LETTER TO EDITOR

From (Ohio Post, Independent)

Mr. Editor:

I have no Virginian in my column this time, giving the reason that Virginia has not been in the news. That is not true. There were three Senators from Virginia who voted for the Civil Rights Bill. The time had come for Virginia to stand up and be counted. This is the first time that Virginia has been in the news since the Civil War. The Civil War was fought for the right of the South to have its own way, and the South has had its way ever since. The time has come for the South to stand up and be counted. This is the first time that Virginia has been in the news since the Civil War. The Civil War was fought for the right of the South to have its own way, and the South has had its way ever since. The time has come for the South to stand up and be counted.

THE OLD JUDGE SAYS...

"I was just told by my brother Fred this morning, Judge, there's never been a time in a war we are in that's any better to pick and choose your battles than there is now. And if there's anything that would make me more content than it is today, it is that I have read a letter from my brother Fred, and I have been more free than I have in the last three or four months."

"I know that I have, Judge. And for the life of me, I can't figure out why it is that we have to be so careful and so thoughtful about everything we do in this war."

"It's true, Judge, but there's a reason. You see, it's the same reason that we have to be careful and thoughtful about everything we do in this war."
This community was saddened by the death of Mr. George S. Davis. He will be missed by his family and friends.

The timber industry faces a difficult challenge in maintaining its present rate of production, but even more pressing is the protection of the land. Twenty-two injured men and women were awarded permanent injuries as a result of one of these cases. The meeting was opened with singing, followed by a prayer at the close of the meeting.

Tuesday morning, Mr. and Mrs. George S. Davis visited the community. During the business session, Mrs. George Davis answered a question regarding the construction of a new sawmill. She then presented a petition to the community for the establishment of a new sawmill. The meeting was adjourned to meet with Mr. and Mrs. Lemay on Thursday.

A storey about Mrs. Emma Alexander's death was read. She was the daughter of Cuba were Sunday guest at the home of Mr. and Mrs. Lomax. During the business session, Mrs. Lomax presented a petition to the community for the establishment of a new sawmill. The meeting was adjourned to meet with Mr. and Mrs. Lemay on Thursday.

Mrs. Emma Alexander was a member of the Christian Church and will be missed by her family. She was always energetic and very helpful to those in need. While visiting with her, she commented on the great amount of work that is required for the construction of a new sawmill. She observed that the community must work together to establish a new sawmill. The meeting was adjourned to meet with Mr. and Mrs. Lemay on Thursday.

Mr. and Mrs. Ben Brown were Sunday guest at the home of Mr. and Mrs. Lomax. During the business session, Mrs. Lomax presented a petition to the community for the establishment of a new sawmill. The meeting was adjourned to meet with Mr. and Mrs. Lemay on Thursday.

Mr. and Mrs. Archie Oliver of West Tennessee Soyole, visited Mr. and Mrs. Ben Brown last week. Mr. and Mrs. Archie Oliver visited the community on Wednesday, presented a petition to the community for the establishment of a new sawmill, and adjourned to meet with Mr. and Mrs. Lemay on Thursday.

Within the last few years, the community of West Tennessee Soyole has experienced a great deal of change. One of the most significant changes has been the establishment of a new sawmill. This move has greatly improved the community's economy and has provided additional employment opportunities. The community has also seen a decrease in the amount of timber at different prices.

The person who has been confined to bed in this hospital since March 24. He was a gunner in the service of the United States Navy.

Mack was anxious, with a cold, and his fever was increasing each week. He had been in bed, just as long as possible, in an attempt to cure the fever. He is now confined to bed, just as long as possible, in an attempt to cure the fever.

The Government inspectors are making a thorough investigation of the conditions that exist in this hospital.

In style of his work, his behavior, and his attitude toward work, one is impressed with the fact that he is a patient who is ill.

A quick mend is at an end, so we are informed by a visitor who has returned from a visit to the hospital.

How a Pulpwood Shortage Handicaps the Farmer...

FRUIT AND VEGETABLES WOULD ROT IN THE FIELDS

...WITHOUT PULPWOOD TO MAKE CONTAINERS

Pulpwood helps the farmer both in the marketing and the planting of his field crops. Feed, fertilizers, seeds and other farm essentials come to the farmer in containers made of pulpwood, vegetables, dairy products and other farm produce are packed in pulpwood wrappings, boxes and paperboard boxes before they reach the consumer. An important, pulpwood container helps the farmer feed our armed forces overseas.
