THE MURRAY LEDGER.

VOL. 40, NO. 8

MURRAY, KENTUCKY, THURSDAY, APRIL 11, 1918

\$1.00 PER YEAR

CALL FOR FIRST INCREMENT, 2ND DRAFT, MADE

Calloway's Quota Will Be 26 White Men.—Will Leave About 26th

Washington, April 8.—Approximately 150,000 men will be sent to training camps during the five days period, beginning April 26. This is three times the number it was originally planned to call, and is nearly twice the monthly quota as based on the calling of 800,000 men over a period of nine months.

Calling out of the increased number was made necessary by the decision of President Wilson to respond without delay to the need of France and Great Britain for re-enforcements in the great battle in Picardy. Vacancies in National Army divisions resulting from the withdrawal of men to complete national guard and regular army units and for the formation of special technical units asked by General Pershing, will be made good by April draft. Those divisions farthest advanced in training are to receive first attention in order that the maximum number of complete units may be sent abroad soon.

Failure of congress to pass the amendment to the selective service act, which would permit the fixation of state quotas on the number of men in class one, necessitated temporary adherence to the old system. Local boards have been officially advised, however, that they are to ignore "quotas" for the time being and to simply continue calling up men until they have obtained the number they have been instructed to forward. When a basis for establishing state quotas has been found, due credit against future increments will be given for those already called. Among the men to be called will be approximately 116,700 whites and 33,700 negroes.

Under the provisions of the above order for the first increment of troops under the second draft Calloway county will be called upon to send to Camp Taylor on the dates fixed in the above call twenty-six white men, and at the same time will be asked to forward the twelve negroes remaining due under the provisions of the first draft. The local board has about completed all of its labors in connection with the classification and examination of men of draft age, and when the official notice is received the men will be ordered to report as has been done in the past.

At this time considerable interest attaches to the present call, owing to the fact that a recent order from the war department directed that "the call to the colors of men actively, completely and assiduously engaged in the planting and cultivation of a crop, and who are in Class I, should be deferred until the end of the quota." This order was published in full in the Ledger under date of March 21 and should be read by all persons liable for service. Unless this order is rescinded the local board will observe to the letter and as a result it will be necessary to pass down among the names of possibly one hundred and fifty registrants before the required number of men is registered for the first draft. A statement of

number of men will come from the town of Murray, and the list will also include the names of school teachers and among the number will be men who have married since registration last June. The Ledger publishes following the names of the first one hundred and fifty registrants in their official order of liability and from which the twenty-six men will be selected:

The board this week received notice to forward four men from Class I to Indianapolis by the 15th inst. for special service as auto drivers, repairers, blacksmiths and other mechanical duties extending to many kinds of military duty. The board asked for volunteers for this service and thus far Charlie Moore and Walton Harris have been accepted. The board will meet Friday to select the other two men. They will leave Saturday or Sunday and will receive a special training of several weeks before leaving for France.

Indications are that troops will be rushed to France as fast as possible for the next few months, and it is stated authoritatively that approximately 150,000 will be forwarded each month. As fast as the cantonments are emptied others will be called to the colors and from now on men will be leaving Calloway regularly until fully another million men are under arms.

LIBERTY LOAN ISSUE TO RUN FOR TEN YEARS

Washington, April 6.—The third issue of Liberty Loan bonds will mature in ten years—on September 14, 1928—the treasury department today announced, and will bear interest from May 9 next, payable semi-annually on September 15 and March 15.

The third Liberty Loan campaign will last four weeks, beginning Saturday and ending on May 4, the treasury department announced. Banks will begin five days after the campaign's close to tabulate and report subscriptions.

Instead of requiring 2 per cent cash payment with the subscription, as the second loan, 5 per cent will be asked for the third loan. Twenty per cent then will be due May 28, 35 per cent July 15 and 40 per cent August 15.

Are After Castleberry.

Mayfield, Ky., April 1.—Several business men of Paris, Texas, are in the city in an effort to secure the services of Rev. J. J. Castleberry, pastor of the First Christian church of Paris. They have offered him \$4,000 a year.

CALLOWAY WILL RESPOND TO 3RD LIBERTY LOAN.

Mr. William R. Compton, the chairman of the Eighth Federal Reserve District and a man high in authority in the Liberty Loan organization, in an address delivered at Hotel Statler, St. Louis, Mo., to Liberty Loan workers said, among other things, in regard to persons who refuse to buy bonds of the Third Liberty Loan:

"We want, in every county, a poll and tax list of every possible bond buyer, so that when a salesman appeals to a man he will know exactly what he ought to buy, and this time there is going to be no camouflaging."

The above, together with reference to instructions by the government to the county director of sales as to the use of prospect cards by authorized sales agents, is published for the benefit of slackers of every name and kind, if there be such in our county. While it is to be hoped we have no such people among us but if it should develop that there are and they are playing the game of pretended Americanism and shirking duty, and their names come to the county headquarters through authorized channels, Uncle Sam says send them on to national headquarters, leaving nothing for me to do but follow orders. If your name should appear in that list you will have no one to blame but yourself. Patriotic Callowayians, patriotic Kentuckians, patriotic Americans, I appeal to you to do your whole duty.

NAT RYAN,
Chairman Third Liberty Loan.

Chairman Ryan is in receipt of a communication from James C. Willson, vice-chairman, Western Kentucky Liberty Loan Organization, in which the following language is used:

"The Treasury Department has announced that it expects at least 15 per cent of the population of the United States to be bond buyers in the Third Liberty Loan campaign. This calls for 2,950 bond buyers in Calloway county. This number is based on the 1910 census."

The Third Liberty Loan drive in Calloway was opened last Saturday without the blowing of trumpets, the playing of bands or parades of any character. It has been said that "still water runs deep," and from initial indications the folks of this county are thinking soberly and seriously regarding this loan to the government, and when the campaign is closed hundreds of buyers will be recorded. Men who love their homes, respect their wives and have faith in their government, and who have the means will buy these bonds.

The campaign in this county will be waged until the expiration of the four weeks allotted time, and opportunity will be given every citizen to participate in this patriotic service.

A meeting of the precinct chairmen was held here last Monday by Chairman Ryan and a full attendance is reported. The men composing this body of precinct chairmen are in full sympathy with the government, and it is to be hoped that all citizens will lead them the same support in their respective districts that they are rendering the county chairman. Men who can must buy these bonds, must do so will be cheerfully and thus make

possible the successful prosecution of the most righteous war ever waged in the history of the nation.

Looking for Y. M. C. A. Workers.

W. P. Watkins, district secretary of the state Y. M. C. A., was in Murray Tuesday interviewing men for army Y. M. C. A. work in France. One thousand Y. M. C. A. secretaries a month until July 1, 1918, are needed in France to take care of the men who are going over and 250 secretaries for the French army. Kentucky must furnish twenty men each month if she is to provide her quota of men, and a vigorous campaign is being conducted by the Kentucky war work recruiting committee to supply this demand. Men of business and professional training are needed, also men who are capable of directing athletics and games. Men for overseas service must be above the draft age. The recruiting committee for Calloway county is composed of Rev. Kyle Brooks, Rev. H. W. Brooks, Prof. J. W. Jones and Judge E. A. L. Langston. Any man who wants to inquire about army Y. M. C. A. work should consult one of these gentlemen for information and application blanks.

FATHER AND MOTHER SEE CHILD BURN TO DEATH

While his parents stood helpless, the three year old child of Mr. and Mrs. Jeff Phillips, of Farmington, Graves county, perished in the flames that destroyed the Phillips residence last week. The father was seriously burned in several futile attempts to rescue his child and the gruesome sight of the child's charred body falling through the floor told the parents of the terrible fate.

The child was left on a couch near a window in the living room while Mr. and Mrs. Phillips went to the barn to attend to a sick horse. During their absence the house caught on fire from an unknown cause and the fire was under full headway when Mr. and Mrs. Phillips were attracted. Mr. Phillips rushed to the house, but when he swung open the door a burst of flame blinded him and barred his passage. He rushed to the window where the child was left and crawled through. The child could not be found and Phillips was compelled to fight his way out to escape suffocation.

As he and his wife stood by powerless to save their infant the flames quickly burned the house to the ground. As the floor gave in the body of the child, charred beyond recognition, fell through into a heap of hot ashes.

ILLINOIS MOB LYNCHES A GERMAN FOR DISLOYALTY

Collinsville, Ill., April 6.—With his arms crossed and kneeling, Robert P. Prager, who was lynched by a mob Wednesday night at midnight for alleged disloyal utterances, prayed in German for three minutes before he was strung up, according to statements by members of the lynching party.

Prager was a coal miner, and was at Marysville, Ill., in an address to the miners on socialism, is said to have made remarks derogatory to President Wilson. Miners there became angry, and when they threatened to do him bodily harm he escaped to Collinsville, his home. Some of the miners, however, followed him from his home and led him barefoot through the streets waving an American flag.

CASUALTY LIST AMERICAN DEAD GROWING DAILY

Washington, April 9.—Four hundred and forty-seven American soldiers in France were killed or wounded in action, died of various causes or were captured by the enemy in the six day period between April 2 and 8. The heaviest toll for a single day reported since the first American soldiers landed in France was shown by the list of April 5th, which contained 124 names.

A combined summary of the six reports shows:
Killed in action, 18; died of wounds, 11; captured, 21; died of accident, 4; died of disease, 46; died cause unknown, 3; seriously wounded, 103; slightly wounded, 241.

American troops are now reinforcing the British in France along the greater portion of which the Germans are keeping up strong attacks with hordes of men and great concentration of artillery in assaults that now apparently have the penetration of the battle front in Northern France and Belgium as their objective.

Falling to obtain their objective, the railway center, Amiens, the enemy has launched an herculean effort against the British to the north in an endeavor to widen the base of the wedge driven into the allied line.

The British have been forced to yield ground under the terrific pressure. The last German official report claims the river Lys has been crossed and that on both sides of the Waasten-Warneton the British lines were pierced and that 6,000 prisoners and 100 guns were taken.

COAL CONSUMERS URGED TO BUY FUEL SUPPLY NOW

It is urged by the Federal and State fuel administrators and by your county fuel committee that all users of coal purchase their supply for next winter as early as possible. Don't delay this matter, buy your coal at once. Recall the coal famine of last winter, and be warned that shipping facilities may be even worse next winter.

We are in a great war and the government must use its cars for transporting men, munitions and supplies for our armies. We must use all available cars that can be spared from government use now and throughout the summer and fall months if we hope to secure the needed supply of coal.

The writer attended a meeting of fuel administrators in Louisville last Saturday and both national and state authorities urged every district in the state and in the nation to provide its fuel early, as a neglect of this duty may result in even more suffering during next winter than was experienced the past. There can be no definite promises as to late shipments, and every coal consumer is urged to take notice and heed this warning: Buy your winter's supply now; help avoid a repetition of last winter's coal famine; let all industrial users buy now; we must use the cars when we can get them, it's our patriotic duty. We must win this world conflict and you and I must do our part. Buy your coal early; be prepared.

W. H. FINNEY,
Chairman Fuel Committee.

Buy your coal early; be prepared.

Opportunity is Said to Knock but Once

but you have a chance to open an account with

Farmers Take Notice.

War Prices.—If you want to save money in buying your fertilizer, when you see this ad in your paper drop me a card telling me how much you intend to use this spring and I will file it away and when a car comes will phone or write you and let you know when the car is at the depot.

My goods are just the kind I have handled for fifteen years—the Boar Head Brand, Bone and Tankage filler, and feeds good through your drills.

By handling fertilizer in this way can save storage and drayage, and have it at the place when you get ready for it. My prices are going to be right. Here they are: \$1.10 per hundred for the cheap tobacco grower, and \$1.75 per hundred in 125 pound bags. 10c for empty sacks returned in good shape. Shake them out and don't let them get wet. My company has agreed to pay 10c each for them if I would pay freight and ship them back. You know it is war times and sacks are scarce and high.

I will try to keep fertilizer in the house all the season, but it is hard to do, so take advantage of the car price and you will have it when you get ready for it. Terms will be cash, and fertilizer guaranteed to be just what I have handled for the farmers for years. Don't lay this paper down and forget what you have read in this ad, it means something to you, for it is going to be hard for any of us to keep it in stock if you don't help us by taking it from the cars to your barns. The car situation is bad, and if you want the old reliable Boar Head fertilizer mail me a statement of amount wanted at once. I don't obligate you in any way to take it if you don't need it. I have a fresh car of cement coming at the right price. Take Notice. All parties in-

debted to West & Purdom are requested to come in and settle as Purdom has sold out to West & Son.

Cumb. phone, Hopkins boarding-house. Ind. phone, McDaniel shop or Concrete Plant.

W. M. WEST.

Potato plants, full stock. Florida yam or Nancy Hall at \$3 per thousand, postage paid. Also seed potatoes for sale. Oscar Tabors, Farmington, Ky., route two. 3613p

Eggs.—Ringlet Barred Rocks, Thompson strain: \$1 for 15.—T. J. Howard, Murray, Ky. 366

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism, and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2928 Olive street, St. Louis, Mo. Sold by druggists.

I am paying cash and selling for cash; can save you \$10 on any style Delker buggy you want. J. W. Deaham, Hazel, Ky. 6p

FERTILIZER DOPE

Have You Ever Tried the
Old Kentucky Fertilizer?

Five hundred of the best farmers of Calloway county are using it, because they can get BETTER RESULTS from this fertilizer than any made.

The men at the head of our government are pleading with us to produce every possible food supply, in order to accomplish this result it behooves every farmer to use the best fertilizer obtainable, and this we contend is Old Kentucky. You will make more pounds and more bushels with the Old Kentucky fertilizer.

Our Terms Are Cash or Note.

See us and get our prices before buying.

W. L. Baucum & Company

Cherry, Ky.

NEW FISH LAW PERMITS USE OF NETS IN RIVERS.

The new law, which goes into effect today, permits the use of seines and hoop nets without wings, with mesh of not less than one and one-half inches square, in streams which form the boundary between this state and any other state (Mississippi, Ohio, Big Sandy, Tug Fork of Big Sandy and a part of Tennessee river), not to be placed or used within 200 yards of the mouth of tributary streams, nor within 200 yards of any lock or dam upon payment of \$1.25 for license tag for one hoop net without wings, and \$1 additional for each additional hoop net, and \$5.25 for license and one tag for each seine of 100 feet in length or less, and \$2 for each additional 100 feet or fraction thereof. Provided, further, that any large or small-mouth black bass, if caught in nets or seines, shall be immediately returned, without injury, to the water from which taken. Provided, further, that no fish shall be taken under the provisions of this act during the month of May.

The same provisions, as above indicated, apply to navigable streams within the state actually under lock and dam (Kentucky, Green, Barren, Rough, Cumberland and Levisa Fork of big Sandy river); but no fish can be taken under the provisions of this act from waters above the last lock and dam in any navigable stream, and size of mesh limited to two inches. Possession of net or seine without tag attached is unlawful. Penalty for violation, \$15 to \$100 or imprisonment, and nets to be confiscated and destroyed. Non-resident license for hoop nets or seines will be issued upon payment of double the fees charged residents for a like hoop net or seine license and tags. License is procured in the same manner as hunting license. All game wardens, sheriff and his deputies, constable and his deputies, or any peace officer, is empowered to make arrest. It is unlawful to take fish from any other stream or part of stream not provided for under the law, by any means other than with pole and line, hand line, set line or trot line. There have been no changes made in the hunting law.

The new law conforms to recommendations of the federal government and the Kentucky Game and Fish Commission, and was approved by the Hon. Fred M. Sackett, food administrator for Kentucky. It is a war measure, and will bring thousands of pounds of fresh fish into the local markets of the state, and this season will be the first time in twenty-five years that fish can be caught legally by means of seines and nets from any of the running waters of this state.

DeWoods.—The only standard bred registered trotting and pacing stallion in Calloway county will make the season of 1918 at the Calloway county fair grounds at Murray, Ky., at \$10. DeWoods is a beautiful bay, 16 hands high and the best bred horse in West Kentucky. Just the kind the government is urging the people to breed to. The very type for the army. Has all the gaits and won first in the saddle and harness ring last year. —James Taylor.

Eggs.—Pure strain S.C. Rhode Island eggs at 75c per setting of 15 at home, or delivered at Murray at \$1.—J. W. Hendon, Murray, Rt. 7, Cumb. 181-4 328-2

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not grip or sicken. 25c

CHEVROLET

Valve-in-head Motor Average 25 Miles per Gallon Gasoline

The Lowest Priced Electrically Equipped Automobile in the World

ECONOMY In operation is a distinctive feature of the Chevrolet. By owners' own checked records, this car averages 25 miles per gallon of gasoline—and more than 500 miles on a gallon of oil.

The Chevrolet is built as light as a strong car can be made. It carries no unnecessary weight, thus reducing gasoline, tire and repair expense.

The Chevrolet valve-in-head motor develops all the power in the fuel—and wastes none. Every bit is used in driving the car.

This light, strong, economical and low priced automobile is just what you want for getting about quickly on the farm, for trips to town and to the neighbors and for the benefit and enjoyment of the whole family. It will make life brighter and broader for you all.

There is but one ~~sure road to VICTORY~~, and it must be built upon the toil, the steady purpose, the *saving* and the *lending* of a whole nation.

There is but one sure road to VICTORY, and it must be built upon the Liberty Bonds of a loyal and united American people. On this road, and this road alone, can our splendid armies drive through to the Rhine—and beyond! *Build well, O Road Builders, and build quickly!*

Buy Bonds of the Third Liberty Loan

It is seldom one can help a great cause without personal sacrifice. But you can. These Bonds are the safest, best investment in the world. Security? Why, they are a first mortgage upon the United States. Every railroad in the country, every homestead, farm or public building, every industry, every income or salary, everything we own—everything *you* own—is pledged as collateral.

If you can't pay cash for your Bonds, you can borrow a part of the money at your bank, using the Bonds as security; or you can buy them at your bank on easy partial payment plan. It is no trouble to buy Liberty Bonds—it is no trouble to pay for them. See your banker today.

LOCAL and PERSONAL

Enroute to the Trenches

Mrs. Oron Keys, of Brookport, Ill., is in the city the guest of relatives and friends.

For cash I can save you \$10 on a Delker hoggy.—J. W. Deahem, Hazel, Ky. \$148p

Miss Mildred Dunn, of Paducah, spent several days of the past week in the city the guest of relatives.

Gus Covington, of Mayfield, was in the city last Friday to attend the funeral and burial of Jeff Smoot.

R. L. Shoemaker, guard in the Eddyville penitentiary, was in the city the past week the guest of his family near Dexter.

Mrs. Edgar Beaman and children, of Paducah, were in the city the past week the guests of her mother, Mrs. Brooks Farmer.

Mrs. G. B. Scott has returned to her home in Little Rock, Ark., after visiting her parents, J. E. Owen and wife, for some time.

John Hopper, of the New Concord section of the county, is a patient in the hospital here where he recently underwent an operation.

Mrs. J. P. Thornton, who resides a few miles north of town, is in the hospital here where she underwent an operation for abscess.

Judge T. P. Cook and wife, of Hopkinsville, arrived here the first of the week to remain during the present term of the circuit court as guests of their daughter, Mrs. E. J. Beale.

Howard Dumas and wife, of Puryear, are in the city and are with Ryan & Sons Co. to remain until after the Third Liberty loan drive, of which Mr. Ryan is the county chairman.

E. W. Patterson has accepted a position as traveling salesman, for the Armstrong Roofing and Paint Co., of Chicago, and is traveling Western Kentucky and Western Tennessee.

Eld. L. L. Brigrance, of Henderson, Tenn., will preach the commencement sermon at the Hazel High School building Sunday afternoon at 2 o'clock, April 14. Everybody invited to hear him.—News.

W. H. Finney transacted business in Louisville the latter part of the past week connected with his position as fuel administrator. He was accompanied by his niece, Miss Ona Roberson, who visited her brother, John Roberson, stationed at Camp Taylor.

Elder Kyle Brooks, pastor of the First Christian church, will speak at Mt. Hebron church, near Backusburg next Friday at 2 o'clock and at Hickory Grove next Monday night in the interest of the Third Liberty loan. He should be given a large hearing at each of the appointments.

Western Kentucky was visited by several days of very cool weather the first of the week, the mercury going below the freezing point two different nights. Wednesday afternoon a heavy snow fell for some time. The damage to growing vegetation and fruit cannot be estimated at this time.

Miss Grundy Mason, 75 years of age, died Monday afternoon at the home of her brother, Dr. W. M. Mason, Sr., in Hazel, after a lingering illness of paralysis. The burial took place Tuesday in the Liberty grave yard. She was one of the oldest ladies of the county and was a splendid christian woman.

Mr. Burrus Waters and Miss Eula Steeley, popular and well known young people of the city, were united in marriage Wednesday evening at the home of Luther Jackson, in this city, Rev. H. W. Brooks saying the ceremony. Mr. Waters is an employee of the Ford garage and his bride has been an operator in the local office of the home telephone company for some time.

Robert Cox, 31 years old, of Kirksay, Ky., enlisted Thursday as a hospital apprentice, second class, in the United States navy at the local recruiting station. Quartermaster U. C. Riley sent the new recruit to Louisville for a second physical examination. —Paducah Sun.

Mike Cunningham, a young man living near Canton, Trigg county, and who deserted from Camp Zachary Taylor the 14th of last November, was captured last Saturday night at a party at Floyd Exell's, several miles from Canton.

Twenty thousand soldiers from Camp Taylor, near Louisville, have been sent to France since the cantonment opened last summer.

Nathan B. Stubblefield's three sons, Bernard B., Nathan F. and Oliver A. J., are all volunteers in the United States army. Their grandfather, W. J. Stubblefield, was a volunteer in the war of the Rebellion, and captain of Co. G, Seventh Kentucky Regiment. Nathan B. Stubblefield's patriotism found vent in the field of electrical science, and he has contributed substantially to the world's sum of knowledge, well known of in scientific circles.

Joe Pitman, colored, has been discharged from further military service and arrived in Murray Monday of this week from Newport News, Va., where he has been stationed the past several months. Joe was excused because he didn't possess brains enough to make a soldier. His discharge was honorable and was issued on account of "arrested mental development." Joe has resumed his duties as official bell ringer for the Beale restaurant.

Bert Watson, stationed at Camp Taylor, Ky., accompanied by his wife who has been residing in Louisville since he went into service, arrived in the county the latter part of the past week on a short visit to home folks.

Ethan Owens and Billie Albritton who went to Paducah last week to enlist in the navy, have returned home, both being rejected. Owens was rejected at Paducah on account of his eyes, while Albritton was sent on to Louisville for final examination and was rejected on account of his hearing. Geo. Dick was accepted upon final examination at Louisville but was ordered to return home and await call for service. He arrived home Sunday.

Rudy Wright, Camp Shelby, Miss., was in the county the past week on a short visit to his parents, Tom Wright and wife, of Coldwater. Mr. Wright has three sons in the service and each one of them is a first class soldier.

Sergt. Oscar Windsor, a well known young man of the west side of the county and who has been in the service since last fall, has safely landed across the big pond and has joined the American forces in Europe. Sergt. Windsor has been a frequent contributor to this column and folks will be glad to learn of his safe arrival in France. He is a splendid soldier and has many friends in this county.

Sergt. Hall K. Jennings, who has been assigned to Battery D, 64th Reg., C. A. C., stationed at Jackson Barracks, New Orleans, La., has been ordered to the officers' training school at Fortress Monroe, Va. Sergt. Jennings left New Orleans the 2nd for his new assignment where he will remain in training for three months.

C. C. Broach, Battery D, Camp Sever, S. C., arrived in the city the past week to spend a short furlough visiting his brother,

Charlie Broach, and sister, Mrs. Dudley Johnson, and other relatives. Charlie is in his health and is expecting an early transfer to France.

Red Cross Civilian Sales.

The United States government makes monthly allowances for the families of soldiers who have allotted a portion of their pay. Compensation is provided in case of disability or death. The government also issues life insurance at small premiums to enlisted men.

The Home Service Section of the Calloway county chapter is prepared to give accurate and authoritative information upon all these matters. Free legal advice is available to soldiers' families. Such legal advice may be used by calling at the office of John Ryan, who is attorney for the civilian relief committee. His office is also headquarters for the civilian relief committee and information relating to all work of the committee can be obtained there.—Mrs. J. E. Thomas, Chairman Civilian Relief Committee American Red Cross.

Circuit court was convened at 1 o'clock Monday, the delay being occasioned by Judge Bush failing to reach here before noon. However, the juries were selected and before adjournment hour all cases set for the first day were disposed of. There are no cases of importance on the docket for this term.

Dr. W. F. Grubbs, who has been located at New Concord for some several years practicing medicine, last week moved to Hazel where he will continue the practice of his profession. Dr. Grubbs is one of the splendid physicians of the county and has a wide circle of friends throughout the east side.

The game of base ball between the Murray high school team and the Huntingdon, team played on the local grounds last Saturday, resulted in a score of 3 to 5 in favor of the visitors. A game will be played here Saturday afternoon between the home team and the Princeton, Ky., team.

Constipation causes headache, indigestion, dizziness, drowsiness. For a mild, opening medicine, use Doan's Regulets. 30c a box at all stores.

ORDER OF ELECTION.

A call term of Calloway County Fiscal Court held March 15, 1918, met on Friday morning at Court House, Murray, Ky., pursuant to adjournment.

Presiding, E. P. Phillips, judge, together with W. N. Beale, J. F. Thurmond, A. J. Burken, G. M. Potts, J. T. Glasgow, Eugene Woodall and T. M. Fisher, magistrates.

Motion made by Eugene Woodall, seconded by A. J. Burken that a special election be held on May 11, 1918, for the purpose of submitting to the voters of Calloway county a proposition of voting a tax in the sum of 20 cents on the \$100.00 on all property subject by law to local taxation under section 157 of the constitution for the improvement and construction of the public roads and bridges of the county; either one or both as the court may direct for a period not exceeding ten years and that no amount of money in excess of the amount that can be raised by the levy in

any one year shall be expended in that year.

The vote being taken and all members of the court voting in favor of said motion the motion prevailed.

It is therefore ordered by the court that J. D. Houston, sheriff of Calloway county, hold an election at the several precincts in said county on Saturday, May 11, 1918, and said sheriff is hereby ordered and directed to advertise the time and purpose of the election and the amount of tax to be levied each year in all the newspapers published in this county for 30 days before the election.

Ballots shall be printed as provided for in the general election laws, section 1459 Kentucky statutes on said ballots shall be submitted the question:

Are you for a property tax of 20 cents on each one hundred dollars worth of property in the county, to be levied each year for a period not exceeding 10 years, for the purpose of improving or constructing, either or both the roads and bridges of the county?

All legal voters in Calloway county shall be qualified and allowed to vote in said election and no amount of money in excess of the amount that can be raised by the levy in any one year shall be expended in that year.

It is further ordered by the court that in the event said tax shall be voted, then a sum equal to the amount of tax so collected from each magisterial district shall be expended on the roads and bridges of that magisterial district for each year so collected.

Copy Attest:
R. M. PHILLIPS,
Clerk.
By L. A. L. Langster, D. C.

By virtue of an order of the Calloway Fiscal Court issued to me at a call session held March 5, 1918, directing me to call an election for the purpose of submitting to the voters of Calloway county the question whether or not they are for a property tax not to exceed twenty cents on

each one hundred dollars worth of property in the county subject to local taxation, to be levied each year, not exceeding ten years, for the purpose of improving or constructing, either or both, the roads and bridges of the county.

Notice is hereby given to the legal voters of Calloway county that on Saturday, the 11th day of May, 1918, between the hours of 6:00 a. m. and 4:00 p. m., an election will be held at the various precincts and voting places in said county, at which the following question will be submitted to be voted on:

Are you for a property tax of twenty cents on each one hundred dollars worth of property in the county to be levied each year for ten years for the purpose of improving or constructing, either or both, the roads and bridges of the county.

Given under my hand as sheriff of Calloway county, Kentucky, this 26th day of March, 1918.
—J. D. Houston, Sheriff County.

VISITORS ARE PERMITTED IN CAMP TWO DAYS ONLY

Camp Zachary Taylor, Ky., April 1.—Residents of Indiana, Kentucky and Southern Illinois, who have soldier relatives at Camp Taylor, will be interested in knowing that orders regarding visitors at the camp practically close the cantonment to the public with the exception of the regularly established visiting periods, Wednesday and Saturday afternoon and Sundays.

Only civilians having passes will be permitted within the reservation, and no passes will be issued to other than to persons having business dealings with the government.

Passes will not be given to women, the order directs. Persons having relatives and friends at the camp may call at the base hospital or the Hostess House, but they cannot enter the grounds except during visiting hours. However, they may call by telephone from these stations

to the commander of the unit in which the soldier they are anxious to see is serving, and he may be sent to the hospital or Hostess House to meet them. The new regulations will avoid interruption of training by visitors.

PARTIAL PAYMENT PLAN FOR LIBERTY LOAN IS POPULAR

WAGE EARNERS MAY OBTAIN
BONDS AND PAY IN WEEKLY
INSTALLMENTS.

THE BANKS AGREE ON FORM

City Workers May Pay Weekly, While
In Rural Communities Systems
Adapted to Needs Are
Being Developed.

The government "partial payment" plan is being adopted by many of the cities and towns throughout the Eighth Federal Reserve District for handling the Third Liberty Loan, which starts April 1. Committees have been appointed in several cities to work out details in connection with the plan. It is thought that the form of subscriptions to be used in the sale of the bonds will reach anything like the aggregate number of subscribers who will take advantage of this method of purchasing.

In St. Louis a committee of bankers has been active shaping arrangements so that purchasers of these bonds will have the privilege of buying them on weekly installments.

F. O. Watts, president Third National Bank of St. Louis and chairman of the Metropolitan Committee of the Liberty Loan Organization for the Eighth Federal Reserve District, is highly enthusiastic over the plan.

During the previous loans, Mr. Watts said, there were approximately 25,000 subscriptions in St. Louis which were taken on a weekly installment plan, but in his opinion that city ought to have 125,000 subscribers to the weekly payment plan. That is the goal set by the present committee for the Third Liberty Loan Bonds.

Of the 47 banks in St. Louis, 45 have agreed to cooperate in publishing the weekly payment subscriptions, and a uniform contract to govern such subscriptions, approved by the St. Louis Clearing House Association, as well as the banks themselves, has been adopted.

Form Is Adopted.

The form of contract to given below: The owner of this "Liberty Loan" plan has agreed to purchase from the United States Government Liberty Loan Bonds and have by weekly payments of interest and principal from the date of purchase until 12 months from the date of purchase. The plan is to be carried out in accordance with the terms of the contract to be given below. The plan is to be carried out in accordance with the terms of the contract to be given below. MURRAY CITIZEN SALES MANAGER FOR BIG CONCERN

The Paducah News-Democrat of last Sunday contained the following announcement, and many Calloway citizens will read it with interest because of the fact that the sales manager of the concern is a Murray boy:

Starting about fifteen years ago in small quarters and in an exceedingly limited capacity, the Old Kentucky Manufacturing Company has grown until today its business is growing by leaps and bounds, and within the next few years it promises to become one of the largest companies in Western Kentucky. Only recently the sales force was completely reorganized, and at present the company is occupying quarters five times as large as the home a few months ago, and this year it is planned to increase the business 500 per cent.

Already the sales for the year 1918 have more than surpassed the combined sales for the year 1917, and orders are being received with such rapidity that the factory is being operated day and night. Until recently the company was quartered in a two story brick building at Twenty First and Trimble streets, but the business has increased at such a phenomenal rate that a suite of offices was leased in the Fraternity building about two months ago, the large building at Second and Washington Sts., formerly occupied by the Turk-Wilson Company, and machinery is being installed as rapidly as it is being received. This will give the company 25,000 square feet additional space for the use of the laboratories and shipping space. At present from 75, to 100 people are employed in the factory, and this number will be augmented shortly in order to keep pace with the orders.

The company occupies a unique field in the commercial world as it is the only manufacturer of a veterinary line of proprietary medicines. Its goods slowly but surely have established themselves as being meritorious, and now orders are received regularly from every state in the union, and the foreign business has surpassed the fondest expectations of the officers of the company.

During all of the years of the existence of the company, H. R. Lindsey, the president, has had a strong faith that eventually the company would grow to be one of the largest in the city.

Soon his ability was recognized in wider fields, and he became a salesman for a jewelry firm. In November 1917 he became connected with the Old Kentucky Manufacturing Company as traveling sales manager, and he accomplished such profitable results with the salesmen under his direction that in February, 1918, he was named as sales manager and stationed in Paducah.

Since being given complete rein over the salesmen, Mr. Johnson has put "pep" and life into the complete organization, and through his reorganization the company has gone forward at a pace that has been equalled by few organizations. The sales force is being increased steadily and all of the dead timber in the sales organization has been removed and now the company boasts of one of the liveliest staff of traveling men of any company in the state. Some of the most competent salesmen from large houses have been added to the staff only recently.

One of the most novel instruments to increase the value of the sales force is the issuance of "My Old Kentucky Home," a monthly magazine devoted to the salesmen. The first issue is just off the press and it is one of the most handsome magazines that has ever been printed. Throughout it is illustrated with cuts, and also filled with live reading matter and helps and sugges-

Mr. Lindsey for many years was connected with the E. F. Sutherland Medicine Company, the manufacturers of the famous Dr. Bell's Pine Tar Honey, and because of his experience he recognized the possibilities of a line of veterinary remedies. His faith was not shared by all of the stockholders, and for several years the market value of the stock was low. However, Mr. Lindsey continued his endeavors and gradually built up a capable organization, and during the last few years the business has increased steadily.

About two years ago Mr. N. R. Farris, an experienced chemist, came to Paducah from Salem, Ky., and at present he is the vice-president and general manager. Mr. Farris has given the company his best endeavors and he has built up a factory organization second to none. Mr. W. P. Paxton, who was associated with Mr. Lindsey in the E. F. Sutherland Medicine Company, has remained firm with the belief of Mr. Lindsey in the possibilities of the company, and for several years he has served as treasurer. Although a busy man and interested in various business organizations, he has watched the recent success of the company with great pleasure.

Mr. W. A. Nichol is the secretary, and although a young man, he has added enthusiasm to the business, and is one of the most important men on the organization.

The latest addition to the staff of the Old Kentucky Manufacturing Company is Mr. V. A. Johnson, who is the sales manager, and a live wire. He has demonstrated his ability by a complete reorganization of the sales department, and the wonderful success of the company is due to this department.

The rise of Mr. Johnson has been meteoric, and as a salesman his ability is unsurpassed. He is a native of Murray, Ky., and did not take up salesmanship until September 1916, when he accepted a position as traveling salesman for the Illinois Pure Aluminum Company, and for six weeks remained on the road. He demonstrated so thoroughly his ability that at the end of that time he was called in by the general manager and according to Mr. Johnson he expected to be given his walking papers. However a surprise was in store for him as he was appointed district sales manager for the company and he was given charge of the southern states.

Soon his ability was recognized in wider fields, and he became a salesman for a jewelry firm. In November 1917 he became connected with the Old Kentucky Manufacturing Company as traveling sales manager, and he accomplished such profitable results with the salesmen under his direction that in February, 1918, he was named as sales manager and stationed in Paducah.

Since being given complete rein over the salesmen, Mr. Johnson has put "pep" and life into the complete organization, and through his reorganization the company has gone forward at a pace that has been equalled by few organizations. The sales force is being increased steadily and all of the dead timber in the sales organization has been removed and now the company boasts of one of the liveliest staff of traveling men of any company in the state. Some of the most competent salesmen from large houses have been added to the staff only recently.

One of the most novel instruments to increase the value of the sales force is the issuance of "My Old Kentucky Home," a monthly magazine devoted to the salesmen. The first issue is just off the press and it is one of the most handsome magazines that has ever been printed. Throughout it is illustrated with cuts, and also filled with live reading matter and helps and sugges-

tions for salesmen as to the best means of increasing the business. Typographically the magazine is a splendid credit to Mr. Johnson, who is the editor, and also to the Billings Printing Co., the printers. The magazine will be issued monthly, and extensive improvements are planned. The new location for the main factory of the Old Kentucky Manufacturing Company is one of the most central and best in the city. Excellent shipping facilities are afforded by the spur track right at the door, and also by the fact that new freight stations will be within a square of the plant. Also easy access to the river piers is afforded as the river is only one block away. The shipping facilities are important as since the sales force has accomplished such a remarkable increase in the output of the plant. The ingredients are received in car lots, and the shipment of solid cars of the products to distant states is not an uncommon thing for the company this year.

As soon as business conditions become anything like normal it is planned to erect a large and modern factory to care for the

CHEAPEST NOT ALWAYS BEST

Person Who Buys From Catalogue House Sees Only the Price and Forgets That Value Is Thing That Counts.

When you spend your money you naturally want to get all you can in return. No one can criticize you for having that desire. Only those who are commonly referred to as having "more money than sense" throw their money away. All others are careful to see that they do not get the worst of any bargain. But one has to be able to look farther than the end of his nose if he is to be sure that he is getting the most that he can get for his money.

That in the defense of the man who buys from the mail order house instead of patronizing the merchants in his own town. He says he can get more for his money when he buys from the mail order man than when he spends his money at home. But is arriving at that conclusion he certainly has not been able to look further than the end of his nose.

In most cases the man who buys goods from a mail order house does so because he thinks he is getting the goods for less money than he would have to pay for them at the store in his own town. He thinks he is looking out for No. 1 and he says it is not his fault if the merchant in his town cannot make any money and is forced to go out of business. He overlooks the fact that he is likely to be as hard hit as anyone else when that merchant closes his doors but, leaving that probability out of consideration, the chance is about 10 to 1 that the buyer has really lost money on his deal with the mail order man.

Price Not Only Consideration.
If buying an article of any kind, whether it be a house and lot or a paper of pins, the price is not the only thing to be considered by any means. You are not in the habit of going into a store when you want to buy a suit of clothes and saying to the shopkeeper: "Give me the cheapest suit of clothes you have in the house." You want the best suit of clothes you can get for the price you pay for it, but you don't usually want the cheapest thing you can find.

A man may delude himself into believing that when he buys a suit of clothes from a mail order house for \$10 he is saving money, but what is there to justify him in such a belief? The mere fact that he is getting a suit for \$10 does not mean that he is saving money. The chances are that if he should go to the man who runs the clothing store in his own town and ask for it he could get a suit of clothes for \$10 and the chances are slim that it would be just as good if not a better bargain than the suit which he could get from the mail order house for the same sum. It is not the price he pays that shows whether he is getting a bargain or not. It is the quality of goods that he gets for his money that counts.

Can Undermail Mail Order House.
The home merchant can sell as cheaply as the mail order man if he sells as cheap goods as the mail order man sells. His expenses are not as heavy as those of the mail order man. He pays less rent in proportion to the business he does, his taxes are less in proportion to the capital invested. His advertising bills are less than those of the mail order man in proportion to the volume of his sales. He can undermail the mail order man any day in the year if he wishes to sell only goods of the same quality and style of those sold by the mail order man, but he doesn't do this because he knows that the majority of the people in his town do not want that quality and style of goods. Therefore he keeps in stock goods of all qualities and all prices. He has the \$10 suit for the man who thinks that he can get more for his money by buying a suit at that price than he can by buying a better one for \$20, but he tells the customer just what he is buying.

The next time you think about buying something from a mail order house, if you ever do think of such a thing, go first to your home merchant and ask to see the article which you are thinking of buying.

Ready to Compare Prices.
Your home merchant is a business man. He gets the best value he can for his money when he buys goods, and he does not expect his customers to do anything else. All that he asks, in return for the favors he does his customers and the things he does for the good of his community is that he be given an opportunity to meet the in-laboratory competition of the mail order house. He is perfectly willing to have his prices and his values compared to those of the mail order house, but he has a just complaint when he is not given a chance to make this comparison.

If all buyers would take the value as well as the price of the article they are buying into consideration, the mail-order houses would all go out of business.

This Corn Will Peel Right Off!

"Get-It" Makes Corns Come Off
The "Banana-Peel" Way!

Who have to stop on the floor, squaring yourself up like the letter "Z" and with hairy eyes draw your face up into a wrinkly knot while you ponder and pull at the quick of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—
Thorns No Fading or Cutting—
"Get-It" Always Works!

The old "Banana-Peel" way. "Get-It" is the modern, simplest, single way. Lean over and put two drops of "Get-It" on the corn, pull your stocking and shoe right up again, and forget the corn. Pain is eased. "Get-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, bandaging, blisters, thick blisters and painful methods. The "Get-It" is common sense.

"Get-It" is sold by all druggists from New York to New Orleans, by E. Lawrence & Co., Chicago, Ill. Sold in Murray and recommended by Dr. P. Wear and Dale & Stubblefield.

Will Sell Farm for Bonds
A farm in exchange for Liberty bonds in the office which has been made by G. L. Campbell, a real estate broker of H. H. Phillips, Ky. Further particulars will be given in the Liberty Bonds of this issue.

A Roof for Every Building

Made to Best Protect That Character of Building

Never in the history of the roofing business has quality in roofing been so important as now. At present prices no man can afford to buy carelessly, or be indifferent as to results. Nor can any man afford to put off roofing that is necessary.

The roof to buy is that which best protects and lasts the longest. Any other kind is wasteful.

The McHenry-Millhouse business has been built upon the sound principle that a roof best serves its purpose when made in a particular way for a particular building.

To that end it has studied buildings, the kind of roof they need and require and made a special product for each.

It is this specializing that assures you the most of durability in any McHenry-Millhouse product you buy.

Tell us the kind of building you have to protect and we will see that you get the right kind of roofing for this character of building.

Asphalt and Rubber Roofing, Asphalt Shingles, Asphalt Four in One Shingles. Anything else in Lumber, Brick, etc.

Let us show you. We have the goods at the right price.

Yours truly,

Hughes & Irvan Lumber Co.
Murray, Kentucky

WITNESS AFTER WITNESS HERE

Such Evidence Our Readers Cannot Dispute.

As we take up the Ledger week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Marshall does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others. C. C. Marshall, N. Fourth St., Murray, says: "I have used Doan's Kidney Pills off and on for years when my kidneys have bothered me, acting too frequently. The secretions at these times have been scalding in passage and highly colored. I have had pains across the small of my back, which have bothered me mostly when I bent over. Doan's have always driven this pain from my back and regulated my kidneys."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Marshall had. Foster-McBurren Co., Mfgs., Buffalo, N. Y.

Mayfield Over the Top

Up to Saturday morning the people of Mayfield already have pledged that they will buy the total of \$121,000 worth of Liberty Bonds. This is \$31,000 above what was expected of us, but the workers are not going to stop until they reach a total of \$150,000. This will retrieve our losses in past contributions to the cause of Liberty. The county also came up to its part and then some, is the belief.

The committees have a list of all who are able and refused to buy bonds here in the city, and next week a committee will visit these men and find out why they did not buy.—Times.

Calloway Artist

Calloway Artist, register No. 7658; dam, Alice Watts, registered mare. He will make the same on at the residence of J. H. E. on the Concord road, 3 miles north of Crossland and 7 miles northwest of Murray, at \$10. Dr. Hartman, Register No. 8435, jack, 15 hands high; never been defeated in show ring. Is 6 years old and a good one. Same place and price.

King—Jack, coming 4 years old, has 34-inch ear. Same place at \$8.

Premium of season fee for best filley colt, and half for horse.—J. H. Ellis.

Methodist Church

"If America is Going to Make the World Safe for Democracy, Who is Going to Make Democracy Safe for the World? Answer: Christ." will be the Sunday morning subject.

S. p. m.—How a Business Man Can be Saved.—At any time.—H. W. Brooks.

Lax Happenings

People are busy planting corn and building fences.

Tobacco plants are scarce in this neighborhood.

Porter Elkins and family visited Mr. Bruce Parker Saturday night and Sunday.

Mrs. Cathlyn McCuiston visited Dumas Parker Sunday.

Wendell Patterson and wife visited Glen Kline Sunday.

Andrew Wilson and family visited Charlie Evans Sunday.

John e Willoughby and family visited Henry Willoughby Sunday.

Ask Felix if he still likes coffee or water.

There was an egg hunt at Mrs. Belle McCuiston's Sunday evening and a large crowd had a nice time.

We have a new mail carrier on the star route through here, Mr. Brock Willoughby succeeded Mr. Bill Wright.

Ask Veto if she went in that new buggy.—Guess Who.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Thousands rely on Dr. Thomas' Electric Oil. Your drug-gist sells it. 30c and 60c.

RUB-MY-TISM

Will cure Rheumatism, Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts, Burns, Old Sores, Tetters, Ring Worm, Eczema, etc. Antiseptic Anodyne. Used internally or externally. 25c.

TOBACCO MARKET CONTINUES STEADY AND STRONG

Hopkissville, Ky., April 6.—This week's tobacco market fell off more than a quarter of million pounds from last week but this is due to the extremely dry weather prevailing several days prior to the rains of Tuesday and Wednesday. Only about three-quarters of a million pounds were sold this week but the average was kept up in prices. No extra fine leaf was offered and consequently the high price for the week was \$20.50 as against \$22.50 last week.

The highest weekly average this season is \$14.49, which is only 3 cents above the average this week. The lack of more of the finer grades caused the season's average to fall one cent below the highest season average to date.

The demand for good tobacco seems to grow stronger and the cheaper grades remain firm.

Paducah, Ky., April 5.—A loose floor sale was held at the People's warehouse, Ninth and Findlay streets, 30,000 pounds of tobacco being sold. Lugs brought from 11 1/2 cents to 12 1/2 cents, and leaf from 13 cents to 17 1/2 cents. The tobacco was in fair condition. Prices differed little from those of a week ago. The average will not reach over 14 cents around, for the highest, at any warehouse.

Kevil, Ky., April 5.—The farmers of Ballard and McCracken counties held a joint meeting at the Heath High School Thursday night. This meeting was called for the purpose of discussing the tobacco situation and prices. There was a large attendance of farmers from both counties, and it was agreed that they would hold their tobacco until the price reached 20 cents.

Judge T. J. Nunn Dies at Marion.

Judge T. J. Nunn, about 68 years old, died at his home in Marion after a lingering illness of complications. Judge Nunn resigned as a member of the Kentucky Court of Appeals at Frankfort in 1914 because of failing health, and since that time his condition has become worse steadily.

Judge Nunn was a man widely known over the state and was especially popular in the western part of Kentucky. He was an able jurist, and was recognized as one of the strongest lawyers in Western Kentucky. He is survived by his wife, Mrs. Sallie Nunn, two sons, Judge Clem S. Nunn, and John Nunn, of Evansville; two daughters, Mrs. Nell Tucker, of Marion, and Mrs. Virginia Eady, of Louisville.

James Announces for Re-election.

United States Senator Ollie M. James in Washington yesterday announced his candidacy for re-election. His formal announcement has been expected for some time. So far there has not been any opposition announced to oppose him for the honor. Before being elected United States Senator Mr. James served a long time as congressman from the First district. Senator James has been taking such an important place in national affairs that the distinguished citizen of Marion will be hard to defeat for re-election.

\$100 Reward, \$125

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being generally influenced by constitutional conditions requires constitutional treatment. Dr. Williams' Pink Pills is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and restoring nature in doing its work. The physicians have no much faith in the curative power of pills taken in the ordinary way. One hundred dollars for any case that it fails to cure. Send for free booklet.

Address: J. C. Williams & Co., Baltimore, Md.

Fresh standard dwarf brown

DON'T SELL UNCLE SAM SHORT

Speaking of patriotism and our duty to our country—and those are the things of which most of us are speaking these days—why not buy a Liberty Bond or two?

It ever a thing was well named a Liberty Bond is. It stands for liberty—for liberty not for our own people but for all the peoples of the world—liberty from despotism, from imperialism, from militarism, and most of all, liberty from Prussianism, which summed up, is the other threeisms rolled into one.

And, likewise, it is a bond, a bond of faith, a bond of honor, a bond of reliability, a bond of security, backed up by the government of the United States of America, its assets, its good name, its credits, its power, and its possessions of whatsoever nature.

This generation is just now engaging upon the tasks of preserving and perpetuating what our forefathers earned for us. If the heritage they handed down to us was worth taking it is worth keeping; if the flag they fought under is worth living under it is worth defending; if the government they established is a government that should endure, if its securities are staple and stable, it is our duty to invest in these securities, to prove the value of our own citizenship to ourselves by the confidence and the trust we show in our own institutions. The Liberty Bond issue gives us that chance without entailing the slightest risk upon our part.

When we buy Liberty Bonds we are helping our country, helping as righteous a cause as ever sent a nation to battle, and at the same time we are safeguarding our savings and earning a decent rate of interest on our money. We can't lose; we are bound to win.

Thieves may break in and mow may corrupt, but a Liberty Bond is as solid as Plymouth Rock and as honest as the Declaration of Independence. If it goes down, our government goes down with it, and then your money wouldn't do you any good anyway. If you had kept it stored up it would be confiscated by a gentleman in a spiked helmet with spiked mustaches and a spiked way of saying "Verboten" to practically everything you wanted to do.

As long as the Stars and Stripes float the Liberty Bond will be afloat too. The Liberty Bond is guaranteed by every inch of our soil, by every shred of our traditions, its promise to pay is predicted on every ship that flies our flag, on every pennyweight of railroad iron in our land, on every peppercorn in our circulation, on every rod of navigable river, on every furlough of highway, on every gill of water in every American harbor, on every pebble in the Rocky Mountains, on every blade of growing grain, on everything that we, as a people, own and ever have owned and ever shall own. And, while we are on the subject, we might add that it is predicted on something more besides. It is predicted on Uncle Sam's Hill; on Independence Hall; on the little apple tree at Appomattox; on the corner stone of a building at Washington, D. C., called the National Capitol. A man who wouldn't be satisfied with that collateral wouldn't risk a penny dime for the hope of eternal salvation.

Don't wait for somebody else to take your share of the best investment that is open to a patriot. Our great Revolutionary granddaddies weren't that sort. Their motto wasn't "Let George do it." They helped George do it. Don't sell Uncle Sam short. Don't be a bear on the Old Glory market. Don't make your own country ashamed of you.

LAW REGULATING WEIGHT OF LOADS EFFECTIVE SOON.

For years the people have been complaining about the destructive agency of automobiles on public highways yet very little thought has been given to the fact that heavy loads on narrow steel tired vehicles do more damage than motor vehicles.

Practically every state in the union that has any roads has laws regulating the weight that can be hauled on certain width of tires. Engineers can design and build roads to withstand any loads but the cost would be enormous and it is considered more economical to build roads to carry reasonable loads. Inasmuch as the roads are the people's property they should not be disposed to destroy their own property. The 1918 session of the legislature has passed a law which limits the load that can be hauled on any kind of vehicle. It is practically the same law that is in effect in all states that have laws on the subject. No one is required to purchase a new wagon but simply to limit the loads hauled on the wagons they now possess.

On wagons the following amounts can be hauled depending on the width of tire. The amount includes the load and also the weight of the vehicle:

1 1/2 inch tires.....	3000 pounds
1 3/4 inch tires.....	3500 pounds
2 inch tires.....	4000 pounds
2 1/4 inch tires.....	4400 pounds
2 1/2 inch tires.....	4800 pounds
2 3/4 inch tires.....	5200 pounds
3 inch tires.....	5600 pounds
3 1/4 inch tires.....	6000 pounds
3 1/2 inch tires.....	6400 pounds
3 3/4 inch tires.....	6800 pounds
4 inch tires.....	7200 pounds

Above 4 inches add 400 pounds for each quarter of an inch in width of tire.

It is easily seen that more pressure is allowed than is produced by a twelve ton road roller in building the road.

The bill also limits to 800 pounds per inch width of tire the amount that can be hauled on motor trucks equipped with rubber tires. As an example, if a motor truck is equipped with tires five inches wide, sixteen thousand pounds could be hauled including the weight of the truck. More is allowed on rubber tires than on steel tires because rubber tires being more or less soft are not so destructive provided the vehicle is not driven too fast. The law also specifies that trucks cannot be operated at a greater speed than fifteen miles per hour and when the weight is in excess of the six tons the speed must be reduced to eight miles per hour with iron tires and twelve miles per hour with rubber tires.

The speed of automobiles shall not exceed twenty-five miles per hour. Persons violating any of the provisions of the act are subject to a fine of not less than \$15.00 nor more than \$100.00 and it is the duty of the courts and all peace officers to enforce the law and when the officers, when properly informed, fail to enforce the law they are subject to a fine of not less than \$50.00 nor more than \$100.00.

All fines go to the credit of the road fund in the county or the street fund in the city or village depending upon where the offense is committed.

When baby suffers with eczema or some itching skin trouble, use Doan's Ointment. A little of it goes a long way and it is safe for children. Use a box at all times.

To feel strong, have good appetite and sleep soundly, use Doan's Ointment. A little of it goes a long way and it is safe for children. Use a box at all times.
