District Basketball Tourney In Full Swing At Hickman

The Hickman County High School Falcons opened the 1964 First District basketball tournament in the Fulton County High School gym last night (Wednesday), playing the Cobras of Riverview High School of Hickman.

The Falcons drew into the lower bracket of the tournament, along with Riverview and Carlisle County High School. Fulton City and Fulton County are in the lower bracket.

All teams except the Falcons and Cobras drew first round byes.

"How's Washington?" That's the question that has been asked me nearly everywhere I have gone this week. Well, Washington is fine if you like a great, big, sprawling city where everybody's in a hurry. It's a city with the image of the man in a gray flannel suit carrying a brief case. It's the location of a city that's cosmopolitan, international, the image of a country that's trying desperately to commemorate the memory of a slain President who wanted this country to "get moving again."

And Washington is moving! It's moving in almost every direction. New Government buildings, new monuments, new hotels and motels right in the heart of downtown and of course home construction is going on everywhere, spilling over into the States that surround the District of Columbia. And yet, there's something grassy about the place. In spite of those swarms, marbled halls of the Senate and House office buildings, you can just feel the contact "with the folks back home." Letters, hundreds of them, are ready for signature by the people's representatives in Washington. You just know that they contain answers to every question from how to get rid of athlete's foot, to the latest advice on pre-natal care.

I had such fun in the offices of Senator John Sherman Cooper and Congressman "Fats" Everett. One thing is for sure, the gals in Everett's office read this newspaper. They wanted to know the latest developments on many projects they have read about in the News. I supplied them with whatever information I could. They will be looking forward to reading about the latest developments in the South Fulton Council controversy.

One thing that I noticed particularly about Washington is that the expanding business of the Federal government has certainly increased the amount of air traffic into the city. There was a time, about 19 years ago, that you could sit at the airport and have dinner, and watch those giant sky-birds saunter leisurely onto the runway, every now and then. Today, a passenger has to have a guide to be directed to the right plane, there are so many of them on the runway. There was a time, too, that a lot of people wouldn't anymore get in an airplane than they'd plan their own funeral arrangements. Now, with this wild, mad rush to live, everybody seems to be getting on those planes in all kinds of weather. Including this passenger-in-a-hurry.

You know, most of us get in such a hurry sometimes, we don't think about our own safety. For instance, if I had had time to think about anything but getting home, I would have had time to see that it was snowing like all get out in Washington at three p. m. last Friday. I would have thought for a minute that the newscasts were reporting that a plane carrying 83 persons was lost in Austria. It disappeared off the radar screen in a blinding snowstorm the report said. That information should have gotten the message to me somehow . . . but it didn't. I guess I did what everybody else does . . . accept the information that the flight will depart as scheduled and convince myself that if a plane crash is to occur, it's going to happen to another flight, not mine. So far, that's the way it's been going.

I wish I could tell you about some of the details of my mission. (Continued on page eight)

Mrs. Newton Is Injured While Leaving Store

Mrs. George W. Newton, traffic accident victim, is recuperating from a whiplash neck injury in the Obion County General hospital.

Mrs. Newton said she pulled out of the drive of the Newton General store on Route 4, Hickman near the state line in a 1963 Ford and was heading toward Hickman, Monday morning. A Pontiac driven by Fred Palmer came over a hill, also headed toward Hickman, and struck the rear of the Newton car, Mrs. Newton said. She also said she remembered getting out of her car before she fainted. A Baird ambulance carried her to the hospital.

Magazine Sale Of Auxiliary For Equipment

The Fulton American Legion Auxiliary Unit No. 72 is sponsoring a magazine subscription drive in Fulton County, beginning this week. The money received from this drive is for the purpose of securing additional sick room equipment.

The Auxiliary now owns one hospital bed, two wheel chairs and two walkers, which are loaned, free of charge, to Fulton County residents having need of them. Mrs. Nannie Austin is chairman of the equipment committee in charge.

The Auxiliary will receive commissions from subscriptions sold for several farm publications by salesmen working for Publishers Readers Service, a division of The Progressive Farmer. Each salesman will have proper credentials, including a letter signed by Mrs. Anna Belle Edwards, president of the American Legion Auxiliary, Robert Holland, commander of the American Legion post, and Mrs. Nannie Austin, chairman of the hospital equipment committee.

VETS AIDE COMING!

Roy W. Hargrove, contact representative of the Kentucky Disabled Ex-Service Men's Board, will be at the American Legion Hall in Fulton from 9 a. m. until 3 p. m., March 13. Mr. Hargrove is in Fulton to assist veterans and their dependents with claims for benefits due them as a result of their military service.

MRS. F. H. RIDDLE IN HOSPITAL

South Fulton Citizens Face Water, Lights Shut-off; Over-riding Mayor's Veto Headed For Court Ruling

HEART PAY DAY—Mrs. Fatsy Byassee, Heart Fund Chairman for South Fulton, smiles with pride as South Fulton Elementary School Principal K. M. Winston presents her with a \$395.10 check. The money was raised by Mr. Winston's elementary school students. A total of \$1,391.00 was presented to Jerry Galey, Obion County Heart Fund chairman, by Mrs. Byassee for South Fulton. In addition to the \$395.10 raised by South Fulton Elementary School students, the total receipts included business and Heart Sunday solicitations, Slegel in-plant envelopes and \$555.90 collected at the benefit basketball game between Henry I. Slegel and Perry-Morse employees on February 27.

"Unless the matter of appointing a Councilman to replace Arthur Matheny is resolved within the next few days, the financial condition of the City of South Fulton is in great danger," Mayor Milton Counce told the News on Wednesday. "Public utility bills of the city are due by the tenth, and I don't know whether the electricity will be cut off or not," he said. "If this happens, the people in South Fulton will be without water and electricity unless the Council okays the bills that are now due," Mayor Counce revealed.

At the same time Councilman Harold Henderson said that if this happens the citizens of South Fulton will be put to a severe inconvenience they do not deserve. "I think the Mayor ought to call an early meeting of the Council, and move that any further action connected with the appointment of a Councilman be tabled until such time when the validity of the Mayor's veto of O. L. Lamascus can be determined by a ruling of the Court or the Attorney General," Mr. Henderson said in an interview with the News.

The impending financial hazard to the City of South Fulton and its subsequent peril to the citizens results from a spirited legal battle between the Mayor and the Council. The situation became more complicated at Monday night's regular meeting when Lamascus appeared to take his place at the Council table after having been sworn in by Obion County Court Clerk James Kendall.

City Attorney Charles Fields advised the Council that Lamascus' appointment had been vetoed by the Mayor and a two-thirds vote of the Council was needed to over-ride the Mayor's action. Mr. Henderson, together with Councilmen John Bland and B. B. Jones contend that the Mayor has no authority to veto any action except that connected with the enactment of laws.

Nancy Adams On "Big Time" TV Show Tonight

Nancy Adams, daughter of Mr. and Mrs. Tillman Adams of Fulton, will appear with the Charles Ray singers on the Perry Como show Thursday night, March 5th. The entire cast is being flown to New Orleans for three days and the show will be televised from there.

Nancy is a member of Bob Davis and the Honeydewers group, who do Winston, Viceroy, Schlitz and other commercials. She is "on call" for the Charles Ray Singers.

Federal Income Tax Cut Now In Effect; Take-Home Pay Increases Nearly 20%

The economy-priming Federal income tax cut became a reality this week. The legislation's year-long journey through Congress ended in late February when President Johnson signed the bill that will pour an \$800,000,000.00 a month transfusion in the business bloodstream of the nation. Wage-earners everywhere are looking forward to the windfall that will increase their take-home pay by as much as 20 per cent.

When the reduction becomes fully effective in 1965, it will mean an annual savings of \$11.5 billion for 80 million Americans and \$75,000 business firms. Two-thirds of the cut, or \$7.7 billion, is retroactive to last Jan.

1. The balance takes effect Jan. 1, 1965.

Personal income taxes will be reduced by an average of about 20 per cent. The tax relief for in-

dividuals will total \$9.1 billion and business firms will share \$2.4 billion in benefits.

The Kennedy administration introduced the legislation as a means of keeping the economy on the upgrade, and the Johnson administration gave it top priority. Some Wall Street sources say the stock market's rise in the last year has been due in part to anticipation of a tax cut and that the benefits have been largely discounted. Others contend the market will react favorably when the tax savings start flowing into the economy.

FIRE LOSSES HIT \$17,700

Fire losses in Shively in 1963 totaled \$17,700. Fire Chief Joseph C. Atzinger said. Firemen answered 283 alarms during the year, he said in the annual fire report.

Top Banana Talk Planned Over Week-end

Larry Metcalfe, in company with a group of advertising executives and other Standard executives will come to Fulton this week-end to meet with local civic leaders to work out a mammoth program, now in the planning stage for this year's Banana Festival which will be held during the week of September 27 through October 3.

Arriving in Fulton Friday night will be: Frank Smith, executive with an advertising agency in Dallas, Texas; Paul Yoder, assistant public relations director of Standard Fruit and Steamship Company; Larry Metcalfe, public relations director of Standard Fruit of New Orleans; John Bohan, executive with the Ted Sills International Advertising Agency of Chicago.

They will be joined Saturday morning by Larry DuPont, vice president of an advertising agency in Dallas. Mr. DuPont is arriving by plane in Paducah.

A Dutch treat luncheon in their honor will be held at noon Saturday at the Park Terrace. Invited to attend the luncheon are the directors of the Retail Merchants Bureau, Chamber of Commerce, Twin Cities Development Association and Banana Association. The Fulton and South Fulton city administrations are also invited. (Continued on page four)

Standard Fruit Company Shows Operations Growth

The vigorous and enthusiastic assistance given Fulton's Banana Festival by the Standard Fruit and Steamship Company of New Orleans, spills over into its marketing and sales department too, according to last year's operations figures released to the News today. Larry Metcalfe, who heads the company's public relations department and who is a frequent visitor in Fulton reported today that Standard's net income from operations in 1963 amounted to \$2,364,000.00. The company is the Nation's second largest importer of bananas.

Sales figures, released by Standard Fruit for the first time, amounted to \$89,783,000 in 1963, an increase of \$1,168,000 over the previous year. It was stated that these sales included, in addition to bananas, the revenues of Central American subsidiary companies, which make a significant contribution to profit each year.

Dr. Joseph D'Antoni, company president, stated that Standard's profits for 1963 were considered highly favorable in view of the competitive conditions and generally poor results reported by the industry as a whole. He indicated that the company was in a strong competitive position, due largely to the technical leadership it has achieved in the banana industry. "The leadership," he said, "is exemplified in the company's pioneering of plantation boxed bananas, which encompassed not just a change in the transportation and sale of bananas, but really a company transformation in the cultivation, handling, transportation and marketing techniques of bananas."

Conversion of Standard's plantation at Honduras and Costa Rica to a banana disease-resistant banana variety, he said, followed by company change in 1960 to plantation boxing, gave the company an advantage in the industry, which led to the unusually high profit in 1963. These company-wide changes, he continued, were sustained by profitable operations in 1963, despite very poor banana markets, especially in the latter half of the year.

Standard's growth in the sales and marketing field as well as in its public relations programs comes as good news, but no great surprise to a group of Fultonians (Continued on page four)

FULTON WINS CONTEST—Fulton's selection as the district winner in the "Opportunity for Progress" community development contest was decided at this judging session at Kentucky Dam Village. Shown standing behind the judges' table with J. Foster Jones, (left), district contest chairman and assistant Kentucky Utilities division manager, are Joe W. Treas, president of the Fulton Lions Club and chairman of the industrial committee; Mrs. J. C. Olive, Chamber of Commerce secretary, and Mrs. R. Ward Bashart, local "Opportunity for Progress" chairman. The judges are (from left) Charles E. Hayes, gas supply supervisor, Western Kentucky Gas Co.; Leonard C. Neff, Jr., manager of the Southern Kentucky Industrial Development Association; and R. W. Wilkins, membership relations director of the Kentucky Chamber of Commerce. As district winner, Fulton receives a roadside marker, noting the honor and a plaque. Eliton was awarded second place and Marion third place in the district judging among the nine communities presenting reports at the session. Fulton will compete with first-place winners in other districts to statewide judging March 8 in Louisville.

We Wish More Readers Would Write Letters To The Editor; It Makes For Understanding

A few times during the year it becomes the duty of this writer to switch over to the advertising department as a pinch-hitter for the regular salesman. We enjoy the opportunity it gives us to call on the members of the business community to talk about advertising, printing and general promotional activities.

In addition to this specific mission, we also talk about politics, community development, and the State of the Nation as a whole. It is so interesting to learn that nearly everybody has a fixed opinion about almost everything. A lot of people expound at great length about the kind of editorials and news stories that should be written to get a job done, to get industry, to condemn public action, and mostly how nearly anybody can be a good editor without even trying.

It is for this reason that we simply cannot understand why more people don't write letters to the editor. We think, that if there is one department in our paper that would always have an unlimited amount of space, it's our "Letters to the Editor" department.

We have found that whenever an interesting letter to the editor is published, we get the maximum amount of response and, moreover, our readers are often heard to discuss the letter in vigorous pro and con terms. Frankly, it is a very healthful situation for people, other than editors and commentators, to express their views. The Courier-Journal's POINT OF VIEW column is the most widely read portion of the paper. Many people, particularly politicians, would rather have a letter in the C-J's POINT OF VIEW department than any other portion of the paper. There's a reason. It is the most widely read and discussed section of the newspaper.

In small towns, it's different. We get our share of letters to the editor, but regrettably most of them are unsigned. Sometimes the unknown writer points up some valuable information and views, but unfortunately we cannot publish them, for many reasons. Other times, the unsigned letters are from sick and cowardly people who want "to tell the editor off" but don't have the courage to come in person, or sign their names to the letter.

What this country needs is more people who will stand up and be counted. If you have some views you'd like aired, sit down today and write us a letter. If you believe in what you say, and have the courage of your convictions, don't you think it would serve a real purpose if you shared those views with others? To share these interests makes for good understanding.

Why not become our editorial pen pal?

As Long As You Pay The n, You Ought To Deduct Cost Of State Gasoline Taxes

When you start adding up the deductions on page 2 of your 1040 federal income tax form, don't forget state gasoline taxes. Do a little adding up and you'll be surprised at how much you paid during the past year.

State gasoline taxes range from 5 cents a gallon in Texas, Kansas, Missouri, Illinois and Hawaii up to 8 cents in Alaska. These, of course, are added on to the 4-cents-a-gallon federal tax which is not deductible.

A motorist who drives 10,000 miles in a year and who gets 15 miles

to the gallon on his car, pays between \$60 to \$80 in gasoline taxes. More than half of this is paid in state taxes which are deductible. As long as you pay them, you might as well deduct them.

Other state taxes, cents per gallon: Alabama - 7; Arkansas - 6 1-2; Florida - 7; Georgia - 6 1-2; Kentucky 7; Louisiana - 7; Mississippi - 7; North Carolina - 7; South Carolina - 7; Tennessee - 7.

100 Years Ago This Week

An historical review of the Civil War day by day in Kentucky, as reviewed by the Kentucky Civil War Commission.
By JOE JORDAN

One hundred years ago this week, Brig. Gen. Stephen Gano Burbridge of the Union Army, the new military governor of Kentucky, issued an order that all slaves who had been impressed as laborers by Federal authorities should be returned to their owners. Burbridge had relieved Brig. Gen. Jacob Ammen February 18; aside from moving his headquarters from Camp Nelson to Louisville, this was the first order of any importance.

Thus Gen. Burbridge, a native Kentuckian, early in his administration as military governor was making a conciliatory move. The impressment of slaves had aroused the resentment of Kentucky slaveholders. At first the Negroes had been taken to do work for the Union Army, such as digging intrenchments, but later the practice had been extended to supplying labor for companies performing work considered essential to the war effort, such as cutting firewood for the wood-burning locomotives of the Louisville and Nashville railroad, an important carrier of supplies for the Union Army. And in August

of 1863 Brig. Gen. J. T. Boyle, then military governor, had ordered the impressment of 6,000 slaves to work on the extension of a railroad line from Lebanon to Danville.

Gen. Burbridge immediately before the war started had been engaged in business in Georgetown, D. C., but he still owned a farm in Kentucky. He returned to the state and in August of 1861 had been commissioned colonel and put in command of the Twenty-sixth Kentucky (Union) Infantry regiment. He distinguished himself at Shiloh and was promoted brigadier general June 9, 1862.

It is worth noting that early in his administration as military governor Gen. Burbridge did something that met with general approval, for during his time of exercising command in that post—which would lack five days of being a full year—he would become the most hated man in the Commonwealth, would come to an open break with the former Union Army colonel who was the elected governor, Thomas E. Bramlette; would order the arrest of Lt.

Gov. Richard T. Jacob, also a former colonel in the Union Army; by his orders would cause the execution of innocent citizens in retaliation for crimes committed by unknown persons, and would send other citizens into exile. The people of Kentucky were now entering the most turbulent and distressing period of the war years. Maj. Gen. Thomas L. Crittenden was again in good standing in the Union Army, a court of inquiry which had been sitting at

Louisville having returned an honorable acquittal of all charges against him, made after a corps he was commanding had been routed and driven from the field during the Battle of Chickasaw. Three Kentuckians, Maj. A. G. Hamilton, Capt. Isaac Johnson and Lt. Ed Knoble, got home safely after escaping from Libby Prison in Richmond, Va. They and 104 other officers dug a tunnel 87 feet long. About half the others had been recaptured.

Jane Warren Has Plans For Europe

"From the FHS Kennel"

Jane Warren, a senior at Fulton High School, will leave June 13th from New York via Trans-Atlantic flight for a summer of study and travel in Europe. She and fifty-nine juniors and seniors from Fairmont High School of Dayton, Ohio, will travel under the supervision of Jane's aunt, Miss Mary Belle Warren, who is the French instructor for advanced students at Fairmont High.

From New York the group will fly to Leyzin, Switzerland, where they will study French for five weeks at the University of Leyzin, living in the Hotel Universitaire at the school. Leyzin is located in the Vaud Alps a few miles from the Northern shore of Lake Geneva. Each school day consists of three hours of intensive language instruction by professors of the University during the morning, with the afternoon free for swimming, tennis, golf, hiking, and sight-seeing.

A variety of week-end trips are

JANE WARREN

planned including Paris where they will visit the Louvre, Opera House, Arc de Triomphe, Champs Elysees, Versailles, and the Hall of Mirrors; Rome; Austria; French Riviera; and Mont Blanc. The group will travel by rail from the University to London on their return trip to the States. In London they will visit Buckingham Palace, Houses of Parliament, Westminster Abbey, Tower of London, Hyde Park, Piccadilly Circus, homes of Carlyle, Dickens, Keats, Milton, and Shakespeare's Stratford-on-Avon.

K. U. Wins Out In Election Contest Suit

The 5-to-1 City vote in 1962 favoring acquisition of Kentucky Utilities Company's local electric distribution system has been voided.

Special Fulton Circuit Judge David Reed, Paducah, yesterday upheld K. U.'s contention that the face of voting machines showing the purchase question and other election information was not published in the newspaper of greatest circulation in the county as required by law.

Hickman held the election to determine if the voters favored acquisition of the system through condemnation proceedings.

The City Council and the Electric Plant Board said yesterday they would start new acquisition proceedings instead of appealing the court's ruling. Reed, who was appointed to hear the suit brought by K. U. to invalidate the election, ruled in favor of the City and the Electric Plant Board on all K. U. contentions except publication of the election information.

A Farmer whose Uncle lived closed to the gas works and a chemical plant invited him to come for a visit and enjoy some fresh air. Uncle cut his visit after two days with the comment: "This country air may be all right, but there's no body to it."

The Executive Board will meet at 1:30 P. M. preceding the meeting.

Miss Campbell, Mr. Fulcher To Wed In April

Mr. and Mrs. John Enoch Campbell of Fulton have announced the engagement and approaching marriage of their daughter, Cynthia Kaye, to Norman Watson Fulcher of Jackson, Tennessee, son of Mr. and Mrs. Luther B. Fulcher of Union City.

Miss Campbell is a graduate of Fulton High School and attended Murray State College. She is a graduate of Kree Institute in New York City and of Jackson's Beauty Academy in Jackson, Tenn. She is presently employed in Jackson.

Mr. Fulcher graduated from South Fulton High School. He served four years in the United States Navy and is now employed in Jackson.

The wedding will take place in the parlor of the First Baptist Church in Fulton on April 3, 1964, in the presence of the immediate families.

Jack Herbert wrote recently in The Chicago Tribune that "I think I'm going to move. My landlady is too curious. She keeps asking me when I'm going to pay the rent."

Local Members Attend WSCS Meet In Paris

The annual district meeting of the Women's Society of Christian Service of the First Methodist Church was held in Dresden on March 3.

The guest speaker was Miss Margaret Bess, a missionary from Pakistan. Miss Bess told of the customs and living conditions in Pakistan and illustrated her talk with color slides.

Those attending from Fulton were Mrs. V. J. Voegel, Mrs. Frank Brady, Mrs. Virgil Davis, Mrs. E. B. Cardwell, Mrs. Robert Graham, Mrs. Alex Laneave and Mrs. Vyron Mitchell.

Good Crowd From B&PW To Attend Meeting

The Fulton-South Fulton Business and Professional Women's Club met at 7 p. m. March 3, in the Fulton Electric building for a "pot-luck" dinner and their regular meeting. Hostesses were Mrs. Claud Crocker, Mrs. Otis Bizzle and Mrs. Leonard Hagan.

The president, Mrs. Bertie Pigue, was in charge of the brief business session. Attention was called to District I conference to be held at Kentucky Dam Village next Sunday, March 8, also to the state convention in Hopkinsville May 15-17. It is expected that eight or nine members from the local club will attend the district conference and that several will attend the state convention.

Mrs. Bertha McLeod showed colored slides of Australia, explaining each one. This was enjoyed by all present. Mrs. McLeod also had a boomerang, made by one of the aborigines, which was displayed.

A nominating committee was appointed by the president. They are Mrs. Kallena Durbin, Mrs. Lorine Harding and Mrs. Anna Belle Edwards.

Mrs. Billie Gorte, of Killebrew's Flower Shop, was welcomed as a new member.

State May Net \$533,000 For Libraries; Local Problem Is Reviewed

Kentucky may net \$533,000 more in Federal funds per year for library services and construction, if Congress appropriates the maximum funds authorized by the Public Library Services and Construction Act. The measure was approved by Congress and signed by President Lyndon B. Johnson early this month.

Authorization for the funds runs through two fiscal years ending July 1, 1966, expiration date of the present Library Service Act under which Kentucky now receives \$205,000 in Federal funds

annually for extension of library services in rural areas.

According to State Librarian Margaret Willis, Kentucky's population would qualify the state for maximums of an additional \$195,000 annually to extend library services and \$338,000 in new funds to construct library facilities.

Last week the News reported that Mrs. Don Henry, chairman of the Fulton County Library Board had written Miss Willis protesting the \$100 decrease in State funds for the county's two libraries. A recent letter from Miss Willis explained in details the problems facing the county's library program.

Here is the letter:

We could provide so much more for you if Fulton County could do a little more locally for a county-wide system of library and bookmobile service.

The City Manager of Fulton visited us here, expressing a desire to provide a library building and much better service for Fulton. He seemed truly anxious to do something.

We explained that we could help if the city and county would agree to cooperate through a contract. On paper, the present Library Board is a County Library Board, composed of the following members:

Mrs. Don Henry, Chairman, Hickman, Ky.; Mrs. Kent Hamby, Hickman, Ky.; Mrs. Arch Huddleston, Fulton, Ky.; Mrs. Ernest Fall, Jr., Fulton, Ky.; Mrs. C. P. Mabry, Hickman, Ky.; Mrs. Robert Rudolph, Fulton, Ky.

If necessary, each city could establish library service and the Mayor could appoint a Library Board. From these Boards, the Judge could select a County Board to distribute county funds and to plan Bookmobile service.

Each city should provide 5 cents on each \$100 of assessed property valuation in the city for support of the city program.

For Fulton the annual minimum would be \$2300. Actually more would be needed, but this would be a good beginning.

For Hickman, the annual mini-

mum would be \$634, which is obviously inadequate, but here, too, a beginning would have been made.

At present the income of both libraries is as follows:

| Fulton Library: | |
|------------------|-------------------|
| City Funds | None |
| County Funds | \$325.00 |
| Gifts | \$889.75 |
| TOTAL | \$1,214.75 |
| Hickman Library: | |
| City Funds | \$ 60.00 |
| County Funds | \$300.00 |
| Gifts, etc. | \$511.41 |
| TOTAL | \$871.41 |

State Aid was \$600, which was divided between the two libraries.

At present the book collections of both libraries are out of date. They obviously cannot have expensive reference tools and subject material. They need topnotch juvenile titles. We could provide all of this and more through Fulton County's participation in a regional or multi-county federation of libraries.

In such an instance, the local boards, would control local funds and local books. No local money would ever be paid to this department or to another county for regional help. Many people have a hard time understanding or believing this. Our objective is to improve library service, not to make money.

The annual book circulation of the Fulton Library in 1962-63 was 6860.

With more hours open and a much better book, records, and magazine collection this circulation would probably increase at least 5 or 6 times.

The annual book circulation of the Hickman Library in 1962-63 was 3484. This circulation would probably increase at least 5 or 6 times with more materials and hours open.

Both circulation records are presently extremely low when compared with the population served. (Hickman: 1,537; Fulton: 3,265; Fulton County: 11,256).

Let us compare Fulton County's total circulation (10,284) with that of some other counties which have been receiving our help through multi-county region.

Bookmobile service in Fulton County could be limited, since the county is small and not populous. Nevertheless there are approximately 5000 people in the county which would deeply appreciate this service. Mrs. J. W. Ammons, of the Rush Creek Homemakers in Cayce, Kentucky, wrote to us begging for bookmobile service. Crutchfield, as you know, has no library. It could receive bookmobile service also. We could provide a new, large bookmobile next September for Fulton and Hickman Counties. We could then provide \$5000 worth of new books for bookmobile service and a regular annual collection worth at least \$1000 annually - for Fulton County. The bookmobile would not need to run more than 8 days a month. It could serve any populous, suburban area, as well as other county residents and school children.

An additional total annual appropriation from the Fiscal Court of \$400, plus perhaps \$200 from the County Board of Education would provide a minimum amount of bookmobile service.

Here is what we could provide the first year:

| | |
|---|----------|
| 1 new bookmobile | \$6000 |
| (For Fulton and Hickman Counties) | |
| 1 new collection of bookmobile books for Fulton County | \$5000 |
| 1 regular collection of bookmobile books | \$1000 |
| books from the region for both libraries | \$3000 |
| records, use of films, magazines, etc. for both libraries | \$ 500 |
| technical help from a regional staff | \$1000 |
| State Aid | \$1000 |
| (at least) | |
| | \$11,500 |

plus \$6000 for the Bookmobile

Following years thereafter, we should provide annual help in the amount of over \$6000.

Final requirement in total local funds after a period of several years would be at least 4 cents on each \$100 of assessed property valuation, or \$5000. This total amount, after service and use improve, should not be difficult to obtain, particularly if state help improves as well. This support could be provided by local appropriations or by a vote for a very small tax. Your county can make this decision. Your county would then have access to a much better collection of library materials at the Regional Library Headquarters in Murray as well as from your own library. These could then be borrowed by Fulton residents.

You need all this help very much, as you know.

We have adopted the new American Library Association regulations for library services at the state level. They include the statement that, "State Aid shall not be provided for a county which shows no record of improvement in its library program."

Because of this policy, we have had to explain to Mrs. Don Henry, Chairman of your County Library Board, that we can not continue to pay the small amount of State Aid (\$500 or \$600 has been sent each year and divided between the two libraries) which has previously been provided. We sent Fulton County a check recently, but unless there is evidence of improvement in local appropriated incomes next year, even this small payment must stop. Local income has not improved for many years.

I do need to qualify statements as to state help with an explanation. State help depends on whether the budget of the Department of Libraries increases sufficiently

to include the necessary funds for adding Fulton County to the Purchase multi-county federation. Bookmobile service shared by two counties would also need to be accepted by both counties involved, but we believe that such acceptance may be brought about without too much difficulty, particularly if a larger, new bookmobile is provided. We also believe that chances are good for obtaining the state funds necessary to help improve your library program - in both cities and in the county.

The federal Public Library Services and Construction Act has passed the Senate by a vote of 89 to 7. The House Rules Committee has reported favorably on the bill. The House is expected to vote on the bill some time during January. This is a terminal bill, ending July 1, 1966, but chances are good for an extension of the act, if it should pass during this month. The state is also favorable to the program.

Our suggestion is for Fulton County citizens to start thinking about this problem, which is not impossible to solve by any means. Good libraries will not only lift the educational level of the whole county; they will also prove to be of great value to students and will help to attract new industries to Fulton County.

We shall be glad to come and talk to any group set up to study possibilities. Library Board Members would of course be contacted to spearhead such a meeting. We can show a film which will clearly explain just what good library service is. We are anxious to serve Fulton County.

Most sincere
Margaret

P. S. Here is an excerpt from a letter from Mrs. J. W. Ammons of Cayce: "We at Cayce and out in the county need help toward getting some kind of library so very much. We think our schools need help. . . . The Homemakers are real anxious to help and hope we can do something soon."

AGRICULTURAL LIMESTONE
SOUTH FULTON LIME CO.
PHONE NO. 10
CENTRAL AVE. S. FULTON, TENN.

PROVIDES YOUR CHEAPEST AND OFTEN MOST VALUABLE PLANT NUTRIENTS.

LIMESTONE'S MOST PUBLICIZED CONTRIBUTION TO PLANT GROWTH IS ITS ABILITY TO "SWEETEN THE SOIL" (CORRECT ACIDITY). BUT LIMESTONE PERFORMS MANY VITAL CHORES:

- IT SUPPLIES CALCIUM AND MAGNESIUM, BOTH NECESSARY FOR PLANT GROWTH.
- IT CORRECTS SOIL ACIDITY AND MAKES MORE SOIL MINERALS AVAILABLE.
- IT IMPROVES PHYSICAL CONDITION OF THE SOIL, AND STIMULATES SOIL MICROBE ACTIVITY.

PERHAPS MOST SPECTACULAR—LIMESTONE ACTUALLY CONSERVES NUTRIENTS! WHEN YOU LIME ACID SOILS, THE CALCIUM AND MAGNESIUM IN THE LIMESTONE TIE UP IRON AND ALUMINUM BEFORE THEY CAN COMBINE WITH AVAILABLE PHOSPHORUS.

AND POTASH IS SAVED BECAUSE IN LIMED SOILS, PLANTS STOP HOGGING POTASSIUM AND UTILIZE THE CALCIUM AND MAGNESIUM—LIMESTONE EVEN FEEDS THE SOIL MICROBES, MAKING THEM MORE ACTIVE.

KNOW YOUR LIMESTONE. IT'S MEASURED BY CALCIUM AND MAGNESIUM CONTENT, POWER TO NEUTRALIZE ACIDS IN THE SOIL AND FINENESS QUALITY. THE FINER THE LIMESTONE THE FASTER IT ACTS IN THE SOIL.

● AUSTIN SPRINGS
By Mrs. Carey Fields

Mr. and Mrs. Houston McGuire have returned home in District No. 1 after a week's stay with their aunt, Mrs. Maud Vincent in Dukedom.

Up at the home of Mr. and Mrs. Lowell Copeland the past Saturday afternoon a pink and blue shower was given Mr. and Mrs. Ronald Copeland. Many nice gifts were presented the couple, games were played and nice refreshments were served the group.

Mr. and Mrs. Eugene Lassiter and sons, Mark and Stevie, of Martin were Sunday guests of parents, Mr. and Mrs. Buton Lassiter.

Mrs. Raymond Robertson has purchased the Zack McClure farm and has already moved. Mr. and Mrs. McClure bought the John Mitchell house in this village. They, too, are now settled in their new location.

Rev. Russell Rodgers filled his regular appointment at New Salem Baptist Church the past Sunday at 11 a. m., also at the evening service. Sunday School is held at 10 a. m. and mid-week prayer service on Wednesday evening at 7:30 p. m.

Mr. and Mrs. Houston McGuire received word last week of the death of Jack Timmons, 52, who passed away in Florida. He was a former resident of near here, having been reared by Mr. McGuire. Many friends will regret to hear of his passing. Funeral and burial were in Florida.

Mrs. Roy Vincent and Mrs. Buton Lassiter visited Mr. and Mrs. Harrison Austin at their home last Monday. Mr. and Mrs. Austin were injured in a car-pickup collision a few weeks ago and are somewhat improved at this writing.

We extend deep sympathy to the family of Jim (Red) Brooks, whose death came in Detroit several days ago, following a lengthy illness. He is the brother of Mrs. Dock Rickman and Mrs. Raymond McClain. Funeral and burial took place in Detroit, since he had resided there for several years.

Mrs. T. T. Harris is doing nicely after suffering some respiratory ailment at her home near here.

Mr. and Mrs. Forrest Darnell of Dukedom were in Memphis for their checkups the past week.

Grant Bynum was in Paducah last Tuesday for treatment for an aggravating case of allergy.

● CHESTNUT GLADE
By Mrs. Harvey Vaughn

Congratulations to the Dresden High boys' basketball team and their coach, Buddy Vineyard, who will represent Weakley County at the state tournament in Nashville, after winning second place in the Region 7 tournament at the UTMB field house. Many attended these games from this community. Very large crowds of fans attended each game.

Mr. and Mrs. Durrell Terrell spent the week end with Mr. and Mrs. Wilmer Jones at Shepherdsville, Ky.

Mrs. Clara Nix is visiting relatives in Detroit.

Mr. and Mrs. Van Brann spent the week end with Mrs. Opal Pounds and visited Mrs. Minnie Brann at the Henderson Home.

Mr. and Mrs. Harvey Vaughan, Mr. and Mrs. Darrel Wright and Mike spent last week end with Mr. and Mrs. Ralph McKnight and Mr. and Mrs. Jack Greaves and family in Sheffield, Alabama. Mrs. Montez Trapp from Frisco, Colorado also spent the week end with the McKnights and attended the wedding of her son, Barry Qualls.

Mrs. Mart Reed is improving at Fulton Hospital and hopes to be able to come home in a few more days. Mrs. Reed suffered a broken hip several weeks ago.

Fulton County Agent's News

JOHN WATTS

About 15 farmers attended a crop production meeting at the REA Building in Hickman last Thursday morning, February 27. County Agent John Watts, pointed out that Fulton County farmers spent more than one half million dollars last year in producing a seven million dollar agricultural income.

George Cordor, Field Agent in Agronomy, pointed out the need for soil tests, before deciding what fertilizer should be used. He also indicated that the physical structure of the soil should be taken into consideration (this can be determined by soil maps available through the Soil Conservation Service office). Mr. Cordor also pointed out that high lime content is good to improve the availability of fertilizers. He indicated that farmers may expect from one dollar to twenty dollars for each dollar spent wisely for fertilizer.

Last year Fulton County farmers spent well over one half million dollars for fertilizer to use in producing —our seven million dollar Fulton County agricultural income.

Mr. George Cordor and Mr. Shirley Phillips were at the REA building last Thursday morning, February 27, at 9:30 a. m. to discuss the best use of fertilizer in crop production, chemical weed control and improved management practices needed for high crop yields at economical production cost.

The 4th Annual West Kentucky Meat Hog-Carcass contest, sponsored by the Kentucky Commissioner of Agriculture will be held at the Purchase District Fairgrounds, Mayfield, Kentucky on March 12-16.

Entries should be made with the county agent before Wednesday, March 11th. All entries must arrive at the Mayfield Fairgrounds before 6:00 p. m. on Thursday, March 12th.

It will be an excellent opportunity for farmers to see how their market barrows compare to those of their neighbor, and to obtain information about the meat characteristics of their pigs.

Premiums for this show are good.

OUT OF STYLE!

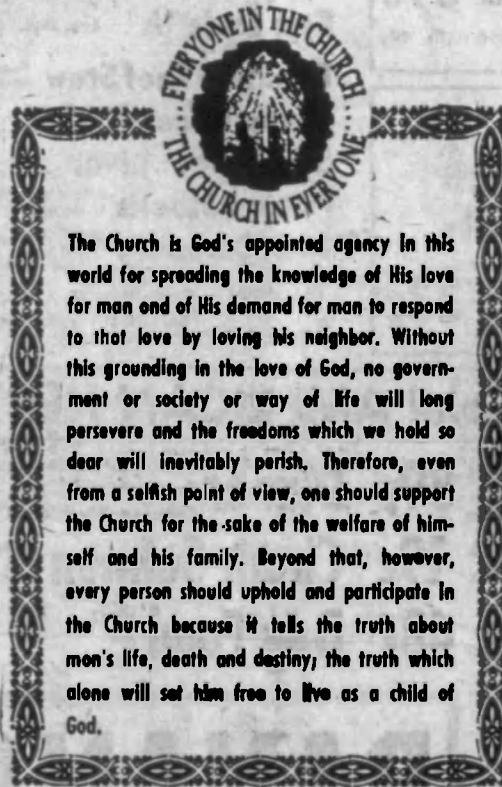

Beards went out of fashion in 18th-century Europe when the introduction of helmets with chin pieces made a hairy face impractical. Men also began to crop their hair short in bowl fashion.

HIS TROUBLES WON'T GET HIM DOWN

Forgetting his incapacitation, he is happily determined to plan ahead. His spirit is not easily crushed. Life is always full of hope and excitement. The Lord and this young man's Christian friends have taught him to have such an outlook on life.

"But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith." Galatians 5:22.

We invite you to attend the church of your choice regularly to worship, to be uplifted, encouraged, and blessed.

NOTEBOOK—

(Continued from page one)
I will, just as soon as the story can be released for publication. There are many loose ends to tie up to get the pattern of the Banana Festival into focus. So, the festival organization feels that it is better to tell the whole story at one time, instead of telling a little bit of it at a time. But I think you'll be very interested in the story of the trip when it is released officially.

GUARANTEED **eat** IN THE **meat** MAKES THIS A GREAT STEAK SALE!

We say "guaranteed eat in the meat" for several reasons. The first steak with quality. Every "Super-Right" steak is cut from selected, grain-fed, fully matured beef—it provides the best eating. Next, the care of the beef. Through every step until the minute you buy—strict quality controls protect the eating goodness. Then there are A&P's cutting methods which insure full value. Let's take Round Steak for example... when this is something you can check for yourself. Experts agree, the best is a full cut tender Round Steak—the only kind sold as "Super-Right". And you can easily tell one—look for these points (as shown in the two photos):

1. Bone must be round—not undersized
2. The meat, red and marbled
3. A generous portion of "top" round steak
4. A full eye round section
5. A generous bottom round

Never find steam interior fat—or a bad meat—these mark a steak that is not full tender cut. Buy any "Super-Right" steak—we guarantee the eat in the MEAT... or your money back.
