A MEAN MAN.

John Purnell Deserts His Wife.

THE HENDERSON CLUB.

Exhumed for a Photograph—Other Crisp News.

If the citizens of Earlinton get their hands on John Purnell he may be given a suit of tar and feathers. One day last week he deserted his family and eloped with a sixteen-year-old girl. The affair has caused great surprise and much indignation.

Purnell married a Miss Donahue several years ago. These children were the result of this union. Apparently the family was a happy one. Purnell told his wife and was regarded by most of his neighbors as a model husband.

He is a coal-miner and a hard-working man. While he occasionally drank, he was never known to get drunk, and was considered by his employers as reliable and worthy of confidence.

He eloped with Ova Purley who he met in seventeen years old until next fall.

Since the affair has become known people remember having seen Purnell and the girl talking together frequently, but no special attention had ever been given them. Ova is the daughter of Mr. F. C. Purley, a respected citizen of Earlinton.

It is known that the man and girl purchased tickets for Mt. Carmel, Ill., on a steamer sent to that place for a brief cruise.

Mrs. Purnell is prostrated with grief. She is in bed and has not yet been able to get up.

Belwood Seminary.

There are quite a number of the old pupils of "Belwood Seminary" in the city who will be pleased to read this recognition of that school. Pupils from Belwood pass into Wellesley without examination but upon certificate.

Wellesley College.

Secretary's office.

Wellesley, Mass., March 17, 1896.

W. G. Lord, principal.

My Dear Sir—

The record of Miss — is excellent, and that of the Misses — is good. It gives me pleasure to say that the right of certification is confined to your Seminary, and that we shall be glad to receive other students from your institution.

Very sincerely yours,

Mary E. Gorman, Secretary.

Exhumed for a Picture.

On Wednesday evening, the 19th inst., Miss Myrtle McCarty will be married to Mr. William H. Hughes. The nuptials will be celebrated at 9:30 o'clock in the Methodist Church at Earlinton. Cards of invitation to the happy event were received in this city to-day.

Miss McCarty is a former pupil of Bethel Female College, and is one of the prettiest and brightest who ever graduated from that institution. She is a daughter of Mr. and Mrs. William McCarty, of Earlinton, and he is one of the most prominent citizens of that place.

A Peculiar Accident.

Mr. W. A. Struble, of Howell, was in the city yesterday afternoon for the purpose of consulting a surgeon. A few days ago while Mr. Struble was kneeling in his barn shaking corn, he heard a loud report, and he found the bones in his right knee pop. He thought nothing of this until he attempted to rise to his feet. He found that he was unable to walk and that time has not been able to put his foot to the ground. His leg was examined and apparently nothing is the matter with it, but it is believed that the bone is broken.

L. & N. Earnings.

The gross earnings of the Louisville & Nashville railroad for the first week in April were \$340,000, which is an increase of \$5,565 over the corresponding period of last year. The passenger earnings increased \$400, and the balance of the increase was shown in the freight department. This is the best showing made for some time. Since July last the earnings have increased \$838,175.

TRAINING GRIPMEN.

BREAKING IN COUNTRYMEN FOR CITY RAILWAY SERVICE.

Farm Partners Make the Best Gripmen on Account of Their Strength and Caution—A Situation That Requires Close Attention and Plenty of Nerve.

"Where do the gripmen come from?" strong armed, blue uniformed employees of the Washington and Georgetown railway was asked last night as he left his car at the end of the route for a cup of coffee and a sandwich in the all night restaurant.

Why, from the country, most of them. These fellows who are raised on farms and live in the city don't seem to have the muscle necessary to throw on a down grade. Then again a countryman is mighty careful about going through the streets. He's afraid that every man he sees step off the pavement is going to be run over, and he is absolutely certain that every team that comes out from a cross street is going to collide with him. It takes him about two years to get over this fear, and then, as he becomes a little careless, he has a few accidents that smash up fenders and take the paint off the coaches, and then he gets fired, and the road is ready to break in another countryman.

"How do they break them in?" "Well, they are mighty careful with them. A new man on the grip is about the worst scared object in the city. Talk about your condemned man being scared when he's walking out to be hanged—why, his emotions are in it with the man who's running a grip car for the first time. To be sure, an experienced gripman is on the car right beside him, ready to throw on the brakes and sound the 'lookout' bell. But between the grip, and the wheel brake, and the track brake, and the 'go ahead' and 'stop' signals, and the 'look out' bell, and the people jumping on and off the grip car, your new gripman just gets scared. They say they don't mind it, but they're talking through their teeth, that's all. Then, another thing, the way they throw on the brakes makes their arms out of joint and makes 'em good and sore, I tell you.

"There's something funny about breaking up a grip car. I came from the country to my job, but I wasn't always a plowboy. When I was a young fellow, I used to work in a country printing office, and used to have to run a Washington hand press. Ever run one? Well, then, I can't tell you anything about it, except that if you don't know the trick you can't throw 'er over and get an impression no more than a rabbit. You may have a muscle like a blacksmith, but if you don't know the trick you can't pull the lever over, but if you are on to the trick, and don't weigh more'n 90 pounds, you can throw her around just like lightning and make 1000 impressions an hour—that is, if you've got a good 'devil' to do your inking.

"Well, as I was saying, that's just like breaking up a grip car. Some big fellows weighing 300 pounds, with muscles on 'em like Pithecanthropus, go out on one of these grips with two coaches behind 'em, and the way they brake 'er up makes all the passengers think they have gone to sea. Then a little fellow, who don't weigh more'n 100 pounds, goes to the superintendent and has a pass examination. They ask him all about the signals, and where other cars cross, and where the 'dead man' is, and 'dead man' is a block you strike if you don't let go the cable where you have to, and if you ever strike a 'dead man' your job's gone, no ifs ands about it—and all about the street and so on.

Well, if the new man passes the examination, he puts up \$10, and they give him a certificate, and he can go and put that up for a uniform and an overcoat, and there you are—he's a gripman, ready for 30 degrees below zero and 100 degrees above zero and his little old \$2 a day.

"The company's breaking in six new gripmen on the Fourteenth street line right now. Two of the old men died and a couple quit. Each line always keeps about a dozen extra gripmen on hand ready for an emergency, so they're breaking in these new ones. One of the new boys had an accident at Ninth and the avenue the other afternoon. Ran into an Anacostia bobtail car. By golly, he thought he was going to knock the thing clear to the Good Hope hill, but he didn't. Scared? Well, the passengers on the bobtail wasn't half as scared as he was. He could hardly get off the grip to pick up the pieces of the fender. He thought he was as good as fired, but the company never said nothing. Guess they thought they was lucky to get off with as little damage. And besides an accident right at the start makes a gripman extra careful for all the rest of the time."—Washington Post.

All Hope Gone.

Mr. Flabey—I told me that he never knew what it was to be happy up to the time of his marriage.

Mrs. Flabey—Haven't I always told you that marriage is the only happy state?

Mr. Flabey—Yes, but I says he never expects to know what it is to be happy now.—Brooklyn Life.

A Handy Man.

People always seem to be more or less interested in seeing men at work on new buildings. On a building under construction up town there was a man up on the fourth or fifth story who was holding water from the ground. He had a beam rigged out, with a fall at the end of it, and a bucket attached to the fall. There was a barrel on the ground below, and when he wanted water he lowered the bucket down to the barrel, dipped it himself from above and hoisted away. He didn't want any help; all he asked was to have the barrel kept full, and he would do the rest.—New York Sun.

The New Firm. Dr. F. E. Eager, having resigned the position that he so long held at the Agency, has located in this city for the practice of the profession in which he is deeply interested. He has associated himself with Dr. F. W. Blakey, Dr. Eager has resided in this city many years. When he came here to practice medicine he located in the country, where he enjoyed a large practice. Seven or eight years ago he accepted a place as assistant physician at the Asylum, and remained there until a few days ago, filling the position with great credit to himself. In addition to having had years of experience, he is a very close student, and for these reasons we predict that he will meet with great success in his practice in Hopkinsville. Dr. Blakey is known to the public as a most skillful physician. The firm of Blakey & Eager is a strong one.

Regular Monthly Meeting. The Local Union Executive Committee met in its regular monthly session with Mr. Jas. M. Green Mon. night. All of the societies composing the union were represented, and an unusually large routine of business was transacted.

Next Sunday evening being the time of the union prayer meeting, it was decided to hold it with the Grace Church society. The coming district convention at Ashby was discussed at length, and a committee of one from each society appointed to work up interest among their members.

A letter from the Trenton Endeavorers, also one from the Elderly Union society, was read asking for help and encouragement. It was moved that the New Zealand plan of each Endeavorer writing one letter each month to some un-Christian upon a religious subject be carried out, and the matter will be laid before the societies.

Mr. A. D. Willis was appointed to work up the Paducah delegation. All those intending going will give their names to him if they desire entertainment.

A large amount of other business was transacted, and after partaking of delicious refreshments the committee adjourned.

HAS HIS NERVE. (SPECIAL TO NEW ERA.)

Frankfort, Ky., April 21.—That Gov. Bradley has gall, and lots of it, too, was fully demonstrated yesterday afternoon when he said to Representative Barnum that the only condition on which he would call an extra session of the Legislature would be the giving of written pledges by all the Democratic Senators, agreeing to enact the financial legislation considered necessary by the present Republican Administration. The Democratic members of the Senate have not yet been communicated with on the subject, but it is not at all likely that they would sign away their right to object to and defeat any measure that they might deem unwise and contrary to the rights of the people whose interests they were elected to protect.

THREE-CORNERED FIGHT. (SPECIAL TO THE NEW ERA.)

Ashbyville, Ky., April 21.—There was a three-cornered fight here this morning that has already cost one of the participants his life, and may prove fatal to a second one. The parties to the fight were Robert Gunn, Robert Carson and a man named Pearson. Pearson and Gunn were fighting at first, and Gunn finally shot Pearson, wounding him very severely. This enraged Bob Carson, who was a friend to Pearson, so he whipped out a knife from his pocket and before any one could interfere, he rushed into the battle, making a rake at Gunn, cut his throat entirely across—killing him instantly. Pearson, who received a shot from Gunn's gun, is severely wounded and may not survive the day. Carson was not hurt.

BARON HERSCH. (SPECIAL TO THE NEW ERA.)

New York, April 21.—A press cablegram has been received in this city stating that Baron Hirsch, the great and wealthy philanthropist, had just died suddenly of heart disease in Vienna, Austria. The down-trodden Jews of Europe and the Jews of the city of Jerusalem have, by the death of the Baron, lost their best friend, as he was constantly doing some work to ameliorate their hard lot, and his work was appreciated by them and they loved him for it. He was in every respect an excellent man and the entire continent of Europe loses by reason of his death.

EPIDEMIC. (SPECIAL TO NEW ERA.)

Sergeant, Ky., April 21.—Due to the worst, most deadly epidemics of fever known to the people of this county is now raging in this place. There have already been a number of deaths, and the disease is spreading rapidly. There are at present several hundred cases in this county, and the people who have the means to do so are leaving their homes to escape the epidemic.

IN SIX INCHES. (SPECIAL TO NEW ERA.)

Columbus, Ind., April 21.—Ransom Sturgeon, who is well-known here, and who has been in a very feeble condition for some time, fell into the creek here this morning and was drowned. He fell with his face down and was too weak to raise himself up, and when found had been dead some time.

LOUISVILLE LABORERS. (SPECIAL TO NEW ERA.)

Louisville, April 21.—By a unanimous vote the Central Trades and Labor Union of Louisville rejected resolutions proposed by the American Federation of Labor that called for free and unlimited coinage of silver.

BANKRUPT LAW. (SPECIAL TO NEW ERA.)

Washington, April 21.—Unless sidetracked by other business the Bankruptcy bill will be called up in the House Wednesday by Chairman Henderson, of the Judiciary Committee.

"FREE LOVE." (SPECIAL TO NEW ERA.)

Falmouth, Ky., April 21.—Leo Bird, a "free love" preacher, who had spent the winter in this town, was badly beaten here Saturday night and ordered to leave the town. He left last night. His preaching had come to be particularly objectionable.

BOB TAYLOR. (SPECIAL TO NEW ERA.)

Nashville, Tenn., April 26.—Ex-Gov. Taylor has more than a majority of the votes in the Tennessee Democratic State Convention instructed for him, and will be nominated on the first ballot.
