of subjectivity rather than the current educational trend toward objectivity.

"Teach the students to do, to create, to build reality from dreams," he said. "What matters it if a person appreciates the art of the ages and never has a thought of his own?" It was his contention that enthusiasm is the best guide for any person, the most potent driving force activating industry. "The great decisions of the world," he declared, "are made by the persons in the heat and the struggle of living. If we could get the creative spirit into the public we could remake the world into something undreamed of."

Examining all his premises with architectural references, he stated that intellectual honesty is more to be desired than legal honesty. "The friends of the world," he maintained, "are the creative-minded ones, the friend of labor are those who work most zealously for the best interests of the laborer."

Dr. Clyde E. Wildman, president of DePauw University, addressed the elementary group Friday afternoon on the "By-Products of Educational Processes." He exploded the existing educational

theory that education is the adjustment of man to his environment. He claimed that there are phases of his life to which man never becomes adjusted. The past he held up as a model for the vicarious transfer of information necessary to living. "He who discredits the past," he said, "discredits both the present and the future. Those who cannot remember the past are compelled to repeat it." He continued by saying that one of the worst things a teacher could do was to take a living thing and kill it with dead treatment. "The present and the future," he declared, "is invincible in peace and invisible in war."

Declaring that "You can never get knowledge by pooling your ignorance," the speaker concluded with, "Teachers must never be the apostles of a cult of futurity."

Dr. Henry J. Arnold, Wittenburg College, spoke on "Your Personality—What Can Be Done About It" Friday afternoon in the college auditorium before the elementary section, over which Miss Margaret Heath, Benton, presided. Hundreds of students and teachers swamped the training school circus which was directed by Miss Daisy Hinkle.

The college musical organizations gave a splendid account of themselves throughout the two-day session, the concert by the orchestra Friday night being applauded vigorously by the crowd.

Group conferences which began at 3 o'clock Friday afternoon and supervisors for each included: Adult education, Waylon Rayburn, Murray; athletics and physical education, Walter C. Jetton, Paducah; attendance officers, Homer Witherspoon, Clinton; Commerce, R. L. Montgomery, Paducah; English, F. D. Mellen, Murray; Foreign languages, Miss Nadine Overath, Murray; home economics, Miss Pattie Bolin, Clinton; librarians, W. J. Gibson, Murray; mathematics, Miss Elizabeth Carter, Mayfield; music, W. H. Fox, Murray; National Youth Administration, Otis C. Amis, Louisville; natural sciences, W. B. Moser, Murray; school board members, Boone Hill, Benton; and social sciences, R. J. Snodgrass, Tighman.

Cool, clear days made pleasant the session periods.

CAR BITS SCHOOL CHILD

W. D. Rowland, a third grade student at the Murray College Training School, received abrasions of the skin and fright when he came in contact with a moving car driven by Walter Jones near the training school Monday afternoon late. He returned to school Tuesday morning.

BOWLING GREEN IS TIGERS' GRID FOE

Murray High Sustains Crushing 33-0 Defeat From Mayfield

Groggery from the 33-0 shattering they received at the hands of the Mayfield Cardinals Saturday night, the Murray High School Tigers began work valiantly here this week in an effort to strengthen their offense and defense that appeared disastrously weak against Mayfield and are making ready for their invasion of College High of Bowling Green Friday night.

Coach Ty Holland put his boys through hard workouts all the week in an effort to wreck the Park City ball flingers and smother them with the scoring punch that failed to manifest itself against the Cardinals.

Murray walloped Bowling Green here last year 6-0.

After holding the powerful Cardinals of Mayfield—the team that had doubled the score on Arkansas' championship Jonebore eleven just a week before—to a single touchdown in the first half, the Murray defense wore itself to pieces against the irresistible onslaught of the Mayfieldians who scored at will during the last periods.

The classy Murray and Mayfield bands parading at the half lent color to an evening that had denied its promise of a football natural.

The Cardinals made their initial touchdown five plays after the kickoff. Their line held Murray for repeated downs, but in the second quarter determined marches led by Buchanan, Gingles and Cutchin brought Murray to Mayfield's 10-yard line. Cutchin had just completed a 23-yard pass to Gingles. The Cardinals held the plunges of the Murray backfield on downs and started a march that carried them to Murray's 47-yard line by the time the half ended.

The third and fourth quarters were routs, and Mayfield, substituting freely, scored at its leisure. The Murraymen came out of the conflict without injury, and Coach Holland believes his team is in excellent condition for the melee with Bowling Green.

Senator Pat Harrison, of Mississippi, was defeated in the race by one vote. Credit for electing Barkley to the position has been given Senator Theodore Bilbo, Mississippi, because of his fellow statesman he cast his ballot for Barkley. Gov. A. B. Chandler Will Address Audience in Afternoon

Calloway county and the city of Murray are preparing with other counties and cities in Western Kentucky to turn out in large numbers to attend the Homecoming of Senator Alben W. Barkley at the Lowes Centennial celebration at Lowes Saturday.

Governors of states, congressmen, senators, and many others will be present to hear Barkley's address. James H. Richmond, president of Murray State College, will introduce Senator Barkley and Governor A. B. Chandler, who will speak in the afternoon after Barkley's speech Saturday morning. The Majority Floor Leader's talk will come at 10:30 a. m. and noted Lowes business men will follow Chandler in addressing the audience.

The Centennial will be a home coming for Senator Barkley, heralded as "Lowes' gift to the Democratic party". The majority leader in the senate, now returning from a summer's visit to Europe, arrives in New York today, and will fly to Paducah immediately from whence he will come to Lowes Saturday for the address.

The Senator was born in a two-room log cabin about two miles west of Lowes. The Barkley family moved into town soon afterwards, and Alben W. lived there until he went away to complete his education.

Three principal actors in the rivalry to fill the vacancy of majority leader, left open by the death of Senator Joe Robinson, will be present. Senator Pat Harrison, of Mississippi, was defeated in the race by one vote. Credit for electing Barkley to the position has been given Senator Theodore Bilbo, Mississippi, because of his fellow statesman he cast his ballot for Barkley. Senator Harrison has not yet replied to the invitation sent him, it has been reported to the centennial committee that he has said he would come.

Congressman Noble Gregory, of the First District, and Orville Zimmerman, Congressman from Missouri, are listed among those expected. Governor A. B. Chandler promised to bring 15 state patrolmen to handle what probably

will be the largest traffic the town has ever seen.

Governor Browning of Tennessee replied to the committee's invitation: "I'll be there," and it is possible the Governor of Illinois will drop down from Springfield, the committee stated.

Harts Enjoying Southern Charms

The George Harts and Lockie Fay, vacationing in the South, spent Sunday through Wednesday in Mobile, after having visited Marilyn Mason at Gulf Park Thursday and spending a part of Saturday with Lane Melugin in New Orleans Saturday.

The trio had a little cottage right on the Gulf at Mobile; and enjoyed restful days there. George listened to the last World Series game Sunday afternoon.

They will return to Murray by October 18.

Home Ec and Farm Clubs Hold Meet

At a joint meeting of the agriculture and home economics teachers, held Friday afternoon, October 8, both Miss Ata Lee, state supervisor of home economics, and Dr. Ralph Woods, head of vocational agriculture in Kentucky, discussed problems common to both groups.

Dr. Woods discussed briefly the George Dean Act by which a large sum of money has been appropriated for vocational education. Dr. Woods stated that this money will be used to stimulate a new type of program in order to get away from the old hard and fast, preparatory method. He advised Kentucky teachers to stick to Kentucky and by all means to acquaint the public with their vocational program.

Miss Ata Lee thanked the home economics teachers on the subject, "Planning the Program." After the meetings both groups were invited to an informal tea at the home management house.

NYA WORK LIST IS SHOWN FOR FDEA

Projects Are on Display in Lobby of Library Building

The works program of the National Youth Administration was represented at the FDEA meeting at Murray State College, October 8 and 9, by an attractive display in the college library building.

This exhibit consisted of articles made in the girls' sewing projects and in the boys' work shops. The garments exhibited were for small children. Attention was attracted by the neat finishing of the garments and the handwork they displayed. Many of the girls who work in the sewing centers had never done any kind of sewing, either machine or hand, previous to the training they received with NYA. A desk, chair, and other schoolroom articles represented the boys' work in the work shops.

The exhibit was in charge of Miss Netty Muncy, are supervisor, NYA, Madisonville. Jesse M. Hunt, district supervisor, NYA, Madisonville, and Birger O. Berg, assistant district supervisor, NYA, Paducah, were also present at the meeting.

Extensive vaccination checked hog cholera on Whitley county farms, after two outbreaks.

MURRAY HIGH SCHOOL

By Clara Waldrop

Football

The Murray High Tigers are certainly putting in the time practicing for Friday night when they will journey to Bowling Green. We are proud of this year's team and all of us are going to spur them on to victory by being present at every game whether away from our school or on our own field. Please let us get a glimpse of some of Murray's usually good support.

P. T. A.

The district PTA meet is to be held in Murray October 28. All parents are urged to become members of this organization. The number of members last year was 180. The goal this year is 200. The room which has 100 per cent membership will be rewarded with a party. Everyone come and join.

Music

The MHS glee club under the direction of Everett Crane has been started for this year. We are expecting great things out of this organization. The girls' trio has been selected and it is composed of Annie Lee Gatlin, first soprano; Mayme Ryan, second soprano; and Marian McElrath, alto.

We were certainly proud of the showing our band made at Mayfield last Saturday night. Their marching and playing certainly lost nothing in comparison with Mayfield's band. However, May-

field's splendid new uniforms (their second since ours were purchased) looked fine and were undeniably an advantage in smart appearance.

Food for thought—A little material backing and support from Murray's civic clubs and organizations could easily and quickly remedy this condition.

Shelby Speaks on Hamlet at Meet

J. Samuel Shelby, senior from Murray, made a talk on Shakespeare's play, "Hamlet," at the second meeting of the Murray College English Club in the regular meeting place, Dr. Herbert Drennon's room, Tuesday, October 12. The subject of Shelby's talk was "Hamlet's First Soliloquy in the play."

Charles Baugh, president of the club, was not present and Miss Wilma Shaw, vice-president, took charge.

Shakespeare will be the theme for this semester. A fine of 10 cents was voted on all absences.

VANCELEAVE HONOR ROLL

Those making the honor roll for the third month are as follows:

First grade, Eddie Eldridge, Mildred Hopkins, Gladys McKinney; second grade, Young Lovett; third grade, Mae Dell Hopkins, Emma Lee McKinney; fourth grade, Duell Burken, G. T. Brandon; sixth grade, Dorothy Pool, Oeda Hopkins, James Burken; eighth grade, Loudean Washburn.

CALLOWAY COUNTY PREPARES FOR BIG FAIR

Biggest Festival Ever Sponsored by Citizens of this County is Scheduled October 22, 23 in Mammoth Show

HUGE CROWDS ARE EXPECTED TO JAM MURRAY STREETS

Premium List is Released; Many Awards Are to be Given

CIVIL COMMITTEES WORK FEVERISHLY

The biggest fair Calloway County ever sponsored will open for display a week from tomorrow in Murray. Crowds from every hamlet and rural settlement in this county and adjoining regions within a radius of 50 miles are expected to jam the streets of Murray in this most glamorous of all Calloway county's harvest and household festivals.

It will be the first county-wide fair in three years.

Committees composed of farmers, business men, and professors; housewives and kitchen maids; school girls and future farmer organizations; the 4-H Clubs and interested civilians have all been working cooperatively and zealously to make October 22 and 23 an occasion representative of the best that Calloway county has to offer.

The local Farm Bureau in co-

operation with the County Agent's department and the Smith-Hughes teachers of agriculture and home economics in this county are sponsoring the fair.

Brilliant programs and displays have been arranged in every department.

Complete premium list will be found on page five of this section.

Colored Woman Is Unhurt After Suitor Shoots Her

John Richard Hodge, about 35, colored, shot and painfully injured and frightened his alleged fiancée, Minnie Erma Johnson, also colored, about 1 o'clock Monday afternoon in that part of Murray known as Pool Town.

The two had been sweethearts, it is reported, and Hodge objected to Minnie's leaving his house. She went anyway, and he peppered her with bird-shot at 75 yards.

The woman's wounds are not serious. Chief of Police W. B. Parker lodged Hodge in the city jail immediately after the shooting.

5,000 Catfish Are Put in Rogers Lake

Glenn Rogers reports that he has recently put 5,000 forked tail catfish from the Tennessee River in Rogers Lake. He stated they were from 8 to 12 inches long. This additional supply of fish should make real sport for the followers of Isaac Walton in the future and should increase the interest in fishing there.

HIT, RUN MOTORIST STRIKES AGED MAN

Clyde Bagwell, 70, Resident of Hazel Highway, Is Injured

A hit-and-run driver of a V-8 Ford car struck and seriously injured Clyde Bagwell, a 70-year old farmer of near Murray, as he was walking on the Hazel Highway near his home Friday night about 6:15.

The identity of the driver of the car was undetermined since neither his description nor the license number of his car were ascertained.

The car, traveling at a high rate of speed, passed a truck driven by Courtenay Starks, who lives on the Hazel Highway, and in doing so struck the aged farmer. Starks set out in pursuit of the fleeing automobile but he was easily outdistanced.

Bagwell, whose injuries were about his head and body, received treatment at the Mason Hospital in Murray. His condition presently is reported as satisfactory.

Hall Hood Speaks To City Rotarians

County Attorney Hall Hood addressed the Rotary Club last Thursday night at their regular meeting at the National Hotel on some phases of American Legion work and thought as they are related to International relations.

Rotarian Joe Horton, chairman of International Relations Committee of Rotary, was in charge of the program.

The Rotarians will sponsor Ladies' night on October 28.

Courtyard Fence is Being Repaired

County officials are removing the old posts and wire fencing in the grass plots in the courthouse yard and are replacing them with new posts and new barbed wire.

Deputy Sheriff Joe Parker is in charge of the work. The posts are six or more inches square, but the barbed wire will be the same that has been used previously, except that it will be tighter.

The job will be finished next week, if not sooner.

FAXON GETS NEW 4-ROOM BUILDING

Brick Structure Will be Supplement to School House

Construction of a new 4-room supplement to the Faxon, High School building will begin the first of next week, according to an announcement made by Jack Sharborough of the Calloway County Lumber Company, which is furnishing the materials for Contractor Buren Poyner, who received the bid for construction of the edifice. The project involves an expenditure of approximately \$4,000.

Sharborough said work on the building would last in the neighborhood of 60 days. Bids were let by County School Superintendent M. O. Wraether. Information obtained early this week from the superintendent's office declared that the contract for the building of extra rooms at New Concord School would be let soon.

Kirksey, Hazel, Lynn Grove, and Alto already have been beneficiaries in structural programs, and all of them are now completed with the exception of Hazel.

What War Costs

When the world is beset with struggles such as are going on in Europe and Asia, it is time for us to ponder the results of such conflicts. The United States does not wage war, nor does any nation which is not the aggressor.

Some foreign nations are beset with political and internal problems, and wars are planned and waged to keep their subjects in a fever heat and ready to support their governments. But these subversive influences create a chaotic condition, which requires the ablest statesmanship on the part of world leaders to avoid major conflicts. But the ablest of these have been powerless to prevent the unprovoked war between China and Japan, and the civil war in Spain.

Fortunate for the United States that we have such an organization as the American Legion which is a great peace time army striving to keep us out of conflict. Its program of an ample defense is the best means of keeping us out of trouble is commendable.

But in spite of all the efforts being made to avoid war, it might come. But if we review some of the costs of it in dollars and cents beside the cost of human life, we as individual citizens will do our part to break up the footloose and commotion and other foreign men are trying to make in this country. We have no place for them here in America. Here in Murray and Calloway County we are not free to face with their workings. But every American Community such as ours should lend whatever assistance we can to help stamp it out in our sister communities, that are so afflicted.

The cost of the five million flights with foreign powers in which the United States has been embroiled is as follows:

Revolutionary War: Cost of War, \$105,000,000; cost of veterans, \$70,000,000.
War of 1812: Cost of war, \$119,624,000; cost of veterans, \$46,216,000.
Mexican war: Cost of war, \$173,296,000; cost of veterans, \$61,082,000.
Spanish-American War: Cost of

war, \$1,901,926,000; cost of veterans, \$1,164,000,000.

World War: Cost of war, \$22,272,000,000; cost of veterans, \$11,044,615,126.

This represents a total cost of wars of \$24,571,848,000 and a total cost of veterans \$12,345,923,126. Since we have had these wars the payment that the veterans have received is justly deserved, and yet in no way repays for the loss of human life. Let's all lend our influence to prevent war and kill those influences which lead to it and we will not be called upon to pay the toll in human life and money that it costs. If it were not for the cost of these 5 foreign major conflicts, every man, woman, and child in the United States, basing the population at 120,000,000, would be worth \$308 more, plus the accrued interest over the respective period of years, for that is what it has cost each individual in taxes.

Special Classes Are Organized at Murray College

Special classes have been organized in the college at Murray on Saturdays in English 104 and a course in Latin, officials announced today. Fees for these courses have been considerably reduced.

There is a probability that a class will also be started in biology 215. The college is ready to organize classes to take care of the needs of all who apply for Saturday work. These courses are given for resident credit.

It seems probable now that 25 to 30 students will be enrolled in these courses. Information should be addressed to Miss Alice Keys.

John Hay Dies

Mrs. Edd Filbeck, Murray, received word Monday morning that her nephew, John Hay, Irvine, Ky., had just died after an automobile accident which he suffered Saturday night while returning from Winchester. He was 18.

His father, Hafford Hay, a former resident of Murray, is county attorney at Irvine.

JUST JOTS

By John

The junking of the Leviathan (Christened the Veteran) and seized by the United States from Germany at the start of the World War marks what appears to be a new era in United States shipping. The junk price received for it may be enough for a down payment for its \$16,000,000 successor, first of a projected new fleet designed to restore the lost pride of the United States in world shipping.

The Federal government's subsidy program to shipbuilding will be a great boon to the shipping interests and at the same time provide us with a second line defense in case of war, under our own flag. To build ship methodically, and well, instead of in a hurryup fashion like we did during the last war will be a fundamental economy. The concrete and wooden ships built then were of no value after the war, but had to be paid for by taxes by the people. If we plan a merchant marine as we go along, we need not be extravagant in case of an emergency.

One of the world's largest manufacturers in the United States reports that phonograph records are coming back. This company has made over 600,000,000 phonograph records and they report that with the development of the talkies and electrical recording, which reproduces the human voice and song without distortion, that sales are on a tremendous upgrade. Our children and grandchildren will be able to hear our great artists, as if they were living 100 or 1000 years from now. We wonder what people, lived and thought back in history. Today science is preserving thoughts, actions and deeds for posterity.

Rubber Books, now made in the form of phonograph records, let the Blind Read. To our fellowmen, who have been so afflicted, this is a great comfort. Of the total 130,000 blind people in this country less than one-fourth can read Braille printing. Some, because of lack of education in the system, others, because they are not able to attend blind schools and learn the system. Now by these rubber records, the blind can read the latest novels, biographies, and other literature he only heard about before. These records give them "eyes" with which to read.

Many cities and some state governments have passed ordinances and laws which make a white cane the official emblem of the blind. No one except the blind in these communities are expected to carry white canes. Whenever you see a white cane, stop and help the blind across the street, or whatever they are doing. You will be doing a great deed to them, and establishing a practice which will aid them in their problems. As a suggestion, if you know some one at Holiday time who is blind and does not have a white cane provide him with one. An official white cane can be purchased as low as forty cents—and it might help save a human life. Next to saving souls, saving a life on earth is the most noble of deeds, for no one should want to die.

The comeback efforts of the American railroad is a definite trend towards increased prosperity. America has 23,000 miles of railroads, 6 per cent of the world's population, and 30 per cent of the total railroad mileage in the world. It gives gainful employment to thousands, and the iron rail is still the tie that binds for heavy hauling and long distance transportation.

Don't forget the Calloway County fair to be held in Murray, next week, October 22 and 23. The County fair is one of the grand old traditions. Let's help make this the largest effort. We want to commend the officers, directors and citizens at large who have

been working zealously to make this one a good one. Prizes will be offered in the women's department, which comprises 4 divisions: Clothing and Home Furnishings, Foods, Canning, and 4-H Club departments. In the Contest department, for cattle, poultry, horses and mules, farm products, hogs, and tobacco. A complete list of the prizes and ribbons offered appears in this week's Ledger & Times.

Now that the World series is over and the city square is back to normal, let's not forget that the Tigers play Bowling Green there Friday night and Coach Stewart's thoroughbreds meet Middle Tennessee Teachers here at 8 p. m. Cleanly coached athletics make for clean sportsmanship, and clean sportsmanship builds men of character. Athletics, directed correctly, is as important as any other course of study. Teamwork counts in athletics and heroes and leaders on the gridiron become leaders in community events after they are out of school.

Congratulations, Mr. New Editor! We sure will miss the "Jots by Joe". Perhaps we will have something of similar interest.

Here's hoping Joe success in any business he may enter. Lots of people with his financial standing would have been kindly "upish"—but not so with Joe. But say, folks, do you think anyone with good common sense (if they have lots of this world's goods) will ignore the poor? I'm sure they won't if they are Christians for look who Jesus Christ associated with mostly when he was on earth.

We're having plenty of rain now. However, we are not needing it so much as far as cotton picking is concerned.

Mrs. Walter Smith is at home now after being a patient at the Mason hospital for some four months and is improving slowly. Everett Massey is up now but not able to work after his narrow escape when gravel caved in on him two weeks ago at Squire Yarbrough's.

Mr. and Mrs. Claude Steele and John C. and Mrs. Otto Burton were dinner guests Sunday of Mrs. Emmet Henry and family. Flepoy Champion and Aubrey Smith visited the former's aunt, Mrs. Bernice Steele of Murray over the week end.

Help Your Fellowman

While journeying down life's weary road, Should you meet a brother with a heavy load, For his burdens may be heavy to bear—

We should attempt his troubles to share. For perhaps after all if his load Was on our shoulders, would cause us to stumble and fall. Do not frown and pass him by. For I'm sure in some way you could help if you only try. Tho' our hearts may seem happy and gay

We may have a load heavier than his the very next day. Do not condemn him nor cast at him a stone

Unless you're sure and double sure you have no sins of your own. For it is not what we take, but what we give—

Not as we pray, but as we live; These are the things that make for peace.

Both now and after time shall cease. So let's try to our fellowman be fair and just

For there is an all-seeing eye watching us. So always be faithful, honest, upright and true

And do unto others as you'd have them do unto you. Although try as we may, we never can see

Where we can do as much for our fellowman

As Jesus did for you and me.

Baptist Students Go to Georgetown Friday for Meeting

Ralph Churchill, Baptist student secretary in Murray, announced here this week that at least 14 students and perhaps more would accompany him to Georgetown Friday, October 15, and remain over through the 17th to attend the state Baptist Training Union meeting held there this year.

R. H. Falwell, Jr., president of Baptist Students in Kentucky, will be in charge of the meeting. The delegation from Murray, composed mostly of students in Murray State College, will put on a play, "The Perfect Plan", at the convention. They will attend the banquet for all delegates Friday night.

Fete Gillespie, well known to all Baptist students throughout the state, will be in charge of the talent parade.

Those from Murray who plan to leave tomorrow for Georgetown are Misses Sally Lemons, Evelyn Ruth Gingles, Mary Frances Perdue, Katie Tarry, Geneva Ouland, Dixie Stone, May Boaz Cooke, Della Frances Bell, Mrs. Laverne Call Ryan, Maurice Bailey, Eldon Byrd, Frank Crawford, Larry Hendon, and Ralph Churchill.

McDade Will Aid Calloway Agent

Ralph McDade, Knoxville, Tenn., of the agricultural relations division of the Tennessee Valley Authority, arrived in Murray Monday of this week to work in cooperation with County Agent J. T. Cochran in making manifest the values of the aerial phosphate demonstration. The program which McDade will be instrumental in helping will include the Kirksey high school vicinity.

The TVA is in a preliminary survey of the entire area.

BAPTIST STUDENTS TO GO TO FULTON

Ralph Churchill is President of Convent Southwestern Region

The Southwestern Regional Baptist Training Union Convention will meet with the Fulton Baptist Church in Fulton Friday and Saturday, October 29-30. The first session will be Friday at 10 o'clock and the convention will close at noon Friday.

Ralph W. Churchill, Murray, president of the Southwestern Region which is composed of Blood River, Graves County, West Kentucky, and West Union Associations, will be in charge. The Rev. Woodrow Fuller is pastor of the entertaining church.

The theme, according to Byron C. S. Delamett, state BSU secretary, will be "Be ye Doers of the Word". The song is "Our Best". The program is planned for every Baptist in the Region and will be devotional, inspiring, and practical. Dr. Claude Brown will be the banquet speaker. The consecration service, the intermediate sword drill, and senior-better speakers' contests are important features, according to the report. All Baptist students are recipients of special invitations to attend.

HOTEL FIRE IS QUENCHED

Fire broke out Sunday in a basement room of the National Hotel, catching from an oil stove, but quick intervention by the Murray Fire Department and aid from local helpers extinguished the flame before it had spread to dangerous proportions. The damage was slight.

Four new marl beds have been opened in Hardin county, and a reduction made in the price of crushing limestone.

YOU NEED ICE

The Year Around . . .

There was a time when you thought you only needed ice in the summer time . . . But that day and age are gone forever. With the advancement of education in all lines, especially in the health of your family and budgeting for the family, modern people have found that they need ice the year around.

Food keeps best under constant temperature. When it is kept so, it doesn't spoil or become tainted, and you will not unconsciously serve spoiled food to your family.

And you need ice the year around to save on the family pocket-book. Believe it or not, the preservation of left-overs will almost pay for your ice bill. A penny saved is a penny earned. And left-overs, put in a properly iced refrigerator remain delectable.

ICE DOES THIS—

Constantly circulates Pure Air.

Drainage removes all food odors, and one food does not acquire the taste of the other.

Moist enough . . . Dry enough, and cold enough for perfect food preservation, especially Fresh Fruits and Vegetables.

And you can have ice when you want it—no waiting for cubes to freeze.

An ice refrigerator never Gets Out of Order—

No costly mechanical repairs—No dangerous escaping gases.

Very inexpensive—A modern ice refrigerator costs about one-third as much as an electric one and does three times a better job, and adds beauty to the kitchen.

2-Year Purchase-Service Offer!

We offer you a fine new 1937 Air Conditioned Ice Refrigerator, and GUARANTEE to ice it for TWO whole years for the same money or less than you would have to pay for a 1937 electric model, same size, of ANY MAKE. (Without including costs of repair and operation). Remember, ICE doesn't get "out of order."

I was indeed sorry to give up our dear editor, Joe T. Lovett, for he has been such a good and kind editor. I wish for him future success. I thank him for finding space each and every week in the columns of the Ledger & Times for my news of this community. I also welcome the new editor, John S. Neal, and trust he finds my letters interesting enough to continue publishing them in the future. Editor's note: We will indeed be glad to receive your news each week.

Mrs. Monnie Mitchell, of Macedonia, received word Thursday from Detroit, Mich., that her son and daughter, Mr. and Mrs. Elmer Rodriguez are the proud parents of a 7-pound daughter who arrived last week.

I notice we had several new correspondents last week. I enjoyed reading them all. Well, hello there "Aunt Cindy," when did you arrive. I am truly glad that you have some good poultry and I want to be the first to obtain some of your eggs early in the spring for my incubator as I am sure you will have them if "Grandpa" continues to feed them.

James Henry Gibson left last week for Detroit to seek employment.

Our good teacher, Guy Lovins, took his pupils out grape and chestnut hunting Thursday afternoon. Mr. Lovins brought the students by to see Mrs. Kittie Simmons who has been ill for several months and she enjoyed them com-

ing very much and welcomes them to return as it made her feel like she was a school girl some 25 years ago.

Guthrie Osborn left last week for Detroit, Mich., to seek employment.

Mr. and Mrs. Eunice Williams and daughter, Eron LaRue spent the week end with Mrs. Williams' parents, Mr. and Mrs. Elmus Mitchell.

Mrs. Sip Williams spent Thursday afternoon with Mrs. Kittie Simmons and Mrs. Pearl Williams and assisted the latter in quilting.

Mr. and Mrs. Otis Ferguson of near Cedar Knob moved last week to near New Concord.

We are glad to hear that Mrs. Reva Hartsfield, who has been ill, is improving.

Mrs. Monnie Mitchell was the dinner guest of Mrs. Kittie Simmons and Mrs. Pearl Williams Saturday.

Miss Mary Lucile Simmons was the Sunday dinner guest of Miss Eva Mae Williams of Frog Creek. Mrs. Kittie Simmons received a nice box of delicious food Sunday afternoon from Mrs. Mary McClure. Mrs. Simmons also wishes to thank Mrs. McClure and Mrs. Mary Wischart for the delicious apples given her.

I will be traveling along now as I don't want to worry the editor too much. Will see you again next week—Ky. Bell.

Hybrid corn will outyield common varieties 50 per cent on the farms of W. T. Strong and Welby Miller in Taylor county.

Around Paschall School

I hope everyone has been enjoying these beautiful autumn days as much as I have, although it is some cooler at the present time.

We were very sorry to hear of Mrs. Lula Paschall, of near Wiswell, losing her tobacco barn by fire on Monday of last week.

Commodore Jones of Sedalia was in Puryear, Tenn., on business Wednesday of last week.

Mr. and Mrs. Asa Paschall and children of near Spinking Spring, left last Tuesday week for Florida where Mr. Paschall plans to take up work for another year.

Little Miss Annie Jean Jones is ill at this writing. Annie Jean is the daughter of Mr. and Mrs. Hollon Jones. She was carried to Dr. Jones Sunday afternoon for treatment.

Mr. and Mrs. Ben Byars enjoyed Sunday very much by having as their visitors Mr. and Mrs. Connie Hall and daughters, Ocean and Bonnie Sue, their son, Lake Hall and Mrs. Hall. Mr. and Mrs. Hall are old neighbors of Mr. and Mrs. Byars' and of course it wasn't hard for them to find something to talk about and enjoy the day together.

Mr. and Mrs. J. C. Paschall and Mr. and Mrs. Hollon Byars were also visitors in the home.

Harold Smotherman went to his new farm which he purchased recently to work.

We are glad to report little James Mac Smotherman has recovered from a recent illness.

It is still a very busy time with the farmer. Tobacco is all cut in this section, but the weed is in full way of being fired, and the wheat crops are being planted. Grass and oats are also being planted.

Thanks, Grasshopper, for your advice for me not get out in the rain. I'll stay very close when it rains like it did two weeks ago Monday. Humming Bird, I guessed who said they felt like they had helped can the fruit and I hope C. L. P. wasn't sick after attending that swell birthday dinner.

Mr. and Mrs. Fred Humphreys and Chester attended church services at Oak Grove Sunday. Mr. and Mrs. Aubrey Jones and Mrs. Lina Paschall were also among those to attend the church services Saturday and Sunday.

Mr. and Mrs. Ben Byars were very glad to have their little nephew, Wendell Smotherman, visit them last Saturday. He is a very pleasant little fellow with his smiles and laughter.

Miss Wilma Paschall visited her sister, Mrs. Fred Orr and Mrs. Orr Sunday. Mr. and Mrs. Orr and Wilma attended church services at South Pleasant Grove Sunday night—Golden Lock.

Freeland News

Thank you! Mr. Editor, for printing my letter. You couldn't have pleased "Aunt Cindy" any better. I hope all the Ledger & Times readers enjoyed it. I sure did enjoy all their letters.

Hello! Sweet Pea. I sure would like to see you. Do you remem-

ber me? I guess you still remember those three little girls that used to come to your house. I am the least one. I will give you this much of a hint. I'm not any kin to you.

Mr. and Mrs. Henry Garner and daughter, Wilma Gray, spent last Sunday with Mr. and Mrs. Noah Maynard of Cedar Knob.

"Uncle Bud" Todd has been having chills for the past two weeks. He goes to his cotton patch and has a chill and lies down until it is over. Then he goes ahead and picks cotton. I wonder if he will get them cured that way.

Miss Frances and Bobbie Grubbs and sister, Miss Frances Parker were Sunday dinner guests of Miss Gail and Velda Mae Hutson.

Miss Bertine Wischart spent Thursday night with Mr. and Mrs. Eunice Williams of Cedar Knob.

Hello Kentucky Bell. I will tell you how to cure yourself where you can come to see me. Just quit drinking from that Cedar Knob spring.

Mrs. Lissie Stubblefield, Mrs. Linnie Simmons, Mrs. Tennie Duncan, and "Aunt Sissie" Duncan spent last Saturday evening with Mrs. Daisy Williams of Macedonia.

Mrs. Lissie Stubblefield, Mr. and Mrs. Warlick Hutson and son, Joe Max, "Aunt Sallie" Burton, and "Aunt Lou" Housden, her sister, spent Saturday night with Mr. and Mrs. Willie Simmons and "Aunt Linnie" Simmons of Macedonia.

Gosh, there ain't no greater fun. At end o' day when work is done Than sittin' in the settin' sun Just whittlin'.

Grandkids gone, been here all day, Love 'em more than I could say, But now I can attend 'em pay. To my whittlin'.

Towser's lyin' by my knee Thumpin' tail and eyes on me. The world's as right as right can be.

When I'm whittlin'.

When I get too old to work, And will have my chores to shirk, In my heart no care will turn, 'Cause I'll be whittlin'.

So long to everybody! I will see you all in the funny paper.

Mrs. G. Wallis Is Hurt on Highway Near Clarksville

Mrs. Gingle Wallis bruised and scratched herself seriously Sunday when she fell from the fast-moving car driven by her husband about 10 miles this side of Clarksville, Tenn.

Mr. and Mrs. Thomas Banks and Mr. and Mrs. Wallis were enroute to Nashville. Mrs. Wallis, attempting to unlock the door, fell onto the hard-surfaced highway when the door unexpectedly opened.

She was taken into Nashville hurriedly where she took treatment to prevent infection. She is recovering nicely.

Mallory School News

We were very busy last week taking tests. All pupils made very good grades.

Our pie supper was a success in spite of handicaps.

We want to extend our thanks to every one for their splendid cooperation and help. Our thanks are extended to the trustee for his permission to have the supper, and our thanks to the mothers and dads who turned out in body and helped so much. To the boys and girls who made the music, to Mrs. Hattie and Bernice Steele who furnished the flowers to the teachers, Miss Corine and Milton Henry for their help, to the girls from Concord, Pleasant Valley, Grindstone and East Shannon who brought pies, and to Mrs. Orie King who couldn't come but sent a box, and last but not least to Wendell Patterson who made such an efficient auctioneer and helped to make the occasion a great success.

Miss Katherine Knight won the 5-year diary in the "Most Popular Girl" contest; Robert Steele won the fountain pen as the best all round boy; Cleo Ferguson won the watch chain in the "big foot" contest; and Raymond Kimbro and John C. Steele tied in the guessing contest.

We sure will miss Mr. Lovett. He was so understanding and invaluable to us school folks, but we extend our best wishes for his success in whatever field he enters.

JULIAN III

The move the First District Education Association made two years ago when it changed its annual meeting date from the last week in November to the second in October undoubtedly was a wise one. The attendance at the last two sessions of the association has proved it if other obvious benefits had not already been so. Thanksgiving has not been and will never be a practicable time for any business convention of any association. The open field and the road hold too much attraction for everybody concerned.

Although the FDEA has always done pretty well in the selection of its officers, we do not believe the time for the nomination, at least this year, was well chosen—or perhaps it was too well chosen. The nominations this year took place at dinnertime when only about 40 of the 1000 members of the association were present. All first nominations were approved unanimously by the simple expedient of carrying the motion that nominations cease.

This small group, certainly not a quorum by any stretch of the imagination, rushed through its business session like a thirsty antelope on its way to water, accepted without consideration a group of excellent resolutions, and then headed pell-mell for the dining hall.

And all of this just after the group had heard a splendid address by R. L. Grogan who had declared that a democracy in which all persons participated willingly and equally was the best place for creative talent to manifest itself and thus create more progress than anyone could dream of.

We are highly in favor of everything the FDEA has done, but we would like to be in favor of a whole lot more it has done. There are 918,000 teachers in America. The National Education Association has a membership of 181,228 teachers. Only 14 per cent of the 17,833 teachers in Kentucky are NEA members. The state ranks 30 in the per cent of its teachers belonging to their national professional organization, stepping up from 44 in 1936. Now is a good time for teachers to work together to raise the educational standards of their district and their state. Not much raising of standards can be brought about when only about 10 per cent exercise any voice in the business of the FDEA—on any other district association.

The Ledger & Times believes it has one of the largest and best groups of country correspondents of any county newspaper in Kentucky, or elsewhere for that matter. The news they send in is timely, is of wide interest to the communities represented, and will always be welcomed by this newspaper.

This is the time of year when the autumn spell gets in the blood of the freedom-loving American. He longs for the wide fields with the red earth and the gray meadows of drying grass and the rough husky corn fields. With a gun under his arm and a drab game bag he can plod for miles without feeling the sure fatigue of a few trips around the square.

He loves the whirring sound of quails speeding bullet-like out of a sage thicket and to feel the hard recoil of his gun against his shoulder as he pulls the trigger. The blood of age-old conquerors of distance swells through his veins. He is the pioneer again, the builder, the maker of progress. He roams tirelessly through the solitary day, and feels the beauty of himself more than he sees it. Sorrows and love are transient, beauty eternal, heartaches the longing in man which leads him to nobler conquests. He is man, the destiny of the human race, the dreamer of strange dreams in a crucible of hope, and he lives the blue purity of his search for God.

He is the man you say hello to and pass on the streets every afternoon.

"Breaks in the terrace ridge pour large volumes of water over a narrow strip of land and bring on field-destroying gullies," he explained. "The only way to prevent these breaks is to plan the terrace system carefully. Each channel should have the proper slope; each ridge should be low and broad-based; and the whole system should be provided with an outlet channel to dispose of surplus water."

Around Paschall School

"Aunt Missouri" Wilson has been spending a few days with her granddaughter, Mrs. Hollon Jones. Little Annie Jean Jones is reported better after an illness last week of a severe cold.

Well, I guess we all viewed the pictures on the front page of The Ledger & Times recently of the new editor and his helpmeet, Mr. and Mrs. John S. Neal. Their pictures prove they are a very pleasant couple, and we extend congratulations to them as they take up their part with The Ledger & Times.

Mr. and Mrs. Asa Paschall and children, Virginia and Joe Forest are making preparation to soon be off to Florida to be employed in work another year. Mr. Paschall's daughter, Larue, and her family have been in Florida for the past two years. I'm sure Larue will be glad to have her parents join her there.

We were very glad to see little Doris Hugh Ray's name on the honor roll from Lynn School, this being his first year. Being on the honor roll goes to prove Doris is a very active and smart little boy.

Potato digging and cotton picking is beginning to take place in Tennessee at this season of the year.

Odie Morris has promised his little boys and girls a penny a pound for cotton they pick on his place. I am afraid Mr. Morris will lose money for the children were really picking the crop last week.

We are very sorry to learn of the illness of our relative and friend, Mrs. Noah Story of Detroit, Mich., and we are hoping to hear of her rapid recovery.

Mary Katherine Morris is improving from an illness. We are sorry to hear of Mrs. Regina Hopper's illness.

I certainly enjoyed reading the piece of poetry "Fifty Years Ago" written by Mrs. D. F. West.

My guess is there are a lot of people in Calloway county who regret very much the announcement of M. O. Wraether that he will not be a candidate for reelection to the office of County School Superintendent.

Mrs. Curley Holley and Miss Clara "Nance" report they don't like to help house tobacco. "It is a hard job."

Sorry to hear of the illness of Terry and L. P. Smotherman's mother. We hope she is soon well.

Commodore Jones with his hired assistance made a great improvement on his tobacco barn last week.

Ordice Key, who has been employed in Paducah for sometime and also taking a business course, returned home Wednesday of last week.

Camp Engineer Advises Terracing

Terracing may be the answer to a farmer's prayer for erosion control in many cases, but a poorly constructed terrace can do more harm than good. R. M. Meuth, engineer for CCC camp SCS-14-Ky, warned today. He advised that terracing, the purpose of which is to break the speed of runoff water by diverting it across the slope to a protected outlet is fast gaining favor in Calloway county.

Hasty or careless construction may result in severe gullying. Meuth said, while a well-built terrace can save loads of soil in a few months of operation, he recommended careful planning of the entire system, including suitable outlets, before actual work is attempted.

"Breaks in the terrace ridge pour large volumes of water over a narrow strip of land and bring on field-destroying gullies," he explained. "The only way to prevent these breaks is to plan the terrace system carefully. Each channel should have the proper slope; each ridge should be low and broad-based; and the whole system should be provided with an outlet channel to dispose of surplus water."

Soil conservationists regard the outlet channels as a highly important part of the terrace system, since it will rapidly develop into a gully unless it is well protected. A good cover of grass is usually advocated by the Soil Conservation Service to furnish the necessary protection. Whenever possible, the water from terrace systems in the Murray area is spilled into a good pasture, meadow, or protected woodlands.

Further information on terracing as a means of soil protection may be obtained through the camp or through county agricultural agent, J. T. Cochran.

Poultry Raising Pays Is Opinion Of Ray F. Starks

R. F. Starks, of Almo Route 2, is one of those prosperous farmers who doesn't put all of his money in one basket, but nevertheless believes in keeping as many baskets full of eggs as possible. But even at that, he wants to know how he's coming along on the deal.

He keeps a yearly record on his flock, and he knows that up until October, 1936, his 114 hens which he began to keep up with the first of November, 1935, laid an average of 205 eggs apiece, or 23,515 eggs in all during the year. That was 1,909.6 dozens of eggs his hens laid during the year (you check the math). Any way, Starks received a total during 1936 of \$435.45 from his hens. They cost him, however, \$230.10, and he made a profit of \$205.35—or an average from his 114 hens of \$1.80 apiece. Not bad, for hens, and in addition, Starks had the rest of the stuff he grew on his farm.

Starks claims one of the best ways in the world to know just exactly where you are with reference to whether you're losing or making money is to keep a record. If what you're doing pays, he maintains, keep it up; if not, get something else.

S. Pleasant Grove

Of the many persons from surrounding communities who have been in attendance at the revival meeting at Pleasant Grove are Mrs. Sid Curd, Mrs. Joe Brandon, Mr. and Mrs. Herman Holland, of Midway; Mrs. Nannie Jones, Mr. and Mrs. Leola Phillips and children; Mrs. Callie Jones, Mrs. Myrtle Farmer, J. J. Moore, and Mr. and Mrs. L. Windsor, Murray; the Rev. and Mrs. O. W. Wether of Tennessee; Frank Smotherman, Union City, Tenn.; Riley Gunter, Paducah, Misses Annie, Manetta and Veda; Baskin, of near Coles Camp Ground; Mr. and Mrs. H. B. Turner, Mrs. Love Brandon, Waddy and Mrs. Waddy, and others of Paris, Tenn. Mr. and Mrs. H. H. Stephens, Mr. and Mrs. G. S. Paschal, Mrs. Archie Hornsby and son, John William, of Fulton, Mr. and Mrs. Lee Humphreys of Sinking Spring, Mr. and Mrs. Lee Clark of Lynn Grove, Mr. and Mrs. Clarence Adams of Pottersville.

Mrs. Bettie Myers of Georgia, who came in October 2 to be at the revival meeting and visit with relatives, returned home October 10. She yet enjoys praising the Lord and in a testimony meeting referred to loving Jesus more and more. Mrs. Myers will be remembered as Miss Bettie Smotherman, formerly of this community.

Mrs. Gilbert Grogan, a former Sunday School teacher here but now of Detroit, attended several of the services. Mr. Grogan who has had a tonsil operation at the Mason hospital, and Mrs. Grogan will this week return to their home in Detroit.

"Uncle Joe" Erwin, who spent several days last week in the Jim Erwin home, left Saturday with his son, Clarence, for Indiana where he will spend the winter. "Uncle Joe" is 83 years of age and spent several weeks last summer with his daughter, Mrs. Cordelia Erwin, and Dr. Herst at Lake Junalusca. Mr. Erwin is an inspiration to religious gatherings.

Mr. and Mrs. Vester Orr, of Murray, favored the audience here Sunday and Sunday evening with special songs which were very helpful.

Space prevents mentioning names of all families who are entertaining guests during the revival meeting here.

Mrs. Tom Erwin is improving from a severe attack of gallstones. Mrs. Shannon Ellis had a severe attack of asthma Sunday.

After a few days' absence on account of rush of farm work and the rains, T. W. Nesbitt is making getting two old to be out here clearing brush and briars off the roadside.

Evangelist E. O. Andrews of Memphis, Tenn., who last week and this is assisting the pastor, K. G. Dunn in revival services here, is no respecter of persons or sin but warm with earnestness and if the

hearer of his sermons will heed his warnings and advice Sunday ball games, dancing and many other evils would greatly be lessened in Calloway county and other places. Drink, and as he depicts "rotten sex picture shows" are a great detriment. A few have accepted Christ. He is a strong advocate for prayer including family altars and much Bible reading. Eternity alone will reveal the great spiritual asset Bro. Andrews is. As it seems there is none but what can with his admonitions and God's help improve spiritually if they will only heed them. The blood of Jesus Christ only saves us from our sins, and makes us love every body.

I just dropped down at the Ledger & Times office one day and met our editor, John Neal. Fine folks down there at the office and if you don't believe it just go and see for yourself.

This neighborhood was well represented Saturday at Murray. I will give a few of the visitors' names that were there from this community: Mrs. Roney Wilson, Shirley Ann and T. D. Bill Spann, Joe Crouse, Mrs. Drinkard, Inez, Paul, and J. D. Carle and Ray Steele, Henry Aglesby and children, Truman Oliver and family. Sid Jones was also there and he was telling some man a joke Jess McClure played on him. He said he and Jess had started some where and it was an awful cold day. They stopped at a well and drew a bucket of water—one of those long buckets that you don't see so often around here. Jess drank and then offered the bucket. Just as the old dork was about to get himself a drink Jess accidentally (on purpose) upset the bucket of water on the old negro and he remarked, "It's a cold."

See you again—Sweet Pea.

Alfalfa was widely sown in Clinton county, with many farmers sowing their first acreages of this legume.

Mr. and Mrs. Comus Alexander and family were in Hardin Tuesday.

SAVE CORN!

AUTHORITIES agree that it takes around 12 bushels of corn fed straight to make 100 lbs. of pork. But many feedlot records around here show that it takes only six bushels of corn when fed with Pig and Hog Chow to make 100 pounds of pork. Stop in and let us tell you more about getting more pork out of your corn!

Hub Bailey, Murray jeweler, came by here and picked me up into his double-spring auto and thence to Coldwater, our old home town where we were born one cold frosty morning. "I'm 30 years older than Hub!" Then we explored the construction of the broad, 51-ft. new highway bridge across the west fork of Clark's river, where water runs as clear as a crystal.

Mr. and Mrs. C. A. Morgan and Rachel, Mr. and Mrs. Con-

nie Mills and Richard, Mr. and Mrs. Ver-

non Nanny, Mr. and Mrs. Gar-

nett Adams, Mrs. Ida M. Cochran and

"Eagle" and Mrs. Esther Smith of

Coldwater congregation, attended

the revival meeting at Murray

Church of Christ last week.

I can remember when the Mur-

ray churches had loud-sounding

brass and silver bells, to notify

everybody to come to church im-

mediately! The Christian church

(before the split) bell could be

heard 3 miles, but alas I cannot

play it any more.

I can recollect when Coldwater

M. E. Church had a bell on the

outside and a C. C. Bell on the

inside who was a regular-born or-

ator. His eloquence was very en-

tertaining. He was possessed with

a deep, rich voice and did not

speak hurriedly like pouring stock

peas on a dry hide.

Did Japan declare war on China?

Oh, yes—just a case of assault

and battery. Like Mussolini of

Italy—a war of conquest and

highway robbery on innocent

poor Ethiopia. Those two bandits,

low-down, ungodly brutes will

not be in hell 10 minutes 'till they

will say, "Gracious snakes alive,

where am I?"

I'm "again" cigarettes, whiskey,

and war! They have caused mil-

lions of untimely deaths and have

caused women and innocent, or-

phan children to weep and mourn!

Are you ready for the judgment

day?

It seems to me, there are too

many gas-filling stations, and yet,

if I had a big amount of money

in my overall's pocket I might

set up a "Lowell Thomas Blue

Sonoco station" and get rich as

quick as a cat could wink her eye.

At present, I'm smack-dab out. As

Mr. McCawber would say, "I'm

looking for something to turn up."

Still Coughing?

No matter how many medicines

you have tried for your cough, chest

cold, or bronchial irritation, you can

get relief now with Creomulsion.

Serious trouble may be brewing and

you cannot afford to take a chance

with any remedy less potent than

Creomulsion, which goes right to

the seat of the trouble and aids na-

ture to soothe and heal the inflamed

naucous membranes and to loosen

and expel the germ-laden phlegm.

Even if other remedies have failed,

don't be discouraged, try Creomul-

sion. Your druggist is authorized to

refund your money if you are not

thoroughly satisfied with the bene-

fits obtained from the very first

bottle. Creomulsion is one word—not

two, and it has no hyphen in it.

Ask for it plainly, see that the name

on the bottle is Creomulsion, and

you'll get the genuine product and

the relief you want. (Adv.)

Brooks Chapel School News

We are now beginning on our

fourteenth week of school. The

attendance for last month was ex-

cellent for such a busy time and

so much whooping cough in school.

We attended the fair at Almo

October 1-2. Everyone reported a

nice time. The winners from this

school in the various contests are

as follows: Eighth grade spelling,

Hughes Culver second place; race

for girls under 12, Nell Jr. Ram-

sey, second; girls' relay, Brooks

Chapel first; bicycle race for boys

over 12, Tommie Harris, second;

broad jump under 12, Junior Cul-

ver, first; broad jump over 12, Con-

trell Jones, second; high jump

over 12, Conrell Jones, second. Our

softball tournament which was

runned out to be played at a

later date.

The honor roll for the third

month is as follows: first grade,

Joe Dean Culver, Norma Jean

Jones, Nettie Lou Culver; second

grade: Howard Culver, Harold Cul-

ver; fourth grade, Lottie Sue Bed-

well; sixth grade, Wilma Culver,

Julia Ramsey.

We are planning to have a school

program in the near future.

North Lynn Grove

After the recent rain the weather

has been very cool. Everyone is

busy gathering green tomatoes

and butter beans before frost gets

them.

Tobacco is all cut around here

and most all the weed cured

up with a very good color and

body. The farmers of this com-

munity are thinking the tobacco

buyers will be pleased when they

enter their barns.

Mrs. "Aldie" Tidwell, Mrs. Grace

White and little son, James Earl,

and Mrs. Lillie Haneline were din-

ner guests of Mrs. Elva Haneline

Monday and the day was spent

in sewing.

Leon Chambers was out early

Monday morning preparing his

ground for his wheat crop.

The attendance at Salem Sunday

School last Sunday was very good.

Little Miss Bronzie Nell Tidwell

has five new dresses for school.

"I wish I was a little girl,

And had some pretty curls;

I would whiz and I'd whirl

And I'd play

To think I had a new dress

To wear to school each day."

—Old Maid

Purveyor Route 3

Arlis Byars finished cutting his

tobacco last week.

Mr. and Mrs. Arthur Jackson,

Mr. and Mrs. Wesley Puchall and

little daughter, Jane Miller, were

in town, shopping Wednesday

afternoon.

Odie Morris is through digging

potatoes for this year.

I don't guess we will have any

brush brooms in this community

next spring as Bailey Grums has

cleared the woods of all dogwood

timber.

The Oak Grove school children

are still enjoying riding the bus

to Puryear school.

I guess "Old Maid" is about up

with her work as she wrote more

this week than usual.

Yes, I am afraid the frost will

soon get the flowers Pop Eye. As

you sail along the seashore "will

you get me some pretty flowers

for me to sip honey from?"

We are sorry we didn't have

Golden Lock with us last week.

Cherry News

Everyone seems to feel re-

lieved as the rains ceased long

enough for us to go to Murray

Saturday.

Mr. and Mrs. P. E. Stubblefield

and Charles and Ruth were Sun-

day dinner guests of Mr. and

Mrs. Quint Wilson.

Miss Nedra Alexander spent the

week end with Altie Stubblefield.

Mr. and Mrs. Ray Houston were

Sunday dinner guests of Mr. and

Mrs. Oury Hurt.

Several from Cherry attended

the pig supper at Concord Sat-

urday night.

The Rev. J. H. Thurman, of

Murray, filled his regular ap-

pointment at Cherry Sunday.
