MURRAY HIGH SCHOOL

By Clara Waldrop
Football

We were all out to see the Morganfield-Murray game last Thursday afternoon. And what a thrill we received! Especially when Buchanan ran 60 yards for a touchdown and when Cutchin threw such good passes one to Gardner which made our second score. Every man played good and hard and we were proud of them. We hope we will be just as proud of them next Friday afternoon, when we play Princeton.

If our boys play the best they can, whether they win or lose we will be proud of them. Let's have a lot of Murray fans travel to Princeton with the team Friday so that we're behind them.

Homecoming
Last Thursday morning during the chapel period we had a big homecoming. The auditorium was packed and everyone enjoyed themselves greatly. We enjoyed especially the talks made by Coach Carlisle Cutchin from the college and former teacher at M. H. S. Sam Boyd Neely and Ralph Churchill, graduates of Murray High. We students learned many things about our dear teachers (to their sorrow).

We're very glad to know that in the spring we will have a big alumni get-together since we hope to have a greater number of graduates and former students present.

American Education Week
This week is American Education Week and the Murray High School is planning to observe this every day. We wish to invite all of you to the many programs we have planned and on Friday, we want you all to visit our school and see how we do everything. Please cooperate with us this week so that we may successfully carry out the program planned.

CARD OF THANKS
We wish to express our sincere thanks to our many friends, relatives, and neighbors who were so loyal during the recent illness and death of our dear wife and mother, Mrs. W. P. Swift. We especially thank everyone for their beautiful floral offerings, the quartet that sang so sweetly, Mr. and Mrs. Boyd Cutchin for their kind and complete service, Bro. and Sister Underhill who were so kind and faithful and Dr. R. M. Mason for his noble efforts to prolong life. May God bless you all in our prayer. W. P. Swift and children.

Strawberry Slip Sale is Withheld Until Inspection

All fields of strawberries in Western Kentucky must be inspected by the state department if slips are to be sold from them, Howard G. Tilson, state nursery inspector from the University of Kentucky, announced through County Agent J. T. Cochran today.

Tilson will be in Calloway county to inspect the fields during the week of November 15. All persons wishing to sell plants from their fields must make reservations for inspection by getting in touch with County Agent Cochran immediately.

Growers whose beds pass the requirements, the county agent said, will be expected to secure a certificate of inspection.

Murray Route 5
Quite a bit of visiting this beautiful week-end.

The farmers are still very busy gathering corn and firing tobacco. Health is reasonably good in this community, although C. W. York is still very sick in the hospital. Mrs. Bess Wilson, Hazel Route 2, was operated on at the Mason hospital recently. We hope all three will soon be able to come home.

Mrs. C. W. York is spending nights with her neighbors and remains at home during the day. She spent Sunday with her brother, Rex Darnell, and family of Murray.

Mr. and Mrs. Kelzie Moeft and son, Ray, were Sunday dinner guests of Mr. and Mrs. G. E. Linville and family.

Dinner guests of Mr. and Mrs. Jesse Stom and family Sunday were Mr. and Mrs. Earl Stom and family. Mrs. Ben Johnson and daughter, Miss Beatrice, and Miss Alice Outland of Hazel.

Mrs. Garvin Linville is in Tennessee visiting her parents, Mr. and Mrs. D. L. Jackson and family.

A musical and party were very much enjoyed in the home of Mr. and Mrs. Henry Elkins Saturday night.

Mrs. J. W. Young is visiting her parents, Mr. and Mrs. Bruce Grogan of the Stone school vicinity.

Mr. and Mrs. Clovis Grubbs and Mrs. Nellie Oliver visited Mr. and Mrs. Guy McSwain of Buchanan, Tenn., Sunday.

Mr. and Mrs. C. T. Allbright attended church at New Providence Sunday and were dinner guests of Mr. and Mrs. T. A. Linville.

Mr. and Mrs. T. A. Linville, Mr. D. and Ralph Linville were at G. E. Linville's Monday to gather corn but only got one load gathered before they were rained out.

Mr. and Mrs. Elmo Harmon and daughter visited Mrs. Ruby Keegan and son at the Mason Hospital Saturday night.

Misses Alice and Ethel Robertson went to Almo Monday to see Goebie Robertson who has had an attack of appendicitis.

Mr. and Mrs. Edgar Adams and son, William, Joe Williams and daughter from Bumpas Mill, visited Mr. and Mrs. Tobe Adams Sunday.

Will see you next week.

Havens to Preach Football Sermons

Sunday night, at the First Christian Church, a series of Football Sermons will be inaugurated by the minister, A. V. Havens.

The first sermon in the series will be, "Play The Game." The entire football squad of the Murray State College and the college band will be present as the guests of honor.

The second sermon in the series, which will be delivered one week from Sunday night, will be, "Hold That Line." The football squad of the Murray High School and the high school band will be the guests of honor on that night.

The third sermon in the series will be, "The Rules of The Game." Each service will begin at 7:30, and will be opened with the beautiful candle-light worship service, "Words and Music."

"God And Daily Bread" will be the sermon subject at the Sunday morning worship service, which begins at 10:45.

The Sunday School will meet at 9:30, led by Superintendent George S. Hart.

The Christian Endeavor Societies will meet at 6:30, Sunday evening.

The Mid-week meeting will be held Wednesday night at 7:30.

A TORN LEAF TUMBLES FROM "LEAVES IN THE WIND"

A torn leaf tumbles from a slaty sky. And from the north, Where winter stays, a chill wind scurries forth.

And whispers by, So falls upon my soul, like Summer's leaf.

Gold of a season's going, A silent grief.

The air is gray, and gathers in my eyes, Their only seeing.

Bespattered track where maple leaves have lain.

A little while, through Autumn's gentle rain, And since been swept away, Even as Beauty's being.

And night and day, So be my going!

Life's summer past, a last cold winter calling.

The day sky dark, and from my leaden heart, Some late leaf falling.

My spirit clothed in simple, comely showing, Calmly drifting apart—

And... unknown, —Prentice Douglas

Kirksey High School

We are now comfortably established in our new building. We appreciate the aid of every one involved in securing it. It is our desire to better show our appreciation by the way we care for it.

The girls of Kirksey organized a Home Economics Club Monday, under the leadership of Mrs. Wilson.

The officers elected were: Kathleen Myers, president; Mary Elizabeth Johnson, vice-president; Maurine Rogers, secretary; Frances Coleman, treasurer; Maurine Rogers and Alice James, program committee.

We plan to organize a girls' athletic club soon, which we hope to bring out hidden talents for basketball playing and other sports.

The boys organized an Athletic Club this week, and made plans for initiation of the new members of the F. F. A.

The grades are starting off nicely on their first week of school, with a large enrollment.

Darnell has 35 enrolled in the fifth and sixth grades. Miss Palmer has 26 in the third and fourth grades—and Miss Smith has 25 in the first and second grades.

After much trembling and holding of breath, we received our report cards. Those who were fortunate to make the honor roll are:

Seniors: Maurine Rogers, Mary E. Johnson, Gladys Hinkley, and Vernon Wilson; juniors: Sue Marie, Robert Carlisle, Richard Mills, G. W. Edmonds, Kathleen Myers, Alice James, and Ruthford Morgan; sophomores: Meredith Story, L. C. Miller, Howard

Pleasant Grove Home Department Elects New Officers

The Home Department of the South Pleasant Grove School met last Tuesday evening at the home of Mr. and Mrs. J. S. Smotherman and elected officers for the remainder of the year.

J. S. Smotherman became the new superintendent; Earl Cooper, secretary; Mildred Armstrong, treasurer; and Mrs. Elsie Paschall

relatives and friends of this vicinity, were surprised Sunday morning to receive word of the death of Mrs. Rip Brandon.

Mrs. Brandon had been in poor health for some time. Funeral services were held Sunday afternoon from the Baptist Church in Paris, Tenn.

Mr. Brandon, who is ill, of cancer and in a serious condition. Capicola Deering has gone to Detroit to seek work.

Mr. and Mrs. Wayne Paschall announce the marriage of their son, Sammy, of Nashville, to Miss Evelyn Thomas, also of Tennessee, on October 31.

On account of a defect in the furnace there will be no Sunday School at Pleasant Grove next Sunday but services will be held at 10:00 a. m. following at or near 11 o'clock.

Cole's Camp Ground

Here I am late this week after promising I would try not to be late. I have had company this week and couldn't find time to write.

Mrs. Charlie Steele is very ill again at the Clinic Hospital. Mrs. Robert Crouse was very sick last winter with chills.

Those visiting in the home of Mr. and Mrs. T. A. Oliver Sunday were Mr. and Mrs. Parvin Adams and son, Brent, Charles and Happy Roy Steele.

Mrs. Ethel Duke was a week-end visitor of the Oliver family.

Clyde Mitchell, Harris Wisheart, and Clay Wisheart, of Detroit, were in Murray Monday.

Mr. Bernice Grogan and Mrs. Maud Grubbs were united in marriage recently.

Robert Edwards is reworking his stock barn.

Kill Dee, don't make these folks think I bought a new hat and a toboggan too. The cotton didn't bring that much.

As it is mail time I must get this in the box—Sweet Pea.

MacDonald, Once Prime Minister Of England, Dies

Ramsay MacDonald, 71, former prime minister of England, died from a heart attack Tuesday night aboard the liner Reina Dela Victoria enroute to South America where he meant to spend a three months' vacation which he had described as the first he had ever had free from care.

News of MacDonald's death was received at a great shock in England after midnight Wednesday morning.

MacDonald retired as prime minister June 7, 1935, and was succeeded by Stanley Baldwin. He was Great Britain's first labor prime minister. His daughter, Sheila, was accompanying him on the cruise.

Urges Livestock Substitute For Dark Tobacco
Leading farmers and county agents in 16 western Kentucky counties in a conference in Hopkinsville last week agreed that there appeared to be no substitute for the diminishing dark-fired tobacco crop except a well-balanced livestock program.

The problem of substituting a "money crop" here in the heart of the dark-fired belt because of the sharp falling off of the market caused by a decline in the European demand has been considered by civic bodies, the Tobacco Boards of Trade, and farmers in recent meetings. The soybean has been the only other likely substitute investigated.

The meeting of county agents reported a gradual shifting from dark-fired to burley with further advancement in the eastern part of the area than in the west. The shifting in Christian and Edmonson counties was considered to have reached a peak. In Caldwell, the change was slight.

In Logan county a large shift from dark-fired to air-cured was reported. Allen county still was shifting toward burley in increasing quantities it was said.

Public Health

The two inherent laws of nature are propagation of the species and the survival of the fittest. For the nation to survive or each individual to survive depends upon an adequate food supply and good health. When we are all in good health, every one is happy, and meets each other with a smile.

The greatest enemy of a Good Public Health is the common cold, as it affects us more often and is the most prevalent of all diseases. Experience and common sense has taught us certain things to do to avoid colds. When we do these things we not only are helping ourselves but our fellow men. These simple rules are as follows:

1. Get plenty of sleep, fresh air and sunshine.
2. Eat all the nourishing food you need, but avoid overeating.
3. Dress sensibly and with regard to the climate.
4. If you get wet, change to dry clothing as soon as possible.
5. Breathe through your nose, not your mouth.
6. Cleanliness is next to godliness.

ness—Bathe daily.

7. Avoid constipation.
8. Get outdoor exercise every day. Long walks are excellent.
9. Avoid sudden changes of temperature.
10. Keep away from people who have colds.

It goes without saying, that those with colds must use handkerchiefs when sneezing, coughing or expectorating, to avoid infecting others.

Overeating lowers resistance, making the individual more susceptible to colds. If you have difficulty in breathing properly, see your doctor promptly; your tonsils, adenoids, sinuses or teeth may need attention. Don't go from a hot room out into the cold without suitable protection and never cool off by sitting in a draft or directly in front of an electric fan. Finally, if there is an epidemic of colds in your vicinity, avoid large crowded meetings; in the home, quarantine cold sufferers, particularly if there are children or old people around. The infection of children and aged people is the cause of excess mortality in these groups.

Colds—A Costly Enigma

The United States Public Health Service estimates a direct economic loss of more than half a billion dollars yearly because of the common cold, the average worker

losing from three to five working days per year. "But," a prominent doctor says, "in spite of the fact that much time and money have been spent in studying the cause and cure of colds, authorities agree on very few points, and the results of widely scattered experiments are full of contradictions."

"For instance, most observers today regard the cold as caused by infection from a filterable virus, even though the actual organism has not as yet been discovered. Others studying the question, however, believe that chilling of the body lowers the surface temperature of the mucous membrane of the pharynx, resulting in lowered resistance of these membranes, permitting infection by bacteria normally present. A third group states that a disturbance of the regulation of the heat-of-the-body is a causative factor."

"Nevertheless, it has not been proven that changes in humidity, air temperature or barometric pressure have any great effect on the average individual, and it is a well known fact that groups of individuals may remain free from colds if isolated from their fellow human beings, but are attacked when contact is resumed."

A prominent doctor reports, therefore, that the common cold, regardless of how it is caused, must be looked upon as an infective agency that may vary in virulence from time to time. It may be endemic or it may be epidemic. It usually follows lines of travel, and it is communicable from hand to mouth.

What To Do

The best thing to do is to go to bed just as soon as you feel a cold coming on and isolate yourself from the rest of the family as much as possible. Rest is more important than medicine. Take a hot bath and then get into bed with plenty of covers. Drink freely of water and fruit juices. A mild laxative is advisable and the diet should be light and simple during the acute stage. Don't prescribe medicine for yourself. See your doctor and let him do it. He knows far more about it than you or your friends.

In the case of children, by all means consult the family physician promptly. Many diseases of childhood are ushered in with symptoms resembling those of the com-

mon cold. Sniffling or running of the nose, complaint of sore throat, slight fever, these are symptoms which many parents attempt to treat as a cold, when it is a fact that the doctor might note them as the early indications of a serious, infectious disease.

But above all let us emphasize again the necessity of rest in bed and seclusion from the rest of the family until the cold has disappeared.

JUST JOTS

By John

Freeing of the toll bridges seems to be meeting with popular approval. The purchase of the toll bridge across the Ohio River at Madison, Ind., by the commonwealth of Kentucky from the National Toll Bridge Company removes us more from private ownership, and let's hope means a step in freeing the bridges. As one of the main entrances of traffic into our state, it by all means should be free, as well as the other four purchased from private ownership, located at Paducah, Calhoun, Newport, and Covington.

It would be common sense to encourage all legislators in the commonwealth to vote for Free The Bridges Program, and do everything in their power to push the movement along. Everyone will be the winner, and if our law making bodies have your moral support as well as your active support they will feel like working toward that ten.

The Young Business Men's Club of Murray was treated to a great feast at Almo High School Tuesday night when the Agriculture class served them a bountiful turkey dinner with all the trimmings. Regular business program was suspended in favor of mixing and having a good time with the citizens of Almo.

Community growth and well being are greatly aided by such meetings, and the Young Business Men's Club would welcome the opportunity to partake of such feasts in other communities in the

county.

Business is on the upgrade in spite of all the reports to the contrary. Auto sales in September were 3 per cent better than September 1936, and 43 per cent better than September 1935.

Everyone seems to have a sweet tooth, and when we can eat a bite of candy we feel better. Every child no matter how old or in what decade has always appreciated a large stick of peppermint candy, or his favorite other flavor. Candy sales in the United States are near the peak of 1929.

Manufacturers' sales of confectionery and competitive chocolate products attained higher levels in September 1937 than for any like month since 1928, according to estimates of the Bureau of Foreign and Domestic Commerce from reports from 286 manufacturers. Just received by its Louisville District Office. These manufacturers reported sales of \$28,237,124 in September 1937, an increase of 7.4 per cent over the \$26,300,381 sales of this same group in September 1936. Sales during September 1937 brought the year's total to \$174,350,424, an increase of 10 per cent over the total of \$158,660,699 recorded during the first nine months of 1936.

THE PUBLIC VOICE

Contributions to this column upon topics of interest are always welcome. They do not necessarily express the views of this newspaper.

Warning to Calloway farmers: You had better buy Korean seed at home where there is no Johnson grass. I have seen sections where they were threshing Lespedeza seed where there was a lot of Johnson grass. I would not sow seed from a like section if it was furnished free.

Jap hay or pea hay from infested areas would not be profitable if given to Calloway farmers. There is very little Johnson grass in Calloway but it will spread rapidly if you neglect to fight it.

Early ordering and stripping tobacco should be the aim of our growers. Early prices are likely to be the best, any way, it can

not be marketed until it is prepared. Today (Monday) looks like a season.

The Crippled Children's Clinic at Paducah yesterday was largely attended. One hundred thirty-four crippled children were there, the largest attendance yet. Increase was due to the last spring epidemic of infantile paralysis. It was held in the basement of Broadway Methodist Church a large and convenient place.

About five from Calloway were recommended for hospital treatment as fast as room and bed could be furnished.

On account of the decrease in appropriation and last epidemic the crowded condition prevents the progress in treatment. It is hoped the next Legislature will be more liberal in appropriations as this is the only hope for many crippled children where parents are not able to pay the way.

There were a few children in Calloway that should have been there but whom we were unable to reach or where parents were opposed to taking them to the clinic. No parent or relative will object to having their child taken to the hospital when they know of the fine treatment they get and that without cost if they are unable to pay any or a part of the expense.

This work is largely carried on by private donations. Those contributing to the trip in furnishing cars were Beale Motor Co., George S. Hart, and the County Health Unit. Besides those carrying their own children.

We hope that our people will acquaint themselves more with this great work and give it their support.

E. O. TURNER, Chairman.

Richmond Lauds American Legion For School Help

In commemoration of American Education Week, Dr. J. H. Richmond, president of Murray State College and nationally prominent in the field of education, delivered a brief address on "Progress in Education" in chapel at the college Monday. He paid special tribute to the American Legion for its active leadership in sponsoring public education, in the United States.

The men who 19 years ago were fighting America's battles overseas, are today championing the cause of education in the United States, President Richmond explained. He called attention to the fact that Armistice Day this year is celebrated during Education Week.

After tracing the origin of public education under the leadership of Horace Mann, the speaker showed that public schools have advanced from a position of relative unimportance to one of predominance in the educational world.

Trained leadership, according to Dr. Richmond, is a prime requisite of success. Honesty and cleanliness of heart are absolutely necessary for the development of true character, he added.

"Whether it is on the football field or in the marts of trade," Dr. Richmond advised, "a person must play the game cleanly and fairly."

That training for life is a serious business was the admonition of the Murray executive.

"As you grow older you will see that this business of living a life is a serious business," he emphasized in urging students to apply themselves a little more earnestly to the tasks at hand.

Louis Evans, student of Murray, gave the scripture reading and prayer. The Rev. A. V. Havens, pastor of the First Christian Church of Murray, made a preliminary announcement regarding services at his church. Dr. Herbert Drennon was in charge of announcements.

United States To List Unemployed

Optional with a recent Presidential and Congressional approval and decree that a census unemployed member in every family be taken, the Murray Post Office Department will deliver report cards to every family in Calloway county. The cards will be ready for distribution on November 17. Unemployed and partly unemployed are expected to mail these cards, filled out, by midnight of November 20.

The unemployment census will be nation wide. It will check every unemployed or partially unemployed member in every family. Its purpose is to aid in procuring work for all. The Department of Census and the Postoffice Department earnestly request the cooperation of every person in filling out these cards accurately so that the dissemination of the required information may be the most rapid.

Integrity . . .

The excellency of all our services is, in itself, testimony to the integrity with which we serve, regardless of price, personal desires or any particular conditions.

In turn, this integrity assures you of the most efficient and complete service whenever you might call on us.

Sincerely,

Kirksey 4-H Club

By Mary M. Radford

The sewing project of the 4-H club work for this year has come to a close. There are 10 girls, ranging in ages from 10 to 13, who make up this group. All of them are enthusiastic and each one tries her best to do, at the appointed time, whatever the leader assigns.

We found it both interesting and worth while to carry out the health rules as suggested in our record books. Our girls were not old enough to enter demonstration team Rally Day, but we had a team in our project group, and practiced demonstrating the use of the bias fold at our own pattern.

Our sewing group entertained the club at school once during the year. In addition to our required work, we made sewing bags in which to carry our supplies to the meetings. Talks on foods, health, and contagious diseases were given. We made note-books, and studied health posters.

The leader often supplied us with a team in our project group, and practiced demonstrating the use of the bias fold at our own pattern.

U. S. ENGINEERS MEASURE LAND WITH SCALES AND CELLULOIDS IN RIO BASIN

Two million acres in the Rio Grande Basin, an area larger than that of Delaware and Rhode Island combined, have been mapped and the acreages of various crops and other vegetation ascertained in record time and in a unique way by the United States Bureau of Agricultural Engineering for the National Resources Committee. The work was done in

the single season with a small force and limited funds.

Practically the entire river basin was mapped on aerial photostatic prints on a scale of two inches to a mile in the more open country and 4 inches to the mile in the more congested areas of New Mexico. On these prints the fields were numbered or colored as to 18 crop or other vegetation classifications.

Outlines of the fields and other areas were sketched with a stylus on sheets of celluloid one hundredth of an inch thick placed over the photostatic maps. Classification numbers were scratched in the grooves in the thin celluloid made it easy to break the sheets into pieces which were then sorted as to numbers. The acreage in different crops was then obtained by weighing the piles of celluloid pieces on an accurate balance.

Warning Pink Color Is Added to Arsenicals

The housewife who carelessly uses lead arsenate or calcium arsenate in cooking instead of flour in the future will have no excuse that she is color blind, for manufacturers of these insecticides have decided to color them a distinctive pink.

Many cases of accidental food poisoning have been reported because arsenicals are stored in pantry shelves alongside flour, soda, baking powders, and have no distinctive odor to warn the careless cook.

Calcium arsenate is used widely for spraying and dusting vegetables for pest control, and lead arsenate is used for fruit crops.

For years the Federal Food and Drug Administration has warned the public of this danger, but reports of food poisoning continue to appear in the papers. Only a few weeks ago several persons working in a mining camp in a western state were seriously stricken after eating flapjacks in which an insecticide was used instead of flour.

Regardless of the precaution of manufacturers, says W. G. Campbell, Chief of the Food and Drug Administration, arsenicals and other dangerous insecticides should be kept out of the reach of children. The garage or shed is the place for insecticides, not the pantry shelf.

M. Marks Company In Advertising Sale Selects Ledger & Times

The M. Marks Company of Paducah naturally selected the Ledger & Times this week to announce to the local people a special sale they are holding, starting Saturday, November 13. Mr. Simon stated that—If will continue only until the surplus merchandise they are advertising is sold. He continued that all merchandise in the sale is nationally known and advertised, and the values offered are assured to be of the best quality.

Mr. Simon, like all other smart merchandisers, selects The Ledger & Times to do his advertising, because it is Kentucky's Most Progressive Weekly Newspaper, and leads the field in bona fide paid circulation, and in news and advertising.

The Ledger & Times is true to its slogan, "Fair to Its Readers and Fair to Its Advertisers." Each week the Ledger & Times brings the week's news—into more homes in Murray and Calhoun county than any other paper, and is welcomed because of its wholesome news and progressive spirit.

Mr. Roy L. Vinson is spending this week in Murray with relatives. She was accompanied to Murray by her family for the week-end.

Miss Catherine Outland of Murray spent Saturday night with her uncle, L. A. Dilly.

Livestock Show To Be in Chicago Nov. 27 to Dec. 4

America's renowned annual farm and live stock review, the International Live Stock Exposition, will be held at the Chicago Stock Yards November 27 to December 4. It will be the 38th anniversary of this premier agricultural event.

Huge stock displays from many countries will feature the exposition. Many from Western Kentucky attended the show last year, and Prof. A. Carman, head of the Agriculture Department of Murray State College, already has announced plans to take some of his students to the festivities this year.

Woodlawn School News

Our eighteenth week of school is approaching and we are making fine progress. It doesn't seem like we have been going to school 17 weeks, but as our teacher says so, it must be true. We have been having some nice, pretty weather.

We had good weather last week to practice basketball. We also practiced at every recess. Our team won a game over Grindstone last Friday by a score of 17-11. Our lineup follows: Buel Stalls, center; J. W. Scott, forward; L. E. Outland, center; and Ed Bray and Glen Workman, guards. The referee was Chester Fielder. We plan to have a game Friday on our own court with Grindstone.

We sponsored a fiddlers' contest last Saturday night. We took in around \$12.50. After our basketball, fiddlers, etc., and expenses were taken care of the cleared a total of \$5.00. This amount will go for the benefit of the school.

We intend to sponsor a community play some time before Christmas.

As far as we all know, we have done very well in scholastic work. Those on the honor roll for the past month are as follows: second grade, Juanita Johnson; third grade, Rubena Stalls, Robert Brandon, Robert Brandon, and Calvin Hall; fourth grade, J. W. Scott, and Edwin Stalls. Edwin Stalls was promoted to the sixth grade at the beginning of this month. Sixth grade, Cassell Garrison, eighth grade, Jennie Lee Coleman and Buel Stalls.

As it is recess time we will ring off for this time but hoping to see you again next week.

Written by J. W. Scott, fourth grade; Edwin Stalls, sixth grade; Buel Stalls, eighth grade; and Buel Stalls, organizer, substitute for Argenteen Sills, eighth grade reporter and organizer.

Kidnappers, Looters, What?

Franksters, Tuesday afternoon, must have dreamed of a great underworld, so to speak, when they preyed upon the car belonging to A. B. Austin. With a knife they ripped the bottom of the seats in his car, and left the knife and a note. The note read: "Mr. Wear, we know you and what you are worth. We'll be to see the county in person."

This is not a joke, and the Dean says he will lock his car from now on. \$5 far no one has appeared.

Hill and Cochran To Demonstrate Tobacco Grading

County Agent J. T. Cochran received word today from Inspector Hill of the United States Department of Tobacco Grading that he will be in Calloway county Monday and Tuesday of next week to hold demonstrations on the sorting and stripping of dark air-cured tobacco.

At 2 o'clock Monday afternoon, Hill and Cochran will hold the first demonstration at the Will Clark farm, six miles north of Peapack on the Penny Road.

On Tuesday afternoon at 2 o'clock, the two will give a demonstration at the Swann barn, using the crop of Burgess Parker Jr.

The county agent's department urgently invites all farmers interested in dark air-cured tobacco to attend the demonstrations.

It was indicated that Hill may have time to visit other crops of tobacco in the county if persons desiring such visits make arrangements for such with County Agent Cochran immediately.

125 LISTED AS HONOR STUDENTS IN SUMMER TERM

Eighteen Have Rating of 3 for Perfect Record

REGISTRAR RELEASES NAMES OF HONOREES

One hundred and twenty-five students were named on the honor roll for the summer semester of 1937, according to a statement released recently from the office of the registrar.

Out of the 125 listed, 18 made perfect ratings of 3, the highest grade possible. Grades are computed on the following basis: 3 (A), perfect; 2 (B) good; 1 (C) passing. A standard of 2.2 is required for honor roll rating.

The honor students for the past semester and their ratings are as follows:

COLLEGE BRIEFS

By Lee Williams

Professor E. W. Rannels, head of the art department of the University of Kentucky and president of the Kentucky Art Teachers Association, spoke before the Murray AAUW on Tuesday evening, November 9, on the subject of "Vision," and appeared in chapel the following morning and addressed the students with a lecture based on art and art appreciation. Prof. Rannels was brought to Murray by the members of the local chapter of the AAUW as a special feature of Educational week.

Formal recognition of national Educational Week was expressed by President James H. Richmond on Monday morning, November 8, when he delivered a brief address to the student body on the general theme of the value of education.

Miss Melba Headen, junior from Kenton, Tenn., suffered a broken arm Wednesday morning, November 10, when she slipped and fell on the library steps leading to the postoffice. The injury was treated at Keys-Houston clinic.

As a result of try-outs held Tuesday night of this week, five members were named on the Murray debate squad for this year. Prof. L. J. Hoffman, debate coach, announced that the program has not been entirely completed for the season. Plans have been completed, however, to meet an Anglo-Scottish team here on December 6. The members of the debate squad are Robert Miller, Hazel James Overby, Almo Wilson Gantt, Faxon, John H. Brinn, Paducah, and Paul Lemons, Murray.

Miss Theda Crider, freshman of Millburn, Ky., sustained a painful though not serious, injury Tuesday evening, when a needle was broken off and imbedded in her right hand. She was taken to the Keys-Houston clinic for treatment and was confined to her room for a short period.

Cosch Carlisle Cuthin, basket-

ball mentor of the Thoroughbreds, has announced that a basketball clinic will be held in the little chapel on Monday evening, November 15, at 8 o'clock. Chuck Taylor, former All-American basketball star and graduate of Purdue, will present a sound film which illustrates playing techniques that are outstanding in the game. No admission will be charged for the demonstration.

Organs Celebrate Education Week

The Murray High School and the College Training School, both under the superintendency of W. J. Caplinger, are celebrating American Education Week with appropriate programs this week.

The only joint program which the two schools will have publicly is, tonight, when the children of both institutions combine in a pageant in the college auditorium at 7:30 o'clock. The theme of the portrayal will be "Schools and the Constitution," a presentation tracing the development of education from the time of Leif Eriksen to the present time.

Friday, according to officials of both schools, is open house day, in which visitors are invited freely to view the operation of the school, review classes, etc., during the school hours from 8 o'clock in the morning until 4 in the afternoon.

Saturday's theme will center around the educational discussion of "The Lifelong Yearning."

THOROUGHBREDS PLAY MOREHEAD TOMORROW

RACERS FAVORED TO DOWN EAGLES FOR 7TH VICTORY

Play Will Begin at 2 O'clock in Murray College Stadium

GAME IS SECOND BETWEEN SCHOOLS

With six successive victories over some of the strongest teams in the Southern Intercollegiate Athletic Association tucked safely under their blankets, the Rambling Racers of Murray State College meet the Eagles of Morehead in the college stadium tomorrow afternoon at 2 o'clock.

Each team will be battling to retain its standing in the SIAA, a rating which lists Murray at the top of the ladder and Morehead a close second. The Eagles have not lost a game in the conference, but they have not played as many as the Thoroughbreds.

The Stewartmen's only defeat came in the season's opening game when Hardin-Simmons, undefeated and untied Cowboys found themselves lucky to grab a victory in the last half.

Comparative scores in games both teams played would favor the Thoroughbreds. Murray walloped Tennessee Tech 23-0 and it was all Morehead could do to eke out a 9-6 victory last Friday.

The Eagles dropped only one game last season, that to Murray 14-7. This year, their goal line has been crossed but twice. Although Coach James Moore, returning from a scouting expedition to which he saw the Eagles run over Eastern 26-0, reported Morehead was two touchdowns better than Western, Murray fans are not worried. They know the tremendous power, the subtle deceptive plays, the flashing accurate devastating attack, the slashing tackles, and the touchdown scoring punch of the Thoroughbreds. They know how Jug Mitchell hits a line and they know the wild horse lunging of Jasper.

They have watched Gudauskas and Delbert send the prolate spheroid whirling through the crossbars from placement. They have watched the rattle-drum plays and the sure grip of Tom Atwell as he grabbed passes out of the ether.

Murray fans believe the Thoroughbreds will win. But Coach Roy Stewart and Jim Moore are looking upon this game as the supreme test of the Racers. The players have the same feeling. Every member of the squad of 31 men who comprise the Murray team wants an SIAA championship and each knows that the team must answer Morehead's challenge if it is to stay in the running. There is no danger of over-confidence on the part of either team. Both realize that a slip on either hand will result in their elimination in the 1938 SIAA race.

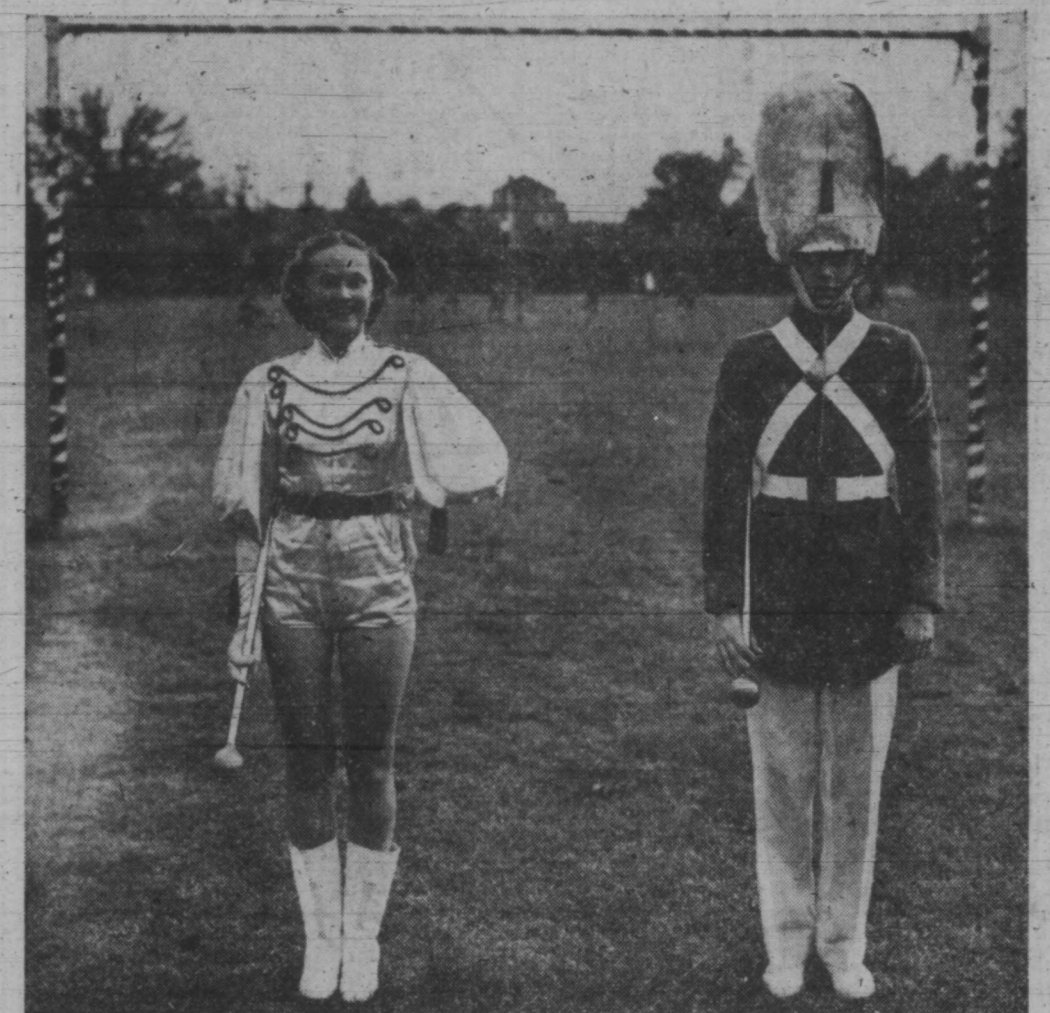

Sports enthusiasts of this area are expecting the Murray-Morehead clash to be the best game played on the Murray field this season. Thus far, Coach Stewart has started 23 different men in the seven games he has played, and has used at least 27 men in each contest. Ellis Johnson, Morehead coach, has two kickers in Fair and Stanley. Both are triple threats, and with Vinson, hard-driving fullback, comprise the Eagles' chief running attack.

The Eagles use the Notre Dame system and will have at least three good running backs in the ball game all the time. The wards of Johnson will be at their peak against the Bluebloods, as they have been pointing toward this encounter ever since they drubbed Cincinnati University 7-0 in their first game of the season.

Although Coach Stewart has indicated that if it is necessary he will open the Racers up with all the dazzling plays of which they are capable, many here believe that if the going against Morehead proves easier than he anticipated, Stewart will hold his horses.

Scoring plays for the game with Western a week from Saturday. One of the biggest crowds of the year is expected to view the contest. Murray's 90-piece band, one of the finest in the South, will parade at the half, diversifying its selections with classic and rousing tunes.

These Two Will Lead College Band In Field Parade at Half Tomorrow

Miss Margaret Marshall, Murray College claims, is the prettiest band sponsor in the South. We don't doubt that, even if you make it North and South. With Miss Marshall in the picture above is James Davis, Drum Major from Hopkinsville. Miss Marshall is from Kuttawa, Ky. Murray State's swingline band of 80 pieces claims the distinction of being the "Best in the SIAA."

MURRAY RACERS POUND TENNESSEE 19-0 FOR 6TH WIN

Thoroughbreds Encourage Lead in SIAA; Power Plays Feature Entire Game

JASPER STARS IN TOUCHDOWN DRIVE

The Tigers from West Tennessee State of Memphis twisted the longer-than-usual ears of the Murray Thoroughbreds for three quarters in the college stadium Friday afternoon, but gave up before the smashing line plunges of Jasper. Murray back, in the final period and the Racers cantered through the home stretch with a 19-0 victory.

With scouts from Morehead and Western in the stands watching with the eyes of a hawk every move the Bluebloods made, Coach Roy Stewart held in reserve Murray's vaunted aerial and running plays, and on straight football West Tennessee was almost good enough to hold the Racers.

The victory encouraged Murray's lead in the Southern Intercollegiate Athletic Association race. With only two other conference teams to play—those with Morehead and Western on successive weekends—the Stewartmen believe they have an excellent chance of duplicating their 1933 championship campaign.

Murray received the kick-off and Mitchell advanced the ball 15 yards. Steady first down, Murray took the ball to Tennessee's 33 yard line. McRaven reeled off 15 yards around end to the Memphis' 20. Mitchell and Jasper carried the ball to the 9. Jasper lateraled to Thompson, who made a beautiful reverse pass to the 15, and with perfect blocking by Mitchell went over for the first touchdown three minutes after the game had started. Gudauskas missed the try for point from placement. The score was 6-0.

In the second quarter, Tennessee's only scoring threat bogged down against the iron wall of the massed Thoroughbreds. Schwaiger for the Tutors threw a 5 yard pass to E. Vaughan, who ran 30 yards before he was downed on Murray's 15. E. Vaughan passed to McMackin for 10 yards, and a first down on Murray's 5. On the first attempt, Schwaiger carried the oval to the 2-yard stripe. Vaughan gained a yard, and it was third down and a yard to go. E. Vaughan lost a half yard and on fourth down with a yard and a half to go, Schwaiger hit the line, but a swarm of fighting Thoroughbreds smothered him 4

inches from the goal line. McRaven kicked out of danger on the first play. The half ended 6-0 still in favor of the Western Kentuckians.

Murray began a steady drive down the field in the third quarter which brought the Men of War down to Tennessee's 36. Here, Murray tried for a field goal, but Gudauskas' kick was wide, and Tennessee took the spheroid prolate.

The Thoroughbreds took the ball again, and Jasper carried it from his own 41 to Tennessee's 29—a long spinning weaving rub for 30 yards. Jasper carried the ball to the 21. Jasper made three yards through the line. On a run around end, he skirted the secondaries for 10 yards to put the ball on the 8. Jasper went to the 5. McRaven scored on an end run after a lateral, Jasper to Thompson to McRaven. Delbert missed the placement. Murray led 12-0.

Elmer Vaughan returned Delbert's kickoff 40 yards, but Fowler intercepted Schwaiger's pass on Murray's 30 and carried it to the 40. Jasper tore through Tennessee's entire team into the clear and ran 50 yards before he fell from his own momentum. It was first down, and 10 to go for a touchdown. Jasper drove to the 5 yard stripe. Finley lost 4 yards on an attempted end skirt. Thompson and Finley failed to gain on a pass ruled incomplete. On fourth down, Jasper plunged to the 1-yard marker, and Tennessee took the ball on downs.

Finley returned Schwaiger's punt to Tennessee's 20. He drove through the line behind great blocking for 10 yards and a first down. Jasper carried the ball to the 7, and Finley picked up 2 more. Spaulding went around end to score standing and Murray led 18-0. Delbert nonchalantly placed the ball.

Tennessee came back strong. Schwaiger passing to Long for 24 yards, but Beale intercepted Schwaiger's pass on his own 25 and ran 10 yards. Beale lateraled to Love who gave the ball to Jasper who ran 25 yards. It was one of those winding elusive runs in which he shook tacklers off him like feathers off a drum. The whistle ended the game a moment later with the Thoroughbreds in the van 19-0.

Jasper was the outstanding man in the Thoroughbred lineup, gaining as much yardage perhaps as the rest of his teammates put together, but strangely enough he did not score. But time and again he placed the ball in scoring territory ready for his mates to push over. He gained more than 200 yards turning in 6 dashes exceeding 10 yards including one for 50, another for 32, and two for 20. The Murraymen scored 18 first downs to 7 for Tennessee.

Schwaiger, Ellis, and E. Vaughan were outstanding backfield men for Tennessee. Mardian, Cochran, (Continued on Page Two)

ECONOMICS BUREAU ALLEGES FRAUD IN SEED DISTRIBUTION

Charges Hardison Seed Co., in Nashville Altered U. S. Labels

URGES FARMERS TO BUY CAREFULLY

As a result of investigations made by the Bureau of Agricultural Economics it was found that the E. K. Hardison Seed Company, Nashville, Tenn., fraudulently altered Department of agriculture verified-origin certificates for alfalfa seed, the Bureau reported today. The seed company altered the certificates to show incorrect origin of the seed and then sold and shipped the misbranded seed.

This is a violation of the Rules and Regulations of the Secretary of Agriculture Governing the Origin Verification of Seed, approved July 25, 1933, and of other Federal authority pertaining to the misbranding of seeds.

The Bureau has ordered that a public notice of its determination be sent to trade publications, farmers, county agents, verified origin seed dealers, other wholesale seed dealers and retail seed dealers. Action also has been taken by the Tennessee State Department of Agriculture for the same offense and a fine has been imposed.

The notice of the Bureau's determination outlines the following facts: The E. K. Hardison Seed Co. has purchased verified-origin alfalfa seed from verified-origin seed dealers in Missouri and Oklahoma. The seed was received by E. K. Hardison Co. with verified-origin seed certificates properly sealed to each bag and showing the true origin. Some of these verified-origin seed certificates were altered by this company to show Kansas as the origin and some were further altered by erasing or changing the lot numbers. The true origin of the lots involved were Arizona, Texas-Oklahoma, and Oklahoma.

It also was found that between the dates of July 30 and September 2 this year the E. K. Hardison Seed company sold and delivered to retail seed dealers in Tennessee 38 or more bags of misbranded alfalfa seed-bearing U. S. Department of Agriculture verified-origin seed certificates which showed alterations of the origin statement.

In connection with this determination, the Bureau called attention to section 14 of the Perishable Agricultural Commodities Act.

Murray Yearlings Lose to Jr. Vols 43-6 Friday Night

Game is Played on Grove High School Field in Paris

HALF CLOSES 7-6 IN FAVOR OF U. T.

A devastating running and passing attack in the second half and illimitable reserve power enabled the Volunteers of the University of Tennessee Junior College of Martin, Tenn., to run rough shod over the Freshmen Colts of Murray State College Friday night on Grove High School Field in Paris 43-6.

It was the second defeat in three starts for the Thoroughbred yearlings. Austin-Pearl corralled them 26-7 in their opening game of the season, and they slammed the Freshmen Hilltoppers week before last here 6-0.

The youthful Racers started off in high style, crashing through the Volunteer's line for successive first downs—and tackling viciously—rock the Tennesseans on their heels.

A continued march down the field good for 80 yards resulted in a touchdown for the Murrayans midway of the first quarter when Cherry passed to Harris over the goal line for the marker. Murray's placement was wide. The Junior Vols sent in 11 new men against the Yearlings.

Just before the half, the Volunteers unleashed a passing attack that carried them the length of the field for a touchdown, and they were good for the extra point. They led at the half 7-6.

Substituting freely, Tennessee gradually wore down the resistance of the tiring Murrayans, and by the last quarter they ran through the Murray line as if they were phantoms.

Provine, Lee, and MacMurray showed up well for Murray during the first half when the entire team performed brilliantly.

Murray Tigers Mangle Morganfield in Homecoming Game Friday by 13-0

Buchanan Scores First Marker After Running 60 Yards on Intercepted Pass

With Buchanan intercepting Hedge's pass in the first few minutes of the game and running 60 yards for a touchdown, the Tigers of Murray High School bewildered a band of Guerrillas from Morganfield, walloping them in a Little Sixteen Conference football game here Thursday afternoon at Homecoming 13-0.

Victory was sweet for the men of Holland. Last year the rampant Guerrillas ran over them at Morganfield by the identical score of last Thursday's game.

Morganfield went into the game a slight favorite, but never completely recovered from Buchanan's first period touchdown dash. Davis deflected Cutchin's attempt at the placement.

The Tigers struck again midway in the second period, despite a fumbling penalty, when Cutchin shot a long heave to Gardner, who lateraled to Mahan. Mahan fumbled, but recovered on the 5-yard line. A swift shovel pass by Cutchin over the goal line to Gardner was good for the touch-down, and the score was 12-0. Gardner caught a high floating

pass over the goal line in the end zone for the extra point.

Morganfield made its strongest bid just after Buchanan scored in the first quarter. Hinton completed a 25 yard pass to Phillips on Murray's 12 and Hedges and Hinton battered their way to the Tigers' 4 before Murray's powerful line held them.

The visitors could complete but one pass in 10 tries, all others falling harmlessly, result of Buchanan's alert play. The Tigers completed three for 55 yards, and had one intercepted out of five efforts.

Holland's men had the edge in first downs, chalking up 11 to Morganfield's 9. Gingles made a pretty 20-yard run to Morganfield's 4 near the end of the game only to fumble and have it recovered by Morganfield.

A large crowd of Homecoming visitors watched the Tigers paste the Guerrillas. Murray will play Princeton there tomorrow night.

Cedar Knob News

Hello, folks! Here comes Ky. Bell again and she is glad to say she is still improving and now able to be up all day and can do my own writing.

Mr. and Mrs. Oren Simmons of New Providence and Mrs. Eunice Williams of Cedar Knob, "Uncle Bud" Todd and cousin, Miss Pernie Mae Simmons of Maceson, were business visitors in Murray Friday.

Mr. and Mrs. Conrad Hutton gave a Harry John party Saturday night. A large crowd attended.

Clyde Mitchell, of Detroit, Mich. is in for a day or two to visit with his parents, Mr. and Mrs. Elmus Mitchell.

Mr. and Mrs. Mathey Mitchell and children of Buchanan, spent Sunday with Mr. and Mrs. Elmus Mitchell.

Mr. and Mrs. Noah Maynard and children, Cedar Knob, visited their mother and father, Mr. and Mrs. Flem Maynard of Hazel, and Mr. and Mrs. Wade Oliver, Saturday.

"Uncle Jeff" Stubbfield, of Maceson, is spending the week with his brother, near Green Plain.

Mr. and Mrs. George Simmons spent Thursday with her aunt, Mrs. Linda Simmons of Frog Creek.

Pop Eye, your letters have been missed for the last week or two. It's getting time for you to be coming back.

I love to ride in an ox wagon to protracted meetings in the twilight with crickets chirping along the road and tree frogs croaking. I love to sit under the brush arbor with other tired, worn country folk and listen to the word of God preached by a humble but devoted pastor; to sing the sweet old hymns; to join the hubbub and chatter after meeting breaks; and then to ride back over a dusty

country road beneath the friendly stars. I love to walk through green pasture trails after cows in the late afternoon. I love young things growing green in straight clean rows. I love the sweet smell of fresh-drying hay in a meadow on a moonlight night; to pass a country home and see white clean baby clothes drying on the line. I love to see willows near a meandering stream, dewy spider webs on the grass in early morning; yellow sun-dappled creek water gurgling over sand bars and little rocky water falls.

Mr. and Mrs. George Robert Lassiter were Saturday dinner guests of Mr. and Mrs. Aylan McClure.

Johnnie Simmons and son, E. H. Clifton Mitchell and John Lax were shoppers at Jake Perry's store, Saturday.

Mrs. Bill Simmons and little Miss Norma Jean Williams are on the sick list this week.

Wayne Williams, who has been very ill for the past few days, is improving at this time.

Mrs. Rena Hatfield and Mrs. Kitie Simmons are improving from recent illnesses.

Preston Perry, Miss Addie Wilson, and mother, Mrs. Wilson, and Mrs. Lula Mae Michaux were in Murray Friday on business.

Well, I hope to hear from all you writers in this week's paper. —Ky. Belle.

Woodlawn School News

Here we are again at the beginning of the fifth month of school. The attendance is increasing as cotton picking is nearing an end.

Our examinations were given last Thursday, but we have not received our reports yet.

We have elected new committees for keeping the school room and the school ground in order. Committee No. 1 is news reporter.

No. 2 is to sweep the floor and is composed of Maybelle Stalls, Hubert and Robert Branden. No. 3 is to move and straighten the seats.

This committee is composed of Belle Guerin, J. T. Garrison, T. D. Workman and Merle Sills. Committee No. 4 takes care of the stage and is composed of Ruth Scott and Lee Dora Garrison.

Committee V is to keep the library clean and includes Buel Stalls and Viola Johnson. Committee VI is to pick up all the paper and on this group is Rubena Stalls, Dorothy and Gean Garland, Ruby Scott and Calvin Hall.

Again we want to mention about our fiddlers' contest which will be held Saturday night, November 6. Everyone is invited to come and bring someone with you.

Written by Argentine Sills, eighth grade; Edwin Stalls, sixth grade; and J. W. Scott, fourth grade, with Argentine Sills organizer.

By JULIAN III

On this Armistice Day when the eyes of the world turn back for an hour to view the shambles of the war, the machinery of change uncovers the same ideal that was beautiful to the eyes of the first man when he opened them on the bright purity of the first day.

He saw through clouds that were struggle a land wherein he knew lay lasting peace, and he headed in that direction.

He is still struggling valiantly to reach the horizons which hold aloft his dream. Perhaps when he finds it he will know the true meaning of heaven, and he will have found Armistice.

The all too current philosophy that might makes right is the same philosophy that brought Attila down from the North to scourge the Gothic villages of Medieval Europe; the same influence that brought Hannibal over the Alps, and which led Alaric and his vandals into Rome on the day that the governmental seat of the world's greatest empire fell.

On such a prefix to justice, Machiavelli based his doctrine that the end justifies the means, and out of its dust Nietzsche resurrected the idea from which he synthesized his "Superman"—the representative of a blood and thunder race whose nuclear heritage was the whirlpool of tragic war.

Such a philosophy produced Napoleon, Bismarck, the German Kaiser, Mussolini, Adolf Hitler, Stalin, Franco, and the arrogant flaunting imperialism of Japan.

It is the philosophy of armament, the philosophy of hatefulness, of engulfing war.

It is not and will never become a companion of peace, a synonym for justice.

Universal disarmament in terms of universal parliament is the only thing which can bring about permanent peace. Armament of nations only postpones a war which is inevitable and makes it when it comes the more terrible. It does not prevent war, it assures it.

Individual national disarmament is the same thing as national suicide. Should France disarm, that nation would fall under the marching feet of German and Italian troops; England's mighty empire which because of its armed strength commands the respect of the world would be ravaged by hordes of raiding troops from the storm centers of the continent.

Only American might be safe should she alone disarm, and hers would be safety based on false optimism.

Peace is a thing to cherish to dream, and to hope for. War is a stupid and an ignorant thing. The people of the world want peace, but the machine guns of Spain, the planes of Moscow, the arrogant boasts of Hitler tell us there can be no peace.

Still we commemorate the ideal of peace on this Armistice Day. It may be that presently out of the synthetic appreciation for peaceful lives may emerge a civilization, versed vicariously in ways of mutual aid and on such a foundation world-unity, world sympathy, and world understanding may be born.

Jack Donnelly, who drove fire engines, limousines and police patrol wagons hundreds of thousands of miles without an accident in the 35 years before he retired to become a traffic director, gives this rule for safe driving: "I always looked for the other fellow to be either crazy or drunk and gave him the road."

ACTION

Down the field with the ball in one of the exciting matches, which were RKO Radio's "Saturday Heroes," goes Van Heflin who has a top featured role in this, one of the season's first football pictures. Marian Marsh, as the opposite end of a romance with Van Heflin, shares with him first place in the featured billing. Special preview Friday night 10:30, at the Capitol Theatre.

S. Pleasant Grove

Last week being set aside as a period of prayer, the South Pleasant Grove Missionary society met three afternoons in the study of the Moslem World at the homes of Mrs. Ellis Paschall, Mrs. Wayne Paschall and Mrs. Lucian Gupton.

On Friday an all day service was held at the home of Mrs. Leslie Ellis with each member bringing a covered dish for the noon meal.

The 4-day study of the Moslem World was completed Friday morning under the leadership of Mrs. R. G. Dunn. A vote of appreciation was extended to Mrs. Dunn for her splendid work. A very interesting program was held during the afternoon with Mrs. Eliza Gupton mentioned that John Wesley had feared there would be a falling away from Christ. She emphasized the importance of one really being born again. A list of the officers named for the ensuing year will appear later.

Mr. and Mrs. E. Miller, of near Locust Grove, attended church services here Sunday. Mr. Miller, who is past 90 years of age, led in prayer. Mr. and Mrs. Miller were dinner guests with the formers' nieces, Mrs. Tom Erwin, and family, and Miss Judy Gunter.

Mr. and Mrs. Toy Phillips of Locust Grove were week end guests with Mr. and Mrs. Dewey Grogan.

Mr. and Mrs. Leslie Ellis and son, Herman, were week end visitors with Mrs. Ellis' sisters, Mrs. Bettie Taylor and Mrs. Grace Hicks and families of Bruceton, Tenn.

Hubert Orr, who with Mrs. Orr recently moved to their home, formerly the "Uncle Pitt" Smithsonian place, has pneumonia. We hope for his speedy recovery.

T. W. Nesbitt did some carpentry work on the Martin home near Hazel last week.

Thanks to the faithful "Road-hunter," also Magistrate West Alderson and to Rudy Smith, rural carrier of Murray route 4, who donated \$25 to help gravel roads in this community.

Knight News

Hello to everybody. As I was not able to write last week I'll try a few items this time. Everybody is busy picking cotton.

Loman Thompson put in a new floor and built some new doors this week for Dallas Bucy.

Mrs. Bell Salyers and baby went to Detroit this week. They were accompanied by Miss Velma Guerin who will take care of the baby while Mrs. Salyers works.

Say, Humming Bird, just let me know where your little nest is so I can bring the flowers. I hope Ky. Bell will soon get all O. K. Sure would like to see you all. Your scribble is not so well this week.

Sorry to hear of the death of Rice Henderson. He used to live a door neighbor to Pop Eye. He had often come down and sat with Pop Eye all bed time.

J. C. Thompson has put a new coat of paint on Mr. and Mrs. Lloyd Parker's house. He is now picking cotton for Mrs. Guerin.

Walter Elkins is hauling rock and gravel this week to repair the road in front of the garage where he keeps the school bus so he can get out in wet weather.

Mr. and Mrs. J. C. Thompson visited Mrs. Arvie Ledbetter Sunday and were overjoyed with seeing her brother and wife, Mr. and Mrs. Bradley Newton, and also Mr. and Mrs. Loup Newton and Mrs. Gordon Calhoun. I know Mrs. Sarah Thompson shouted for joy when her brother came for he had been about 15 years since she had seen him.

Mr. Futrell is right sick at this writing. Mr. and Mrs. Tom Steele have a

Pine Bluff Briefs

I will try to add a few lines to your news provided that this letter escapes the old witch tonight.

We have been enjoying some ideal fall weather the past few days and we hope for many more.

That old familiar rumble of the corn wagon can be heard from sunup until sunset as farmers gather a part of that bountiful corn crop that we are thankful for.

The St. John School gave a pie supper Saturday night. Though the proceeds were somewhat less than their last one it was a success. Miss Margaret Ruth Ross won the cake for being the prettiest girl.

Kelcie Moody and son, Carlton, spent Sunday with his sister, Mrs. Minnie Clark of East Shannon, Ky.

Miss Estelle Herndon of Tharp spent Saturday night with Mr. and Mrs. Johnie Crutcher.

Miss Mary Belle Moody spent Sunday evening with Miss Robbie Milton.

Carbrett Wilkinson and family of Dover spent Sunday hiking over these bottoms where he spent his boyhood. Oh, we may see and pass through many things but we are glad to know that nothing can take from that remembrance of joy of childhood days.

Mrs. Minnie Clark of Ft. Henry was the guest of Mrs. Will Barrow Sunday evening.

The WPA workers started work on a new bridge to span Byrd's Creek at the crossing between "Uncle Joe" Phillips' lane and D. H. Boyles'. The talk is that they are to construct a bridge and a mile and a half of highway leading from Mr. Phillips' around by M. L. Barnes house. Citizens of this community are glad to see this work started for we have needed a bridge for a long time.

I just heard a loud noise. I wonder if that is a witch already on its journey.—The Rambler.

Sycamore Center News

Hope every body enjoyed the beautiful fall weather of last week. I am glad to report that Clay Cook and Mrs. Loy Nichols, who have been ill, are improving at this writing.

Master Dorris and Harold Lloyd Kuykendall visited Master Berthel Allen Grooms who is ill with chills.

"Aunt Mollie" Nance, of this community, is visiting her daughter, Mrs. Grace Phillips, of Paducah. Mrs. Nance's son, Arthur, and her granddaughter, Beaton, also are visiting Mrs. Phillips.

Marvin Miles visited Mr. and Mrs. Oman Paschall Saturday night and was a guest of Mr. and Mrs. Sam Paschall and family Sunday. I am sorry that Happy Jack was not at home to see Marvin.

Mildred Nance was the week

end guest of Miss Lottie Mae Kuykendall.

Mr. and Mrs. Charley Wicker and daughter, "Uncle Jim" Hooper and "Aunt Emma" Hooper were Sunday dinner guests of Mr. and Mrs. Jack Key—Happy Jack.

METHODIST CHURCH NOTES

Sunday, November 14, 1937. On account of the absence of the pastor at the session of the Annual Conference next Sunday, there will be no preaching service at the Methodist Church. Please let me urge the Methodist to attend a worship service Sunday at one of our sister churches. You will find a good welcome there and a good sermon.

The work of the Church-school and the young people will go on as usual, and we urge our people to be faithful to these services.

The session of the Annual Conference will begin at Brownsville, Tenn., on Wednesday morning, November 10 and will be in session till Sunday afternoon, November 14. Most likely the appointments for the coming year will be broadcast by WMC on Sunday afternoon, November 14, about 5 o'clock.

The year just closing has been a successful one from every angle, there being 40 additions to the church and all items of the church budget were paid in full. The people of Murray are a wonderful people.

Farmers Aid Land By Sowing Winter Vegetation Crops

Farmers are sowing more winter cover crops following clean ulled crops as a means of conserving the soil, according to L. B. Leonard, staff member on the Massac Creek Project of the Soil Conservation Service, Paducah.

Land needs living vegetation during the winter to protect it from both erosion and leaching," Mr. Leonard stated, "and the better the vegetation, the better the protection." A sloping corn field, left bare over winter, will lose several times as much plant food by erosion and leaching as the crop removes from the field.

Lord's Day: Bible study at 9:45, preaching at 10:30 and 7 o'clock. Week-day programs: Prayer meeting at 7 p. m. Wednesday; Bible class for young people at 7 p. m. Thursday; Bible class for ladies at 2:30 p. m. Friday.

The "Mustard Seed" and "The Leaven" will be discussed at the morning worship.

The parables of the mustard seed and the leaven look at the same subject from different angles. The first suggests the growth of the church and the second the manner of its growth. Christ introduced into the lump of humanity an element which works a change on it. The gospel is not merely a natural process, but was introduced by Christ. The gospel is a revelation from God. Its design is the glory of God and the salvation of man.

Those present were Mr. and Mrs. Rayburn, Mr. and Mrs. Gingles, Mrs. Wallis, Mr. and Mrs. Burgess Parker, Jr., Mr. and Mrs. Thomas Banks, Jr., Mr. and Mrs. Russell Coulter, and the hosts.

Mrs. Wall Made Honoree

Of Parties
Mrs. Myrtle Wall, who will leave soon for Hopkinsville to make her home, was honoree at several parties last week. On Friday Mrs. O. K. Bennett, formerly of Murray, but now residing in Paducah, had luncheon guests at her home in honor of Mrs. Wall. Those attending from Murray were Mrs. Wall, Mrs. Clete Farmer, Mrs. Estelle Houston, Mrs. John Farmer, Mrs. Graves Sled, Mrs. Robert Jones, Mrs. Roy Farmer, and Mrs. Ronald Churchill.

Friday evening at her home on North Fourteenth Street, Mrs. Wallace Lassiter honored Mrs. Wall at a dinner. A delicious menu was served at beautifully appointed tables to Mrs. Wall, Mrs. Ronald Churchill, Mrs. Roy Farmer, Mrs. Graves Sled, Mrs. Robert Jones, Miss Estelle Houston, Mrs. Clete Farmer, Mrs. Hugh McElrath, Mrs. D. Thornton, and Miss Betty Thornton.

The Thursday morning Bridge club met last Thursday with Mrs. Wells Overbey. Members playing were Mrs. E. J. Beale, Mrs. Foreman Graham, Mrs. L. J. Horton, Mrs. John Miller, Mrs. Hugh Houston, Mrs. Russell Coulter, Mrs. George Hart, and Mrs. Waylon Rayburn. Visitors were Mrs. Wells Purdon, Mrs. Frank Albert Stubbins, and Mrs. B. O. Langston. The guests were little Misses George Ann Upchurch, Ann Lowry, Jane Roberts, Jean Doran, Clara Doran, Mary Jo Skaggs, Bobby Jane Padgett, Wanda Lee Farmer, Sue Hughes, Alida Farmer, Joan Shroat, Laticia Outland, Sara Ruth Rhodes, Mary Travis, Wilard, Virginia Nell Wilford, and Ann Keyes.

Richmonds Honor Faculty

With Reception
An outstanding social function

of the fall season at Murray State College was the faculty reception given Thursday evening, November 4, at the beautiful home of President and Mrs. J. H. Richmond with new members of the faculty as the honor guests. The reception rooms of the home were attractive with a profusion of fall flowers, carrying out a yellow and white color scheme.

In the receiving line were President and Mrs. Richmond, Dr. and Mrs. J. W. Carr, W. M. Caudill, and the new faculty members including Miss Mary Cunningham, Miss Louise Davis, Mr. and Mrs. E. B. Howton, L. C. Fowler, Joseph Garton, Mrs. Annie H. Young, Miss Sara Henderson and James Moore.

After a short welcome address by Dr. Richmond, several entertaining stunts were presented, with Mrs. C. S. Lowry in charge. A clever tap dance number, done with the hands, was given by Mrs. M. G. Carman, Mrs. A. F. Yancey, Naomi Maple, G. B. Fennebaker, and Mrs. G. T. Hicks gave a reading "Melody" and Miss Carrie Allison and Mrs. Franklin P. Inglis impersonated Fred Astaire and Ginger Rogers in a tap number. C. R. McGovern entertained the guests with a piano solo, played with gloves on.

The high light of the evening program was the reminiscing through the old album by Miss Evelyn Linn and Mrs. G. C. Ashcraft. Pictures in the album came to life and showed many interesting scenes from the past. Mrs. W. M. Carr, Mrs. Leslie Putnam and Miss Ola Brock were the Dionne quintuplets and they presented a lovely picture, even to their baby dresses. The next picture showed the Duke and Duchess of Windsor, enacted by Mr. L. Putnam and Miss Naomi Maple. G. B. Fennebaker and Mrs. John Miller portrayed the picture of Dr. and Mrs. Richmond at their wedding, after which a faculty duet was given by C. S. Lowry and Mr. A. Carman. W. E. Blackburn enacted the role of Dr. J. W. Carr in his second year at school. The college quartet then presented a number and this included G. C. Ashcraft, Dr. G. T. Hicks, Clifton Thurman and W. J. Caplinger. Dressed by Mrs. Robbins and Miss Nelly May Wynman when they were girls were Mrs. C. R. McGovern and Mrs. Price Doyle. After which A. F. Yancey posed as Dr. Drennon when a young man.

After the program the guests were invited to the dining room where delightful refreshments were served, with Miss Evelyn Slater and girls from the home economics practice house in charge. The dining table was draped with lovely lace cloth and in the center were large yellow and white chrysanthemums. Approximately 125 guests were present.

Mrs. Abe Thompson Host

To Quilting Party
Mrs. Abe Thompson opened her home Wednesday, November 3, to a number of ladies of the Green Plains Church for Christmas for the benefit of quilting quilts for the orphan's home in Bowling Green, Ky. At the noon hour a pot luck dinner was served. Two quilts were quilted.

Those present were: Mrs. Myram White, Mrs. Mollie Thompson, Mrs. Willie Nix, Mrs. Wells Nix, Mrs. Azie Walker, Mrs. Mola Harmon, Mrs. Hilda Grey Adams, Mrs. Eva Curd, Mrs. Hugh White, Mrs. Hugh Shipley and daughter, Paisley. Young People's Auxiliary

Meets
The Young People's Auxiliary of the Memorial Baptist Church met in the study room of the church building Sunday evening at 6:20 and went through an interesting sword drill on Biblical passages conducted by Miss Ruby Carolyn Wilson, program chairman.

John Travis, president of the Auxiliary, in charge of the meeting and presided over the interpretative discussion. Twenty-four members and guests were present.

The organization divided itself into two equal groups, each of which will entertain the other on alternate Sunday evenings. The first group of the study, according to Travis, is to promote a feeling of church unity and of Biblical understanding contemporary with Memorial Baptist Faith.

Well folks, bad weather is just around the corner. And you all know what that means, Christmas of course! Santa Claus too! I hope every one is satisfied Christmas. The editor of The Ledger & Times deserves a nice present from Santa Claus. If anyone sees Santa Claus tell him to visit The Ledger & Times office.

Mr. and Mrs. Oren Simmons and daughter, Sue, spent Thursday night with Mr. and Mrs. Willie Simmons and "Aunt Linda" Simmons.

Miss Pernie Simmons was the week end guest of Miss Eva Mae Williams.

Little Norma Jean Williams is improving after spending a few days in bed with the ear ache. Mr. and Mrs. Warlick Hutson and son, Joe Max, were the Tuesday night guests of Mr. and Mrs. Okus Albritten and daughter, Dickie LaRue, of New Providence.

Mrs. Marrell Williams of Cedar Knobs spent Friday at Murray. How are you now, Sweet Pea? Are you still as pretty as ever? I will tell you a surprise for Santa. The night before Christmas get in a vase and hop upon the mantle and hang a stocking by the fire place. When Santa turns around to see if everything is all right, you slip some things out of his pack and give me part of them for telling you the trick. Be sure to get enough for both of us. I wonder if Santa reads The Ledger & Times? But surely he won't read this old dinky letter. I hope he doesn't.

A Mississippi river steamboat was stopping along the way, owing to a dense fog. An inquisitive passenger inquired of the captain the cause of the delay. "Can't see up the river" was the reply. "But I can see the stars overhead," the passenger replied sharply. "Yes," came the reply from the captain, "but unless the boilers bust, we ain't going that way!"

Well, everybody get ready for Christmas. I can already hear the frogs saying "Santa Claus! Santa Claus! Hurry Up! Hurry Up!"—Aunt Cindy.

Still Coughing?

No matter how many medicines you have tried for your cough, cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the use of the bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Education Week Essays

SCHOOLS THEN AND NOW

A great change has been made in the high school and grade school education in the last twenty to twenty-five years and a still greater change further back.

The first school was probably in old Grecian days when the scholars sat at the feet of their masters and discussed current topics. This was carried from country to country and used decade after decade until from it evolved the old Puritan "Dame school" where the children of the surrounding vicinity were instructed in their three R's by a "needy" woman or a widow who had had enough previous training to be qualified. This was for the New England settlements alone, however, for in the extensive plantations of the South a tutor was hired for every one or two families, and a charity school established for the poor white trash. Only the most brilliant and determined of the colonial boys ever got past grammar schools and the girls never. A very wealthy squire or merchant perhaps would send his boy to Latin School and later to The Temple in London for a legal training.

So the years passed and the schools improved slowly but surely until by 1900 almost every child had a chance to acquire some little education but many of them did not avail themselves of that privilege. From their eighth birthday the boys were expected to make a hoe-hand or a mule-hand and the girls began helping their mothers. Since the big load of farm labor comes in the spring and fall, the children were kept to school and cut tobacco and cut corn in the fall and drop or set tobacco and plant corn, and so were deprived of steady attendance, and a loss of interest prevailed.

The schools in the rural sections in 1900 were chiefly log-cabins with one room or one room and a side room for the primer and the whole school was expected to meet in the other. Books, were not available and many classes were taught to read and spell from catalogues and almanacs. In winter the fire-place scorched those seated near it and the rest of the children shivered. Cold draughts stole up trouser legs from the cracks in the floor and it was a very uncomfortable session. At recess the whole school, including the teacher, turned out into the yard to play "Wolf over the River" and "Stealing Sticks," or, perhaps if the teacher was a woman, she took the girls into the woods to build a playhouse.

Finally the smaller schools were consolidated or improved to such an extent that today America is noted for its splendid educational system. Teachers colleges and universities dot the country and small, clean, neat country schools are the pride of every community. A man is no longer educated if he has passed the 8th grade and now it is no uncommon thing to live next door to an L.L.D. or perhaps have a Ph.D. to spade your garden.

Children are more interested because of numerous amusing ways to learn to spell or read without knowing they are doing just that. Instead of a bare, packed play ground the small child of today has sand, swings, trapezes, and any other device possible to direct and improve his play. There is a room or two or three rooms for every grade, and every child has his chance. It is interesting to note the changes that have been made in the last century and half, and it would be just as interesting to take a peep into the future and see what improvements our children's children will have made in our present-day system.

WHY I LIKE TO GO TO SCHOOL

I like to go to school to work and play with my friends. Another reason I like to go to school is because we are planning several adventure trips, such as visiting the hosiery mill, saw mill, cotton gin, and the post office. I like this year, because we are doing very interesting work in art and we are learning how to spin and weave. At school we learn about new things and I always get fun out of learning new things. These reasons don't seem very good, but after all I guess every normal child likes to go to school so he will be well informed and intelligent when he grows up, and I am just a normal little girl.

Naomi Lee Whitnell, Fifth grade-Training School

APPLIED EDUCATION

I once overheard a remark from a friend which interested me and set me to thinking. The remark was "Education is and can be only what you make it." I believe that, because I know that you can learn and practice one thing daily at school and when school is out do exactly the opposite. If a teacher assigns you five problems and you get them done, I suppose that's all right. However, if you work more it will help you understand them more thoroughly.

If the teacher's assignment was "Work five problems on page 60," I expect the latter of two interpretations will be most commonly made. The interpretations are: "Work them and be perfectly sure you know how to do them fast and get gone to something else less boring."

If your teacher gives you a problem and said "Go buy yourself a picture show ticket," I hardly believe that you would do just that and then stop right there, and not investigate the matter any further.

One girl, very justly, may make

straight A's in English; then after school go out and say, "Mother, Johnny ain't agoin' to town, 'cause he don't want to." I don't believe that she is doing herself and others justice. Thus to learn something and to do that same something are two entirely different matters. "Learn-Do" is a motto that would be good for anyone to follow and practice.

Once a teacher said to me, "I'll be satisfied if I know that during each daily lesson you learn, understand, and practice at least one thing," and I believe she meant it, too.

Martha Belle Hood, Freshman-Training School

WHY PARENTS SHOULD VISIT THE SCHOOL

Parents should visit school (1) to see if you think your child is being well educated and properly trained. (2) To see how your child is doing in his school work. (3) To see if he or she is bringing home what he needs to be bringing. (4) To ask teacher if he or she is doing satisfactory work. (5) To see if the teacher is correcting his faults.

A committee of six to cooperate with a similar number from the Murray Woman's Club on a joint club building planned by the two organizations was named at the regular meeting of Murray Post No. 73 of The American Legion at the court house last Thursday evening. Those named were George Hart, chairman; R. H. Hood, H. T. Waldrop, I. H. Key, N. P. Hutson, and F. B. Crouch. Preliminary plans for the club house are expected to be announced and passed on by the Legion at its next regular meeting, Thursday night, December 2.

Application blanks were issued to the sons of Legionnaires, who are practicing each Thursday evening on their drum and bugle corps. A squadron of The Sons of the American Legion, which will be the parents body of the drum and bugle corps, is expected to be formed this week. Only sons, adopted and foster sons and grandsons of Legionnaires are eligible. Annual dues are \$1. Those who join at the first meeting will have their names on the permanent charters.

R. H. Hood, a past commander of Murray Post, explained the Sons of the Legion organization, and pointed the honor it was to a boy to belong to it.

George S. Hart, past commander, addressed the post on the membership campaign, which was started Thursday. More than 25 paid their 1938 dues at the meeting.

To the Voters of Calloway County:

It is indeed a pleasure for me to thank you for the support given me in the past election for membership to the Calloway County Board of Education.

I intend to give you faithful and honest service to the best of my ability.

I will devote my interests to the best for the schools of this county and our children.

Again I thank you for your support.

30 Carloads of Trigg County Cattle Leave for Chicago Mart

Twenty car loads of fat cattle, possibly the largest single shipment of cattle ever to be made at one time from Trigg county, started on their journey to the Chicago market Saturday of last week, according to Mack M. Hopson, of the firm of Alexander & Hopson, Montgomery, and Esquire Lee C. Hopson, Cerulean.

The Alexander and Hopson firm shipped 496 white face cattle, weighing in the neighborhood of 1,000 pounds each and Esquire Hopson will have three car loads. These cattle were purchased last year and have been grass and grain fed.

After shipping the 450 head Saturday, Messrs. Alexander and Hopson had left about 275 head of younger cattle which they will run through the winter and summer.

Coldwater Junior High School

By Frances Faqua

On this cool November morning, the students assembled in the old school room to start taking the second six weeks test.

The third grade students have been very busy in the past week, making some very interesting "Poem Booklets".

Miss Jones is reading the book of Heidi to her students and is planning to take all them to see the picture when it comes to a near by theatre.

Our coach, Mr. Hurt, has stated that we have a very good basketball team, which in his opinion is the best outdoor court in Calloway county. We have new goals, backboards and posts added to the smoothness of our ground. We now have our backboard fastened about three feet from the posts. Mr. Hurt is calling basketball practice Monday and from the material available he thinks the season will be most successful.

We treated exactly 500 on our Community Day and Fiddlers' Contest.

Little Charles Wayne Mercer was a visitor in Miss Jones' room last Friday.

Backusburg School News

We all enjoyed our Halloween program and party. Several of the parents attended and seemed to enjoy it as much as we did.

We are proud of our students who represented our school at the fair at Coldwater. They won five blue ribbons, the most of any school and we received \$2.00 as a prize.

Clara Nell Coleman won in the reading, Walter Grugett won in the jumping and ball throwing events. Hattie Mae Grugett and Verlene Wyatt won in the three-legged race.

We are sorry that Otis Jr. Fields has moved and cannot come to our school any more. He will go to Panther Creek school.

The health nurse came and examined us this week. We are very glad to have them come and help us to correct our defects.

We are learning a new word each week. The word is placed in the word chart and we find it in the dictionary, then we make a sentence using the word each day.

We are playing basketball now. Written by Hallene Wyatt, Clara Nell Coleman, and Bessie Simmons.

Faxon Facets

The two weeks of March-like winds could not dispel the autumn rain clouds, and so, a depressing, cold rain is falling.

Mrs. C. O. Brandon is recovering quite nicely and was able to be, with Mr. Brandon, a Sunday afternoon caller upon Mr. and Mrs. W. K. Holland.

Our brave patient, Omer Wells, has withstood the pains of the second operation at the Clinch Hospital, but he remains very ill. He has been dangerously low for three months and his health has been extended throughout his illness.

C. O. Brandon has been serving as a federal purveyor at Paducah. Mr. and Mrs. Clyde Phelps and Thomas are visiting this week-end the family of her brother, Lucius Walker in Granite City, Ill. Stanley and Miss Uenola Walker accompanied them to visit their uncle.

Mrs. Gracie Terry and Dean and Mrs. Boyne Walker and James Hugh accompanied Minister L. H. Pogue home from his two-weeks' meeting in Detroit on Election Day to visit relatives in this community. Mrs. Terry returned Saturday, but Mrs. Walker plans to remain some time yet.

C. C. Teurin is serving on the grand jury in the present session of circuit court.

Mr. and Mrs. Alonzo Tutt, Hilda Ruth, and Harding Wells are spending a week with various relatives in Illinois.

Sheriff-elect J. I. Fox is one of the brick masons who are going right up with the beautiful new school building at Faxon.

Fred Thompson is at home for a few days after, completing his course in the mechanics of motor and Diesel engines in a Nashville school.

Mrs. Walston has been a welcome visitor several days recently to the various rooms of Faxon High School. She used to teach, and I am guessing that she was a really good teacher. An old war horse never forgets the smell of powder and the call to charge.

I received a card last week that I shall always treasure, not alone because of its penmanship and wording and the encouraging commendation for a recent contribution to the honor roll question, but also because it was from my first teacher and first superintendent, the one responsible for my choice of life work. This scrap of a girl, barely 18, taught her first school at old Sunay Tree, 50 boys and girls, young men and young women among whom were: L. D. and F. A. Hale, T. C. Brown, and Peter Gents Penn, Owen, and Jesse Roberts, the older Wells, and the Holland boys, Verna Roberts, Odie Hale, and Annie.

Wendy Lucile not only did a good job of teaching that large group, but she walked three miles a day, and she found time to take a bath and inspire a pudgy little 4-year old girl with a life-long ambition to be a teacher like "Miss Lucile," an ideal that persisted through six years of semi-invalidism and over a great burden of adipose tissue, and through a poverty that permitted only a piece-meal education. I gladly pay tribute to a noble teacher, Miss Lucile.—Aif.

Farm Bureau Expresses Thanks!

The Board of Directors of the Farm Bureau takes this opportunity to express its many thanks to every person in the county who helped in any way, to make our recent fair the success it was.

Especially do we want to thank the agriculture teachers for their splendid work and cooperation in the livestock and agricultural division.

We hope to have a larger and better fair next year and we know where to get our help.

Signed, Robert Hendon

And to the ladies of the women's department, we are very grateful for their showing in that division.

To the county papers we could not ask for more publicity and better cooperation. Again we want to thank the business and professional people of the county for their financial aid that made the fair possible.

We hope to have a larger and better fair next year and we know where to get our help.

Signed, Robert Hendon

Mrs. Watson Sustains Injury in New Burnside

To this city came news, this week that Mrs. Barney Watson, who formerly was Miss Frances Taylor of Murray, was struck a week ago Thursday by a car and thrown to the pavement as she was walking across the street at Somerset, Ky. She is employed as instructor in the Burnside, Ky., city schools.

The car striking Mrs. Watson did

not stop. She sustained a painful flesh wound on the arm near the shoulder where the radiator cap struck her. According to the report from that area, Somerset has few enforced traffic regulations.

Mrs. Watson recuperated nicely, and has returned to her work, carrying her arm in a sling. When her school is out in May, she and her mother, Mrs. H. Boyce Taylor, will return here to make their home during the summer.

Scatter-Brains' News

Hello everyone! This is my first visit since we have had our new editor. Welcome, Mr. Neel! May you have a great success in your new field.

I suppose after such an absence I had better write again or else be thrown off the list of correspondents.

Mr. and Mrs. Bill Harmon, Mr. and Mrs. Dave Harmon and son, Mr. and Mrs. Tolbert Harmon, Mr. and Mrs. Logan Harmon, Miss Ruth, Roy Allen, and Sandy Harmon were Sunday guests after church of Mr. and Mrs. Hollis Adams.

Mr. and Mrs. Hugh Randal Miller and Mr. and Mrs. Kenneth Groer were week end visitors of Mr. N. G. Wall.

Mr. and Mrs. Carl Lamb visited Mr. and Mrs. Joe Bruce Wilson and son near Stone School Sunday.

Mr. and Mrs. Hollis Adams visited his parents, Mr. and Mrs. Walter Adams and family Friday night.

Sever from around about here were in Murray on business and shopping Saturday. Among them were: Mr. and Mrs. Leland Strader, Billie Joe and Orvis Wilson Strader, Mrs. Ralph Tidwell, Mr. and Mrs. Carl Lamb, Mr. and Mrs. Ben W. Cherry, Mr. and Mrs. Hol-

lis Adams, Houston Miller and others.

Mr. and Mrs. S. J. Ruskler of Murray visited Mr. and Mrs. A. E. Roane and children and Mrs. Katie Sisson Saturday at Hazel.

Mr. and Mrs. Rube Alton and family were in Hazel Saturday afternoon.

Mrs. H. O. St. John, who sprained her foot several weeks ago is still unable to walk without the use of crutches.

Miss Mary Frances White of Hazel, visited Mr. and Mrs. Lon White and family the past week end.

Mr. and Mrs. Ralph Tidwell who for the past several months have been making their home with Mr. Tidwell's parents, Mr. and Mrs. Joe Tidwell, near Steelyville School house, have moved to the Bob Alexander place near Green Plain Church.

Guess I had better run along as it is almost mail time. I will try to be back some time soon.

Hurrah for The Ledger & Times! It gave us election news almost in advance with complete precinct vote. Essie Blacklock and Mary Williams were elected by biggest majority. Yes, and Sarah Miller of Paducah was elected county clerk in McCracken county. It is useless for a "feller" to run against a woman or a world war veteran. If he does he gets his trotters knocked out'n him high as a kite.

I said, "Conrad, how many prisoners have you in the lockup?" He said, "Only a dozen." Which reminds me "What a pity."

I saw Carl Hendrick riding through Murray's main street in front of Ten Cent stores and the street crowded to utmost. He was riding a large, fat, snow-white horse. New Concord High School

Mrs. Grogan's primary room has a new soccer ball. The children are getting lots of enjoyment out of playing with it.

The second grade got their work books which they will start working on soon.

The FFA boys are very proud of the \$12 check they received today for their winnings in the County Fair.

We as a student body, are very sorry of the illness of Mrs. Herman Lassiter. We wish her a quick recovery and that Mildred can be back with us soon.

The school is sponsoring a program Friday night, November 12, pertaining to National Educational Week. The main feature of the program is the talk of W. M. Caudill, Murray State College.

There will also be a fact play given by the students from the first to the eighth grade.

Sports

Almo's two teams met here Friday night with Concord winning with the scores of: first team score was 24-17, the second team, 17-11. There was also a game played between Almo and Concord's independent teams, the boys from Concord won 24-12.

There is to be a game here Saturday night, November 13, with Lynn Grove. Everyone is invited. We hope to have a large crowd.

Faxon High School

By Mareva Thompson

The students are very busy this week preparing for the second six-weeks exams.

Our new school building is progressing nicely. We hope to be able to move in soon.

Our first basketball game of the season is at Beeleron Friday night, November 12.

First and Second Grades

Second grade reading honor roll is as follows: Jack Roberts, Glen

Roberts, Ronald Thompson, Ben Hopkins, Betty Roberts, Frank Brandon, and Mable Colson.

Parts have been assigned for the free play to be given by the first and second grades just before Thanksgiving. We will present "Mother Goose and Her Flock."

Third and Fourth Grades

Quite a few students have been absent because of illness. We hope they will soon be able to return to school.

Those doing exceptionally good work in the third grade are: Emma Dean Smith, Reba Dixon, Virginia Cook, Charlotte Holland, and Evelyn Wells.

Those doing good work in the fourth grade are: Wilma Hopkins, Jennie Bogus, and Thomas Phelps.

Fifth and Sixth Grades

By Lucille Wells

We are making some progress. We are studying very hard for the six-weeks tests. We are decorating our room for Thanksgiving.

Mrs. Elizabeth Walston visited our room last Friday. We were very glad she came.

Marie and Sue Ellis are leaving Saturday for Detroit. We are awfully sorry to have them go.

The elementary grades had a most enjoyable Halloween party last week. Spooks and goblins ran about the gym and the little folks played several lively games.

Mr. and Mrs. Hollis Byars, Mr. and Mrs. D. B. Byars and daughter, Inez, Billie Gene Paschall, Charles and Boyce Morris were dinner guests Sunday of Mr. and Mrs. Artie Byars.

Miss Dorothy Orr spent the week end with Miss Mary Katherine Morris.

Mr. and Mrs. Charles Wicker visited Mrs. Wicker's parents, Mr. and Mrs. Jack Key Saturday night.

Happy Jack, how are you getting along writing to the Ledger & Times? I sure do enjoy reading your news.

A dandy gravel road will soon be built by Ben Byars' home soon.

Mr. and Mrs. George Jenkins were dinner guests in the Rudolph Key home last Sunday.

I'll be seeing you again soon.—Humming Bird.

Two Look at Life

Armistice! How can it be? While guns send men into eternity? This day makes dull the sun's white beams:

We celebrate a ghost a thing of air, It is not fair! This brief illusion Is but a bright confusion, The diffusion

Of our senses with our dreams! Armistice! No sweeter word Can o'er the world in any land be heard.

This day swells free with lovely Heaven's view: We live in peace and joy, a world of charm,

There is no harm In our decision To ask for no revision—Just Elysian Fields for us to frolic through!

Crop to Figure in Special Session

An Associated Press dispatch from Washington said Tuesday that Kentucky's rich tobacco crop figures to figure largely in the special congressional session which convenes November 15.

Early returning Congressmen, the report indicated, already are differing over whether participation in the crop control program for tobacco growers should be voluntary or compulsory.

Opinion of House agricultural committee members appears to lean to enforced participation with a penalty tax on purchasers of excess production.

Both Alben W. Barkley and M. M. Logan, Kentucky Senators, will be on hand, the dispatch said, to protect their state's interests in the special session.

Meaning—the Most Modern Automobile in the World is the new 1938 Buick—with DYNAFLASH ENGINE and TORQUE-FREE SPRINGING

If YOU'VE put a sparkling 1938 Buick through its thrilling paces—

And tried to say in words what this staid car's got—

And found to your surprise you couldn't begin to do it justice—

Listen, don't think you're the only one!

"It's gotta lotta ummph!" say triers vainly trying to express all the marvelous things they've felt.

"Ummph!" meaning zip—flash—power. "Ummph!" meaning all you ever expected to find in a car—and a great deal else in addition!

Fact is—demonstration, not conversation, is the thing to describe this new Buick.

To say it's quick—nimble—agile is to do only fractional justice to its DYNAFLASH engine and what it does every time you touch off its thrifty power.

To call its TORQUE-FREE SPRINGING ride velvety is only to participate its ride. Use the words farless, level, floating, serene—and you come a little closer.

But still you neglect the directability this car gets from its new rear springing, the reduced risk of skidding, the simpler maintenance, and longer rear tire wear that go with it.

No, you can't cram a new Buick into words—only its action can tell its story.
