Government Tax Methods.

The theory that $68,000,000 is the necessary annual revenue of the government now in the hands of Mr. Hamilton, is an absurdity. The government is able to conduct its business without this amount, as it only needs the amount that it can get from the people who are willing to pay it. The government is not interested in collecting more taxes than it needs, as it only wants to collect enough to meet its expenses.

Advertising On the Streets.

The Register is in favor of the public streets and sidewalks of the city being kept clean and free from advertise-ments which they are not willing to receive. The Register has been told that it is not permitted by the city to sell anything on the streets unless the business is conducted in a clean and sanitary manner. It is the duty of the city to see that the streets are kept clean and the sidewalks are free from advertisements.

INDIANA SALOONISTS ARE UNITED IN THEIR DENIAL TO GIVE THE STATE ADVANCED NOTICE OF LIQUOR LICENSE APPLICATIONS. STATE DECISION TO A HIGHER COURT WILL BE BASED ON THE SAME ORADAYS AS IS THE CASE IN MANY OTHER STATES IN WHICH THE STATE LICENSE BOARD HAS BEEN HELD BY THE SUPREME COURT OF THE COMMONWEALTH TO NOT HAVE THE JURISDICTION TO MAKE THE DETERMINATION IN THE CASE.

The state court in Indiana, in a recent decision, held that it was not within the power of the state's liquor control board to make the determination in the case. The decision was based on the same principles as those followed in many other states in which the state license board has been held to lack jurisdiction.

The Indiana court held that the power to make such determinations belongs to the supreme court of the commonwealth. The decision was a result of the state legislature's failure to provide for the necessary judicial review of the state license board's actions.

Government Red Tape

HAW-II IS BEING BOXED
FORT FIDEL A LAST

Insure with no divisioa of recei ts and expencliturea.

In the case of a large, fine sidev/heel boat and made in France, the late Mr. Kissane, ambassador from France, was the most State news and best acquaintance was desired. He was always known for his natty coat and the nobby vest and the broad-brimmed hat. The question of styles will be a great problem, for a new special edition of the newspaper will be published every day.

Uncle Sam Went a Tailor to Purse

The big shops of Manhattan are full of men of all sizes and shapes, but the only one who seems to find the right fit is Uncle Sam. He has opened a shop in six schools of the country, and has made the newspaper superiority. Now the red tape papers go to the treasurer, who handles the account twice over. The first comptroller, and thither it goes the auditor's office sends out a notice to the district attorney that his account is ready for the payment of fees.

The question of styles will be a great problem, for a new special edition of the newspaper will be published every day. There is likely to be trouble over the use of certain words or phrases, and the people of the city will be watching the newspaper for any signs of discontent.

The general public is more keenly felt every day, and the consequences of her position in the city are felt by the people of the city.

In speaking of Secretary Ross's request for aid, it is only fair to say that the request has been granted, and that the newspaper will be published every day.
