Five boys and five girls from almost every Kentucky county have been selected for their outstanding 4-H work to represent the 80,000 4-Hers in the state at the 37th annual 4-H Week. Marshall County will send 3 girls and 5 boys to 4-H week at the University of Kentucky June 7-11. Miss Sunshine Colley, county home demonstration agent, and J. Methodists Get Set For Conference

Methodist ministers of Marshall County will go to Jackson, Tenn., Tuesday for the opening of the annual Methodist conference of the church. Five-hundred delegates from West Kentucky and West Tennessee are expected to attend. This year's program emphasizes leadership development, with the 4-H members themselves taking part in many discussions. Among those who will speak on this subject during the week are Kentucky's Governor Bert Combs; Dr. Frank G. Dickerson, president of the University of Kentucky; UK's Coach Adolph Rupp; and Dr. Charles E. Irvin, public relations director for General Motors, Miami, Fla. Plenty of fun is in store for the 4-Hers, too. A get-acquainted party, with folk games and ballroom dancing, is planned for Tuesday night. No program is scheduled for Friday afternoon, so that the delegates may visit places of interest in Central Kentucky. In their free time during the week, swimming, folk dancing, ballroom dancing and singing are available for the members. "Political campaigns" also will be part of the week's activities, as the 4-Hers nominate and elect their state officers for the coming year. Top 4-H talent night is scheduled at the Wednesday night session. Winners of 4-H talent contests held in each of the 12 Extension sub-districts will take part in the State Talent Show. Highlighting the closing session Friday night is the 4-H Style Revue, when county style revue champions model the winning outfits made in their clothing projects. The girls who win the state contest will represent Kentucky in the style revue at National 4-H Congress this winter. This year, for the first time, 4-H demonstration and speech contests will not be held during 4-H Club Week. These events will be held at the Kentucky State Fair in September. However, other awards and recognitions will be made during the week.

Rev. Dailey Resigns As Pastor

Rev. Paul Dailey, pastor of Benton's First Baptist Church, 10th and Main, has resigned his position and his resignation has been accepted by the church. Mr. Dailey has accepted the pastorate of the Friendship Baptist Church at Lincoln Park, Mich., and will leave Benton in two weeks to take up his new duties.

He will preach his farewell sermon here on "What You Mean To Me." No successor to Mr. Dailey has been selected yet by the church. Rev. Dailey was a lumberman and a mortician at Hazel for 50 years before surrendering to the ministry. He attended the Southern Baptist Seminary for one year and pastored the Bethany Baptist Church in Bowling Green before coming to the First Baptist Church.

The Friendship Baptist Church in Lincoln Park is a very young church, composed of 1500 members. Over one half of the members are from churches affiliated with the Southern Baptist Convention in the South. They have high hopes of reaching a great mission program. They have a Sunday School enrollment of 1000 people. They have recently constructed a new sanctuary that will seat 1500 on a two-block section in Lincoln Park. Rev. Dailey states that the last 6 years in Benton have been the happiest days of his life.

NONNEGOTIABLE

Doing business with home folks is the nearest thing to eating our cake and having it too. For example: economists tell us the average dairy dollar, once spent, changes hands locally at least five times.

As this dollar goes from Dairyman to businessman and then from businessman to employee or another merchant, everybody in the Community benefits.

This local trade helps support our schools and churches, provides jobs and business opportunities and helps our area grown and prosper.

Ryan Milk Company, a locally owned Kentucky firm, is Calloway County's only dairy operation. Last Year we at Ryan Milk Company, spent almost \$2,000,000 for area goods and services. Today over 800 area families receive a regular check from our operations.

The potential for dairy development in our area is great and with your continued loyalty and support this \$2,000,000 community dividend is bound to grow.

We are most grateful and appreciative of your business and for the privilege of serving this community.

The Life Of A Senate Lady

By MRS. JOHN SHERMAN COOPER

I had a wonderful experience the first week in May. The Kentucky Federation of Homemakers were having their 27th annual district meetings and I was guest speaker for that week. On Sunday, the first, I said goodbye to my husband, feeling very much that the shoe was on the other foot, and flew to Lexington, where I was met by Miss Alda Henning, acting chairman of the home Economics Extension programs of the University of Kentucky. She took me to the Lafayette Hotel to change before going to a reception that she was giving at Carnahan House on the University grounds. I saw many of the University people including Dean and Mrs. Frank Welch.

After the party was over, I went back to the hotel to get a good night's sleep before starting off for the first meeting at Milmore. The next morning Miss Henning, Mrs. Carl Evans, President of the Kentucky Federation of Homemakers, and I went to the Hughes Auditorium on the Asbury College campus for the first of these big meetings. Sixteen counties were represented.

On Tuesday we motored through the lovely Kentucky countryside to Owenton for the next meeting.

From Owenton we traveled to Shelbyville. The meeting in the First Baptist Church Educational Building and again there was an enormous crowd.

The next meeting was at Hawesville on the Ohio River and was held in a lovely little Baptist Church.

After the meeting was over, we motored about 150 miles to the Kenlake Hotel on the Kentucky Lake. That is a heavenly spot and I only wished we had time to go out fishing, but the next morning we were up bright and early as the meeting was held in the Murray State Auditorium. I particularly enjoyed Murray as I saw a good many of our friends from the Purchase who had come over for the meeting. We had lunch in a beautiful new

MRS. IDA SIRLS BURIAL HELD AT HOPKINSVILLE

cafeteria on the campus that has been built since I was last there a few years ago.

That night about ten of us dined in Miss Sunshine Colley's Cabin on Kentucky Lake, where she gave us the best fish dinner I have ever eaten and fortified us for the next and last meeting at Kuttawa. There I spoke at the beginning of the meeting because it was Derby Day and I had promised to meet my husband at the races. I really hated to go early because there again I met so many friends.

Judge Osborne of Benton and his young son Tom flew me from Kentucky Dam to Bowman Field in Louisville. I was already in our box at the Derby before our hosts and my husband arrived.

In spite of all the traveling and having met with over 4,000 women, I had such a good time I felt as strong as a Venetian Way when he came down the home stretch.

Miss Rhoda Mick Is Married at Kuttawa

The wedding of Miss Rhoda Mick, daughter of Mr. and Mrs. G. W. Mick of Benton, to Robert East of Woodstock, Ill., son of Mr. and Mrs. Cecil East of Kuttawa, was solemnized Saturday afternoon, May 28, in the First Baptist Church of Kuttawa, with the Rev. Willard Hagan performing the double ring ceremony.

The bride, given in marriage by her father, wore a ballerina length dress of Chantilly lace. The sabrina neck was cut low in the back, and the baskue waist dipped to a point in the back of the bouffant skirt. A wide satin bow graced the front of the skirt. Her fingertip veil of illusion was attached to a sculptured cap of the Chantilly lace. She carried a cascade bouquet of frenched carnations centered with a white orchid showered with satin streamers tied in love knots. Her

only jewelry was a single strand of pearls, a gift from the groom. The bridesmaid was Miss Dana Gray. She wore a dress of pean de soie over matching satin, white flower hat, gloves and shoes, and carried a cascade bouquet of frenched blue carnations with white satin streamers. She, too, wore a single strand of pearls.

Charles Rushing, of Briensburg, a cousin of the groom, served as best man. Ushers were: Pete Cannon, Steve Cruce, Keith Lee and Ronald Dunning. Mrs. Mick, mother of the bride, wore an imported batiste dress of light blue featuring eyelet insets, with a small white eyelet medallion hat, a white carnation corsage, and white accessories.

Mrs. East was wearing an imported batiste dress of deep blue with a small white flower hat, a shoulder corsage of white carnations and blue accessories. Following the ceremony a reception was held at the home of the groom's parents in Kuttawa. The refreshment table was covered in a cut-work linen cloth, centered with white carnations flanked by twin candelabra with tall white tapers. The three tiered wedding cake was topped by a miniature bride and groom. Personalized napkins bore the inscription "Rhoda and Robert, May 28, 1960." Miss Pat Rushing of Metropolis, Ill., a cousin of the groom, served at the punch bowl, and Miss Sherry Fowler of Symsonia, served the cake. Each wore a shoulder corsage.

For traveling the bride chose a pink cotton frock, with white accessories, and lifted the orchid from her bridal bouquet to pin at her shoulder. Soon after the reception the young couple left for Woodstock where the groom is employed by Montgomery-Ward. He is a graduate of Lyon County Senior High School, and attended Murray College.

The bride is a graduate of Eastern High School of Middletown, Ky., and a graduate of Ezell Beauty School of Murray.

The Golden Rule

Lessons for June 5, 1960

HAT IS THE Bible driving at? What is the essence of the Bible, what is it that can't be so away or left out? Jesus pointed to this pretty strong. He did not quote any verse from the Bible. He gave a single sentence.

own, and "This is the and the the." He said as about any sentence. wonder the the church in the name den Rule?"

least three things are necessary in order to make the Golden Rule work. What is this Golden Rule? "Whichever you wish that would do to you, do so."

Golden Rule calls for imagination as well as intelligence. If man who gave his wife the man would try to put himself in his wife's place, he would ask, "What would I want?" And he would remember that she had said, "I want you to be happy."

Golden Rule calls for some-thing, beyond, or rather under-lying, intelligence and imagination. It is the call for the Christian to use his heart in the Golden Rule. It is the heart of Jesus, a heart sensitive not merely to the words of others but to their hearts. Jesus himself gave an illustration of this when the paralyzed man was brought to him by the four friends who let him through the roof. The first Jesus said to him was "Your sins are forgiven." Some people have criticized Jesus for saying this. Where was any evidence that man wanted his sins forgiven? Did his friends think a trick had played on them? A forgiven man weighs just as much as an forgiven cripple, doesn't he? Our Lord knew what the man needed most of all was forgiveness. Only a Christ-like heart can through want to need.

Itch—Relieves Pain

the first time science has found a healing substance with the ability to shrink hemorrhoids and relieve pain—without surgery. In case after case, while relieving pain, actual reduction of hemorrhoids took place. Most of all—results were so thorough that surgery made astonishingly fewer like "Others have ceased to bleed!" The secret is a new substance (Bio-Dyne)—discovered by a famous research team. This substance is now available in a proprietary ointment form. Prescriptions \$7.50. Uncle Ned ... From Dogtown

DEAR MISTER EDITOR: — I see where the FBI has released a report saying country folks are now committing more crime than city folks. Well, if the rural folks are overtaking the city folks in these activities, all I can say is they got more excuse. The drought, dust storms, the bo-weevil and lightning rod salesmen for instance, to name only a few, work on nothing but the rural trade.

MARSHALL COUNTY BOARD OF EDUCATION
By Holland Rose, Secy

I turned in on him sooner late and didn't get his name and party, but if he's running for a national office I'd like to vote for him. Not that I'm in the middle class. Mister Editor, I'm down with the pore folks and I'm expecting the Government to take care of me, but I just got a heap of sympathy for them middle class folks that ain't got nobody going fer 'em.

Me and my old lady went to church Sunday and I got to admit we got a real up-and-coming preacher, a feller that is always putting a new twist to things. He said Sunday, for instance, that it's not only hot where a heap of us is headed but that the humidity is terrible. First time to my recollection that I've ever heard a preacher bring up the humidity angle.

I figger a man that lives by the side of the road can be a friend of man by keeping his kids out of it. We had a wreck out here last week on account of a driver trying to miss a bunch of kids playing in the road. I wish you'd pen a editorial on the subject, Mister Editor.

Well, I better knock off here. I ain't in such a good humor on account of all my neighbors giving their income tax refund and mine ain't come yet. Waiting for a refund from the Government and waiting for eternity is about one and the same kind of waiting.

Yours truly,
Uncle Ned.

TERMITE TROUBLE?

There are some facts which we would like for you to know about exterminating a house for termites. First, the most common kind of termite in this part of the country is the subterranean termite, which builds the dirt tunnel from the ground up the side of a foundation, pier, etc., to get to wood. They have to go to the ground for moisture.

So to kill these termites, you have to poison the timbers and soil; drill and flood concrete porches and areas that can be pressure treated.

It isn't even logical to force a liquid into a solid piece of timber, much less drill and pressure treat the walls, studdings, and timbers in your house, that are subject to the attack of these termites. So if you want your home protected and treated right against termites at a price you can afford CALL
