CIVIL DEFENSE DAY

Civil Defense Day 1959 will be
observed Dec. 7. Again this year
the theme is "Peace through
Preparedness." It is appropriate
that this observance falls on the
18th anniversary of the sneak
attack on Pearl Harbor. In this
nuclear age, we cannot tolerate
a repetition of our tragic unpre-
paredness of 1941. Rather, we
must make this nation so strong
it cannot be defeated. A nation
that cannot be defeated is not
likely to be attacked.

Joe Barton Darnall, student
at the University of Kentucky in
Lexington, spent last week with
his parents, Mr. and Mrs. Paul
Darnall in Benton.

Shrinks Hemorrhoids Without Surgery
Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The added secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters—money back guarantee.

Uncle Ned - - - From Dogtown

DEAR MISTER EDITOR:
Sometimes I think reading the newspaper too regular will shorten a feller's days here on earth. Fer instance, I see where 3,568 pieces of silverware, over 1,000 labrets, and 587 plates has been stole by the members out of the United Nations cafeteria. All in all, they estimate that \$645,000 worth of stuff has been toted off by the members. The American taxpayers, of course, is footing the bill and will have to replace it. If they keep this pace up there won't be nothing left but the supper bowl, and being a taxpayer, I'm in favor of putting a lock and chain on it.
A fine mess of folks we got there trying to run the world affair!
And Senator Mundt thinks we need a Congressional committee to figger out a way to help the small towns. I have writ to the good senator and told him to let us live in peace.
The Federal Government has

been saving the big cities to the tune of millions and if they git to saving the small towns, taxes is going to kill off the country. Our small towns is unhonored, unsung and uninvestigated and we don't want 'em ruined with no handout "progress" from Washington.
And it says here the U. S. Bureau of Standards is working on a hydraulic drill fer dentists. Just how this Government agency got over into the dental profession, I ain't shore. They say it won't reduce the pain but it'll reduce the vibration.
I'm agin any more tax money fer that project. As long as I got to set in the chair and suffer, what do I care if it shakes the office down?
And it seems them Russians is disarrant plan in their customary good faith. A English newspaper is quoted as saying they're working on the Z-Bomb, the one that is designed to reduce everthing to Zero.
And if that ain't enough, it says here Elvis Presley claims his tour of duty in the Army has caused him to lose his "feel" fer rock 'n roll songs. That, however, shouldn't be one of our national problems. He can git back by going out in the barnyard and practicing hog-calling fer half a hour.
But when I get discouraged like this about the shape things in, I go out behind the barn and give myself a good talking to. I compare things with Russia, fer instance.
A Russian don't have to worry about his property because he ain't allowed to own none. He don't have to worry about what trade he'll follow because they pick his job fer him. He can't strike, employ labor, travel, own jewelry, fer friends with foreign-
