## Mrs. Lottie Clark Receives Silver Star For Dead Son

In an impressive service Sunday, Lieut. Col. Roscoe L. Murray of Camp Campbell, Ky., presented the Silver Star, third highest military decoration of this nation, to Mrs. Lottie B. Clark of Fulton, mother of Pvt. John Hester McDaniel, who was killed in action.

The presentation ceremonies were held following the special Mother's Day service at the First Methodist Church Sunday morning and a capacity crowd was present.

Pvt. McDaniel, who gave his life in the service of his country was decorated for gallantry in action in Africa.

At the special service Sunday the service men, who are members of the First Methodist Church, were recognized and the names of 65 Methodist boys in service were listed in the bulletin.

Rev. Walter Mischke, the pastor, gave an inspiring Mother's Day sermon and "A Mother's Love," was sung by the choir.

Chaplain Robert J. Lamb of the American Legion gave the benediction.

## LT. COL. ROSCOE MURRAY AND LEON BROWDER MEET AGAIN

Lt. Colonel Roscoe Murray of Camp Campbell, Ky., came to Fulton on last Sunday to present a Silver Star to a mother, who had lost a son in action and did not know that he would meet a soldier he had known in World War I, nor did Leon Browder, chairman of the Board of Stewards of the Methodist church, know that the Campbell officer once belonged to his outfit in France.

Lt. Colonel Murray was a sergeant in the outfit of which Mr. Browder was a Lieutenant, and they had not seen each other since those far off days when Murray let the outfit to go to Belgium and Lieut. Browder remained with his outfit in France. The two had a glad reunion talking over the old days in France and the years which have followed.

## JOHN L. HOUCHEN DECORATED

Cpl. John L. Houchen has been recommended for the Legion of Merit according to an announcement from Headquarters of Ninth Air Force in the United Kingdom.

Houchen taxied a flaming plane away from a P-47 Thunderbolt fighter, which might have caught fire any moment. Houchen's plane was enveloped in flames which licked at his face and hand, he gave the engine full throttle and a gust of prop wash blew the flames out of the cockpit, where he remained until ground men followed his direction and extinguished the fire.

Cpl. Houchen is the son of Mr. and Mrs. Frank Houchen, of Canton, Miss., Route 2 and the husband of Marie Humphrey Houchen, 117 Central avenue, Fulton. He is the father of two children, James Marlin and Beverly Jane, who are living with his wife here.

He is a graduate of Canton High school in 1934 and entered the service in January 1943, prior to which he was an airplane electrical instructor at Shelby County school of Aeronautics at Whitehaven, Tenn. He left for foreign duty late last year and he is now an electrical specialist in the fighter group engineering department. He formerly lived here.

Mrs. Leon Hutehen and Mrs. J. D. King have returned from Camp Lee, Va., where they have been visiting their husbands.

Mr. and Mrs. Carl King and children and Mrs. Calvin Hutchens and son Charles Robert visited Mr. and Mrs. C. E. Weeks Sunday.

Mr. and Mrs. Marvin Laird and children and Mr. and Mrs. Carl Robey and daughters Dorothy and Evelyn spent Sunday with Mr. and Mrs. Will King. Afternoon callers were: Mr. and Mrs. Carl King, Mr. and Mrs. Goldie Bonds, Mrs. Mary McClain, Mrs. Lela Gisson of Chestnut Glade.

Mrs. W. P. Andrus spent Monday in Mayfield attending the bedside of her father, who is ill.

Eloise King has been employed at the Bennett Cafe. She begun

## Soil Conservation Discussed At Lions Meeting Here Friday

Soil Conservation in the United States was the worthy subject brought before the Fulton Lions Club last Friday by Dr. H. H. Bennett, director U. S. Soil Conservation Department, one of the nation's erosion experts. Albert Richie, assistant soil conservation director of Kentucky was present.

He explained that there were 200,000,000 acres of wasted soil in this country, with only 460,000,000 acres of good and left. There are only 4,000,000,000 acres of good soil in the world. He pointed out that with tillable soil shrinking, and 100,000,000 people with not enough food to eat, it is time that serious consideration be given to the preservation and rebuilding of the farming land. In fact, soil conservation is growing as a movement in the United States.

With 26,000,000 acres in Kentucky and 11,000,000 experiencing erosion, the soil conservation program is a most important movement for the welfare of the land. There are 43 soil conservation districts in Kentucky, affecting 40,000 farms. It is easier and more profitable to farm by conservation, prevention of erosion, diversification and fertilization. Top soil goes away with the streams, and practices that will save the soil should be the first consideration of every farmer. The state department, and the federal government are aiding a program along this line.

## LeTourneau Talks To Large Crowd Sunday At Baptist Church

Robert LeTourneau, called "God's Business Man," by Rev. Walter Mischke, pastor of the First Methodist church who introduced the speaker, told a large audience at the First Baptist church Sunday, about "Manpower, Horsepower and God-Power."

The speaker illustrated his talk with comparison between machines and men, for in his business career Mr. LeTourneau has made many machines. For the past few years he has been giving his time to bring messages to audiences throughout the nation upon "the old-fashioned religion."

Mr. Tourneau has traveled about the country, and talked to large audiences everywhere. His message here was inspirational, and doubtless will be of great help to those who heard him.

## LET'S SHOW APPRECIATION

Is America appreciative of its servicemen? When a man comes home from the fighting front, for a brief furlough, under existing regulations he is allowed a paltry five gallons of gasoline. He can't go fishing, he can't go hunting, can't visit friends, can't renew himself by trips to the country.

He may well doubt our interest in him when he sees countless civilians and public officials allowed ample gas rations because of their "essential" activity. What is more "essential" than relaxation for a weary serviceman when he is on leave, and freedom from petty official annoyance?

Use all short-cuts and time savers possible to save labor, such as multiple hitches of equipment, substituting machine for hand labor, through preparation before planting, and safety measures to avoid costly accidents and delays.

Two pens of 50 hens each, given the same diet except for calcium carbonate, produced 1,438 unbroken and seven broken eggs, and 977 unbroken and 53 broken eggs, respectively; the high producers had oyster shells, the others none.

Government planning has become a phobia in this country. It has been put forth as the cure—all for depressions, unemployment, war, and kindred evils. The Federal government is overrun with planning agencies. Some of them would theoretically take the risk out of life completely. But the rugged individualist who hates to be confined to a set of plans can find rich solace in one fact: The United States is too big and unpredictable for any man or group of men to make a detailed blueprint of how the American people must live.

Even now new industries and new opportunities are opening up before us, that the planners of a brief decade ago failed to foresee. Among the most spectacular developments is that of air transport. Only a few imaginative individuals with unlimited faith in the airplane could foresee the vast expansion of today. And they were too busy making and flying better airplanes to be concerned with fancy planned economies. Progress always comes through individuals groping for ideas and willing to do a lot of work, whose talents can produce the most when confined the least. Because of such individuals working in commercial aviation long before the war, this country is the mightiest air power in the world. When the Japs attacked Dutch Harbor, planes from ten different United States airlines were speeding into that area with war material. The airlines afforded a ready-made reservoir of transport pilots, radio operators, crews and other skilled personnel which is the backbone of more than 100,000 miles of air routes under military operation.

After the war, the airlines will create vast new markets in every corner of the globe. They will provide employment, opportunities for new industries, and stimulate activity no one on earth could have planned in advance a few years ago. They are free enterprise.

**I'M NOT SATISFIED**

By RUTH TAYLOR

I don't like the phrase "selective service." Yes, I know what it means—in the long run, it is the selecting, without regard to class, creed or color, of the best of our youth—and letting them fight our battles for us. Stripped of all trappings, that is just what it is.

Of course, I admit it has to be. The young are better fighters than we are. They are fit for the job. But if we are going to let other people do our fighting for us, surely we can do our best for them and for ourselves in universal service.

No, I am not advocating a compulsory work-or-fight law or a draft of man and woman power. That would be just another form of selective service. Those who could serve best would be doing the work for the rest of us.

But—I'd like to see everyone accepting the war as an opportunity to serve in some capacity. If we would all do that from the housewife to the busy executive, we'd get this war over at a rate that would startle those who have counted their greatest ally the selfishness of free people.

I'm particularly strong on the subject because it was brought home to me with a bang the other day when word came of the death in a South Pacific island of the brother of a friend of mine. That very day she had been showing me snaps of him—a gay, fine lad, proud of his job and of his friends in the service.

He was a devout Jew by religion, a typical good American by citizenship, from an average small American town. He wasn't a boy—but a man who had joined up in defense of a country that had given freedom to him and his sisters. He had left a career in which he was making good. He left the job of keeping the home together to his sisters and went out to do his duty. Life was just before him—and he

gave his life.

What are we giving that compares with this? What are we giving up? Little things that are really of no importance. We must consider our future and get into jobs where we'll be set when the war ends? What of the boys who will never come back? They gave up

their future.

We aren't doing our part. What we do and what we give up—whether it be in the things we can't buy or in taxes, is small compared to what our soldiers are giving up. When we think of their sacrifices, are we satisfied with ourselves? I'm not. Are you?

**This is a Tried and Proved Idea**

Dropped in to see Judge Cunningham the other night. Got to talking about one thing and another including the brewers' self-regulation program.

The judge settled back in his easy chair, stretched his legs full length and took a few puffs on the old briar.

"You know, Joe," he said, "this business of self-regulation is nothin' new. Self-regulation is what the doctors had in mind when they organized the American Medical Association."

"For the same purpose, the legal profession has the Bar Association, professional base-

ball has Judge Landis and the motion picture industry has Will Hays.

"In the same spirit of cooperation, the makers of malt beverages formed the Brewing Industry Foundation to insure their products bein' sold on a high and moral plane."

"Yes," I agreed, "and from where I sit, they're doin' a darn fine job of it. The Foundation's Kentucky committee is certainly an outstanding example!"

**Wishes She Could Tell  
Everyone Of Retonga**

Feeling Fine Now And Eating Plenty Without Distress, Mrs. Tate Happily Tells Of Own Case. Had Suffered For Years.

"Retonga gave me such wonderful relief after many years of suffering that I wish I could tell everyone about this grand medicine," declares Mrs. Arthur Tate, well known resident of 302 North First St., Central City, Ky. Mrs. Tate is active in the American Legion Auxiliary, and has friends in Owensboro and Southern Illinois where they formerly lived. Discussing Retonga, Mrs. Tate happily stated:

"Few people suffered more than I did from nervous indigestion and sluggish elimination. I did not want to eat, and gas in my stom-

ach pressed up against my chest until I could hardly breathe. My nerves were so bad that a little excitement would leave me weak and tremble for hours. Mornings I woke up feeling so tired and wretched I could scarcely get into my clothes. I had to use laxatives continually.

"Retonga gave me grand relief. Now I eat foods I had not dared touch for years. I sleep splendidly, and my nerves are steady, and the sluggish elimination is relieved. I feel fine. Retonga is the best medicine I ever saw."

Retonga is intended to relieve distress due to Vitamin B-1 deficiency, constipation, insufficient flow of digestive juices in the stomach, and loss of appetite. Retonga may be obtained at DeMyer Drug Store.

#### CHRISTIAN SCIENCE

The subject of the Lesson-Sermon to be read in Churches of Christ, Scientists, throughout the world on Sunday, May 21, is "Soul and Body;" and the Golden Text is: "For the conversation is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ: who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself" (Philippians 3:20-21.) Among the citations are the following passages:

"For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens" (II Corinthians 5:1.)

This is the year to give chicks and pigs the best start in life they ever had.

From livestock, like life, you usually get out in proportion to what you put in.

### When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up at night, leg pains, swelling. Sometimes frequent and painful urination with stinging and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is what is needed. Use *Doan's Pills*. It is better to rely on a medicine that has won countrywide approval than to use something less thoroughly known. *Doan's* have been tried and tested many years. Are at all drug stores. Get *Doan's* today.

### ANNUAL JUNIOR-SENIOR BANQUET AND PROM HELD AT FULTON HIGH

The Fulton High School annual Junior and Senior Banquet was held last Friday night at the new cafeteria at 7:30 o'clock, and was attended by about seventy-seven seniors, members of the Board of Education, faculty members and juniors.

The Colonial idea was carried out in the decorations, and bowls of red roses, with lighted white candles were attractively arranged about the U-shaped tables. Small books entitled "Memoires," marked the places and they contained the programme, the guest list, the menu and space for autographs.

At each senior girl's place there was a miniature hand bouquet and the senior boys received boutonniere as souvenirs. Green and white crepe paper streamers further added to the decorations.

Paul Rhodes, junior class president, was toastmaster, and welcomed the seniors. Bobby Parham, president of the senior class responded. A toast to the Board of Education was given by Martha Daws and Dorothy King's toast was the faculty and Supt. J. O. Lewis responded. Robert Whitel in conclusion, gave a toast to the Alma Mater.

Other numbers on the program were: A trumpet solo, "Night and Day" by Anna Graham; Flute solo, "Pale Moon," by LaNelle Bugg; Vocal solo, "Goodnight Wherever You Are," by Hilda Byars; Piano solo—Prelude in C Minor—Jessie Nell Carter; Saxophone solo by Yewell Harrison. The program was concluded with the group singing "Alma Mater" and "Auld Lang Syne."

Following the banquet the Junior, Senior and their guests went to the Science Hall, where Fulton High's first Junior-Senior dance was held from 9 to 1 o'clock. The gym was attractively decorated with green and white streamers hung from the balcony and greenery entwined about white latticework formed the background for the dancers.

### BRIDGE CLUB ENTERTAINED

Madames E. M. Jenkins and J. D. Holstenberg were hostesses to a delightful bridge party last Thursday afternoon at the home of Mrs.

Jenkins on Third street. The guest list included eight players and two tea guests.

An enjoyable afternoon was spent playing contract and Mrs. Louis Weeks received high score prize and Mrs. L. O. Bradford was second high.

The hostesses served a lovely salad to the following players: Mrs. A. G. Baldrige, Mrs. Leon Browder, Mrs. L. O. Bradford, Mrs. Abe Jolley, Mrs. Louis Weeks, Mrs. Clint Reeds, Mrs. J. H. Maddox, Mrs. Winifrey Shepherd, and two tea guests, Mrs. J. W. Shepherd and Mrs. Martin Nall.

### NAOMI RHODES WEDS NOVELL MOSS IN CALIF.

In an impressive wedding ceremony recently Miss Naomi Rhodes became the bride of Lieut. Novell Moss. The vows were exchanged at the First Methodist Church in Marysville, Calif., with Rev. Douglas G. Decherd reading the service before the altar banked with fern, palms and flowers flanked on either side with tall floor candelabra topped with illuminated white taper.

Their attendants were Lieut. Edwin B. Nash and Mrs. Nash.

The bride was attractively attired in a light blue two piece summer wool suit with black accessories and carried orchids, a gift of the bridegroom. Mrs. Nash, matron of honor, chose a lavender and white Jersey frock with white accessories and wore a corsage of gardenias and yellow roses, also a gift of the bridegroom.

Tradition music was played by Mrs. K. Duane Hurley of Marysville. Lieut. Ross S. Haverfield was usher.

Mrs. Moss is the daughter of Mr. and Mrs. M. L. Rhodes of this city and Lieut. Moss is the son of Mrs. Richard H. Moss and the late R. H. Moss of Martin.

A reception was held at the home of Lieut. and Mrs. Ross S. Haverfield, 130 East Fourteenth street, Marysville. The guests included the following fellow calvaryman of Camp Beale, where the bridegroom is stationed, their wives and friends.

They were: Lieut. and Mrs. Edwin B. Nash, Lieut. and Mrs. Ross S. Haverfield, Lieut. and Mrs. J. G. Olah, Lieut. and Mrs. William O. Foutch, Captain W. D. Johnson, Lieut. Kenneth P. Sutherland, Miss Alida Janson, Lieut. Tandra H. Barder, Lieut. James P. Fanoner, Joe Bette and Raleigh Hibbs.

Lieut. and Mrs. Moss left for a short honeymoon and upon their return will be at home to their friends at 130 East Fourteenth street, Marysville.

### SUNDAY SCHOOL CLASS HAVING CONTEST

The Woodrow Fuller Bible Class of the First Baptist Church is having a two weeks contest. At the end of the contest a Chincilla Rabbit supper will be given. H. L. Hardy invites all his friends to come and be on the right side. That is to say be on the right side as you come in the church.

We hope by doing this that you will receive a blessing and help keep up the moral of the Woodrow Fuller Bible Class.

## THE OLD JUDGE SAYS...

"Glad you dropped in, Judge. I was just trying to explain to Mary what you told us down at lodge last night...about all the grain used to distill war-alcohol not really being used up. She didn't realize it, either."

"It's true, Mary. Wherever the government has permitted distillers to reprocess the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality live-

stock feed. Only the starch is removed during distilling...the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain...products rich in vitamins B<sub>1</sub> and B<sub>2</sub>...so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."
