Year-Round Schools

The Kentucky Education Association presented this plea for year-round schools to Fulton Daily Leader, but we think the plea should be carried to the legislature of Congress. The association is dedicated to making the school year a more effective and efficient one for the pupils and teachers. No matter what type of school system a community operates, year-round schools can improve the educational process.

New Crisis In China

By Bessie McKeever

AF Foreign Writer

Unhappy China, has its end at all. Chinese Communists have taken over under Comrade Mao Tse-Tung in the sense of a fresh, rough-and-ready government which has its roots in the countryside. The government provides a general education and经济发展 and rural improvement. It is in the search of this kind of a fresh, rough-and-ready government which has its roots in the countryside.

A Change Of Heart?

All about the change of heart is being shown but one man and told the tale when it comes to the Democratic party. The old line, the Democratic party of Jefferson, Jackson, and the old line, the Democratic party of today, are in a state of disaffection in recent years.

Democrats Seek Harmony

The news, beloved last week by Lucy Bird, who is the Democratic party leader, is that the party is seeking harmony. The party is committed to a primary election for unity, and discourage those who are making the road precarious. Presumably we shall out in 1917.

Sports Roundup

By Buck Peterson, Jr.

New York, Jan. 13—(AP) — The Dodgers are surging a "company" campaign against the Braves. Boston Braves' manager Charlie Dressen said Saturday that he was recently hired as "a company" player. "It's a tough battle, but it's worth it," Dressen said.

The Dodgers had been struggling for months, but Dressen said they were now showing signs of improvement. "They're starting to hit the ball and make some plays," he said.

Brownies' Blue Jays Win

Fiddles Away

At His Hobby

Bill Williams, a local violin maker, said Saturday that he has decided to turn his hobby into a full-time job. "I've been making violins for years, but I never thought about doing it full-time," Williams said.

The Blue Jays were uncharacteristically weak in the second game, giving up 4 runs in the second inning. The Cardinals won 10-4.

Alahmna Puts Perfect Record To Acid Test

"How to save money on your electric bill"

Another in a Series by Phineas G. Twitch, Eminent Economist

1. Sell your electric range and take to the Great Outdoors. Any Boy Scout can teach you how to build a fire and cook. It's a grubby job, but think all of the fresh air you'll get—particularly in winter! Just think, you might save as much as 18% of your electricity a day! That should be enough to buy today.

2. Rip out all that electric wiring in your home, and go back to candle-light. It's so romantic, you'll hardly even mind the inconvenience. Since it would cost about $500 for the quarter-ton of candles you'd need to light your house each month—you won't be able to any candles. But within a little time and ingenuity, you can make your own out of old beeswax dripings—if you can get the beeswax. And by the time you've through, you'll just about break even—or break down.

3. Turn off your radio during the Electric Hour—"House of Charm"—every Sunday afternoon at 3:00 CST over CBS. Of course, you'll miss the All-Girl Orchestra under the direction of Phil Spitalny, with Evelyn and her Magic Violin—but you'll save about six-tenths of a penny every year you do! In a year you'll be almost 5½ the good—and think what all that money will buy today!
