VOL. 40. NO. 10.

MURRAY, KENTUCKY, THURSDAY, JULY 11 1918

\$1.00 PER YEAR

A DESERTER AND A SLACKER ARE IN GRIP OF LAW.

John Garland, who left Calloway last fall with the first number of select for Camp Taylor and who was later transferred to Camp Shelby, Miss., and who left that camp the latter part of last November and came to his home in this county on a furlough and refused to return to camp, was last week arrested near Morehouse, Mo., as a deserter. Clarence (Dolly) Robertson, who refused to answer the call when summoned for service and who has been reported a slacker, was arrested near Charleston, Mo., at the same time. The two men were brought here by Deputy Sheriff Orr and were carried to Camp Taylor by Sheriff Houston last Thursday night and turned over to the military authorities.

The penalty in each case is a heavy one, especially the charge of desertion against Garland. The extreme penalty is death, but in similar cases a penitentiary sentence of twenty-five years is being imposed.

Strikes Underground Cavern

Ed. Ledger: We are getting very dry here in the flat woods and in order to get some water Mr. Amos Adams employed Glen Linn to dig a well. At a depth of 38 feet he struck a cave that measured 16 feet in diameter and was three feet deep. Several men went down and inspected it which was a sight to all. Among the number was Don Nix who, when asked to inspect it said, "thank you, I am ready to get out of here right now."

Some of those who went down to see the cavern were Leonard Adams, Joe Robertson, Moncie Osborn, James Osborn, Cuthbert St. John. They are still digging at the well and are expecting to find the hole through which that dirt leaked out. — H. P. Osborn.

Divorced Couple Re-Married.

Miss Mae Jones and George Slaughter hid themselves to Paris, Tenn., the gretna green of Kentucky lovers, last Friday night, where some accommodating parson spoke the words that made them man and wife for the second time in life. They left on the south bound train Saturday morning from Paris to Nashville, Tenn., where they will reside in the future and where the groom has a position as book keeper.

"It was thought for a while by the wise ones that the bride would not re-marry the groom, but true love always finds a way, and so it did in this instance. This is our first experience in writing up a wedding twice for the same individuals and we are not as old as Mathewsia yet." Benton Tribune Democrat.

Calloway Ferry Road.

At the regular monthly meeting of the Road Commission of the county last Monday the road from Golden Pond by the way of Calloway ferry on Tennessee river was designated as the inter-county seat road between Cadiz and Murray. Some trouble had arisen along the Egner's ferry road as to the right of way and the people along the Calloway ferry road are preparing to supplement the public fund with a donation of several thousand dollars. — Cadiz Record.

Calloway Fair Dates, Oct. 2, 3, 4, 5.

The board of directors of the New Calloway County Fair Association at the regular meeting on July 5 unanimously voted to have a fair the first week in October—2, 3, 4 and 5. This will be a fair strictly for Calloway county. Catalogs will be out at an early date.

Selects Privileges to Volunteer Shorn.

Washington, July 9.—Instructions have been sent by Provost Marshal General Crowder to local draft boards ordering the cessation of the privilege hitherto granted selectives who would volunteer, of selecting the branches of service they desire. No action was taken to stop enlistment of class one men in the navy.

TRAINS ON N.C. & ST. L. CRASH HEAD ON—MANY DEAD

Nashville, Tenn., July 10.—At 1 a. m. this morning the total number of identified and unidentified dead from yesterday's head-on collision between two fast passenger trains on the Nashville, Chattanooga & St. Louis Railway at Hardin station, five miles west of Nashville, has reached 126. This total was arrived at after a canvass of all the hospitals and morgues in Nashville. Rescue parties are still recovering bodies from the wreckage and many of the seriously injured at the hospitals are dying hourly. The total number of dead will probably reach one hundred and fifty.

Nashville, Tenn., July 9.—Because somebody blundered at least 100 persons were instantly killed and many more injured shortly after 7 o'clock this morning when N. C. & St. L. fast passenger trains No. 1 from Nashville crashed head-on together just around the sharp, steep grade curve at Dutchman Bend, about five miles from this city near the Harding road. Both engines reared and fell on either side of the track, unrecognizable masses of twisted iron and steel, while the impact of the blow drove the express car of the northbound train through the flimsy wooden coaches loaded with human freight, telescoping the smoking car in front and piling high all the cars behind it, packed to the aisles with negroes en route to the powder plant and some 150 other regular passengers.

Just where lies the blame it is impossible now to say. Officials of the road are silent, but one of three things is reasonably sure—that the engineer of No. 4 was given wrong instructions, ran by his signal or overlooked the schedule on which he was supposed to run. That he knew the Memphis train to be a little late leads to the conclusion that he was attempting to reach the siding at Harding station, a short distance beyond the scene of the wreck before the inbound train arrived at that point.

The scene immediately following the collision is indescribable. Those escaping unhurt or with lesser injuries, fled from the scene in a veritable panic. The corn fields on both sides of the track were tramped by many feet and littered with fragments of iron and wood hurled from the demolished cars. The dead lay here and there, sprawling where they fell. The dying moaned appeals for aid, or speechless rolled their heads from side to side writhed in agony. Everywhere there was blood and suffering and chaos. From the wreckage beneath which many still lived, shrieks and muffled cries arose and here and there helpless yet visible victims prayed for speedy delivery or death.

As soon as possible every available doctor and nurse was rushed to the scene and a steady stream of ambulances and autos turned over by their owners began the task of transporting to hospitals and undertaking establishments the dying and the dead.

From beneath the express car some 30 men were removed, only the last of their number being alive. His name could not be ascertained but in the band of his hat were stamped the initials, "F. L. B."

Wearing apparel of every description strewn the ground, among which were several wo-

men's slippers, but it is believed that they belong to the few negro women passengers who either fled the scene or are numbered among the unidentified or undiscovered dead. Of the train crews five are dead, including both engineers and firemen.

Of the known dead at least 80 per cent are negroes. In the majority of cases the end came to them without warning. Only when the work of the wreckers is complete and the mass of ruins removed can the full toll of death be taken.

Latest reports from the wreck are to the effect that eight more bodies have been discovered in a portion of one of the coaches upon which the boiler of one of the engines had fallen. They were burned and mutilated beyond recognition. Six of them were men, the other two being a woman with a baby clasped in her arms.

Dr. E. B. House of this city, was the only Calloway citizen aboard the ill fated trains so far as is known at this time. He was in the smoking compartment of the first day coach just at the rear of the regular smoker and escaped with very slight injuries. However, the end of the coach next to where he was sitting was crushed in and he only escaped by a miracle. He says that the horrors following the collision beggar description. He remained at the scene of the wreck for several hours, reaching Murray returning from Nashville late Monday afternoon.

Dick Langston, formerly of this place now located in Paducah, was aboard the train en route home and escaped injury. The report was current Tuesday that Mrs. John Overby, daughter of John Holland north of the city, was killed but this proved to be an error.

Mr. Harry Gilbert, pianist of New York, and Mrs. Alma Hays, contralto, of Chicago, formerly of Paducah, gave a recital here Thursday night at the school building under the auspices of the Womans Club. A delightful program was rendered and was enjoyed by a large audience.

VOCATION TRAINING HOME FOR DELINQUENT GIRLS

Every church in the county is urged to take a special collection Sunday, July 14, for the building of a Vocations Training Home for delinquent girls. One of our military officials says, "This is one of the crying needs of the hour." Realizing the great need of such a home, President Wilson has donated \$250,000 of his "emergency fund" to be apportioned among the states of the South where there are cantonnments.

Kentucky has asked for \$30,000 of this amount and to secure it she must raise an equal amount herself. Louisville has already raised \$20,000, provided the other ten districts raise the remaining \$10,000. Calloway county's quota is \$83.50. We must not fail in this. There is a twofold purpose in building this school; one, which should appeal to everyone who has a father, brother or son in the army, is to insure health and efficiency of the boys in camp by detaining these girls who follow the camps. The other should appeal to every christian and patriotic citizen. To rehabilitate the character of these girls, teaching them agriculture, etc., and thus making them an asset to their country rather than a menace. Churches are urged to co-operate in this movement and the people to give and give generously.

This fund must be raised by July 30. Send your donation to Robert Branch, superintendent of schools.

THE EXEMPTION BOARD IS BUSY AGAIN THIS WEEK

The county exemption board is in session again this week classifying the 1918 registrants. The work of reclassifying the registrants of 1917 was not completed until the latter part of last week, and as a final result of the work an additional number of registrants were passed from Classes 3 and 4 to 1 and 2 as is shown following:

Passed to Class 1—Lake Ross, J. B. Phillips, S. E. Stubblefield. Passed to Class 2—S. A. Paschall, H. E. Shekel, R. B. Ferguson, H. R. Wischert, Vernie Elkins, Nat Gibbs, Jr., D. J. Merzell, J. W. James, Cheslie Guthrie, Galen C. Myers, S. J. Scott, O. R. Swift, I. L. Waldrop, Herman Stalls, W. E. Watson, Plenty C. Walker, R. W. Wilson, Click Wafford, Joe Snider, W. J. Thweatt, O. F. Cohoon, W. C. Falwell, B. A. Bradley.

A number of the men passed to Class 2 by the board last week and who were summoned to appear and show cause why they should not remain in that class, submitted additional proof and were taken out of Class 2 and returned to their original classification. Their names follow:

Sam Bolen, J. W. Buchanan, Asa Clark, Bun H. Crawford, R. H. Crouse, O. J. Clendenon, L. B. Coursey, A. B. Carlton, Era Beach, H. H. Evans, W. W. Clayton, H. E. Cohoon, Edgar Gant, W. L. Morris, John W. Miles, G. M. Marine, H. M. Miller, H. D. Lawrence, Harry L. Wilcox, J. B. Trevathan, J. A. Smith, Girath Owen.

APPEAL MADE TO WIPE OUT ILLITERACY HERE.

I am glad to be able to announce that sixty teachers have pledged their service toward stamping out Calloway's illiteracy, and we are sure the remaining force will pledge at their first opportunity.

I am also glad to say that every citizen with whom I have conferred volunteered to support the work in every possible way. Not only must teachers enlist to teach moonlight schools but we must have the co-operation of the pulpit, press, business and professional men and women, and even the assistance of the children, if we win Kentucky's war against illiteracy.

I feel that this is one of the most important drives in which the county has been engaged. Perhaps it would appeal to you if I should give you some figures concerning illiteracy. According to the 1910 census 208,085 persons in Kentucky could not read or write. Of this number 1,304 resided in Calloway county. On June 5, 1917, 30,000 Kentucky boys registered for military service by making their mark, and of this number 214 were Calloway boys. Ten thousand of these have been taught in the army, but greater is the shame on us that we did not teach them before. Let's do our very best to see that no more from Calloway go untaught. These boys are handicapped in various ways. They cannot read the orders posted daily for their guidance; they cannot read their bible, their manual of arms, their letters from home; they cannot fully understand the cause for which they are fighting; they cannot understand the signals or follow the signal corps in time of battle. These alone should be sufficient reasons for teaching the registered boys. Then, why teach the adult? Because he handicaps his loved ones since he cannot

co-operate with the food administration, the treasury department, war department nor department of agriculture.

Readers, believe in this move and give your hearty support and the victory is won. Let us consecrate our lives to our country, and in the language of Mrs. Stewart, "let's find pleasure in restoring light to the blind and open the exquisite windows of the soul."

LOIS WATERFIELD,

County Illiteracy Agent. Looking for Y. M. C. A. Workers.

To interview prospective Y. M. C. A. volunteers, C. A. Tevebaugh, state secretary, will arrive in Paducah Tuesday, July 16. He will be at the Palmer House all day, and will there receive visitors who contemplate entering "Y." work or who are in any way interested. Rev. H. W. Brooks, pastor of the Murray Methodist church, will be glad to give such information as might be desired regarding this work.

NEGRO KILLS WIFE WITH HOE.—BOY KILLS GUEST.

Mayfield, Ky., July 9.—Officers of Weakley county, Tenn., were in the city Friday in search of Curtis Nowlin, a negro 20 years old, who killed his wife Thursday afternoon with a hoe. The negro and his wife were at work in a field near Palmersville when during a quarrel then negro hit his wife on the head with a hoe, killing her almost instantly.

He left the scene immediately and has not been heard from since, except that it was thought he had come in the direction of this city.

Paris, Tenn., July 5.—While pranking with a five dollar single barrel gun Thursday morning James Dinwiddie, colored, shot and instantly killed a colored boy by the name of Ford of Paducah.

It seems that the Ford boy was here to spend the 4th of July with relatives and he and the Dinwiddie boy were in a room to themselves at the Dinwiddie home, when the gun was accidentally discharged, the load striking the boy in the neck killing him instantly. The boys were both mere children, being from 8 to 12 years of age.

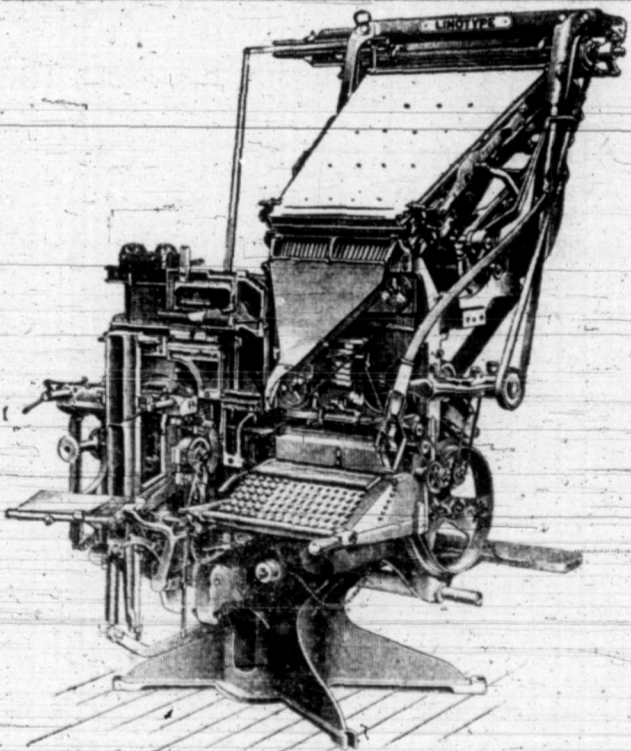

Bad Weather Cuts Down Wheat Crop.

Washington, July 9.—Government hopes for a billion-bushel wheat crop received a set back when the Department of Agriculture's July forecast showed a reduction of 40,000,000 bushels in the prospective crop. Bad weather cut the harvest to 891,000,000 bushels. A record production of corn is promised with an estimate of 3,160,000,000 bushels.

REV. H. B. TAYLOR AGAIN CALLED TO PASTORATE OF THE BAPTIST CHURCH

Rev. H. B. Taylor has been recalled to the pastorate of the Murray Baptist church. The Ledger is informed that the call was extended at the midweek service Wednesday night and has been accepted. This action upon the part of the church and its acceptance will come as no surprise to the people of this community. It was generally believed that Rev. Taylor did not entertain serious intentions of severing his connections with the local congregation when he tendered his resignation some few weeks ago.

Rev. Taylor resigned the first Sunday in May following much courtesy gained on account of his alleged disloyalty to the government in the present war.

The Ledger office this week received a Model 5 Linotype direct from the Mergenthaler Co., a reproduction of which appears above. This machine will be installed before the next issue of this paper and when in operation will give this office as complete equipment as any country newspaper office in the state of Kentucky. This machine is known in common parlance as a "type setting" machine, when in fact it is a type-casting machine and is capable of turning out more matter than can be done by five men under the hand setting system. The Ledger expects to make some decided changes in the paper at an early date and we expect to our hundreds of patrons an invitation to call at our office and see this wonderful machine in operation. The initial cost of a Model 5 Linotype, together with power, metal, cost of installation, with several other things, being one of the most expensive pieces of machinery ever brought into the county. We will tell you more of this machine after it is installed and in operation.

The time for all the people to pull together for a live town is while the town is still live and not after it is dead or with a town that is a long time dead - if not forever.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If work is tiring, if your nerves are excited, if you feel languid, weary or depressed, Scott's Emulsion will prove a wonderful strengthener.

It possesses the very elements to invigorate the blood, nourish the nerves and build strength.

Every druggist has Scott's. Try it.

Buchanan N.w.

As I have never seen any news in the paper from this lively and interesting little city, I will try and write a few lines.

Everything around Buchanan is passing off pleasant enough; the people are all at work in the daytime and attending ice cream suppers, singings and parties at night.

There has been quite a number of our boys called into the service and more are expecting to be called in the near future. We all hate to see them go but we know it is their duty that calls them and they'll never fail us in doing their duty when called upon.

Little Miss Cleo Wallace is in Paris for a short stay to take music lessons.

There was a big War Savings Stamp sale at Buchanan Friday afternoon at which time they disposed of \$2,000 worth of stamps.

Our Sunday school at Buchanan is progressing nicely, large crowds attending and everyone taking an interest.

Misses Opal and Rosalee McCuiston entertained the greater part of the community at their home Saturday night, June 29, with a moonlight party. All left quite happy and reported a nice time.

Leland McNutt, who has been at work in Dyersburg, arrived home Saturday night to stay during wheat threshing.

Patriotism and Education.

During the past year we have been called upon to respond to the needs of our country by giving our time and money to its various drives—Red Cross, Liberty Loan, etc.

From July 10th to 16th, under the auspices of Georgetown College, we are in the midst of another important drive for patriotism and education. Both the Department of War and the Emergency Council on Education are urging the importance of keeping students in the high schools until they graduate and then in the colleges and universities in preparation for the supply of trained men, which are needed now as a war asset and will be needed in the post war period as a general peace asset.

In accordance with the wishes of the Emergency Council on Education this campaign is undertaken by the college to bring the public to a full realization of this extremely important subject.

Miss Gladys Thomas has been appointed county chairman for this work and will appreciate the co-operation of the citizens of the town and county in her labors.

Mr. Hollowell has been teaching in Oregon the past year, only recently returning from the west and has been located at Jeffersonville, Ind., filling a position in the quartermaster's depot at that city. He is a son of John Hollowell of this county, and is well known here. His bride is one of the very splendid young ladies of this county and is loved and admired by a wide circle of friends. Mr. Hollowell has made application for admission in the fifth officers' training school at Camp Taylor and pending notification will return to Jeffersonville to reside.

The Ledger is taking the liberty of reproducing below a letter written by Munsey Pigue, of Nashville, Tenn., to his parents, Rev. and Mrs. R. H. Pigue, of La Center, Ky. The Ledger directs the careful attention to this article of a considerable number of men of this county who are often heard to remark: "If it wasn't for my wife you couldn't keep me out of this war. Or if it wasn't for so and so, or so and so, I'd go." However, most of them have made desperate efforts to secure deferred classifications. Mr. Pigue has grasped the spirit that should pervade America—he has seen the vision, and patriotically surrenders family ties and business connections in order to be of service to his country in the hour of distress.

Nashville, June 8, 1918.
My Dear Papa and Mama:
Well, the inevitable has happened. I have waited for a long time and have given a great deal of thought to what was the right thing for me to do under the circumstances, and we have decided that when the Beast of Berlin has finally crossed the great waters and started war on this our beloved United States, it is time that all men should rush to the defense of our country.

I have bought Thrift Stamps. I have bought a bond and I have given my day, but now the time has arrived that I feel that it is my duty to do even more than that. I am now to make the greatest sacrifice of all my life—leave my dear wife and the sweetest little boy in the world. Then again I am forced to leave you all at home. We had planned the trip home to see you, and it's a great disappointment to us that we can not fulfill this promised trip. But many things have come that were unforeseen only a short time ago, and all plans must be forsaken.

We have in our family eight boys, all of whom, with one exception, are vigorous and physically able to do his part and to ask no man to do for him what he would not do for himself. It is true that we are all not in such shape that they could get away, and those who are not will not be thought any less of, but the man who could have gone to do his part in this war and did not, will have a long time to think about it after the bleeding nations have crushed the kaiser under the heel of right.

Monday night at 9 o'clock I will leave for Paris Island, S. C. While I am gone my wife will receive \$15 from the government, son will get \$10 and \$15 of my salary will go them monthly. This will give to her \$40 per month while I am gone. In addition to that we rented our flat but for \$12 more than we were paying for it, which will bring her monthly allowance up to more than \$50 per month. They will stay at Mr. Meadows, and Bess will do Red Cross work there in Dresden. We are thinking of the future, and what we are doing

now will be worth to us in after years more than all else on account of our dear little boy. To leave them will be worse than the severance of an arm, but to stay and be conscious of the fact that I could have gone will be worse in the years to come. I am going over there with the sole intention of doing my duty and coming back to join them just as quick as I can—and you bet I am coming back. I want to go and to fight a good fight, and I have the faith in the Great Ruler that He will permit me to join my little family and my dear father, mother and brothers when the world will be at peace and those barbarians, murderers and fiends are wiped from the face of the earth. To this end we are going and we are sure to win—we must win. Poor Belgium was free and as happy as we are today until the awful Hun came. There the women were treated as brutes and little babes were torn limb from limb. The thought of my precious baby in the hands of those brutes drives me to the sacrifice that I am making. To think of my dear, sweet wife having to suffer the wrongs and the miseries at the hands of the rapists of Germany is enough to cause any man that has the love for his own in his heart that I have for mine to make any sacrifice that is necessary. They are dearer to me than all the world, and it is for them that I cheerfully go to beat the beast of Berlin.

I will write you again soon. I am sending you a picture of myself that will be in Sunday's Tennesseean. In nine weeks I'll get a furlough, and I am coming to see you then. With love to you both, also to little Syd. Goodby.
Your devoted son,
MUNSEY.

Camp Shelby, Miss., July 3.
O. J. Jennings, Murray, Ky.
Dear Mr. Jennings: I feel that it is my duty to inform you and the readers of the Ledger how the boys are getting along at Camp Shelby.

I know you do not know me personally, but you know my father I am sure. I am a son of J. C. Jones, living three miles northwest of Kirksey.

I have been at Camp Shelby since the 29th of September, 1917, and have helped to build the camp. I have enjoyed the time I have spent here very much and expect to as long as we stay here. I haven't the slightest idea when we will leave and do not care as this is as good a camp as a soldier could expect.

Well Mr. Jennings, I am on guard today. We do guard duty once a week and I sure enjoy it as it is the only time I feel like a real soldier.

The weather is awful warm here now. I never did see it so warm in Kentucky, but hope it will not stay this way long. I have one \$50 Liberty Bond and sure am proud of it. I am trying to do my bit, just what every American boy should do.

I read in the Ledger where 41 more Calloway boys had to report to Camp Taylor. You will be surprised to hear that I am

glad of it instead of sorry as military training is good for the boys, besides being always in the open air.

Asking the people to do all they can to aid the Red Cross and Y. M. C. A., as if we all do not work together we cannot win, and we must not lose this fight. I remain, Yours truly,
PRIVATE DANIEL A. JONES,
Co. F, 115th Ammunition Train.

Camp Taylor, Ky., June 20.
Dear Mr. Jennings: We have been getting the Ledger and are sure eager to get our home county news. All the boys rush to get the papers to see what is doing at home even if they have not found time to express their thanks for getting them. Our boys are all scattered and the last bunch are marked up for Ft. Oglethorpe, Ga., and will leave tomorrow. The rest have been sent to Chillicothe, Ohio. Camp Beauregard, La., Camp Greenleaf, Ga., and to other companies here in camp.

The first three weeks here are severe on the one who comes in, but after he has been through the "breaking in" he does not mind it so much. About the hardest thing is to have to learn to take a cussin' from a non com and not be allowed to resent it in the least. We had a lady with us last night who has been doing "Y." work in England. She told many thrilling experiences of air raids while she was in London. I like first hand experiences told as she gave it. This "Y." business is really the only civilized thing there is in camp to keep one from being a cannibal.

We have a good movie tonight. There is always something worth while; no use or excuse for a soldier being blue or not being entertained while off duty.

I'll close, thanking you again for all the rest of the boys for receiving the county news.

Very truly,
GURNEY H. KINDRED,
27th Co., 7th Tr. Bn., 159th D.B.

Camp Beauregard, La., June 22.

O. J. Jennings, Murray, Ky.
Dear Old Scout: Just a few lines from an old Calloway scout. I am a member of Co. H, 153rd Infantry, National Guards, was transferred from Camp Taylor June 15th. Louisiana is just about as hot as hades. There are eight Calloway boys in my squad, as follows: Walter Wilson, Medley Wilson, Ewing Hart, Geo. Williams, Victor Taylor, Fusch Givens, Carney Dunn and myself. All the boys are fine and dandy and get plenty to eat.

Watch old Calloway get the Kaiser. Tell all my friends hello and send me the Ledger each week till I notify you further. Don't forget it as it is like a letter from home.

I am as ever, your friend,
DARWIN N. WHITE.

Camp Taylor, Ky., July 4.
O. J. Jennings, Murray, Ky.
Dear Mr. Jennings: For myself and the other Calloway men, I wish to thank you for the copies of the Ledger which you are sending each week. I read every

line of it and certainly do not

joy it. It certainly is nice of you to send them.

I am getting along fine here; have not been sick any. Get plenty to eat and a good hard bunk to sleep on, but a man can sleep on anything after drilling all day. This kind of life will make a man of a fellow if he has the nerve to stay with it. Thanking you again for the papers, I am, Yours truly,
JOHN W. WEAR.

Ewing Hart writes from Camp Beauregard, La., that the training officer told the commanding officer of that camp that if he wanted to see something classy, just to call around and see the boys from Calloway county drill.

Word was received here last Friday by Mr. and Mrs. W. F. Bray that the ship on which their son, Corp. Lynn Bray, sailed had arrived safely overseas.—Hazel News.

E. M. Turner, of Coldwater, is another Calloway father who has three sons in the service. C. L. Turner, navy, stationed at Pensacola, Fla.; C. M. Turner, navy, stationed at New York, and K. C. Turner, Q. M. C., Camp Taylor. Mr. Turner is very proud of his sons and is one of the enthusiastic patriots of the county.

Sergt. Geo. Hart, 159th Depot Brigade, Camp Taylor, spent a short furlough in the county the past week visiting relatives.

Marion Bazzell, son of Knox Bazzell, former resident of this county, who registered for military service in Arkansas, will leave Paragould this week for Camp Pike, near Little Rock, to enter training. He left Calloway about five years ago with his father for Texas, later returning to Arkansas. He was in the county the past week visiting old friends and relatives.

Harry Erwin, brother of Bill and Henry Erwin of this county, and a son of Simp Erwin, of Mayfield, has been in France for several weeks. He entered the service from Graves county and is motor mechanic with the rank of sergeant.

Carl Griffin has been discharged from service. He left Calloway last fall and was sent to Camp Taylor, being transferred later to Camp Shelby, Miss., where he has since been attached to 2nd Co., 113th Ammunition Train. He was given his discharge about three weeks ago and is now located at Bluff, Miss.

The boys are from the southwest corner of the county and have many friends.

Noah Russell, who has been in Wewoka, Ok., teaching and farming, came in last Saturday night. He was placed in class one by the local board last week and is here to answer call when it is made.

L. A. L. Langston has returned from San Antonio, Texas, where he took a course in the Y. M. C. A. training school. He was given a warrant and expects to be assigned to active service at an early date. Mr. Langston may be a little too old for trench service but he was determined to take some part in this great struggle. His friends will be glad to know that he was accepted for the position.

Cyrus Owen may be little, but he is making a loud noise over at Camp Taylor. The youngster has been assigned to the officers' training school, having undergone the required examination the first of this week.

WITNESS AFTER WITNESS HERE

Such Evidence Our Readers Cannot Dispute.

As we take up the Ledger week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Marshall does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Doan's have always driven this pain from my back and regulated my kidneys."

Buchanan News.

As I have never seen any news in the paper from this lively and interesting little city, I will try and write a few lines.

Everything around Buchanan is passing off pleasantly enough; the people are all at work in the daytime and attending ice cream suppers, singings and parties at night.

There has been quite a number of our boys called into the service and more are expected to be called in the near future. We all hate to see them go but we know it is their duty that calls them and they'll never fail us in doing their duty when called upon.

Misses Rubie and Pearl Kirkland were the guests of Misses Opal and Rosalee McCuiston Sunday, June 30.

Little Miss Gladys McNutt and Allie Taber and Ewing Miles motored to the home of W. M. Henry last Sunday.

J. W. Cannon's family motored to town Sunday afternoon.

Misses Opal and Rosalee McCuiston attended the movie at Puryear Monday night.

Little Miss Cleo Wallace is in Paris for a short stay to take music lessons.

There was a big War Savings Stamp sale at Buchanan Friday afternoon at which time they disposed of \$2,000 worth of stamps.

Our Sunday school at Buchanan is progressing nicely, large crowds attending and everyone taking an interest.

Misses Opal and Rosalee McCuiston entertained the greater part of the community at their home Saturday night, June 29, with a moonlight party. All left quite happy and reported a nice time.

Leland McNutt, who has been at work in Dyersburg, arrived home Saturday night to stay during wheat threshing.

Misses Opal and Rosalee McCuiston, Rubie Kirkland, Allie Taber and Gertie Mohon attended children's services at Mt. Pleasant Sunday afternoon.

Well I suppose this is about all the latest news to report now, but will come again some day.—Buchanan Sport.

The many friends of H. F. Atwood, former sheriff of Trigg county, are urging him to become a candidate for the nomination for the senate to succeed Senator S. R. Glenn. Press Atwood, as he is familiarly known, is a true blue democrat, and if he gets into the race will make a very strong candidate.

Patriotism and Education.

During the past year we have been called upon to respond to the needs of our country by giving our time and money to its various drives—Red Cross, Liberty Loan, etc.

From July 10th to 16th, under the auspices of Georgetown College, we are in the midst of another important drive for patriotism and education. Both the Department of War and the Emergency Council on Education are urging the importance of keeping students in the high schools until they graduate and then in the colleges and universities in preparation for the supply of trained men which are needed now as a war asset and will be needed in the post-war period as a general peace asset.

In accordance with the wishes of the Emergency Council on Education this campaign is undertaken by the college to bring the public to a full realization of this extremely important subject.

Miss Gladys Thomas has been appointed county chairman for this work and will appreciate the co-operation of the citizens of the town and county in her labors.

Mr. Hollowell has been teaching in Oregon the past year, only recently returning from the west and has been located at Jeffersonville, Ind., filling a position in the quartermaster's depot at that city. He is a son of John Hollowell of this county, and is well known here. His bride is one of the very splendid young ladies of this county and is loved and admired by a wide circle of friends. Dr. Eura Wall is in the county at his farm near Boatwright seeing after his fine hay crop.

The joint debate between Rev. Scott and Elder Thompson in this section was real interesting and a large crowd attended. As usual both sides won the verdict.

The farmers are needing rain very much. A number of people failed to get out a tobacco crop.

Well, the next draft will get every Class 1 boy in our section. We wish this war could be settled at once. It is a pity that someone can't get the old kaiser and this war would be stopped. Uncle Ezra.

The Ledger is taking the liberty of reproducing below a letter written by Munsey Pigue, of Nashville, Tenn., to his parents, Rev. and Mrs. R. H. Pigue, of La Center, Ky. The Ledger directs the careful attention to this article of a considerable number of men of this county who are often heard to remark: "If it wasn't for my wife you couldn't keep me out of this war. Or if it wasn't for so-and-so, or so-and-so, I'd go." However, most of them have made desperate efforts to secure deferred classifications. Mr. Pigue has grasped the spirit that should pervade America—he has seen the vision, and patriotically surrenders family ties and business connections in order to be of service to his country in the hour of distress.

Nashville, June 8, 1918.

My Dear Papa and Mama:

Well, the inevitable has happened. I have waited for a long time and have given a great deal of thought to what was the right thing for me to do under the circumstances, and we have decided that when the Beast of Berlin has finally crossed the great waters and started war on this our beloved United States, it is time that all men should rush to the defense of our country.

I have bought Thrift Stamps, I have bought a bond and I have given my day, but now the time has arrived that I feel that it is my duty to do even more than that. I am now to make the greatest sacrifice of all my life—leave my dear wife and the sweetest little boy in the world. Then again I am forced to leave you all at home. We had planned the trip home to see you, and it's a great disappointment to us that we can not fulfill this promised trip. But many things have come that were unforeseen only a short time ago, and all plans must be forsaken.

We have in our family eight boys, all of whom, with one exception, are vigorous and physically able to do his part and to ask no man to do for him what he would not do for himself. It is true that we are all not in such shape that they could get away, and those who are not will not be thought any less of, but the man who could have gone to do his part in this war and did not, will have a long time to think about it after the bleeding nations have crushed the kaiser under the heel of right.

Monday night at 9 o'clock I will leave for Paris Island, S. C. While I am gone my wife will receive \$15 from the government, son will get \$10 and \$15 of my salary will go them monthly. This will give to her \$40 per month while I am gone. In addition to that we rented our flat out for \$17 more than we were paying for it, which will bring her monthly allowance up to more than \$60 per month. They will stay at Mr. Meadows, and Boss will do Red Cross work there in Dresden. We are thinking of the future, and what we are doing

now will be worth to us in after years more than all else on account of our dear little boy. To leave them will be worse than the severance of an arm, but to stay and be conscious of the fact that I could have gone will be worse in the years to come. I am going over there with the sole intention of doing my duty and coming back to join them just as quick as I can—and you bet I am coming back. I want to go and to fight a good fight, and I have the faith in the Great Ruler that He will permit me to join my little family and my dear father, mother and brothers when the world will be at peace and those barbarians, murderers and fiends are wiped from the face of the earth. To this end we are going and we are sure to win—we must win. Poor Belgium was free and as happy as we are today until the awful Hun came. There the women were treated as brutes and little babes were torn limb from limb. The thought of my precious baby in the hands of those brutes drives me to the sacrifice that I am making. To think of my dear, sweet wife having to suffer the wrongs and the miseries at the hands of the rapists of Germany is enough to cause any man that has the love for his own in his heart that I have for mine to make any sacrifice that is necessary. They are dearer to me than all the world, and it is for them that I cheerfully go to beat the beast of Berlin.

I will write you again soon. I am sending you a picture of myself that will be in Sunday's Tennesseean. In nine weeks I'll get a furlough, and I am coming to see you then. With love to you both, also to little Syd. Goodbye.

Your devoted son,

MUNSEY.

Camp Shelby, Miss., July 3.

O. J. Jennings, Murray, Ky.

Dear Mr. Jennings: I feel that it is my duty to inform you and the readers of the Ledger how the boys are getting along at Camp Shelby.

I know you do not know me personally, but you know my father I am sure. I am a son of J. C. Jones, living three miles northwest of Kirksey.

I have been at Camp Shelby since the 29th of September, 1917, and have helped to build the camp. I have enjoyed the time I have spent here very much and expect to as long as we stay here. I haven't the slightest idea when we will leave and do not care as this is as good a camp as a soldier could expect.

Well Mr. Jennings, I am on guard today. We do guard duty once a week and I sure enjoy it as it is the only time I feel like a real soldier.

The weather is awful warm here now. I never did see it so warm in Kentucky, but hope it will not stay this way long. I have one \$50 Liberty Bond and sure am proud of it. I am trying to do my bit, just what every American boy should do.

I read in the Ledger where more Callaway boys had to report to Camp Taylor. You will be surprised to hear that I am

glad of it instead of sorry as military training is good for the boys, besides being always in the open air.

Asking the people to do all they can to aid the Red Cross and Y. M. C. A., as if we all do not work together we cannot win, and we must not lose this fight. I remain, Yours truly,

PRIVATE DANIEL A. JONES,

Co. F, 118th Ammunition Train.

Camp Taylor, Ky., June 20.

Dear Mr. Jennings: We have been getting the Ledger and are sure eager to get our home county news. All the boys rush to get the papers to see what is doing at home even if they have not found time to express their thanks for getting them. Our boys are all scattered and the last bunch are marked up for Ft. Oglethorpe, Ga., and will leave tomorrow. The rest have been sent to Chillicothe, Ohio, Camp Beauregard, La., Camp Greenleaf, Ga., and to other companies here in camp.

The first three weeks here are severe on the one who comes in, but after he has been through the "breaking in" he does not mind it so much. About the hardest thing is to have to learn to take a cussin' from a non com and not be allowed to resent it in the least. We had a lady with us last night who has been doing "Y." work in England. She told many thrilling experiences of air raids while she was in London. I like first hand experiences told as she gave it. This "Y." business is really the only civilized thing there is in camp to keep one from being a cannibal.

We have a good movie tonight. There is always something worth while; no use or excuse for a soldier being blue or not being entertained while off duty.

I'll close, thanking you again for all the rest of the boys for receiving the county news.

Very truly,
GURNEY H. KINDRED,

27th Co., 7th Tr. Bn., 159th D.B.

Camp Beauregard, La., June 22.

O. J. Jennings, Murray, Ky.

Dear Old Scout: Just a few lines from an old Callaway scout. I am a member of Co. H, 153rd Infantry, National Guards. Was transferred from Camp Taylor

June 18th. Louisiana is just about as hot as hades. There are eight Callaway boys in my squad, as follows: Walter Wilson, Medley Wilson, Ewing Hart, Geo. Williams, Victor Taylor, Fusch Givens, Carney Dunn and myself. All the boys are fine and dandy and get plenty to eat. Watch old Callaway get the Kaiser. Tell all my friends hello and send me the Ledger each week till I notify you further. Don't forget it as it is like a letter from home.

I am as ever, your friend,
DARWIN N. WHITE.

Camp Taylor, Ky., July 4.

O. J. Jennings, Murray, Ky.

Dear Mr. Jennings: For myself and the other Callaway men, I wish to thank you for the copies of the Ledger which you are sending each week. I read every

line of mine and certainly don't

joy it. It certainly is nice of you to send them.

I am getting along fine here; have not been sick any. Get plenty to eat and a good hard bunk to sleep on, but a man can sleep on anything after drilling all day. This kind of life will make a man of a fellow if he has the nerve to stay with it. Thanking you again for the papers, I am,

Yours truly,

JOHN W. WEAR.

He was given his discharge about three weeks ago and is now located at Bloif, Miss.

WITNESS AFTER WITNESS HERE

Such Evidence Our Readers Cannot Dispute.

As we take up the Ledger week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Marshall does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

C. C. Marshall, N. Curt St. Murray, says: "I have used Dean's Kidney Pills off and on for years when my kidneys have bothered me, acting too frequently. The secretions at these times have been, scaling in passage and highly colored. I have had pains across the small of my back which have bothered me mostly when I bent over. Dean's have always driven this pain from my back and regulated my kidneys."
