Friday night, Dec. 11, South Marshall and Benton will meet on the Rebel floor, while North Marshall travels to Heath to do battle with the McCracken County team.

North Marshall beat Ballard 55 to 30 at LaCenter after a slow start. The Jets led 8-7 at the first quarter and 21-14 at halftime before pulling away in the second half for the easy victory.

Hello Everyone:
This isn't a new column, just a new writer. We will try to tell all news and new happenings of our community. So friends if you have any news just let me know.

We have had a lovely week after our pretty snow last week.

We had a good attendance at our Prayer Meeting and G. A.'s Wednesday night. Our G. A.'s have just been organized three weeks now. Our Brotherhood is working on the R. A.'s. The WMS held their week of Prayer Friday December 4.

The Lord blessed us with an excellent attendance Sunday in Sunday School, and a house full

for in the days that have gone by and the very few remaining in the year. Let's everyone be in a prayerful mood as the Christmas holidays draw near. Let's all try to do what we can to put Christ back into Christmas. Let us not be guilty of ever spelling or thinking of Christmas as XMAS.

We have a lot to be thankful for in the days that have gone by and the very few remaining in the year. Let's everyone be in a prayerful mood as the Christmas holidays draw near. Let's all try to do what we can to put Christ back into Christmas. Let us not be guilty of ever spelling or thinking of Christmas as XMAS.

Nutrition Experiment Is Held at Fairdealing

A nutritional survey and con-
test was recently conducted in
the 5-6-7th grades at Fairdealing
Elementary School. This project
was under the supervision of Mrs.
Melodean Hicks, supervisor,
school lunch program, Marshall
County Schools, and Mrs. Dor-
othy Bailey, nutritionist, of the
State Health Department, with
the assistance of teachers, Mrs.
Viola Means and Mrs. Thelma
Ross.

Purpose of this project was to
help the children to realize what
was needed in their daily diet
and to attempt to get them to
eat a balanced diet. The children
were given forms on which they
recorded foods eaten for two
weeks. At end of each week they
were checked and points given
for eating everything on plate in
lunchroom.

Emphasis was placed on eat-
ing food each day from these

four food groups:
1. Milk and milk products; 2.
Meat group; 3. Fruits and vege-
tables consisting of citrus fruits
and vegetables rich in vitamin C,
green and yellow vegetables and
other fruits and vegetables in-
cluding potatoes; 4. Breads and
cereals.

Prizes were given to the three
highest scores in each room.
First prizes were \$1 awarded to
Dena Henson, 6th grade, and
Brooks Hiter, 7th grade. Second
prizes were half dollars awarded
to James Turner, 7th grade,
Philip Roberts, 6th grade, Ora
Lou Taylor, 5th grade, and
Beverly Smith, 5th grade.

As a result of the contest some
of the students' comments were:
"I learned what to eat and re-
sults of not eating right kind of
foods," Sheila Lovett.
"I have learned that I should
eat proper food all time to grow

big and strong and have plenty
of energy," Jimmy Henson.
"I have learned that I can do
without a lot of knickknacks I
have been eating," Aleise Groves.
"It helped lessen the amount
of candy and cold drinks taken
in our class," Bonita Edwards.
"It helped me to like foods I
haven't liked before, it has made
me feel better by eating a good
breakfast, it helped me to eat
everything on my plate and has
given me an understanding of
what it means to eat the right
kind of food," Dena Henson.

to the RESCUE...

A woman in this area called us recently.
It was 3:23 A.M. Dark and cold out-
side... bitter cold. And she reported it
was cold inside her house, too. Her
heating oil was down to nothing.
"One of my children is ill," she said.
"I'm new in this neighborhood. Can
you help me? Please!"

We alerted our truck already filled
with Shell Heating Oil. We always

keep one ready to roll, at any hour, for
emergency deliveries. Off it sped.

When our driver reported back later,
he said we had a new Shell Heating Oil
customer. He said the woman who had
been in trouble told him: "You people
are dependable!"

You can depend on us, too—because
we offer 24 hour service. So, to be sure
of a warm house always, call today.

We warmly recommend you try us

POLICY gives more home protection, SAVES \$ \$

This single policy costs less than four separate home policies, yet gives greater protection... insures home and private structures against fire and other perils... insures household goods and personal property on and off premises... covers liability claims by others for damages for which you are legally liable... provides theft insurance on contents of your home and personal property at home or away. And—the State Farm Homeowners Policy costs less than many other homeowners policies! Of course, complete and exact protection is described only in the policy. Ask about it today.

National Store's Annual Christmas Party Is Tonight

The National Store of Benton will hold its annual Christmas party for employees tonight (Thursday) at the new Marco Restaurant near Draffenville.

Billy Clark, the manager, and about 22 employees will attend the party. The group will have dinner, sing songs, listen to music and exchange gifts from a Christmas tree.

Only employees, and not members of their families, will attend.

Texas Men More Mannish Than Men In East, Doctor Says

Men in Texas are more masculine than their brothers back East, a Yankee psychiatrist says. And the Texas women are more feminine than their eastern sisters, he says.

Dr. Elaine E. McLaughlin of Philadelphia told a Dallas medical convention that Dallas is more sane than cities in the East.

Dr. McLaughlin spent one day observing oilmen, bankers and professional men in Dallas wearing colorful sports shirts and Western hats and announced:

"In the East, such men wear black suits. Color is most stimulating."

The Yankee status seeker strives to leave the impression that he comes from an old and well-established family and has an Ivy League education, the psychiatrist said.

The Texas men are unhampered by such ideas and ooze confidence, optimism and the cowboy spirit, he said.

Mrs. Pete Thompson of Route 2 was a shopper in Benton

Nicholson Fund Gets \$77.15 From Hutchens Fruit Jar

The Frank Nicholson Fund has benefitted in the amount of \$77.15 from a contribution jar kept at the W. C. Hutchens Drive-in Restaurant in Benton. Nicholson lost three children by death in a fire that destroyed his home at Bardwell. Contributions have been made in many towns in this area, and the Nicholson Fund now is more than \$7,000.

Mr. Hutchens said a fruit jar was placed on a counter in his restaurant, and labeled the Frank Nicholson Fund. No one ever was asked to make a donation. But the jar was filled quickly with green currency.

Benton City Policemen Jones and Roach and State Trooper Walter Thurtell counted the money last weekend. And W. C. Hutchens sent a check for \$77.15 to the Frank Nicholson Fund.
