# Former Welch Teacher Is Burned To Death In Home

A school teacher who taught the lower grades at Welch School near Dukesboro for nearly a half century was burned to death about 10 o'clock Wednesday morning. Miss Daisy Shelton, about 85, was alone in the home of Woodrow Simons at the time of the tragedy. Miss Shelton made her home with Mr. Simons and his son, Larry. The fire was discovered by Mrs. Almon Blaylock and Mrs. Sebrin Choate as they passed near the residence. Mrs. Mal Byars, the telephone operator at Dukesboro, told the News late Wednesday that she had been talking with Miss Shelton about 8:30. The elderly school teacher told Mrs. Byars that she had not been feeling well lately.

Origin of the fire is unknown; however, some observers believe that Miss Shelton's clothing caught fire as she came too close to the fire in an open grate. Her body was found near the grate. J. D. Yates, of Pilot Oak, was summoned to extinguish the fire. At that time a search was made to locate Miss Shelton. Her body was discovered in the ashes of the completely destroyed home. Miss Shelton is survived by two nieces, Mrs. Theron Bell and Mrs. Audrey Powers, of Memphis. The body is at the Jackson Brothers Funeral Home at Dukesboro. Funeral arrangements are incomplete, pending arrival of the relatives. Miss Shelton was well known in the Dukesboro area. Many of her former students are now living with their families in this Dukesboro section.

## Rates Reduced For Third Time, KU Announces

Kentucky Utilities Company will reduce electric rates by \$750,000 a year, effective with the April billings, it was announced March 19 by W. H. Skinner, Vice-President of the Company. "This reduction," Mr. Skinner stated, "is the third rate reduction made by Kentucky Utilities Company in the past twenty-five months." KU made reductions to its residential users in February 1962 and July 1963 which total \$1,420,000 a year. "Those who will get the benefit of the current reduction are industrial and commercial customers, including schools, colleges and universities using over 2000 kilowatt hours per month," Mr. Skinner said.

Miss Louise Meredith, state school library supervisor, led the conference for the librarians. Those attending from South Fulton High School were Janice Smith, Betty Wolfe, Marilyn Mills, Paulie Bell, Elizabeth Green, Linda Duncan, Dianne Holly, E. D. Doss, Craig Simrell and Miss Camelia Cunningham, librarian.

## Iron Horse Snuffs Out Life Of Water Valley's Village Blacksmith

The village blacksmith is no more! A man who worked long, hard hours, to maintain a strong link with the animal transportation of the past, ironically was killed by an iron horse of modern times. A train whistle was as familiar as the sound of the hammer-beat on the anvil to Coleman Jackson. Among the last of a vanishing breed of village blacksmiths, Jackson's shop and home were within a stone's throw of the main line of the Illinois Central's main track that runs through Water Valley. It's possible that Coleman had heard the train whistle so many times he just didn't hear it any more. At least it appears he didn't

## Mild Epidemic Of Measles In Fulton County

A mild epidemic of German measles (3-day measles) has spread through Fulton and other counties, according to Dr. Andrew P. Nelson, president of the Fulton County Medical Society. This disease is caused by a viral agent and is characterized by a swelling and tenderness of the nodes of the posterior neck, fever and a rash that has a duration of about three days. Complications are rare and there is no specific treatment; however, women in the first three months of pregnancy should avoid all possible exposure to this type of measles and, if exposed, should contact their physician promptly for measures of prevention provided they have not previously had the disease.

## There's A Real Bargain In Season Ticket To 'Stars In My Crown' Opens, June 25

last year's experience we found that offering season tickets in advance helps our overall attendance. We found that after having seen the show on opening night, a season ticket holder was the best promoter we had to boost subsequent attendance. They told others about the show, and moreover the season ticket-holders came back to see the show over and over," he added. This year, however, another advantage is given to those persons, who buy advance season tickets, Mr. Hurt said. Unlike last year, the season ticket is transferrable. Last year only the person whose name appeared on the patron's subscription could use it. Although a concerted drive to sell advance season tickets will be conducted from April 20 through 27, persons wishing to purchase the tickets in advance of the sale, may do so by contacting any member of the Board of Directors, or the Murray Chamber of Commerce, in Fulton, Mrs. Paul Westpheling or Mrs. Anna-belle Edwards at the News office will take advance ticket reservations. Persons holding season tickets, at \$25.00 each, may buy additional tickets for opening night ceremonies at regular price. "The season ticket sale is being conducted to assure a financially sound season," Mr. Hurt said. "But it does something else," he added. "When you realize that you can use the ticket yourself on the nights specified, or give it to someone else if you are not using it, it means that choice seats are available all during the nine-week season, at less than 75 cents a seat." This year "Stars In My Crown," will show six times a week and on Sunday evenings. There will be no performance on Monday nights. "The curtain goes up at 6:15 p. m.," Mr. Hurt said, "in order not to interfere with regular Sun-

## You'd Better Go To Carr Elementary Friday To See Giant Talent "Blast"

There are few people who know exactly what the word "Hootenanny" means, except it's a giant array of talent assembled to entertain people. And that's saying something! Yet, the Fulton-South Fulton Civitan Club is going the popular Hootenanny one better. Friday night, April 3, at Carr Elementary School the club will present a Hootenanny-Variety Show, which is just about as much talent as anybody, anywhere can put together for an evening of fun. Time for this mammoth entertainment "blast" is 7:30 p. m. Better get there early. Everybody's planning to go. Although some real good Hootenanny style music will be presented, the show is mostly strictly modern type of music of a large variety. Five different Jazz Combo groups will appear on the program, in addition to many solos and instrumental numbers. The Overland Singers, a vocal instrumental group from Murray State College, The Doyle Johns Band of Hickman, the Starlighters from the University of Tennessee Martin Branch, The DeLuxe from Milburn, the Impalas from Union City will appear on the program. The audience will hear such songs from these groups as "Love Is A Heart Break," "All My

## It's Spruce-Up Time; Smith's Corner Primping

A neon sign that has beckoned thousands upon thousands of people to eat in Fulton flickered its last welcome about three years ago. For months the once proud sign that hung on the building once occupied by Smith's Cafe stood as a silent sentinel of days gone by. This week, the sign was taken down and relegated to a junk yard. Workmen from the Fulton Electric System performed the duties of "palbearers" for the sign, forever closing the chapter in the life of a watchman for passing tourists. If a neon sign could talk it would be proud conversation. The entire corner of Lake Street and Fourth Street is being painted to again bring a welcome and proud view to the heavily traveled corner. Mrs. Carrie Estes, owner of the building, is one of the many property owners in Fulton caught in the clean-up, paint-up, fix-up contagion spreading on down-town streets to make the town sparkling and bright for all comers. The week of April 18 through 26 has been designated as Clean Up, Paint Up, Fix Up Week in the Twin Cities. Following is the schedule for the week: Saturday, April 18, Parade Day; Sunday, April 19, Church Cooperation Day; Monday, April 20, Poster and Slogan Day, Safety and Fire Prevention Day; Tuesday, April 21, Landscaping and Planting Day; Wednesday, April 22, County Cooperation Day; Thursday, April 23, Health and Sanitation Day, luncheon and program at Park Terrace at 12 Noon; Friday, April 24, Inspection Day, with bus tour; Saturday, April 25, Paint Up Day; Sunday, April 26, dedication of new post office in Fulton. No specific day has been set aside as Pick-Up Day, but garbage, debris, etc. will be picked up each day by the City Garbage Department.

Ken is one of those all-around good students, who excels in scholastics as well as many extra curricular activities of the school. He is also a musician. He is a member of Explorer Post 43 of Fulton and the son of Mr. and Mrs. Bob Morgan. He will assume some of the leadership in this conference and will be prepared to assist in the planning of a Regional Conference for Region Four Explorers in 1965. The topics of discussion will be Citizenship, the World of Tomorrow Exploring. Ken is a member of the District Explorer Cabinet, Secretary of the Council Explorer Cabinet, served as a member of the Four Rivers Council summer camp staff, and attended many explorer activities.

## Rotarians Hear Forceful Talk On Foreign Farms

The annual rural-urban luncheon of the Fulton Rotary Club last Tuesday brought local Club members and their farmer-guests together at the Park Terrace to hear an informative account of recent U. S. agricultural programs abroad. The speaker, E. D. White, now an Oblion County farmer who has extensive landholdings in Tennessee and Missouri, is a retired official of the U. S. Department of Agriculture, with long service in both domestic and foreign fields. He recounted many experiences and observations from his work as assistant to the Secretary of Agriculture and as director of food and agriculture in the foreign aid program from 1952 to 1962, pointing out that the U. S. was happily able to bring many war-ravaged countries to their feet during these years with sound pro-

## The Banks of Harris Fork Creek Need Some Kind of Permanent Walls To Insure Safety

For as long as the publishers of this paper have been in Fulton, and for ten times longer than those 17 years even, Harris Fork Creek has been a troublemaker for the twin cities, especially for the downtown business district on the Kentucky side.

A great step forward was taken with the construction of lagoons upstream that are now able to contain most of the sudden-run-off water from heavy cloudbursts, but the creek continues to plague those who own property on its banks.

We have particular reference to the areas where banks are continually eroding, despite all manner of retaining walls that are erected as stop-gap measures. Unfortunately, that is

about all they are: stop-gap measures. A permanent, more satisfactory type of wall or revetment ought to be constructed on each side of the creek from Fourth street all the way to State Line, and end, once and for all, this constant expense and struggle worrying with the creek.

Controlling the water flow is only half of the problem; the other half lies with maintaining a constant depth of channel, and constant width of the banks for a passage for the water to flow through.

We have heard in recent months that our former-manager Jim Robey had been exploring possible federal aid on this project, and we wonder just how far this exploration has gone. We commend it to his successor as a worthy project.

## Reporter Mae Craig Getting Fed Up With Soft Underbelly Of Domestic And Foreign Policies

Unless there is a change, deep down, in the American people, a genuine crusade against self-indulgence, immorality public and private, then we are witnesses to the decline and fall of the American Republic.

Death on the highways, a pack a day, cheating from top to bottom in our society, get rich quick, break-up of the family, faltering in foreign policy, reckless debt—these have destroyed nations before us. Why should we think we can take that path and change history?

Look around you, and everywhere you see lack of principles and steadfastness in the right and brave. The disgraceful cover on the recent issue of a publication with a nationwide circulation and its palliating story of sexual immorality adds adult consent to the looseness of our youth, already far down the road of delinquency, shiftlessness, derogation of virginity in our girls who will be the mothers of tomorrow.

There is no financial morality in our Government—"Charge it," is the accepted practice.

Round the world they think they can take our money with one hand and slap us in the face with the other. We talk of our "leadership," but we are apparently incapable of giving leadership.

One listens with dismay to the campaigning for the Presidency that is going on. Oh, for a crusader to call us back to dignity and strength and austerity.

What was that last word? "Austerity"—plain living and high thinking, putting our money into the real things of life, not milk-handled saucers and three cars in every garage; public servants who are not Bobby Bakers. Schools for the young, care for the elderly, strength so that none will dare attack us, a worthy succession to those men with feet wrapped in bloody bandages at Valley Forge to give us liberty. How have we used the liberty they bought for us so dearly?

Because it is unpleasant to think of unpleasant things, we say the Soviet Union may be changing its determination to "bury us." Red China is bad, of course, but maybe not Khrushchev. Half-heartedly we send American men to die in jungles, where we do not have the guts to go in to win or to stay out.

## Kentucky Windage

Although Anchorage, Alaska is thousands of miles away from Fulton, yet at least four Fulton families—probably more—lived in terrified suspense last weekend following the awful earthquake there, until word was received from loved ones that all was well.

To begin with, The News has a long-time subscriber in Fairbanks: Herschel Crutchfield, a former Fulton Countian . . . and while we haven't heard from any of the Crutchfields yet, we hope that we will soon hear that they are well and came through their experience okay.

Dwain Russell, son of A. D. Russell, and a former serviceman stationed in the Alaskan area who elected to live there following completion of his duty, called his father over the weekend to reassure him; Capt. Helme called his father-in-law M. B. Stovall to also assure him all was well and the family had suffered no harm. And last but not least in the trio reporting "all safe" was our old friend and until very recently a long-time operator on the Fulton telephone exchange, Alma Phillips, now Alma Ford, who only last month married, left Fulton and headed for Anchorage to live. What a reception!

All of here at The News join the relatives of these fine people in giving thanks for their safety.

The wise no longer doubt it;

## 100 Years Ago This Week

An historical review of the Civil War day by day in Kentucky, as reviewed by the Kentucky Civil War Commission  
By JOE JORDAN

One hundred years ago this week a great many Kentuckians, including prominent and loyal Union men who in 1861 had kept the Commonwealth from seceding and going with the Confederacy, were openly exhibiting a bitter and defiant attitude toward President Lincoln and his administration.

The whole year of 1864 was a trying time for Kentuckians, what with military oppression, guerrilla outrages, a general state of lawlessness and violence and, on the part of those who had been fighting and bleeding for the preservation of the Union, a feeling of angry frustration toward the government at Washington. By the end of the first quarter of that fateful year it was beginning to be clear that Abraham Lincoln, who was running for re-election, could not count on getting the electoral votes of his native state.

A speech by Lt. Gov. Richard T. Jacob, who before his election to state office had been a Union Army colonel, commander of the Ninth Kentucky Cavalry, had been advertised for April 3 at Lexington. It was known that Jacob had anti-Lincoln sentiments and a great crowd gathered to hear him. After Melodeon Hall was "densely packed," hundreds of disappointed citizens were turned away.

Jacob, who had been severely wounded in combat, was introduced as one who had shed his blood on the battlefield for the preservation of the Union. He made a

fiery speech against "the President and his party," declaring that instead of being in favor of the Union under the Constitution, they were "madly bent on the destruction of both." He denounced what he called "the illegal, unconstitutional and arbitrary acts of the President," and came out for Lincoln's Democratic Party opponent, Gen. George B. McClellan. This was greeted with terrific applause.

The Lexington Observer and Reporter, which from the beginning had been a strongly Unionist newspaper, said: "Col. Jacob's speech was a bold and mainly vindication of the position of the true—not the pretended—Union men of Kentucky, of those who do not believe that Mr. Lincoln has any more right to destroy the Constitution than Jeff Davis has."

When Jacob had finished, the crowd called insistently for Col. Frank Wolford, who had made a sensational anti-Lincoln speech in the same hall March 10 and as a result had been removed from command of the First Kentucky (Union) Cavalry and dishonorably dismissed from the service by the President. Wolford went to the platform and spoke for more than an hour. He said he was prepared "to make good every word" he had uttered in his earlier speech. The crowd cheered wildly when he declared that the war had been "perverted from its originally declared purpose to one of fanaticism, of conquest and subjugation." He also came out for McClellan for President.

## Kennel Forum Asks Whether More Clubs Would Benefit Fulton High

"From the FHS Kennel"

Question: WOULD MORE CLUBS IN FUTURE YEARS BE BENEFICIAL TO THE STUDENTS OF F. H. S.?

MRS. DEMYER

In my opinion, every student in F. H. S. should belong to a club sometime through his four years in school, sponsored by the department in which he is majoring or doing something beneficial or interested in. Even though he may not be a leader, he can learn to follow and this may be more beneficial in later life than learning to lead.

I think going to a club only to get out of class may be harmful to the student and the club. Therefore, in future years, as well as at the present, good club work which will enrich the student is likely to continue in F. H. S., with more clubs being organized.

ANDY BATTS: I believe that more scholastic clubs would give the student a goal to work for. If a club had a high scholastic standing, a boy or girl, wishing to join, would try to bring up his grade standing in order to obtain a membership in the club. Members in biology, chemistry, and physics clubs could obtain information on specialized subjects. This could not be done in regular classroom work.

All in all, I believe that the students of F. H. S. would benefit greatly by the addition of more academic clubs.

CARRIE LOU BOLIN: I believe more clubs in the future would be beneficial to the students. The clubs should give each member a chance to participate and to better himself.

I do not think it would be wise to establish social clubs though. My reason for this is that these ones who were not selected as members would be hurt and resentful. This might cause bad feelings between many of the students.

CATHY CAMPBELL: I believe that for the size of our school, we have many desirable clubs. If more clubs are added in the future years it could do harm to many of the students' studies. If these clubs are on the academic level it might be advisable to have these; but only academic clubs should be added. In fact, if there were more academic clubs it could help increase the student's interest in certain subjects.

## SCATTERED PATT—

meeting of the Chamber of Commerce, Bob was elected to the Board of Directors and, a few days later, wife Dollie was elected to the presidency of the Fulton Woman's Club.

Mid-January was the time and Fulton was the scene of a regional sales managers' meeting at which plans and strategies for the present year were discussed. Here for the occasion were Ned Banton and John Sullivan of Marketing Division Headquarters, and the following Regional Managers: Darcey Jones (Tampa), Tom Hodson (Hartford, now a separate region), Bob Baermann (Racine), Ed Albright (Buffalo). "Home folks" in attendance were Jim Cook (Fulton) and Earl Campbell (Packet Marketing Manager).

A HIGHLY ENTHUSIASTIC CROWD of over a thousand people spent an entertaining evening at the South Fulton Gym recently. The occasion? Two basketball games between Perry-Morse employees and the employees of Henry I. Siegel for the benefit of the Heart Fund. The idea of the games was generated, developed and pushed by Patay Byassee (Inventory Control) who was chairman of the local drive, assisted by Cal Seecombe of Shipping and Re-

ceiving. The first game pitted our P-M lassies against the HIS girls in a nip-and-tuck battle from start to finish. Our girls lost the contest, but were coming up fast when time ran out. The second game, with some rather portly F-M men displaying almost unbelievable agility, resulted in victory over a hard fighting HIS team. Strangely enough, all participants reported for work the following morning—no bruises (evident ones, that is), no pulled muscles and, in some cases, a few pounds lighter. Quoting Peggy McKinney (Accounting) who played a "savvy" dribbling game, "We're ready to play anywhere, any time; just give us a benefit!"

Plant Life extends a hearty accolade to all players and spectators who took part in this outstanding effort in community relations. We're looking forward to next year.

Related congratulations to J. P. Wade on his new responsibilities. J. P. has taken over Jack Hall's old job as Credit and Collection Supervisor after Jack's retirement. We wish him every success in the job.

A queer accident occurred to Zadonna Yates (Accounting) husband, Jake, a few weeks ago when a horse kicked him in the face, just missing his eye. Jake was do-

## Engagement Of Miss Ellen Kearby To Gaylon Varden Is Announced

Miss Kearby

Mr. and Mrs. Lee R. Kearby of Hickman announce the engagement of their daughter, Miss Ellen Lee Kearby, to Mr. James Gaylon Varden, son of Mr. and Mrs. James Grady Varden of Fulton. Miss Kearby is the granddaughter of the late Mr. and Mrs. J. J. Seay and the late Judge and Mrs. H. M. Kearby of Hickman. She was graduated from the University of Kentucky and is a member of Kappa Alpha Theta sorority. She is presently teaching in Henry Clay High School, Lexington, Kentucky.

Mr. Varden attended the University of Kentucky, Murray State College, and was graduated from Memphis State University. He is now with the Varden-Goulder Motor Company in Fulton. He is the grandson of Mr. James Edward Roper of Cayce and the late Mrs. Roper and the late Mr. and Mrs. John B. Varden of Cayce.

The wedding will take place June 27th at 4:00 p. m. in the First Methodist Church at Hickman.

ing a bit of "cowboying" under the admiring gaze of his four year old son who watched from safety behind a fence. After a brief hospitalization period for observation and X-rays, Jake shows no ill effects. At last report, the little Yates boy preferred puppies to horses. Jake's inclined to agree.

The News had a letter from long-time subscriber Tobe Perce this week. Tobe, who lives in Hollywood, says he reads the paper from cover to cover and then passes it along to other former Fultonians, or to some of his friends who have come to know Fulton and its people through the News.

Enclosed in Tobe's letter was an article called a FINANCIAL MIRACLE, that perhaps you have read somewhere before. If you haven't, we think you'll enjoy the article. Here it is:

Dear Sir:

In reply to your request to send a check, I wish to inform you that the present condition of my bank account makes it almost impossible. My shattered financial condition is due to the Federal Laws, County Laws, Corporation Laws, Liquor Laws, Father-in-Laws. I am compelled to pay a business tax, amusement tax, head tax, gas tax, food tax, sales tax, excise tax, liquor tax, income tax, protection tax, even my brains are taxed.

I am required to get a business license, a car license, truck license too, dog license, hunter's license, also a marriage license.

I am also required to contribute to every society and organization which the genius of man is capable of bringing to life; to woman's relief, the unemployed relief, and the gold digger's relief.

Also to every hospital and charitable organization in the city, including the police, firemen's and sheriff's funds for the underprivileged, and the society to animals' protective league.

For my own safety, I am required to carry life insurance, property insurance, liability insurance, burglar insurance, accident insurance, business insurance, tornado insurance, old age insurance, unemployment insurance and fire insurance.

My business is so governed that it is no easy matter for me to find out who owns it. I am inspected, expected, suspected, summoned, fined, commanded, compelled until I provide an inexhaustible sup-

ply of money for every human need, desire or hope of the human race.

Simply because I refuse to donate to something or other, I am boycotted, talked about, lied about, held up and held down and robbed until I am almost ruined.

I can tell you honestly that except for the miracle that happened, I could not enclose this check.

The wolf that comes to many doors now-a-days just had pups in my kitchen, and I sold them, and here is the money.

Very truly yours,  
Joe Blow.

(This letter was actually sent to the NTDRA by one of its Dealers with his check.)

## Fulton High French Club Meets and Sings Songs

"From the FHS Kennel"

The French Club of Fulton High School met on March 4, 1964, in the foreign language room. President Clay Platt presided.

The program chairman, Judy Patton, told the members that they would be solving crossword puzzles and unscrambling words. Both were done in French. After this thinking session, the members heard eight French songs. The members attempted to sing along. The meeting was adjourned by the president.

## Tax Man Takes Lot, But They're Not Can Man

Interest Revenue Service has been accused of taking the child out of people's hands at the slightest cost. But a new outfit was started recently when the grand prize of a small child's clothing store was offered a \$100,000, multimillion dollar prize, which the business suddenly thought was a check, in payment for a lot of children.

Instead of the child's clothing store, this outfit was a lot of children.

## Regimen Tablets Are "Worthless;" Sale Is Banned

Drug Research Corp. has agreed to a federal court order banning interstate sale of Regimen weight reducing tablets.

U. S. Atty. Joseph R. Hoey charged that the tablets were worthless. He said the public paid \$16 million for them in the past six years.

President John T. Andreadis of Drug Research signed a government decree in U. S. District court, Brooklyn.

We are experiencing some severe winter weather following the Easter holidays and there is fear of damage to early gardens, fruit crops and tobacco beds. Warmer weather is hoped for by all farmers over this section.

Your writer spent Easter holidays with her sister, Mrs. Roy Hammett and Mr. Hammett, Hollow Rock and Paris Road. Had a nice visit with them and found them very busy with all spring chores pertaining to farming.

### Coach McCann Has Twenty Juniors Out

"From the FHS Kennel"

Sids, straddle, hop—on the count. Ready, exercise!

These are the familiar words that thirty-five FHS boys are hearing on the football field. These words begin a two and a half hour practice session.

Spring training started on March 16 and will run for about six weeks. During this time, three days will be devoted to football, and the remaining two days to baseball or track.

The training period is to teach the new recruits the fundamentals of the game and to familiarize the squad with next season's plays.

On the days designated, the boys are required to participate in either baseball or track.

Since twenty of the boys will be seniors next year, the team of thirty-five will be an old one.

### Two Jelly Juniors Broadcast At WFUL

"From the FHS Kennel"

Although you may be unaware of the fact, among the students of FHS are two boys with every interesting job. They are David Bayer and Paul Westpheling, and they both broadcast for radio station WFUL.

These boys started working at the station last summer and in February they took tests for radio operator's licenses.

David and Paul started by reading newscasts on week-day afternoons. Now David has a program on Saturday afternoon and Paul has one on Sunday afternoon. Also, both help broadcast ballgames.

These boys are interested in their work, and Paul hopes someday to make electrical engineering his life's occupation.

### School Will Dismiss For KEA Convention

The ninety-second annual KEA Convention will be held April 8, 9, and 10. Many teachers from the Fulton City Schools have made plans to attend. Interesting and very educational programs have been planned for the teachers who attend.

### More Honors Come To Fulton Music Students

The spring Music Festivals held in the area continue to highlight the talents of Fulton's students. Mae Mann and Mike McClure received superior awards at the Regional High School Music Festival held last Saturday at Murray State College.

# SCATTERED PATTERN

About People and Things

Guess who is running the average American household today—Mom or Dad?

Nothing of the sort, says California designer Don Loper who reports, "We are a nation being threatened with domination by our teen-agers."

Loper, who has always felt that there's nothing wrong with a girl looking like a nice, wholesome girl, is waging a campaign to get teen-agers to see the light, especially high school girls with their bee-hive hairdos, excessive makeup, oversize sweaters, and tight skirts.

"How did all this get out of hand, so that what should be a fresh, youthful young lady looks like a grotesque caricature? It's all the fault of parents, who've been too busy being pals and big sisters, afraid of their children and afraid to issue a good old-fashioned NO!"

"If Mother and Dad had just exercised their authority the first time their daughters came up looking like a starlet gone wrong and insisted that one is never too young to start with proper grooming and manners, we wouldn't have our teen-agers looking and behaving the way they do all over this nation."

Loper also feels that parents have been hood-winked by that all too common phrase of youthful conformity, "I can't wear that, or I can't do that—everyone will think I'm a kook." It has allowed youngsters without taste to get away with murder and to foist these fashion and manner atrocities on others who must accept them to stay in the popularity race.

"Perhaps public schools should insist on uniforms, or at least they should enforce rules which prohibit the wearing of these incredible ensembles I see on school campuses. And when girls start wearing boots a la Marlon Brando, it's too much."

Parents, urges the designer, should put down their collective feet and demand a youthful, well-bred understated look with the simplest of hairdos in an Alice-in-Wonderland style, very little makeup and a blazer-pleated skirt ensemble.

"Once their daughters are properly dressed, their manners will match their costuming."

Far be it from us to give anybody any free advertising but this we've got to tell you. If you had any idea how you can spend \$4.92 a month and get a million dollars' worth of peace of mind, it's having a "teen-age phone" in the house!

Tuesday afternoon a group of students at Fulton High School tried out for those coveted positions on the Bulldog cheer-leading team. A little girl in our household was one of the contestants.

Well, the minute all interested

parties got home from school they started a chain telephone inquiry to find out the results. While this communications horror was going on we were in the kitchen preparing dinner, completely ignoring the constant ringing of the telephone upstairs. We whistled in our work as never before. Imagine not having to answer the phone that many times, because we knew it was not for us, and the party being called was not at home. So on and on and on it buzzed.

One or two brave ones took the chance of calling on the family phone. We had fun answering it. Instead of saying "hello" we said: "No, she's not at home. No, we don't know who won."

Some folks told us that we might get other parents into trouble when we gave the private line to our young one for her birthday. We didn't think so! We paid the installation charge as a gift and the young lady earns the money for the payments each month.

There just isn't anyway else in the world to spend \$4.92 a month more profitably if you have a teen-ager in the house. If you have more than one, the problem multiplies. If you have more than two... may the Lord take a liking to you.

There's one thing we learned by answering the family phone Tuesday. That is that some of the best sports we've ever encountered live in these parts. When we asked the callers if they were disappointed each of them said, almost in repetition, "oh, no, the ones chosen are just wonderful."

When our young one came in we had already learned of the successful contestants. We started talking before we did. Said she: "You can't win 'em all. Besides, the cheer leaders they picked are just terrific." Judy Merryman and Cindy Homra were equally as happy about the choices made by the faculty, outgoing cheer leaders and basketball captains. In effect these two young folks, who are among our favorites said: "It was wonderful who won. I enjoyed the experience."

And who those "wonderful" choices... in whom, we too, are

How do you like year teen-agers? Left aside, or right.

well pleased... Ruth Ann Burnett, Jennifer Duncan, Roma Foster, Sara Jane Poe, Nancy Treas and Susan Walker. The alternates are Barbara Brown and Anita Bondurant.

Lt. Gov. and Mrs. Harry Lee Waterfield honored members of the 1964 General Assembly with an informal reception at the Old Governor's Residence on High Street in Frankfort Tuesday (March 10) of last week.

Some 300 to 350 attended, including elected and appointed cabinet officials, judges from the State Court of Appeals, staff members from the Senate and House of Representatives, staff members from the Governor's Office and the Lieutenant Governor's Office, and members of the press.

Governor and Mrs. Edward T. Breathitt, cabinet members and leadership in both houses of the Legislature received guests with Lieutenant Governor and Mrs. Waterfield.

Assisting in serving were Miss Katherine Peden, Mrs. James E. Luckett, Mrs. Nell Guy McNamara, Mrs. Louise Gasser Kirtley, Mrs. Hazel Cobb and Mrs. Vendetta Derickson.

A combo from Morehead State College provided special music for the evening.

Mrs. Adron Doran, - Morehead,

has been named one of the Best-Hatted Women of America for 1963.

Mrs. Doran, who is President of the Kentucky Federation of Women's Clubs and wife of Morehead State College President Adron Doran, was named to the select list of women throughout the United States by the Millinery Institute of America.

Bill Riemer, Executive Director of the Institute, said, "We have named Mrs. Doran in recognition of her consistent and tasteful selection of millinery."

Mrs. Doran who is serving her second year as president of the KFWC was presented a certificate by the institute.

She said, "This is a distinct honor which I shall always cherish and I wish to sincerely thank the Millinery Institute of America for this recognition."

These folks at Ferry-Morse Seed Company are truly active and interesting citizens. While all of the news printed herewith about the personnel of one of our largest, and very appreciative industries, appears in the firm's bulletin, we think our other readers are interested in what Ferry-Morsers do. So, (no plagiarism intended) we are publishing herewith FULTON, FILL-INS, from PLANT LIFE,

the Ferry-Morse Seed Company's house publication. Start enjoying!

Wedding bells rang out on February 22 for J. B. Conner (Packaging Line-Order Filling). Plant Life takes this occasion to wish J. B. and his bride many, many years of happiness.

Stork news this month has the pleasure of reporting the birth on February 2 to a bouncing 7 lb. 7 oz. daughter, Jonna Dell, to Carolyn Vaden (Accounting).

Joyce Wilford, of Order Filling, also joined mother's ranks with the birth of a daughter on February 8.

An added felicitation goes to Laura Byers, Printing, on the birth of a grandson on February 11.

A chaperoning task was undertaken recently by Dollie Morgan, wife of Operations Division Vice President Bob Morgan. She had the pleasant "chore" of accompanying International Banana Princess Carol Gleson to the National Fruit Growers' Association

Convention in Miami. Enroute to Miami they stopped in New Orleans as guests of the National Banana Association. Princess Carol (who calls Bob Gleson, Fulton Plant Superintendent, "Dad") had a busy time at convention headquarters giving away free bananas, invitations to this year's Banana Festival and other information about Fulton-South Fulton. During her spare time, she had occasion to hold newspaper, radio and TV interviews and receive the token keys to the City of Miami.

Get well quick greeting to Betty Lou Thomas, (Sales.) She has

major surgery, was in the hospital for two weeks and now is at home recuperating.

We're glad to see J. D. Schumaker, Printing Department, back at work after a siege in the hospital. We hope you keep on improving, J. D.

Welcome back to Helen Bower (Accounting).

Congratulations are in order for the Bob Morgans. At the annual (Continued on page ten)

# **CHESTNUT GLADE** By Mrs. Harvey Vaughn

The weather seems to be the main topic of conversation today. Much interest is being expressed concerning the amount of damage to the fruit and small plants. However, accounts of disaster in other areas make these items very trivial. We still realize that we are exceedingly fortunate in this area.

After a certain number of birthdays many people decide it is better to ignore them. Not so with Harvey Vaughn and Nadine Nannay, who have shared their birthday dinners for more than 33 years. Those enjoying the occasion with them last Sunday were Mr. and Mrs. Van Brann, Mr. and Mrs. Derrel Wright and Mike, Mr. and Mrs. Bill Woodson, Melissa and Bill, Mrs. Lucy Gibbs, Paul and Linda Nannay.

Mrs. Opal Pounds is improving at Jones Hospital where she has been a patient for this past week.

Seems to be a farm sale boom in this community, as three farms have been sold in the past few weeks. Mr. and Mrs. Willis Harwood have sold their farm to Mr. and Mrs. Bonnie Cummings and will have a sale and will move to Fulton within the next few weeks. Mr. and Mrs. J. T. Simpson have sold to a Mr. Hopper, but do not plan to move soon. Mr. and Mrs. Ed Noe have also sold their farm.

Mrs. Clara Nix spent the week end with her sisters Reims and Shirley in Paducah.

Mrs. Jim Brundige is a patient in Jones Hospital in Fulton.

Mrs. Irvin Brundige received word Sunday that her brother-in-law, Jodie Beldrige, had unexpectedly passed away.

Mrs. Kinora Vaughan returned to her home last Friday, after spending the past three months with her sister, Rebecca, in St. Louis and with the James Harmon Nagler family in Joliet, Illinois. A new son arrived at the Hagfars on February 28.

The Couples Club enjoyed a birthday supper with Harvey Vaughn Saturday night. Mr. and Mrs. Van Brann, Mr. and Mrs. Irvin Brundige, Mr. and Mrs. Derrel Terrell, Mr. and Mrs. Chas Morrison and Mr. and Mrs. Dale Cummings were present.

Sympathy is extended to the family of Coleman Jackson of Water Valley. He was killed when a train struck his car as he was returning home from church Sunday night. A son, Ernest Jackson, is a resident of this community. The body is at Jackson's Funeral Home at Dukedom.

Rhonda Holt has been real sick of tonsillitis at her home in Latham.

Pleasant View Baptist Church had a very successful spring revival last week, with Bro. A. D. Vaden bringing the message. Eight professions were made, four of which joined the church. One new member was received on statement of membership.

# **DUKEDOM HT. 2** Mrs. G. F. Taylor

This cold wind is rough after several nice days of spring weather, but now that Easter is passed we hope to have some real nice weather soon.

Mrs. Tommy Moore is a patient in the Mayfield Hospital. She had surgery Thursday of last week and is doing fair. Mr. and Mrs. O. F. Taylor visited her Sunday afternoon.

A nice crowd attended the Easter service held at Bethlehem Sunday at 9:30 a. m. Brother Norman Crittenden brought the message.

Mrs. H. W. Ruddle entertained a few of her friends Thursday with a birthday dinner. Mr. and Mrs. Clarence French, Mrs. Jim Mitchell and Mr. and Mrs. Oliver Taylor were present. The affair was in honor of Mrs. Ruddle's birthday. She was 36 again.

# **IN A HURRY!**

It's Sunday! An exciting day! I've planned so many interesting ways to present God's love to the wee small people I'm teaching. How they love God and His church! They are always there early. Must hurry! My young ones want to be there early too. How pleased our Father in Heaven

must be to see so many preparing excitedly and happily to have a worship experience with Him.

See you there in a very little while!

Psalm 26:8 "Lord, I have loved the habitation of thy house, and the place where thine honor dwelleth."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

day night church services." The amphitheater is in Marshall County, near Kenlake Hotel, which is one of the features of Kentucky Lake State Park.

Last year was the first year for the drama, written by famous playwright Kermit Hunter, who wrote the highly successful "Unto These Hills" at Cherokee, S. C., at the foot of the Great Smoky Mountain National Park.

Last year's director, Burnet Hobgood, son of a missionary to the Congo who was sent there by a Mayfield church 40 years ago, will be back again.

So will the popular Billy Ed Wheeler, who co-stars with Jim (Mr. Beaumont) Maddux.

So will many of the other actors and supporting cast from Murray State College and other places in the area.

represent the people in the Nation's Capitol have no more concern for their constituents than they do for a hole in the ground. Even less I think. For if there's a hole in the ground, a member of Congress can appropriate ten million dollars to get it fixed, then he can wire the newspapers and radio stations in his district and pontificate about his great service to the people for getting it fixed.

I made the fatal mistake of reading an article recently about Congressman Adam Clayton Powell, representing the area of Harlem in New York. I can't even shake my head at this disgraceful situation. I'm always too numb to move when I think that our country permits such flagrant disregard of the people's rights.

I've come to think that other Congressmen are afraid to do anything about Powell; the investigation, like that of Bobby Baker strikes too close to the law-makers' homes. I think Fats Everett tried to do something about Powell, but he didn't get much help from his colleagues.

Have you read anything about that new Rayburn office building in Washington? That story makes me want to mutter to myself and answer myself too! Among some

of the outlandish things built for the poor, fragile, defenders of the people is a tunnel leading to the floor of the house that cost something like 15 million dollars. Senators and Congressman can't stand meeting taxpayers on the street for such wild expenditures. I don't blame the law-makers though. I'd crawl in a hole too if I spent somebody else's money like they do.

These guys never heard of the physical fitness program. They could use a brushing acquaintance with a mental fitness program I think!

I guess I'm all worked up over this extravagance because I'm preparing our income tax returns. It's not that much mind you. It's just that the amount we will pay is scarcely enough to pay for those free hair-cuts for Congressman for one year. And that makes me very sad.

### BIO FAMILIES COMING BACK?

NEW YORK — The big family is making a strong comeback in the United States. Families with four or more children under 18 now make up more than 18 per cent of the U. S. total. About one family in 12 in 1958 and one in 18 in 1950 had that many youngsters.

The highly-informative and enjoyable program was in charge of Hunter Whitesell, who introduced the speaker, pointing out in his introduction that White is listed in numerous "Who's Who" journals in his field, and that in 1953 was made a "Knight of the order of Merit of the Republic of Italy" by the President of that country.
