Following the program, a short business meeting was held. A committee composed of Mrs. Novella Hurl, Mrs. Robbie Lynn, and Mrs. Notie Miller was appointed to secure offerings of canned fruit for the offering at Louisville—Glendale Home—to be sent for a Thanksgiving offering. Plans were made for holding an all day meeting at the church to observe Foreign Mission Week of Prayer, known as the Lotie Moon Week of Prayer, which will be held December the third.

The old officers were all elected to serve for another year. The next meeting will be held at the home of Mrs. W. B. Milstead.

Knight News

Hello to everybody! This is Sunday and the wind is blowing hard. I hope it won't blow this way very long.

Mr. and Mrs. J. C. Thompson visited Mr. and Mrs. D. C. Laycox over the week-end. Mr. and Mrs. Alma Steele, Mr. and Mrs. Dallas Bacy and son were also present. We enjoyed a fine radio program Saturday night.

Corn gathering is the order of the day in this neighborhood. The crop is turning out fine.

Pop Eye is helping Floyd McCage gather corn this week. Three of us gathered a 4-barrel wagon bed full in 30 minutes. The corn was of the Paymaster variety. We measured one ear that was 11 inches in length and 9 inches in circumference. Hello, Eagle! What about that for corn!

Mr. Futrell is improving at this writing.

Now, now, Ky. Bell, I really think you were joking about trailing the cows through the pasture. When you, Pernie Mae and Pop Eye were coming through the pasture a few years ago you ran like a turkey. You were really scared.

As Thanksgiving and Christmas are close at hand I guess there are lots of turkeys and big fat pigs in the slaughter pen.

Tom Steele is going to kill a porker this week.

Hello Raindrop! You have me guessing, but I believe I know you.

Good luck to all the writers in the good old Ledger & Times.

Pine Bluff Briefs

Bow-wow-wow! That old familiar dog and opossum-dog is hard at work. We also see that V-T formation of wild geese as they fly over the week-end.

We know by these and other signs that winter is near. So, it will soon be time for a piece of fresh pork. (Hope I've got some good neighbors.)

Work is progressing on our new bridge which will span Byrd's Creek. We will sure be glad when it is completed.

Mr. and Mrs. Vernon Brigham spent last Sunday night with Mr. and Mrs. Hill Gatlin of Thorpe, Ky. Mr. and Mrs. James Barrett attended church at Thorpe Sunday night.

Esquire M. L. Barnes and daughter, Ruth, spent Monday night in Murray, Ky.

Mrs. Dewelane Milton and daughter spent Saturday evening with Mrs. M. Barnes.

Cartier and Rudolph Bailey of Louisville, Ky., made a hurried visit to the bedside of their father, Jim Bailey, who has been seriously ill the past week, but who is improving now.

Van and Edna Lyons spent Friday night with their grandparents, Mr. and Mrs. Coy Elkins of Pleasant Valley, Ky.

Newell Herndon of Thorpe was here buying stock one day this week.

Henry Hargis filled his regular appointment at Azotus Church Saturday night and Sunday. He and Dyrus Stubbfield spent the week-end with M. L. Barnes and family.

Maury Carr of Bumpus Mills has been here all the past week to do repair work on his place that he bought during the summer.

Miss Marguerite Champion was the guest of her cousin, Nanny Ruth Lyon, over the week-end.

Mrs. Leland Elkins and daughter, Lucile and Estelle Elkins of Calloway County, were the guests of Mr. and Mrs. Thomas Lyon of the Ft. Henry Route during the week-end.

Mr. and Mrs. Jim Greenup visited their son, Gordon Greenup, and family through the week-end.

Mr. and Mrs. Arzie Knight of Trigg County were guests of the latter's parents, Mr. and Mrs. David Boyle during the week-end.

Mrs. Frank Miller and two daughters, Daphne and Frances, spent the week-end with Mr. and Mrs. Charlie Reader of Blue Springs.

Corn harvesting is the main work here now with most farmers getting a rather good yield. However, some are complaining of a lot of damaged corn due to the heavy fall rains.

Some few farmers here have begun stripping tobacco, so it too will soon be ready for market. Guess I'd better make my exit.

Oak Grove News

I am back again. I suppose everybody is getting closer to the fire.

The death of "Aunt Regna" Hooper was a shock to everyone. Commodore Orr and daughter, Dorothy and Lucine, Mr. and Mrs. Everett Orr and Mary Evelyn attended funeral services for "Uncle Steve" Jones.

Mr. and Mrs. Everett Orr and family have made into their new home.

Almo Warriors

Will Play Aurora This Friday Night

The Blue and White Warriors of Almo High school open the home basketball season Friday night with two games with the A and B teams from Aurora High School.

The competition between these two schools has been keen for the past 2 or 3 years. Aurora took the game 3 years ago but Almo bounded back last year and won by a close score.

As this is Almo's first and only game at home for several weeks, officials there are expecting a large crowd to come out and see the boys open their season.

Stella Gossip

Last week's Ledger & Times was filled with useful information and reports concerning Red Cross by Mrs. Bea Melugin and the article came out in full in Paducah Sun-Democrat. Hurrah for Bea Melugin, Clara Barton and Havana.

Las Vegas, Nev., Evening Journal said "fishermen were having good luck with hook and line catching bass in the great Boulder Dam. The water is as clear as crystal and has a gravel bottom." "I wonder if Dumps Smith and John Cole will ever fish in Gilbertville Dam on the Tennessee River? Hardly!"

I was sorry of the untimely death of Roscoe Clopton. I bought a dictionary of him at Dale & Stubblefield Corner Drug Store on September 13, 1921. I attended the poultry clinic at Stella Calloway county Feed Mill sponsored by George Cathey, owner. A good crowd was there. Prof. L. W. Eames of Iowa diagnosed 5 chickens. I did exactly the trouble and then proved it by dissecting each bird publicly. He chloroformed each one and dissected them while alive, which caused women and men to wonder at Mr. Eames' skillfulness. Of the depth, width and height of achievements of this 20th century.

A large audience greeted John H. Brinn, young minister, at Union Grove Sunday. L. H. Pogue preached at Cottage Grove, Tenn.

Mr. and Mrs. "Tom" Morgan, Mr. and Mrs. Connie Mills, Mrs. Ida Cochran and Esther went to Mayfield Sunday night to hear the famous N. B. Hardeman preach. He is president of the Freed-Hardeman College, which is the property of Churches of Christ in Western Kentucky and Tennessee. Oscar Jones assisted by C. Morgan has repaired his house. He cut one room smack dab out. I said, "What was the big idea?" He said, "Had too much room." I owned a great big horse once. I said to Morg Marine, "how will you swap?" He said, "Too much horse for me." Now I have 9 handkerchiefs and 13 pair of socks. At the Women's Club, 80 per cent of the members said that bushy, hairy-headed husbands are more congenial than "bald-headed" jaspers. Now what must I do? Absolutely nothing—"Eagle".

Mr. and Mrs. L. D. Linville and family, Mr. and Mrs. George Linville, Mrs. Regenia Linville and Miss Mary McCuiston spent Monday at Mr. and Mrs. T. A. Linville's. The men gathered corn and the ladies quilled. Mrs. Mollie Hendrick and granddaughter, Ella Fay Hurt were afternoon callers. So long!—Pop-Deck-Pappy.

Puryear Route 3

Wonder how the people are liking this snow Tuesday morning? Humming Bird doesn't like it. Mrs. Ola Morris and daughter, Mary Katherine, were in Paris Monday of this week.

Mr. and Mrs. Talbert Story have the cutest little houses around Oak Grove, Tenn. Porter Thompson is looking for more snow. He has two large racks of wood prepared for the winter winds. Odie Morris is on the sick list this week. Odie Morris isn't, aoot. Polk Story is helping the best of. Talbert Story, gather corn this week. Humming Bird.

Carroll county 4-H club members won \$100 on their products at agricultural fairs. In Rockcastle and Madison counties, a crowd exceeding 4,000 persons attended farm fairs.

Coldwater Junior High School

By Ila Frances Stevens

Here we are back to school this morning, all gathered around the roaring fire discussing week-end events with the thoughts of Thanksgiving around the corner. The old Turkey Proudfoot had better gobble his last tune, for soon he will be roasting in the old oven for our Thanksgiving dinner.

We are very sorry Mr. Hurt isn't with us this morning. He is ill with the flu.

Miss Jones carried the pupils of her room to Mayfield recently to see the picture "Heidi." It was greatly enjoyed by all. The children were in great sympathy with the little girl, Heidi, who was played by Shirley Temple.

Mr. Hurt is sponsoring a community play, "Wild Ginger," which is to be given soon.

The freshmen have just finished making an interesting study of "Kidnapped."

Those who were fortunate enough to make the honor roll in the freshman class were: Sue Nell Adams, Clemmie Youngblood, and Ila Frances Stevens.

Sophomores making the honor roll were Gracy Nell Waldrop, Frances Fuqua, and Mae Nell Armstrong.

Woodlawn School News

At the end of four and one-half months of school we have taken an invoice to see how we stand. We have had three entertainments and with the three have cleared \$25. We made a trip to Columbus, Ky. which cost us \$15; bought a new basketball and equipment costing nearly \$7.00, have ordered 12 new play books for a play to be staged the 18th of December, entitled "The Thread of Destiny." It is a Civil War play, with lots of dark, drill humor—and we have had lots of good times and hard lessons and everything that goes to make up an ordinary school year. Although the time has seemed short in the past we hope that things will so adjust themselves that time will soon come when we will hear "Jingle Bells" and see people getting cedar trees to celebrate the very noted and should be very solemn Holiday—Christmas.

We are having a school program Friday afternoon, composed of readings, dialogues and a 1-act play, composed by teacher, entitled "An Unexpected Outcome." Be sure you tell everybody and each one bring someone to our play Saturday night, December 18, at 7:30. A 3-act farce-comedy, Time, 2 1/2 hours, with 25 characters.

Well, we say, so long, until next time. J. W. Scott, reporter for fourth grade, Edwin Stalls, sixth and Argenteen Stalls, reporter and organizer for eighth grade.

Let Us Be Thankful

Each year as Thanksgiving comes around we are apt to repeat and tell our children the same old story of Thanksgiving. Thanksgiving, Thursday, November 23, 1937, takes on a new meaning to Americans. Our forefathers came to this country and landed on Plymouth Rock in 1620 to seek freedom, in religion and political thought. They set aside Thanksgiving as a day to remember the Lord for the good things He had enabled them to accomplish. In many minds today it has become a day of joyous living and feasting.

We forget that it is commemoration of religious and political freedom. Every man has a right to worship as he pleases in this country. Every race to his own creed. We have enjoyed Democratic Government so long we are apt to forget the lack of individual freedom that existed in Spain, in Russia, in Germany, and in Japan. Yes, we should be thankful that we are not held down by political, military, religious or economic dictators as our brethren across the sea. Let us be truly thankful and keep America for those who believe in political, religious, military and economic freedom. We all must do our part. We hope by Thanksgiving day, 1938, that others who are now embroiled in warfare will lay down the sword and follow the plowshare, and that they too, can enjoy a real day of Thanksgiving.

Visions Come True

The greatest humanitarian leader of a people of all time has again spoken this time in his message to the special session of Congress. His points have been well received by many, and naturally criticized by some, as all leaders are. Critics may call him visionary but he has proposed planned work which has alleviated suffering, he has led the fight to put our financial institutions on a sound basis in all he has striven to do the greatest number of people. His efforts will be long remembered.

He still is the leader of the people. He is conscientious in every endeavor to do what he thinks is right. Whether you as an individual believe in him or not, he is YOUR PRESIDENT. You elected him to govern and his record during the past four years and better in office has proved that it is worthwhile to give him

form minimum hour or wage standards, that is the ultimate goal.

The experience of states and municipalities definitely proves that reorganization of government, along the lines of modern business administrative practice can increase efficiency, minimize error, duplication and waste, and raise the morale of the public service.

To avoid waste and to give the nation its money's worth from the national funds we expend, we must, like any business corporation, have a definite building and operating plan worked out ahead of time. A planned order in which to make expenditures, a planned timing for expenditures so that we may keep our working force employed, and a planned use of the projects after completion.

Planned Savings

There will be approximately \$20,000 distributed in Christmas savings checks during the next two weeks to over 6,000 individuals in the United States by 400 banking institutions. The average savings check for each member is \$48.55.

Of the total amount that will be paid out approximately \$3,100,000 will go into permanent savings for less money than 10 years ago. Building is continuing to go forward. If you have not already planned that new home of your own or modernized an old one, let's do so now. Statistics show that a better house can be built now for less money than 10 years ago.

Next Thursday is Thanksgiving, the day of days for Americans, eloquent with the spirit of that November day when a new nation realized its birth in thankful prayer.

America has gone far since that first Thanksgiving Day, — has grown from a child into a giant whose moving finger in a sense directs the destiny of the World. America to the World has become

And speaking of improvements, the Stokes-Smith Motor Company (formerly Beale Motor Co.) is remodeling their quarters on East Main Street. The office is being moved to the Southwest corner of the sales room, and the stock room and work shop are being rearranged to give more convenient facilities to their customers. A larger display and sales room will be available in the front of the building. It will be redecorated inside and out.

Kirksey High News

To Kirksey High School the beauty contest held at Murray last Saturday night meant that Kirksey's representative, Miss Thelma Dale Marine, was third prettiest girl in all the high schools of the County. We were very proud of the record she made for our school, as well as the personal honor for herself. Of course, we students at Kirksey think she deserved even more, but our only word of warning now is, "don't get the big head."

The walls of our auditorium occasionally echo with the "rah, rahs" of the newly elected cheer leaders, as they warm up. These noisy individuals are as follows: Sue Marine, Imogene Dulany, and Robert Carlton.

G. W. Edmunds has been appointed as our official secretary. County Agent J. T. Cochran came down Thursday and assisted in organizing a new 4-H Club. The new officers are: president, Rutherford Morgan; vice-president, Sue Marine; secretary, Imogene Dulany; treasurer, Imogene Dulany; reporter, Imogene Dulany; program committee, Laura Lynn Radford and Rob Gingles.

The Kirksey Eagles suffered defeat Friday night when Farmington won a 1-point victory in a very good game of basketball. We hope to defeat Brewster next Wednesday night when we go down there.

The Home Economics Club met Tuesday, November 16, in the home economics room with 16 members present. An initiation party was planned and the following committees were assigned: refreshment committee, Wilma Pace, Thelma Dale Marine, and Imogene Dulany; entertainment committee, Sue Marine, Mary Elizabeth Johnson and Mary Belle Pace; time and place committee, Mary Sanders, Frances Coleman, and Beatrice Sue Newsworthy; constitution committee, Mary Elizabeth Johnson, Sue Marine, and Gladys Hawks.

JUST JOTS

By John

Its good news for all of Western Kentucky that the Illinois Central Railroad will reemploy the 800 men December 13 they laid off November 13. When railroad men are working it is a sign of good business, and their wages, when spent for things their families need will in turn be spent many times. The shops are located at Paducah.

Let's not forget the Red Cross Roll Call. Although our quota is only 350 memberships, we must have 600 to be able to maintain a paid secretary. Any organization gets it right, the full time, and a paid secretary is necessary for Red Cross work. If you haven't already subscribed, don't forget to do so. If the solicitor has missed you, look one up.

Building is continuing to go forward. If you have not already planned that new home of your own or modernized an old one, let's do so now. Statistics show that a better house can be built now for less money than 10 years ago.

The price of bread has increased in Uruguay due to a shortage of wheat. The wheat price there. They will have to buy wheat, so let us hope they will seek it in the U. S. If we could find world markets for our surplus, we would not have to restrict production at a tremendous cost to our national government.

And speaking of foreign markets, paint exports including ready mixed paint, varnishes and lacquers have increased 20 per cent during the first nine months of this year. They have been shipped to nearly every country in the Globe.

Italy is forcing millers by official decree to mix 10 per cent corn meal with all wheat flour in order to create a surplus of wheat, to take care of lean years in production there. No country in this day and age is self-sufficient. Peace and trade agreement should be made among foreign nations to stimulate world trade, and use the surplus of the various nations.

Signs still point to a greater prosperity despite the conditions as reflected by Wall Street. What they do there should not affect the business of America in general. It is in sense a gambling proposition, and the fluctuations in prices should be controlled by the old laws of supply and demand, instead of financial groups who are trying to clean up by manipulation of stocks. The district office of the United States department of commerce reports that there has been a gain of 81 per cent in U. S. Auto Sales abroad. 10 per cent more sales have been better so far this year.

It is a worthwhile duty for all those who are now unemployed to be sure and register through their postman or at the post office. Thanks are due to the Postman given by each individual of his card will give the government a good view of the unemployment problem as it exists today and the basis for a comprehensive study and approach to the question.

Murray Square

By JULIAN III

You know the people of Murray are a versatile bunch. They wear a frown for every season and a smile for everybody else. You can't keep a good man down, the old saying goes, but you seldom find a good man down to begin with, which all brings us around to the point that, in writing this column you can't lose, because you haven't got anything to begin on.

I've yet to see the toll bridge operator who didn't have a beautiful smile breaking over his face as he lifted his lips and at the point that, in writing this column you can't lose, because you haven't got anything to begin on.

Bob Miller from Hazel said he dreamed he was awake and woke up to find out he was asleep. Never mind. Bob, you'll wake up sometime. . . . Horton gets the "old defense mechanism" to work at a moment's notice. Bill Rainer never gets the notice. . . . No, Jerome, you don't have to be crazy to write a column, but it helps!

Irrelevancies: Overheard in the courtroom—Lawyer: "What's the matter, witness? You've lost your wif." Witness: "Just practicing the maxim. When in Rome, do as Romans do." . . . a synonym for growth—for the most nearly perfect government.

Today we enjoy prosperity born from the epic turmoil of a nation's climb—the blood and the struggle and the hell of a nation wrestled from wilderness by splendid men and women whose souls were unconquerable!

On this Thanksgiving anniversary, let us be worthy of the memory and thankful for the duty of those who made us great!

Clinic Hospital Notes

Patients admitted to the Key-Houston Clinic Hospital this week are as follows:

Bedford Macklin, Franklin county, has terraced a 67-acre field on his farm as a demonstration.

Among the election returns of Tuesday were those from Reading, Pa., where the citizens by a decisive vote rejected the proposal that the city bond itself for \$4,750,000 to build a municipal electric plant and distribution system to compete with the Metropolitan Edison Company, a unit of the Associated Gas & Electric System for all electric business within the city limits. With all of the precincts reported the vote was 17,315 against the bond issue and 9,894 for the bond issue.

The proposal was the principal issue of the Socialist party of Reading and was endorsed by all Socialist candidates for office. Associations of taxpayers and other citizens groups as well as many individuals opposed the issue on the grounds that it would plunge the city into debt up to the limit, would jeopardize the city's credit and would be a needless waste of the people's money for an entirely inadequate plant.

Other communities in areas served by units of the Associated Gas & Electric System, defeated similar proposals. Beattyville, Kentucky, by a vote of 170 to 44, refused to go into debt for the doubtful benefits of municipal ownership, and early returns from Irvine, Ky., indicated their rejection of the proposal by at least two to one vote.

All Of The Graphic Media Richly Represented In Exhibit At Training School
Not only the more familiar medium of etching, but also aquatint, dry points, combinations of etching and engraving, woodcuts and wood-engravings, lithographs and stencils are well represented in the works to be on exhibition at the Training School of Murray State College in room 209 all of next week.

The art exhibition will be on display for convenience of all persons who cannot see it during the regular week on Sunday afternoon, November 22, during the hours of 3 until 5.

For those whose primary interest is in pictures to decorate the home, but who would like to know something about the various mediums and how to differentiate among them the current exhibition of the America Artists Group is richly rewarding.

The oldest of the mediums is represented in woodcuts and wood-engravings by such modern masters of the technique of wood-block cutting as J. J. Lankes, Rudolf Huzicka, Asa Cheffetz, and Paul Landacre. Color etching is represented in works by Allen Lewis and Emil Ganso.

Lithography, the youngest of the graphic mediums, invented recently as the early nineteenth century is admirably retailed in

all its tonal richness in outstanding pictures by George Biddle, Jean Charlot Howard Cook, Adolf Dehn, Mabel Dwight, Wanda Gag, William Gropper, Rockwell Kent, Waldo Peirce and Raphael Soyer.

There are etchings by Paul Cadmus, John Marin, Kenneth Hayes Miller, Grant Reynard, R. W. Woelcke and others. In his magnificent "New York Skyline" Reginald Marsh employs a combination of pure etching and engraving.

The stencil is popularly regarded as the newest of the graphic mediums. This is because artists have made serious use of it as a means of expression only since the beginning of the twentieth century. Actually, however, the technique of stencils in age between wood-engraving and etching, having first been used in Europe in the fifteenth century for the illumination of bibles and the making of playing cards, and by the Japanese for decorative designs.

Among the stencils on exhibition at the Training School are works by Herman Maril, Henry Billings, Andree-Ruellan and Ilonka Karasz. This exhibit is sponsored by the AAUW. There is no admission fee.

Westminster Fellowship Discusses Peace
In a discussion led by Presbyterian Minister Bruce B. Maguire, the Westminster Fellowship favored the promotion of peace above all things in a meeting at the Maguire home on Armistice night. About 20 members were present.

It was Maguire's contention, based on correlative factual statements which he presented, that the present international crises in governments is parallel with conditions as they existed before the Great War.

The group will hear Dr. Herbert Drennon, head of the Murray College Department of English and Foreign Languages discuss "Tobacco Road" in relation to the Sharecropping situation at the Maguire home tonight at 7 o'clock.

Quest for Romance Is Theme of Marlene Dietrich's "Angel"

When a husband is too occupied with outside interests to give any time to his home, has his wife the right to look elsewhere for romance?

That is the problem treated by the new Marlene Dietrich picture, "Angel," which opens Sunday at the Capitol Theatre. "Angel" was directed by Ernst Lubitsch and features Herbert Marshall and Melvyn Douglas in top male roles.

Marlene Dietrich plays the wife of Herbert Marshall, who is a diplomat too busy with state affairs to have time for romance. She goes off on a secret trip to Paris where she meets Melvyn Douglas, who is returning to England after a long sojourn in India. Immediately they fall in love, and spend the one evening she has free together. She refuses to tell her name, saying that although she regrets it, the evening must be looked upon as an incident which cannot be repeated.

Douglas names her "Angel." In spite of the appeal of Douglas, she goes back home and takes up her life with Marshall, who does not realize how unhappy she is, and who knows nothing about the Paris trip. She cannot forget the Paris incident, and has difficulty in adjusting herself once more to the annals of her home life.

When Douglas returns to England he meets Marshall. He and Marshall become friends, and he is invited to Marshall's home. There he and Miss Dietrich meet, but no hint of their former acquaintance is given. Douglas is unable to make "Angel" listen to his plea to leave her husband, and in the end, worn out by the strain of the situation and the tension between the two men who have meant so much to her, she runs away to Paris.

For the first time her husband realizes that something is wrong with his marriage, and he and Douglas both follow her, finding her down in the salon where she first met Douglas. Her decision, made after painful deliberation, concludes the picture.

In addition to the three principals the cast includes Edward Everett Horton, Ernest Cossart, Laura Hope Crews, Herbert Mundin and Ivan Lebedeff.

Watch Your Soil

If all farmers in Kentucky could be persuaded to watch carefully this winter the land on their own farms and that of as many others as the opportunity may afford, they would be in an attitude of mind next spring to start the most effective program of soil improvement and conservation the State has ever known.

Some things that should be observed are: First of all, the difference in the amount, speed and color of water running off from land well covered with grass and land of similar slope that had corn, tobacco and other tilled crops on it although some of it

New Bulletin Has Review of Legume Tests and Results

Results of extensive tests with legumes in cropping systems are set forth in a new bulletin, by Prof. George Roberts, head of the agronomy department of the Kentucky Agricultural Experiment Station. It generally knows that legumes perform an important function in their maintenance of fertility he points out, but how to apply to best advantage what is known about them is not generally understood and practiced.

The bulletin reviews results of previous experiments and those now under way at the experiment station, and discusses legumes in continuous rotation, legumes in pastures, the utilization and conservation of nitrogen, and the growing of alfalfa, clover and other hay and silage crops. The number of the bulletin is 374 and its title, "Legumes in Cropping Systems."

A supply of this bulletin is on the bulletin rack in the office of the county agent.

Life's Highway

While walking along life's highway
Will we be patient and kind
Will we be true to each other
Until a happy home we find
As along life's highway we travel
With a heart that is sincere,
Will we reach the goal of perfection
Where angels are lingering near?
Will the angels bid us welcome
As we cross the dark cold stream?
Loved ones are waiting for us
To awake from a death-like dream.

As we travel along life's highway
Will we be a friend to all
Lifting the poor and helpless
Until we hear our final call?
As we go along life's highway
Are we walking all alone
Or does Jesus safely guide us
Across the mystic foam?
Do we go about in gladness
Cheering the lonely and sad
Helping the dear little orphans
Trying to make them glad?
Can we walk along in radiance
Shining as the stars shine at night
Helping the lost find Jesus
Leading them from darkness to light?

As along life's highway we travel
Far over the dark rolling tide
Will we reach our heavenly home
Where the gates swing open wide?
While walking on life's highway
We must be happy, kind, and gay
Wearing a smile for Jesus
All along life's rugged way.
As over life's highway we travel
That leads through a world of sin
If we're doing our best for Jesus
A mansion we surely will win.
We are walking on life's highway
That leads to a home more fair
Than day.

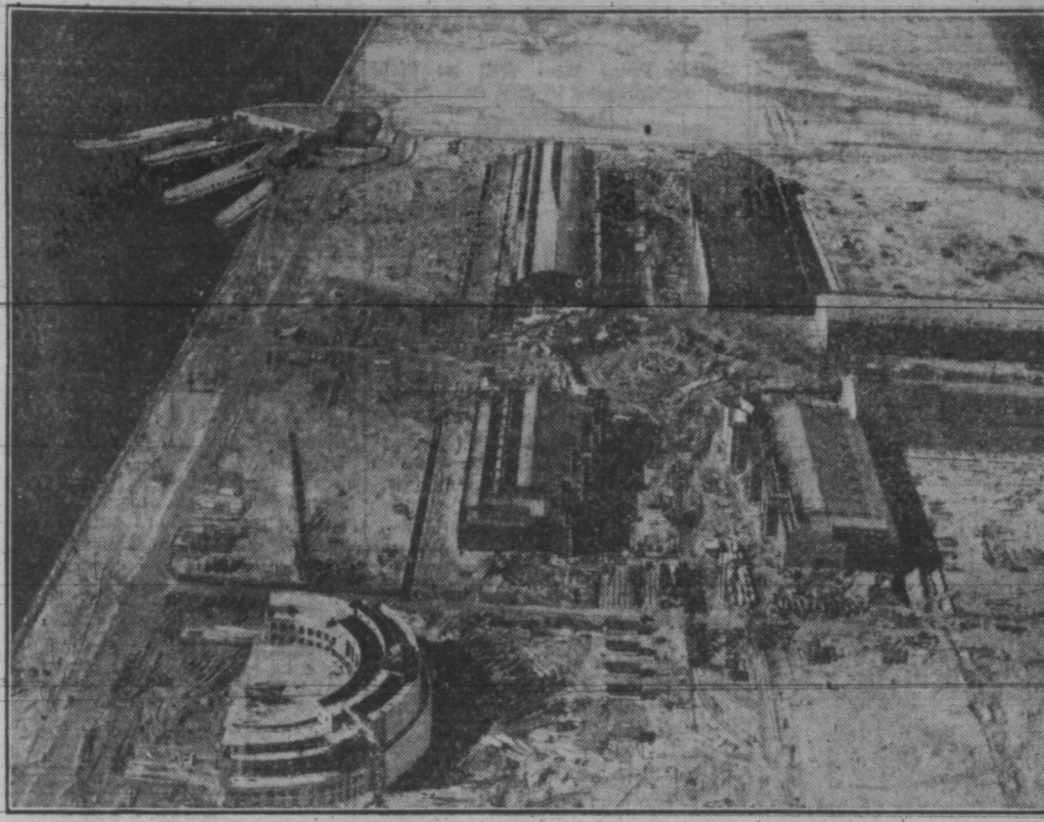

So we must gladly work for Jesus
And not forget to pray.
While walking along life's highway
Facing the storms of life,
May we always be leading
Souls from sin and strife,
Tell them of the love of Jesus
And help them all we can.
Deal with them so patiently
That they will understand.
There are many now in sadness
Many in sin and woe,
And if we don't help them to Jesus
We ourselves are sinners you know.
Walking in the dark and cold
Down a crooked lane
And if we want to be real Christians
We had better seek Jesus again.
Just being a so-called Christian
Would be a stumbling block
So to have a firm foundation
We must build on the Solid Rock.

IN MEMORIAM

In memory of Margaret Ann Cochran.
Nine years ago, the fourteenth day,
Our darling baby passed away.
We had a little new one once,
We loved her, oh, perhaps too well.
For soon she slept and died.
All is dark within our dwelling,
Lonely are our hearts today,
For the one we loved so dearly
Has forever passed away once.

Tobacco Market
Nears Opening
(Continued from Page One)

headquarters here refused to divulge information concerning the status of government advances this year. A statement released today by L. L. Veal, general manager of the Association, was to the effect that he had obtained the Schedule of Advances for the 1937 crop, which, he said, was practically the same as advances on last year's crop. Last year's average advance was in excess of \$6.00 per hundred.

Veal, who visited in Washington, D. C., last week in the interest of the sales advance, interviewed tobacco men in Hopkinsville Tuesday. Here today, he was optimistic concerning Association prices, declaring that "we cannot see any reason why the market should be lower this year than it was last year."

*According to the filed report of the secretary of the Growers Association, 31 per cent of tobacco growers in 1931 received an advance of \$1.39 per hundred; in 1932, 33 per cent used Association facilities and received an advance of \$2.61. The year 1933 found 25 percent of growers in the Association receiving advance sales prices of \$5.04 per hundred; 1934, saw 49 per cent of the growers receiving \$6.26 advance price per hundred. In 1935, the percentage of growers had swelled to 33 and the advance money had dropped to \$6.39. Last year, 44 per cent of all growers received \$6.01 per hundred.

At a meeting in early autumn, the board of directors of the Association predicted from a 5 to 10 per cent increase in sales ad-

vance on the 1937 crop over the 1936 crop.
—Other than to say that the advance was about the same as last year, Veal did not indicate whether the predictions were realized or not. The Association does not handle air-cured tobacco. The Association is ready to receive tobacco the day the Tobacco Board of Trade sets as the opening for sales, Veal said.

Tobacco boards in Murray, Mayfield, and Paducah compose the Tobacco Board of Trade, an organized traders unit which determines salient matters in weed administration locally.

According to an announcement released recently by the local board, Noel Melugin, prominent Calloway county youngster, will be auctioneer for the 1937 crop sales. The first basket of tobacco to be offered for sale last year on January 6 was that of Lassiter Hill, Grade B4G 44. The basket was bid off at \$5.25 by the American Tobacco Company, but Hill rejected the bid since the Association advance was \$6.01. Two hundred thousand pounds of tobacco were on hand on the three Murray floors opening day. Prices increased steadily as the season neared its close.

The general average of the auction floor last year was \$3.43, but on all sales, country and auction combined, the average was \$12.00, it was reported by the board of trade. The average for auction sales on Murray floors was higher than on either the Paducah, Mayfield, or Paris markets. The Paducah average was \$7.63; Mayfield's was \$8.01; and Paris had an average of \$8.09. The average price in Murray for the 1935 crop was \$6.39.

Last year, three dealers in Murray handled more than 1,000,000

pounds each. Outland Brothers Corporation was the sales medium for 3,579,103 pounds; E. M. Farmer and Company took care of 2,723,480; and Kennedy and Swann were sales trustees of 1,634,890 pounds. Mayfield last year handled 97,983,573 pounds; Murray, 9,805,777 pounds; Paducah, 2,251,928 pounds; and Paris, 1,639,518 pounds.

On Monday and Tuesday of this week, County Agent Cochran and U. S. Tobacco Grader Hill, from Washington, gave demonstrations on how to sort tobacco to meet the grades for air-cured dark tobacco. Monday's demonstration took place on the farm of Will Clark, six miles north of Penny Tuesday's demonstration was at a local warehouse.

A County Agent's report said today that farmers were stripping and bulking tobacco all over the county at every seasonable opportunity.

Five Murray College students were selected for the varsity debating team following tryouts held here Tuesday evening, November 9.

Those selected by Coach L. J. Horton were: James Overby, junior, Almo, Ky.; Robert Miller, sophomore, Hazlet, Tenn.; Mr. Brinn, junior, Paducah; Wilson Gantt, freshman, Faxon; Paul Lemons, freshman, Murray.

Each candidate gave a 7-minute speech on the subject: "Resolved that war is the mid-wife of progress." This subject will be used in the first debate here this season—an international engagement with the Anglo-Scottish team on December 6. David Sealand Jones of the University of Wales, representative of the National Union of Students of England; and Harold H. Munro, University of Glasgow, representative of the Scottish National Union of Students, will represent the foreign team in the debate here.

This debate will be Murray's seventh international forensic encounter. "We have only two members left from last year's varsity team, Overby and Miller," Mr. Horton stated. "This is the finest we have ever had. After hearing the tryouts, however, I think we have prospects for a pretty fair team."

SKIMMED MILK AND
CALF MEAL PROVIDE
THRIFTY CALF FEED

The natural food for baby calves is whole milk as it comes from its mother. Today, several factors make the "natural way" the "impractical way." Newer and sounder methods of feeding calves are being offered.

Today, milk has attained a commercial value that makes it almost prohibitive as a calf feed. At present day milk prices one gallon of whole milk testing six percent contains about one-half pound butterfat, and has a market value of around 20 cents. When you stop to consider how many gallons of milk each calf requires for fulfilling bulk needs, the impracticability of such a feeding program is immediately apparent.

Scours Are Likely
But there are other reasons why whole milk is not the best feed for baby calves. Because butterfat does have such a high commercial value, dairymen are, and have been, breeding cows that will produce milk with a higher fat content. Research shows that high test milk is really a dangerous feed for young calves since the high percentage of fat makes it difficult for the calf to digest. Consequently, scours develop, leaving the calf sick and weak. Scours may be outgrown but their results show up later in disease and lower production.

The calf raising problem becomes even more serious when one realizes that removing the cream from the milk doesn't do much good. Skimmed milk falls far short of being the ideal calf feed. In feeding skim milk, one of the causes of scours is avoided, but skim milk alone does not provide the essentials calves need, and must have, if they are to grow and develop into money-making cows. When cream is removed, Vitamin A, the growth and health vitamin is taken away. Without plenty of Vitamin A in the diet, calves slow down in growth, becoming weak, scrubby animals that lower the herd average when they finally mature and become milking cows.

Butterfat Substitute Made
A great deal of research has been conducted at the Purina Experimental Farm to find an answer to these troublesome questions. Since feeding high test milk is both dangerous and expensive, and since skimmed milk does not provide sufficient Vitamin A to properly develop a calf, some digestible and inexpensive liquid fat was developed that has to be added to skimmed milk to do an acceptable job. Through years of research and experimentation with numerous calves, scientists at the Purina Experimental Farm have answered the calf-feeding problem satisfactorily in the form of a new calf chow meal to add to milk.

This newly developed calf meal contains pure tallow, and is actually made so high in Vitamin A that there is more Vitamin A in the skimmed milk and meal mixture than is in the whole milk. Calves fed on this new calf chow meal have more vigor, vitality, and are more resistant to disease.

WISCONSIN WILL INVADE MURRAY

Superior Teachers to Play 'Breds Wednesday Afternoon, November 24

In an attempt to repeat Grant's successful invasion of the South, a squad of Yankees from Superior, Wis., will endeavor to subdue Murray's rebel Thoroughbreds in the first gridiron battle between the two schools. "Firing" will commence at 2 p. m. Wednesday, November 24, the day before Thanksgiving.

The date for the Murray-Superior game was previously scheduled for the 26th but was moved to the 24th for the convenience of the players, students, and fans.

The Warriors from Superior annexed their third consecutive victory title two weeks ago by defeating River Falls 12-0. This victory was the 12th straight conference win, their last defeat being in 1934.

According to the Lexington rating, the two teams appear to be evenly matched, thus assuring spectators an enjoyable afternoon. This game marks the close of the season for the Thoroughbreds, who will open their '38 season against the same team, in Wisconsin.

CARD OF THANKS—We wish to express our sincere thanks and appreciation to all those who so solicitously and understandingly aided us during the misfortune in our family which came with the death of our husband and father. Sincerely, Mrs. L. L. Barnett and Family.

War Horses Are Off to Races at Western for Kentucky's Grid Classic There on Saturday

MURRAY COACHES GROOM RACERS FOR CHAMPIONSHIP TILT

Thoroughbreds Lead Intercollegiate Athletic Association in Conference Race

GAME WILL BEGIN AT 2 IN AFTERNOON

The War Admirals of Murray State, folding down the stretch for their second Southern Intercollegiate Athletic Association championship in four years, will leave Friday for Bowling Green where on the Hilltop football field Saturday afternoon they will meet Western Illinois 25-0.

Last week the Thoroughbreds mauled Morehead, previously undefeated and untied, 32-7, and eliminated Kentucky from the first ball game. It was Murray's first encounter with a state team during the year.

Western last week rolled over Murray in 1934 by a score of 20-6, losing the next two games in stride in yearly order—21-7 and 14-0.

This season, both teams appear to be well-matched. Both are big, powerful, aggressive, and have engaged in a successful campaign so far.

The Thoroughbreds have specialized in fast brilliant football featuring speed and reception and a "flashing lateral and forward passing game." Western, on the other hand, has developed a powerful offense and a stubborn defense.

The Western Kentuckians' goal line has been crossed but twice, but Murray fans remember that Morehead brought a similar record to Murray with them last Friday.

Coach, Roy Stewart, famed as the SIAA's greatest coaches in the West, said a little in regard to the game: "I am not ready to concede the game to Western. The Hilltoppers may have a more powerful line than ours, especially defensively, but our backfield is stronger."

The Murray head coach has two sets of backs, each of which is about as effective as the other, and lines that have opposed them this year can tell you how effective that is.

Speaking of his reserve material, Stewart said that none of Murray's squad of 31 feels that he is a substitute. All have played, some more than others of course, but most of them have seen action in every game.

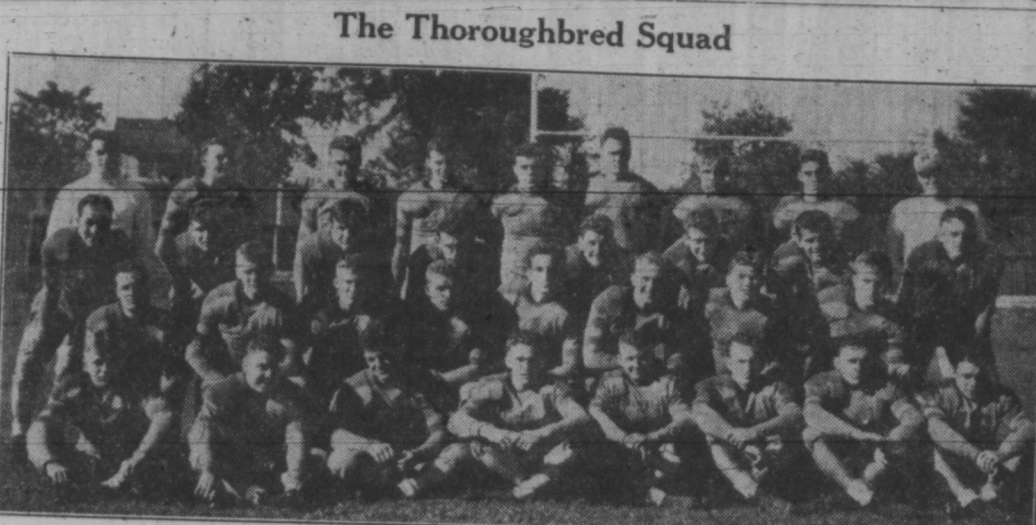

"On the basis of past games," Stewart said, "the Hilltoppers will outkick us. But our boys are not afraid of them. It will be a much better game than the last two we've played—especially to the spectator—for both teams are using more open attacks, and will be taking plenty of chances."

Line Coach Jim Moore thinks that Murray will be at the peak of the season's form for Saturday's game. "We're in the best shape that we've been in all season," he said. "This should prove to be a 'natural' for us if there ever was one."

Murray's line and backfield alike have turned in brilliant performances. Jasper, Murray's leading ground-gainer, has averaged 6.7 yards per try in the 97 times he has carried the ball. Yarbrough is second with 5.4. Other boys who have creditable averages are Bill Thompson, 5.1; Bill McRaven, 5.3; and Jug Mitchell, 5.

The line has stopped every runner cold since the Hardin-Simmons game. The Thoroughbreds' forward wall stopped Reynolds, Morehead's "bull of the buckhorn," and Joel Hill, Mississippi's ace runner, in their tracks. Such run-downs are the specialty of the Union and Wyant, Anderson, and Lowman, of Morehead, ended up with an average of less than 2 yards per try.

Western's backfield is reported weakened by the absence of Williams and Magda, both of whom are suffering injuries. Special buses will carry Murray fans and the college band. Band Director William Fox has planned a novel combination that will introduce both the "Swing and Sing" ideas.

Sycamore Center News

We are enjoying the beautiful sunshine. Most all the farmers in this community are through gathering corn.

We were sorry to learn of the death of so many of our friends this week. Thacker Paschall, who had cancer for the past five months, was buried at Paschall Cemetery with the Rev. B. B. Boaz in charge. Mr. John Key conducted the song service. Mr. Paschall was a member of the North Fork Baptist Church. The community was shocked at the death of Mrs. Henry Hooper. She was a member of the Oak Grove Baptist Church. She will be greatly missed by her many friends.

We were sorry to hear of the death of Mrs. Mason Paschall of near Puryear.

Mr. and Mrs. C. A. Paschall visited Sunday with Mr. and Mrs. Carl Poyner of Jones Mill. J. C. Grooms has purchased a motor truck.

Mrs. J. C. Grooms is suffering with an injured limb received when she struck a plank. Several stitches were required to close the wound.

Travis Kennedy purchased the Carl Poyner place. Mr. Travis has been covering the stock market. Old Maid, have you and your mother purchased a quilt box after you pieced so many quilts?

Calloway Road Mechanic Shoots Man in Princeton

Finus Rhodes, Calloway county, 47-year old highway department garage operator, shot and seriously wounded Sydney Boltz, 36, near Princeton Friday. Hospital authorities held little hope for Boltz's recovery. Neither Boltz nor Rhodes had ever seen each other before the shooting, it was said.

The affair came into the garage where Rhodes was working. When Boltz came into the garage where Rhodes was working, he identified himself, accused Rhodes of insulting his 13-year old daughter and told him "the first man who gets his gun out lives."

Rhodes said he had never seen Boltz before and had seen the girl only once, and that the girl's mother was there at the time. Mrs. Boltz verified the statement.

Rhodes beat Boltz to the draw, fired four shots and started running. Boltz refused to make a statement unless he recovered.

Southard scored again in the fourth quarter on a 40-yard run. He dropped-kicked for the extra point. Late in the final stanza, Buchanan, Murray fullback, in a series of five line plunges, carried the ball over Murray's only touchdown. Both Princeton and Murray bands entertained a near capacity crowd at the half. Murray will close its season here. Thanksgiving with the annual classic with Grove High School of Paris.

The girls' glee club of Murray State College will go on a road trip for about five days, beginning November 29. The tentative schedule for the trip will include Fulton, Hickman, Clinton, Bardwell, Wickliffe, Mayfield, Heath, Lone Oak, Reidland, and Benton.

Card of Thanks

We wish to express our sincere thanks to our many friends, relatives, and neighbors who were so loyal during the recent illness and death of our dear wife and mother, Mrs. Lena Belle Haley.

We especially want to thank Dr. J. R. Phillips, Dr. L. D. Hale, and the doctors and nurses of Mason Hospital for their noble efforts to prolong life; the singers that sang so sweetly, Bro. Blankenship and Bro. Motheral, who were so kind and faithful, and Mr. Churchill and Mr. Imes for their complete service.

May God bless you all in our prayer.—C. W. Haley and children.

Princeton Buries Murray's Tigers Under 52-6 Score

The Tigers of Butler High of Princeton smothered the lighter Tigers of Murray High School in Princeton Friday night in a Little Sixteen Conference game 52-6. It was one of the worst defeats a Murray High School team ever suffered.

Murray never gained the lead. Princeton had a chance early in the first quarter. McConnell of Princeton ran 40 yards for the initial score, and Southard passed to Becker across the goal line for the extra point. Southard skirted the end a few minutes later for the second marker.

A Murray fumble in the second quarter was recovered by Princeton and Southard passed 25 yards to Becker for the third touchdown. Becker for the extra point. Again in the quarter, breaking through a hole opened by Towery, Becker ran 35 yards for the fourth touchdown of the game.

Early in the second half Southard broke through left guard and ran 35 yards for the score. Becker then scored on a 55-yard run. Spickard, fullback, plunged through the line for the third tally of the quarter.

Southard scored again in the fourth quarter on a 40-yard run. He dropped-kicked for the extra point. Late in the final stanza, Buchanan, Murray fullback, in a series of five line plunges, carried the ball over Murray's only touchdown. LIME USAGE HERE DOUBLES IN YEAR

County Agent Cochran Reports Farmers Have Used Phosphates Freely

Reports released this week by Calloway County Agent J. T. Cochran show that more than double the amount of limestone was used by county farmers in 1937 than in 1936, and that farmers used in the neighborhood of 704,400 pounds of phosphate on their fields.

The total lime spreadage over farms in Calloway county to date this year amounts to 7,044 tons, an increase of 7,004 tons over 1936's quota, when only 40 tons were used.

In 1935, under Cochran's leadership as agent, the tonnage of lime used leaped to 1125, and in 1936 farmers used 2,222 tons. Cochran said the goal for this year was 3,620 tons, but the actual achievement more than doubled the goal.

Farmers' use of 43 per cent superphosphate amounted this year to 2745 tons, and 20 per cent sales amounted to a 10 to 50 per cent increase over last year's sales. This year, 100 pounds of 20 per cent phosphate were used by farmers to every ton of limestone. There were 197 farmers in this county who went on record for limestone and 555 who used 43 per cent phosphates.

Many border-line farmers, Cochran said, obtained their limestone through Graves and Marshall county sources, and the local bureau had no record of it.

Dick Jurgens To Play for Shield Dance at College

Dick Jurgens and his Orchestra will play for the annual Shield dance in the John Wesley Carr Health Building at Murray State on Friday night, December 3, yearbook officials announced today.

Dick Jurgens and the orchestra have been regularly featured in some of the county's more famous hostilities, among them being the Drake Hotel in Chicago, the Gibson in Cincinnati, the St. Francis in San Francisco, and the Peabody in Memphis. Listed among their other triumphal engagements are a record-smashing run at the Wrigley Casino; their phenomenal playing at the Palomar in Los Angeles; and a crowd-thrilling sojourn at the famous Aragon Ballroom in Chicago, from where the orchestra's music was regularly heard over the coast-to-coast network of the Mutual Broadcasting System.

Jurgens theme song which he wrote himself, is "Daydreams Come True at Night."

BLUEBLOODS MAUL MOREHEAD 32-7 TO KEEP SIAA LEAD

Thoroughbreds Score 19 First Downs to 3 for Eagles and Gain Consistently

RACEHORSE SQUAD STARS TOGETHER

With an attack as irresistible as the Mississippi River in flood, Murray's Merciless Thoroughbreds climbed the Southern Intercollegiate Athletic Association here Friday by knocking the Eagles here. Morehead from the list of the nation's unbeaten and untied teams to close the season.

If the Racehorses topple Western at Bowling Green Saturday, they will be the SIAA champs. The Hilltoppers are Murray's last conference opponent, but the Blue bloods meet Wisconsin State here on Wednesday before Transylvania to close the season.

It was a bitter defeat for Morehead. The Eagles were riding on the crest of a victory campaign they hoped would result in their first conference championship. Their goal line had been crossed but twice this year.

The Thoroughbreds took the ball on the opening kick-off and carried it 65 yards in straight devastating power plays for the first touchdown before the game was three minutes old, with Fullback Mitchell smashing across from the 2-yard line for the score. It was the first time this year Morehead had been behind in a football game. Delbert nonchalantly placed the extra point. The score was Murray 7, Morehead 0.

On Morehead's first play after receiving Murray's kick-off, Donohoe, Thoroughbred linebacker, recovered Reynolds' fumble on Morehead's 36-yard strike. Yarbrough gained 7 yards around end. McRaven passed to Jones for 19 yards.

and a first down on Morehead's 10. Thompson and Mitchell went to the 5, and a penalty placed the ball on Morehead's 1, and Thompson scored on the next play. Deibert kicked the placement, and the Racers led 14-0.

Morehead's consolation score came in the first quarter after Robertson for Morehead had recovered Mitchell's fumble on the Murray 23. The Thoroughbreds held the Eagles for no gain for three downs, but a Murray player tipped a desperate fourth down pass by Wyant into the hands of Stanley Morehead back, who stepped across the goal line for the marker. Vincent's kick was good, and the Murray War led by 14-7.

McRaven took Morehead's kick-off and behind a flying wedge formation carried the ball to his own 34. Yarbrough went around end on great interference, skirted the secondaries, and galloped 27 yards before he was forced out-of-bounds by a long spinning pass good for 35 yards to Bill Thompson who caught it on the run just before he spun across the goal line. Deibert missed

the placement, and the score was 20-7 in favor of Murray at the half.

The third quarter was uneventful insofar as scoring plays were concerned, but Murray thrilled the crowd when Finley threw a 28 yard pass to Bland from behind the goal line, and after further gains, McRaven took Yarbrough's lateral on the 35 and raced to the 50. There Mitchell fumbled and the Eagles took the ball.

Early in the fourth quarter, Murray's blue and gold tide surged the length of the field on a touchdown wave. Recovering Hammonds' lateral fumble on their own 10, the Thoroughbreds swung into the stretch on a march featured by Jug Mitchell's 35-yard run on fourth down from Murray's 22, placing the oval on the Morehead 42. Jasper shook off tackler after tackler to bounce down to the 29. He gained 5 yards more on a smashing line plunge. On the next play he took a lateral from McRaven and thundered down to the 14. McRaven took Jasper's lateral for a 12-yard gain, placing the ball on the 2. McRaven scored, but Mitchell missed placement, and the score was 26-7, Murray.

The final score came after Jasper, Finley, and Spaulding had carried the ball to a first down on

Morehead's 4. Jasper went a yard on the first attempt, and on his second effort struggled across for the last score of the afternoon. Deibert's placement was wide, and the Thoroughbreds took the ball game 32-7.

Stewart used virtually his entire squad with equally satisfying results. The Thoroughbreds' blocking was deadly and their defense, with the exception of Morehead's touchdown pass, was exceptionally effective. Murray's superiority is borne out by the figures which show the Racers gained 309 yards from scrimmage to Morehead's 29 and chalked up 19 first downs to the Eagles' three.

Ellis Johnson's boys got 93 yards out of their 6 passes completed in 19 efforts. Only one was intercepted. The Thoroughbreds took wings 13 times and landed safely 4 times for 82 yards. Three were intercepted.

McRaven's tackle was an easy standout in the Morehead defense, with second honors going to Horton and Robertson. The Morehead backs were so thoroughly bottled up by the hard-charging Murray line that none could show to much advantage.

Bill Thompson, Murray quarterback, suffered a slight concussion in the final play of the first half and Lowman, Morehead back, suffered a similar injury late in the final quarter. Both are convalescing splendidly and it is believed Thompson will get to play against Western Saturday.

Stewart's machine functioned so smoothly, no matter how the cogs were arranged, that it was not possible to pick out an individual performer. The Thoroughbreds mixed brilliant razzle-dazzle with titanic power to put on their scoring drives.

Cole's Camp Ground

Folks around the Camp Ground are very busy gathering corn. Robert Crouse and Guy Moore's corn is turing out so well we think they will have to divide. Laying all jokes aside folks Truman Oliver made a wagon bed so high to gather corn in that he had to get a ladder to climb over in it.

We are very sorry to hear that Mr. and Mrs. Olin Beart sold their home and will be leaving us. We hope they will like their new home wherever it may be. We sure do think they are fine people and we will miss them.

Miss Cola Spann was ill Friday night and a physician was called to give treatment.

Mrs. Robert Crouse is showing very little improvement.

Charlie Steele returned home from the Clinic Friday. She has been given one blood transfusion and will be given the same treatment again Friday.

Mr. and Mrs. Guy Moore, Miss Lou Spann, Mrs. Robert Edwards, Bonnie and Elizabeth Crouse were visitors in Murray Saturday. I was glad to see Mrs. Carlos Black, Mrs. Ethel Duke, Mrs. Lige Linville and Frances from the Providence section. Hatten-Lewis was there from the Macedonia neighborhood. Hatten, tell the rest of people to come to town some time. They might see something they would like to buy.

We are sure we liked to see that road grader coming through Saturday. Makes us think we are going to get a good road now, provided these Route 6 folks don't go on one of these sit down strikes. I believe our rural mail carrier will enjoy a good road as he has to travel it every day. I can just imagine that bad road is disheartening to a mail carrier as well as to many others.

The folks in this community are indeed glad that J. D. Drinkard is much improved. J. D. is able to go hunting and is also able to visit about. Mrs. Drinkard visited Friday and Saturday with her daughters, Mrs. P. D. Wilson and Mrs. Miller Rose of Murray.

Don Wilson is still clearing bushes and briars off the road side.

Mrs. Martha Adams visited Mr. and Mrs. Calvin Adams Saturday. Say, Sis, if you haven't forgot what I live you might visit me some time.

Mrs. Robert Edwards saw her daddy, John W. Doran, a few minutes in town Saturday. She visited Mrs. Bernice Steele who has been ill.

I saw Otis Lovins in town Saturday. He doesn't know me now, but I went to school to him one year.

Ray Steele sold some hogs for \$3 last week. More money than I have heard of this high price cotton bringing. I guess we will all be surprised when we market our weed crop.

Mr. and Mrs. Bill Thompson and little daughter, Mary Pauline, Mr. and Mrs. Truman Oliver and Rubie Fay were guests of Mr. and Mrs. Ray Steele Sunday. Mrs. Steele is a sister of Mrs. Bill Thompson of Kirksey.

This cool weather means that it will not be long till we smell the sausage frying. I know they would taste better than what I had for breakfast. I am not telling you what I ate. But it is a familiar bowl with lots of us in this neighborhood.

I wonder if Mr. and Mrs. Conrad Hutson remember a man swapping a hat for his cap and Conrad drawing the difference?

Sell Me A Dream
Ah, maker of dreams
Could you sell me a dream
Of a home coming soldier boy
With his old sweet smile
On his nut brown face,
And his eyes telling tales in their joy.

Could you send him back
In his battered old plane,
With a whirr and a whiz through the air,
To a dear little cottage in a wee little town
And have me waiting there?

Could you blot out the long, white space of that, have gone
Since he fell and the best of me died
What is it you're saying, oh Maker of Dreams?
Ah no I cannot, I have tried!

JUST among ourselves, let's remember that for thousands of our own Kentuckians this year, "Merry Christmas" will depend on Christmas trade. You can help make a Merry Christmas for Kentuckians this year by shopping first among home folks, in your own locality. If you can't find what you want, try a neighboring Kentucky town or city. Across the River

Here I come across again. Some folks never even miss me—think I stay across all time.

The frequent showers kept men out of the corn fields over here most of the past week, but so far November has not brought much cold weather. It brought several notable birthdays but mine passed uneventfully but for my hubby accompanying me hickory nut hunting then coming to the house in time to see a once very dear cousin and family pass by.

Mr. and Mrs. Walter Miller, who have for years lived in California, but who now reside near Murray, had been to Bumpas Mills visiting. Mrs. Miller's relatives, Mrs. Miller was formerly Eunice Hargis. They also went to Hop-

kinsville and Jefferson's monument and White Plains where Walter once taught. They were accompanied by a son and one of Mrs. Miller's sisters and her little daughter.

Seeing Walter brought back memories of old days when we were children and had such good times when they visited us or when we went to Aunt Lula's.

Monday was a dark gloomy day but not for me, for that long coveted book, "Gone With the Wind" at last fell into my hands and in spite of putting out eyes, I finished that big book of over a thousand pages in a little more than a day. Understand I don't often read during the week that way but others waited for the book and it was so interesting.

Nothing exciting has happened around here. I taught at Blue Spring last Wednesday for most of the men around were subpoenaed to attend court but it adjourned at March. Last Friday afternoon the teachers met at Dover to wit-

ness a demonstration in reading by a supervisor.

Otha Oliver and Willie Outland went squirrel hunting and beside killing eight squirrels, chased a red fox till the dog was exhausted. I wouldn't be much surprised if there are still bears in these woods.

The women (the industrious ones) have already started piecing quilts. One real old woman brought to my house recently a beautiful top-pieced of hundreds of tiny pieces. She wants to sell it for she needs other things more than she does pretty quilts.

Mrs. Lloyd Spiceland wrote that Lloyd had been ill over the week end. They plan to come home Thanksgiving.

I still hear occasionally from Calloway and always with when I hear of the friends and relatives visiting each other that I could drop in.

Mrs. Emma Nance from Chicago has been visiting relatives in Calloway several weeks, but returned when two of her other sisters, Mrs. Mattie Owens from Paducah and Mrs. Minnie Edwards from Memphis returned home from a visit to the home of her brother, Ed Lovins, Monday.

Last Sunday Mrs. Virgie Lovins, Mrs. Emma Nance, Mr. and Mrs. Guy and Mr. and Mrs. Otis Lovins and Mr. and Mrs. Clay McClure all spent the day at Jesse McClure's. I guess it's impossible for those of us who never come so near a much needed wind fall to entirely imagine Rainey Lovins' disappointment when he heard that he would have won the \$165 given away last bank night if he had been in the Capitol Theatre. He had hoped for such a break all summer.

Mrs. Willie Lovins' family, Otis Lovins' family and Mr. and Mrs. Hoyt McClure spent Sunday at Mr. and Mrs. E. W. Lovins'.

Well, as I'm taking these lines to the Ledger & Times office as we go to town Saturday, the news will be stale before you read it. Can't even tell you about the Fiddler's contest which we may attend McClellan tonight.

But you'll get it before Thanksgiving anyway, and don't all of us who are whole and well and sheltered, clothed and fed have lots to be thankful for even if our tables are minus the turkey and cranberry sauce!

Hello, Detroit brother. Hope you still get the Ledger & Times.

The new municipal airport on Treasure Island, site of the 1939 Golden Gate International Exposition, only two and a half miles from downtown San Francisco, will be the closest-in air field of any large municipality in the world.

New Concord High School

We were very glad to have the presence of so many of the patrons Friday night for the Educational Program. The program, "The Torch," was very effective and very appropriate. The talk, given by Prof. W. M. Caudill of Murray State College, was enjoyed by everyone.

We are glad to boast of the outcome of the Beauty Contest Saturday night held at the Music Department's carnival. Ernestine Miller represented our school and won first place.

They will soon complete the tearing down of the old house that is to be moved before the new school structure can be started. By seeing this actual work, we feel closer to our new building.

We had with us last week Mr. Jarvis, high school inspector from the state department, and Miss Ola Mae Farmer, county attendance officer.

Students who have a perfect attendance record for the last month in the first six grades are as follows: Charley Opal Smith, Kenneth Hatfield, Betty Sue Elkins, Mary Frances Buchanan, June Farley, Edward Wilson, Tommy Winchester, Ralph Willoughby, Bonnie Lou Thompson, Gene Williams, Sue Stubblefield, James Riley Lassiter, Norma Williams, Ann Hendon, Nora Elkins, Doris Ratterree, Ira Elkins, Bruce Ratterree, Pat Coleman, Chester Thompson, J. B. Bell, Leon Adams Ann Parker, Max Farley, Fay McClellan, Annie Ratterree, Audrie Lou Bucy, Barbara McClellan, Dolla Brown, Fostine Williams, Jessie Buchanan, Joe Dick, Catherine Hutson, W. A. Elkins, Billy Stubblefield, Helen Shoemaker, James Ratterree, Myrlene Williams, Adie Elkins, Orvin Hutson, and W. D. Oliver.

We were glad to have Sue Linville, as our visitor one day this week. We are always proud to have people come and visit us and see how we are progressing in our school work.

Mr. and Mrs. Willie Sims and little daughter, Mary Frances Paducah, visited her parents, Mr. and Mrs. J. W. Jones, here Sunday. Dave Collier of Benton Route 5, near Maple Spring, was the guest of his sister, Mrs. Nannie Stringer, here Friday in October.

"How forcible are right words," Job 6:25.

"Taterbub" Hartly of Minin, Ark., came here to have T. A. Jones treat a bad cancer. He is cured and has returned to his home.

Ky. Bell, your letter in last week's issue was indeed fine. Write us some more like that.

What has become of Cedar Crest writer? I miss those good letters.

"The beds were of gold and silver," Esther 1:6.

W. Brown set up his molasses stand, and he had a big day at the cane hauled to him.

Mrs. Monica Schroeder and daughter, Miss Eudale, and little son Jimmie visited Mrs. Nannie Stringer and Mrs. Myrtle McClain on October 31.

"Be sure your sins will find you out," Numbers 32:23.

Mr. and Mrs. J. W. Jones and Mrs. Myrtle McClain attended the funeral services for Irvin Barnett in Murray Saturday.

"The Lord is a God of knowledge, and by actions are weighed," 1 Samuel 2:3.

Toy Jones has peddled out several pokers recently.

Archie Jones and sons are building some stables.

Taken from some sketches I just read: Things in the world are valued by dollars and cents, not so with God. Those who love the world will surrender themselves to it. Easy going Christians are Christians going the wrong way. If you ever get to Heaven, it will be through the lids of this blessed Bible.

My letter mailed November 1 was not printed. I sure like to read all the correspondents' letters. It would not be much of a paper without "Eagle's" letter.

It's late so I will retire whispering my little prayer: Lord forgive me for all the wrongs I have done today and help me be better tomorrow.—Old Glory.

Protemus Palaver

I wonder if I may drop in again after such a long absence? I really miss everyone here. I've been keeping up with the times by reading our favorite, The Ledger & Times.

Several of the farmers in our community have finished gathering corn, but most of them are still in the field. Very little of the weed has been stripped so far.

A Sunday School training course was held at the Bell City Baptist church last night last week. Bro. Wingo was the instructor and gave some helpful and interesting lectures on Sunday School Management.

We are glad to report that Mrs. Verba Pittman is convalescing nicely since her recent operation. Others who are in the community are Mrs. Robert Adams, James Edward Sheridan and J. T. Kemp, who cut his foot rather severely a few days past.

Mr. and Mrs. Stanley Dublin and children, Joe Pat and Jimmie, visited their uncle, Claud Owen, of Clinton, last week-end.

Virgil Lassiter recently added three acres of Stark's patented apple trees to his young orchard. Mr. Lassiter already had eight acres of thriving peach trees. We're hoping for a fine orchard in our community within a few years.

Mr. and Mrs. Clarence West have sold their farm and are now in the market for another. Dubon McClain purchased the West farm.

We understand that Audy Miller has purchased the potter kiln at Bell City and is now preparing a kiln of ware for burning. "Turning" the ware still remains a mystery to me, even though I have watched them take the ordinary piece of clay and with a few deft strokes have a beautiful urn. Cars from almost every state stop to visit and watch the potter mould his ware.

Mr. and Mrs. Frank Canter and Mr. and Mrs. Jody McClure visited Mr. and Mrs. Harvey Shankle Sunday.

Guess I'll sign off until next week.—Olive Oyl.

Editor's Note: Glad to have you return to our columns.

MISS BOURLAND STUDIES
Miss Evelyn Bourland, popular young Murray High School graduate left Friday for Bloomfield, N. J., where she will take an 8-weeks' course in telegraphing at Western Union's operators school there.

Miss Bourland has also completed her telegraphy course at the local Western Union office.

A Three Days' Cough Is Your Danger Signal
No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no sugar in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Around Paschall School

We were blessed with a beautiful Monday morning and we were all ready for work.

Sunday was a fine day for church services. Rev. R. F. Gregory filled his regular appointments at Oak Grove with a good sermon. A very good audience was in attendance.

We regretted very much to learn of the deaths of our friends recently, that of Thacker Paschall and Mrs. Henry Hooper. Both were laid to rest Saturday, November 13. We heartily extend our sympathy to the bereaved ones of both families.

Corn gathering is the regular work at the time. Tobacco did not set in the right order to strip the past week.

Mr. and Mrs. J. P. Smotherman and children spent the week-end with Mrs. Smotherman's father and mother, Mr. and Mrs. Bert Wilson.

Mr. and Mrs. Fred Orr visited Mrs. Orr's parents over the week-end.

Hello, Happy Jack! Your letters are fine. Come on, Humming Bird, don't let these cool, frosty mornings close your tiny wings. I will scatter grains of wheat for you, since the flowers are bitten by frost.

Mrs. D. J. Wilson, Mrs. J. P. Smotherman and baby Larry, Mr. Hollon Byars, Mr. and Mrs. J. C. Paschall were dinner guests Thursday of last week of Ben Byars.

Mr. and Mrs. Charlie Wilson of Loneoke, Ark., made a visit to Mrs. Wilson's mother, Mrs. D. J. Wilson Sunday—Golden Lock.

Almo Route 2

Hello, folks! Here comes Happy Jay. He is not feeling very well at this writing.

Mrs. Roy Steele, who has been a patient at the Clinic Hospital the past week, is improving at this writing. We hope she will soon be strong again.

Those who were at the bedside of Mrs. Roy Steele Saturday were Mrs. Oleta Smith, Miss Jo Swift, Henry Oglesby, and T. A. Oliver. Henry Oglesby made a business trip Wednesday of last week to Paducah.

Hello, Pop Eye! How about sending a truck load of those pumpkins down here around Almo Route 2?

Everett Ferguson, Buchanan, R. I., visited his sister, Mrs. Bill Thompson over the week-end.

Mr. and Mrs. Bill Thompson and

daughter, Pauline, were dinner guests Sunday of Mr. and Mrs. Roy Steele.

Charles, Reno, and Alfred Steele were week-end visitors at the home of Mr. and Mrs. Bill Thompson.

Mrs. Roy Steele has returned home from the Clinic Hospital and is improving.

As news is as scarce as hens' teeth, will go and see you next week.—Happy Jay.

In Memoriam

On November 1, 1937, the death angel came and relieved the suffering body of Thacker V. Paschall, who was born July 16, 1889. Age, 48 years, 3 months, 26 days. He was married to Martha Jones April 19, 1908.

To this union were born 3 sons: Gaylon, Adolphus, and L. W., all of whom with his loving companion and two little grandsons are left to mourn his departure. He also leaves 3 brothers, John, Jimmie, and Fleetwood Paschall; 3 sisters, Mrs. Jimmie Jones, Mrs. Guy Vance and Mrs. Oat Paschall, and a host of relatives and friends.

In the year 1924, Thacker trusted Jesus Christ as his Saviour and in July 1926 joined the Baptist Church at North Fork of which he remained a true member.

Thacker had been a great sufferer for many years and bore his afflictions with much patience. Everything that physicians and loving hands could do was done.

Since June 1st, his suffering had been so great that he had become willing and anxious for the Lord to call him home. He was like Paul in that he had a desire to depart and be with Christ which is far better.

A precious one from us is gone. A voice we loved is still. A place is vacant in our home which never can be filled.

—By a friend.

In Memory

In loving memory of our dear wife, mother, and grandmother, Mrs. R. B. Holland, who passed away June 1, 1936.

"Loving and kind in all her ways, Upright and just to the end of her days. Since and true in her heart and mind. Beautiful memories she left behind."

—Sadly missed by granddaughter, Nan Walker.

Stokes and Smith Are New Owners of Ford Company

The corporation known as Beale Motor Company dissolved its titular charter here this week, transferring its legal controlling ownership to Edwin Stokes and Robert L. Smith, the former a native Callowayan and the latter a local resident since 1922.

The new partnership corporation will assume the title, the Stokes-Smith Motor Company.

Both Stokes and Smith have been connected with the motor car industry before coming to Murray. Stokes has been with the Beale Motor Company since 1935, working before that time in Murray with the Chevrolet Company.

Smith, formerly with the Draften Motor Company, was employed in Benton with the Draften Motor Company. He is a native of Marshall county, having been reared in Calvert City.

In Memory

In Old Salem graveyard Where the flowers gently wave, Lies my dear old Dad and Mother In their lonely, silent grave.

No one knows our sorrow, No one here can feel our pain. Yet the Lord says, "Seek and ye shall find me."

And be united there again. In each child's home is left a token Of the lives they lived while here. Of the lives they lived while here. And it fills our hearts with gladness.

Yet it dims our eyes with tears. We are ten lonely children Left on earth our lives to live. But the Lord says to the weak and heavy laden Rich blessings he would give.

East Pine Bluff

From Her Kitchen Window
My kitchen window's small, but I
Can watch the seasons swinging by.

The branches of a maple tree
Are always waving back at me.

At breakfast time in early spring
I've seen the first green feathering.
Here to the kettle's cheery hum
I've seen the first red robin come.

And standing here to make a pie
I've watched them teach their
young to fly.

For many an hour all summer long
I've had the benefit of song.

At autumn time of red and brown
The tree has donned a lovely
gown.

I've seen the leaves go drifting by
Like butterflies, too good to fly.

And then I've seen the winter
drape
Those branches in a silver cape.

Oh, I have but to lift my eye
To see some splendor passing by.

Truly autumn is swiftly passing
Thanksgiving is just around the
corner. We are thankful, it is
true, but too often we are not
grateful enough. We are inclined
to thank God in a rather super-
ficial way for the benefits of food,
and clothing and shelter, for the
fine country in which we live and
let it go at that. But deep down
in our hearts we realize we have
lots to be thankful for. Our fam-
ily, father, mother, sons, daughters,
their wives and husbands and
children for several years have
all gathered together on this day.
And what fun and enjoyment we
have. Almost every year at
Thanksgiving since we all began
to marry and go along our way
there has been at least one new
addition to the family either by
marriage or birth. This year it is
a dear sister-in-law. We are thank-
ful for all these things and many
others.

The men are gathering corn and
getting in the supply of winter
wood. And I think the women
have all been thinking yards and
yards.

SPENDING ONE DOLLAR AND TWO-TENTHS OF ONE CENT
TO EARN ONE DOLLAR

OR
"Killing the Goose
that lays the Golden Eggs"

When the NC&StL now (the first nine months of 1937) takes in
one dollar, what happens to that dollar? Here are the facts:

Labor 55.7 cents
Materials and Supplies 20.9 cents
Taxes 6.4 cents
Rent for Leased Lines 5.5 cents
Bond Interest 4.6 cents
Miscellaneous 7.1 cents
Dividends None
Reserves for improvements None
Reserves for expansion None
Reserves for hard times None

100.2 cents

For every dollar the NC&StL now takes in it must not only
pay out all of that dollar but also, from its diminished reserves
(carefully saved in prosperous years), it must pay out two-
tenths of a cent to pay the cost of taking in that same dollar.

Business cannot prosper—business cannot long endure, if costs
forced upon it are too high to permit the earning of enough
profit to fairly reward existing invested capital and to attract
new capital, to make needed improvements, and to create re-
serves for hard times.

The NC&StL is giving the best service in its history—it is
now laying off no employees and hopes not to be forced to do so.
Increased public patronage alone can solve its problem. For
added public support the NC&StL is truly grateful.

Parsons Shoots
For City Crowd

Herbert Parsons, Somerville,
Tenn., holder of many champion-
ship rifle trophies, put on an ex-
hibition of shooting at A. B.
Beale & Sons' Store Armistice Day
that old timers said was beautiful
to watch.

The marksmen shattered dozens
of glass marbles, eggs, potatoes,
cabbage, and jumps of coal to the
enthusiastic cheers of a large
audience.

A survey shows that 11,500 acres
have been seeded to grass and
clover in Breathitt county this
year.

Roy Williams and children, Louise
and Vernan, Miss Frances Parker
and Charles Williams were Sun-
day evening guests of Mr. and
Mrs. Errett Williams. But, of
course, that didn't cut down on
his supplies.

I'm wondering what everybody
enjoys the best during the fall
season. I don't think anything
could be better than sitting by a
good old-fashioned fire just when
it's cool enough to make it feel
good to you. That old fire sure
does feel good! Just to think of
sitting by that good old fire and
see some one put on a big stick
of wood. I hot dog, what a treat!
Eating pop corn and peanuts, mak-
ing pop corn balls and peanut
candy. I wish I had some of that
good old country eating right now.

Hell, Miss Louise Parker of
Chestnut Grove. I sure would
like to see you. It's about time
you were coming towards Mace-
donia. Say, what about coming
Thanksgiving? Come any old time
you take a notion.

Well, I wish someone would
tell me when it will snow. I'd like
to be ready for some snowballing.

Low Priced Cotton

By Eva Mae Williams—
Cotton's a low price and still
going down.

Nothing but starvation, or haul it
to town.

The frost bit my corn, and my
pigs aren't fat.

I haven't any property, but a dog
and cat.

My wife wants everything, from
Roeback and Sears.

And she knows that I just can't
do without my beers.

She works all the time, on her
Sore feet.

Whee, I'm at town walking the
street.

But I work in the summer and
spring.

But still I can't buy everything.
My cotton pickers expect a dol-
lar a day.

But when you haul it off it sure
doesn't pay.

I think it would be very nice
if the government would raise the
cotton price.

I guess we will take it or leave it
alone.

And eat our poor hogs and gnaw
the bone.

We'll just have to keep working.
As long as we're able, and when
we get that way.

We will live in a stable.
And with nothing on the table,
and nothing on the shelf.

And if you don't believe it,
You can look for yourself.

Now, we'll just keep going as
long as we can.

And make lots of money—for the
other man.

But, don't get discouraged if your
salary is small.

For, farming isn't so bad, after all.
So, if the cotton goes up, I will
continue with my beers.

And have enough left for an order
from, Roeback and Sears.

TAKE IT FROM ONE WHO WOULDN'T FOOL YOU!

The model illustrated is the BUICK SPECIAL 1-door touring sedan—\$1047 delivered at Flint, Fordworth, white sidewall tires and special accessories extra

The prize Automobile Story of the year is wrapped up in Buick
—with its DYNAFLEX ENGINE and TORQUE-FREE SPRINGING

THERE are several hundred thou-
sands of people who'll tell you
from personal experience that Buick
isn't one to promise what it can't
provide.

So when we're all excited about the
DYNAFLEX engine and its companion-
in-greatness, Buick Coil-Torque-Free
SPRINGING—we're not just gushing,
we're stating facts you can prove out.

Step in—take charge—put this quick
and quiet money up against the kind
of driving you know best—you'll sense
instantly in its smoothness and lift
that this car is really giving you more
for your gasoline money!

Ask more of it than you've any honest
right to ask of any car—and the fret-
less, gracious, joyous way it does
things tells you that you've got some-
thing that DYNAFLEX engine!

And don't lavish
all your praise on

the power plant! Great as it is, there's
something equally great doing mar-
velous things at the other end!

That poised, jarless, winging ride is
one thing that Buick Coil-Torque-Free
SPRINGING gives. Light-as-fluff han-
dling—freedom from tail-wag—ab-
sence of wander—these also stem
from those stout, easy-flexing, ever-
soft springs of coiled steel.

You hold the road—even on sharp
curves. You face fewer skid risks—
even on ice-glazed streets. You find
rear tires last longer, springing wear-
ing is out, maintenance is simpler. All
because Buick Coil Springing is here!

Fool you
