Fulton Countyans Should Vote

TUESDAY, NOVEMBER 5th

Because of our appreciation of what the Democratic administration, through years of stress, has done for our country.

Because Fulton County farmers can remember the starvation prices they received for their products before the following Republican regime gave way to the generous Roosevelt policies; because Fulton County unions can remember how Little Steel contracts were under Hoover, Coudiller and Heineke as compared with today's figures.

Fulton Countyans—let's take a look at the record, then:—
