## Peacemakers

Lesson for May 8, 1960

**WAR OR PEACE?** The issue cannot be debated any more. It is a question of time. Once upon a time, men of great nations, and girls in school, and country people in town of a Saturday could talk it over: Is war, peace, the best way out of our troubles? Now, those who are the faces of the atomic age are the ones who are the war is the way out of our troubles. For both sides are over. Peace has no more quarrels are over. Peace will not, put an end to our troubles. It will leave us alive to struggle with them.

## ABOUT OUR ENEMIES

Jesus was the peacemaker. He was the one who heard Jesus say it: it was wonderful today. We wish we knew how to do it—often looks so hopeless. For "peacemakers" in the church were thought to mean one who could think out a better way of living than by war. In this dreadful year Nineteen Sixty a peacemaker, if such can be found, is one who can show us how to keep on living.

## LET US COME DOWN TO SOME PROBLEMS

## Church As Peacemaker

Jesus said more, and the reader should look this up in Matt. 10:16 and see what he meant. It all sums up to this: treat your enemies as you would be treated; treat your enemies as if they were your friends; for them acts of humble service will win peace.

## Church Help in All This

It is the shame of the church that though she is in a good position to help local quarrels get settled, she is called the Prince of Peace, and the church is the only truly international organization in the world, she is too often silent and useless in the face of international crises.

## South Benton News

**Left From Last Week**  
By Mrs. M. U. Sires  
What a wonderful time I had over the weekend at the old home place, visiting with Mr. and Mrs. John Riley and children, and Bertie and Dinnie. On Friday, Johnny Fae and Billy Clay and myself roved the woods, hunting wild flowers. The dogwood and the redbud were in gorgeous full bloom. I asked Johnny Fae and Billy Clay if they had ever heard the legend of the dogwood.

other child has not heard it. Here is the dogwood legend: And old beautiful story has it that at the time of the crucifixion of Christ the dogwood was comparable in size to the oak tree. Because of its firmness and strength, it was selected as the timber for the cross of crucifixion.

### Each Person Works Over 2 Houts Daily To Pay His Tax Bills

On the average, each of us will work two hours and 16 minutes of every eight-hour working day to meet our tax bills in 1960, the Governmental Research Department of Associated Industries of Kentucky says.

This means that each person will be working four minutes longer per day in 1960 to pay his tax bills than he did in 1958, based on national averages without allowance for the new tax program instituted in Kentucky. According to 1960 time card for an eight-hour day recently prepared by the Tax Foundation, the division is as follows:

Taxes: 2 hours and 16 minutes.  
Food and Tobacco: 1 hour and 24 minutes.  
Housing and Household Operations: 1 hour and 24 minutes.  
Transportation: 36 minutes.  
Clothing, Accessories, etc.: 34 minutes.  
Medical Care and Medicine: 19 minutes.  
Recreation: 18 minutes.  
All Other: 1 hour and 5 minutes.

## Uncle Ned ... From Dogtown

**DEAR MISTER EDITOR**  
Back when I was a boy in 1910 folks was a heap more worried about a certain situation than they are today about them long-range Russian space bombs.

Halley's Comet was due to whirl through the heavens sometime in June of that year. Long about March a rumor got started that Halley's Comet would switch its tail and smash the earth to smithereens. In many sections of the country folks started holding special prayer meetings and people was all worked up about it.

Old men that hadn't been inside a church since Grant took Richmond started going regular and setting in the front pew. I recollect my Grandpa was one of them.

The reason I'm writing about it, Mister Editor, is to show how indifferent folks has got about their fate since 1910. I ain't heard about a single prayer meeting over the Russian space bomb, especially amongst them Senators and Congressmen. In fact, they ain't half as concerned with the fate of the world as they are their political fate in November.
