WILSON MAKES REPLY TO THE GERMAN PEACE NOTE...WILL NOT NEGOTIATE WITH KAISER.

Washington, October 16.—Tonight's news from Germany is everywhere regarded here as a shadow of great events being cast before them. There is in official Washington no official word that the Kaiser has abdicated or was overthrown, or that Germany is ready to accept President Wilson's terms.

Later dispatches have indicated that the reports of such occurrences were not founded in fact. Official opinion in the capital tonight is that the coming of these things is fixed only by an unknown degree, to such an extent has the German military power been broken.

When President Wilson's reply to the German peace offer went forth Monday night it was predicted here that it didn't bring complete unconditional surrender of the military autocracy, the German people themselves would force it on. President Wilson's words were a plain invitation to the German people to take such steps and an ultimatum that there would be no peace with Kaiserism. The coming hours will show how the Kaiser has worked. The intimations in the dispatches today are without confirmation, though they suggest some such movement is fermenting.

Following is the German note sent to this country since the last issue of the Ledger and immediately before it is given the reply of President Wilson. This reply was heard around the world and by statesmen is considered the most momentous state paper in the history of the human race.

Reply of German Government.

In reply to the questions of the president of the United States of America the German government hereby declares that the German government has accepted the terms laid down by President Wilson in his address of January 8th and his subsequent addresses, on the foundation of a permanent system of justice. Consequently its object in entering into peace discussions would be only to agree upon the practical details of the acceptance of these terms. The German government believes that the governments of the powers associated with the government of the United States also take the position taken by President Wilson in his addresses.

"The German government, in accordance with the Austro-Hungarian government, for the purpose of bringing about an armistice, declares itself ready to comply with the proposition of the president in regard to evacuation. The German government suggests that the president may accept."

"The president's reply to the communication of the German government dated the 12th instant, which you handed me today, I have the honor to request you to transmit the following answer:

"The unqualified acceptance by the present German government and by a large majority of the Reichstag of the terms laid down by the president of the United States of America in his address to the Congress of the United States on the 8th of January, 1918, and in his subsequent addresses, justifies the president in making a frank and direct statement of his decision with regard to the communications of the German government of the 8th and 12th of October, 1918."

"It must be clearly understood that the process of evacuation and the conditions of an armistice are matters which must be left to the judgment and advice of the military advisers of the government of the United States and the allied governments, and the president feels it his duty to say that no arrangement can be accepted by the government of the United States which does not provide absolutely satisfactory safeguards and guarantees of the maintenance of the present military supremacy of the armies of the United States and the allies in the field."

"He feels confident that he can safely assume that this will also be the judgment and decision of the allied governments."

"The president feels that it is also his duty to add that neither the government of the United States nor, he is quite sure, the governments with which the government of the United States is associated as a belligerent will consent to consider an armistice so long as the armed forces of Germany continue the illegal and inhumane practices which they still persist in."

Atrocities Must Cease at Once.

"At the very time that the Ger-

man government approaches the government of the United States with proposals of peace its submarines are engaged in sinking passenger ships at sea, and not the ships alone, but the very boats in which their passengers and crews seek to make their way to safety; and in their present enforced withdrawal from Flanders and France the German armies are pursuing a course of wanton destruction which has always been regarded as in direct violation of the laws and practices of civilized warfare. Cities and villages, if not destroyed, are being stripped of all they contain, not only, but often of their very inhabitants."

"The nations associated against Germany cannot be expected to agree to a cessation of arms while acts of inhumanity, spoliation and desolation are being continued which they justly look upon with horror and with burning hearts."

"It is necessary, also, in order that there may be no possibility of misunderstanding, that the president should very solemnly call the attention of the government of Germany to the language and plain intent of one of the terms of peace which the German government has now accepted. It is contained in the address of the president delivered at Mount Vernon on the 4th of July, last."

"It is as follows:

"The destruction of every arbitrary power anywhere that can separately, secretly and of its single choice disturb the peace of the world; or, if it cannot be presently destroyed, at least its reduction to virtual impotency."

"Autocracy Must Be Destroyed."

"The power which has hitherto controlled the German nation is of the sort here described. It is within the choice of the German nation to alter it. The president's words just quoted naturally constitute a condition precedent to peace, if peace is to come by the action of the German people themselves."

"The president feels bound to say that the whole process of peace will, in his judgment, depend upon the indefiniteness and the satisfactory character of the guarantees which can be given in this fundamental matter. It is indispensable that the governments associated against Germany should know beyond a peradventure with whom they are dealing."

"The president will make a separate reply to the royal and imperial government of Austria-Hungary."

"Accept, sir, the renewed assurance of my high consideration."

(Signed) ROBERT LANSING, FREDERICK ODERLIN, Charge d' Affaires, ad Interim, in Charge of German Interests in the United States."

SEVERAL HUNDRED CASES OF SPANISH FLU IN THE COUNTY

Calloway county is in the throes of an epidemic of Spanish influenza, and several hundred cases are reported from every section of the county. While the south half of the county seems to be the worst afflicted there are many cases in other sections. The splendid little city of Hazel reports not less than one hundred and fifty cases and during the week three deaths have occurred there. Mrs. W. F. Grubbs, Mrs. Hardy Wilson and Mrs. Dug Hooper, A Miss Brinsford also died south of Hazel, near Parvett. Talles Whitwell is very ill and his death is expected at any hour. Dr. Grubbs is also very ill, but Thursday morning his condition seemed to be slightly improved.

Other sections of the county report numerous serious cases but the only deaths reported the past week were in Hazel. Every precaution should be taken to prevent the further spread of the disease and citizens are urged to observe the rules laid down by the health departments and physicians. Murray has several cases but at this time none are serious.

REPUBLICAN SENATORIAL NOMINEE TO SPEAK HERE

Dr. Ben L. Bruner, republican nominee for the United States senate, will speak in Murray Friday night, October 25th, at 7 o'clock. Dr. Bruner is an entertaining speaker and has a message for every citizen of the county. He will speak in the court house and every citizen who can is urged to hear him.

Enroute to the Trenches

The Ledger is exceedingly glad to be able to give to its readers this week a letter from Henry Duncan, Calloway's first son to shed his blood upon the battle fields of France. A reading of the letter, which is addressed to Mrs. Aubrey Ross, of Hico, evidences the modesty of this motherless hero now recovering from severe wounds in both legs and shoulder. He makes no mention of the fight in which he was wounded, but reading between the lines it is gathered that it was at the battle of the Marne. Henry Duncan is one of the quietest fellows ever reared in this county, and out in the neighborhood where he lived many friends attest his worth and today they are proud of his daring and are glad to point to the fact that old Liberty precinct gave first blood to the cause of liberty of the world. If you find time write this lad a letter. It will cheer him while he lays recovering from his wounds. Duncan's letter follows:

Sept. 14.

Mrs. Gertrude Ross, Dexter, Ky.

Dear Friend: I received your letter and was glad to hear from you, but was sorry to hear that Mason was sick. I would like to see you all. I am glad that you sent me a list of names of the boys from home who are in France. There are not any of them with me and I am in the hospital and am wounded. I am getting along fine, but can't walk, but think I can walk in a few days. What is Mr. Ross doing? I would like to see him. Perhaps I will see him when the war is over, if it is the Lord's will. Tell the rest of the boys to let's do our bit and get this trouble settled. Tell sister when you see her that I am getting along very well and tell Uncle McDaniel to come on over here and see France. We are having cool weather over here for the last week or two and are having lots of rain. I guess that you are hearing all about the war. In the papers that you sent me there was a few lines about the battle of the Marne. If I could see you all I could tell you something about the Germans that the boys caught, and they are still catching them all the time. Perhaps it will be over soon. I have lots of company over here. I think I will learn to talk French so that I can talk to the girls. Lots of girls in this town.

Well, guess I had better close for this time, hoping to hear from you soon. Your friend,

WILLIAM DUNCAN. Base Hospital No. 13, A. P. O. 753.

Somewhere in France, Aug. 18.

Dear Mother: Will write you a few lines this beautiful afternoon. I am seeing the time of my life and a fine time. The people are very kind to American soldiers, but of course we have a hard time trying to talk to them. There are some very beautiful girls and they are as anxious to talk to us as we are them. We have a lot of fun trying to talk but all have a great determination to learn our language and to learn us theirs, so after all we have a good time, and the people are well pleased with us American soldiers.

Would sure like to see you all but of course we cannot tell how long before we have a chance to be together and talk about what happened while I was in France. All we can do now is to think that time will not be long off and pray for this awful war to end and every soldier can be at home with their friends and loved ones. When my letters are delayed and you fail to hear from me at the time you think you should, content yourself the same as if you were hearing from me every day. You must realize the distance from here to where I am and that letters are often delayed in the mails. If you go for a month or so without hearing from me just think nothing of it and say, "Well, I will hear from him when time comes," and do not bother about me, for you know the world is backing me when I am right. Have not had a letter from you since I was in Camp Mills and am very anxious to hear from you; but know I will. Be very particular and put exactly the same address as I give below—give everybody my regular address and tell them I am well satisfied and expect to see them sometime in the near future. Kiss Louise for me.

We sure have a nice bunch of officers with us, the same ones I had in Camp Custer. Write soon to your loving boy.

The Eleventh Hour Has Struck.

Calloway citizens have, up to Wednesday night of this week, only subscribed for \$85,000 of the fourth Liberty Loan bonds. Calloway's quota is \$340,000. My God, what a travesty. We are going to send word to the nearly one thousand Calloway boys now in the service that we love our dollar better than we love them. We have sent them out to fight for our security and happiness and as they go we send them word to "root hog or die." They must go over the top when ordered, while we shirk our duty, thus branding ourselves cowards, slackers, traitors to them and our country. What matters to us if they die and rot upon the battle fields of France? We are secure at home and have our dollars that we love better than we love our own flesh and blood.

Turn with us to another column of this issue of the Ledger and read that appeal from Herman C. Smith, a soldier boy from Calloway county, "THE FOLKS AT HOME DON'T KNOW OR THEY WOULD BUY BONDS ON TOP OF BONDS." That is a soldier's plea for help. The word we are sending back across the sea is, "Go to hell; you and all the rest of the Calloway boys. Die! Perish! What do you suppose we care over here? We've got plenty; we're going to keep our money; you make it the best you can. To hell with you boys over there."

Men and women of Calloway, must this shame be ours? The editor of the Ledger is going to make a reasonable proposition to two hundred and fifty other Calloway citizens. According to our holdings we are possibly paying more interest on borrowed capital than any other man in the county and still we believe we can strain that credit a little further. The banks of this county will carry loans secured by the deposit of bonds after the initial payment of ten per cent is paid, at the rate of six per cent. The bonds pay four and one-quarter per cent, making a difference in interest rate of \$1.75 on the hundred. Upon this basis we will take \$1,000 of these bonds, and borrow every dollar of it, if County Chairman Ryan and Associate Chairman Joe Lancaster will issue summons for enough men to meet here Saturday afternoon for the purpose of arranging details to put this county over the top. We issue the challenge. We demand its acceptance.

"President Wilson has sounded the distress call. He pleads for this hour of need and peril! MORE THAN ONE MILLION FIVE HUNDRED THOUSAND DOLLARS ARE ON DEPOSIT IN THE THREE BANKS OF CALLOWAY COUNTY. THEY ARE SLACKER DOLLARS UNLESS THIS COUNTY'S QUOTA IS SUBSCRIBED."

The Eleventh Hour has struck.

least victim being Seydler Gray, son of Mr. James Gray, of the Blue Spring section. He died August 31 of wounds received in action.

Some weeks ago Mr. Gray received a telegram stating that his other son, Arrice Gray, had been killed in action. Later a letter was received from the young man stating that he had been wounded but was on the way to recovery. On Monday night of this week another telegram came to Mr. Gray stating that Arrice had been seriously wounded since July 20th, and that no further report had been heard from him. Whether the message had been confused with the one in regard to the death of Seydler, or whether both sons have paid the supreme sacrifice for their country, is a matter of some speculation, and the real facts may not be really ascertained for several weeks. Cadiz Record.

James B. Pryor, of Mayfield, was among the list of killed in action the past week.

Henry W. Brooks, Jr., who has been attached to the headquarters company at Camp Taylor for the past few months, has been assigned to the artillery officers' training school. He is a son of Rev. Brooks, pastor of the Methodist church of this city.

The remains of Pat Clark, who died at Portsmouth, Va., arrived here Monday on the noon train and were carried to the home of his father-in-law, Horace Parks, near Well. The burial took place the following day in the South Pleasant Grove graveyard. Clark was serving in the navy and had been assigned to the battleship Georgia. His death

was caused by pneumonia and occurred last Friday morning at about 5:30 o'clock. He was a son of Mr. Make Clark and was one of the splendid young men of the county. He had been in the service for several months. A wife and numerous relatives survive him. Thus another gold star is added to Calloway's service flag.

Oscar Duncan, son of James Duncan east of Alto, died of pneumonia in France September 20th. This information came to his parents the past week. Duncan was inducted into the service several months ago and after training at Camp Taylor and other camps in this country was sent to France. He was well known in this section of the county and was a cousin of Henry Duncan, the first Calloway boy to be wounded in battle.

Clarence Gough died the latter part of the past week at Ft. Benjamin Harrison, Ind., of pneumonia. He was a son-in-law of Joe Williams, east of town. The burial took place at Williamstown, Ky., his old home.

K. Reid, Herman Broach, Max Hurt, Hillard Jackson, Ewing Allbrighten, Houston Curd and Eva Byrd of the S. A. T. C. State University Lexington, Ky., are at home to spend a sixteen day furlough on account of the prevalence of the flu in the school.

Dr. C. H. Jones, of Lynn Grove, will leave Monday for Ft. Oglethorpe, Ga., to be inducted into the military service of the government. He will enter the medical corps with the rank of first lieutenant. Dr. Jones is Calloway's first offering to this branch.

Don't Wait To Be Drafted!

Volunteer as Patriots for Government Work

Carpenters 60c, Laborers 35c Per Hour

LODGING FREE

The Government at Washington has called upon the citizens of KENTUCKY at once to furnish the men to build---or lose from the State entirely ---the wonderful Camp Henry Knox, at Stithton, designed to be the greatest Artillery Training Camp in the United States.

The credit and the good name of the Commonwealth of KENTUCKY must be upheld. And the State MUST NOT lose this great plant, calling for an investment on the part of the United States Government of from \$15,000,000 to \$20,000,00.

Up to this time the work has lagged for want of men. It is now up to the men of Kentucky to volunteer, or be forced to do so later on. There is no middle course.

TEN THOUSAND WORKMEN MUST COME FORWARD!

CARPENTERS AND LABORERS

Wages are high and are fixed by the Government. Carpenters 60c an hour. Laborers 35c an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers. Free sleeping quarters provided with new cots and blankets. Meals 30c each. Transportation free to laborers and charges are advanced to carpenters from any point in the State.

SANITARY CONDITIONS ARE THE BEST

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

PATRIOTIC WOMEN OF KENTUCKY

See to it that every able-bodied man in the State, not engaged in other War Industries, volunteers his services at high pay, to help get this great permanent Kentucky camp ready for the brave boys of this Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so that they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our Liberty in the great fight for Freedom.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun spy or an Army Slacker.

Show them their Duty!
Make them Volunteer!
Take their Places!

CAMP KNOX MUST BE READY DECEMBER 1

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 Army Boys, and stables for at least 15,000 animals must be completed. This is imperative.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job, all right, even for Kentuckians, but it can be done, as Kentuckians never fail in what they undertake.

The fair name of the old Commonwealth—the Fourteenth State to be admitted in the Union—is at stake in the National Capitol and before the Country at large.

EMPLOYERS—NOTICE—IMPORTANT

If your work is non-essential, give up some of your men at once and advise them to go to Camp Knox. If the call for Volunteers is not heeded you may be required to shut down completely. We do not wish to do this by compulsion.

This is no time for shilly-shallying. We must have ACTION. The work is Vital. It is imperative.

Be a Volunteer and Go at Once.

MEN, MEN AND MORE MEN TO SAVE KENTUCKY

This is an EMERGENCY necessitating drastic action if the call for volunteers is not heeded.

When the order came from Washington telling what Kentucky had to do to save Camp Knox for the State, Federal Director Pratt Dale, of the United States Employment Service for Kentucky, immediately held a War Council of affiliated interests, composed of Major W. H. Radcliffe, Constructing Quartermaster at Stithton; John Griffiths & Son Company, builders of Camp Knox for the Government, and O. L. Taylor, District Organizer of Kentucky, United States Public Service Reserve; Edward W. Hines, State Chairman, State Council of Defense. Determined action was decided on. All Government agencies will be invoked to secure the necessary men.

Let the word go out broadcast of Kentucky's need of men in this greatest of humanitarian war works—housing our soldiers.

Let it go out at once.

Preach it from the Pulpit.

Shout the need from the housetops.

Organize the Workers at once—and report them to your nearest United States Employment Service or to your County Chairman, United States Public Service Reserve.

IT CAN BE DONE WITH YOUR HELP

Georgia furnished 5,000 men to save its pieric acid plant—raised them in two weeks. Kentucky can do even better.

The German government suggests that the president may occasion the meeting of a mixed commission for making the necessary arrangements concerning an evacuation. The present German government which has undertaken the responsibility for this step towards peace has been formed by conferences and is in agreement with the great majority of the Reichstag. The chancellor is supported in all his actions by the will of this majority and speaks in the name of the German government and of the German people.

Washington, Oct. 14.—The text of the president's answer to Germany follows:

"Sir: In reply to the communication of the German government dated the 12th instant, which you handed me today, I have the honor to request you to transmit the following answer:

"The unqualified acceptance by the present German government and by a large majority of the Reichstag of the terms laid down by the president of the United States of America in his address to the Congress of the United States on the 8th of January, 1918, and in his subsequent addresses, justifies the president in making a frank and direct statement of his decision with regard to the communications of the German government of the 8th and 12th of October, 1918.

Autocracy Must Be Destroyed.

"The power which has hitherto controlled the German nation is of the sort here described. It is within the choice of the German nation to alter it. The president's words just quoted naturally constitute a condition precedent to peace, if peace is to come by the action of the German people themselves.

"The president feels bound to say that the whole process of peace will, in his judgment, depend upon the indefiniteness and the satisfactory character of the guarantees which can be given in this fundamental matter. It is indispensable that the governments associated against Germany should know beyond a peradventure with whom they are dealing.

SEVERAL HUNDRED CASES OF SPANISH FLU IN THE COUNTY

Calloway county is in the throes of an epidemic of Spanish influenza, and several hundred cases are reported from every section of the county. While the south half of the county seems to be the worst afflicted there are many cases in other sections. The splendid little city of Hazel reports not less than one hundred and fifty cases and during the week three deaths have occurred there. Mrs. W. F. Grubbs, Mrs. Hardy Wilson and Mrs. Dug Hooper. A Miss Brinsendine also died just south of Hazel, near Puryear. Tullus Whitnell is very ill and his death is expected at any hour. Dr. Grubbs is also very ill, but Thursday morning his condition seemed to be slightly improved.

Other sections of the county report numerous serious cases but the only deaths reported the past week were in Hazel. Every precaution should be taken to prevent the further spread of the disease and citizens are urged to observe the rules laid down by the health departments and physicians. Murray has several cases but at this time none are serious.

REPUBLICAN SENATORIAL NOMINEE TO SPEAK HERE

Dr. Del E. Bruner, republican nominee for the United States senate, will speak in Murray Friday night, October 25th, at 7 o'clock. Dr. Bruner is an entertaining speaker and has a message for every citizen of the county. He will speak in the court house and every citizen who can is urged to hear him.

Enroute to the Trenches

The Ledger is exceedingly glad to be able to give to its readers this week a letter from Henry Duncan, Calloway's first son to shed his blood upon the battle fields of France. A reading of the letter, which is addressed to Mrs. Autry Ross, of Hico, evidences the modesty of this motherless hero now recovering from severe wounds in both legs and shoulder. He makes no mention of the fight in which he was wounded, but reading between the lines it is gathered that it was at the battle of the Marne. Henry Duncan is one of the quietest fellows ever reared in this county, and out in the neighborhood where he lived many friends attest his worth and today they are proud of his daring and are glad to point to the fact that old Liberty precinct gave first blood to the cause of liberty of the world. If you find time write this lad a letter. It will cheer him while he lays recovering from his wounds. Duncan's letter follows:

Sept. 14.
Mrs. Gertrude Ross, Dexter, Ky.

Dear Friend: I received your letter and was glad to hear from you, but was sorry to hear that Mason was sick. I would like to see you all. I am glad that you sent me a list of names of the boys from home who are in France. There are not any of them with me and I am in the hospital and am wounded. I am getting along fine, but can't walk, but think I can walk in a few days. What is Mr. Ross doing? I would like to see him. Perhaps I will see him when the war is over, if it is the Lord's will. Tell the rest of the boys to let's do our bit and get this trouble settled. Tell sister when you see her that I am getting along very well and tell Unie McDaniel to come on over here and see France. We are having cool weather over here for the last week or two and are having lots of rain. I guess that you are hearing all about the war. In the papers that you sent me there was a few lines about the battle of the Marne. If I could see you all I could tell you something about the Germans that the boys caught, and they are still catching them all the time. Perhaps it will be over soon. I have lots of company over here. I think I will learn to talk French so that I can talk to the girls. Lots of girls in this town.

Well, guess I had better close for this time, hoping to hear from you soon. Your friend,
WILLIAM DUNCAN, Base Hospital No. 13, A. P. O. 753.

Somewhere in France, Aug. 18.
Dear Mother: Will write you a few lines this beautiful afternoon. I am seeing the time of my life and I like fine. The people are very kind to American soldiers, but of course we have a hard time trying to talk to them. There are some very beautiful girls and they are as anxious to talk to us as we are to them. We have a lot of fun trying to talk but all have a great determination to learn our language and to learn us theirs, so after all we have a good time, and the people are well pleased with us American soldiers.

Would sure like to see you all but of course we cannot tell how long before we have a chance to be together and talk about what happened while I was in France. All we can do now is to think that time will not be long off and pray for this awful war to end and every soldier can be at home with their friends and loved ones. When my letters are delayed and you fail to hear from me at the time you think you should, content yourself the same as if you were hearing from me every day. You must realize the distance from here to there and that letters are often delayed in the mails. If you go for a month or so without hearing from me just think nothing of it and say, "Well, I will hear from him when time comes," and do not bother about me, for you know the world is backing me when I am right. Have not had a letter from you since I was in Camp Mills and am very anxious to hear from you; but know I will. Be very particular and put exactly the same address as I give below. Give everybody my regards and tell them I am well satisfied and expect to see them sometime in the near future. Kiss Louise for me.

We sure have a nice bunch of officers with us, the same ones I had in Camp Custer. Write soon to your loving boy.

The Eleventh Hour Has Struck.

Calloway citizens have, up to Wednesday night of this week, only subscribed for \$85,000 of the fourth Liberty Loan bonds. Calloway's quota is \$340,000. My God, what a travesty. We are going to send word to the nearly one thousand Calloway boys now in the service that we love our dollar better than we love them. We have sent them out to fight for our security and happiness and as they go we send them word to "root hog or die." They must go over the top when ordered, while we shirk our duty, thus branding ourselves cowards, slackers, traitors to them and our country. What matters to us if they die and rot upon the battle fields of France? We are secure at home and have our dollars that we love better than we love our own flesh and blood.

Turn with us to another column of this issue of the Ledger and read that appeal from Herman C. Smith, a soldier boy from Calloway county. "THE FOLKS AT HOME DON'T KNOW OR THEY WOULD BUY BONDS ON TOP OF BONDS." That is a soldier's plea for help. The word we are sending back across the sea is, "Go to hell; you and all the rest of the Calloway boys. Die! Perish! What do you suppose we care over here? We've got plenty; we're going to keep our money; you make it the best you can. To hell with you boys over there."

Men and women of Calloway, must this shame be ours? The editor of the Ledger is going to make a reasonable proposition to two hundred and fifty other Calloway citizens. According to our holdings we are possibly paying more interest on borrowed capital than any other man in the entire county and still we believe we can strain that credit a little further. The banks of this county will carry loans secured by the deposit of bonds after the initial payment of ten per cent is paid, at the rate of six per cent. The bonds pay four and one-quarter per cent, making a difference in interest rate of \$1.75 on the hundred. Upon this basis we will take \$1,000 of these bonds, and borrow every dollar of it, if County Chairman Ryan and Associate Chairman Joe Lancaster will issue summons for enough men to meet here Saturday afternoon for the purpose of arranging details to put this county over the top. We issue the challenge. We demand its acceptance.

President Wilson has sounded the distress call. He pleads for the loan as only a burdened heart can appeal. Will Calloway desert in this hour of need and peril? MORE THAN ONE MILLION FIVE HUNDRED THOUSAND DOLLARS ARE ON DEPOSIT IN THE THREE BANKS OF CALLOWAY COUNTY. THEY ARE SLACKER DOLLARS UNLESS THIS COUNTY'S QUOTA IS SUBSCRIBED.

The Eleventh Hour has struck.

test victim, being Scuyler Gray, son of Mr. James Gray, of the Blue Spring section. He died August 31 of wounds received in action.

Some weeks ago Mr. Gray received a telegram stating that his other son, Arrie Gray, had been killed in action. Later a letter was received from the young man stating that he had been wounded but was on the way to recovery. On Monday night of this week another telegram came to Mr. Gray stating that Arrie had been seriously wounded since July 20th, and that no further report had been heard from him. Whether the message had been confused with the one in regard to the death of Scuyler, or whether both sons have paid the supreme sacrifice for their country, is a matter of some speculation, and the real facts may not be really ascertained for several weeks.—Cadiz Record.

James B. Pryor, of Mayfield, was among the list of killed in action the past week.

Henry W. Brooks, Jr., who has been attached to the headquarters company at Camp Taylor for the past few months, has been assigned to the artillery officers' training school. He is a son of Rev. Brooks, pastor of the Methodist church of this city.

The remains of Pat Clark, who died at Portsmouth, Va., arrived here Monday on the noon train and were carried to the home of his father-in-law, Horace Parks, near Wiswell. The burial took place the following day in the South Pleasant Grove graveyard. Clark was serving in the navy and had been assigned to the battleship Georgia. His death

was caused by pneumonia and occurred last Friday morning at about 5:30 o'clock. He was a son of Mr. Make Clark and was one of the splendid young men of the county. He had been in the service for several months. A wife and numerous relatives survive him. Thus another gold star is added to Calloway's service flag.

Oscar Duncan, son of James Duncan east of Alto, died of pneumonia in France September 20th. This information came to his parents the past week. Duncan was inducted into the service several months ago and after training at Camp Taylor and other camps in this country was sent to France. He was well known in this section of the county and was a cousin of Henry Duncan, the first Calloway boy to be wounded in battle.

Clarence Gaugh died the latter part of the past week at Ft. Benjamin Harrison, Ind., of pneumonia. He was a son-in-law of Joe Williams, east of town. The burial took place at Williamstown, Ky., his old home.

K. Reid, Herman Broach, Max Hurt, Hillard Jackson, Ewing Allbritten, Houston Card and Eva Byrd of the S. A. T. C., State University Lexington, Ky., are at home to spend a sixteen day furlough on account of the prevalence of the flu in the school.

Dr. C. H. Jones, of Lynn Grove, will leave Monday for Ft. Oglethorpe, Ga., to be inducted into the military service of the government. He will enter the medical corps with the rank of first lieutenant. Dr. Jones is Calloway's first offering to this branch.

Don't Wait To Be Drafted!

Volunteer as Patriots for Government Work

Carpenters 60c, Laborers 35c Per Hour

LODGING FREE

The Government at Washington has called upon the citizens of KENTUCKY at once to furnish the men to build---or lose from the State entirely ---the wonderful Camp Henry Knox, at Stithton, designed to be the greatest Artillery Training Camp in the United States.

The credit and the good name of the Commonwealth of KENTUCKY must be upheld. And the State MUST NOT lose this great plant, calling for an investment on the part of the United States Government of from \$15,000,000 to \$20,000,00.

Up to this time the work has lagged for want of men. It is now up to the men of Kentucky to volunteer, or be forced to do so later on. There is no middle course.

TEN THOUSAND WORKMEN MUST COME FORWARD!

CARPENTERS AND LABORERS

Wages are high and are fixed by the Government. Carpenters 60c an hour. Laborers 35c an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers. Free sleeping quarters provided with new cots and blankets. Meals 30c each. Transportation free to laborers and charges are advanced to carpenters from any point in the State.

SANITARY CONDITIONS ARE THE BEST

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

PATRIOTIC WOMEN OF KENTUCKY

See to it that every able-bodied man in the State, not engaged in other War Industries, volunteers his services at high pay, to help get this great permanent Kentucky camp ready for the brave boys of this Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so that they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our Liberty in the great fight for Freedom.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every local Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun spy or an Army Slacker.

Show them their Duty!

Make them Volunteer!

Take their Places!

CAMP KNOX MUST BE READY DECEMBER 1

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 Army Boys, and stables for at least 15,000 animals must be completed. This is imperative.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job, all right, even for Kentuckians, but it can be done, as Kentuckians never fail in what they undertake.

The fair name of the old Commonwealth—the Fourteenth State to be admitted in the Union—is at stake in the National Capitol and before the Country at large.

EMPLOYERS—NOTICE—IMPORTANT

If your work is non-essential, give up some of your men at once and advise them to go to Camp Knox. If the call for Volunteers is not heeded you may be required to shut down completely. We do not wish to do this by compulsion.

This is no time for shilly-shallying. We must have ACTION. The work is vital. It is imperative.

Be a Volunteer and Go at Once.

MEN, MEN AND MORE MEN TO SAVE KENTUCKY

This is an EMERGENCY necessitating drastic action if the call for volunteers is not heeded.

When the order came from Washington telling what Kentucky had to do to save Camp Knox for the State, Federal Director Pratt Dale, of the United States Employment Service for Kentucky, immediately held a War Council of affiliated interests, composed of Major W. H. Radcliffe, Constructing Quartermaster at Stithton; John Griffiths & Son Company, builders of Camp Knox for the Government, and O. L. Taylor, District Organizer of Kentucky, United States Public Service Reserve; Edward W. Hines, State Chairman, State Council of Defense. Determined action was decided on. All Government agencies will be invoked to secure the necessary men.

Let the word go out broadcast of Kentucky's need of men in this greatest of humanitarian war works—housing our soldiers.

Let it go out at once.

Preach it from the Pulpit.

Shout the need from the hoosepots.

Organize the Workers at once—and report them to your nearest United States Employment Service or to your County Chairman, United States Public Service Reserve.

IT CAN BE DONE WITH YOUR HELP

Georgia furnished 5,000 men to save its picric acid plant—raised them in two weeks. Kentucky can do even better.

Major Radcliffe says: "Every nail you drive, every brick you lay, every bit of real work done, will add to the growing load around the kaiser's neck. The war won't wait!"

of the service. Congratulations, Lieut. Jones, your hundreds of friends are wishing you the best luck. In making the statement that Lieut. Jones is the first Calloway physician to volunteer for service it is not intended to ignore the fact that Lieut. Clenet Ellis, who has been in the service for several months, is a Calloway boy, but at the time he enlisted he was practicing in Graves county and had never practiced in this county.

David Gatlin, Rudy Tyree and Robert Rowlett left Monday afternoon for Cincinnati, Ohio, to enter the military service of the government. They will enter vocational training in the high schools of that city. These boys left in response to a call for 29,000 men with grammar school education issued some two weeks ago by General Crowder. These three boys are splendid lads and scores of friends here who know them wish them the best of luck.

Calloway's prayer is that every man will arrive safely over there and when the time comes give a good account of himself.

Cul Phillips, Great Lakes Naval Training Station, came in Tuesday to spend a six day furlough visiting his mother, Mrs. Bettie Phillips. Cul is one of the real enthusiastic jacksies and is pleased with the service.

Dear Home Folks: How are you all? Fine I hope. I am feeling fine and having an easy time at last. I am working at the electrical business now. It is an easy job and a good trade if I can learn it. I began working yesterday. I have a friend who is an electrician and a mason. He has worked at the trade fourteen years and says if we stay together he will learn me all he can about it. We got 140 men here yesterday. They are pretty gay but of course are crippled for life. I haven't talked with any of them yet, but understand that some of them are from old Kentucky. I don't know what part, but think I'll go and see them.

The folks at home don't know anything or they would buy bonds on top of bonds. When you see a bunch of big husky men come in with both feet wounded, some with arms off or so shell shocked they don't know what they are doing, it is high time to loan the government every cent you can spare. Save clothes and food; we have to have it and lots of it. When you feed and clothe five or six million men it takes something to do it. I am all O. K. for clothes. I got my winter ones yesterday. I got two pairs of trousers, one blouse, one overcoat, three pairs heavy socks and two suits of underwear and am to get another blanket and comfort.

As I am not very newy I will close and see if I can't find a job or two to do, so be good and answer soon. Your son and buddy, HERMAN C. SMITH

of the service. Congratulations, Lieut. Jones, your hundreds of friends are wishing you the best luck. In making the statement that Lieut. Jones is the first Calloway physician to volunteer for service it is not intended to ignore the fact that Lieut. Clenet Ellis, who has been in the service for several months, is a Calloway boy, but at the time he enlisted he was practicing in Graves county and had never practiced in this county.

David Gathin, Rudy Tyge and Robert Rowlett left Monday afternoon for Cincinnati, Ohio, to enter the military service of the government. They will enter vocational training in the high schools of that city. These boys left in response to a call for 20,000 men with grammar school education issued some two weeks ago by General Crowder. These three boys are splendid lads and scores of friends here who know them wish them the best of luck.

Lieut. Hendrick Melan, Lieut. Clarence Later, Sergt. Alonzo Outland, Thos. Wilkerson, Homer Hart, all former Calloway boys, are reported safe on the other side. Old Co. L and a sister company largely composed of Calloway boys are on the big pond at this time, having left the embarkation camp last Sunday night. Calloway's prayer is that every man will arrive safely over there and when the time comes give a good account of himself.

Cut-Phillips, Great Lakes Naval Training Station, came in Tuesday to spend a six day furlough visiting his mother, Mrs. Bettie Phillips. Cut is one of the real enthusiastic jacksies and is pleased with the service.

Claude Farmer, Camp Buel, Lexington, Ky., came in Wednesday to spend some time with home folks. Owing to the prevalence of the flu he was granted a thirty day furlough.

Stanley Houston, who has been at Camp Buel, Lexington, was recommended to the artillery officers' training school and is now at Camp Taylor. Stanley's friends have no fears but what he will be able to win his bars.

If you please, it is now Lieut. Little Joe Wear, infantry, and Lieut. Elmo Hay, machine gun battalion. Relatives here are in receipt of this information. Lieut. Wear has been in school at Camp Lee, Va., and Lieut. Hay received his commission at Camp Gordon, Ga. These young Murray boys have many friends at home to extend congratulations.

I haven't talked with any of them yet, but understand that some of them are from old Kentucky. I don't know what part, but think I'll go and see them.

Farmer Friends

DOES YOUR LIFE WORK MEAN ANYTHING TO YOU?

YOU FARMERS WHO HAVE WORKED HARD—AND NO ONE WORKS HARDER TO GET TOGETHER THEIR PROPERTY—WHAT DOES IT MEAN TO YOU? YOUR PROPERTY, YOUR FARM AND BUILDINGS, YOUR CROPS, YOUR STOCK, YOUR FARM IMPLEMENTS AND YOUR HOME—ALL THESE REPRESENT YEARS AND YEARS OF WORK THAT YOU HAVE DONE.

EVERYTHING THAT YOU ENJOY AS THE RESULT OF YOUR WORK COMES TO YOU AND STAYS WITH YOU BECAUSE THE HEROIC SOLDIERS AND SAILORS OF UNCLE SAM ARE STANDING BETWEEN YOU AND THE BLOODTHIRSTY HUN.

TO KEEP THE HUN AWAY FROM YOU UNCLE SAM DOES NOT ASK YOU TO GIVE EVEN A SINGLE PENNY. HE SIMPLY ASKS YOU TO LEND HIM YOUR MONEY AT A GOOD RATE OF INTEREST AND HE GUARANTEES ON HIS WORD OF HONOR (A WORD THAT HAS NEVER BEEN BROKEN) TO PAY BACK EVERY PENNY YOU LEND.

WHAT IS YOUR ANSWER? HAVE YOU BOUGHT ALL THE LIBERTY BONDS YOU CAN? BUY LIBERTY BONDS TODAY. AND DON'T FORGET TO BUY YOUR LUMBER FROM THE CONTRIBUTOR OF THIS SPACE IN HELPING TO WIN THIS WAR.
