CROWDER WANTS 18 TO 45 DRAFT PROVISION NOW

Secretary Baker Denies That He Opposes Legislation Necessary to Extend Law's Limit.

MAY BE PASSED AT THIS SESSION

General Staff Officers Are Basing All Future Plans On Army of 5,000,000 Men.

Washington, June 19.—Withdrawal by Secretary Baker of his opposition gave a fresh impetus today to consideration of the proposal before Congress to extend the draft age limit to 45 years. The War Department will have available at no distant date ample man power to carry out President Wilson's program of an army of unlimited size for the war on Germany. Officials at the office of Provost Marshal General Crowder immediately began preparation of statistics showing the results that might be expected if the draft is extended to various ages between 18 and 45 years, the limits fixed in a bill by Senator France, of Maryland, Republican. It is expected this information will be presented soon to the Senate Military Committee.

Washington, D. C., June 19.—Congress may be asked at this session to extend the draft age so as to include men from 18 to 45.

Provost Marshal General Crowder who says the draft age must be extended up or down unless the deferred classes of present registrants are to be invaded to satisfy imminent demands for soldiers, is in favor of that legislation. He favors the amendment of the army appropriation bill so as to require the registration for military service of men from 18 to 45, not so registered now.

Some administrative officials, however, who have political considerations in

mind, are opposed to extending the draft age before the congressional session next November. They are urging postponement of action until the December session.

Baker Will Not Oppose Plan.
Secretary of War Baker said today he will interpose no objections to any legislation that may be introduced in Congress extending the draft age to take in men from 18 to 45 years of age. He indicated that this extension of draft ages is bound to come and that it was only a question of judgment whether the present age limits of 21 to 31 should be increased now or later. The war secretary's statement was interpreted as indicating that the department will throw its support to Gen. Crowder in his advocacy of raising the draft ages as a means of obtaining a reserve of class 1 men sufficient to fill an army of 5,000,000 men.

Army of 5,000,000 Needed.
General staff officers now are basing all future plans on an army of 5,000,000 men, which, on the basis of 40 per cent in the fighting ranks and 60 per cent in the noncombatant branches would give the army 3,000,000 fighting men in the expeditionary forces.

Secretary Baker explained his position today to correct a misrepresentation of a recent statement he made. The secretary said a week ago that he was not considering the change in draft ages and therefore could not be said to favor it. The erroneous conclusion was drawn from what he said that he opposed the draft increases.

Rest With President.

Gen. Crowder told the house committee last week that he and Secretary Baker were not in full agreement on the wisdom of increasing the draft ages. Gen. Crowder had misinterpreted Mr. Baker's position. At a conference today he learned that the secretary does not oppose his draft age increase proposal.

Military officials held to the view that it will be necessary for the war department to take the initiative in going before congress with a proposal for increasing the ages of the draft army. But President Wilson and Secretary Baker have made no move in this direction.

EXPRESS MONOPOLY MUST END AFTER WAR CLOSES.

Washington, June 19.—The express monopoly created under Government auspices must be dissolved after the war, according to a statement made today by the Interstate Commerce Commission. The commission is in favor of the removal of the express monopoly from the government and its transfer to private enterprise.

Some administrative officials, however, who have political considerations in

U. S. PLAYING A BIG PART IN THE WORLD CONFLICT

Not Just Coming Into the War, But is in It Now, Andrew Bonar Law Tells Parliament.

AUSTRIANS HAVE FAILED IN ITALY

Their Offensive Dictated By Germans, Declares English Chancellor in Speech.

London, June 19.—"After three days of attack the Austrian offensive has not secured the objectives hoped for on the first day," said Andrew Bonar Law in the House of Commons Tuesday. He added there was reason to believe that the initiative for the Austrian offensive had come from Berlin.

Mr. Bonar Law read extracts from the minutes of the last Supreme War Council, which was held at Versailles. They stated that, thanks to the prompt and cordial co-operation of America, it would be impossible for the enemy to gain a victory by wearing down the allied reserves before exhausting his own men.

The Chancellor said that American troops were pouring into France and had reached a figure which a few months ago would have been thought impossible. American military co-operation, he continued, would not be limited by the lack of transport.

The shipping figures which would show that world ship construction for the first time since German submarine warfare began is exceeding the destruction of ships by U-boats.

Discussing the Austrian offensive, Mr. Bonar Law said that the Italian high command has no fear of the result.

"The danger is not yet over," he said, "but the government can express its admiration and gratitude to the Italians for the share they have taken in the terrible struggle."

Mr. Bonar Law added that the results which had been attained justified the changes, which were made leading to unity of command of the allied forces. He said it was a part of the German scheme to use up the allied reserve forces before the arrival of the American troops.

"This has failed," he said, "America is not coming into the war, but is in the war."

MANY CHANGES TAKE PLACE AT FRANKFORT IN NEXT FEW DAYS

New Law Providing For Consolidations of Numerous Offices Will Be in Effect.

Frankfort, Ky., June 19.—Changes at the State Capitol incidental to the "Probe Commission Acts of 1918" will take place June 30, the close of the fiscal year.

These include consolidation of the Departments of Forestry and Geology and Prison Board and Board of Control, and abolishment of the State Insurance Rating. Both the creation of an Insurance Superintendent, instead of the two members of the board, who now serve with the Insurance Commissioner.

The Supervisor of Revenue Agents and the Automobile Department also come under the State Tax Commission.

A suit will be instituted by Insurance Commissioner C. F. Thomas, secretary of the Rating Board, to test the law. If the law is held valid, it is probable that Chairman N. O. Gray, of the Rating Board, will become superintendent.

Brent Greene, Supervisor of Revenue Agents, will continue in office under the Tax Commission until his term expires, and the office of the Automobile Department will continue in its present rooms, as there is no room in the Tax Commission's office to accommodate it.

The five Democratic members of the Board of Control and Prison Board, John C. Burton, of Lebanon; Forrest Butts, of Carrollton; Henry Hines, of Bowling Green; Herbert Carr, of Fulton; and P. Thomas Hatcher, of Pikeville, will constitute the new Board of Control.

SPECIAL JURY CALLED.

To Try Arson Case in the Graves Circuit Court.

Mayfield, Ky., June 19.—Circuit Court is in session this week and Judge Charles A. Hardin, of Harrodsburg, is acting as special judge in several important cases. In the case of V. E. Allen, charged with conspiring to commit arson, the case was called Tuesday and after Judge Hardin announced that the case would be tried with a special venire of 50 men, the case was set for Thursday morning when the jury will be selected. The venire are to be summoned from the western part of Carlisle county.

ENEMY WARSHIPS AND SUBMARINES ARE BOTTLED UP

Reports Shop Recent Operations of British Navy at Zeebrugge More Successful Than Expected.

PENED IN CRAFT CONSTANTLY BOMBED

Germans Working Day and Night to Clear Canal But Prevented By Airmen.

London, June 19.—Twenty-one German destroyers, a large number of submarines and numerous auxiliary craft are penned in the Bruges canal docks as the result of the recent British naval operations at Zeebrugge. The German submarines base on the Belgian coast, Thomas J. MacNamara, Financial Secretary of the Admiralty made an announcement in the House of Commons to this effect today. He said the operations were more successful than was at first supposed. He added that the German craft were now subject to constant bombing.

Amsterdam, June 19.—The entrance to the harbor of Zeebrugge is blocked, according to Lieut. George Coward and John Read, of the British Royal Air Force, who landed in the province of Zeeland Monday and are to be interned at The Hague. In an interview published in the Telegraph they say the Germans are working day and night to clear the passage, but each night British aviators demolish the Germans' progress.

The cement ships sunk in the harbor are still there and the Germans are afraid to blow them up for fear they will also destroy the sluices. The lieutenants assert that no submarines can enter or leave Zeebrugge. The blockade of Ostend is not so complete, but the Germans are having great trouble there. The motor of a seaplane carrying Coward and Read failed while they were bombing Zeebrugge.

RELIGIOUS BELIEF NO EXCUSE IN EVADING LAW

New York, June 19.—Religious belief is no excuse for violating the law, according to a statement made by Judge Howe at the trial of Joseph F. Rutherford, who succeeded "Pastor" Russell as head of the International Bible Students' Association, and his seven associates, charged with opposing the war policies of the Government by the circulation of alleged seditious literature.

Reading court opinion to the effect that religious belief did not offset the constitution, Judge Howe said that he would call this fact to the attention of the jury throughout the trial. In all but one case for the defense, he said that he was amazed the lawyer should hold the opinion that the religious belief of the defendants justified them "in evading the law."

HEAVY DAMAGES FROM RAILROAD

Bardonia, Ky., June 19.—Compromises were made out of court here Tuesday in several of the suits against the L. & N. Railroad company as a result of the accident at Shepherdsville in which a number of persons were killed or injured.

The compromises followed the decision by the court in the case of A. E. Smith, who was given a verdict of \$7,000 instead of the \$16,000 sought.

Today's compromises resulted in the agreement to pay \$22,000 for the death of Nat Muir and \$10,000 for the death of his son, George. The amount to be paid in the case of Mr. Muir is said to be the largest ever secured in a damage action in this county.

Miss Natalie Halstead who was seriously injured, was allowed \$12,000, and Judge Frank Daugherty who was also injured, was given \$15,000. Both Miss Halstead and Judge Daugherty were in a serious condition for a long time.

HIGH PRICE FOR TOBACCO

Hopkinsville, Ky., June 19.—Some of W. E. Casler's tobacco, grown on his farm near Era and sold on the loose floor, set new high record for the market, his best leaf selling for \$24 per hundred, or 50 cents above the high mark for the season. It was Mr. Casler's tobacco that recently boosted prices to \$23.50, and now he has gone himself one better. All his tobacco is fine and that sold yesterday was as follows: 1,080 pounds of leaf at \$24, 1,145 pounds of leaf at \$23, 280 pounds of lugs at \$15, 165 pounds of trash at \$13.

INFLUENZA IN BERLIN

Amsterdam, June 17.—A serious outbreak of influenza in Berlin is reported by the Berlin Anzeiger. The newspaper says the publication of the number of cases under treatment has been forbidden.

Thomas Lafayette McElrath is Held for General Military Service

Thomas Lafayette McElrath was certified to the local board by the district board Thursday morning of this week as being subject for general military service. He was immediately notified by the local board to appear Saturday afternoon preparatory to leaving for Camp Taylor Monday morning. The particulars of this case are known to the public and the decision of the district board in holding McElrath for general service will be universally approved.

41 SELECTS WILL LEAVE MONDAY FOR CAMP TAYLOR

Dear boy of ours, just clasp our hands. Before you sail away, Your mother here and I are really proud of you today. We've seen you, yes, in every suit or coat you ever wore. You look better, lad, in khaki than you ever looked before. Remember all the teachings we have instilled into your mind: Play fair, be on the level, in spirit it will be nigh—Come, kiss us both, God bless you and spare you son! Good-by!

Dear wife of mine, our boy has sailed, and we have said good-by. And I can hardly blame you if a tear stands in your eye. Mind, I will not chide you! I will not add to your pain! I will pray, and you will, too, that he comes back again. But if the worst comes unto him and he is doomed to die, And make the supreme sacrifice, remember! you and I Will find our consolation when he sleeps beneath the sod. In the thought that he died fighting for his country and his God.

Herman Darnall. Lien Bourland.

The above forty-one young men of Calloway county have been notified to appear here Saturday afternoon preparatory to leaving next Monday morning at 7:20 o'clock for Camp Taylor to enter training for service in the army. The list includes the names of well known young citizens, and a large crowd should be here Monday to say good-by to the boys. The list is not as large as has been sent away in the past but still this should not deter the folks in coming. Hundreds of more Calloway boys will be called within the next few months to go and every stay-at-home owes each boy who leaves a word of farewell.

A jolly bunch of negroes, nine in number, were called before the board Wednesday afternoon at 1 o'clock. They entertained the crowd that gathered in the court yard with songs for some time before roll call. They left Thursday morning at 7:20 o'clock for Camp Taylor. Bob Johnson was placed in charge of the squad composed of the following men: Vernon Gilbert, Hurley Payne, Posey Haynes, Hurl Jones, Herman Scruggs, Garfield Greer, Herbert Blanton, Low Gammons and Bob Johnson. Anderson Kendall was called but did not appear.

Week of June 24-29 is War Savings Stamp Week.—Buy Until it Hurts.

Commencing next Monday a week has been set apart under proclamation by the president as War Savings Stamp week. Calloway must buy approximately \$375,000 worth of these "Kaiser chasers." They are the best small investment in the world, and encourage thrift and saving. The county has been organized for the drive by the election of G. L. Pool, chairman; John Ryan, secretary; H. O. Diuguid, Ben Grogan and I. W. Keys, central committee. Precinct chairmen have been appointed as follows: Southeast Murray, Plenty Farrie; Southwest Murray, H. Clint Brouch; Northwest Murray, C. W. Drinkard; Northeast Murray, J. E. Robertson; Hazel, T. Rafe Jones; Almo, J. M. Imes; Dexter, Eugene Tarry; North Brinkley, Tom Hendricks; South Brinkley, Matt Potts; Jackson, Chas. Clark; Fair, L. Y. Woodruff; North Swann, Fred James; South Swann, Lee Clark; North Concord, H. M. Blabek; South Concord, Joe Thurman; North Liberty, Joe Clark; South Liberty, Bodine Henslee.

A mass meeting was held in Murray Monday night and \$25,000 worth of these stamps were sold. Reports from every section of the county are to the effect that folks are buying these stamps. Calloway citizens must not think that because they purchased Liberty bonds and donated to the Red Cross that the war is won. It will take millions, yes billions, of more dollars to win. American citizens must stand behind American soldiers with American dollars. Calloway now has more than five hundred soldiers in the field, and five thousand, ten thousand, all the thousands of Calloway folks at home must get up behind these boys and hundreds of others who will go to the front soon and stay right behind them until victory is brought to American and allied arms. Buy a War Savings Stamp every day next week, every day the week following, every day you have the money with which to buy one. Tick is stamp and help lick the Hun.

A MERCILESS JUDGE

One Who Shows No Favor

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Murray resident has withstood this sternest of all tests:

W. R. Broach, ex county assessor, Fourth and Poplar Sts., Murray, says: "I have used Doan's Kidney Pills once in a while and have always found the same good results. I have sometimes suffered from attacks of kidney trouble. This medicine has never failed to relieve me." (Statement given January 20, 1912.)

On November 3rd, 1916, Mr. Broach said: "My opinion of Doan's Kidney Pills is still as good as ever. I have not used this remedy for some time as I have had no return of kidney trouble."

SUBMARINE BASE ON VENEZUELAN COAST. NEWSPAPER MAN SAYS

An Atlantic Port, June 17.—Confirmation of press dispatches that the government of Venezuela, at the instigation of German interests, is suppressing pro-ally papers and throwing their editors into jail was received here today when Dr. Carlos Lopez Buslamanti, editor of El Fonografo, formerly published in Caracas, arrived on a steamship from South American ports. "German money is being spent freely in Venezuela," declared Dr. Buslamanti. "The government is pro-German and does not attempt to conceal the fact. The people, however, are for the allies, and resent the stand the government has taken. I have documents with me which I will present to the United States government at Washington which will show many German intrigues against this country. I will not deny that there are German U-boat bases in Venezuelan waters."

Dr. Buslamanti asserted that after he had refused to sell his paper, which was later suppressed, he had been threatened if he continued to uphold the allies' cause and had finally been arrested by Venezuelan soldiers and thrown into prison. He had been chained hand and foot, he said, and one day his cellmate, receiving food intended for him, died of poisoning. Making his escape after eight months in prison, he was smuggled by friends on board the steamship on which he arrived here.

A MERCILESS JUDGE

One Who Shows No Favor. A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Murray resident has withstood this sternest of all tests:

W. R. Broach, ex county assessor, Fourth and Poplar Sts., Murray, says: "I have used Doan's Kidney Pills once in a while and have always found the same good results. I have sometimes suffered from attacks of kidney trouble. This medicine has never failed to relieve me." (Statement given January 20, 1912.)

On November 3rd, 1916, Mr. Broach said: "My opinion of Doan's Kidney Pills is still as good as ever. I have not used this remedy for some time as I have had no return of kidney trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mr. Broach had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Public Religious Discussion.

Beginning on July 2nd there will be a religious discussion between J. R. Scott, Primitive Baptist, and T. B. Thompson, Christian, at Friendship church, 12 miles east of Murray. This debate will continue four days and four propositions touching the differences between the two gentlemen will be discussed. Friendship and adjoining communities will furnish all the entertainment necessary for all of whatever religious belief, may attend.

Church of Christ

Besides the regular worship of the church next Lord's day there will be preaching at 8:30 p. m. as usual. The sermon theme will be, "Divine Partiality Refuted." This sermon will be illustrated by a large chart arranged especially for that purpose. "Splendid audiences are hearing our special evening discourses. Come and spend an hour with us and we will do thee good." — T. B. Thompson.

We have a good supply of hair tonics, shampoo, shaving soap and face cream that we will sell at a low price. Buy War Savings Stamps here. — Adams & Walker, Barbers.

SUBMARINE BASE ON VENEZUELAN COAST. NEWSPAPER MAN SAYS

An Atlantic Port, June 17. — Confirmation of press dispatches that the government of Venezuela, at the instigation of German interests, is suppressing profligate papers and throwing their editors into jail was received here today when Dr. Carlos Lopez Buslamanti, editor of El Pionero, formerly published in Caracas, arrived on a steamship from South American ports.

"German money is being spent freely in Venezuela," declared Dr. Buslamanti. "The government is pro-German and does not attempt to conceal the fact. The people, however, are for the allies and resent the stand the government has taken."

"I have documents with me which I will present to the United States government at Washington which will show many German intrigues against this country. I will not deny that there are German U-boat bases in Venezuelan waters."

Dr. Buslamanti asserted that after he had refused to sell his paper, which was later suppressed, he had been threatened if he continued to uphold the allies cause and had finally been arrested by Venezuelan soldiers and thrown into prison. He had been chained hand and foot, he said, and one day his cellmate, receiving food intended for him, died of poisoning.

"Making his escape after eight months in prison, he was smuggled by friends on board the steamship on which he arrived here."

Enroute to the Trenches

Somewhere in France, May 28 O. J. Jennings, Murray, Ky.

Dear Sir: Enclosed find one dollar for which please send me the Ledger. Am always glad to hear from old Calloway, so would be glad to have the Ledger to read.

I am now doing service in France and am getting along fine and dandy and think we will get the old Kaiser pretty soon. The American boys are doing their part bravely and cheerfully, and when they get to the trenches you can hardly keep them back; they are anxious to go over the top. There are three other Calloway boys in this regiment besides myself, Macon Erwin and Henry Cunningham, of Hazel, and Aubrey James, of Kirksey. We are all enjoying good health and getting along the finest kind. We are comfortably quartered, get plenty of work and exercise, and plenty to eat, so you see we are having a good time in general. Everything seems to be favorable for America and her allies. Will close and hope to receive the next copy of the Ledger. Yours truly, CLAUDE ANDERSON, Co. C, 6th U. S. Inf.

Bert Paschall, who has been here for the past few days visiting relatives and friends, returned to his station at Camp Sevier, Greenville, S. C., Wednesday.—Hazel News.

Word comes to Paris that Battery D of the 114th F. A. arrived safely in France last Saturday. Battery D left September, 1917, for Camp Sevier, where the boys remained until leaving for France. None of the commissioned officers who left with Battery D are with the regiment now. Capt. Leon Caraway, of Big Sandy, is now at home, having been discharged on account of physical disability. First Lieut. Emmil Caldwell, of Paris, is now in the aviation corps; First Lieut. Jim Moses, of Big Sandy, is at home; Second Lieut. Dugger Rainey, of Cottage Grove, is in the aviation corps; E. Baxter Swinney, son of the late Judge Swinney, has received a commission in Co. E.—Paris Post.

Calloway county has three boys serving with Battery D: Earl Adams, C. C. Broach and Mr. Pullen. Guilford Jones, a former Murray boy, is also with the same organization.

Aubrey E. Wilson, who recently enlisted for service in the navy, leaves next Monday for the Great Lakes Naval Training Station.

Camp Shelby, Miss. O. J. Jennings, Murray, Ky.

Dear Mr. Jennings: I am writing to express the appreciation of us boys in camp for your kind remembrance of us by sending the Ledger. I have just received a copy and it seems almost like a letter from home.

I don't guess you are personally acquainted with me but I would know you anywhere I might see you. I am a son of V. D. Rowlett who now lives near Pottersville, and lived near Murray when I enlisted. I left Murray with old Co. L and don't regret getting into the service so early. I only regret that I did not enlist when I was eighteen. I have been doing my bit for one year and one month and I intend to do my duty to the end. I have been a corporal about six months and I am doing my best to carry out the task that is assigned me. I would enjoy departing from this Mississippi sand for somewhere over there. Always remember the Kentucky boys have American blood in them strong and are ready any time to prove where they are from. It is pretty warm down here now. The perspiration flows pretty freely but

we are still tramping gladly for Uncle Sam. We are on rifle range A now, and believe me, we are learning the windage and elevation every day. I would like a vacation but as orders from the commanding officer will not permit I will remain contented until my lucky time.

If any of the people doubt the victory in the future tell them to visit the boys of Kentucky in Camp Shelby.

Wishing you great success in all your efforts, I won't hinder you any longer.

From a true-hearted Kentucky boy. CORP. C. ROWLETT, Co. F, 113th Am. Train, H. S.

Cameron Pool, son of Ben Pool southwest of town, arrived in the county the first of last week to spend a short furlough with home folks. He was here only about three days when called by wire to return to his command. Every indication at Camp Shelby points to the fact that the boys are preparing for an early departure for somewhere.

Sergt. Otto Wm. Swann, son of J. B. Swann west of town, has notified home folks of his safe arrival in France.

Gary Jones, son of El Jones and wife east of town, has entered the service of the nation and has been sent to the naval training station at Norfolk, Va. Gary enlisted at Nashville, Tenn. He is only 19 years of age but did not want it said of him after this struggle is over that he was either a slacker or yellow. This county has a large number of 18, 19 and 20 year old young men that should be in the service. The fact that you are not of draft age does not relieve the responsibility, young man. You are either yellow or a slacker if you fail to do your part. Get in the game.

H. E. Broach, Hq. Co., 335th Inf., Camp Sherman, Ohio, spent a few days of the past week in the city the guest of home folks. Herbert is in splendid health and is delighted with the service.

Ray Parker, who attended the Hazel Academy for three years and is well remembered by many of the citizens of the Hazel community and who volunteered for service in the army about a year ago, was killed in action in France the past week.

Dr. C. G. Gingles is in receipt of a letter from A. A. Bedwell, from somewhere in France, in which the writer states that he has been in the service for some time and has been in France since last July. Bedwell is a son of the late Mc Bedwell and has many friends in this county. He is with Co. E, 11th Eng. Ry., and would be glad to hear from relatives. Write the old boy a letter and tell him how proud you are of him, that you are glad to know that he is where he can help make this old world a decent abode for decent folks.

The Ledger is in receipt of a letter from Romie Oliver, Camp Taylor, in which he expresses himself as being pleased with army life and states that Uncle Sam takes good care of his soldiers. He tells us that many of the Calloway boys who left here in the last increment have been transferred to other camps. The following have gone to Camp Beauregard, La.: Victor Taylor, Alston Alexander, Medley Wilson, Darwin White, Ewing Hart, Fush Givens, Bernard Rowland, Hudie Neal, Clifton Key, Cephus Jackson, Virgil White, Walter Wilson, Cletus Farmer, Herbert Haynes Grover McAnally, Claude Falwell, Geo. Williams, Johnson Scarbrough, Carnie Dunn, Charlie Grogan.

Final Notice.

Last fall I had a notice published in the papers stating that all patients indebted to me must either come in and settle or make satisfactory arrangements to carry the account with J. R. Kennedy.

Some few failed to do this and I hope this was an oversight on their part rather than wilful negligence. For this reason only we are again notifying you concerning this and unless we hear from you before the first of July we shall be forced to believe that you do not intend to pay your just debts and will place your account in the hands of an attorney to collect as he may see fit.

It is not our design to work a hardship on anyone but we feel that you, if you let this run on, are very ungrateful and are forcing us to cause you the humiliation of a public suit.

Declares Report is Untrue

It is rumored over Calloway and Graves counties that I have been arrested and put in jail as a German spy. This report is an infamous lie, and the person who started this rumor is not only a liar but was never known to tell the truth only by mistake.

I am strictly for my country and my flag first, last and all the time, and then some. I was born in Schoharie county, N. Y., and my father was born in Albany county, N. Y., which joins Schoharie county. We are strictly Holland Dutch, and we have always been antagonistic to Germans, and I guess they hate us as much as we do them.

The reason I write this is because a goodly number of people know me by reputation only, and I do not care to be placed in a false light by any lying slack-

er. I only hope the kaiser will live to see Prussian militarism snowed under so deep that it will be beyond resurrection and sooner the better.—Ira L. Zeh.

GERMANS' CLUMSY

LIES ARE EXPOSED

Washington, June 19.—A dispatch to the State Department Tuesday says that the Berliner Tageblatt in its issue of June 10, quoted a German general as saying that the American military activities were very embarrassing to German military strategy and military writers, as it did not coincide with the German program for influencing opinion at home.

HEAVY EXPENSES

OF THE BRITISH

London, June 19.—Great Britain's daily average expenditure during the current financial quarter was £6,848,000, said Andrew Bonar Law, Chancellor of the Exchequer, in introducing a vote of credit for £500,000,000 in the House of Commons Tuesday.

FAMILY OF 6 KILLED WHEN TRAIN STRUCK AUTO NEAR DANVILLE

Danville, Ky., June 17.—Six persons, 4 of them children, were killed and one child probably fatally injured to night, a L. N. O. & T. P. passenger train hit an automobile in which they were riding, at a crossing near Mclelland, Lincoln county. Those killed were George Hunn and wife and four children. The child injured was Couper White, nephew of Mrs. Hunn.

SUNDRY CIVIL BILL

PASSED BY HOUSE

Washington, June 17.—The sundry civil bill varying \$1,761,000,000 for the President's war emergency fund, and \$1,250,000 for the committee on public information passed the House late today without a record vote. It now goes to the Senate.

The German word for war tank is "Sturmpanzerkraftwagen."

CALLOWAY MAN AND WOMAN IN LAW'S CLUTCHES

Mayfield Ky., June 15.—John McDaniel, whose home is in Calloway county, but who has been selling enlarged pictures in this city for several days, was arrested Wednesday afternoon and lodged in jail on a charge of criminally assaulting Mrs. Clara Garner, a widow, who lives on West Walnut street, east of the old Sam Crossland place.

Mrs. Garner, in swearing out the warrant, stated that McDaniel came to her home last Thursday and took the contract to enlarge her dead husband's picture. He went away and returned to the house about 5:30 in the afternoon. At the time she was in the kitchen fastening the doors to leave the home for the night. She says he seized and overpowered her there, despite her struggles.

McDaniel is married and since coming to Mayfield they have been stopping at Henry Brown's on Fourth street, opposite the woolen mills. When arrested at first he declared that he did not know the woman, according to the arresting officers, but later said that Mrs. Garner had been trying to get him to elope with her to Missouri. Mrs. Garner says she does not know McDaniel and never saw him until he came to her home. She has four children. McDaniel is about 30 years of age.

Enroute to the Trenches

Somewhere in France, May 28. O. J. Jennings, Murray, Ky.

Dear Sir: Enclosed find one dollar for which please send me the Ledger. Am always glad to hear from old Calloway, so would be glad to have the Ledger to read.

I am now doing service in France and am getting along fine and dandy and think we will get the old Kaiser pretty soon. The American boys are doing their part bravely and cheerfully, and when they get to the trenches you can hardly keep them back; they are anxious to go over the top. There are three other Calloway boys in this regiment besides myself, Macon Erwin and Henry Cunningham, of Hazel, and Aubrey James, of Kirksey. We are all enjoying good health and getting along the finest kind. We are comfortably quartered, get plenty of work and exercise, and plenty to eat, so you see we are having a good time in general. Everything seems to be favorable for America and her allies. Will close and hope to receive the next copy of the Ledger. Yours truly, CLAUDE ANDERSON, Co. C, 6th U. S. Inf.

Bert Paschall, who has been here for the past few days visiting relatives and friends, returned to his station at Camp Sevier, Greenville, S. C., Wednesday. —Hazel News.

Word comes to Paris that Battery D of the 114th F. A. arrived safely in France last Saturday. Battery D left September, 1917, for Camp Sevier, where the boys remained until leaving for France. None of the commissioned officers who left with Battery D are with the regiment now. Capt. Leon Caraway, of Big Sandy, is now at home, having been discharged on account of physical disability. First Lieut. Emmil Caldwell, of Paris, is now in the aviation corps; First Lieut. Jim Moses, of Big Sandy, is at home; Second Lieut. Dugger Rainey, of Cottage Grove is in the aviation corps; E. Baxter Swinney, son of the late Judge Swinney, has received a commission in Co. E. —Paris Parisian.

Calloway county has three boys serving with Battery D: Earl Adams, C. C. Broach and Mr. Pullen. Guilford Jones, a former Murray boy, is also with the same organization.

Aubrey E. Wilson, who recently enlisted for service in the navy, leaves next Monday for the Great Lakes Naval Training Station.

Camp Shelby, Miss. O. J. Jennings, Murray, Ky.

Dear Mr. Jennings: I am writing to express the appreciation of us boys in camp for your kind remembrance of us by sending the Ledger. I have just received a copy and it seems almost like a letter from home.

I don't guess you are personally acquainted with me but I would know you anywhere. I might see you. I am a son of V. D. Rowlett who now lives near Pottertown, and lived near Murray when I enlisted. I left Murray with old Co. L and don't regret getting into the service so early. I only regret that I did not enlist when I was eighteen. I have been doing my bit for one year and one month and I intend to do my duty to the end. I have been a corporal about six months and I am doing my best to carry out the task that is assigned me. I would enjoy departing from this Mississippi sand for somewhere over there. Always remember the Kentucky boys have American blood in them strong and are ready any time to prove where they are from. It is pretty warm down here now. The perspiration flows pretty freely but

we are still tramping gladly for Uncle Sam. We are on rifle range A now, and believe me, we are learning the windage and elevation every day. I would like a vacation but as orders from the commanding officer will not permit I will remain contented until my lucky time.

If any of the people doubt the victory in the future tell them to visit the boys of Kentucky in Camp Shelby.

Wishing you great success in all your efforts, I won't hinder you any longer.

From a true-hearted Kentucky boy. CORP. C. ROWLETT, Co. F, 113th Am. Train, H. S.

Cameron Pool, son of Ben Pool southwest of town, arrived in the county the first of last week to spend a short furlough with home folks. He was here only about three days when called by wire to return to his command. Every indication at Camp Shelby points to the fact that the boys are preparing for an early departure for somewhere.

Sergt. Otto Wm. Swann, son of J. B. Swann west of town, has notified home folks of his safe arrival in France.

Gary Jones, son of El Jones and wife east of town, has entered the service of the nation and has been sent to the naval training station at Norfolk, Va. Gary enlisted at Nashville, Tenn. He is only 19 years of age but did not want it said of him after this struggle is over that he was either a slacker or yellow. This county has a large number of 18, 19 and 20 year old young men that should be in the service. The fact that you are not of draft age does not relieve the responsibility, young man. You are either yellow or a slacker if you fail to do your part. Get in the game.

H. E. Broach, Hq. Co., 355th Inf., Camp Sherman, Ohio, spent a few days of the past week in the city the guest of home folks. Herbert is in splendid health and is delighted with the service.

Ray Parker, who attended the Hazel Academy for three years and is well remembered by many of the citizens of the Hazel community and who volunteered for service in the army about a year ago, was killed in action in France the past week.

Dr. C. G. Gingles is in receipt of a letter from A. A. Bedwell, from somewhere in France, in which the writer states that he has been in the service for some time and has been in France since last July. Bedwell is a son of the late Mc Bedwell and has many friends in this county. He is with Co. E, 11th Eng. Ry., and would be glad to hear from relatives. Write the old boy a letter and tell him how proud you are of him, that you are glad to know that he is where he can help make this old world a decent abode for decent folks.

The Ledger is in receipt of a letter from Romie Oliver, Camp Taylor, in which he expresses himself as being pleased with army life and states that Uncle Sam takes good care of his soldiers. He tells us that many of the Calloway boys who left here in the last increment have been transferred to other camps. The following "have" gone to Camp Beauregard, La.: Victor Taylor, Alston, Alexander, Medley Wilson, Darwin White, Ewing Hart, Fush Givens, Bernard Rowland, Hudie Neal, Clifton Key, Cephus Jackson, Virgil White, Walter Wilson, Cletus Farmer, Herbert Haynes, Grover McAnally, Claude Falwell, Geo. Williams, Johnson Scarbrough, Carlie Dunn, Charlie Grogan.

Final Notice.

Last fall I had a notice published in the papers stating that all patients indebted to me must either come in and settle or make satisfactory arrangements to carry the account with J. R. Kennedy.

Some few failed to do this and I hope this was an oversight on their part rather than wilful negligence. For this reason only we are again notifying you concerning this and unless we hear from you before the first of July we shall be forced to believe that you do not intend to pay your just debts and will place your account in the hands of an attorney to collect as he may see fit.

It is not our design to work a hardship on anyone but we feel that you, if you let this run on, are very ungrateful and are forcing us to cause you the humiliation of a public suit.

Declares Report is Untrue

It is rumored over Calloway and Graves counties that I have been arrested and put in jail as a German spy. This report is an infamous lie, and the person who started this rumor is not only a liar but was never known to tell the truth only by mistake.

I am strictly for my country and my flag first, last and all the time, and then some. I was born in Schoharie county, N. Y., and my father was born in Albany county, N. Y., which joins Schoharie county. We are strictly Holland dutch, and we have always been antagonistic to Germans, and I guess they hate us as much as we do them.

The reason I write this is because a goodly number of people know me by reputation only, and I do not care to be placed in a false light by any lying slack-

er. I only hope the kaiser will live to see Prussian militarism snowed under so deep that it will be beyond resurrection and sooner the better.—Ira L. Zeh.

Mrs. Garner, in swearing out the warrant, stated that McDaniel came to her home last Thursday and took the contract to enlarge her dead husband's picture.
