## Bulldogs End Season Friday With Princeton Ten Seniors Will Play Last Games Against Tigers

### SPRITS ARE HIGH

Ten Fulton Bulldogs will play their last game of high school football here Friday night against the Butler High Tigers of Princeton, Billy Murphy, end, who was injured early in the season, also will be lost by graduation next year.

The seniors who are expected to see action against the greatly improved Tigers are Don Samons, end; Ray Steele and Lloyd Grymes, tackles; Jack Browder and Hunter Whitesell, guards; Jerry Lowe, center; Billy Joe Forrest, quarterback; Danny Baird and Pal Boas, halfbacks; and Dick Mescham, fullback.

Both teams won last Friday night without too much trouble. Fulton shaded Mayfield 12-6 there and Princeton scored a 20-13 upset over a strong Sturgis eleven.

However, the Bulldogs' spirits are still high and they have been working hard this week in preparation for their last 1946 game. The post-victory slump that sometimes befalls teams is conspicuous by its absence, and Coach Goranoff and Carter hope to see their boys make Princeton the sixth victim in nine games.

Jimmy Franklin and Don Morgan are the sparkplugs in the Princeton attack, and may prove very troublesome Friday night. But the Bulldogs are counting on their ace passer, Billy Joe Forrest, to keep up his barrage of completed aerials that has turned the tide in practically all his team's contests to date.

Admission will be 75c for adults, 50c for students in the sixth grade or higher and 25c for other students.

Fulton now holds sixth place in the WEC and Princeton's two victories and five losses put them in 13th place. The undefeated Murray Tigers lead the loop, followed by Tighman and Mayfieldville, who have won seven and lost one. Murray and Russellville were responsible for two of the Bulldogs' defeats.

Standings of all teams in the conference are:

Team	W	L	T	PTS.	OPP.
Murray	7	0	0	211	31
Tighman	7	1	0	175	55
Russellville	7	1	0	179	70
Bowling G.	5	2	1	120	101
Owensboro	4	2	0	144	87
Fulton	5	3	0	228	79
Mayfield	5	3	0	22	72
Henderson	5	3	0	152	139
Marion	5	3	0	121	79
Hopkinsville	3	4	1	104	132
M'Field	3	4	0	91	116
Franklin-S.	3	4	1	101	104
Princeton	2	5	0	77	192
Sturgis	2	6	0	115	117
Providence	1	6	0	18	203
Trigg Co.	0	6	0	6	109

## L & N Traffic Is Delayed By Wreck Near Evansville

Evansville, Ind., Nov. 12—(AP)—Louisville and Nashville railroad traffic south of Evansville was resumed last night six hours after a freight car loaded with logs was derailed and landed crosswise of the track on the Indiana approach of the Ohio River bridge between here and Henderson, Ky.

There were no injuries and very little of the track was torn up, John H. Fish, superintendent of the Evansville division of the railroad, reported. He said the derailment resulted when the coupling on the front of the car broke and a piece of it fell on to the track.

## Case Of Missing Panties Brings Many Headaches To Oklahoma Police Clerk

Oklahoma City, Nov. 12—(AP)—The case of missing panties—316 pairs of them—prompted a veteran Police Clerk Earl Cunningham to cry for help.

After the arrest of a man with 316 pairs of women's panties stolen from a clothing store throughout the city, the ladies began telephoning Cunningham, clerk of the police station goods department, to see if their property was among them.

"I absolutely draw the line on describing women's underwear over the telephone," Cunningham told Police Chief L. J. Hillbert.

## YMBC Holds Social-Business Meeting Tuesday At Reelfoot

Thirty members of the Young Men's Business Club and four guests enjoyed a joint social-business meeting last night at Lakview Club, Reelfoot Lake.

Robert Burrow, club president, presided at a short business session in which the club welcomed a new member, F. W. Fry, and accepted for membership Grady Varden, Howard Strange, Wallace Shankle and Leon Hayden.

The YMBC also donated \$12 to South Fulton schools to be used in observance of American Education Week.

## Lowry Speaks At Carr School

Murray Social Science Head Discusses Proposed New State Constitution

Much interest in a new constitution for Kentucky was shown yesterday afternoon at Carr Institute when Dr. C. S. Lowry of Murray State College spoke to members of the East and West Fulton Parent-Teacher Associations, sponsors of the meeting, and other civic and social organizations.

Dr. Lowry outlined many of the faults of the present constitution, and said most of them were incorporated into the document in an attempt to prevent misuse of public funds. "Personal weaknesses of officers and political tyrannies have resulted in abuses of powers of such officers. People have become skeptical after seeing Hitler, Mussolini and other corrupt leaders in office," he said.

Dr. Lowry reminded his audience that any revision which would permit changes through the state government could accomplish more good also would give the government equal power to do evil.

He suggested that a government was good when it pleased the people and the officers serving in the government.

## Road System Called Vital

Kentucky Must Have Better Rural Roads, Dummit Tells Club

Lexington, Ky., Nov. 12—(AP)—Construction and maintenance of the highway system is one of the most important means of influencing the development of communities, the Lexington Kiwanis Club was told yesterday.

The speaker was attorney General Eldon S. Dummit, who said Kentucky needs good rural roads, among other things, to improve its position among states.

Declaring that "in many respects, the rural road problem is the key to our other problems," Dummit explained that while the state road fund averaged approximately \$20,000,000 a year, an average of only \$16,000 of this sum went to each county for rural roads.

He told the Kiwanians that improvement should be made in education, health and aviation and that the state must have more tax money.

## Burley Floor Is Destroyed By Fire

Mt. Sterling, Ky., Nov. 12—(AP)—The big burley tobacco warehouse here owned and operated by Don Melton, Florida resident, and Norman Swain, Durham, N. C., was destroyed by fire yesterday several hours before it was scheduled to open to receive the first of the 1946 tobacco crop.

## South Fulton Schools Hold "Open House"

Invitation Sent To 350 Homes To Visit Classrooms

### SPECIAL PROGRAMS

South Fulton schools are holding open house today for patrons of the school. Letters of invitation were sent to over 350 homes, requesting the parents to visit the schools today.

A special presentation of some classroom activities by the elementary school was done by the elementary and high school. Some of the materials were centered around the theme of American Education Week, Education for the Atomic Age.

Visitors at the school today were invited to have lunch in the school cafeteria. The school to the schools were the class officers of the junior and senior high school. All visitors were asked to register, visit the classes, attend the program, meet the teachers, have lunch in the cafeteria, and ask questions about the school program.

## Smuts Warns U. N. Assembly

Says He Will Take Over Southwest Africa If His Annexation Plan Fails

By Max Harrison  
Lake Success, N. Y., Nov. 12—(AP)—Field Marshal Jan Christian Smuts, Premier of South Africa, told the United Nations today that he was prepared to take over mandated southwest Africa by unilateral action if the general assembly refused to approve his proposal for its annexation.

Challenging Russia's assertion that the U. N. charter compels the placing of all former mandates under the trusteeship system, the 76-year-old South African leader declared:

"If the assembly does not view favorably the southwest African request for incorporation, then south Africa has no other alternative but to continue to administer the territory as an integral part of the union of south Africa."

He spoke as the trusteeship battle flared again, with a British declaration disputing Russia's contention that Palestine and all other league mandates must be placed under U. N. trusteeship.

British Representative Arthur G. Bottomley told the general assembly's 61 nation trusteeship committee that "there is no objection under the charter to bringing any territory under the trusteeship system."

## Lexington Market Will Receive Leaf Beginning Monday

Lexington, Ky., Nov. 12—(AP)—Burley tobacco will be received by Lexington's loose-leaf market beginning next Monday for the initial sale Dec. 2.

Sales supervisor Ben Bosworth said 22 warehouses with a capacity of 70,000 baskets will operate this year, requiring more than 11 days to complete the circuit.

Bosworth said the market will operate with five sets of buyers, with total sales restricted to 6,500 baskets daily—1,250 baskets to each set of buyers for the three-and-one-half-hour sales day.

## Western Airliner Reported Missing

Burbank, Calif., Nov. 12—(AP)—A Western Air Lines plane, with eight passengers and a crew of three aboard, was missing today—apparently in the snow-capped mountains north of there.

## OPA Death Expected To Help Balance Budget, Aid Business

Washington, Nov. 12—(AP)—While the collapse of OPA's price barriers will jack living costs up a few percentage points, government economists insisted today it also will:

1. Delay any business recession, and  
2. Help President Truman balance the Federal budget.

Despite widespread reports of surging prices, these economists predicted the general cost of living level will not climb more than 5 percent, and probably not that much, before stabilizing.

That compares with a 12.8 percent rise between V-J Day and mid-September—before OPA's decontrol movement went into high gear—and a 44.7 percent rise since this country went to war.

The 5 percent guess, made by one OPA economist, was considered too high by some other government experts interviewed today. The average price of goods sold over-the-counter might go up that much, they said, but if rents and such serv-

## Paducah-K. U. Suit Date Set

Appraisal Board Fate Will Be Decided During Hearing Opening Nov. 29

Paducah, Ky., Nov. 12—(AP)—A hearing has been set for Nov. 29 on one of the main issues in the city of Paducah's suit against the Kentucky Utilities Company—the question of whether failure of the Board of Appraisers to agree in the allotted six months means that the board should be automatically discharged and a new one appointed.

The city has filed suit to acquire K. U. properties here and the board was named in connection with the suit. The specified six months for the appraisal began last Dec. 11.

K. U. has alleged that the board could not agree and that the company should be released from its obligation to appoint its appraiser as ordered in an injunction action last year.

Circuit Judge Joe L. Price overruled the company's motion for release from the injunction, but the main issue was left unsettled.

## "Second Dillinger" Rayborn Given Life Prison Sentence

Louisville, Ky., Nov. 12—(AP)—A criminal court jury early today convicted Benjamin Rayborn, youthful self-styled "second Dillinger," on an armed robbery charge and fixed his punishment at life imprisonment.

"Unfair" was Rayborn's only comment on the jury verdict. He had maintained his innocence while testifying yesterday. FBI agents arrested him in Buffalo, N. Y., recently and he was returned here for trial.

Rayborn, 23, testified after being identified by two of the holdup victims as the leader of the five-man gang, which wore GI fatigue clothing and carried two M-3 sub-machine guns.

One victim, James Goodman, negro, said he lost \$3,500, while the other, James Ratliff, negro, said he handed \$1,900 to the robbers at the point of the guns. The robbery occurred near the P. Lorillard Tobacco Company's plant here.

At the time of the robbery last July 19, Rayborn declared he was visiting his wife in a hospital.

## Security Council Of U. N. Held Key To Spanish Case

Lake Success, New York—The recent action of the U. N. Security Council in dropping from its agenda, or order of business, the case of the Franco Government in Spain, calls attention to a little noted provision in the U. N. Charter which prevents the General Assembly from making

any recommendation with regard to a dispute or situation while the Security Council has the matter under consideration, unless the Council specifically requests advice.

It was due to this provision that the Delegate of Poland, Mr. Oscar Lange, wishing to press for action against the Franco Government in the General Assembly, first requested the Security Council to withdraw the matter from its agenda.

The provision in question is contained in Article 12 of the Charter. The second paragraph of this article requires the Secretary-General to notify the General Assembly at each session "of any matters relative to the maintenance of international peace and security which are being dealt with by the Security Council" and similarly to notify it "immediately if the Security Council ceases to deal with such matters."

It is evident that it might be undesirable for the Assembly to take up a matter threatening the peace of the world and to recommend a solution on its own so long as the Security Council already has the matter under observation and, possibly, is planning a different course of action.

Conflicting action between the two bodies in such a case conceivably might defeat all efforts to solve the problem.

## Breaks Left Leg While Right Leg Is In Cast

Vancouver, Wash., Nov.—(AP)—Eleven-year-old Leon Hutchenson broke his left leg while in bed with a broken right leg.

His right leg was encased in a cast. Unable to move it satisfactorily yesterday, he got his other leg under it and used it as a lever. A bone snapped, and he headed back to the hospital from which he had just been released.

## 100 Killed By Earthquake

Lima, Peru, Nov. 12—(AP)—Peru counted at least 100 known dead today in interior towns wrecked by earth shocks which began last Sunday and feared a higher toll might become known with restoration of smashed communication facilities.

## Snowstorm, Flood Strike Colorado, California Cities

By The Associated Press  
While Army weasels bucked through crusty Colorado snow drifts on mercy missions today, Southern California was tallying its number of victims as flood and snow isolated scores in the season's first big storm.

Near Denver, planes flew feed to snowbound cattle and sheep. Red Cross emergency headquarters were activated in Colorado Springs, and 10,000 head of cattle reported "trapped" in three feet of snow in Lincoln county.

## Leader Congratulates

Mr. and Mrs. W. J. Jefferys of Memphis on the birth of a son November 4. Mrs. Jefferys is the former Judith Hill.

## Big 5 Coal Owners Urged To Take Pits

### U. S. Makes Plea As Negotiations Draw Toward End

### WOULD AVOID STRIKE

Washington, Nov. 12—(AP)—The government called on the "Big Five" operators of the nation's soft coal mines today to come to terms with John L. Lewis and take back their federally operated pits.

With only three days left for further negotiations—and eight days before the expiration of the November 20 deadline set by Lewis—the administration thus sought to avoid a repetition of last spring's paralyzing coal strike.

Lewis has stated flatly that the present government-union contract covering his 400,000 miners would be "void" on November 20 unless his demands are met for a new pact. Under Lewis' formula, he would give five days advance notice on Friday of his intention to scrap the current agreement.

Industrial is Short  
With time running out, an industry spokesman declared meanwhile that the country's major steel companies have been caught short on coal supplies.

The industry officials told a reporter that U. S. Steel Corporation had only a two-week supply, Jones and Laughlin 10 days, and Youngstown Sheet and Tube a week.

In rapid succession, Secretary of Interior J. A. Krug scheduled an conference with representatives of the "Big Five" operators and then with Lewis himself.

At the initial conference Krug was expected to broach the possibility of an agreement between the operators and Lewis, and then take up directly with the miners' boss.

Not Too Hopeful  
Commenting on the outlook, Edward R. Burke, president of the powerful southern coal producers association, said:

"It doesn't look too hopeful, but it is the only sensible thing to do."

The government has been running the 2,500 soft coal mines since last spring's strike, when Krug and Lewis made a contract putting the miners to work for the coal mines administration.

Burke's opposition centers on three features of the Krug-Lewis agreement: (1) the unionization of supervisory workers, (2) the five-cent royalty on each ton of coal for the union welfare and retirement fund, and (3) the federal mine safety code.

It was Burke's rejection of the Krug-Lewis agreement in September which resulted in an indefinite recess in the government-sponsored negotiations between the miners and operators.

Lewis and his miners' convention last month refused to sanction a contract with the rest of the industry, leaving the southern group out.

Burke indicated before the start of today's session with Krug that his group remained as firm as ever in opposition to the three features of the government pact.

## Building Communities

Third In Series Of Articles In Observance  
Of American Education Week  
By C. D. Willard

**Supervisor of County Schools**  
This is American Education Week. Throughout the entire length and breadth of our country the forces of intelligent interest will be turned to the schools of America. God grant that the result will be a nationwide comprehension of the vital part education must play in this new day of the "Atomic Era," and a universal demand that the job be done and the start be made immediately.

This new day of which we speak has seen a shift in the world's economy. The schools have had much of their best personnel taken into other fields. The drain is still going on. Teachers are resigning every day to take jobs more satisfying and attractive. Young people are not preparing to teach. Teaching, the most exalted of the professions, is being considered the most un-inviting by those who are casting around for the life's work. This can not continue to be the practice if Education is to meet its new responsibility. The profession of teaching must have all the attractions of the other comparable professions if it is to challenge people with superior ability and qualifications.

The Tennessee Education Association's three-point program is merely a beginning. It may result in checking the present drain, but is insufficient to attract the type of personnel necessary to adequately do the job.

Let us set forth, without elaborating, a few things essential to a satisfactory teacher clientele:

1. A salary comparable to any skilled profession, for 52 weeks in the year, with tenure protection, and with adequate retirement.
2. Classes that are not too large—18 to 20 pupils.
3. Time within the school day for planning.
4. A forty-five hour work week.
5. An adequate amount of helpful and constructive supervision.
6. An adequate amount of good teaching material.
7. A situation in which to work which can be made pleasant and appropriate for the task.
8. The privilege of personal liberties which other respectable citizens assume for themselves.
9. A period of guided internship.
10. The privilege of a realistic program of in-service training.
11. To be an active-participant in modifying the curriculum and formulating school policies.
12. To work in a system which recognizes growth and competent service.

It has always been a demonstrated fact that the teacher is the most important factor in the teaching-learning process. Education in a new world order, in which our democracy is surrounded on every side with communistic and totalitarian doctrines, must be alert and efficient. This type of teacher must be attracted by a profession which offers more than sacrifice, poverty and insecurity. This warning is coming from every source and quarter of our country which sense the need of these days.

In a democracy like ours, the need will not be met until our citizenship want it, demand it, and are willing to assume their share in it. We challenge every good citizen to think it through.

## Overtime For Santa

Chicago, Nov. 12—(AP)—Santa Claus is going to work overtime at the museum and amuse and industry.

"Merry Christmas" in 18 languages will ring through the halls of the museum beginning Nov. 30 at the annual "Christmas around the world" pageant.

More than 100 organizations will take part in the festival, which is to continue through the first half of December, with each day dedicated to one or more nations.

## The People's Choice

Mankato, Minn., Nov. 12—(AP)—Sheriff-elect Erwin F. (Mickey) Date says that since his election a week ago he's been kept busy answering telephone calls.

And, he said, not all of the callers were congratulating him on his election as Blue Earth county sheriff.

Most of them wanted to rent his apartment when he moves into the sheriff's quarters in the county jail.

## May Investigate Bilbo Campaign

Washington, Nov. 12—(AP)—The special Senate campaign investigating committee is expected to decide tomorrow whether to proceed with a full scale investigation of Senator Bilbo (D-Miss.).

Senator Bilbo's opponent (D-La.) a member of the committee, told reporters he had received notice of the meeting.

## The World Wonders

By J. M. Roberts, Jr., AP Foreign Affairs Analyst

The avidity with which the world grasps at the slightest conciliatory gesture from Russia provides its own commentary.

There is no way of knowing what Mr. Molotov means with his statement that Russian and American views on disarmament can be harmonized.

If Russia is coming around to the view that arms reduction means more than ideological expansion, that atomic control is a far greater safety factor than strategic position outside her borders, that peace through submitting to inspection is worth more to her people than the concealment of any communal shortcomings or depletion by war, then the statement means a great deal.

American delegates to the United Nations have been hoping all along, of course, that a day would come when Russia and the western world would agree on some point wholeheartedly, and thereby break the log jam. And everybody feels, of course, that if disarmament could be effected it would sweep away all the fears which hold the nations apart. That's why all the enthusiasm over the Russian proposals.

Mr. Molotov's statement Monday night was on a different plane from the one at the opening of the United Nations assembly. It was more in line with Stalin's statement that there can be international control of atomic power. To that extent, Molotov offers measures for hope. Russia's final stand on such guarantees as inspection will really tell the story.

## Can't Be Too Careful

It has been conservatively estimated that more than ten million sportsmen will hunt this fall and winter. Almost all of them will return home to dine on their kill of game. But hundreds, even thousands, will have marched out to their death—through their own carelessness or that of others in handling guns.

Kentucky hunters have not really opened up yet, but already accidents and fatalities have cropped out during squirrel and dove hunting, preliminary to the opening of the main season on rabbits, quail, ducks and other species.

Director Earl Wallace of the Division of Game and Fish pointed out today that due to increased hunting pressure this fall, every hunter, expert or novice, should practice all safety rules in the field, both for his own protection and that of others.

The annual toll of hunting fatalities may be comparatively small considering everyday risks of life. A sad note, though, lies in the fact that almost without exception every hunting accident is avoidable with proper precaution.

Among the common causes of accidents are clogged gun barrels, which can occur almost unnoticed while tramping the fields during a day's hunt. Barrels should be checked before firing or periodically during a hunt—but should be checked only from the breech end!

Many foreign-made guns are brought home by servicemen as war souvenirs. Before they are used for any purpose they should be thoroughly tested and checked by an expert to determine if they are safe to use, and the proper shell to be fired.

Remember: handle your guns with care and never point at anything you don't intend to shoot; while walking in the fields, keep your gun pointed toward the ground, or away from other hunters; be sure to use precautions when climbing fences—it is best to unload; and above all, don't make alcohol your hunting companion.

## Strictly A Family Affair

Chicago, (AP)—Harold Barnard was divorced by his wife Ruth yesterday but his mother-in-law is going to continue to live with him.

Mrs. Barnard's mother, Mrs. Lucy Clement, told Superior Judge U. S. Schwartz she decided to live with her son-in-law, rather than with her daughter, and take care of the three Barnard children.

Mrs. Barnard, who won the divorce on charges of desertion, had asked that custody of the children be given her mother. Barnard, a bus driver in Hammond, Ind., agreed to pay Mrs. Clement \$20 a week.

although the office of Senator Elender (D-La.), the chairman, reported he was out of town. The committee has received allegations that Bilbo, through public utterances, tried to intimidate negro voters from going to the polls. They were filed by Edgar G. Brown, head of the National Negro Council, and others.

More than 60 pressure suits have been purchased by sewers in Simpson county, and fuel, food value and time.

## President Starts Work On New Legislative Program

Washington, Nov. 12—(AP)—The White House reported today that President Truman has begun work on the legislative program he will submit to the new Republican-controlled congress in January.

The President's proposals will be outlined in his annual message.

Every day, 28 people in the United States die by fire.

## THE DOOLITTLES

## Social Happenings

### MESSAGES OFFERED AND HAMMETS HONORED

Mrs. H. W. Ruddle and Mrs. Norman Bennett were joint hostesses Tuesday evening at the home of Mrs. Ruddle on College street honoring Messadames Gordon Opperud and Horace Hammett, who are joining their husbands in Memphis to make their home. A pot luck supper was enjoyed by those present. The evening was spent in games by the younger set.

Those enjoying the evening were the honorees, Mrs. Hammett and Mrs. Opperud and daughter, Frances; Mrs. Leon Hammett and daughter, Agnes; Mrs. Della Todd, Mr. and Mrs. Bruce McRee and son, Billy; Mr. and Mrs. Hubert Payton, Mr. and Mrs. Paul Bennett, Mr. and Mrs. Ernest Willey, Mr. and Mrs. Norman Bennett, Mary Jo and Patricia Willey, Adell Henderson, Joan Bradley, Martha Ann Gore, Maxine Stoker, Eunice and James Bunn Stoker, Mr. and Mrs. Wallace Riddle and daughter, Carolyn Ann; and Mrs. H. W. Ruddle and sons, Lloyd, Earl, Jimmy and Bobby.

### WEST FULTON PTA MEETS

The West Fulton PTA met Tuesday afternoon, November 12, at Carr Institute auditorium with Mrs. Wales Austin, president, presiding. The invocation was given by Elder C. L. Brown. Miss Nell Warren presented her girls sextette in two vocal numbers. The sextette is composed of Misses Jane Shelby, Shirley Houston, Betty Ann Davis, Marilyn Lynch, Elizabeth Ann Roper, and Jackie Basc with Miss Carmen Figue as accompanist.

Mrs. Austin introduced Wilson Gantt, principal of Fulton high school, who in turn introduced Dr. C. S. Lowry who spoke on "The Advantages of a New Constitution for Kentucky." Dr. Lowry's speech was enjoyed by a large group of citizens including members of the Terry Norman PTA, who came in a body, and several guests from the South Fulton PTA. The auditorium was attractive with fall flowers.

Mr. Towell Harrison had charge of arrangements and Messadames J. C. Hancock and H. G. Butler gave the flowers. The attendance award was won by Miss Elva Lowe of fifth grade.

### WOMAN'S FOREIGN MISSIONARY SOCIETY MEETS

The Woman's Foreign Missionary Society of the First Nazareth Church met Tuesday in the home of Mrs. Mary French on Church street with nine members present. Mrs. A. B. Stoker, president in charge, conducted the morning devotion. The Scripture lesson was St. John, the 14th chapter.

Minutes of the last meeting were read and approved. The usual business session followed. A well prepared pot luck lunch was enjoyed by the members and six visitors. The afternoon was devoted to the Society's study book, "Let Us Look At India" and was conducted by Mrs. Earnest Willey in the absence of Mrs. Sam Hibbs who is superintendent of study. The meeting was adjourned to meet in December with Mrs. L. Hamrick.

### MIDWINTER FINCH

In a simple and impressive ceremony, Miss Edna Earl Midwint, daughter of Mr. Paul Midwint and the late Mrs. Midwint, became the bride of George W. Finch, son of Mr. and Mrs. Henry Finch, Route 2, Sunday afternoon, November 10, at the home of the bride's father, in Oxford, Mississippi. The double ring ceremony was read by Rev. Bernier, of the Baptist Church in Oxford.

The bride was attractive in a light-blue wool dress trimmed with gold with which she wore brown accessories and a shoulder corsage of yellow rose buds. Her only ornament was a tiny all-around straggled cross belonging to her aunt.

Mrs. Earl Forsee, Jr., was maid of honor. She wore a blue velvet dress with brown accessories and a corsage of pink rose buds. Mrs. Ruth Beck, of New York, the bride's aunt, wore gray crepe with black accessories and a corsage of pink carnations.

Mrs. Finch, the groom's mother, wore black crepe with black accessories and a corsage of white carnations. Henry Finch, brother of the groom, served as best man.

Following the ceremony a reception was held, after which the couple left for an announced wedding trip. On their return they will be at home on Route 2.

### HOMEMAKERS TO MEET

The Palestine Homemakers Club will meet with Mrs. Gus Browder at her home on West State line Friday, November 15, at 10:30. The lesson will be on hooked rug making.

### PERSONALS

Mr. and Mrs. B. F. Huff have returned from a visit with relatives in Mt. Vernon, Ill.

Bills Beggs and Jack Graves left this morning for Rose City, Mich., to visit Don Karcher. From there they will go to the Karcher camp in the northern woods deer hunting.

Mrs. Sam McDaniel of Pierce, Tenn., spent yesterday with her daughter, Mrs. Frank Allen in Knoxville.

Mr. and Mrs. Everett Russell left for their home in San Antonio, Texas this morning after visiting Mr. and Mrs. M. I. Boulton for several weeks.

Frank Cole is improving after being confined to his home last week.

Miss Betty Sue Houston of Memphis is spending several days with her parents, Mr. and Mrs. E. N. Houston, at their home on the Union City highway.

Russell Johnson spent Sunday and Monday in St. Louis at market.

### Charleston Rector Takes Owensboro, Ky., Church

Charleston, W. Va., Nov. 12—The Rev. Ben W. Tinsley, rector of the St. Matthews Episcopal Church of Charleston, has announced his acceptance of the leadership of Trinity Episcopal Church at Owensboro, Ky.

## 1896 Gown for 1996 Queen

Out of her grandmother's cedar hope chest comes the gown which Lois Rusco of Chicago will wear to Jackson Park Yacht Club's 50th Anniversary Ball. The gown was worn first at the club's opening dance in 1896. Lois, who is 14, expects to be queen of the 1996 Anniversary Ball in 1996.

## Dreaming Dad Kills His Girl

Arkansas Man Blames Nightmare For Fatal Blows To Son's Child

Arkadelphia, Ark., Nov. 12—(AP)—Victim of a nightmare in which her father dreamed he was having a fight, three-year-old Joyce Pollard died under the heel of his blows early Tuesday, Sheriff W. T. Matlock reported.

The father, Wilford Pollard, 25, told the sheriff and a coroner's jury that in the dream he found himself trying to ward off attackers, but that he remembered nothing when he awoke.

he said, he was standing over the battered body of his daughter.

The child's skull had been fractured, and her right hip broken. Mrs. Pollard, who slept in the same room, did not awaken during the commotion.

The coroner's jury took no action but at the suggestion of a physician consented to have Pollard placed under observation at a state or private hospital. Relatives said Pollard had been a victim of sleep walking for years and was injured 15 months ago in a dynamite explosion while blasting stumps.

There are 25,000 barn fires in the United States annually.

## WINGO NEWS

Mrs. Harry Dix of New York City is visiting her parents Dr. and Mrs. Stanley Mullins.

Mr. and Mrs. Harry Fite have returned home after visiting in Detroit, Mich.

Mrs. Leonard Hawkins of Arlington is visiting her mother, Mrs. Arvin Jackson.

## The Sports Mirror

(By The Associated Press)  
Today a year ago—Col. Emory E. (Swede) Larson, former Navy football coach, was buried with full military honors in Arlington National Cemetery.

Three years ago—Don Burnham, Dartmouth, won individual IC-4A cross country championship at New York.

Five years ago—U. S. team won International Military

Challenge trophy, defeating Cuba in jump-off at National Horse Show.

Ten years ago—Yale, trailing 0-16 in the second period, was led by Larry Kelly to 26-23 victory over Princeton; Pitt defeated Nebraska 19-6, Notre Dame whipped Army 20-6.

It is estimated that income from sorghum produced from about 1,500 acres of cane in Morgan county will reach about \$400,000.

## Sports Roundup

By Hugh Fullerton, Jr.,  
New York, Nov. 13—(AP)—

The United States Golf Association is polling the competitors in the 1946 amateur championship as to whether they'd like to have the tourney returned to all match play.

Recalling the comments heard at Baltusrol, this corner's guess would be that most of the top players would be against it. They had enough trouble with those 18-hole "sudden death" rounds as it was without adding one or two more. Likewise, the best amateurs got that way by competing against the pros in medal tournaments—Cary Middlecoff and Frank Stranahan even won over the pros—and a lot of them merely "play the card" and figure if they have good enough medal scores, they'll win the match, too.

## Deep Reverse

Although Alabama U. and Auburn haven't met in football since 1907, it was Bama that developed a top-flight passer for its intra-state enemy. Back in 1935, ten-year-old Travis Tidwell listened to the radio accounts of Dixie Howell's passes to Don Hutson in the Alabama-Stanford Rose Bowl game and decided he wanted to be a great passer like Howell.

The pop bought him a football and Travis, as you may have heard, developed into a star football pitcher. But instead of following Howell and his old high school teammate, Harry Gilmer, to Bama, Tidwell decided to do his throwing for Auburn.

Newsies Before Your Eyes

Newsies of the Army-Notre Dame game indicate there may be some support for Bill Gomer's claim that he made first

down for the Irish near Army's goal before he went out of bounds. But Army wouldn't permit any slow motion pictures to be taken so it's hard to be sure what happened.

## Cleaning The Cuff

Texas A. and M. finally busted an Arkansas U. football guy when it beat Southern Methodist last Saturday. Up to that time every team that had played the Forkers had been beaten the following week.

The new regulations about ticket sales for Garden basketball games make it tough on old guard who'd like to take the twins to a game. Alumni are permitted to buy only two tickets to a game, but if the demand isn't too heavy, public sales can go as high as four to a person.

## Chase Futurity To Be Finished Today

Paris, Tenn., Nov. 13—(AP)—Futurity candidates for fame in the chase futurity of the National Fox Hunters Association fields trials went on today for their final day's work today as preparations began for Thursday's opening cast of the all-age trials.

Scene of today's activity was Camp Tyson, deserted military reservation west of Paris, where foxes are reported abundant and where roads, earlier impassable because of rain, have dried considerably.

Rapid changes of the lead in the opening days of the futurity indicated today's trials might find any one of many entries claiming the title. In top position at dawn, however, was Flapjack Hill entry by Mose Hill of Waco, Ky.—Leader by virtue of a brilliant day's performance Tuesday which netted 100 points, bringing the bitch's total to 175.

## Georgia, Auburn Have Long Lists Of Injured This Week

(By The Associated Press)

It may be that the men who won't play in the Georgia-Auburn southeastern conference game at Columbus, Ga., this Saturday will have about as much to do with the outcome as the men who will.

Injured lists at both schools are fairly long and include some of the big names on both squads. They may be used to play but probably will be able to do so only in a limited way.

At Auburn, Freshman Ace Travis Tidwell is nursing a bruised shoulder and Right Halfback Bill Wilson has an ankle injury.

At Athens, Coach Wally Dotson says Jack McPherson, senior fullback, "looks ready" for the tilt but probably will be in action only part time. Charlie Trippi, Georgia's great back who has played most of the unbeaten Bulldogs' last two games, also may be expected to get some rest if possible.

Georgia Tech Coach Bobby Dodd was worried over the general condition of his squad, uncertain since its opener against Tennessee, but "just too tired" after five major games in a row. Tulane, a big team with lots of good runners, is "good, getting better all along and is going to be great," he added, admitting that "we've got to come back mentally and physically before we have a chance to win."

Tulane Coach Henry Franks was none too happy over his situation, either. He has one regular tackle, 240-pound Howard McCauley, out for the rest of the season with a broken jaw and two others, Vic Klein and Arthur Porter, listed as doubtful starters.

Another conference game which pits Alabama against Vanderbilt in Birmingham saw Bama Coach Frank Thomas working hard to correct errors made in its pasting attack last week in the game with Louisiana State which scored two touchdowns on pass interceptions.

Looking impressive in a defensive scrimmage against Miami University plays yesterday, the Louisiana State Bengals planned a final home victory today before heading for Florida by plane Thursday morning. The team met Friday night in the Orange Bowl and Miami Coach Jack Harding said his Hurricanes were "not conceding victory by any means—we'll be ready and you can bet your life on that."

Coach Bob Voland of Tennessee pushed his Volunteers hard to perfect a defense against Boston College's 7-formation. Mississippi, which scared the daylights out of the Vols last Saturday,

day, used the same formation in registering 18 first downs.

At Gainesville, Coach Ray Wolf set his Gators to work plunking. The Floridians met Villanova there Saturday.

## W. Virginia Preps For Cats

Expected To Start About Same Lineup As Used Against Fordham Sat.

Morgantown, W. Va., Nov. 13—(AP)—West Virginia's football team, minus serious injuries after Saturday's encounter with Fordham, was down for full-scale drills today in preparation for next Saturday's tilt against a strong University of Kentucky.

Coach Bill Kern said the line probably would remain unchanged with the exception of Andy Clark, regular end, who will replace Jim Moran. Clark missed the Fordham game because of injuries suffered against Navy. Kern said Guido Devecchis, who teamed up with Bud Freese to account for the mountaineers' offensive drive in their first victory over the Rams since 1923, probably would see plenty of action but will not start.

## Labor Market Information

Highlights of Mayfield Area, including Fulton County

Gains in employment continue. Employment will rise at an accelerated rate if more materials become available.

Entry wage rates for men and women compare favorably with those in other areas in the state.

Employment rise of 5.3 percent since September.

Employment rise of 5.2 percent forecast by twenty major firms by December.

Turnover rate 3.8 percent.

Female employees make up 69 percent of total employment in twenty major firms in the area.

Entry wage for common laborers in area ranges from 40 to 70 cents per hour.

## Employment Trend

Employment as listed by twenty major firms in the area amounted to 3,218, including 2,215 women, in mid-September.

Employment in the same firms by mid-October was 3,390, including 2,334 women. Thus an employment rise of 5.3 percent was noted.

Female employees in these firms make up 69 percent of the total employment.

An anticipated increase in total employment of 5.2 percent is forecast by December. This rise is reflected for the most part in employment for manufacturing industries. Non-manufacturing industries anticipate rather stable employment during the next month. It is difficult to forecast future labor requirements accurately because of material shortages. In most cases forecasts are based upon the assumption that required materials will be available as needed.

Construction in the area is limited principally to small buildings. When construction materials are available a sharp rise in employment is anticipated.

## Labor Demand

It is expected that 175 workers will be needed for increase in employment in major firms during the next month. Additional workers will be needed to replace turnover, which averages around 3 percent. Demand at reporting firms is principally for unskilled men and semiskilled sewing machine operators.

A study of the occupational distribution of unfilled job openings at the end of October revealed that 29 percent of all openings were in the skilled group, 21 percent in the semiskilled group, 21 percent in clerical and sales group, 17 percent in the professional and managerial group, and 12 percent in service occupations.

Labor Supply

At the end of October the local office had on file 3,118 active applications.

The word "sugar" applies to more than 100 substances, having distinctive properties.

## 8 State Champs To Qualify Direct To Diamond Meet

Wichita, Kas., Nov. 13—(AP)—

Eight state champions—from Washington, Oregon, California, New York, Florida, Texas, Oklahoma and Kansas—will qualify direct to the 1947 National semi-pro baseball tournament here next August, the National Baseball Congress announced today.

Forty other states have been zoned for bi-state playoffs qualifying the winners to the national event, the congress added.

State champions to be paired in the 20 bi-state playoffs include:

South: Mississippi-Louisiana; Alabama-Georgia; North Carolina-South Carolina; Virginia-West Virginia; Kentucky-Tennessee.

## Week's Lineman

New York, Nov. 13—(AP)—

Joe Steffy, army guard, smeared Notre Dame men all over the place in last Saturday's "game of the year" at the Yankee Stadium. For his stellar performance the cadet from Chattanooga was named today as the lineman of the week in the sixth Associated Press weekly poll of the season.

## Farm Income 58 Cents Per Hour in 1943

American farm operators in a recent year received an average net income of \$2250, as compared with the \$2434 in wages earned by workers in steel mills, according to figures released by the American Iron and Steel Institute and the United States Department of Agriculture. During the base year of 1943, workers in steel mills worked an average of approximately 2240 hours, while farm workers averaged more than 3900 hours during the same period.

The farmers' income in 1943 figures out to an average of about 58 cents per hour of work, compared with slightly less than \$1.34 per hour paid in the same year to the man working in a steel mill.

The net income of about 5,400,000 farm operators was made possible by an investment in land, buildings, machinery and equipment in excess of \$36,000,000,000, of which more than 3 billion dollars represents an investment in labor-saving machinery and equipment.

Farm requirements for machinery and tractors are mounting and will approximate 736 million dollars in 1946, according to estimates.

FOR SALE: Rite-way milking machine, double unit. Used less than 30 days. Reasonable. Charles Powell, Phone 1087-W. 269-3tp.

## Cayce News

Mrs. Walter Bequette is in the Union City Clinic following an appendectomy operation. We are glad she is improving nicely.

Mr. and Mrs. Charlie Sloan visited Mr. and Mrs. Fred Baranway of Union City, Tenn., Friday.

Mr. and Mrs. John Fleming of the Sylvan Shade community spent Tuesday with Mr. and Mrs. J. N. Fleming.

Mrs. Neal Scarsie visited her daughters in Memphis, Tenn., a few days last week.

Mrs. Pearl Fisher and Mrs. Annie L. Sloan and Eddie Jean of Memphis, Tenn., spent Sunday with Mr. and Mrs. A. Simpson.

Several from here attended the wedding of Miss Betty Bailey and Carl Billie Harrison in the Cumberland Presbyterian Church in Fulton Sunday afternoon.

Rev. and Mrs. Boykin attended the Methodist conference in Humboldt, Tenn., Friday and Sunday.

Mrs. Carrie Campbell of near Hickman spent a few days last week with Mr. and Mrs. Dood Campbell.

Little Patricia Mosier, who has been real sick in Jones Clinic in Fulton is improving and able to be brought home.

Miss Margaret Jones of Memphis, Tenn., is visiting her parents, Mr. and Mrs. Sam Austin Jones.

I regret that Bro. and Mrs. Boykin have moved to Columbus, Ky., we have enjoyed them so much this year. Bro. S. B. Jones will fill his place. Bro. Jones was a chaplain in the Army.

## Man Freed Of Murder Charge In Leeper's Death

Lake Charles, La., Nov. 13—(AP)—The fatal shooting of Robert Leeper, 48, of Smithland, Ky., last Friday night has been held justifiable homicide by a jury summoned by Dr. E. L. Clement, Clacaseu Parish coroner.

Ernest Depriest, 35, Paducah, Ky., held in connection with the shooting, testified at the inquest that he shot Leeper after the latter attacked him with a knife during an argument over settlement of a debt.

The shooting occurred at a tourist court six miles west of Lake Charles, where Depriest told the coroner's jury that he and Leeper had roomed together for the last month.

## Livestock Market

National Stockyards, Ill., Nov. 13—(AP)—(USDA)—Hogs 5,500; market active; good and choice 170-300 lbs. 24.25-50; 50-75 cents higher than Tuesday's average; top 24.50; lighter kinds 1.00 higher at 23.00-50 for 100-150 lbs.; sows 50-75 higher at 23.00 for all weights, good light stags largely 18.00; heavy downwards to 17.00 and occasionally below; medium and heavy hogs 15.00-18.00; light boars under 200 lbs. 14.00 and higher.

Cattle 5,200; calves 1,500; market opened fairly actively; mostly fully steady; medium to average good steers 18.00-24.00; some held considerably higher; few common 13.00-15.00; medium to low good heifers and mixed yearlings mostly odd lots 16.00-21.00; common ranging down to 12.00; common and medium beef cows 11.50-14.50; canners and cutter 9.25-11.25; few down to 9.00; medium and good sausage bulls 12.00-15.50; few good beef bulls 16.00; cutter and common 10.00-12.00; choice vealers 28.00; medium and good mostly 18.00-26.00; cull and common 10.00-14.00.

Sheep 3,000; a few sales good and choice lambs 24.00 to putchers and one major packer; fully steady with Tuesday.

## Paducah Manager Spikes Rumor Of New City Council

Paducah, Ky., Nov. 13—(AP)—City Manager Charles A. Williams has spiked a rumor that Adrian H. Terrell might be replaced as Paducah's corporation counsel.

Williams said yesterday that he contemplates no change in the position of corporation counsel, but said he had no comment in the case of Rudy Stewart, city clerk and alcoholic beverage administrator, who revealed that he had been given a choice of resigning his position or being dismissed.

Stewart did not say whether he would resign or allow Williams to dismiss him.

## In Kentucky

Frankfort—The board of veteran examiners has been sustained by Gov. Blanton Willis in refusing to grant a license to Dr. Samuel C. Reed, Danville. The governor's sustaining order said the Danville man took the examination last August, but was denied a license by the board because he failed to make the minimum 60 percent mark required by law.

Louisville—With an increased supply of merchandise, operators of Louisville stores anticipate an increase of 10 to 20 per cent in sales during the Christmas buying season this year. One concern specializing in toys and sporting goods reported "our sales are terrific now, with the heavier volume yet to come."

Frankfort—The alcoholic beverage control board has passed a regulation raising the case transportation charge at 40 cents in an effort to make uniform the prices of various brands of bottled liquor in Kentucky. Charles F. Brown, Jr., board chairman, said the fair-trade law sets a minimum case transportation

charge of 25 cents and explained that the variance of transportation charges cause price differences of a brand in various sections of the state.

Madisonville—First sales of the 1946-47 season on the Madisonville dark tobacco market have been set for Nov. 28. Floors will operate five days a week, with no sales on Thanksgiving Day. There also will be no sales from Dec. 20 to Dec. 30 in observance of the Christmas holidays.

Frankfort—The public service commission has announced that a hearing on wholesale gas rates charged by petroleum exploration, Inc., Siderville, W. Va., has been advanced to Dec. 10.

Nicholasville—Injuries suffered yesterday when his automobile collided with a truck near here proved fatal last night to Lucian S. Peel, 35, Jessamine county farmer. He died at a Lexington hospital.

Louisville—Hobson James, assistant U. S. District attorney, has announced a drive against federal income tax evaders in Kentucky. His announcement was

yesterday at the arraignment of a man listed as Errell Frazier, 39, of Whitesburg, Ky., who is charged with failure to pay \$16,135.69 federal income tax. Frazier was freed on \$5,000 bond pending a hearing Nov. 20.

## New Mexico Man Brands Son With Claw Hammer

Albuquerque, N. M., Nov. 13—(AP)—Candelario Perez, 30, is in county jail without bond on an accusation of punishing his son, 10, by branding him with heated claws of a hammer and forcing him to kneel all night.

## INCURABLE OPTIMIST

Is Hoping To Rent Small Apartment (Preferably with furnished kitchen)  
Not exactly desperate at the moment but fast becoming that way.  
Write Box 487-B,  
c/o DAILY LEADER,  
Fulton, Ky.

DRINK Coca-Cola

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY  
FULTON COCA-COLA BOTTLING COMPANY, Inc.

## WHY A SOAP SHORTAGE?

**You've Heard Rumors. Here Are the Facts!**

- There is a world-wide shortage of animal fats and of vegetable oils. This shortage affects all of us. For instance, this year soapmakers have been able to obtain only one fifth of the imported oils they used in 1941—far less domestic fats, too.
- Because of the world-wide shortage, manufacturers are unable to get the amount of fats and oils they need to make not only soaps, but also paints, textiles, tires, leather goods, floor coverings, electrical appliances, etc.
- In the face of these conditions, American soap manufacturers have done their utmost. They have turned all the fats and oils they have been able to obtain into soap just as quickly as possible.
- But for the help of American housewives, the shortage of soap would have been far more serious. Last year, more than one out of every nine packages of soap sold was made from used fats saved in America's kitchens.
- Don't blame your grocer. He is doing his best, like the soapmakers, to get more soap for you. Won't you do your best by saving and turning in every drop of used fats?

## Visit Your Schools

**NOVEMBER 10-16**

We are proud of our schools. We think that every parent and citizen should visit the schools during this observance.

Our teachers have made special plans so that we can see our schools in action.

Footwear America will be filled with opportunities—and problems. Our children need the best possible preparation. The best way we can help them is to see that they get the best possible education.
