A Time To Be Careful

Two disastrous hotel fires, one in Atlanta, the other in Chicago, have added to the growing national interest in fire safety. The fires, which occurred on the same night, are a reminder of the need for precautions in handling fires.

The Atlanta fire, which started in the basement of a hotel, caused the death of 33 people, most of whom were in rooms on the first and second floors. The fire was fueled by gas and electric wires which had caught fire. It is believed that the fire started in a room where a guest had been using an electric iron.

In Chicago, a fire broke out in a hotel room on the top floor. The fire was caused by a short circuit in an electric chandelier. The fire spread quickly through the wooden structure of the building, killing 50 people.

The two fires have once again brought to the fore the need for fire safety. The government is stepping up its efforts to educate the public about fire safety. Schools are being urged to teach fire safety to children, and public places are being inspected to ensure that they meet fire safety standards.

Good Time Had By All

The annual Christmas banquet sponsored by the Fulton Rotary Club was held last night. The banquet, held at the Hotel Foreman, was attended by over 200 members and guests. The banquet was well attended and the atmosphere was festive.

The banquet began with a brief opening ceremony, after which the guests were served a delicious meal. The meal was followed by a series of speeches and presentations. The highlights of the evening were the presentation of the annual awards, which were given to those who had made outstanding contributions to the community.

The banquet was a great success, and the attendees had a wonderful time. The Rotary Club plans to continue its tradition of hosting annual Christmas banquets in the future.
