## County Fair is Expected to Draw Overflow Crowd

### FAIR WEATHER IS BOON TO EXHIBIT AS DRAWING CARD

### Baby Show Saturday Morning is Fea- ture of Fete

### ENTRIES CLIMB; BOOTHS READY

One of the biggest crowds in Murray's history is expected to swarm the streets of this semi-rural city Friday and Saturday of this week when the annual Calloway county home and agricultural fair opens its doors.

In addition, Saturday is homecoming day at Murray State College, and the thoroughbred football team plays Birmingham-Southern in the afternoon, an eventuality which alone would attract hundreds of persons to Murray. That day, too, the West Kentucky-West Tennessee "daily" and weekly press associations are convening in Murray.

An announcement from farm bureau headquarters in Murray today said many exhibits already are in the hands of fair officials, and department chairmen are receiving more display features in all save perishable goods hourly.

If the weather continues favorable, they said, the 1938 fair will exceed all expectations in magnitude and drawing power.

The baby show, which will be a new feature of the fair entertainment program, will take place at 10 o'clock Saturday morning, with the babies being placed on display and the names of the winners and their health department officials will judge the babies from 9 to 12 o'clock on Thursday and Friday mornings in the county health office, but he will withhold his decision from the public until the baby show Saturday morning.

The Murray Rotary club is sponsor of the baby show. Only youngsters under one year of age may participate.

Corn, cotton, hay, clovers, potatoes, tomatoes, beans—all sorts of field and garden produce—mules, goats, hogs, poultry, dairy and beef cattle, dogs, and many other forms of livestock and farm commodities, not to mention needle and homocraft, crockeries, artistic designs, and advertising booths will be major attractions.

Fair doors will open at 9 o'clock Friday morning. There will be no admission fee. Exhibits will be in the A. G. Outland Tobacco Association receiving barn across the railroad tracks. A large roomy structure, it will accommodate a wide arrangement of both animal, home, and crop exhibit displays.

County Agent J. T. Cochran, sponsor of last year's very successful fair, declared today prospects were bright for a splendid exposition this year.

## CITY FAVORS TVA POWER IN MURRAY

Would Ask Authority to Be  
Bargaining Agent With  
Ky. Tenn. Utility

In a resolution passed today, the City Council of Murray supported the contention that in order to "reduce the rates for electric current and for other reasons, it is desirable that the city of Murray obtain electric current for light and power to be furnished by the Tennessee Valley Authority."

It recommended negotiations be opened with the TVA with a view to obtaining "such electric current and power to be furnished by the Tennessee Valley Authority" as bargaining agent for the city of Murray in acquiring the properties of the Kentucky-Tennessee Light and Power Company located here.

According to John G. Ryan, city attorney, a field agent of the TVA will come to Murray soon to study the matter with the council and such other committees as it may prove necessary.

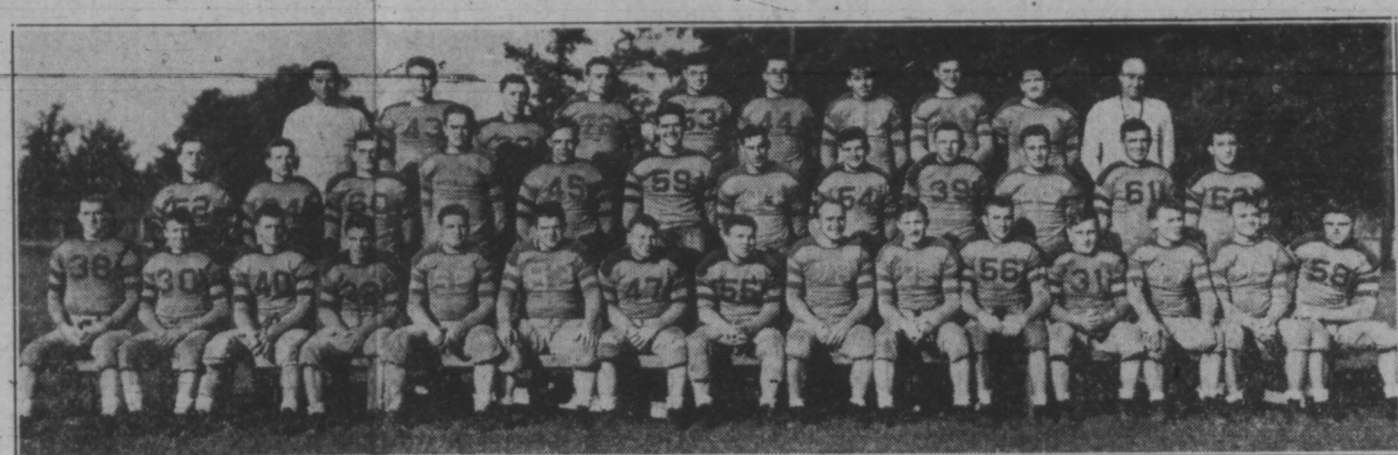

F. H. Graham, R. P. Holland, and Robert S. Jones were appointed as a special advisory committee to work with the city attorney on the project.

Earlier in the session, the Council nominated and elected John M. Rowlett to full membership in the council to succeed L. D. Outland, who resigned after moving outside the city limits.

Notified officials of the carnival at Lexington that she will be accompanied to Lexington by her mother.

Miss Wells has a scholastic standing of 2.8 out of a possible rating of three. She was selected one of the 10 most beautiful girls on the Murray campus by the student body. She is treasurer of the Student Council and a member of the Chemistry Club, Household Arts Club and Big Sisters organization.

## Murray Champs Play Birmingham-Southern Saturday

### WILL PATTERSON IS STRUCK BY AUTO; CAUSE ACCIDENTAL

### Hall Bailey, Paris, Hits Mur- ray Resident; Calls Ambulance

### CONDITION OF RAY SMITH IS IMPROVED

Will Patterson, about 55 years of age, was in a serious condition this morning in a Murray hospital after he had been struck by a car driven by Hall Bailey, 23, Paris, Tenn., a Gilbertsville dam employee, who was enroute to Gilbertsville for duty at the time of the accident.

According to acceptable evidence, the collision was accidental. Bailey, driving a 1937 Chevrolet coupe, was traveling about 45 miles an hour. It was believed that Patterson stumbled as he attempted to step from the path of the car and fell back into it. Bailey said there was no possibility of stopping the car in time to avoid hitting the pedestrian.

After the accident, Bailey attempted to put Patterson into his car, but, unable to do so, he called an ambulance which immediately took the wounded man to a hospital. Thert Bailey called Sheriff Ira Fox, who questioned him, but made no charges.

Hospital officials this morning said Patterson was suffering from a lacerated back and hip. He has not yet regained consciousness, but was showing signs of returning intelligence.

Bailey was given freedom to go back to work. The condition of Ex-Senator Ray Smith, whose skull was fractured in an automobile accident last Wednesday night, was reported to be improved this morning.

A resolution, authorizing the appointment of a committee consisting of five members, was introduced by Reuben T. Shaw at the 76th annual convention of the National Education Association recently held in New York City, and was unanimously adopted by the Executive Committee, board of directors, and representative assembly, the legislative body of the Association.

A Federal Aid bill, to be introduced in the next session of Congress, has been drawn up in keeping with the principles expressed by President Roosevelt's Advisory Committee on Education. To lessen the inequalities of educational opportunity in the nation, the bill provides for an initial appropriation of \$40,000,000 in 1939-40, increasing annually to \$140,000,000 in 1944-45. ## TIGERS TO TACKLE B'GREEN GRIDMEN HERE TOMORROW

Mayfield Wallops Murray  
In Last Game by 19-0  
Score

### GAME TO BEGIN PROMPTLY AT 7:30

With their fingers crossed, the Murray Tigers looked forward hopefully today toward maintaining standing of the last two years by a victory over Bowling Green when the College High team from Barren county invades Purchase soil here Friday night at 7:30 on the Murray high school field.

Last year, Coach Ty Holland's men beat Bowling Green 13-7 and the year before last by 6-0. Bowling Green walloped the Tigers in 1935 by 52-0, and the first game of the series resulted in a scoreless tie.

Little basis for comparison exists between the two teams, since neither has played common foes. Bowling Green has beaten Glasgow 13-7, and Glasgow beat Owensboro. Murray has beaten Dawson Springs, and has lost to Hopkinsville, Metropolis, and Mayfield.

Coach Holland said his boys came out of the Mayfield game in good shape. He said he was satisfied with their showing against Mayfield, especially the way they held the Cardinals in the first half. He attributed their let-down in the second half to inexperience and youthfulness.

The first half of the Tigers-Cardinals battle saw both teams unable to make a scoring thrust with the scene of battle just across into Murray's territory. In the third frame on a break, play that baffled both the Tigers and Cardinals, Stroup, left half for the visitors after an unintentional delayed smash at center went into a screen play that eventually put him out in the open through Murray's left secondary and sprinted 23 yards for the first marker. In the opening minutes of the final quarter, Sullivan, Mayfield's right half, faked a jump pass at the center of the line and again the play led down the left side of the field for 35 yards and a marker. After Patterson, who had been doing the punting for Murray, had left the game with an injury, a Murray punt was blocked and recovered by the Cardinals and a few minutes later Sasseen hit Murray's right side, broke through, and came out in the open to gallop 26 yards down the sidelines to score. The visitors' lone good try for point was made on a line thrust.

With Gilliam, left tackle for Mayfield, playing brilliant ball, he was evenly matched by Captain Crider of Murray who played all over the field in an effort to inspire his willing but inexperienced teammates. Gingles, for the Tigers, tried diligently and consistently to lead Murray's threat. However, perhaps the most spectacular play of the game happened when Farley, sub back for the Tigers was called on to kick from behind his goal line in his first attempt to boot for the Tigers this season. He threw a low kick that put the Cardinals back to near midfield.

The probable starting lineups for Friday night will be as follows:

Murray	Pos.	B. Green
Phillips, 138	LT	Becker, 155
Scott, 147	LE	Runner, 172
Outland, 148	LG	J. Petty, 152

"The Murray high school band will play and perform at the half.

### We Welcome Our Guests

It is with a great deal of pleasure mingled with pride that we look forward to this coming week-end.

By Saturday night, the city of Murray will have expanded itself many times—in hospitality, in business, in courtesy, and in the strange communal atmosphere—which only a city possesses and can give.

The hours of preparation now presage three major events to take place in Murray this week-end, each of them an individual and highly important phase of rural and urban progress.

The first is the county fair.

The second is homecoming at Murray State College.

The third is the annual fall meeting of the West-Kentucky-West Tennessee daily and weekly press associations.

Alone, either of those three events would stand as a major news story. Together, in a city of Murray's size they may be considered as epoch-making.

May we say sincerely and earnestly we welcome the persons who come to Murray for either or all of these events this week-end—welcome them with gratitude and the unexampled warmth that goes with our pride in this city and what it means to Western Kentucky.

The fair will be successful. It is put on by the farmers and the homemakers of Calloway county. And so will Homecoming be successful—a Homecoming sponsored by the finest college in the South. In such a setting, the press convention must of necessity be successful.

And now, as always, you may be assured of this: the time has come when we will grow this city, this college, this press organization, this county-wide association of farmers—all of us together. We have the convictions, the courage, and the will to know the truth. We will not turn back. Upward with the spirit of Thoroughbreds we will climb!

Mr. Taylor is a brother of the late Rev. H. Boyce Taylor, of Murray, and of Fred Taylor, Memphis. He formerly lived in Murray.

Music for the occasion will be provided by LeRoy Offerman and his orchestra, one of the outstanding musical aggregations of this section.

New decorations are planned for the event which will be attended by the Homecoming visitors. The West Kentucky and Tennessee Press Association, dailies and weeklies included, will hold its meeting at Murray on that day. The big event of the day, athleticly, is the football game between Murray, SIAA Champ, and Birmingham-Southern, Dixie Champ.

## CORN POINTS OUT WORK OF Y. B. M. C. DURING LAST YEAR

### New President is Hopeful for One of Most Successful Years Ahead

#### HARRY I. SLEDD IS RETIRING PREXY

In the last meeting of its year here this week, the Young Business Men's Club of Murray heard its retiring secretary, Herschel Corn, who will assume the presidency of the body at the club's initial meeting of the new year next week—outline the work the club had done during the 1937-38 term.

Enumerating things accomplished, Corn praised the work of Harry I. Sledd, retiring president, in regard to activities undertaken and accomplished. During the period, he reviewed, the club put up welcoming signs in Murray for Murray's homecoming game with Morehead last year; numbered the houses in Murray; decorated court square for Christmas; entertained Murray State College's SIAA championship football team; established street signs; cooperated in the selling of tickets to the President's Ball to aid in the fight on infantile paralysis; presented a trophy to the winner of the county basketball tournament; entertained the Murray State College debating team; accepted the report of L. J. Horton, Lower Tennessee Valley Association secretary, that actual construction work on the Gilbertsville Dam had started; gave a donation to the crippled children fund; sent out air-mail letters in commemoration of National Air Mail Week; sponsored a troop of boy scouts in Murray; made a survey of housing facilities in Murray to aid incoming TVA employees and persons seeking relocation; aided in sponsoring a junior baseball league; sponsored a donkey softball game; entertained officials of the Southern Bell Telephone and Telegraph Company and saw the completion of the flasher type telephone system in Murray, a move the club was largely instrumental in bringing about; and finally erected a huge sign on the East Highway advertising Murray.

According to Corn, prospects for a successful year are ahead of the club, and he is looking forward to a growth in both civic and business enterprises in Murray in 1938-39.

## Purchasing Power of Car Owners Increased

Purchasing power of 2,100 light car owners in Calloway county has been increased during the past 12 years by \$71,190.00, according to Stokes-Smith Motor Co., Inc., local Goodyear dealer.

These figures are based on a nationwide study just completed by P. W. Litchfield, president of the Goodyear Tire & Rubber Co., Akron, O.

"In the United States today there are 15,200,260 individuals who may be identified as a distinct group through their ownership of light automobiles in the Ford, Plymouth and Chevrolet class," Litchfield said. "They comprise about 64 per cent of the nation's car owners and, taken with their families, account for almost one-half the nation's total population. Improvements in product and method made by the tire industry during the past 12 years have brought to each individual in this group today a saving of \$33.90 in his annual tire bill."

For proof of his statement, Mr. Litchfield cites the fact that tires used on light cars today give an average of 26,500 miles of service, as compared with 14,300 miles delivered by light car tires in 1926; that a tire and tube now costs \$19.45 as compared with \$23.95 in 1926; that today's tire gives \$44.73 worth of mileage on the basis of

1926 values, thus reducing the consumer's tire bill by \$25.43 per tire. At the average tire is in service three years, saving for one year is \$8.47 2-3, and on four tires for one year is \$33.90.

"With \$33.90 released to him for other purposes, he may pay a month's rent for an average urban home, buy an extra average suit of men's clothes or overcoat, pay an average family grocery bill for one month, or buy enough gas and oil for a 2,500-mile auto trip."

"Thus can the amount of the saving be translated into definite, tangible improvements in the living standards of the individual."

## Protemus Palaver

Is there anything more beautiful than the Indian summer days? We appreciate the beauty even though some of our ponds and cisterns are drying up and occasionally you can hear the rattle of water that are hauling water of the stock. A good rain would certainly cause a lot of smiles in this community.

Most of the farmers are almost through with tobacco curing, sorghum making, hay cutting and seedling and are turning their efforts to the winter wood supply.

Mrs. Cunny Moore, who has been a patient in Dr. Baker's Hospital, Hot Springs, Ark., for the past five weeks is much improved and is expected home this week.

Mrs. Brown Howard is slightly improved at this writing. Mrs. Howard has been very seriously ill for the past two weeks.

Mr. and Mrs. Arthur Todd and children, Mrs. Rachel Cole, Mr. and Mrs. Virgil Lassiter and children and Miss Clara Nell Johnson attended a birthday dinner at the home of Mr. and Mrs. L. C. Kemp Sunday.

Mrs. Ellen Davis and sons visited their daughter and sister in Puryear Sunday.

I was indeed sorry to hear of the death of Mrs. John Cochran. She was a splendid woman and reared a fine family of girls and boys to mourn her passing. I wish to extend my deepest sympathy to them.

The leave across Terrapin bottom from Bell City toward Boydsville, has been completed. It is certainly a big improvement, although it looks quite dangerous, it is so high.

Although it is late, I should like to report a family reunion at the home of Mr. and Mrs. Will Dublin, Sunday October 2. Mrs. Dublin's brothers, Claud and Eli Owen of Clinton, together with their families and Mrs. Dublin's children, all met together. Twenty-five were present.

Mrs. Era Crittendon, Mayfield, spent part of last week with her brother, Will Dublin and other relatives.

Mr. and Mrs. Robert Johnson are honored.

Mrs. May Johnson hogged her son, Robert Johnson, and Mrs. Johnson, who were recently married, with a kitchen shower re-

cently. Refreshments of sandwiches, cake, and lemonade were served. Numerous games and contests were enjoyed. Mrs. Ernest Waters and Miss Berline Waters won prizes.

## Cole's Camp Ground

The roads out here are dry and dusty. We would like to see some good showers of rain.

Folks are making molasses and picking cotton this week in this neighborhood. Some of the women of this community are doing quite a bit of quilting.

Mr. Don Wilson was honored Sunday with a birthday dinner. Children, grand children, great grandchildren, relatives, and many friends gathered at "Uncle Don's" home Sunday morning and at the noon hour a beautiful dinner was spread under the shade of the big tree.

Uncle Don was 79 years old and the children and friends have been honoring him and his wife with a birthday dinner each year for quite a while. Mrs. Wilson fell asleep at this home place a few years ago and did not awaken again. We sure enjoyed being at your home Sunday, Uncle Don and if any of us went home hungry I don't know who all ate too much of that fine food.

Mrs. Russell is visiting Mr. and Mrs. Guy Moore and family this week.

Mr. and Mrs. Talmadge McCus-ton and children from near Blood River were in town Saturday.

Miss Maurine Reader, of Hazel, is visiting her sister, Mrs. Irene Adams, of near Kirksey.

Mrs. Sallie Burton was doing quite a bit of shopping Saturday.

Mr. and Mrs. Harold Johnson, Mr. and Mrs. Fielder, and Mrs. Johnnie Steele were visitors Sunday of the Steele family.

I have been thinking folks didn't read my letters. But I have had several people to tell me that they didn't see my letter in the paper when I fail to write. They may just read the head line, I don't know. I sure do thank all of you people that compliment my letters. And I can take a joke o. k.—Sweet Pea.

## BROOKS' CHAPEL SCHOOL

Three months of our school have gone, although it seems as if it were only yesterday that the school bell summoned us back to our school work and play ground after a short summer's vacation.

We are proud of the good attendance which we've had thus far. Cotton picking and sickness have kept a few students out lately, but we are expecting all of them back soon.

The fair at Almo was well enjoyed by all of us. We tied for first place with Vanceville in athletic events.

Lillard; first place—boys' three-legged race, Jr. Culver and Lex Lillard; second place—high jump, under 12, Junior Culver; second place—50-yard dash, boys under 12, Junior Culver.

## Concord High News

Congratulations from the student body to Mr. and Mrs. Milton Walston upon the birth of a son.

Mr. Walston, a member of the faculty, has been going around school since last Thursday with a grin from ear to ear.

The seventh and eighth grades have elected class officers as follows: George Gibson, president; Audrey Willoughby, secretary; Brownie Smith, sergeant-at-arms.

The FFA boys are working hard on their entries for the fair. We hope to come out better in the fair than we did in the softball tournament. Yes, we lost to Almo, but don't ask us the score.

The boys have finished work on their 30-foot bassett boat and started practice Tuesday. All games will be played away from home this year because of the fact that we haven't an indoor court.

The softball season ended triumphantly for the girls, leaving the team undefeated. This is the second straight year that Concord's girls' team has remained undefeated.

The grades are working hard on their dramatization of "Snow White and the Seven Dwarfs." They have finished their dwarf masks and have several phonograph records taken from Disney's production, which they march to.

The Jackson Kiwanis club is sponsoring a 4-H club pig feeding project in Breathitt county.

## Economy Store to Present Novel Exhibit at Fair

One of the interesting exhibits to be on display at the County Fair this week, according to the Economy Feed Store, will be four hogs that have been fed different rations.

On August 20, two hogs that weighed 69 pounds were started on a ration of Purina Pig and Hog Chow and Corn. They weighed in 49 days, 290 pounds, two other hogs that weighed 70 pounds on August 20, and fed on corn and shorts, weighed in 49 days only 182½ pounds. The first two showed a net gain of 108½ pounds more than the latter, in the same number of days.

The feed company states it is starting another similar test, and an accurate check will be kept of their growth, and these hogs will be kept on display at their store during the testing time.

The Mason County Sheep Protective Association had 540 left after paying for all sheep losses.

Four-H club members showed 17 registered Jersey breeders at the Anderson County Fair.

## RACERS WIN THIRD; B' HAM - SOUTHERN IS NEXT: SATURDAY

Morehead Falls 14-0 in State Contest Saturday; Murray Plans for Alabamans

6,000 PERSONS ARE EXPECTED TO ATTEND

Fresh from a season victory over Morehead's flashing hawks, the Murray State College Thoroughbreds gave the gladhand today to handsome Bill McRaven, whose bewildering speed and changes of pace were largely instrumental in winning the game from Morehead, and turned their attention toward the homecoming game Saturday afternoon with Birmingham-Southern, a team which beat Mercer last Saturday 7-0.

Saturday's game, the first variety encounter played at Murray this season, will pit Murray, 1937 champion of the SIAA, against Birmingham-Southern, 1937 champion of the Dixie Conference.

Thus will the relative merits of the two conferences be tested. Murray's line, which several times allowed Morehead's charging defense through to throw Thoroughbred runners for losses, was given a thorough going-over by Face Coach Jim Moore, who doesn't intend for Birmingham-Southern to do the same, if he can help it.

The game will mark Murray's second tussle with the Alabamans, the drive-south team taking the first game by a score of 20-6. Approximately 6,000 homecoming visitors, West Kentucky-West Tennessee Press Association delegates, and persons present in Murray for the county fair are expected to fill the Murray stadium well before game time.

Jug Mitchell, signal-calling fullback, and Bill McRaven were the only Murray backfield men who were able to gain through Morehead's line. McRaven was especially brilliant on run-backs of punts. The Thoroughbreds' first score came when the game was less than a minute old when McRaven plucked one of Stanley's

long passes, cut to the sidelines, and loped 75 yards for the touchdown. On another play, Jug Mitchell reeled off 22 yards for the center of the line to place the ball in scoring territory, and then on a line smash scored on fourth down. Gudauskas kicked both extra points from placement.

The capabilities of the Birmingham-Southern squad insofar as information here is concerned, is an unknown quantity. Actually, the Alabama squad ranks with the best teams in the Dixie Conference, of which Centre is a member, winning the championship last year.

According to Coach Stewart and Moore, the Thoroughbreds used only lateral passes and running plays against Morehead and did not open up with their forward passing attack which thus far has been the Racers' most dangerous weapon.

The Thoroughbreds have a good running game, an excellent knack for completing lateral plays, and forward-passing plays surpassed by few teams. If Birmingham-Southern should bottle them up in one of their methods, they would find the Racers equally dangerous in another department.

Murray's next game will be with Hardin-Simmons University of Abilene, Tex., Saturday night, October 22, in Paducah.

## Harry Wilcox to Run for Position On School Board

Harry Wilcox, prominent farmer of the Locust Grove community, announces this week his candidacy for membership on the Calloway board of education, subject to the will of the people of this county on November 8.

Interested in school affairs always, he has done much to influence progressive school habits in his own community. Awake to the needs of education, he forthwith issues his formal statement to the voters of Calloway county:

"To the Voters of Calloway County:

"After serious consideration of the problems involved in the educational set-up of this county and after solicitations by friends, I herewith make my announcement as a candidate for membership on the county board of education.

"In view of recent discussions arising from the school trustee question, I wish to say to begin with that I am and will continue to be in favor of local trustees firmly and in support of the view that each community shall elect its own teachers, and shall devote my efforts toward bringing about such legislation.

"With an earnest appeal for your support in this campaign, I assure you of my intense gratitude and appreciation for whatever you may say or do in my behalf between now and November 8.

Sincerely,  
Harry Wilcox"

Ford, 190-pound sophomore fullback from Wheeler, Tex., is expected to spearhead the Hardin-Simmons University Cowboy attack in the intercollegiate clash with the Murray State Thoroughbreds in Paducah, on Saturday night, October 22. Ford, in this photo, cuts a few capers in the cowboy regalia, with ten-gallon hat, chaps and spurs added to cleats, before getting down to more serious business, as Coach Frank Kimbrough drills his cowhands for what looms as a major battle for Kentucky grid fans.

## HOMECOMING

(Continued from Page 1)

the largest crowds ever to attend a football game in Murray.

Since Murray State College was founded 15 years ago, it has made magnificent strides—unparalleled in the history of colleges of the Southland, according to the belief of many. Its athletic progress has not been lacking in that time.

Winners in both basketball and football of every conference it has ever been a member of. Murray Saturday will face Birmingham-Southern as champion of the SIAA conference. The Panthers, however, are champions in their own right, heading the football parade of the Dixie Conference last season.

The Panthers have won one game and lost two thus far, biting the dust before Auburn 12-0 and from Loyola (New Orleans) 19-0. Last Saturday, they defeated Mercer 7-0. The Thoroughbreds are undefeated, untied, and unscored upon in the three games they have played. This will be the second time Murray and Birmingham-Southern have met on the gridiron. In 1934, the Panthers smeared the gloss of Murray's homecoming with a 20-0 win.

Less Monthly Discomfort. Many women, who formerly suffered from GIOWS, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated. Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

## New Concord High School

We students of New Concord school wish to extend our deepest sympathy to our English teacher, Mrs. J. R. Williams, upon the death of her mother, Mrs. Robert Broach. We know it is heart-breaking to lose a loved one, but in the words of Riley, we would like to say, "She is not dead—she is just away."

Woe is us! Concord was defeated by Almo, Friday, by a score of 5-1. Poor boys, we aren't angry with them because they lost, we only pity them for being backwoods. You see what caused us to lose was a train. Yes sir, we were in a good way of winning when a train whizzed by, and the boys excited and muffed the ball all over the place. We have one consolation, however, our girls won't let anything less than an airplane upset them, so they won 6-1.

Last Thursday Mrs. Rank's dramatic class gave a program which was enjoyed immensely by all present. Those taking part in the program were: Sylvia Dell Shoemaker, Dorothy Sue Stubblefield, and Mary Ann Parker. The program consisted of several selections in negro dialect, and a few of Riley's poems.

Our new school building is progressing nicely, the foundation is laid and the basement dug. Two peach trees are still standing in what will be the gym. The WPA men are wondering which will take less work, digging the trees up, or leaving a hole in the roof for the trees to pass through.

All students are studying hard (?) for the examinations this week, and seem to think that the man who invented exams should be exterminated like all other pests.

RUSSELL'S CHAPEL SCHOOL.

During the three months that we so swiftly passed, the teacher, pupils and patrons have been trying to make our school one of the best in our county. We have enrolled 54 fine boys and girls; had lost a few who have gone to other pastures.

During these three fleeting months we have had some ups and downs, but we are proud to say that so far we have been for the upbuilding of our school.

We have played several games of football with our neighbor schools, some won, some lost. With the proceeds from our ice cream supper we purchased balls, a stream-line water cooler, and other supplies for our school.

We went to the fair at Faxon and captured 26 ribbons. The following pupils won ribbons: L. D. Workman, Neva Fay Garland, Christeen Adams, Leona Tucker, William J. Futrell, Dorothy Geurin, May Nell Geurin, Juanita Fulcher, Odel Williams, J. W. Geurin, and Buel Morgan. We are proud to own such outstanding pupils. We are equally as proud of those who entered the contests but failed to win ribbons. We hope you success next time.

Each Monday morning our program committee has a very interesting program for us. The following program is to be given Monday, October 10: Bible reading by teacher, song by school story by Billie Joe Ellis; debate: "Which is the more useful to the farmer, the dog or cat?"

We are planning to have a pie supper Saturday night, October 27. Come be with us—Seventh grade girls.

CENTER RIDGE SCHOOL.

This ends our third month of school and we are filled with enthusiasm about our work. We have just finished our examinations and are hoping for good grades.

Some are still absent from school. We are eager to have them come back and enjoy our work with us. Nine students have perfect attendance records for this month.

The fifth grade has just completed a unit of work on the story of sugar. We found it a very interesting and worthwhile study from our many pictures and maps we collected.

Our student body took the test for malaria on Thursday of this week. TVA representatives with the help of our county health officials gave the test.

Mr. Grogan, county attendance officer, came to see us Thursday and checked on our enrollment.

We are planning a pie supper Saturday night, October 27. We hope everyone will come and enjoy the evening with us.

## IT'S TRUE!

By Wiley Padan

NEW YORK, N. Y.—"IT'S TRUE!" that Janet Gaynor, costarred with Robert Montgomery in "Three Loves Has Nancy" at the Capitol Theatre Tuesday and Wednesday, acted as bank messenger for a shoe store because she looked so tiny and unimposing that no one would suspect her of carrying huge sums of money," says Wiley Padan.

## Kirksey High School News

Our girls' softball team traveled over to Almo Thursday afternoon and suffered a 3-2 defeat.

Our boys' team entered the softball tournament held at Murray this week-end and came out of the first round victorious, defeating Hazel by a margin of 3-2. They had to give up a hard fought battle, however, to Faxon on Saturday morning. Faxon, which had the winning team, defeated Kirksey by only one point. The final score was 2-1.

With the end of the softball season, everybody, both boys and girls, are practicing basketball in their own back yards for the basketball season will soon be starting. We intend to start practice this week, just as soon as our floor is ready.

There was no school here last Friday as the teachers were attending the F.D.E.A. at Murray. This afforded the students an extra day off from their studies which was of course greatly appreciated.

A new set of encyclopedias has been ordered for grades 5 to 10, also a large dictionary for the high school. We intend to keep adding such equipment as this until we have enough to meet our needs.

According to the Bible it would be helpful to the people of this generation if greater numbers of Sunday visitors would join with their host and hostesses in the Bible command of not neglecting to assemble for worship.

## METHODIST CHURCH NOTES

Sunday, October 16, 1938

The pastor will preach at the morning worship hour, 10:30, on a subject of vital interest to every member in our present situation. Every member should be present. At the evening hour we shall have the good fortune to hear Rev. Philip A. Ervin, a minister of the Presbyterian Church. We feel that Bro. Ervin and his fine family will be a blessing to our community.

All Methodists know that our church year ends about November 15, so we wish to remind our members that our fourth quarterly conference will be held on Wednesday night, November 9, just three weeks from next Wednesday night. At this time we hope to report that Murray is "out in full" on every item. This will be possible by the cooperation of every member and friend of the congregation. We have quite a number of members of our church who are generous in their support. Of course every man in the land shares in the blessings that the church brings and every man should join in the support of some church. Without the church we would not have many of the blessings that we now have. It seems that a vital religion and political freedom are closely linked.

Those who have waited till the end of the year to make their contribution to the support of the church (and every church has some of that sort) are expected to be liberal just now.

If you are not identified with some Sunday-school in Murray and feel that you could be "at home" with the Methodists, we give you a cordial invitation to meet with us, with the assurance that your denomination will receive no harsh criticism from either the teacher or the pastor. We Methodists try to be brotherly to all. The Good Book says: "If any man have not the spirit of Christ, he is none of his." Our children and young people meet at 6:45 and your children might be helped by these meetings.

J. Mack Jenkins, Pastor

You will get a treat of your life. Our choir will sing under the direction of Bro. Sonnie Hudspeth. He will have over 16 voices in the choir. They will sing some old time Negro spirituals.

### Yanks Win Series By Toppings Cubs in 4 Straight Games

NEW YORK, Oct. 13.—The greatest victory march in all baseball history ended in burlesque Sunday afternoon as Joe McCarthy's pitiless New York Yankees stampeded the pitiful Chicago Cubs, 8-3 for the fourth straight victory that made them the first ball club to win three successive world championship conquests.

Before 59,847 cash customers, whose sympathies for the beaten and outclassed were so touched that they cheered in vain for a rally from the club that only a week ago was the hottest in baseball, the Yankees simply toyed with their once highly touted enemy and ended their record-breaking baseball odyssey over the rather prostrate forms of six Cub pitchers, including Bill Lee and Dizzy Dean.

## Behind the Scenes in American Business

NEW YORK, Oct. 13.—BUSINESS—Back to work we go! is now the theme song chanted by business men throughout the land with war scares, baseball classics and hurricanes out of the way for the time being at least, the country is rolling up its sleeves for another era of prosperity. The business picture at this stage of events, although admittedly less dramatic than the recent martial headlines, give a firm basis for an optimistic feeling. Major steel companies are now turning out ingots at 50 per cent of capacity and better. Detroit and other automotive centers according to reports produce approximately 1,000,000 cars in the last three months of the year, a figure which only a month ago was considered utterly impossible. The number of buyers from out of town stores registering in New York, always a significant index to watch, has increased heavily during the past week. It is reported that sales in practically every department of one of the major chemical companies have moved up sharply. The strength in the stock market and the relief from war threats abroad is causing a renewed activity in new financing.

WASHINGTON—One important result of the recent foreign crisis is a keener appreciation in government circles of the fact that the European territorial chess game, behind the mask of "self-determination of peoples," is primarily based on a terrific struggle among major powers for self-sufficiency in raw materials. With this in mind various Federal agency experts are pointing out that the United States still has to import 21 strategic materials. With manganese, essential to the making of steel, ranking No. 1 on the list, army officers are recommending development of nearby Cuban deposits, American-owned, and working of some domestic ores to lessen dependence on distant sources such as Russia, Africa, Brazil.

RAINBOWS ON MAIN STREET—A spurt in buying is in store for retail merchants in several lines, judging by reports from governmental agencies and private trade sources. Shoe manufacturers, for instance, are turning out 35 to 40 per cent more pairs now than in July, preparing for an expected increase in demand this fall. Prices will be a little higher by Christmas, it is reported, and the trend is toward the more expensive merchandise, with black suede leading the fashion parade in women's dress shoes. Restaurant and other owners will also feel the effect of the greater purchasing power afloat in the nation.

Feel Free to come in during the Fair and make yourself at home. If we can be of any assistance to you, come in and let's talk your problems over.

R. B. Kirks has been traveling in Texas for the past few weeks. How I would have enjoyed attending that school fair at Faxon High and hearing the singings, readings, spellings, etc., of the different rural schools especially the elocutionary and vocal efforts of the prodigies of Guy Lovins from Russell's Chapel as well as see McCuiston School tie for the ten dollar prize with Elm Grove. I'd have been just as proud as Eagle was of his spelling nephew if I'd heard that niece 'o mine, Wilma Jo Lovins, help win prizes in a duet and quartet as well as win the blue ribbon in the reading with her grandmother's split bonnet and a long dress on.

I hope since Stewart county is gradually improving its school system, it will soon begin having such fairs.

Otis Lovins and Mrs. Rubye Roberts accompanied McCuiston School in Hoyt McClure's truck on a picnic to all points of interest in Dover Saturday.

Rainey Lovins thinks he works for the best boss ever since he's working with Mr. Wilson Farley in his garage at Concord.

Wish Bill and Laura Lawson could send me a basket of all that fiftieth wedding anniversary dinner they ate Sunday. If all the clattering of that event had been broadcast!

Mrs. Guy Lovins thinks Christmas came early this time since she was presented with a friendship quilt Saturday by some of her many friends.

The ink has run out, as perhaps your patience has, dear readers, so Au revoir.—Chatterbox
