Roberts Lodge F & A M Elects 1947 Officers Progress During Past Year Noted At Meeting Friday

45 ADDED IN 1946

Roberts Lodge No. 172, F & A M, held their annual election of officers to serve during 1947 Friday night, Dec. 27. The following were elected and appointed:

J. Roy Greer, W. M.; Roger M. Kirkland, S. W.; R. F. Manney, J. W.; M. G. Cook, treasurer; J. Smith, secretary; John G. Adkins, Tyler; H. A. Butler, trustee;

G. L. DeMyer, senior deacon; Milton B. Conner, junior deacon; C. E. Benedict, Jr., senior steward; W. R. Ghee, junior steward; E. E. Mount, chaplain; H. N. Strong, Carl Wood and H. J. Potter, refreshment committee; board of trustees—H. D. Stanfield, chairman, John T. Price and H. A. Butler.

The Lodge has had a very successful year under the supervision of retiring Master H. A. Butler and his corps of officers, having made 45 young men Masons during the year, received seven by affiliation, and seven by demit. The hall has been redecorated and new lights installed. Seventy-eight members will be presented 25-year emblems soon.

Early in 1946 the Lodge will celebrate its 100th anniversary, and is looking forward to another year of good work under the supervision of the newly-elected officers.

Cold Wave Hits Parts Of Midwest, Moves Eastward

Heavy falls of snow, strong winds and freezing rain extended over a wide section of the country as a new cold wave hit sections of the Midwest and moved eastward.

Highway travel in many parts of the North Central and New England states and New York and Pennsylvania was slowed by the drifting snow and freezing rain. The snow and rain area extended from Montana and Wyoming northeastward to the Atlantic coast.

The heaviest fall of snow was 12 inches at Alpena, Mich. And the falls in other sections of Michigan, Wisconsin and Minnesota averaged from five to seven inches. Michigan's upper peninsula reported drifts from New York and Pennsylvania was slowed by the drifting snow and freezing rain. The snow and rain area extended from Montana and Wyoming northeastward to the Atlantic coast.

Harmony Reigns In Making Report On Prussia's Fate

Berlin, Dec. 28.—(AP)—An unusual atmosphere of harmony prevailed today as experts of the Big Four powers undertook to draft a report to the impending foreign minister's conference in Moscow on a once-knotty problem of liquidating Prussia.

Prussia, blood-and-iron heart of the former Reich, already has ceased to exist as a state. "What has happened to this colossal state in a topic none of the allies is perturbed about," said Henry Parkman, civil affairs chief in the American military government. "All we have to do is tell the foreign ministers' next March 10 about an accomplished fact. Prussia is more busted-up than humpty-dumpty."

Western Union Rate Hike Approved Today By FCC

Washington, Dec. 28.—(AP)—The Federal Communications Commission has approved another 10 percent boost in Western Union message rates. The increase is in addition to a 10 percent hike in the rates as of last June 12, and the total of 20 percent was made effective indefinitely.

General Douglas MacArthur was the youngest man ever to serve as superintendent of West Point.

Stewardship Is Meeting Theme

Methodist Churches Will Convene Here Jan. 12 For Special Observance

A stewardship meeting to inaugurate the year of stewardship which is being observed in Methodist churches throughout the nation in 1947 will be held at the First Methodist church of Fulton Sunday afternoon, Jan. 12.

The program will begin at 2 and close at 3:30 p.m. The following charges will participate: Cayce circuit, South Fulton circuit, Fulton circuit, Water Valley and Palestine, and Fulton.

Pastors who serve these charges are: Water Valley and Palestine, the Rev. S. F. Sanders; South Fulton circuit, the Rev. Thomas Y. Smith; Fulton circuit, the Rev. J. F. McMillin; Cayce circuit, the Rev. R. H. Clegg; and Fulton, the Rev. W. E. Mischke. Similar meetings will be held at Paris Jan. 6, Murray Jan. 19 and Martin Jan. 26.

UK Professors Help Colleague Build His House

Lexington, Ky., Dec. 28.—(AP)—Early American settlers who "pitched in" and helped each other build log houses had nothing on a group of University of Kentucky staff members.

What the U. K. staffers lacked in skill they made up in enthusiasm and now Dr. Paul M. Phillippe is about ready to occupy a new "prefab" house.

A navy veteran, Dr. Phillippe found himself without a house for his family on returning to the campus this fall. He bought the prefabricated house at Newport News, Va., dismantled it and had it shipped here.

His fellow staffers have helped him erect the house. It now "sheds water" and Dr. Phillippe plans to move in around New Year's. His co-workers say they're going to do something else for him then, give him a "house-warming" party.

De Gaulle Doesn't Want Presidency

Paris, Dec. 28.—(AP)—Gen. Charles De Gaulle said today he would not be a candidate for president of France's new Fourth Republic.

The French legislature is to elect the President Jan. 16 or soon after. In a written statement delivered to the press, the wartime leader of the Free French and first head of France's post-war Provisional Government said he did not believe "according to my conscience" that it would be well for him to "preside, with impotence, over the impotence of the state."

De Gaulle said he was making his statement in answer to a question put to him about his future intentions.

Crack Train Back In Operation Today

New Orleans, Dec. 2.—(AP)—The Panama Limited was back in operation today after six cars of the Chicago-to-New Orleans Streamliner hurtled from the rails yesterday injuring more than two score passengers and trainmen.

No one was seriously injured. The accident occurred on a narrow isthmus between Lake Pontchartrain and Lake Maurepas, at Ruddock, La., 31 miles from the train's New Orleans terminus. More than 500 feet of rail was

ripped from the roadbed when the speeding Illinois Central Railway luxury liner's diner and five sleeping cars left the rails. Conductor J. H. Price said it was impossible to determine whether a broken rail or a broken coupling caused the accident.

Seek Bodies Of Plane Victims

Coroner's Aides, USMC Party Search For 12 Who Died In Laguna Mounds

San Diego, Calif., Dec. 28.—(AP)—Coroner's aides and a U. S. Marines rescue party hoped today to bring down from a barren, winter-lashed peak the remains of 12 Christmas eve air disaster victims.

Near the smashed, charred wreckage of the Western Air Lines transport, which was found yesterday, the nine passengers and three crew members lay dead with packages intended for Christmas, strewn around them.

The wreckage was scattered over a wide area, on a Laguna mountains peak, 50 miles east of here, only a short distance from where an American Air Lines plane crashed with a loss of 28 lives last March 3.

Its discovery confirmed Christmas eve observations of several persons, including the pilot of another transport, who reported seeing the glow of the burning craft.

Deputy Coroner Dave Bond and a party reached the peak last night but were forced by the storm to turn back for a fresh daylight start.

Ed Nell, San Diego Tribune-Sun and union photographer, who was with the discovery party, said the DC-3 transport appeared to have hurtled into a 25-foot-high boulder only 100 feet from the top of the 6,000-foot peak.

Fire Destroys Meat, Chicks And Farm Buildings

Outbuildings at the home of Frank Rice, Grubbsfield road, were destroyed by fire which started in a chicken brooder at about 3:30 this morning. Five recently-killed hogs and about 500 baby chicks were lost in the blaze.

The Fulton fire department was called to the home and kept the flames from spreading to the house.

Striking Teachers Return To Duties

St. Paul, Minn., Dec. 28.—(AP)—Striking public school teachers of St. Paul, granted their demands for increased salaries and improved working conditions, will return to classroom duties next Monday.

Re-opening of the 77 grade and high schools, closed to their 36,578 pupils since the start of the strike Nov. 25, was decided upon today at a conference of teachers and education commissioner Fred M. Truax.

This action followed last night's announcement of suspension of the strike as a result of the City Charter Commission's acceptance of a charter amendment which, if adopted by the voters, would permit the city council to raise the funds needed to meet the teachers' demands.

Ferguson Says Anti-Bilbo Sentiment Is In Majority

Washington, Dec. 28.—(AP)—Senator Ferguson (R-Mich.) reported today that majority of the Senate War Investigating Committee has approved a report criticizing Senator Bilbo (D-Miss) for his relations with war contractors.

Ferguson said the ten members of the committee were being polled on the Bilbo report and "six of them already have approved it."

He said he could not divulge the names or party affiliations of these six until the entire committee has been polled and the report filed with the secretary of the senate.

At the same time Ferguson said it would be impossible for the War Investigating Subcommittee to hold additional public hearings on Bilbo's affairs before the new congress convenes.

Services Held For Infant Lewis Boy

Funeral services for Bobby Dwayne Lewis, infant son of Mr. and Mrs. B. W. Lewis of near Dukedom, were held at the New Hope Baptist church at 10 o'clock this morning by the Rev. Arthur Wilkerson, Baptist minister.

Burial was in the church cemetery, with Jackson Brothers Funeral Home, Dukedom, in charge.

The child died at a local hospital Thursday evening.

George Simpson Dies Friday

Funeral Services Will Be Held Sunday, 2 p.m. At First Christian Church

George W. Simpson passed away last night at 7:15 at his home on Pearl street. He had been in failing health for the past year, but two weeks ago his condition became critical.

Mr. Simpson was born in Graves county Dec. 11, 1873. At the age of 18 he united with the Knob Creek Church of Christ. His membership remained there throughout his life. In 1893 he was married to Miss Viola Gilbreath, and to this union five children were born, four of whom preceded him in death.

He is survived by his widow, one daughter, Willa Gene, and two granddaughters, Mrs. Herbert Brady and Miss Gene Bowden.

Mr. Simpson had been a salesman for Lovelace Farmer for 15 years, but failing health caused his retirement Sept. 1. He took a deep and personal interest in all his customers, and numbered his friends by his acquaintances. He was familiarly known to the younger generation as "Daddy George."

Funeral services will be conducted at the First Christian church Sunday afternoon at 2 o'clock by the Rev. E. M. Oakes. Burial will be in Greenlee cemetery. The body will be at the residence, 416 Pearl street, until the funeral.

Full bearers will be Lonnie Bard, Oranson Walker, H. H. Bugg, Wiley Stephenson, K. H. Warren of Martin, Tenn., and Merritt Jordan, Browns Grove, Ky.

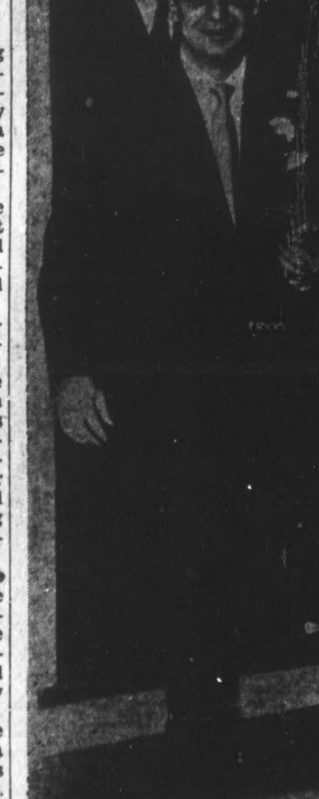

8 Mine Deaths In November Put 1946 Total At 99

Lexington, Ky., Dec. 28.—(AP)—Eight fatal mining accidents in Kentucky last month brought the total fatalities for the first 11 months of 1946 to 98, eight more than during the corresponding period of last year, the state department of mines and minerals announced yesterday.

A bill which would limit collection of retroactive portal-to-portal pay to one year will be introduced at the next session, Rep. Michener said. A similar measure was passed in the house in the last session but died in the senate.

Fred A. Virkus, chairman of the Conference of American Small Business Organizations, said his group considered legislative remedies imperative on the portal pay question because the union suits "will break the country if they are successful."

Two Crew Members Killed In Michigan City Plane Crash; 12 Are Dead In Fire Crackup

89c Umbrella, Left In Store, Priced At \$3.00

Syracuse, N. Y.—(AP)—Mrs. Esther D. Malmgren's six-year-old, 89-cent umbrella, which she left in a department store a month ago, somehow became an \$8.95 model.

After having inquired several times at the lost and found desk, Mrs. Malmgren spotted her umbrella in a sales rack of "shop-worn" parasols. It bore a tag marked down from \$8.95 to \$3.

She identified it by its broken handle, worn paint and missing tip, and got it back without paying the "bargain price."

Portal Pay Suit Curb Predicted

Legislative Measures To Reduce Cost Of Court Action Desired By Owners

Early action by congress to limit the portal-to-portal retroactive wage suits was predicted today as industry groups studied possibilities of legislative measures to curtail or reduce the recent wave of such actions throughout the country by labor unions.

New suits were added yesterday to the large number already filed, increasing the total claims to more than \$900,000,000, with estimates by industry leaders that the figure will reach between five and six billion dollars.

Two republican legislators of Michigan said in Washington that Congress would take quick action at the next session to limit the pay suits. Rep. Wolcott told reporters that businessmen have protested to congressmen that payment of the sums involved in the suits would destroy their business.

A bill which would limit collection of retroactive portal-to-portal pay to one year will be introduced at the next session, Rep. Michener said. A similar measure was passed in the house in the last session but died in the senate.

Fred A. Virkus, chairman of the Conference of American Small Business Organizations, said his group considered legislative remedies imperative on the portal pay question because the union suits "will break the country if they are successful."

Cause Of Both Air Tragedies Not Yet Learned

32 ARE INJURED

Michigan City, Dec. 28.—(AP)—Two crew members were killed and at least 21 other persons were injured when an American Airlines plane crash-landed in International Friendship Gardens three miles east of here today.

State Police Sergeant Robert Vinzant said the pilot and co-pilot died in Clinic Hospital of injuries suffered in the crash.

He said 13 other persons were brought to Clinic Hospital and eight were taken to St. Anthony's Hospital. None was immediately identified here.

The plane left Buffalo, N. Y., at 8:42 for Chicago and crashed shortly after 9 a. m. American Airlines said it was an extra flight.

The scene of the crash is a horticultural beauty spot which at one time was offered as a site for the permanent home of the United Nations. Michigan City is 40 miles southeast across Lake Michigan from Chicago.

State police said they had been unable to learn the cause for the crash landing.

Rineanna, Eire, Dec. 28.—(AP)—The explosion and crash of a TWA Constellation killed 13 persons today and left 11 injured, seven critically.

The Trans World Airliner, enroute from Paris to New York, exploded with a blinding flash apparently at the moment it smashed into the mud of a boggy, grass-covered island about two miles from the Shannon Airport.

The pilot, Capt. Herbert Tansey of Falls Church, Va., was injured so seriously that investigators could not talk with him immediately to learn what might have forced down the giant four-engine plane, named the Star of Cairo.

Nine of those killed outright were passengers and three were crew members. All but two of the 12 were Americans.

The surviving hostess, Miss Vina Ferguson of Jackson Heights, N. Y., said the crash occurred without warning, and the passengers had no impression that anything was wrong as the plane started down for a landing in fog and drizzle at 2 a. m. (9 p. m. Friday, Eastern Standard Time).

Among those critically injured were four-months-old Charles Bruce Waterberry, and his 7-year-old mother, Mrs. Edith Augustine Waterberry, who was on the way to join her ex-GI husband at 230 Belmont Avenue, Newark, N. J.

The baby suffered a fracture of a leg and burns about the face.

The blast which shattered the plane threw him clear from the wreckage and he landed in soft mud.

Mrs. Waterberry was severely burned and an ankle was fractured.

Herman Talmadge Says He Could Be Georgia Governor

Atlanta, Dec. 28.—(AP)—Young Herman Talmadge claimed enough "written pledges" today to become Georgia's governor but Lieutenant Governor-Elect M. E. Thompson maintained a 3-2 margin in an Associated Press poll of legislators.

Of 104 senators and representatives replying to the A. P. survey, 47 came out for Thompson to succeed the late Eugene Talmadge and 28 sided with the governor-elect's son, Herman Talmadge. Twenty-six were undecided. Three others advocated a special election.

The poll represented 40 percent of the 257 legislators. A majority is 129.

Frankfort Clerk Dies

Frankfort, Ky., Dec. 28.—(AP)—Mervin Parrent, 70, Frankfort city clerk for the last 33 years, died today in the Veterans Hospital at Lexington. He was there several weeks ago after a stroke.

Hopeful Signs

Recent fluctuations in the price of butter, eggs, clothing and other items have provoked a great deal of speculation among consumers. Most of them are wondering, just as we are, if the temporary decline in some prices is the first faint sign of the "bust" which is said to be lurking around the corner, ready to end the current "boom."

Several explanations have been offered. It is pointed out that a post-Christmas drop in clothing prices, for example, is to be expected every year. Some say that butter prices have been "rigged" or "fixed" to benefit special groups, and that this week's decline has no special significance.

We are inclined to think that the law of supply and demand may at last be entering into the economic picture again. The seller's market, while not gone completely, is on the way out. Consumers are not buying anything and everything just because it's for sale, and in the long run that is the way it should be if we are to maintain our free enterprise system.

The man who builds the better mousetrap will have the more business, and by producing more he can reduce his prices. Wages and prices go hand in hand. If one goes up, the other must follow. The sooner all of us realize this basic truth, and concentrate on supplying more and better goods and services rather than trying to "get ours while the getting is good," the better off we'll be as a nation and as individuals. There's no substitute for hard work as a means of achieving prosperity.

With The Fourth Estate

COMMON SENSE POLICY

In the troubled study of colonial relations, the level-headed Dutch seem to be coming out at the top of the class. Formation of the United States of Indonesia, a federation with only the thinnest ties with the Netherlands crown, proceeds in orderly fashion.

The course has not been even or smooth. There is happy evidence today, however, that the Indonesians are about to gain nearly all the fundamentals of independence. The agreement of November 18 grants self-government with only a few strings attached, concerning economics, foreign policy, and allegiance to the crown. The pattern is not yet perfected, and it may not give full satisfaction to the Indonesians. It represents a far more enlightened policy, however, than the one the French are doggedly pursuing in Indochina. That policy answers every challenge to French authority with a command to send out more troops. (Courier-Journal).

NATION ABOVE PARTY

While many of their colleagues go on with the game of unreasoning political partisanship, Secretary of State James F. Byrnes, Republican, and Sen. Arthur H. Vandenberg, Republican, continue to give the United States one of its finest examples of the type of statesmanship which places nation above party.

America—and the world—owes a debt of gratitude to these two men it can scarcely repay. Whenever the capacity of the U. S. brand of democracy to produce bipartisan co-operation is questioned, the case of Byrnes and Vandenberg certainly should be entered as Exhibit A for the defense. (Owensboro Messenger).

Old Ghost Walks Again

By Norman Carignan AP Foreign Affairs Analyst

The old ghost of U. S.—Argentina relations—is stalking the pale green corridors of the state department again.

In Washington, apparently for a full review of the question, is veteran career diplomat George Messersmith, U. S. ambassador to Buenos Aires, bearing ideas on what should be done about Argentina.

His views reportedly are at variance with those of Assistant Secretary of State Spruille Braden, a burly 250-pounder who has charge of U. S. relations with Latin America.

The problem basically is the same that has rankled many a diplomat before and split the state department wide open on a number of occasions.

Crutley stated, the question is: "Should the United States forgive what it sees as the sins of its sister Republic for the sake of maintaining unity?"

As applied to Argentina and her president, Gen. Juan Domingo Peron, Braden doesn't think so. Messersmith, according to his friends, has his own views.

Secretary of State Byrnes is slated to referee the dispute next week when he returns from his South Carolina vacation. Byrnes recently called Messersmith home for consultations.

Briefly stated, the current argument springs from these developments:

The administration has repeatedly charged and sought to prove that Argentina collaborated with the Axis during the war and that Axis agents, firms and institutions flourished there.

Argentina subscribed to various inter-American resolutions containing pledges to wipe out all Nazi influences. The U. S. claims—and Argentina denies—that these promises have not been kept.

Last April Secretary Byrnes told Argentina the U. S. would include her in a proposed arms swapping arrangement and a mutual defense treaty provided she first got rid of Nazi influences.

Subsequently Ambassador Messersmith was sent to Buenos Aires to see whether Argentina came through with her end of the bargain. Shortly afterwards, reports began filtering back from Argentina to the effect that the ambassador had a different interpretation of Byrnes' April statement from that of Braden.

In letters to various friends in the U. S. Messersmith suggested that this country shouldn't be tougher on Argentina than on other Latin American countries when it comes to cleaning house of Nazis. He also insisted that unity of the hemisphere is paramount.

Braden has stood fast on his contention that Argentina should comply substantially because in most cases the Nazi agents within her borders are more dangerous than all the others in Latin America put together.

He has also made his belief clear that "whittling down" principles for the sake of unanimity is worthless.

It is this question of "what price hemisphere unity?" that has so often divided the state department. In 1944 Secretary of State Hull abandoned the hope of achieving a working hemispheric unity and denounced Argentina.

Only a year later, his successor, Edward R. Stettinius, Jr., revived the principle and gave Argentina another opportunity for the sake of unity. However, this opportunity expired shortly after Byrnes took office.

Byrnes has consistently backed Braden on his administration of Argentine policy. But with the current dispute raging around him, Byrnes evidently will have to step in again and either reaffirm the policy or change it once again.

OUR READERS SAY

Something To Be Proud Of

Editor,
Fulton Daily Leader
Dear Sir,

A few years back in the summer I came up Lake street and a man was making a speech in the ally next to A. G. Baldridge's. He was putting so much into his speech that I stopped and listened until he had finished. I asked who this man was, and what he was running for.

A few days later I had the privilege of meeting this man. We talked over these plans, and later I met his mother, one of the sweetest and finest ladies I ever met. She did not know many people in Fulton, so night after night in my home and over the phone we set up our house to house campaign. She did a swell job.

I know this man was proud of his mother, after guiding him through his boyhood and then to go out among strange people campaigning for him.

Then let's look at it from another angle. She had a son to be proud of. This man went to Frankfort and made quite a name for himself and acquired many, many friends all

over the state. He was campaign manager for a man I think would have made the people of Kentucky a great governor—Ben Kilgore. Later he was elected speaker of the house, an honor that was never held by a representative from Fulton and Hickman counties. He has always had the people of Kentucky at heart in everything that he has done at Frankfort, not just some of the people, but all of us.

The First District has something to be proud of. We have Senator Allen Barkley, a man who is known in every state in the Union. Now the people of Kentucky are going to cast their lot with another of our native sons for Governor of Kentucky, Harry Lee Waterfield. Good luck, Harry.

Billy Blackstone.

SIMMONS HERE FOR BRIEF VISIT

Dr. and Mrs. W. E. Simmons of Adairville and Harwood Simmons of Syracuse, N. Y., are arriving today to be weekend guests of Mr. and Mrs. C. W. Whitnel on Jefferson street. They lived in Fulton for many years, and have many friends who welcome them.

FULTON BOYS ARE TOGETHER AGAIN

Mrs. W. R. Reid of 406 Park avenue gave a lovely supper last evening for her son, Pvt. Bill Reid. Those attending were Pvt. Johnny Campbell, Pvt. Jack Cooper, Jimmy Carter, S. Reid. It is the first time the boys have been together since they enlisted.

Pvt. Campbell, Pvt. Cooper and Pvt. Reid went into the army together last March. They went through basic training together at Sheppard Field, Texas, then they were separated. Pvt. Campbell and Pvt. Reid were sent to Denver, Colo., and Pvt. Cooper went to Charlotte Field, Ill.

Not long after this the boys were separated once more. Now they are at home on a short furlough and together once again. Jimmy Carter joined the navy in the early summer and this is the first time he has seen these boys together since March.

Mr. Joe Chisum is in the I. C. Hospital in Paducah. The last report said he was improving.

Guests of Mr. and Mrs. Elbert Moore Christmas day were Mr. and Mrs. Fred Carden, Fulton, Mr. and Mrs. Billie King, Detroit, Mr. and Mrs. Alvin Brent and Mrs. Florence Brent.

Children and grandchildren of Mrs. Minnie Todd of West End met at her home Christmas day for dinner. Those attending were Mr. and Mrs. Lawrence Pirtle and children, Elganda, Jimmie, and Billie of Milburn; Ivan Todd of Akron, Ill., and Mr. and Mrs. George Hiett.

Mrs. Todd was quite ill that day but is some better now. Mr. and Mrs. Bill Bone, mother, Mrs. Ruby Bone, and Ann Bone were in Cairo Thursday. They were accompanied there by Mrs. Ruby Bone's father, G. D. Holder, who spent Christmas here.

FULGHAM NEWS

Dodie Jones

Here we come today with a "Bear Story" and a big black one too, taken from a Detroit clipping.

The her-one (mind you, not a man) Lorraine Watts Hicks, is a former Fulgham resident who now owns and operates a Beauty Salon in Detroit. But we will let you read it, as we read it.

"Beautiful, Black, Big Black Bear" If you were traveling on Hamilton Ave. in Highland Park, this past week and saw a crowd gathered in front of the Lorraine Beauty Salon and stopped to see what the attraction was, you'd find hanging by its hind legs, a very large black bear which was killed by Miss Lorraine Hicks, the proprietor of the Salon, while she was deer hunting. She definitely gave him a "permanent see" with one bullet right between the eyes."

Abandoned Baby May Have Home With Taxi Driver

Cincinnati, Dec. 28.—(AP)—Taxi Driver Edwin Nichols wants to adopt baby Gail Elizabeth left him by a passenger who admitted she didn't have \$1.25 to pay her fare.

The 43-year-old taxi driver, who says a young woman passenger gave him the baby five weeks ago after admitting she was homeless, has a wife and two teen-age daughters. He has asked the Hamilton County Child Welfare Board for permission to adopt the baby. Mrs. Luecia Eastman, a board spokesman, said a decision could not be made until completion of investigation and a police search for Gail Elizabeth's mother.

The board, meanwhile, has permitted the baby, who is about a year old, to live at the Nichols home.

Mother Just Fine After 20th Child

Covington, Ky., Dec. 28.—(AP)—Mrs. Andrew Baldridge and her 20th child were reported "just fine" following the boy's birth yesterday.

The 43-year-old wife of a Fleming county farmer gave birth to her ninth boy at South Memorial Hospital. The newest member of the Baldridge family weighed seven pounds and 14 ounces. All but one of the children are living, with the oldest 26 years old.

Livestock Market

Wall Street

New York, Dec. 28.—(AP)—Scattered stocks extended Friday's late recovery by fractions today although many leaders declined to slip.

Minor advances ruled at the opening in fairly active dealings. Losers then dropped up and the pace slowed. Trends were somewhat spotty near the final hour.

Tax adjustments, while light, still provided a restraining influence.

Supported were U. S. Steel, Bethlehem, Woolworth, Consolidated Edison, American Telephone, Air Reduction, Union Carbide, Goodyear and Baltimore & Ohio. Stumblers included U. S. Rubber, Southern Pacific, N.Y. Central, Sears Roebuck, Montgomery Ward, Douglas Aircraft, North American, General Electric, Standard Oil (N.Y.) and Texas Co.

Bonds and cotton futures were uneven.

Truck-Bus Wreck Kills 5 Passengers

Glasgow, Mo., Dec. 28.—(AP)—Five of 17 passengers on a Santa Fe Trailways bus were killed and eight were injured when the swaying rear end of a truck trailer crashed into the side of the bus on a small bridge near here yesterday.

The impact ripped a hole six feet long and four feet high in the side of the bus.

New Seal Source Found By Japs

Tokyo.—(AP)—The newspaper Mainichi says Japan has discovered seal hunting grounds off Hokkaido, her northern home island, "superior to the Karafuto coast" of Sakhalin which Russia took over.

Three ships of a Japanese hunting company returned with 1,000 pelts, encouraging the dispossessed Karafuto seal hunters to prepare for large scale hunting off the north coast next spring. From 40,000 to 50,000 seals used to be caught off Karafuto yearly.

New York, Dec. 28—(AP)—Word from the south and southwest is that Georgia Tech's Bobby Dodd is either (1) already signed for Baylor, with an announcement to come after the Oil Bowl game, or (2) is using the offer to hoist his salary to the level enjoyed by other Southeastern coaches. You take your choice. . . . Marquette's Bill Chandler and Michigan's Ozzie Cowles, whose basketball teams clash New Year's Eve, both jumped into the big time from River Falls, Wis. Wickliffe, Clinton, Lone Oak, Tilghman Are Winners in First Round

Paducah, Ky. — Wickliffe, Clinton, Lone Oak and Tilghman survived the first round of the third annual Paducah Junior Chamber of Commerce Invitational tournament which got under way at the Tilghman gymnasium here yesterday afternoon.

Wickliffe opened the meet with a 22-29 victory over St. Mary's, and Clinton bested Benton 30-21 in the afternoon games.

Lone Oak pulled a mild upset by trouncing Sharpe's Green Devils 42-36, and Tilghman ran over Dawson Springs 62-24 in the night tilt.

A near-capacity crowd saw the afternoon contests, and a turn-away crowd was out for the night session.

Today's schedule was: Consolation bracket—10 a.m., St. Mary's vs. Benton; 11:45 a.m., Sharpe vs. Dawson Springs. Consolation final at 7:45 p.m.

Championship bracket—2 p.m., Wickliffe vs. Clinton; 3 p.m., Lone Oak vs. Tilghman. Championship game at 9 p.m.

South Installed 7-Point Favorite In Blue-Gray Tilt

Montgomery, Ala., Dec. 28—(AP)—The south was installed as a seven-point favorite to beat the north in the ninth annual Blue-Gray football battle today. An aerial battle was indicated for the sellout crowd of 23,000.

Harry Gilmer of Alabama and Carmen Falcone of Pennsylvania spearheaded the passing artists of the two All-Star squads. Gilmer, and another losing ace, Red Cochran of Wake Forest, had a stellar target for the aerial attack. They counted upon the nation's No. 1 receiver, Neil Armstrong of Oklahoma A. & M., to do much of the catching.

State Schools Split Games

Eastern Beats Toronto 68-31; Morehead Loses To Arizona By One Point

Kentucky college basketball teams split a doubleheader in Louisville's Armory last night with out-of-state foes.

Arizona's defending border conference champions won a nip-and-tuck thriller from Morehead State Teachers College in the waning minutes of play, 64-63.

Eastern Kentucky Teachers College kept its unbeaten record intact by beating the University of Toronto handily, 68-31.

Tonight, the powerful University of Kentucky Wildcats, defending Southern Conference titlholders, go out after their 20th consecutive victory. They meet Wash. College of Indiana in Lexington.

A crowd of 4,000 fans saw the doubleheader in Louisville. It was Morehead's third consecutive loss in the Armory by a one-point margin.

Arizona led at the half, 33-30. Coach Eli's Johnson's Eagles jumped into a 36 to 33 lead in the first minute of the second half. The Westerners tied it at 45-45 with 10 minutes remaining only to have Morehead go ahead again.

With three minutes and 42 seconds remaining, Guard Marvin Berdick sank a crisp tip to Arizona ahead. Free throws won for the Westerners, who made 10 to 20 while Morehead made nine of 18. Each team tallied 27 points.

Link Richmond made 32 points for Coach Fred Enke's club. Guard Jack Pobst was high scorer for Morehead with 18.

Coach Paul McReaver's Eastern club had an easy time with Toronto, leading 37-20 at the half. Forward Becker led Eastern with 26 points as the Richmond club took its fifth consecutive victory.

Maxim-Walcott Winner May Meet Brown Bomber In Atlantic City—Taylor

Philadelphia, Dec. 28—(AP)—Heavyweight Champion Joe Louis may defend his title in Atlantic City "possibly in April," says Fight Promoter Herman Taylor.

Taylor told a reported he had a definite title commitment with Mike Jacobs, the New York fighter, before the latter's illness.

Taylor said he and Jacobs had agreed to stage the title match in partnership in Atlantic City's huge Convention Hall.

"If Mike were well, I could tell you the day," Taylor said, "but since Jacobs is still ill I can only hope that all plans can be carried out. If Jacobs goes to Florida, and regains his health, I think everything will be all right."

Probable opponent for the "Brown Bomber" would be the winner of the Joe Maxim-Jersey Joe Walcott 10-round bout at Philadelphia's convention hall Jan. 6, Taylor said. Maxim out-pointed Walcott in Camden, N. J., last summer.

Jack Kearns, manager of the Cleveland-bred Maxim, said the title plans "suit me."

"I know that Maxim can beat Walcott again," Kearns declared. "If you want us to whip anybody else, we'll fight Curtis Shippard and Elmer Ray, too."

"We were offered a Louis fight in Juarez recently, but I turned it down. Joe will be fighting all over Mexico. Another fight in Juarez wouldn't mean much. Not like it would in Atlantic City."

Bellburne, Dec. 28—(AP)—The windup of the Davis Cup challenge round, postponed by heavy rains until Monday, was saved from being pure anti-climax today by the decision of Australia's John Bromwich to return to play.

Bromwich withdrew yesterday after he and Adrian Quist surrendered to the United States the trophy Australia has held since 1939 in losing the decisive doubles match to the American team of Jack Kramer and Ted Schroeder.

Schroeder had started the rout the previous day by trouncing Bromwich at singles, and Kramer followed through with a three-set victory over Dinky Pails.

The remaining two singles matches, which will have no bearing on the final outcome, were scheduled for today, but postponement was forced by a heavy downpour.

Methodist Hour Speakers

Bishop W. W. Peele, Richmond, Va., will inaugurate the 1947 series of the Methodist Radio Hour Sunday morning, January 5, 1947, when he speaks over the 45 station independent network of the Southern Religious Radio Conference. This program is heard at 8:30 A.M. 7:30 C.S.T. Other speakers to be heard on Sunday mornings in January are Senator John W. Sparkman, Washington, D. C.; President Humphrey Lee, Southern Methodist University, Dallas, Tex., and Bishop W. C. Martin.

Bishop W. W. Peele of Richmond, Virginia opens the 1947 series of network broadcasting of the METHODIST HOUR Sunday morning, Jan. 5, when he speaks over the independent network of The Southern Religious Radio Conference on "An Informed Church."

This is the first of 13 regular Sunday morning half hour worship services broadcast over an independent network of 45 radio stations which will be under the sponsorship of the South Central Jurisdictional Council and the Southeastern Jurisdictional Council of The Methodist Church during the months of January, February and March. These programs originate in Atlanta, Georgia and are heard at 8:30 a. m. Eastern Standard Time and 7:30 Central Standard Time. This series of Methodist Hour broadcasts is a part of the work of the Southern Religious Radio Conference, an organization composed of radio committees from the Southern Baptist Convention, the Presbyterian Church in the U. S., the Protestant Episcopal Church and The Methodist Church. Each of these religious denominations broadcast over this same network for a period of three

months. The Presbyterian Hour has been on the air during the fall quarter, and The Methodist Hour will be followed by The Baptist Hour which will be heard during the months of April, May and June.

Other speakers to be heard during January are Senator John W. Sparkman, U. S. Senator Humphrey Lee of Southern Methodist University, and Bishop William C. Martin of Topeka, Kansas. Senator Sparkman speaks on "Our Responsibility for World Peace." Dr. Lee has chosen for his subject, "The Community of the Confident" and Bishop Martin will speak on "The Eternal God and a Changing World."

Music for these broadcasts is furnished by an excellent choir under the direction of John Hoffman, director of the choir at St. Mark Methodist Church and one of Atlanta's best known musicians.

Dr. William F. Quillian is Executive Secretary of the Southeastern Jurisdictional Council in Atlanta. Dr. Paul D. Womeldorf is Executive Secretary of the South Central Jurisdictional Council of The Methodist Church, which organizations are the sponsoring agencies for the Methodist Hour. Working with them in the arrangements for the 1947 series are two radio committees. Bishop Paul E. Martin, Little Rock, Ark., and Dr. E. H. Blackard, Charlotte, N. C., are chairman of the two committees. The Methodist Hour is directed by Rev. James W. Sells. These broadcasts can be heard 7:30 a. m. in this territory over station WHAS, Louisville, WSM, Nashville, WREC, Memphis.

Totem Pole Is Practical Joke

Oklahoma Man Is Hoping To Confuse Scientists Of Future Generations

AP Newsfeatures
 Foyil, Okla.,—A towering 70-foot concrete totem pole is rising slowly in the bush-covered countryside near this northeastern Oklahoma community and its lone builder chuckles every time he envisions excited archeologists poring over it hundreds of years from now, wondering what strange Indian tribe erected it.

N. E. Galloway, retired manual arts instructor, hatched the idea of kidding future scientists more than 10 years ago and started work on what he likes to regard as the biggest practical joke in America. It is now 80 feet high, with only 10 feet left to go.

The conventional totem poles of Pacific northwest Indians are all right so far as they go, but Galloway had grander ideas. He made his extraordinary structure 35 feet in diameter at its base and there are six rooms inside its gaudy surface. They are one atop the other, connect-

ed by ladders. Brilliant-hued painted figures, many copied from orthodox Indian poles, adorn the exterior and four enormous yellow grotesque enlargements of eagle's claws—project from the base.

When not preoccupied with kidding the wise men of generations to come, Galloway carved violins. He has 170 of them hanging in his workshop, all fashioned from varied woods he collected in 20 years from many parts of the world.

Few of his violins ever have been strung so that they could be played. The others, he tells visitors, "are for educational purposes and are not for sale."

Sixteen Hurt In Wreck Of Two Southern Trains

Raleigh, N. C., Dec. 28—(AP)—Sixteen persons were injured, none believed seriously, in a head-on collision of a Southern Railway passenger train and a freight today at Auburn, eight miles from here.

Railroad officials said neither train was running more than five or six miles an hour when they met.
