MURRAY, KENTUCKY, THURSDAY, SEPTEMBER 19, 1918

## QUESTIONNAIRES NOW BEING SENT OUT BY BOARDS

Washington, Sept. 18.—Local draft boards began yesterday the mailing of questionnaires to men who registered September 12, of the age group 19 and 20 years and 32 to 36 years, inclusive.

Orders from General Crowder's office to the boards are that they shall mail at least ten per cent of the questionnaires each day until all are mailed. If they can exceed this quota they are authorized to do so. The registrants are allowed seven days in which to fill out and return their questionnaires. On this schedule all questionnaires must be back in the board's hands by October 5.

But the drawing will be held before that time. The questionnaires will go out under the provost marshal general's order with the serial number on them, but the order number space will be left blank, to be filled out after the drawing by the board.

The only limitation on the date of the drawing is the time by which all registration cards are mailed by the local boards. The provost marshal general's office is satisfied that the integrity of the local boards is such that there would be no tampering with the serial numbers after the drawings to affect the order numbers of favored registrants, but it intends to hold the big drawing under such conditions that no one can even make charges of that character. The condition under which the drawing is held must be such that they themselves are a complete answer to any charge which might be made.

### Drawing Probably September 28.

General Crowder had originally suggested that the drawings be held on October 2. Later it was suggested that it might be moved up to September 24. Now the talk about the office is that it may be possible to have everything ready for September 28. It will be held before the questionnaires are all returned.

There was a new rush of applications to the adjutant general's office for recommendations as a result of the lifting of the lid on commissions yesterday. However, the restrictions that all staff commissions must pass through the personnel bureau and the plan to put the matter completely up to the needs of the various staff departments in the selection of civilians for officers are expected to result in a more careful sifting out process than ever before.

The rule that applications for commissions in the line must first be inducted into the army as privates and then sent to training camps, whence, if they fail of commissions, they will be sent to camps as privates, will result in more men now in the service getting commissions at the start. And vacant higher ranks will be filled from the lower ranks.

Officers are to be promoted strictly on merit and men in the ranks are to have the first chance.

### Fourth Liberty Loan.

Get it in your heart, 28th and 29th. Volunteer Days. Let all who can show a deep sense of patriotism by making big voluntary subscriptions. Uncle Sam expects all the churches throughout the country, where there are services held on Sunday the 29th, to provide for voluntary Liberty Bond subscriptions. The campaign will be on in deed earnest on the 28th inst. A big job it is, but not too big. While Pershing leads our boys let's all do our full best in giving support. We are winning, keep it going, is the word.

All precinct chairmen of Calloway county are called to meet at the court house at 3 p. m., "fast time," Friday, next. Pressing business, everyone be on hand. Nat Ryan, Chairman.

### MEMPHIS COUPLE HAVE EXCITING HONEYMOON IN GRAVES

Mayfield, Ky., September 16.—The honeymoon of Mr. and Mrs. Charles J. Wheeler, of Memphis, was shattered and wound up in grief Sunday as they motored through the south part of the county. They are now charged with stealing a turkey, quilts, eggs and various articles as they sped happily through country highways, crossing the classic war-torn of Ohio creek and cooling at the result of swimming under the shady oaks and in lovers' lanes where many

hearts have before been made from two to one.

This couple, who have passed the spring chicken age, were arrested by Constable Jesse Shelton and escorted to the office of City Judge Wyatt, of Wingo, who held an examining trial and announced that he would hold them to the grand jury in the sum of \$500 each. They were handsomely dressed and insisted that the officers had made a critical mistake; that they had been disgraced by his official actions. The groom while enroute to Wingo from Water Valley where the officer accosted them, took a couple of punches at the determined constable as he stood on the running board of the car in which the couple were traveling.

When told that they would probably have to spend the night in the county jail, the groom expressed vigorous objections, saying that he would pay \$10 to be guarded rather than to stay in jail.

The constable accepted and the night was spent by the two in the city hall at Wingo.

The charges are that the couple while passing the home of Tom Bullock stopped the machine while the newly made benedict went inside and picked up a few household articles and then continued on their journey. At Orville Saxton's some missing articles have been attributed to the gentle touch of the gentleman from Tennessee. Ben Hicks later missed a turkey and the one found in the possession of Wheeler is thought to be the property of Hicks. Other articles found in their possession were identified late Sunday afternoon.

Wheeler and wife were brought to Mayfield Monday morning and were in consultation with County Attorney F. B. Martin during the day while waiting to hear from Memphis, where they had wired in hopes of getting \$300 with which to execute a cash bond.

Later Monday afternoon news from a Memphis bank was received that the check of Wheeler for \$300 would be honored. He put up a cash bond of \$300 and they were released from custody.

### 181,838 MEN CALLED FOR MILITARY SERVICE

Washington, Sept. 16.—Draft calls announced today by Provost Marshal General Crowder will send 181,838 men qualified for general military service to army camps before October 16. All states have quotas to fill. Of the total 142,000 will be white registrants, who will entrain between October 7 and 11. The remainder will be negroes, who will move in two groups, 29,016 entraining between September 25 and 27 and 10,752 on October 16.

Men who registered last Thursday may be needed in a few districts to fill the new quotas, it is said at the provost marshal general's office, but in most localities "sufficient" men remain in class one from the registrants of last June 5 and August 24 to meet the requirements.

The following number of white registrants were called from Kentucky, Indiana and Ohio:

Kentucky, 7,483, Camp Sevier, S. C.  
Indiana, 5,000, Camp Zachary Taylor, Ky.  
Ohio, 1,081, Camp McClellan, S. 000 Camp Sherman.

### DROVE AUTO SUNDAY; HOMES PAINTED YELLOW

Winchester, Ky., Sept. 16.—Because they disregarded the federal government's request to conserve gasoline by discontinuing the use of automobiles on Sunday the residences of Thomas Rash and Joseph Green, near here, were painted yellow sometime during Sunday night.

While on their way from Winchester to Lexington Sunday Rash and Green were stopped by Policeman Strode, who inquired if they believed it to be necessary to use their cars.

When they replied that they were going to church, and that their train had gone, Policeman Strode told them that there was another train they might take, but they drove on.

### GROCERS WARNED AS TO SALES OF SUGAR

Grocers are admonished in a bulletin just issued by Federal Food Administrator Fred M. Sackett to all county administrators to keep complete records of sugar sales. The alphabetical record must show the number in the family and the dates and amounts of all sales.

The bulletin is issued because inspectors have reported general failure of merchants to comply with this request. Permits will not be issued for additional sugar, the bulletin says, unless such records are kept and consequently consumers may suffer.

## What the Government Expects of You

### SOLDIER

That he give up all of life that he holds most dear; that he go to a foreign land and stand in the path of a foe whose God is Just and whose Creed is Murder.

In return he may receive cold, hunger, hardship, weariness, suffering, death and a clear conscience.

### COULD YOU ASK MORE OF HIM?

Mr. Farmer, do you realize that when your boy and your neighbor's boy left on that morning train with a smile on his face, that he left, with calm confidence, the responsibility of his fate upon YOUR shoulders?

That he smiled because he felt sure that the folks at home would not fail him? Did the question of where his bread was coming from ever enter his mind? Why should he question it? Where should it come from? Who is he fighting for? What is he fighting for?

He is the only bar before your door. He is the only power against Heaven that can stop the blight of the Hun. He is the only obstacle under the shining sun that stands between German lust and the sanctity of your home. He is the only agency on the face of the earth that defies the will of the German army, the same army that raped Belgium, that

### FARMER

That he sow all the wheat he can. That he use every atom of energy in his being to produce a maximum yield.

That he shall not determine his wheat acreage by what he thinks his profits will be.

In return he shall receive—more clear profit on his wheat than he ever before received, the comfort of his own home and fireside and a clear conscience.

### COULD LESS BE ASKED OF HIM?

laid in desolation the villages of France, that burns, pillages and despoils, and that now seeks the open road to America.

When this boy comes back can you look him in the eye and tell him that you have done all you could? Can you tell him that the bread he ate came to him as a result of the efforts of men like you? Or if he doesn't come back, can you lie down to rest with the conscience of a man who performed his duty?

WHEAT WILL WIN THE WAR, nothing can take its place, the United States alone can produce what is needed, and YOU alone are responsible for what part you play in it.

SOW MORE WHEAT than you ever did before, prepare your ground as you never dreamed of preparing wheat ground and guard against every agency that will tend to reduce production, and then you will simply have performed your duty.

### EXHIBIT TRAIN TO VISIT HERE

Many War Trophies and Materials to be Shown Here at an Early Date.

A special U. S. Liberty Loan war exhibit train stocked with many war trophies from the battle fields of France and materials of war will visit Murray on Tuesday, October 8.

The train is to come under the auspices of the Liberty Loan organization of the Eighth Federal Reserve District and will not only be an object of great interest, but will aid very materially in the sale of Fourth Liberty Loan bonds. Soldiers and sailors will accompany the train to explain and demonstrate the war material and one or more soldiers of our allies, who have served at the front, will be present and relate their experiences. An official will be in charge and civilian speakers and bond salesmen will be one of the party.

The train is scheduled to arrive at 4:30 p. m. and remain until 6:30 p. m. As much territory is to be covered and many places to be visited, it cannot remain longer than the time allotted to this city.

It is expected that the visit of the exhibit train to Murray will bring to our city many people from neighboring towns.

### WOUNDED SOLDIERS WILL PARTICIPATE IN DRIVE

Washington, Sept. 16.—Wounded soldiers now recuperating in American hospitals will participate in the Fourth Liberty Loan campaign, opening September 28, under orders issued today by the war department. Surgeons have been instructed to report on men who will be physically able to leave hospitals and speak or canvass for the loan, and these will be assigned by the Liberty Loan publicity bureau to accompany the twenty-four trains of war relics, or make addresses at local meetings. Only those who wish to do this service will be assigned.

### Mayfield Teachers Strike

Mayfield, Ky., Sept. 14.—Because they refused to work under Miss Orr as principal, teachers and pupils of the west ward school here struck Thursday and four members of the teaching staff have resigned. The school board has been in almost continuous session since the walkout and announced today that it would not alter its position. Miss Orr will be retained, new teachers employed and the school will resume session Monday according to the superintendent and members of the board.

The following teachers resigned: Mrs. Ray Beadles, Miss Lela Cosby, Mrs. Ray Doughaday and Miss Esther Burnett. They stated that they could not cooperate under existing circumstances. The teachers refused to tell Superintendent G. A. Young why they objected to Miss Orr.

One more child and fever

Dr. R. H. Crossfield, president of Transylvania and the Bible College, and some of the Bible College faculty. The request for a probe of the charges is also signed by Ira M. Boswell and George Farley as the "Publicity Committee of the Bible College League."

Charges were made two years ago along the same line, but the matter was dropped and the differences were believed to have been settled. The resumption of the allegations today caused something of a sensation. Dr. Collis says he has been criticized for his activity in the matter. Among the charges made appears this paragraph:

"I feel that I should not withhold from you that a brother who was in position stated to me that he knew that in a class of twelve advanced students a majority of them did not believe in the divinity of Christ."

### FOUND DEAD IN RIVER WITH HIS SKULL CRUSHED

Paris, Tenn., Sept. 16.—Chas. Perkins, colored, an alleged bootlegger, was found dead in the Tennessee river with his skull crushed and Will Lester, another negro, is held in the county jail to answer the charge.

According to the information which reached this office Perkins was enroute from Paducah to his home at Paris Landing and was making the trip on the Kentucky steamer. It is further claimed that he had \$40 in cash and a suit case of whiskey.

It seems that the man disappeared from the boat near Donaway's Landing and that the body was later found in the river with the head crushed. Suspicion strongly pointed toward Will Lester, who was in the boat, and the officers kept a close watch with the result that Deputy Sheriff E. F. Malcolm captured the man and brought him in on Wednesday night.

A preliminary trial will be held today probably. Perkins would have been jailed before the next term of circuit court if it is claimed, charged with bootlegging, the date of the alleged offense having been July 4.

### NO FOODSTUFFS TO BE USED IN BEER AFTER OCTOBER 1

Washington, Sept. 17.—President Wilson today signed a proclamation prohibiting after next October 1 the use of any foodstuffs in brewing beer and near beers except malt and hops. After December 1 brewers must cease brewing altogether. The food administration said there will still be enough beer in the vats to last from two to six months and the sale of this will not be stopped.

### Married to Trigg County Lady.

Mr. Newton Lee Boggs, of Murray, and Mrs. Florence Freeman, of this place, were united in marriage last Thursday evening at the home of the bride, Rev. L. J. Freeman performing the ceremony. Mrs. Freeman is the widow of the late John Freeman and a daughter of Esquire "Bob" Allen, deceased. Mr. Boggs is a tobacco handler of Murray. They will make their home in Murray—Cruz Record.

### DEATH PENALTY GIVEN 79 YEAR OLD FARMER.

Bowling Green, Ky., Sept. 12.—A. A. Garman, 79 years old and a wealthy farmer of the city was given a death sentence by a jury in circuit court today following a brief trial. The jury deliberated thirty minutes. Garman killed Ed Johnson, a tenant on his farm August 7. He entered a plea of temporary insanity. A motion for a new trial will be made by his attorneys.

### Henry Good Enough for Him.

M. E. Harding, who formerly lived in this county, but moved to Calloway near Murray about a year ago, was in Paris Wednesday and called in to see us while here. Mr. Harding has sold his farm in Kentucky and is coming back to Henry county to make his home. He says that Henry county is good enough for him—Paris Post.

Miss Almada Wear and Mr. Lemar Farley were united in marriage last Saturday at the home of Earl Washburn and wife, of Martin, Tenn. The bride is a daughter of Barnett Wear and wife and is one of the city's popular and much loved young girls. The groom is a son of Mr. R. T. Farley of this city and is an employee of the N. C. & St. L. railway company in the freight office at this place. He is a splendid young man and has many friends.

Ralph Churchill has returned home from a visit to his aged in Nashville, Tenn.

## General March is the FIVE MS STATE FRANCHISE

Washington, Sept. 16.—The five military states of Austria, Turkey and Germany should determine to die in the trenches, some of the American field armies will be found on the Italo-Austrian and the Macedonian front.

Secretary of War Baker, speaking some time ago about the desire to help Italy, stated that there would be no limit to the assistance as soon as the circumstances warranted the dispatch of forces to her consistent with her demands.

Specifically General March stated that there would be in existence by July 1, 1919, an army of 4,800,000 men, and he has, therefore, stated that a field army consists of approximately 1,600,000 men. There are, he said, 3,200,000 men "under arms," of which nearly one and three quarters millions are in France.

### Grand Total of 4,800,000.

General March's plan is to have called to the colors between now and next July 2,700,000 men, which, added to the 3,200,000 now under arms, will make a grand total, with all allowances for casualties and rejections, of 4,800,000. It is believed by officers that with the constantly increasing monthly figures of laying down the troops in Europe the whole number of the draft necessary to raise the 2,700,000 will be in Europe on various fronts by the middle of July. The tremendous number of Americans to be under arms in Europe will make it necessary to further classify the total into groups of "field armies," which is the next and highest possible classification.

Simultaneously with General March's statement to the house committee the war department issued a statement which calls for a great expansion in the air service. The magnificent program of General March is evidently based on the proper equipment of every arm of the service and an unlimited number of planes of all kinds is necessary to complete the effectiveness of the American troops in the field. It was doubtless due to the needs of the colossal army to cross the seas by July 1 of next year that the air service has made arrangements to fill its ranks with men from all classes of the draft.

### Stephens-Paschall

Friends of both the contracting parties were pleasantly surprised this week by the news of the marriage of Miss Ynez Stephens to Mr. Gas Paschall. The quiet wedding ceremony took place on Tuesday at the Methodist parsonage in this city, Rev. A. N. Walker officiating. The bride is the charming daughter of Mr. and Mrs. H. H. Stephens, of near Pleasant Grove. She was engaged in the millinery business here a few years ago and is pleasantly remembered and greatly admired by her numerous friends in this vicinity. The groom is a prosperous young farmer of the southwest part of the county. The news extends congratulations and wishes for them an abundant share of the good things of life. Hazel News.

### River Hills.

Frank Outland, of this section, died recently. He was living with his stepmother at the time of his death, having moved there not many months ago. He was first taken ill of typhoid fever, then pneumonia set up in both lungs. He was a young man about 20 years of age and who numbered his friends by the hundreds. He will be greatly missed as he was of a most jolly nature, but the strong as well as the weak must go.

John Childers has returned from Missouri and is making arrangements to move his family out there. J. J. Ellis is in for a few days from Nashville.

Mr. Adams is teaching a singing school at Russell's Chapel and Jim Wilson is teaching singing at Center school church—Uncle Ezra.

The three month old child of Jesse Patton, who lives on the Workman road northeast of Branson, Mo., died the first of the week.

## The hope of the world lies in the sons of America.

They are "Over there" now—a million and a half strong; they are going over daily—a million and a half more of them. Another million and a half are waiting for the call that soon will come.

Those who have been under fire have demonstrated superbly the qualities that make fighters—they have shown that the barbarous hun is no match for them.

Many an American son has gone down—has made the supreme sacrifice for his Country and liberty. Before the german horde is driven back within its own borders, many more American sons will go down. How many, depends upon us at home.

A small American army, no matter how brave, will inevitably suffer severe casualties. A gigantic American army will overwhelm the hun and bring quick victory with the least loss of life.

The lives of our sons are in our hands. The boys are ready, willing and eager. They must be trained and equipped. No time must be lost. It is up to us to provide the money necessary to make these boys invincible. We must do it and do it quickly. With our own sons already in the fight, every day's delay lays at our own doors the blood of brave American sons.

Read the casualty lists in the papers and ask yourself: "How long shall I permit this to go on?" There is only one answer: *"I will do my utmost to help equip and put into the field an American army that will make short work of the hun and put a stop to the shedding of American blood."*

# Be a Volunteer

## September 28th and 29th Will Be Volunteer Days

On these days everyone will be given an opportunity to step up and buy bonds without being solicited to do so. Places will be designated where volunteer subscriptions will be received. These places will be announced in the papers and by signs. Your card will be on file there. Cards of those who do not volunteer will be used for active solicitation, which will begin Monday, September 30th. No one will be overlooked.

Do not wait for some one to come after your subscription. Show that you, too, can volunteer for your Country's service, just as our boys "over there" did.

Figure out now the very maximum you can subscribe. Be ready when Volunteer Days come. This is no time for half-way measures. Half-way measures won't push our

boys across the Rhine. It is up to us to buy bonds with every uninvested dollar we own, plus every dollar we can save by careful, frugal living for six months to come.

You don't have to pay all cash for your bonds. You can make your first payment from cash in the bank, and take care of the balance out of your daily, weekly or monthly savings.

The forced saving you do now will mean a nice nest egg later, for the bonds you buy now and pay for as you go along, will prove a splendid investment that will pay you a good interest every six months. After the war, the bonds will be worth more than you paid for them. Don't hesitate to do your duty and do it quickly. "Don't let the SON go down."

Believing that it is the duty of every person who enjoys the freedom and privileges of citizenship in our great Country to do his utmost to help win the war, the following firms and individuals have patriotically contributed the money to pay for this and other advertisements of the Fourth Liberty Loan:

### COULD YOU ASK MORE OF HIM?

Mr. Farmer, do you realize that when your boy and your neighbor's boy left on that morning train with a smile on his face, that he left, with calm confidence, the responsibility of his fate upon YOUR shoulders?

That he smiled because he felt sure that the folks at home would not fail him? Did the question of where his bread was coming from ever enter his mind? Why should he question it? Where should it come from? Who is he fighting for? What is he fighting for?

He is the only bar before your door. He is the only power against Heaven that can stop the blight of the Hun. He is the only obstacle under the shining sun that stands between German lust and the sufficiency of your home. He is the only agency on the face of the earth that defies the will of the German army, the same army that raped Belgium; that

### FARMER

That he sow all the wheat he can. That he use every atom of energy in his being to produce a maximum yield.

That he shall not determine his wheat acreage by what he thinks his profits will be.

In return he shall receive—more clear profit on his wheat than he ever before received, the comfort of his own home and fireside and a clear conscience.

### COULD LESS BE ASKED OF HIM?

laid in desolation the villages of France, that burns, pillages and despoils, and that now seeks the open road to America.

When this boy comes back can you look him in the eye and tell him that you have done all you could? Can you tell him that the bread he ate came to him as a result of the efforts of men like you? Or if he doesn't come back, can you lie down to rest with the conscience of a man who performed his duty?

WHEAT WILL WIN THE WAR, nothing can take its place, the United States alone can produce what is needed, and YOU alone are responsible for what part you play in it.

SOW—MORE—WHEAT than you ever did before, prepare your ground as you never dreamed of preparing wheat ground and guard against every agency that will tend to reduce production, and they will simply have performed your duty.

### EXHIBIT TRAIN TO VISIT HERE

Many War Trophies and Materials to be Shown Here at an Early Date.

A special U. S. Liberty Loan war exhibit train stocked with many war trophies from the battle fields of France and materials of war will visit Murray on Tuesday, October 8.

The train is to come under the auspices of the Liberty Loan organization of the Eighth Federal Reserve District and will not only be an object of great interest, but will add very materially in the sale of Fourth Liberty Loan bonds. Soldiers and sailors will accompany the train to explain and demonstrate the war material and one or more soldiers of our allies, who have served at the front, will be present and relate their experiences. An official will be in charge and civilian speakers and bond salesmen will be one of the party.

The train is scheduled to arrive at 4:30 p. m. and remain until 6:30 p. m. As much territory is to be covered and many places to be visited, it cannot remain longer than the time allotted to this city.

It is expected that the visit of the exhibit train to Murray will bring to our city many people from neighboring towns.

### WOUNDED SOLDIERS WILL PARTICIPATE IN DRIVE

Washington, Sept. 16.—Wounded soldiers now recuperating in American hospitals will participate in the Fourth Liberty Loan campaign, opening September 28, under orders issued today by the war department. Surgeons have been instructed to report on men who will be physically able to leave hospitals and speak or canvass for the loan, and these will be assigned by the Liberty Loan publicity bureau to accompany the twenty-four trains of war relics, or make addresses at local meetings. Only those who wish to do this service will be assigned.

### Mayfield Teachers Strike.

Mayfield, Ky., Sept. 14.—Because they refused to work under Miss Orr as principal, teachers and pupils at the west ward school here struck Thursday and four members of the teaching staff have resigned. The school board has been in almost continuous session since the walkout and announced today that it would not alter its position; Miss Orr will be retained, new teachers employed and the school will resume session Monday according to the superintendent and members of the board.

The following teachers resigned: Mrs. Roy Beadles, Miss Lela Cooley, Mrs. Jerry Doughaday and Miss Esther Burnett. They stated that they could not co-operate under existing circumstances. The teachers refused to tell Superintendent O. A. Young why they objected to Miss Orr.

600 cases chills and fever.

Dr. R. H. Crossfield, president of Transylvania and the Bible College, and some of the Bible College faculty. The request for a probe of the charges is also signed by Ira M. Boswell and George Farley as the "Publicity Committee of the Bible College League."

Charges were made two years ago along the same line, but the matter was dropped and the differences were believed to have been settled. The resumption of the allegations today caused something of a sensation. Dr. Collis says he has been criticized for his activity in the matter. Among the charges made appears this paragraph:

"I feel that I should not withhold from you that a brother who was in position stated to me that he knew that in a class of twelve advanced students a majority of them did not believe in the divinity of Christ."

### FOUND DEAD IN RIVER WITH HIS SKULL CRUSHED

Paris, Tenn., Sept. 16.—Chas. Perkins, colored, an alleged bootlegger, was found dead in the Tennessee river with his skull crushed and Will Lester, another negro, is held in the county jail to answer the charge.

According to the information which reached this office Perkins was en route from Paducah to his home at Paris Landing and was making the trip on the Kentucky steamboat. It is further claimed that he had \$40 in cash and a suit case of whiskey.

It seems that the man disappeared from the boat near Dunaway's Landing and that the body was later found in the river with the head crushed. Suspicion strongly pointed toward Will Lester, who was at the boat, and the officers kept a close watch with the result that Deputy Sheriff E. F. Malcolm captured the man and brought him in on Wednesday night.

A preliminary trial will be held today probably. Perkins would have been jailed before the next term of circuit court, it is claimed, charged with bootlegging, the date of the alleged offense having been July 4.

### NO FOODSTUFFS TO BE USED IN BEER AFTER OCTOBER 1

Washington, Sept. 17.—President Wilson today signed a proclamation prohibiting after next October 1 the use of any foodstuffs in brewing beer and near beers except malt and hops. After December 1 brewers must cease brewing altogether. The food administration said there will still be enough beer in the vats to last from two to six months and the sale of this will not be stopped.

## GEN. M is the FIVE M State" FRANCE

Washington, Sept. 16.—The greater part of those armies will go to France, but it is pointed out at the war department that if Austria, Turkey and Germany should determine to die in the trenches, some of the American field armies will be found on the Italo-Austrian and the Macedonian front.

Secretary of War Baker, speaking some time ago about the desire to help Italy, stated that there would be no limit to the assistance as soon as the circumstances warranted the dispatch of forces to her consistent with her demands.

Specifically General March stated that there would be in existence by July 1, 1919, an army of 4,800,000 men, and he has, therefore, stated that a field army consists of approximately 1,000,000 men. There are, he said, 3,200,000 men "under arms," of which nearly one and three quarters millions are in France.

### Grand Total of 4,800,000.

General March's plan is to have called to the colors between now and next July 2,700,000 men, which, added to the 3,200,000 now under arms, will make a grand total, with all allowances for casualties and rejections, of 4,800,000. It is believed by officers that with the constantly increasing monthly figures of laying down the troops in Europe the whole number of the draft necessary to raise the 2,700,000 will be in Europe on various fronts by the middle of July. The tremendous number of Americans to be under arms in Europe will make it necessary to further classify the total into groups of "field armies," which is the next and highest possible classification.

Simultaneously with General March's statement to the house committee the war department issued a statement which calls for a great expansion in the air service. The magnificent program of General March is evidently based on the proper equipment of every arm of the service and an unlimited number of planes of all kinds is necessary to complete the effectiveness of the American troops in the field. It was doubtless due to the needs of the colossal army to cross the sea by July 1 of next year that the air service has made arrangements to fill its ranks with men from all classes of the draft.

### Stephens—Paschall.

Friends of both the contracting parties were pleasantly surprised this week by the news of the marriage of Miss Voege Stephens to Mr. Gus Paschall. The quiet wedding ceremony took place on Tuesday at the Methodist parsonage in this city. Rev. A. N. Walker officiating. The bride is the charming daughter of Mr. and Mrs. H. H. Stephens of near Pleasant Grove. She was engaged in the millinery business here a few years ago and is pleasantly remembered and greatly admired by her numerous friends in this vicinity. The groom is a prosperous young farmer of the southwest part of the county. The news extends congratulations and wishes for them an abundant share of the good things of life.—Herald News.

### River Hills.

Frank Outland, of this section, died recently. He was living with his stepmother at the time of his death, having moved there not many months ago. He was first taken ill of typhoid fever, then pneumonia set up in both lungs. He was a young man about 30 years of age and who numbered his friends by the hundreds. He will be greatly missed as he was of a most jolly nature, but the strong as well as the weak must go. John Childers has returned from Missouri and is making arrangements to move his family out there. J. J. Ellis is in for a few days from Nashville.

Mr. Adams is teaching a singing school at Russell Chapel and Jim Wilson is teaching singing at Center Ridge church.—Caldwell Record.

The three month old child of Jessie Parker, who lived on the Workman ridge northwest of Henderson Mill, died the first of the week.

The hope of the world lies in the sons of America.

They are "Over there" now—a million and a half strong; they are going over daily—a million and a half more of them. Another million and a half are waiting for the call that soon will come.

Those who have been under fire have demonstrated superbly the qualities that make fighters—they have shown that the barbarous hun is no match for them.

Many an American son has gone down—has made the supreme sacrifice for his Country and liberty. Before the german horde is driven back within its own borders, many more American sons will go down. How many, depends upon us at home.

A small American army, no matter how brave, will inevitably suffer severe casualties. A gigantic American army will overwhelm the hun and bring quick victory with the least loss of life.

The lives of our sons are in our hands. The boys are ready, willing and eager. They must be trained and equipped. No time must be lost. It is up to us to provide the money necessary to make these boys invincible. We must do it and do it quickly. With our own sons already in the fight, every day's delay lays at our own doors the blood of brave American sons.

Read the casualty lists in the papers and ask yourself: "How long shall I permit this to go on?" There is only one answer: *"I will do my utmost to help equip and put into the field an American army that will make short work of the hun and put a stop to the shedding of American blood."*

## Be a Volunteer

September 28th and 29th Will Be Volunteer Days

On these days everyone will be given an opportunity to step up and buy bonds without being solicited to do so. Places will be designated where volunteer subscriptions will be received. These places will be announced in the papers and by signs. Your card will be on file there. Cards of those who do not volunteer will be used for active solicitation, which will begin Monday, September 30th. No one will be overlooked.

Do not wait for some one to come after your subscription. Show that you, too, can volunteer for your Country's service, just as our boys "over there" did.

Figure out now the very maximum you can subscribe. Be ready when Volunteer Days come. This is no time for half-way measures. Half-way measures won't push our

boys across the Rhine. It is up to us to buy bonds with every uninvested dollar we own, plus every dollar we can save by careful, frugal living for six months to come.

You don't have to pay all cash for your bonds. You can make your first payment from cash in the bank, and take care of the balance out of your daily, weekly or monthly savings.

The forced saving you do now will mean a nice nest egg later, for the bonds you buy now and pay for as you go along, will prove a splendid investment that will pay you a good interest every six months. After the war, the bonds will be worth more than you paid for them. Don't hesitate to do your duty and do it quickly. "Don't let the SON go down."

Believing that it is the duty of every person who enjoys the freedom and privileges of citizenship in our great Country to do his utmost to help win the war, the following firms and individuals have patriotically contributed the money to pay for this and other advertisements of the Fourth Liberty Loan:

## Enroute to the Trenches

Cambridge, Mass., Sept. 10.

Dear O. J.: After a long and interesting journey from Great Lakes, Ill., I now find myself in Cambridge, Mass., stationed at the "Old School of Harvard."

Harvard in war times is unlike the "Old Harvard" that we have heard so much talk about. We are stationed in the new barracks on the commons and take mess in the famous Memorial Hall. It makes one have a feeling of pride to glance upon the walls and reflect on the portraits of so many great men who have doubtlessly in the past set at mess at the very table where we now set, and there too are the portraits of the students of the "Old School" whose fame is now immortal, and with other reflections comes a thought of pride that we are Americans all, and America of today will sometime be the America of the past, and it is good to reflect. What are we Americans doing for America of a new era?

In front of one of the many halls of Harvard stands a stone that marks the spot where General Prescott's colonial troops assembled to be led in prayer by President Langdon before the battle of Bunker Hill, and today the boys in blue that through the streets of Harvard cast many serious reflections on that inscription.

Not far from our station stands the famous old Cambridge elm where Washington took command of the army in June, 1775.

The old North Church that sang out the signal that started Paul Revere on his famous midnight ride, still stands in Boston, it is old now, and the rusty old bell has long since been silenced, but the echo that stirred the heroic soul of the silent rider will never die. They will echo down through the ages and spur on America to her noble task, as they stirred the patriotic soul of Paul Revere.

There are other places of historical interest in Boston I want to visit, Plymouth Rock, and when I have time I will make a visit to Lexington and for the benefit of history students in the county where I received my schooling I will write another, letter later on.

Yours very truly,  
GALEN M. THURMAN,  
Harvard Square, General Delivery.

Holland Cole, 75th Co., 6th Reg., U. S. Marines, who was in the thick of the fighting at Chateau Thierry and at various other points in the big push in the valley of the Marne, recently wrote to his father, John Cole, northwest of town in which he says:

Dear Father: I will try and write you a few lines to let you know that I am still living and feeling fine.

I would have written sooner but we have been on the firing line now for over two months and we do not have much time to write.

I guess you read in the papers what the Americans are doing in France, but no press could print what we have seen and gone through since we have been in France, but let us hope that I live to come home and tell you all about it.

I can hardly see how the Boche can last much longer for we are pushing them on all fronts. I have seen as many as 15,000 German prisoners marched by in one column and they are capturing thousands of them every day.

I will close for this time, hoping to hear from you soon. As ever your loving son,  
HOLLAND COLE.

Sergeant Harmon E. Farmer, medical corps, is over there. Harmon is a son of F. C. Farmer and wife, of Martin, Tenn., former residents of this city, and is a well known young man who went into service from this county.

Charlie Barton is in receipt of a card announcing the arrival of his son, Toy Barton, in France. Toy is a volunteer and left Camp Dodge, Iowa, where he had been in training for some time.

Four more splendid young Calloway citizens were called into military service this week. They were Ira D. Rose, Lois Hargrove Claude Wesley Farmer and Galen Hurt. The boys left Wednesday night for Lexington, Ky., where they will enter vocational training for several weeks before being assigned to active service.

The war department has notified Mrs. McElrath of the safe arrival of her son, Dr. Hugh McElrath, overseas. Dr. McElrath was transferred to the medical corps as soon as he was inducted into the service and within three weeks after he left Murray had received orders to leave for France.

Mrs. Dovie Burton, 16 years of age, died Saturday morning at 3:30 o'clock at her home, 1223 Broadway, from acute Bright's disease. She was a native of Dexter, Ky. Besides her husband, Charles E. Burton, who is in the United States army in France, the deceased is survived by her father, two sisters and a brother, all of Dexter, Ky. **Be a Joy-Walker, "Gets-It" for Corns**

3 Drops, 2 Seconds—Corns Is Doomed!

"My Corns Peel Clean Off, With 'Gets-It'"

of the world's magic and only genuine corn-peeler. "Gets-It" then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It"—There's only one like it in the world—that's "Gets-It." Millions have tried and O. K.'d it for years. It never fails. "Gets-It" the guaranteed money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill.

### RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this line of Red Cross Remedies.

This is an age of Specialists, and while one may have distinguished achievements to his credit in one particular line, another is excelling in something else. That very thing makes it possible for us to have a Red Cross Remedy for each ailment, and enables us to give the consumer more than we promise or charge for.

Each formula is compounded with as much care and precision as if our entire success depended upon that one Remedy. That's why NEUROTONE repairs shattered nerves, and Red Cross STONE ROOT and BUCHU puts your kidneys in a normal and healthy condition.

Red Cross Remedies are not Patent Medicines. The formula is printed on each carton in plain English, so that you know what they are composed of and what you are taking. More than one hundred Red Cross Remedies and Relief Preparations are sold and guaranteed only by

## Enroute to the Trenches

Cambridge, Mass., Sept. 10. Dear O. J.: After a long and interesting journey from Great Lakes, Ill., I now find myself in Cambridge, Mass., stationed at the "Old School of Harvard." Harvard in war times is unlike the "Old Harvard" that we have heard so much talk about. We are stationed in the new barracks on the commons and take mess in the famous Memorial Hall. It makes one have a feeling of pride to glance upon the walls and reflect on the portraits of so many great men who have doubtlessly in the past set at mess at the very table where we now set, and there too are the portraits of the students of the "Old School" whose fame is now immortal, and with other reflections comes a thought of pride that we are Americans all, and America of today will sometime be the America of the past, and it is good to reflect. What are we Americans doing for America of a new era?

In front of one of the many halls of Harvard stands a stone that marks the spot where General Prescott's colonial troops assembled to be led in prayer by President Langdon before the battle of Bunker Hill, and today the boys in blue that throng the streets of Harvard cast many serious reflections on that inscription. "Not far from our station stands the famous old Cambridge elm where Washington took command of the army in June, 1775."

The old North Church, that sang out the signal that started Paul Revere on his famous midnight ride, still stands in Boston, it is old now and the rusty old bell has long since been silenced, but the echo that stirred the heroic soul of the silent rider will never die, they will echo down through the ages and spur on America to her noble task, as they stirred the patriotic soul of Paul Revere.

There are other places of historical interest in Boston I want to visit, Plymouth Rock, and when I have time I will make a visit to Lexington and for the benefit of history students in the county where I received my schooling I will write another letter later on.

Yours very truly,  
GALEN M. THURMAN,  
Harvard Square, General Delivery.

Holland Cole, 75th Co., 6th Reg. U. S. Marines, who was in the thick of the fighting at Chateau Thierry and at various other points in the big push in the valley of the Marne, recently wrote to his father, John Cole, northwest of town in which he says:

France, Aug. 14. Dear Father: I will try and write you a few lines to let you know that I am still living and feeling fine. I would have written sooner but we have been on the firing line now for over two months and we do not have much time to write.

I guess you read in the papers what the Americans are doing in France, but no press could print what we have seen and gone through since we have been in France, but let us hope that I live to come home and tell you all about it.

I can hardly see how the Boche can last much longer for we are pushing them on all fronts. I have seen as many as 15,000 German prisoners marched by in one column and they are capturing thousands of them every day.

I will close for this time, hoping to hear from you soon. As ever your loving son,  
HOLLAND COLE.

J. D. Rowlett and wife returned home last Saturday night from an extended eastern visit. While absent they visited John Rowlett, U. S. N., and J. D. Rowlett, Jr., who is in training as a wireless operator. John has made two trips across the seas and is enjoying fine health and also is delighted with the service.

Ed Rhodes, Ft. Benjamin Harrison, arrived in the county the latter part of the past week to spend a sixty-day furlough visiting relatives and friends. Ed is a son of A. W. Rhodes, of this city, and has been in the service for several months.

Grady Miller and Clarence Adams, two more Calloway boys, have notified relatives of their arrival overseas. Grady was in the First National Bank here for some time before he went into the service.

Rudy Hendon, Camp Taylor, Ky., was in the county the past week visiting home folks. Rudy has just returned to Camp Taylor from Milwaukee where he took a special training the past several weeks.
