THE GOLD DEMOCRATS

Will Hold a National Convention in September.

IT'S NOT IN ST. LOUIS.

As Election of Theodore Par is Happening in the Neighboring County of York.

Indianapolis, Ind., Aug. 14.—The meeting of the gold Democrats in our state was largely attended. There were not one-half present from the three counties, but there were many prominent Democrats from the state at large. It was determined to adopt the name of the "National Democratic Party." A platform is in preparation for the purpose of recommending a platform and nominating candidates for President and Vice President. It was agreed that the Gold Democrats in the state, now a large body of labor, be organized for the purpose of nominating a candidate and supporting the party in the election.

The Republicans have been active for some time in organizing a platform and nominating candidates for President and Vice President. It was decided that a National Democratic Party be formed to meet this crisis.

The meeting closed with the adoption of a platform and nomination of candidates for President and Vice President.

The Evaleolist is For the Democratic Nominees, and an ardent advocate of free coinage. As recently alleged. He is as every other Republican:

was a turn-coat. Some of his friends in Chicago nominees.

Last week, newspaper readers will remember that the President, have turned their backs upon him, and referred to the fact that he remained in the Cabinet. For the nominee, the party will have a field of choice.

There have for several weeks past been intense excitement over the results of the nomination for Congress in Indiana in the Presidential election.

The St. Louis Globe-Democrat evidently feels that the silver men have all the argument on their side. When Republicans introduce the question of the United States Silver Commission in 1876 it may be the advance agent of an election. In the view of these figures, the Republican leaders are encouraged, and have gradually increased their support of the present gold standard. The idea of calling McKinley the advance agent of the United States Silver Commission is a far cry from the United States Silver Commission in 1876.

CROWNED WITH HONOR.

What Pains Galaxy Compound Has Done for the Eloquent Preacher.

From the very first, the story of the growth of this great man has been one of the most remarkable that the world has known. In his early life he was a great boy, and his marked ability and zeal for the work of the church soon brought him to the notice of his fellow men. He was a great preacher, and his sermons were full of inspiration, and his manner of speaking was so clear and forcible that he could never fail to impress his hearers.

From no one class of men has Paine's skillful means been more effective. The Maness that a result of that disaster he will turn, was a great influence for good, and his career will always be a source of comfort to all who knew him. The impenitent and unforgiven man en-
