PUBLIC SERVICE OF THE UNITED
NATIONS

As a result of a meeting
held at the Fulton office of
the Public Service of the
United Nations, the
following proposals were
considered:

1. The establishment of a
center for the distribution
of supplies to the
public.

2. The formation of a
committee to
oversee the
operation of the
center.

3. The appointment of
a leader for the
committee.

4. The adoption of a
plan for the
distribution of
supplies.

The Only solution to the problem today will be for the United States to work hand in hand with the nations of the world. The President of the United States makes the first step toward this goal in his recent speech.

Yesterday, in his speech to the nation, he expressed the hope that this new era of co-operation will be a time of peace and prosperity for all nations. The President also stressed the importance of international understanding and the necessity for all countries to work together for the common good.

In conclusion, the President's speech was a call to action for all nations to work together for the benefit of all. The world is at a crossroads, and the choice is clear: either cooperation or conflict. The choice is up to us, and we must make the right decision.

IT'S TEAMWORK THAT DOES IT

The 5th War Loan STARTS NEXT WEEK!

WHEREVER your invasion forces are fighting—at sea, in the air, on the ground—they're working together for victory. They know that they must depend on each other, for only by coordinated teamwork will they win through to final victory in the earliest possible time.

The Fifth War Loan starts next week. It's going to take teamwork—a lot of it—to put this drive over the top. For we've got a job to do. As the tempo of invasion rises every one of us must mobilize for support of our fighting men.

In every city, town and hamlet men and women like yourself have banded together as War Bond Volunteer Workers, giving their time to taking your subscriptions for Bonds. Support them. Give them the kind of teamwork our boys are giving to each other on the fighting front!

When your Volunteer Worker calls, double your War Bond subscription. It's their job to help raise $16 billions of money for victory during this Fifth drive, $6 billions from individuals like yourself.

Make up your mind to welcome your Victory Volunteer with a friendly smile and an open checkbook—remembering that it's teamwork that does it!

**Here Is Your Opportunity!**

Today, I am offering myself to the voters of Fulton County for Congress, and if elected I will be the Representative of the people—not to be controlled by a few bosses.

This District does not need a silent voice in Congress, but needs a Man that knows the needs of ALL the people; who has T. Vision, Ability, Conviction and Courage; one who desires to become a Statesman and a politician.

I will oppose vigorously measures which I deem detrimental to Good Democracy. I am familiar with the history and development of American Democracy, and I have implicit faith in the principles which our Founding Fathers fought and died to establish.

I believe in Labor's right to organize and maintain the American standard of living.

I believe in Equal educational opportunities for all the people. I shall work until the Farmers have Parity.

If you don't know me, your neighbor does; so find out who I am and what I stand for, and I am sure that you will Vote for PARR for Congress August 5th, in the Democratic Primary.

We are now able to meet the demands for coal and electricity almost every day. We have ordered in large quantities of coal and electricity for the next month.

The sketch above was made in an Army Hospital within a day's journey of this town. The subject is a young man who fought several months in the swampy jungles of Guadalcanal. Then a pajaro blast off his right hand and he came back home.

Now he faces the heart-breaking task of earning a living and earning money for his family. The war has left many families without a breadwinner. The war has caused a shortage of men and women in the labor force. The war has caused a shortage of food and other necessities. The war has caused a shortage of medical supplies.

This lad is one of scores of thousands recently returned to their homes from service in the armed forces. He returned home from the battlefield and is again a pleasure to his family and his friends and I am so glad he is healthy again.
