MASTER DRAFT LISTS HAVE BEEN SENT TO BOARDS

Washington, July 24. With the master lists of Friday's conscription drawing in the mail for distribution to the local boards, the task of assembling the national army of a half-million had passed out of the hands of the Federal Government tonight and into those of the civilian authorities who will notify the men drawn and pass on exemptions.

As soon as the lists are received each board will summon for physical examination double the number of men in the district quota. If more are needed the authorities will keep on calling until the quota is filled.

The final list shows only a few errors in the unofficial report of the drawing already transmitted throughout the county by the press. Including all the adjustments found necessary in correcting the official list to make up for numbers that were read upside down or were misread, and also all errors in transcription in the rush of the drawing and the haste to get the figures to the wires, there are less than two score variations between the list compiled by the Associated Press and the master sheet.

Tobacco Crop in Good Condition.

Tobacco in excellent shape is the report from Montgomery county, Ky. The fields are free from weeds and little trouble has been experienced from worms thus far. The plants are growing rapidly and some of it, with reasonable weather, will be ready to cut early, but quite a portion of the crop will be late. Tobacco men are enthusiastic over the prospect, feeling confident that the shortage of the crop and the keen demand from foreign countries will result in as good prices if not better than last year. Little of it has been contracted for, and what has has brought high prices.

The crop in Fleming county, Ky., is uneven, some good, some bad. Some sales have been made around 15 cents and some offers higher than this have been rejected.

Mrs. Burradell Dead.

Mrs. Pinkney Burradell died at her home near Oscar Wednesday night. She leaves a husband and four little girls, one a baby only about one week old, besides other relatives and a host of friends.—La Center Advance.

(Mr. and Mrs. A. Downs attended the funeral of Mrs. Burradell, who was a sister-in-law of Mrs. Downs. They will bring the baby home with them. Mr. Burradell is also very low.)

Quits Baptist Mission Board.

Louisville, Ky., July 25.—At the quarterly meeting of the Baptist State Board of Home Missions yesterday afternoon the Rev. W. D. Powell, secretary of the board, unexpectedly tendered his resignation to the board.

Several months ago, Dr. Powell received notice of his election as a member of the staff of the American Baptist Home Mission Society, which headquarters in New York. The action of the board came as a surprise to Dr. Powell. He said last night that he had been notified that his duties would be chiefly to direct work among the Mexicans and Southern negroes, due to his many years' experience along these lines.

Dr. Powell has been secretary

of the Kentucky board for more than ten years. During that time the work of the board has been carried on rapidly. An average of more than a church a week has been added during that time. Before his election to his position on the State board, Dr. Powell worked among the Mexicans and later among the negroes, which work he is actively engaged upon at the present time.

Murray, Route 4.

The protracted meeting at Lynn Grove closed last Sunday with several additions to the church.

Rev. Shelton began a series of meetings at Crossland last Sunday night.

Miss Omie Enoch and Wilburn Spann were united in marriage last Sunday.

The candidate speaking at Lynn Grove last Saturday was attended by the largest crowd ever seen in that place and a good deal of interest was shown. There are several sad hearts among parents and companions over the prospect of their relatives having to go to fight the Germans.

We had the misfortune to lose our mail carrier, Polie Harris, the past week. He had been on route 4 for several years and made a good and accommodating carrier and we regret to give him up.—Green Horn.

May Establish Camp for Canning.

Paducah, Ky., July 18.—A plan originated by Mrs. V. A. Stille, of Benton, county chairman of home economics and conservation of food, for the canning of surplus fruits and vegetables in the school districts of Marshall county, has been approved by economic authorities at Bowling Green and may be introduced throughout Kentucky.

Her idea is to erect a tent for camping purposes at a point about six miles from Benton, the county seat of Marshall, and gather surplus fruits and vegetables housewives will be too busy to can. The products are to be taken to the camp, preserved and retained as a reserve supply for the Red Cross and other organizations that will distribute them. Many farmers will donate their excess stuff, but Mrs. Stille proposes to purchase when necessary. The camp will be established by Mrs. Stille about August 1, and she will have several assistants.

Bank Robbers in Cadiz.

The Bank of Cadiz was robbed Sunday night of \$340 in coin, consisting of \$300 in silver and \$40 in pennies. The robbery was discovered yesterday morning and the outer door of the vault found open. The currency in an inner vault had not been reached. The door of the building had evidently been unlocked, as there was no evidence of its having been broken open. The sheriff's theory is that the robbers had a skeleton key and came and went in cars, leaving no clue.—Cadiz Record.

Third Reaches War Strength.

Lexington, Ky., July 24.—Official announcement was made at Camp Stanley today that the Third Regiment, Kentucky National Guard, Col. Jouett Henry commanding, is now recruited up to full war strength, being the first Kentucky units to reach that status. This means it has 2,000 enlisted men and 56 officers. The First Regiment lacks 74 and the Second 200 to reach war complements.

Mr. and Mrs. Edgar Outland, Pomona, Cal., announce the birth of a daughter, Mary Elizabeth, July 24th, weight eight pounds.

LOCAL BOARD TO BEGIN CALLING MEN THIS WEEK

Official notices of the drafting of men into the United States army will probably be sent out by Saturday morning by the local exemption board, according to an official of that body, and the physical examination of the men will probably start early next week. That the percentage of exemptions will not run as high as predicted is indicated by the fact that the local exemption board will only summon 280 men for physical examination at first. Of course, if this number is not sufficient to furnish Calloway county's quota of 140 men, others will be called out for physical examination immediately, but the fact that the government is calling for examination only twice as many men as is the county's quota indicates that the government does not believe that over 50 per cent of the men will be exempt from military duty. It also indicates that the government proposes to deal very rigidly with pleas for exemption—false claims will immediately be thrown out, and partially false ones will also be disallowed.

All of the draft supplies and forms have arrived from Washington and all that is holding back the local board is the official list of numbers in the order in which they were drawn. When the board receives this list it will then go through its local chart, showing the name corresponding to each number. In this manner the official list of names drafted, and the order of their drafting will be made out in this county. Then the board will send out notices to 280 men to report for physical examination. As fast as the physical defectives are weeded out new men will be summoned for examination until 280 physically eligible men are secured.

After a man has been examined he can file a claim for exemption. All the forms for exemption claims, affidavits, etc., must be secured from the local board.

This draft is the first one to be made under the provisions of the "Selective Service Law," passed by Congress on May 18th. This law provides for two armies, each of 500,000 fighting forces, and supporting organizations, making a total of 770,000 men to be called in each draft. The second draft of 675,000 men provided for in this law will be made between January 1st and April 1st, 1918, at which time, based upon the unofficial Calloway allotment for the first draft, will be 151 men. Calloway received credit in the draft just made for eleven men serving in the National Guard and regular army, thus making her quota for the first draft 140 men, or eleven less than 151 necessary to furnish in the second call.

The boards will now be left with their own work.

The government has nothing to do with exemptions. The law specifically provides that. Soldiers will be made out of civilians by civilian boards, men of their own kind. Other civilian boards will serve as courts of appeal. There are 156 of these appellate boards. The majority of them have been named.

Following will be found the names of the first 280 men drawn in Calloway county. The following list is not official, same being merely the names checked from the first 280 numbers as taken from the press reports since the drawing at Washington Friday. Beginning next

week the Ledger will print the entire official list as the numbers were drawn at Washington. These first 280 names are numbered in blocks of 25 so that it will be easy for one to determine the order of his liability.

My Candidacy for Sheriff

It has been said that in making a night speaking campaign in the interest of my candidacy for sheriff that I am not treating my opponents fair. Let's see if such is the case. I am attending each day's speaking and presenting my candidacy the very best I can in the five minutes time allotted me, and if after this I choose to get into my buggy and ride across the county from Ft. Hymon to the hills of Backusburg or from Terrapin creek bottoms to Highland in order that I might see one voter or one hundred voters I fail to see where I have been unfair to any opponent of mine. This same privilege is granted to them. Upon the other hand if I elect to campaign with the voters of any section by asking them to gather together in some school house that they might hear me present my candidacy in public manner I also fail to see where I have been unfair to any of my opponents. This privilege is likewise granted to them, there are scores and scores of school houses in this county at which I have no speaking appointments, and which are open to them.

The facts are that I must depend upon a personal plea to win this nomination, and if I have the energy and the ability to work day and night to accomplish this task I am only doing what is my privilege, and I am working day and night, and hundreds of Calloway citizens have greeted me at the school houses where I have had appointments the past ten days, each appointment having been filled, and each time I have plead my cause the very best I knew how.

I beg the voters of this county to again understand that if this nomination I seek is for sale that I can not outbid a bank, that I am not financially able to send hirelings to each speaking appointment in automobiles to scatter political poison, but that I am depending upon the unpurchased and unpurchasable citizenship, men who place the man above the dollar, men who believe in a fair fight and a square deal for support and hundreds of such splendid citizens have pledged me their help.

With these few words of explanation, with renewed confidence in the people of this county and with the very kindest feeling toward each opponent whom I expect to outstrip on August 4th, I beg to say that the mule is still braying for feed.

Yours truly,

O. J. JENNINGS.

SELECTIVE ARMY HAS BEEN DRAWN AT WASHINGTON

Order for Liability for Service Established by Historic Lottery.

258 FIRST NUMBER OUT

Secretary Baker Takes Out Initial Number—Drawing Continues All Day Friday and Throughout Night.

Long List of Numbers Given in Order as Drawn, From Which Those Who Will Be Called to Serve in First Army Will Be Selected.

Washington, July 21.—The drawing for the big "I" Selective Army was not completed until early Saturday morning. The drawing began at 9:45 Friday morning, and continued throughout the day and night. Altogether 10,000 numbers were drawn from the big fish bowl. It was officially stated that the first 1,000 numbers drawn represented more than 1,000,000 men, and it is not considered probable that men representing any number drawn after the first 2,000 will be called before any exemption board for the first army. The first eight numbers were drawn respectively by Secretary of War Baker, Senator Chamberlain of the senate military committee, Congressman Dent of the house military committee, Senator Warren and Representative Kahn, ranking minority members of the senate and house military committees; Maj. Gen. Tasker H. Bliss, acting chief of staff of the army; Maj. Gen. Joseph Crowder, provost marshal of the army; and Major General McCain, adjutant general of the army. After the first eight numbers had been drawn the regular tellers took hold and worked through until the long task was completed.

In only a small number of the large districts with the numbers above a few thousand, and in some districts throughout the country the largest has something over 10,000 numbers, while the smallest has only about 185, and the average is about 3,000. As the drawing proceeded, 157 numbers were withdrawn before one low enough to affect the smallest district came out. It was 126, placing 4,557 men numbered 126 on the local list as 157th in order of liability.

The following list shows the numbers in the order in which they were drawn. The first number in each case represents the order in which the second, or red-link, registry number was taken from the bowl. Four numbers are given in each line. Beginning with the first number, which was drawn by Secretary Baker.

Have I Done Enough to Win?

By C. W. ADAMS

Look here! Mr. Voter man, Of Calloway County, Ky. I'm running for county court clerk. And I am sure I want to be lucky.

I've rode the county o'er. Each one and all to see; And asked in a friendly sort o' way, Your suffrage to cast for me.

I've made you think I'm awful good, With faults and aims but few; I'm honest now, Mr. Voter friend, I have them same as you.

I've kissed a hundred kids, And told a thousand lies; I've talked the current news, From politics down to flies.

I've made true love to 40 maids, And made them think I'm good; I've milked two doz'n cows, And split nine cords o' wood.

I've walked a thousand miles, Wore out four pair of shoes; I've had my pants re-gabed thrice, Or call it what you choose.

Yet, I don't propose to be unfair, If it takes that friend I'll lose; I'll stand pat for all that's right, If YOU ME NEVER choose.

My opponents, voter friend, Are gentlemen—each one; I'll treat them all just right, my friend, Until this race is run.

If I can't say a goodly word of each, I'll pull this stunt; I'll shut my mouth, be dummy once,

And play 'the pig,' just grunt. Now, Mr. Voter friend, If you can vote for me, On 4th of August coming soon, I'LL BE MOST THANKFUL.

Farmers, mechanics, railroaders, laborers, rely on Dr. Thomas' Electric Oil. Fine for cuts, burns, bruises. Should be kept in every home. 35c and 60c.

I have a nice line of new pictures from which to make selections.—J. H. Churchill.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat the cause by enriching your blood with the oil found in Scott's Emulsion which is a medicinal food and a building tonic, from the richest of any natural source. Try it. Scott & Bowne, Bloomfield, N. J.

THE WEARY WAY

Daily Becoming Less Wearisome to Many in Murray.

With a back that aches all day, With rest disturbed at night, 'Tis a weary way, indeed. Doan's Kidney Pills are especially for kidney trouble.

Are endorsed by Murray residents.

Mrs. S. A. Purdon, Price St., Murray, says: "Four or five years ago, I used Doan's Kidney Pills and from the good I received, I am glad to recommend them. They regulated the action of my kidneys and made me feel much better generally."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Purdon had. Foster-Milburn Co., Props., Buffalo, N. Y.

Dixie Theater.

There will be some extra good numbers at the Dixie Theater the remainder of this week. See Norma Talmadge Thursday night in "Social Secretary." Friday night, Pauline Frederick, in "Sleeping Fires." Same prices, 5 and 10 cents. Good music each night.

The program for Saturday night is exceptional. Virginia Pearson, in "Tortured Heart," and Chas. Ray, in "Pinch Hitter." They are even better than Theda Bara and Wm. S. Hart. Of course films of this kind cost more and the prices for Saturday night only will be 10 and 15 cents, but worth more.

\$1.50 for full reg. b. s. grade 1 Kelly Springfield buggy rubber tires.—Murray Saddle and Harness Co. 7192

Candidate for Jailor

ALLISON WILSON

As the campaign is drawing to a close, and as it has been impossible to meet and talk with a large number of voters. I take this method of again asking for your votes for the office of jailor, and if you see proper to elect me to this office, I promise to make you an honest, efficient officer, devoting my time strictly to the duties of the office. I believe that I am capable and qualified for the place, and I know of no one who will appreciate your vote more than myself. Again asking you to carefully consider my claims and give me your help, I am most Respt. Allison Wilson.

"The Roofing That Never Leaks"

THEY are the largest manufacturers of good roofing in the U. S. A. Their roofing is made on a wool felt base which is saturated with a Gilsonite Asphalt saturation, which is forced by air pressure through every fibre of the felt. The felt is then compressed making a strong durable base. This description applies to our smooth surface roofing as well as the crushed rock face surfaces.

Our 1, 2 and 3 ply Veribest and Durable roofing we place with you on the following conditions: A written guarantee of 5, 8 and 12 years. Coated well once within 18 months of application an inexpensive coating.

This roofing contains a high grade asphalt saturation and coating. It is fire proof, acid proof and weather proof, and is sold at a reasonable price. Crystal Top Roofing is surfaced on the weather side with crushed felspar which is firmly embedded in the asphalt material, forming the body of the roofing. The result is a granite like surface requiring no painting.

Furthermore, it presents a handsome appearance. There is no similar roofing on the market that can equal it either in durability or looks. Put up in one square rolls containing 100 square feet.

Samples of Roofing and Prices Will be Mailed to You Upon Request

Green Slate Surface Roofing

This grade of ornamental roofing is surfaced with a mineral containing a beautiful and permanent green shade. The mineral surfacing, while giving a beautiful green effect to the face of the roofing which will never fade or discolor, also furnishes at the same time a weather-resisting coating that can be depended upon for service for many years to come.

Green Slate Roofing is recommended for small homes, good barns or any class of buildings where an ornamental effect is desired at small cost. It is made on the heaviest wool felt used in best grades of roofing and is 32 inches wide, weighs 80 pounds per roll, complete with galvanized nails and cement.

Corn Passes Two Dollar Mark

White ear corn is selling on the Cincinnati market at \$2.02 per bushel. Measured by Kentucky standards, barrel measure, it is worth \$10.10 per barrel. This is in earload lots f. o. b. Cincinnati, and the price here for corn purchased in Cincinnati would be above \$10.50 per barrel. Despite the government forecast for a bumper crop there is little doubt that it will be worth near \$7.50 per barrel at shucking time, even if the most optimistic reports are realized.

Editor of the Ledger: I thought I would say a few words in regard to feeding the mule. It seems to me that after O. J. Jennings has spent as much time in the interest of the tobacco growers as he has and for the advancement of the tobacco association they are under some obligation to reward him, or in other words, feed the mule, and the people should be as anxious to hear his night speeches as they were to hear his association speeches. — A Legal Voter.

Important Statement Concerning Clothing Industry of the United States

The situation resulting from our country being at war has affected the clothing industry and values thereof so radically that we deem it our duty to give you the plain unvarnished facts in order that you may profit thereby. This information is given in good faith, and is based upon actual conditions and sound judgment. We give you the following authentic facts taken from a special report of the Washington Woolen Mills Company, Fredericksburg, Va.

"Medium and fine wools that go into the construction of woolen cloths for men's wear are today being sold at \$1.20 to \$1.50 per pound. They lose 25 per cent in being prepared to go into the cloth, which means an actual cost of \$1.60 to \$2.00 per pound when ready to go into the finished cloth.

"The United States Government in April, 1917, paid 50 per cent more for woolen fabrics than in December, 1916, for same.

"The wool on the sheep's back has been sold twice, first in cloth by mills to clothing manufacturers for the general trade for the coming fall and winter; and since March 1st to the U. S. Government to be used for military purposes.

"Notwithstanding that goods were first sold to clothing manufacturers, there can be no doubt as to who will get the fabrics. The mills from coast to coast are running day and night making clothes for the government, and the general trade or clothing manufacturer is being ignored."

Some months ago we realized that the present conditions were inevitable, and in order to protect our trade, as well as to conserve our business, our buyer made several trips East and has purchased outright for cash and for immediate delivery, sufficient yardage of fine wools to cover our needs for the coming fall and winter. These goods, being constructed of long staple wool, are far superior to the new goods that are being made. Our foresight and our willingness to invest a large sum of money will enable us to offer men's and boys' clothing at practically the same prices as heretofore.

Our Wondervalue Suits, \$10, \$12, \$13.50 and \$15 Our Supervalued Suits, \$16.50, \$18, \$20, and \$22

These goods are in the process of manufacture in our tailor shops, and are being delivered to us as each lot is completed. We have at the present time already received several hundreds of these suits, and to those who desire to anticipate their Fall and Winter wants, they can do so at a big saving, and have an immense assortment to select from. We will be glad to show these goods at any time to anyone whether he is ready to buy or not.

In conclusion we would suggest the early buying of such clothing as may be needed. The best advice we can give is to purchase your requirements for the next two years to come. Yours truly,

Judge Sellars Dead

Judge W. P. Sellars died last Monday afternoon at 1:30 at his home in this city. He was born in 1848 near Fulton and had lived in Fulton since 1897. He leaves a wife, one daughter, Mrs. Rufus Martin, Warren, Ark., Mrs. Chas. Clemmons, a daughter, and Allen Sellars, of Pine Bluff, Ark.; Clint Sellars, of Chicago, a son; Mrs. Latta, of Water Valley, a sister; and Rev. W. C. Sellars, of Memphis, a brother. — Fulton Wireless.

I have had some very badly decomposed bodies to embalm and have had pretty good success. — J. H. Churchill.

Still in the Race.

To the voters of Calloway county:

I am still in the race for jailer regardless of the reports that have been circulated about me pulling off, while I have been at home at work trying to pay expenses as I go. I expect to see as many of you as possible between now and August, but should I fail to see you I will appreciate your vote and influence.

I am qualified to attend to the duties of the office and will promise to keep your court house and jail in a clean, sanitary condition if elected, and I will also attend to the duties of the office without the aid of a deputy. I am not asking you to vote for me through sympathy, for I am able to attend to the duties of this office without help.

I want to say to you not to pay any attention to any report you hear said about me pulling off or selling out as I came into this race to stay until I am voted out. I am not charging any of my opponents of circulating this report on me, but I am charging it to some political crook, who is trying to damage me in my race. I came into this race clean and I am going through the race in the same way, for I had rather go down in defeat straight as to win the nomination unfair.

If you think I will make you a faithful officer, vote for me and I will appreciate your vote as much as any man in the race. With many thanks to you for past favors and will appreciate any favors shown me in the future. I remain,

George E. Rowlett
Candidate for Jailer.

GIRL'S STATEMENT WILL HELP MURRAY

Here is the girl's own story: "For years I had dyspepsia, sour stomach, and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckhorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL helped me INSTANTLY." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. — Dale & Stubblefield.

Attempt is Made on Mayfield Woman.

Mayfield, Ky., July 24.—An unknown man made an unsuccessful attempt to assault Mrs. Elsie Minton, wife of Lino Minton, Sunday night about 8:00 o'clock. Mrs. Minton had started for the grocery when a strange man grabbed her by the arm. Her screams frightened him away and she was unable to determine whether he was white or black. Soon several hundred people had gathered. Bloodhounds were brought and followed a trail for some distance, but without success.

Five Brothers Drawn in Army Draft

Rockford, Ill., July 25.—Clayton, Charles, Harold, Loran and Carl Herrin, brothers, of this city, were all drawn in the army draft.

Resolutions.

Death has again visited a home of our ladies aid, and the Angel has claimed the dear mother of one of our members, Mrs. Mary Blakeley, who departed this life July 11, 1917. Her kind loving disposition and sweet smiling face will long be remembered by those who knew her. Only three months ago she was present at the aid and seemed to

be enjoying the blessings of her precious Savior. We deeply sympathize with the bereaved daughter and grand daughters in their sad hour of bereavement. Therefore, be it resolved: 1st, that we commend them to bow with submission to the will of Him who doeth all things well. 2nd, that we, the ladies aid, of Dexter, sympathize and commend them to God of all grace and comfort. 3rd, that a copy of these resolutions be spread

upon the minutes, a copy be sent to the daughter and a copy to the Ledger for publication. Committee, Mesdames R. C. Robinson, C. E. Clayton, Mrs. M. L. Barnett and O. B. Shoemaker.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Catarrh is a local disease, it is curable. Catarrh is a constitutional condition, and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by J. A. Cheney & Co., Toledo, Ohio, is a constitutional remedy, it is taken internally and acts through the blood and the mucous surfaces of the system. One hundred dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists.
