THE MURRAY LEDGER.

VOL. 40, NO. 8.

MURRAY, KENTUCKY, THURSDAY, MAY 10, 1918

\$1.00 PER YEAR

CALLOWAY WILL SEND 107 IN NEXT INCREMENT

Largest Number Men Called at One Time Since the Draft Law in Effect

Boys, General Crowder has ordered that the measure of another 107 of you fellows be taken. That looks like a mighty big lot of folks to send away at one time, but the directions say, "be ready." The local board had not received official notice of the day of departure of the Calloway selects at the time the Ledger was printed but the notice is expected to arrive in any mail.

When this number of men is selected from Class I that class is going to look like it had passed through a long siege of illness. There yet remains not exceeding 225 men in this class, and of this number not more than forty are engaged in pursuits other than farming, thus it will be readily seen that many farmers will be called this time to complete the increment of 107 men. It is hardly possible that the board will be instructed to call any limited service men in this draft or any registrants other than those in Class I. However, these matters can not be positively stated until after the official order is received by the local board. No negroes will be included in this increment.

The quotas of West Kentucky counties under the second draft call, together with the number of men to be sent to Camp Taylor May 25 to 29 follows:

County	Net Quota	Call
McCracken	110	0
Ballard	106	94
Calloway	164	107
Fulton	29	0
Graves	172	97
Marshall	88	49

Another Order for Troops Made

Washington, May 14.—Twenty-four states and the District of Columbia were called upon to-night by Provost Marshal General Crowder to furnish for the national army 51,600 more qualified men for general military duty.

Movement of drafted men to the camps under this call is to extend over two periods from May 20 to 24, and from May 29 to June 2. These dates were fixed because during the five days beginning May 25 approximately 233,000 men called for recently will be moving to the camps.

Including numerous calls for technical and specially qualified men, the total number summoned during May is something like 366,600, nearly half of the 800,000 expected to be called this year. The camps selected for the registrants affected by this last order are not all national army camps, showing that men are to be sent wherever room may be found for them.

(Kentucky is called upon to furnish 2,500 men in this draft, to be sent to Ft. Thomas. It is not expected that Calloway will be asked to send any men.)

2,700 Now on Pension Roll

Frankfort, Ky., May 10.—Two thousand seven hundred names are on the Confederate pension roll of Kentucky. Since the February payment fifty pensioners have died and eighteen names have been added to the roll. The pensioners added were in nearly every instance widows of Confederate soldiers.

EXTRA!

Thursday morning the Calloway board received official notice to cancel a previous order exempting registrants engaged in farming from call to service and instructed that men be sent in their regular order of liability. The following list contains the names of the first 119 men in Class I:

100 GALLONS OF BOOZE BILLED AS "OIL" SEIZED.

Paducah, Ky., May 10.—Billed as "oil," one hundred gallons of bootleg whisky, bound for arid regions of bone dry Tennessee, was confiscated here today by T. L. McNutt, special collector of internal revenue, and United States Deputy Marshall Wash Kimbell at the office of the American Express Co.

The whisky which was billed to the Old Hickory Automobile Co., Nashville, Tenn., is valued at \$1,000 by the government officials. The seizure was made after a futile attempt to locate the shipper who was expected to arrive in Paducah.

Upon investigation of government agents the whisky was found to be secreted in barrels, marked oil. The entire stock of wet goods was in half pint containers. These were shrewdly packed with excelsior to insure against breakage and a tell-tale rattle of glass.

The markings were intended to convey that the "joy juice" was intended as lubricating liquid for tin lizzies. Instead of spreading joy in the dusty heads of Nashville toddy hoisters the whisky will be shipped to Camp Zachary Taylor. Mr. McNutt stated that it would be used by the medical corps.

Tobacco Pouring Into the City.

This has been the busiest week by great odds on the local tobacco market during the entire season. Hundreds of loads of the weed have been here and it has been necessary for some growers to remain over two nights in the city before being able to get their wagons unloaded. The receipts have been exceedingly heavy at all the rehaling houses and the street sales have continued active during the entire week. Prices have ruled about the same as the week before. Considerable of the weed has been found in bad condition for delivery and a considerable amount has been sent away on this account. Deliveries are expected to continue heavy from now on until the crop is delivered.

Food Commission on Ice Prices

The manufacture and distribution of ice comes under the Federal Food Administration and the Control act of August 1918, says a bulletin by the department to the Ledger with request that it be published.

The Food Administration is concerned with the price charged for ice in the various communities and requires each company dealing in or manufacturing ice to file with the administration any proposed schedule of increased prices over the prices in effect last summer before increases are put into effect.

Only such increases as are justified by increased costs will be permitted, and in addition only such adjustment as between the different classes of consumers as the situation may require.

The Food Administration has sought the co-operation of the mayors of Kentucky cities to investigate any proposed increases in price and determine the justification in each instance, and has notified them that if satisfactory scales of prices cannot be obtained from the dealers the Food Administration will apply the necessary corrective measure.

Road Tax Overwhelmingly Defeated.

Calloway taxpayers expressed themselves as being against the twenty cent road tax last Saturday very forcibly. 250 voted for the tax and 877 voted against it. The vote was an exceedingly tight one and but little interest was manifested in the matter.

EVERY CITIZEN IS URGED TO ASSIST GOVERNMENT.

Washington, May 12.—Every citizen may act as a volunteer detective to assist government officers in ferreting out persons suspected of disloyal actions or utterances, says a statement issued today by Attorney General Gregory. United States attorneys have been told to co-operate with newspapers in their districts so that public notice can be given of the nearest offices of attorneys or the bureau of investigation to which citizens may refer information that they think will be valuable to running down suspicious persons.

"The district attorneys are instructed to make it clear," says the attorney general's statement, "that complaints of even the most informal or confidential nature are always welcome, and that citizens should feel free to bring their information or suspicions to the attention of the nearest representative of the department of justice; or if that is not convenient communicate with the department at Washington City."

Hundreds of letters are already received daily by the department here from citizens who believe they have discovered evidence of disloyalty. Although only a small part of the information proves of value, the department considers the system of sufficient worth to warrant its extension.

M. H. S. Commencement Week

In many respects the saddest week of the school year; always to the student body below the graduating class a welcome season, is the week of commencement. The program for the week this year was a delightful one, and each night capacity audiences greeted the class of 1918. Monday night's exercises at the school building were witnessed by a large crowd and those who participated in the program acquitted themselves in a very creditable manner.

The sermon Tuesday night at the First Christian church by Rev. Henry N. Barbee, of the First Presbyterian church, Mayfield, was heard by a filled house and the speaker was given the closest attention throughout his address. Dr. Barbee is an able speaker and his message was one of the most splendid ever delivered in this city.

The class was delightfully entertained Wednesday night at the handsome home of Mr. and Mrs. John T. McElrath on South Fifth street. Possibly these social features are the most enjoyed by members of the class, as it is here full fellowship is indulged and air castles for the future are builded.

Prof. H. H. Cherry of Bowling Green delivered the commencement address at the school building Thursday night and was heard by an audience that packed the spacious auditorium. Mr. Cherry is always a delightful speaker and his address was one of the ablest heard here in some time. Presentation of diplomas by Prof. Jones, superintendent of the school, followed.

The class this year is one of the largest in the history of the school, embracing the names of thirty young ladies and young gentlemen. The best wishes of hundreds of friends for a bright, brilliant future of usefulness and success goes with them.

Mr. Fisher, representing the Department of Justice, Washington, D. C., was in Murray Wednesday securing information regarding the alleged disloyal activities of Rev. H. B. Taylor.

That's All I Can Spare

You're a regular, red-blooded, true-blue American. You love your country. You love that flapping, snapping old flag. Your heart thumps hard when the troops tramp by. You're loyal—one hundred per cent!

You intend to—you want to—help win the war in a hurry. "Sacrifice? Sure," you've been thinking, and you say "Just wait till they really need my money." And you've honestly thought that you meant that, too.

But look yourself in the eye, now, and search up and down inside your heart. Did you mean it? Did you really mean sacrifice? Listen: You feel poor. This third Liberty loan, the high prices, the income tax, all make you think you've done your bit. You feel that you've given all you can spare.

What? Then what did you mean? What was it that you said about loving your country? What did you think the word "sacrifice" means?

Surely you didn't mean, did you, to give only what you can spare?

What about our boys who are giving their lives in the trenches? Are they giving only what they can "spare"? What about those mothers and little children in the shell-wrecked towns of that war-swept hell: hungry, ragged, sobbing, alone—giving up their homes, their husbands, their fathers?

All this, while we over here, with our comforts and pleasures, hold up our heads and feel patriotic because we have given—what? Just some loose bills off the top of our roll. "We've given all we can spare."

Come! Let's quit fooling ourselves. Let us learn what "sacrifice" means. Let us begin now to give more than we can spare. Let us give to the second Red Cross war fund drive until "the heart says stop."

During the week of May 20-27 the American Red Cross expects to raise the sum of \$100,000,000 with which to carry on the great work set out before it. Calloway county has been asked to donate \$4,000 to this fund. This insignificant sum represents less than twenty-five cents per capita—less than the price of one gallon of gasoline, and thousands of gallons of gasoline are squandered every day in Calloway county. When a solicitor comes to you for help give and give cheerfully. It is a reasonable duty, and Calloway must give the \$4,000 that is asked. County Attorney L. W. Keys has been appointed Chairman of the men's division of the work and he has named the following precinct chairmen to aid him in the work: Southeast Murray, Plenty Farris; Northeast Murray, Tom Morris; Southwest Murray, Robert Broach; Northwest Murray, Clint Drinkard; Fair, Mason Hart; Hazel, Jake Meyer; South Swann, Mr. Cosby; North Swann, Fred James; South Brinkley, Frank Hargrove; North Brinkley, Will Dulaney, Jackson, Chas. Clark; Almo, Milton Imes; Dexter, Eugene Tarry; North Liberty, Tom Ross; South Liberty, R. B. Holland; North Concord, Melvin Blackck; South Concord, Joe Thurman. Mrs. Emma Breaime, of this place, has been made county chairman for the women's department.

A meeting of all the county workers was held here Monday by the chairman and a splendid delegation attended and the enthusiasm shown convinced the workers that the objective would be attained. Every citizen can and should lend his assistance in this work and when the task is finished Calloway should be recorded above its quota—it will.

1,300,000 MEN HAVE BEEN DRAFTED; MORE COMING. HICKMAN BOND KNOCKER LANDS IN PADUCAH JAIL

Washington, May 14.—More than 1,300,000 men have been called in the draft so far and either are in France, in camp or under call to go into service before June 1.

The total of 1,300,000 includes all men summoned in the May contingent. There is every indication that even a larger increment will be summoned in June than was summoned in May and a progressive monthly mobilization continue through the summer and fall months as the contingents are expanded. It is expected that at such a rate the army will reach a strength of well over 3,000,000 within the next twelve or thirteen months. It is possible, some officers say, that the number will be closer to 5,000,000 than 3,000,000.

Buys Hazel Business.

A deal was closed the latter part of last week in which C. F. Caldwell, one of Hazel's live wire merchant's, disposed of his mercantile interests here and retired from business. T. J. Nix, of Puryear, having purchased his stock of goods. Mr. Nix is a substantial citizen and a merchant of many years experience in this county. He will continue business here at the Caldwell stand. Mr. Caldwell and wife will probably locate in Ft. Worth, Texas, about the first of June. — News.

Hurried to Paducah to escape violence at the hands of the loyal citizens of Hickman, Ky., Ester Vincent, 25 years old, an employee of the Mengel Box Co., is behind the bars of the McCracken county jail, awaiting an examining trial before Commissioner Walter A. Blackburn Monday morning and entered a plea of not guilty to a warrant based on three affidavits from Hickman. His trial was continued in order that witnesses could appear. Unable to execute a \$2,000 bond he was held in jail.

You are therefore ordered to report to me as county food administrator any wheat on hand, and all persons knowing of any stored wheat is hereby directed to report the same. CALLOWAY WILL SEND 107 IN NEXT INCREMENT EXTRA!

Largest Number Men Called at One Time Since the Draft Law in Effect

Boys, General Crowder has ordered that the measure of another 107 of you fellows be taken. That looks like a mighty big lot of folks to send away at one time, but the directions say, "be ready." The local board had not received official notice of the day of departure of the Calloway selects at the time the Ledger was printed, but the notice is expected to arrive in any mail.

When this number of men is selected from Class I that class is going to look like it had passed through a long siege of illness. There yet remains not exceeding 225 men in this class, and of this number not more than forty are engaged in pursuits other than farming, thus it will be readily seen that many farmers will be called this time to complete the increment of 107 men. It is hardly possible that the board will be instructed to call any limited service men in this draft or any registrants other than those in Class I. However, these matters can not be positively stated until after the official order is received by the local board. No negroes will be included in this increment.

The quotas of West Kentucky counties under the second draft call, together with the number of men to be sent to Camp Taylor May 25 to 29 follows:

County	Net Quota	Call
McCracken	110	0
Ballard	106	94
Calloway	164	107
Fulton	29	0
Graves	172	97
Marshall	88	49

Another Order for Troops Made
Washington, May 14.—Twenty-four states and the District of Columbia were called upon tonight by Provost Marshal General Crowder to furnish for the national army 51,600 more qualified men for general military duty.

Movement of drafted men to the camps under this call is to extend over two periods from May 20 to 24, and from May 29 to June 2. These dates were fixed because during the five days beginning May 25 approximately 233,000 men called for recently will be moving to the camps.

Including numerous calls for technical and specially qualified men, the total number summoned during May is something like 366,600, nearly half of the 800,000 expected to be called this year. The camps selected for the registrants affected by this last order are not all national army camps, showing that men are to be sent wherever room may be found for them.

(Kentucky is called upon to furnish 2,500 men in this draft, to be sent to Ft. Thomas. It is not expected that Calloway will be asked to send any men.)

2,700 Now on Pension Roll.

Frankfort, Ky., May 10.—Two thousand seven hundred names are on the Confederate pension roll of Kentucky. Since the February payment fifty pensioners have died and eighteen names have been added to the roll. The pensioners added were in nearly every instance widows of Confederate soldiers.

Thursday morning the Calloway board received official notice to cancel a previous order exempting registrants engaged in farming from call to service and instructed that men be sent in their regular order of liability. The following list contains the names of the first 119 men in Class I:

Wm. A. Steele, Carney Dunn, Geo. R. Robinson, Noel Lemon, Thos. V. White, Layman Neale, Thos. F. Robertson, Thos. Smith, Lula Elvin Broach, Lonnie Pace, Tolle D. McMillen, Jas. M. 100 GALLONS OF BOOZE BILLED AS "OIL" SEIZED.

Paducah, Ky., May 10.—Billed as "oil," one hundred gallons of bootleg whisky, bound for arid regions of bone dry Tennessee, was confiscated here today by T. L. McNutt, special collector of internal revenue, and United States Deputy Marshall Wash Kimbell at the office of the American Express Co.

The whisky which was billed to the Old Hickory Automobile Co., Nashville, Tenn., is valued at \$1,000 by the government officials. The seizure was made after a futile attempt to locate the shipper who was expected to arrive in Paducah.

Upon investigation of government agents the whisky was found to be secreted in barrels, marked oil. The entire stock of wet goods was in half pint containers. These were shrewdly packed with excelsior to insure against breakage and a tell-tale rattle of glass.

The markings were intended to convey that the "joy juice" was intended as lubricating liquid for tin lizzies. Instead of spreading joy in the dusty heads of Nashville toddy hoisters the whisky will be shipped to Camp Zachary Taylor. Mr. McNutt stated that it would be used by the medical corps.

Tobacco Pouring Into the City.

This has been the busiest week by great odds on the local tobacco market during the entire season. Hundreds of loads of the weed have been here and it has been necessary for some growers to remain over two nights in the city before being able to get their wagons unloaded. The receipts have been exceedingly heavy at all the rehaling houses and the street sales have continued active during the entire week. Prices have ruled about the same as the week before. Considerable of the weed has been found in bad condition for delivery and a considerable amount has been sent away on this account. Deliveries are expected to continue heavy from now on until the crop is delivered.

Food Commission on Ice Prices

The manufacture and distribution of ice comes under the Federal Food Administration and the Control act of August 1918, says a bulletin by the department to the Ledger with request that it be published.

The Food Administration is concerned with the price charged for ice in the various communities and requires each company dealing in or manufacturing ice to file with the administration any proposed schedule of increased prices over the prices in effect last summer before increases are put into effect.

Only such increases as are justified by increased costs will be permitted, and in addition only such adjustment as between the different classes of consumers as the situation may require.

The Food Administration has sought the co-operation of the mayors of Kentucky cities to investigate any proposed increases in price and determine the justification in each instance, and has notified them that if satisfactory scales of prices cannot be obtained from the dealers the Food Administration will apply necessary corrective measures.

Road Tax Overwhelmingly Defeated.

Calloway taxpayers expressed themselves as being against the twenty cent road tax last Saturday very forcibly. 254 voted for the tax and 877 voted against it. The vote was an exceedingly light one and but little interest was manifested in the matter.

EVERY CITIZEN IS URGED TO ASSIST GOVERNMENT.

Washington, May 12.—Every citizen may act as a volunteer detective to assist government officers in ferreting out persons suspected of disloyal actions or utterances, says a statement issued today by Attorney General Gregory. United States attorneys have been told to co-operate with newspapers in their districts so that public notice can be given of the nearest offices of attorneys or the bureau of investigation to which citizens may refer information that they think will be valuable to running down suspicious persons.

"The district attorneys are instructed to make it clear," says the attorney general's statement, "that complaints of even the most informal or confidential nature are always welcome, and that citizens should feel free to bring their information or suspicions to the attention of the nearest representative of the department of justice, or if that is not convenient communicate with the department at Washington City."

Hundreds of letters are already received daily by the department here from citizens who believe they have discovered evidence of disloyalty. Although only a small part of the information proves of value, the department considers the system of sufficient worth to warrant its extension.

M. H. S. Commencement Week

In many respects the saddest week of the school year, always to the student body below the graduating class a welcome season, is the week of commencement. The program for the week this year was a delightful one, and each night capacity audiences greeted the class of 1918. Monday night's exercises at the school building were witnessed by a large crowd and those who participated in the program acquitted themselves in a very creditable manner.

The sermon Tuesday night at the First Christian church by Rev. Henry N. Barbee, of the First Presbyterian church, Mayfield, was heard by a filled house and the speaker was given the closest attention throughout his address. Dr. Barbee is an able speaker and his message was one of the most splendid ever delivered in this city.

The class was delightfully entertained Wednesday night at the handsome home of Mr. and Mrs. John T. McElrath on South Fifth street. Possibly these social features are the most enjoyed by members of the class, as it is here full fellowship is indulged and air castles for the future are built.

Prof. H. H. Cherry of Bowling Green delivered the commencement address at the school building Thursday night and was heard by an audience that packed the spacious auditorium. Mr. Cherry is always a delightful speaker and his address was one of the ablest heard here in some time. Presentation of diplomas by Prof. Jones, superintendent of the school, followed.

The class this year is one of the largest in the history of the school, embracing the names of thirty young ladies and young gentlemen. The best wishes of hundreds of friends for a bright, brilliant future of usefulness and success goes with them.

Mr. Fisher, representing the Department of Justice, Washington, D. C., was in Murray Wednesday securing information regarding the alleged disloyal activities of Rev. H. B. Taylor.

That's All I Can Spare

You're a regular, red-blooded, true-blue American. You love your country. You love that flapping, snapping old flag. Your heart thumps hard when the troops tramp by. You're loyal—one hundred per cent!

You intend to—you want to—help win the war in a hurry. "Sacrifice? Sure," you've been thinking, and you say "Just wait till they really need my money." And you've honestly thought that you meant that, too.

But look yourself in the eye, now, and search up and down inside your heart. Did you mean it? Did you really mean sacrifice? Listen: You feel poor. This third Liberty loan, the high prices, the income tax, all make you think you've done your bit. You feel that you've given all you can spare.

What? Then what did you mean? What was it that you said about loving your country? What did you think the word "sacrifice" means?

Surely you didn't mean, did you, to give only what you can spare?

What about our boys who are giving their lives in the trenches? Are they giving only what they can "spare"? What about those mothers and little children in the shell-wrecked towns of that war-swept hell: hungry, ragged, sobbing, alone—giving up their homes, their husbands, their fathers?

All this, while we over here, with our comforts and pleasures, hold up our heads and feel patriotic because we have given—what? Just some loose bills off the top of our roll. "We've given all we can spare."

Come! Let's quit fooling ourselves. Let us learn what "sacrifice" means. Let us begin now to give more than we can spare. Let us give to the second Red Cross war fund drive until "the heart says stop."

During the week of May 20-27 the American Red Cross expects to raise the sum of \$100,000,000 with which to carry on the great work set out before it. Calloway county has been asked to donate \$4,000 to this fund. This insignificant sum represents less than twenty-five cents per capita—less than the price of one gallon of gasoline, and thousands of gallons of gasoline are squandered every day in Calloway county. When a solicitor comes to you for help give and give cheerfully. It is a reasonable duty, and Calloway must give the \$4,000 that is asked. County Attorney I. W. Keys has been appointed Chairman of the men's division of the work and he has named the following precinct chairmen to aid him in the work: Southeast Murray, Plenty Farris; Northeast Murray, Tom Morris; Southwest Murray, Robert Broach; Northwest Murray, Clint Drinkard; Fair, Mason Hart; Hazel, Jake Meyer; South Swann, Mr. Cosby; North Swann, Fred James; South Brinkley, Frank Hargrove; North Brinkley, Will Dulaney, Jackson, Chas. Clark; Alma, Milton Imes; Dexter, Eugene Tarry; North Liberty, Tom Ross; South Liberty, R. B. Holland; North Concord, Melvin Blalock; South Concord, Joe Thurman. Mrs. Emma Breame, of this place, has been made county chairman for the women's department.

A meeting of all the county workers was held here Monday by the chairman and a splendid delegation attended and the enthusiasm shown convinced the workers that the objective would be attained. Every citizen can and should lend his assistance in this work and when the task is finished Calloway should be recorded above its quota—it will.

1,300,000 MEN HAVE BEEN DRAFTED; MORE COMING. HICKMAN BOND KNOCKER LANDS IN PADUCAH JAIL

Washington, May 14.—More than 1,300,000 men have been called in the draft so far and either are in France, in camp or under call to go into service before June 1.

The total of 1,300,000 includes all men summoned in the May contingent. There is every indication that even a larger increment will be summoned in June than was summoned in May and a progressive monthly mobilization continue through the summer and fall months as the estimates are expanded. It is expected that at such a rate the army will reach a strength of well over 3,000,000 within the next twelve or thirteen months. It is possible, some officers say, that the number will be closer to 5,000,000 than 3,000,000.

Boys Hazel Business.

A deal was closed the latter part of last week in which C. F. Caldwell, one of Hazel's live wire merchant's, disposed of his mercantile interests here and retired from business. T. J. Nix, of Puryear, having purchased his stock of goods. Mr. Nix is a substantial citizen and a merchant of many years experience in this county. He will continue business at the Caldwell stand. Mr. Caldwell and wife will probably locate in Ft. Worth, Texas, about the first of June.—News.

Hurried to Paducah to escape violence at the hands of the loyal citizens of Hickman, Ky., Ester Vincent, 25 years old, an employee of the Mengel Box Co., is behind the bars of the McCracken county jail, awaiting an examining trial before Commissioner Walter A. Blackburn for alleged seditious remarks. He was arranged before Blackburn Monday morning and entered a plea of not guilty to a warrant based on three affidavits from Hickman. His trial was continued in order that witnesses could appear. Unable to execute a \$2,000 bond he was held in jail.

Wheat on Hand Must Be Delivered.

The government has commandeered all wheat now in possession of all individuals. You are therefore ordered to report to me as county food administrator any wheat on hand, and all persons knowing of any stored wheat is hereby directed to report the same. A heavy penalty is prescribed by the government for failure to so report.—J. H. Coleman, County Food Administrator for Calloway.

Result, car turned about three somersaults, top and windshield smashed and car otherwise badly damaged. Anderson was caught under the car but managed to crawl out without a scratch.—Hardin Enterprise.

Thomas Lafayette McElrath has issued a card of explanation to the public, which was published in both Paducah papers this week. The Ledger will publish the statement with comment next week. The Calloway Times this week stated that McElrath had been honorably discharged from service on account of physical disabilities. This statement is not correct. McElrath is still subject to military service and his case is still under investigation by proper authorities.

All the Calloway boys who are in our regiment are getting along fine. I get the Ledger every week and am always glad to get the news from home, it is almost like a letter from home. I am indeed glad to learn how generously the people subscribed to the third Liberty loan. I am quite sure every soldier from Calloway county appreciates the work of the Red Cross ladies in Murray and the county.

The entire 113th Ammunition Train is on the rifle range this week and doing good work with few exceptions. We think we have been trained enough for overseas service, but guess our officers know more of our qualifications than we; but we are anxious to get started.

The Greatest Mother in all the World

STRETCHING forth her hands to all in need; knowing no favorite, yet favoring all.

Ready and eager to give *first* aid to the wounded. Helping the little home that's crushed beneath an iron hand by showing mercy in a healthy, human way; rebuilding it, in fact, with stone on stone; replenishing empty bins and empty cupboards; bringing warmth to hearts and hearths too long neglected.

Seeing all things with a mother's sixth sense that's blind to jealousy and meanness.

Reaching out her hands across the sea to No Man's Land to comfort thousands who must stand and wait in stench and crawling holes and water-soaked entrenchments.

She's cheering thousands, feeding thousands, healing thousands from her store; the Greatest Mother in all the World—the RED CROSS. Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and September.

What Will You Do To Help? Red Cross 2nd War Fund May 20-27

\$100,000,000 must be raised in America

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war. Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

I am quite sure every soldier from Calloway county appreciates the work of the Red Cross ladies in Murray and the county.
