A heavy vote in Marshall County is indicated in next Tuesday's general election. Politicians are forecasting a vote of anywhere from 5,500 to 7,000. Most of them believe the vote will exceed 6,000. Polls will open at 6 a. m. and close at 5 p. m. on election day.

Palma Will Play Kolb In Paducah

BY JACK PROCTOR

Some 200 fans braved a cold southwestern wind Sunday at Benton City Park to watch a double-header baseball game between Kolb and Palma.

Palma took the first game 7-3 behind pitching of Lynn Birdwell, the sharp fielding of Ronnie Powell and excellent outfield catches by Walters and Peek. Incidentally, Walters was hit by Lloyd in the first inning, and was hit again later going into second base. He almost had to leave the game.

Ken Nichols was out of the Palma lineup because of illness.

Kolb used three pitchers, but timely hits by Phelps, Peek and Walters gave Palma the easy victory.

In the second game, Kolb scored in the first inning. After the Kolb batters started getting to Birdwell, who was started by Coach Poe because of a shortage of pitchers, he was taken out in the second inning and replaced by Phelps. Kolb won 7-4.

Mickey Sullivan started for Kolb. Bruce Morgan hit a homer for Palma in the third, with Kolb at bat by four runs. Palma's last attempt was in the sixth. The bases were loaded when Roy Cuthbert hit a hard single over third base. The ball got beyond outfielder Shenwell, and three runners scored. But Cuthbert was thrown out at third.

Chili Hawkins hit a homer for Kolb. Leroy (Shot) Phelps was the batting star for Palma.

For the first time in 13 years, we have a big winning team, so let's get down to Brooks Stadium Sunday, Nov. 1, and give them some support. Game time is 1:30. Better take blankets and warm clothing.

Work Will Start In Spring on New Courthouse Annex

Construction of an addition to the Marshall County courthouse probably will begin next spring. This news came on the heels of a recommendation last week by the grand jury that Fiscal Court speed up plans to build the courthouse annex.

The proposed addition to the courthouse would be two stories high, with the county jail located on the top floor and offices on the ground floor. The annex would be built on the north side of the present courthouse, and would be tied into the present building. Brick and other construction work would match the present building.

Fiscal Court has been considering for some time a new addition to the courthouse, and has been laying aside funds for this purpose. It appears now that actual construction of the new building will start early next spring.

Here's what the county grand jury had to say about the courthouse in its report last Thursday:

"The general condition of the courthouse, courtrooms and offices is good.

"The jail is being maintained in as good condition as is possible considering the location and facilities with which the jailor has available to him. We do believe, however, that the location of the jail is not desirable, and the lighting in the jail very insufficient.

"We have understood during the course of our duties that some plans are presently being considered by Fiscal Court to construct an additional part to the courthouse on the north side of the present structure, in which a new jail and other quarters and offices will be provided. We are of the firm opinion that such an addition is badly needed and we would urge the Fiscal Court to proceed on this project with all speed possible."

Democrats Ready for Big Dinner

Marshall County Democrats made final plans Wednesday night for their countywide \$100-per-plate dinner to be held tonight (Thursday) at the Community Building in Benton.

Gubernatorial nominee Bert Combs will be the guest of honor at the dinner. Other notables on the state Democratic ticket are expected to be present as will Congressman Frank Albert Stubblefield of Murray.

After the dinner, Combs will make a major speech at 8 o'clock in the courthouse. The courthouse address is free and open to the general public.

All funds received from the \$10 dinner will be used for Democratic campaign expenses in Marshall County. This dinner originally had been scheduled to be held in Murray and later in Mayfield, and was to be a district-wide event. The Truman dinner in Paducah cancelled out those plans.

More than 200 are expected to attend the dinner in Benton tonight.

Masonic graveside services were scheduled.

GEESSE HUNTING WILL START NEXT SATURDAY

The hunting season for geese in Kentucky will open Oct. 31 and continue through Jan. 8, with a bag and possession limit of five. These limits, however, may not contain more than two Canada or its sub-species or two white-fronted or one of each.

The goose hunting season on Ballard County Waterfowl Management Area, however, will not open until Nov. 20 and will continue through Dec. 15, with the same bag and possession limit that applies to the entire state.

Shooting hours for geese are from sunrise to sunset during the entire season, except on the Ballard Refuge, where only morning shooting will be permitted.

The Life Of A Senate Lady

By MRS. JOHN SHERMAN COOPER

One of the many, many things that I have learned to love about this State is that it has a long memory. Kentucky keeps its everyday life and is never in too much of a hurry to forget its history. In the recent past, we have been to two events which illustrate what I am trying to say.

Every year the Tartars and Tarters hold a wonderful family reunion the last Sunday in September at the Pulaski County Park which is one of the big attractions of the year in this County. John Sherman's mother was a Tarter and therefore I was one of the 1500 people who were all related by blood and marriage.

Pulaski County Park is a beautiful place for a big gathering of people. It overlooks the new Cumberland Lake and the tables under the trees were crowded with parents and children who had come from all over the county and farther still for the great day.

Barbecue chicken is traditional, but besides that each of the Tarter and Tarter ladies bring eight or ten platters of their own specialties which transform a picnic into a feast.

I had the good luck to sit next to Mrs. Dawes and her country sausage, kidney bean salad and home-grown black raspberry pie were absolutely delectable.

The entertainment consisted of the Holt County Singers, Professor Lewis Adams' quartet, Sheriff VanHook's choir and Little Lanny Tarter who is the child wonder gospel soloist.

But what I enjoyed the most is the talk that my husband's uncle, Judge Roscoe Tarter, gives each year. The Judge possesses the special talent of making an annual barbecue into a historical event. His felicity of phrase and knowledge of everything that has ever happened in Pulaski County makes his talk a page of history that catches the imagination of everyone from the youngest to the oldest person belonging to the Tarter-Tarter

clan.

When we went to Barbourville the next week for the annual Daniel Boone festival, we found ourselves right back in the pioneer days.

The mountain town was crowded with thousands of people. Most of them were dressed in costumes of the period when the Cherokee Indians and the Kentuckians signed the Cane Treaty and smoked the pipe of peace together.

This festival lasted for two days. The young people, dressed in hooped skirts and leather breeches told me they had danced square dances all the night before.

We arrived in time to lead off the big parade in an open car with Mayor Buchanan and Ex-

Governor Sampson. It is very flattering to be in the head car, but it also has the disadvantage of not being able to see what goes on behind you, so I was glad when we could double back and stand on the street corner to watch the last half of the great parade.

There were wonderful mule teams, three wheel carts rolling along to the tune of the high school band. Indians with squaws and papooses, a horse-drawn sled and lots of coon-skin hats. In short, everything you could possibly imagine that would carry you back to the wilderness trail.

Maybe there are other states in the Union that keep step with the future without losing their feeling for the past, but to me in this respect Kentucky stands ahead of them all.

HUNT DEER IN CRITTENDEN

Kentucky's 30-day archery deer season, open in 34 counties this year, got underway Oct. 21 and will continue through Nov. 19, with either does or bucks being legal game.

Three new counties have been added to the hunting pasture this year—Harlan, Floyd, and Crittenden—and biologists report that a greater herd of deer is available than ever before. One deer per hunter during the season is the limit.

Friday Proclaimed UNICEF Day By Mayor Of Calvert

Friday evening little spooks and goblins, spacemen and witches will ring the doorbells of Calvert City and townsfolk will hear the familiar chant, "Trick or Treat for UNICEF."

Sponsored locally by the First Presbyterian Church and nationally by the U. S. Committee for UNICEF, the United Nations Children's Fund Halloween program will be carried out at the same time in some 10,000 other communities. Last year, more than two million American youngsters participated in the biggest project ever carried out by children to help children.

Every penny collected by the trick or treaters carrying the UNICEF milk cartons can mean glasses of milk for a needy child overseas, or the BCG vaccine to protect him from TB. A nickel's worth of UNICEF penicillin will cure a child of yaws, a crippling tropical disease.

The junior citizens of Calvert City participating in this program will meet at the First Presbyterian Church at 6 p. m. Friday. They will canvass the neighborhood escorted by adults, who are also volunteering their time. After the collection all will meet at the church for a Halloween party.

Mayor Duckett of Calvert City has proclaimed Friday as UNICEF Day in Calvert.

Contributions can be placed in the specially marked milk cartons on display at Calvert Bank, W. R. Draffen Store, James Draffen Mart, Nelson's Drug Store. These cartons will be picked up Saturday afternoon.

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 9:00 a. m. Central Standard Time on the 13th day of November, 1959, at which time bids will be publicly opened and read for the improvement of:

*MARSHALL COUNTY, S. 37 (2), SP 79-33 The Calvert City-Benton Road from US 62 extending northerly a distance of 3.192 miles. Grade, Drain and Bituminous Concrete Surface Class I.

The attention of prospective bidders is called to the prequalification requirements, necessity for securing certificate of eligibility, the special provisions covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 8:00 a. m. CENTRAL STANDARD TIME on the day of the opening of bids.

NOTE: A CHARGE OF \$2.00 WILL BE MADE FOR EACH PROPOSAL. REMITTANCE MUST ACCOMPANY REQUEST FOR PROPOSAL FORMS. REFUNDS WILL NOT BE MADE FOR ANY REASON.

Further information, bidding proposals, et cetera, will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids, and to waive technicalities.

"The Special Provisions for Highway Projects financed with Federal Highway Funds apply on projects carrying this symbol."

DEPARTMENT OF HIGHWAYS Frankfort, Kentucky, October 22, 1959.

BE SURE TO VOTE

VOTE for more industry—more jobs

Kentucky needs new industries, new business, to provide more jobs for our people.

Your Democratic Ticket is pledged, and is now making definite plans and programs, to help expand present industries and to secure new ones. Kentucky has advantages and resources that can and must be developed and "sold" to the Nation. Your Democratic Administration and Democratic Legislature will work in cooperation with local groups and leaders of all segments of the economy to produce for you. The Democratic team has the imagination and experience to accomplish this.

VOTE for better roads

Roads are the veins and arteries of any state. There can be no community progress without them.

One hundred cents' worth will be gotten out of every dollar spent for building and maintaining roads. Roads will be built according to sound engineering plans. The Highway Department will be the most efficient, hard-working, road-building department Kentucky has ever had.

VOTE for better schools

Your next Democratic Administration has a positive, practical program for improving education in Kentucky. It will provide more and better classrooms—additional provision for free textbooks—higher pay for our teachers—an enlarged program of vocational education—greater opportunities for young Kentuckians to attend college—an expanded Foundation Program. Inspiration and leadership are equally important, and these will be supplied in full measure. Our goal: better schools, better students, better citizens.

VOTE for economy in government

The Combs-Wyatt Ticket is committed to give you a thrifty, tightest administration, and the strictest economy in spending your tax money. This means better housekeeping in State Government—greater efficiency, and a dollar's worth of service for every dollar spent. We are committed to eliminate such unnecessary government agencies as the Court of Claims and the Advisory Highway Commission. In short, we promise you the most efficient and economical government that Kentucky has ever seen.

LETTER

Editor, Marshall Courier:

The Master Said of 100 ways to do any thing, there is but one right way. The way is not far removed from men. If a man pursues a way which removes him from men, he cannot be in the way. The treatment which you do not like for yourself you must not hand out to others.

The true ruler must not fail to cultivate himself; and, having it in mind to do this, he must not fail to honor and serve his parents; and having this in mind to do, he must not fail to have knowledge of men; and, having it in mind to do this, he must not fail to have knowledge of Heaven.

There are five things which concern everybody in the true society as also there are three means by which these five things are accomplished. To explain, the relationship between sovereign and subject, between son and father, between husband and wife, between elder and younger brother, and the equal intercourse of friend and friend. These five relationships concern everybody in a democratic society.

Knowledge, human heartedness and fortitude, these are the three means by which this power is made effective. These qualities are the spiritual power of "Unity."

That which Heaven entrust to man is called his nature. The following out of this nature is called the way. The cultivation of the way is called instruction in systematic truth. THE WAY, it may not be abandoned for a moment. If it might be abandoned it would not be the way.

things are nourished.

How do we know Heaven loves the people? Because it teaches them all equally. How do we know it teaches them all? Because the sun and stars shine on all; and, because it accepts sacrifices from them all. Without father and without Lord, we are as birds or beasts. (To be continued.)

Paul Barnes, airman at the Rushmore Air Force Station Rapid City, S. D., will return there the last of October and will take with him four-year-old daughter, Veronica Ann. He has been there two years. He spent two weeks here with relatives.

Mr. and Mrs. Java Baker of Route 7 were shopping in town Friday.

Elvin Baker, who is in Madisonville Hospital, spent the weekend in Draffenville with his family. J. S. White of near Calvert City was a business visitor in Benton Friday.

PANY

Uncle Ned ... From Dogtown

DEAR MISTER EDITOR:

The boys up at the country
store Saturday night was paying
their respects to the medical per-
fession. We got one feller that
sets in on our sessions pretty reg-
ular that ain't again fresh air,
shade trees, pure spring water
and wedded motherhood. Ever-
thing else he's again, and he was
giving doctors a hard time Sat-
urday night.

He allowed, for instant, that
you can't hardly git a doctor to
come out in the country no more

and when you go to town to see
one you have to set and wait so
long there ain't no chance of git-
ting the disease in its early stag-
es. He said his wife went to see
the doctor about a cold in her
head and afore he got to her it
had developed into double new-
monia.

Another feller said we wouldn't
n't have no country doctors in
another 20 year, just specialists.
He claims a country doctor treats
what you've got, and on the other
hand, in the case of the special-

ist, you've got what he treats.
I ain't knocking doctors, Mis-
ter Editor, but I did read not
long ago where a New York sur-
geon was asked by the court
what he operated on a certain
patient for, and the doctor said
he operated on him for what he
had—appendicitis and \$300.

Some of the fellers brung up
the rumor that the U. S. Weather
Bureau was going to git out
a booklet next year that would
give the weather forecast for a
whole year. It was voted unani-
mously that it ain't going to sell
unless they put in a few jokes
and cooking recipes.

Folks has got used to having
a little of everything in their al-
manacs and they ain't going to
change their reading habits for
the U. S. Weather Bureau. The
jokes and recipes is the main
thing, and the weather forecast
is secondary, especially if it's
coming out of Washington.

For instant, they're saying of-
ficial that we're in for a cold
winter but I ain't cutting no
extra fire wood till I have time
to git my Grier's Almanac down
and see fer shore what kind of
winter we'll have.

Them weather bureau folks
don't do none too good just fig-
gering it out from day to day,
and I ain't got much faith in
em on an annual basis. But Ed
Doolittle says he'll order one if
they put in a few jokes for him
and some cake recipes for his old
lady and that if they git cramped
fer space they can just leave
out the weather business.

Yours truly,
Uncle Ned.
