given the people of this community something tip-top in the way of Harness and Saddlery, and they are showing their appreciation of it. Mr. Jno. Skally, who is at the head of this department, has served a long apprenticeship at his trade, and offers our patrons the benefit of his experience. He is a good judge of leather and a splendid maker of factory made harness. MCKINLEY AND HOBART

Free Silver Delegates Left the Convention.

THE VOTE IN DETAIL.

The Nomination of the Ticket is a Great Personal Triumph for Hanna.

[SPECIAL TO NEW ERA.]

St. Louis, June 19.—The convention on yesterday evening placed the fortunes of the party in the hands of its idol, Wm. McKinley, of Ohio, who has as his running mate Garrett A. Hobart, of New Jersey. The nomination of this ticket is a great personal triumph for Mark Hanna, who started out less than a year ago to place the party standard in the hands of these two men. Both candidates were nominated on

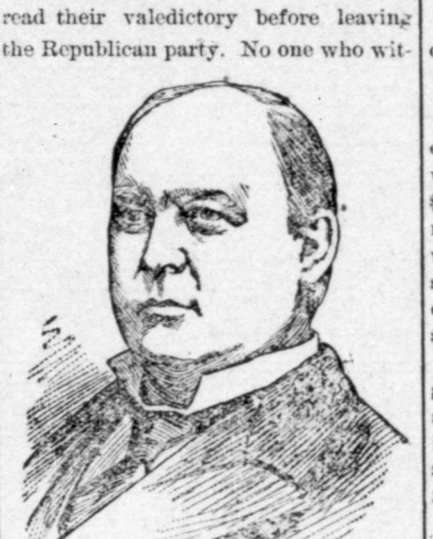

WILLIAM MCKINLEY, the first ballot, the vote being as follows:

FOR PRESIDENT.	
McKinley	661 1-2
Reed	84 1-2
Storton	52
Balkley	32
Quinn	61 1-2
Allison	35 1-2
FOR VICE PRESIDENT.	
Hobart	535 1-2
Erans	277 1-2
Balkley	39
Walker	24
Reed	3
Grant	2
Thurston	2
Depey	3
Brown	3
Morton	1
FOR THE FINANCIAL PLANK.	
For	813 1-2
Against	110 1-2

It will be seen from the above that Senator Teller's silver substitute for the gold plank of the majority received only 110 1/2 votes. It was when the result of this vote was made known that Teller and twenty-two other free silver delegates representing the States of Colorado, Nevada, Montana, Utah and Idaho left the convention and a very noisy demonstration. The five States that thus withdrew from the convention have 22 electoral votes, Colorado having eight and the other four having six each.

Frank J. Cannon, Senator from Utah, who is a son of the former President, of the Mormon church and who was one of the handsomest men in the convention, was selected by the silver men to read their valedictory before leaving the Republican party. No one who will

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and sides, and that he was unable to do his work. He tried many so-called kidney cures but without any good result. After the use of Electric Bitters he found relief at once. Electric Bitters is especially adapted to cure all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c at R. C. Hardy's drug store.

Want to Get Rid of Him.

Unless somebody is very badly mistaken the Republicans of this district are making considerable efforts to get rid of their candidate for Congress, Mr. E. T. Frank. Ever since he received the nomination at this place some time since there has been a great deal of dissatisfaction among some of the members of the party with reference to their nominee. They say, and it is correct, that Frank will be defeated in November. We can't see what is to be gained by taking Frank out the way as it is almost certain that the Democrats will carry the District next November. Madisonville Hustler.

WHITNEY IS BOOMED

The People of Colorado Will Make a Big Demonstration in Honor of Teller.

[SPECIAL TO NEW ERA.]

Havesville, Ky., June 20.—A cloudburst did great damage here and all over Hancock county this morning. Four people are so far known to have been killed and quite a large number of houses were completely demolished. The destruction, however, was caused by a windstorm that preceded the down-pour of water, which is a very few minutes fell to the depth of several inches. The storm came up very suddenly, in fact so suddenly that few people realized that it was coming before it burst upon them. The list of fatalities may be swelled by later reports, as some parts of the county have not yet been heard from.

ley, 39; Walker, 24, and 13 votes scattering. Mr. Hobart was then declared to be the nominee for Vice President.

The nominee for Vice President has been a prominent man in his native State, but beyond its limits he has been unknown. The following brief sketch of him was given to the press when it became certain that he was to be nominated.

Garratt A. Hobart was born at Long Branch, N. J., in 1844. After receiving a common school education, he attended Rutgers' College, whence he was graduated when 20 years of age. He was admitted to the bar in 1866, and was chosen city counsel for Patterson, N. J., where he now resides, in 1871. In 1873 Hobart was elected Assemblyman, and in his second term was elected Speaker. In 1877 Passaic county sent him to the State Senate. He closed his career as State legislator in 1882, when he was President of the Senate. Hobart was the Republican caucus nominee for United States Senator in 1884, when J. R. McPherson, a Democrat, was elected.

He was the New Jersey member of the Republican National Committee in 1884, and was elected Vice Chairman. Hobart was receiver of the New Jersey Midland Railway, Montclair Railway, and the Jersey City and Albany line. He is a director of several banks and many railroads, and a large number of other companies and corporations. He was recently the recipient of the degree of LL. D. from Rutgers.

New York, June 22.—Mr. Wm. C. JONES INTERVIEWS TELLER.

[SPECIAL TO NEW ERA.]

St. Louis, June 22.—Senator Henry M. Teller, of Colorado, who withdrew from the Republican National Convention, spent a great portion of last Saturday closeted with Mr. C. H. Jones, the well-known silver editor of the St. Louis Post-Dispatch. The interview was sought by Mr. Jones, who requested the Senator to make an appointment with him. The direct question was asked by Editor Jones in course of the course of the interview: "Senator, are you in earnest about seeking the nomination at Chicago?"

THE OHIO VALLEY R.R.

May Be Purchased By the Illinois Central.

THE RAILROAD RUMOR.

Report is Neither Affirmed Nor Denied by the Officials.

A rumor, apparently well authenticated, has it that the Illinois Central will purchase soon the Ohio Valley Railroad. This is a matter of considerable interest to the Hopkinsville people. The rumor is neither denied nor affirmed by the Ohio Valley people, although they admit that negotiations of some kind are on.

Consulting Engineer L. T. Moore, of the Illinois Central was in the city yesterday morning says the Evansville Courier and in company of some of the Ohio Valley people, started on a tour of inspection of the road. Every foot of the road will be gone over and Mr. Moore, it is understood, will make a complete report to his road, giving a full appraisal of track, stock, stations and all other items. It is understood that Reece V. McLeod, of the Ohio Valley, and the officials of the Illinois Central will hold consultation and agree on a price. If the item of cost can be satisfactorily arranged, the Illinois Central will probably take charge of the road at once.

It is also given out that the Illinois Central owns a line running from Chicago to Peoria. With the Peoria and P. D. & E. the Illinois Central would have a competing line with the C. & N. E. and E. T. H. and L. & N. to New Orleans through the same territory. At present the Illinois Central runs from Chicago to New Orleans, but in a roundabout way. With the new system the time between the two cities would be shortened several hours.

[SPECIAL TO NEW ERA.]

Greenup, Ky., June 19.—Last winter Miss Rose Wallingford, daughter of John Wallingford, a prominent farmer of this county, became engaged, through correspondence, to Walter Hannon, a young man who lived in Vermont. Her father ordered her to stop the correspondence. This she consented to do.

In March a young man came to Wallingford's farm and secured employment on the farm. His work gave satisfaction, and Wallingford became much attached to him. A few days ago Wallingford became suddenly ill. He feared that his illness was fatal, and manifested much concern for the daughter, who in the event of his death, would be left without a protector. The daughter, however, confessed that she had already fixed matters by marrying the Vermont sweetheart. Hannon. In the father's absence he had one day driven to Hannon, where they were married. Farmer Wallingford accepted the situation, got well, and now all parties concerned are happy.

[SPECIAL TO NEW ERA.]

Washington, D. C., June 20.—The nomination of McKinley and Hobart has fallen flat here except among a few of McKinley's personal admirers. There is little enthusiasm for the ticket, and no one seems to exactly understand the reason. The sound money Democrats who have always advocated tariff reform say unhesitatingly that no matter what may be the outcome at Chicago they will never support McKinley. This sentiment is especially true in administration circles. McKinley represents everything that Democrats have been fighting against since the war, and one ballot-box will hold all the Democratic votes he will get in November.

A Remarkable Voyage.

Mr. John Jacob Astor's former mate, Captain Charles, an old "sea dog," sailed Sunday, June 22nd, from the Battery, New York, for various European ports, in his twenty-foot open sail boat. His brother accompanies him. The voyage will be made by the northern passage. He is to return next year. This is the first serious attempt to cross the Atlantic both ways in a small boat. Will it be successful?

Hon. Benjamin Bristow Passed Away Monday.

Was Sick THREE DAYS.

Once a Member of the Hopkinsville Bar, Later Secretary of the Treasury.

Hon. Benjamin H. Bristow, who was Secretary of the Treasury under President Grant, and who in his early life resided and practiced law in Hopkinsville, died Monday afternoon at his home in New York, after an illness of three days from pneumonia. It was only on last Saturday that he was taken ill, and his friends in Kentucky had not heard of his death until the National convention of their party, which is to be held in the city of St. Louis on the 25th day of next month. If these men are really in favor of the free and unlimited coinage of silver, they would do well to endorse the free silver candidate of the Democratic party, as it will take the votes of all silver men regardless of party to win, and if the Republicans do not endorse the Democratic ticket they ought not to again pretend to be in favor of the free coinage of silver.

Tobacco Men Met.

A number of prominent tobacco growers met at the Farmers' Warehouse, on Monday last, to discuss plans for the curtailment of the tobacco crop, but no definite action was taken. A Tremendous Crop.

From all sections of this county come reports of the largest tobacco crop that has been known here for many years, and it is said that in many places the trees are so full of fruit that they have to be roped up to prevent them from being entirely ruined. Thought to Be Crazy.

The Russellville Herald says that Nat. Cortis, the negro who is in jail in that town charged with having dragged and assaulted Mrs. E. C. The examining trial was set for to-morrow, but will have to be postponed, as Mrs. Trimble is not yet able to leave her bed. The County Judge has refused to allow the negro to be taken to Adairville for identification.

LOUISVILLE TOBACCO MARKET.

Sales on our market for the week just closed amount to 3,600 hds. with receipts for the week ending June 25th, 1,070 hds. of dark tobacco with a better market for such leaf as would class from good to fine. Trash—To medium leaf—\$1.00 to \$1.25

Common to medium leaf—\$1.00 to \$1.25

Dark rich leaf, ex quality—2.00 to 3.00

Common leaf—2.50 to 3.50

Medium to good leaf—3.00 to 3.50

Leaf of extra length—3.00 to 7.00

Wrappery styles—7.00 to 8.00

When your stomach begins to trouble you, it needs help. The help it needs, is to digest your food, and, until it gets it, you won't have any peace. Stomach trouble is very disagreeable, very annoying, very dangerous. Many of the most dangerous diseases begin with simple indigestion. The reason is that indigestion (not digestion, not nourishment) weakens the system and allows disease germs to attack it. The antidote is Shaker Digestive Cordial, strengthening, nourishing, curative. It cures indigestion and restores strength with health.
