County Mapping Job Completed

State Revenue Commissioner J. E. Luckett and Charles E. Lents, Marshall county tax commissioner, have announced completion of a county-wide mapping project, started in March of this year, under the supervision of the Department of Revenue.

Results of the project indicate 1,187 parcels out of a total of 10,076 could not be identified on

Children Bigger Than Those 20 Years Ago

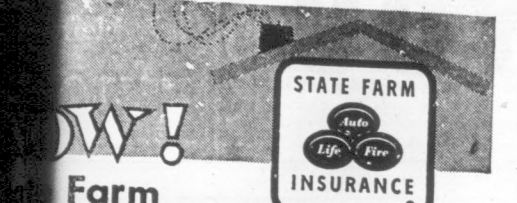

Today's children are larger at almost every age than children were 20 years ago. Not only do they grow faster, but they also reach the adolescent growth spurt at an earlier age, according to an experiment conducted by the Ohio Experiment Station.

Better diets, improved economic conditions which make for better living, better disease control resulting from better medical and health services, and more importance given to outdoor recreation are some of the reasons given for this speedup in growth.

Personel

Mr. and Mrs. Bob T. Long were visitors in Nashville Wednesday.

Rev. and Mrs. Paul Dalley of Benton visited their son, Paul Dalley Jr., and wife in Murfreesboro, Tenn., this week.

Physical measurements of Ohio school children in 1939 and in 1951 were compared in the Ohio report. It indicates that, even in as short a time as 12 years, children have become larger on the average.

Measurements of 2,700 Ohio boys and girls, 9 to 11 years old, were included in a U. S. Department of Agriculture nationwide study on 1939. The Ohio Experiment Station made a similar

Birthday of Christ First Celebrated By Romans In 354

The celebration of Christmas brought back the birthday party to the early Christians, it was unthinkable to celebrate one's birthday—much less the birthday of Christ. Birth meant the assumption of original sin and frequently the beginning of a life of persecution and perhaps martyrdom.

Birthday festivities, moreover, were a pagan custom. The Pharaoh of Egypt and Herod celebrated their birthdays, as the Bible relates. But it was sacrilege even to suggest that a Divine Being had a birthday.

In the 300's, however, this attitude was beginning to change. World Book Encyclopedia reports that in the year 354 the Bishop of Rome declared Dec. 25 to be the anniversary of the birth of Christ.

But it took another pagan ritual to help establish Christmas. The ancient peoples of Europe had been accustomed to celebrating the winter solstice, when the sun seems to return to the Northern Hemisphere, in late December. The pagan feast commemorating the victory of light over darkness was simply replaced by the Christian festival honoring the "Light of Life."

Mr. and Mrs. Joe Jones and daughter of Denton, Texas, will spend the Christmas holidays in Benton with relatives. He is the grandson of Mrs. Alta Jones of Benton.

Personal...

(Left from last week)
 Mr. and Mrs. Orville Taylor have returned to Benton to reside from Henry, Ill.

Mr. and Mrs. G. E. Woodman of Route 4 were recent visitors in Wichita, Kansas.

Mrs. Paul Sasseen and Mrs. Woodrow Green were shoppers in Paducah Monday.

Mr. and Mrs. Holland Rose and Mr. and Mrs. Hurley Bondurant visited J. V. Alford at Murray Hospital Sunday. Mr. Alford was ill of pneumonia.

Miss Rosalind (Punky) Nelson will leave Tuesday after Christmas day for Cornwall, New York, to visit her sister, Mrs. Larry Jones and family. She will go by plane.

Mr. and Mrs. Joe Brooks Phillips returned Tuesday from a business trip to Memphis.

Phillip Coulter, student at Centre College, Danville, Ky., arrived Dec. 18 to spend the holidays with his parents, Mr. and Mrs. Joe Coulter.

STUDENTS RAISE FUNDS FOR CONVENTION TRIP

The F. B. L. A. of South Marshall met Dec. 9. This was their regular monthly meeting. They made plans to see about getting a filling station to let them have a car wash. They also planned to sell hot dogs at the ball game Friday night against Benton.

All this money will go toward their trip to the state convention

New Law Benefits Widows, Children Of War 2 Victims

Frankfort—Many widows and children of deceased World War II and Korean Conflict veterans will become eligible for pensions July 1, under a new law, the Kentucky Disabled Ex-Service Men's Board announces.

If income and assets are within limits and if the veteran had the required service, they are in April. They plan to take the whole club. Mrs. Adams said the officers will be installed some time in January by Murray State's F. B. L. A. A Christmas story was read by Judy and Jimmy.

probably entitled to the pensions, the board adds. It explains: Such widows and children who are not now receiving pensions may apply now. Although the claim will be disallowed under present law, it will be developed by the Veterans Administration now and will thus allow quicker award action when the law becomes effective.

The new law may also entitle certain other widows and children who are not now entitled because of excessive income. The income limit will be raised to \$1,800 per year from the former limit of \$1,400.

Information about the new law and help with applying are available from any representative of the Board.

"Get rid of Spark Plug 'Miss'—
 greatest cause of power loss.
 Put your car in
 this spot"

If you're looking for the power your engine once had on hills and on getaways, now's the time to make your move—over to the white Super Shell pump.

Super Shell has an aviation "power pack" to provide the higher octane needed to prevent knock. But in today's engines anti-knock alone is not enough.

That's why there's TCP* in Super Shell to restore full power by ending today's major cause of

power loss, spark plug "miss." TCP additive does this by neutralizing harmful combustion deposits—and so restores 20 to 30 lost horsepower!

What's more, Super Shell's aviation ingredients provide extra combustion energy that converts automatically to extra miles in every tankful.

Switch to Super Shell with TCP today.

*TCP is a trademark for this unique gasoline additive developed by Shell Research.

Super Shell with TCP

The most powerful gasoline any car can use—Plus TCP for Anti-Miss

Santa Claus, Ind., Picks Young Girl As 'Christmas Mayor'

Santa Claus, Ind. — An Ohio girl who believes "it is the greatest honor to be born on Christ's birthday" is the honorary mayor of Santa Claus.

Sharon Gentner, daughter of Mr. and Mrs. Edward L. Gentner, Akron, was selected from among hundreds of Christmas-born children, 6 to 12 years of age, who applied by letter for the mayorship of Santa Claus.

The honorary police chief is

Linda Nelle Lipsey, daughter of Mr. and Mrs. Frank Lipsey, New Albany, Ind.

Santa Claus is a tiny uninhabited town close to Evansville.

Jim Yellig works full time at the job of being Santa Claus at Santa Claus, Ind.

Mrs. Fanny Kirkland of Murray will visit in the home of her mother, Mrs. Duane McDaniel in Benton during the Christmas holidays.

Mrs. Willie Mae Holmes of Paducah Route 8 who visited in Benton this week came by the Courier office to subscribe for the paper.

PFC. GENE THOMPSON IS HOME FROM GERMANY

Pfc. Gene F. Thompson who is stationed in Erlanger, Germany, has arrived home for a 30 day leave. He will visit his wife, Shirley Thompson, and his parents, Mr. and Mrs. Phillip Thompson, on Benton Route 4.

He came to New York by plane and will return to New York Jan. 3 to go back to Germany for eight months.

He was stationed at Ft. Hood, Texas, while in the States.

Jasper Cothron of Minneapolis, Minn., will spend a part of the holiday season with his mother, Mrs. Ruth Cothron in Benton.

Scouts Will Contribute To Memorial

Boy members and adults of the Four Rivers Council, Boy Scouts of America, will contribute toward a commemorative tribute to be erected in Washington, D. C., to honor the thirty-three and a half million Americans who have been affiliated with the movement since its establishment in 1910, according to James C. Riecke, Council president.

It will especially honor the eight million men and women who have served as its volunteer leaders.

The tribute has been authorized by Congress and President Eisenhower.

The commemorative tribute will be of bronze metal depicting a Scout or Scouts grouped with one or more leaders, centered in a fountain with a background of scenes depicting various phases of Scouting's program, aims, and objectives.

Present and former members of the Boy Scouts of America will have an opportunity to share in the project. Each donor will sign his name on a scroll. These names will be sealed in the commemorative tribute as evidence of the contributor's appreciation of the services rendered by the volunteer leaders during the half century.

Fifty dime-sized coin slotted cards have been sent to each Cubmaster, Scoutmaster, and Explorer Advisor. It is hoped that each unit will fill the coin card and contribute at least ten cents per boy. Adult members, if they wish, may contribute currency or a check.

The final form of the tribute and its date of dedication will be determined by the response from units throughout the United States.

Mr. and Mrs. Walter Myrick of Old Benton Road, Paducah, are the parents of a girl born Dec. 10 at Lourdes Hospital in Paducah.

Facts, Fads and Fancies

FOOTBALL

FACT: American football owes its present form to Harvard University, which refused to meet with other colleges—who wanted to establish soccer as the American intercollegiate sport. Harvard's "Boston Game," started in 1871, was the real forerunner of our football.

FAD: As far back as the 1820's, school boys had played a type of "foot ball"... but they used it more to haze freshmen than as serious sport. Sophomores would force newcomers into a game, then miss their kicks at the ball and kick freshmen instead. By the 1830's this was forbidden.

FACT: You don't have to attend today's exciting games in person to enjoy football. Your television set, companionable glasses of Four Roses, and friends set the scene for a perfect Saturday afternoon's enjoyment of the sport.

FANCY: In 1869, Princeton rookers used the blood-chilling rebel cry from the Civil War, to frighten rival Rutgers. Princeton won the game, and this was the beginning of the custom of cheering on one's team to victory.

Boy Scout Council Explorer Cabinet Formed At Meeting

Explorer Scouts and leaders gathered at the First Methodist Church in Mayfield Dec. 8 for the purpose of organizing a Council Explorer Cabinet. The following Explorer officers were elected:

Council Explorer Cabinet Chairman, Grover Schleifer, Post 52 in Union City, Tenn.; Council Explorer Cabinet Vice-Chairman, Bobby Joe Tibbs, Post 30 in Mayfield; Council Explorer Cabinet Secretary, Morse Hamilton, Post 52 in Union City; and Council (Adult) Explorer Chairman, Charles H. King of Mayfield.

These young men share in the responsibility of giving leadership to the Boy Scout Explorer activities of the Four Rivers Council for 1960. Charles King will serve as their consultant.

With unanimous agreement of all Explorer Scouts present, a Council Explorer Ball was set for Saturday, Feb. 27.

BETTY RUST COMPLETES BASIC TRAINING AS WAC

Recruit Betty J. Rust, daughter of Mr. and Mrs. Rollie R. Knight, Route 1, Gilbertsville, completed eight weeks of basic military training Dec. 7 at the Women's Army Corps Center, Fort McClellan, Ala.

Recruit Rust received drill and physical fitness training and instruction in Army history, traditions and career fields. She attended Calvert City High School.

Uncle Ned - - - From Dogtown

DEAR MISTER EDITOR:

Thinks was real lively at the country store Saturday night Christmas was in the air and all the fellers was in a happy and carefree mood and as the session wore along they got mighty careless with the truth. For instance, they got to talking about crops in the past and crops now.

One feller said he had a field of corn onct that beat anything he had ever saw. He said a boy climbed up a stalk one cornering and it was growing so fast that to keep him from getting plum out of sight, he tried to cut the stalk down, but it was growing up so fast he couldn't hit it twice in the same notch. He said the last time he heard from the boy he had throwed down nine bushels of corn.

Another feller was telling about some Irish potatoes he grewed right after the 1916 flood. He said he sold his brother a half-bushel of 'em and he just carried 'em home piled in his arm like stove wood.

Ed Doolittle, after hearing

about the corn and potatoes, allowed as how he was going to tell 'em a story that was as true as nine acres of new ground planted in Bibles. Ed claimed he grewed some turnips during World War I that was whoppers. He said a feller tried to buy 50 pound of his turnips but he wouldn't sell, said he didn't want to cut one in half.

We got one feller that comes to our sessions that has what we call a "pore mouth," always starting to death and proud of it. He brags that he ain't never done no work in his life with his hip pockets uphill, like leaping over a dig ditch or tree stumps. While the other fellers was telling tall tales about their fine crops, this feller said his corn was so bad last summer that he let 12 acres for summer onct and was still hungry.

I went home at this point, figuring that sooner or later them fellers would get to lying. The Yuletide spirit was really getting in the air.

My handout from the Agriculture Department came yesterday and one of the fillers says there is three cars in the United States fer ever two kitchen sinks. And I reckon that same ratio is liable to keep up until somebody figures out how you can ride in a kitchen sink.

About the only serious news from Government sources I've saw all week was a statement by Senator Smathers of Florida that "economic hypochondriasis is a threat to our national security." I don't know what that is, but it sounds mighty serious to me. I put me to thinking about taking out some hypochondriasis insurance. If any of them agents in town has got that type coverage, please tell 'em to contact me at onct.

Greater Livestock Production Urged On Ky. Grasslands

LEXINGTON — Expanding Kentucky's livestock industry might raise the state's cash-income figure 20 percent, about 100 million dollars, says a Kentucky official.

E. J. Nesius, associate director of the UK Cooperative Extension Service, says the additional income is "entirely possible and probable."

Kentucky is a "natural" for grazing, he points out, but does not have the required number of livestock on hand to utilize all the grass and forage grown. Even if the supply ran low, he continues, Kentuckians are well situated geographically to purchase feed cheaply.

Nesius thinks Kentucky could be known as a source of fine breeding stock for the entire U. S.; this livestock would be "quality stock," not necessarily purebred. This was true in the last century, he points out; Henry Clay introduced quality Merino sheep here, and purebred jacks and jennets for breeding quality mule stock; and started the Hereford cattle breed here.

Nesius urges state producers not only to increase their livestock numbers but to increase the quality of these animals.

CUB SCOUTS MEET AT THE COMMUNITY BUILDING

Benton's new Cub Scout pack held its first meeting Tuesday night at the Community Building. The Christmas tree was decorated with ornaments made by the boys.

Harold Ross, Cub master, conducted the meeting. Any eligible boys who want to become Cub Scouts are asked to contact Mr. Ross at the Benton Studio. Boys over 12 are not eligible.

Mr. and Mrs. Glen Fly will spend a week during the Christmas holidays in Knoxville, Tenn., with the family of their son, Bob Fly.

LEGION POST 85 SELLS BUILDING IN MYERSTOWN
Marshall County Legion Post No. 85 has sold a two-story stucco building located in Myerstown to Reuben Redden and Mark Clayton, who made the purchase as an investment.

The Legion Post bought the building three or four years ago, and planned to remodel it into a "home" for post activities. Plans never materialized, however, and the Legion rented part of the building as an apartment until it was sold.

Albert Beth of Gilbertsville was a recent patient at the Lourdes Hospital in Paducah.

Weekly Newspaper Circulation Is Now Up to 21,000,000

New York—The nation's 9,025 weekly newspapers' 1959 newsprint consumption expected to total 263,000 tons for their combined circulation of 21,000,000. Ten years ago there were 9,800 weeklies, but their circulation was only 16,000,000. In the first survey of its kind, the trade magazine, The American Press, found that 72 per cent of the nation's newsprint consumption was accounted for by daily papers and that 3.7 per cent was used by weeklies. The remaining 3.3 per cent is used for comic books, school tablets, etc.

The 4-H Recreation program is not new, but the donor of some 12,000 incentive awards is. Next year John Deere of Moline, Illinois, takes over the role of national sponsor of awards in this popular activity. The announcement was made by the National Committee on Boys and Girls Club Work.

During a recent meeting at the committee's headquarters in Chicago, Bruce Lourie (left) vice president of John Deere, and 4-H recreation specialist Arden M. Peterson of Michigan State University, discussed the program's objectives as set forth in the official leaflet that will soon be in the hands of state and volunteer local club leaders.

"Every 4-H boy and girl can participate in a recreation activity," Mr. Peterson said. "When young people learn to plan their own fun and entertain themselves as this program encourages them to do, they are improving their club, while they also develop their own 'lites'."

The best part is that while having fun, club members may win a \$400 college scholarship, an all-expense trip to the National 4-H Club Congress in Chicago, or a distinctive gold-filled medal of honor.

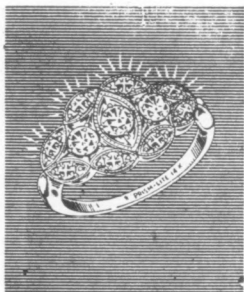

At the close of the club year, members enrolled in the recreation program submit their 4-H records for consideration for one or more of these awards. Winners are named by the Cooperative Extension Service which conducts the program.

Boys and girls between the ages of 10 and 21 are eligible to join a 4-H Club. Additional information can be obtained from the state or county Extension office.

Christmas Early In Pennsylvania Town Of Bethlehem

Bethlehem, Conn. — Christmas always comes early to this little town of Bethlehem (pop. 1,300) tucked away in the foothills of the Berkshires.

Loads of mail arrive hourly

at the general store post office of Earl Johnson. All of it is to be re-mailed from this town.

Letters and cards leave this tiny post office for the far reaches of the world. Last year just under 200,000 pieces of mail bore the Bethlehem cancellation.

The total reached 250,000 several years ago and all of it cleared within two weeks.

Johnson likes the one feeling of the year. "It leaves a feeling of having done something real good," he said.

Mr. and Mrs. Harold McDaniel of Detroit will visit in the home of his brother, Mr. and Mrs. R. McWaters in Benton the Christmas holidays. Mr. and Mrs. McDaniel will also visit in Murray.
