First Postwar Holiday Here  

For Many Vets  

Ex Service Men Widely Scattered At End Of 1945  

DO YOU REMEMBER?  

Now that the war is over and most of the Fulton servicemen have returned to their homes where they are soon to marry or enter upon a new phase of their livelihood, the memories of the past few years will gradually fade from mind and the scene of the past will disappear before the eyes of all. It is hard to believe that it has been so little more than a year since Fulton and the other people of the county were plunged into a war which was to change the face of the world and the habits of man.

The war brought its share of sadness and sorrow as well as joy and happiness to Fulton and the world, as it was the greatest tragedy in the history of man. The war brought its share of sadness and sorrow as well as joy and happiness to Fulton and the world.

be destroyed by fire, the only

way to save people from it would be

to build a boat.

No real meaning could be

the Israelites were

New Home of UN Is Rich in History of Young America

By Carlos Hedge

New York.—The IF of American history, which will meet here next week, has gained a new home with the transfer of the United Nations from the Alfred E. Smith Building to the United Nations Building. The move was made necessary by the rapid growth of the organization, which now numbers over 50 nations.

The new building is located on the site of the old United Nations Building, which was destroyed by fire a few years ago. The new building is a three-story structure, with a basement and attic, and is equipped with the latest facilities for the convenience of the delegates.
