**GREAT REJOICING THROUGHOUT  
NATION WHEN REPORT CAME  
THAT THE WAR HAD ENDED.**

New York, Nov. 1.—The false reports that Germany has accepted the armistice and that the fighting had ended, which threw the country into a delirium today, turned out to be the greatest hoax in recent years.

Official assurances that the report was false failed to check the almost riotous demonstrations which swept over many American cities. Millions of Americans will not

The dispatch was cabled from France to the United Press and picked up also and circulated through the country by another news agency.

The International Press Agency declared the armistice was signed at eleven o'clock this morning, and that fighting ended at two o'clock this afternoon.

Official dispatches from France to the State Department testify that the German commissioners were not even to meet Marshal Foch until 5 o'clock this afternoon.

Dispatches received tonight from the American army on the Sedan front, show these troops are still advancing.

After cabling France and receiving an official reply Secretary Lansing issued a statement at 2:04 o'clock this afternoon saying the armistice was not signed.

The New York stock exchange and the curb market were closed at 2:30 after a hurried meeting of the governors.

The market, which at the outset appeared unresponsive, shot up and some of the so-called peace stocks rose from two to twelve points. Exchanges in other cities were sim-

The question being asked tonight by many is, why the naval censor passed the dispatch re: publication if not true.

The answer is that the censors do not pass upon the truth or falsity of dispatches; they are only concerned with whether they contain information likely to be of value to the enemy.

Hundreds of people thronged the streets here Thursday night to celebrate as did people throughout the

### There Will Not Be Any Made for Next Spring and Fall

THIS IS DUE TO THE EXTREME SHORTAGE OF RAW WOOL IN CONJUNCTION WITH GOVERNMENT REQUIREMENTS FOR "OUR BOYS" AND "OUR ALLIES."

EVEN SHOULD THE WAR END IMMEDIATELY, CONDITIONS IN THE WOOLEN GOODS INDUSTRY WOULD NOT BE BETTERED. BUT JUST TO THE CONTRARY, IT WOULD CREATE A GREATER DEMAND WHICH INvariably MEANS HIGHER PRICES FOR RAW MATERIALS AND LABOR. NATURALLY THE FINISHED PRODUCT PRICES WOULD BE HIGHER.

## TWO MORE CALLOWAY BOYS ARE KILLED ON BATTLE FIELD

Two more sons of old Calloway have laid their lives upon the altar of the nation. Two more homes in Calloway are made sad, and the information coming right upon the heels of the announcement that peace would soon hover over the earth makes the death of these splendid young men the more regrettable.

The following announcement is in the way of a telegram that came to R. L. Hart, of New Providence last week:

"Deeply regret to inform you that Robert Ewing Lee Hart, infantry, died October 5 or 6 from wounds received in action."

Ewing Hart was 23 years of age and left Murray on May 25th with other recruits for Camp Taylor. From there he was sent to Camp Beauregard, La. He landed in France August 6th. He belonged to Co. H, 153rd Infantry.

Mr. Hart also received a letter from France containing the following information:

"Field Hospital No. 2. Mr. R. L. Hart: Your son, Ewing, passed through our hospital October 5th with his right hand in bandages. He was wounded in an engagement that took place yesterday, the 4th. His spirit is brave and courageous after a severe experience of real war. Signed Lanford Nicholls, V. M. C. A. secretary."

The young man had many friends in this county, and the heartfelt sympathy of every local citizen goes out to the bereaved parents.

### ENROUTE TO THE TRENCHES

France, Oct. 8, 1918. Dear Jennings: I trust you will not consider yourself or kindness unappreciated by the eighteen of us boys of the February contingent of the Calloway draft, for I can assure quite to the contrary; but knowing you to always be swamped with communications from boys of the A. E. F. and others from various training camps throughout the United States, we have felt a delicacy heretofore to bother you with one from us. The eighteen of us are with the sixteenth company of this organization. Are all in the pink of condition despite some wet cold nights spent with nothing between us and the heavens but a feeble pup tent and two thin blankets, more suitable for voile dresses than army blankets.

However at this date things look so good to us that we don't even think seriously of these hardships, for Fritz is in full retreat along the entire front it seems and is going so fast he can't keep out of his own way and news has been received within the last few hours that he is ready to make peace on the terms submitted by President Wilson and doubtless by the time this reaches you matters may be in course of adjustment, and if so there is a strong probability that many an American lad of the A. E. F. will spend the Yuletide around his native hearthstone.

We are proud indeed of old Calloway in the way she responded to the nation's call for both men and funds and to every need of the other strong arms of the cause, such as the Red Cross and Y. M. C. A. We noted with pride the way she contributed to them.

As I write the noise of our heavy artillery is puttin over probably the heaviest barrage of the war. It is almost terrifying to think of the death and suffering that must visit where those shells fall and explode, and evidently Fritz thinks so too for he has already given evidence that he can't stand the pressure. He has seen the handwriting on the wall. It is his finish.

Pardon me if I have taken too much of your space. So thank you again for your many kindnesses to all of us and joining you in the hope of a speedy and complete victory, and trusting that old Calloway's future days will be as full of happiness and prosperity as her past ones have been of gloom and anxiety. I am most sincerely,

LEONAS E. WYATT,  
Co. H, 1st Pioneer Inf.

France, Sept. 11. Mr. W. J. Flora Murray, Ky.: Dear Dad: I will now answer your most welcome letter which came to me yesterday. Was very proud to hear from you. This letter has been sent you since the same day.

better about you after you have gone to Aunt James and have trying to work. Well, I am getting along very well now. I am away from the front. I stayed up there a long time. Had an exciting time and had more trouble dodging them big shells. I tell you, Jack, that was a terrible feeling the first night I was up there, but I got used to it and when I left it didn't bother me so much. If I get through this I can say that it was only the Lord's will and I believe now that I will get through alright; I have made it so far without a scratch. I guess you read where we made a good gain and took Kemmel Hill near Ypres and took some prisoners. I have been in Belgium near Ypres most of the time. I don't think it will be long until old Jerry will have to give up. I haven't seen any of the boys from Calloway yet. I guess they are thinking them out there now. It is sure raining here nowadays. I hope I can get back in time to make a crop next year. Would sure like to see you all. I have been promoted to first class private, that is \$3.30 more on the month. I now draw \$6.30 more than I did in the states, but I tell you the truth I had rather be there and live on bread and water than to be here and get a thousand dollars a month, but you see we have to be here. I'll tell you, Jack, it is a shame the way the Germans treated the people here. It would be awful for them to ever get over in our country, which they will never do now. There are big towns here torn down to the ground. I will close for this time and write Aunt a few lines. Answer soon and take care of yourself. From your Bud,

C. C. FLORA

Hugh Gingles has been transferred from Camp Taylor, Ky., to the 6th Co, 4th Bn., I. C. officers' training school, Camp Pike, Ark. Makes no difference what Hugh is after he is deserving of success and his scores of friends in this county are gambling that he will win his commission.

Golden Ragsdale, Camp McClellan, Ala., arrived in the county the past week to spend a ten days' furlough with home folks.

Best Stone left last Thursday night for Louisville to enlist in the navy. He is one of the well known young men of the county and has many friends to wish him the best of good luck. He went from Louisville to the Great Lakes Naval Training Station.

A. E. Rogers, one of Calloway's boys in the service, has instructed that his paper be sent to him Co. B, 16 Bn., U. S. G. Q. M. supply depot, Philadelphia, Pa.

Hobson Gough and Val Moss, U. S. Marine corps, Benton, were in town for a few hours the first of the week. The boys are veterans in the service and have been discharged from further service on account of wounds. Gough was wounded five times while Moss suffered shell shock and is also suffering of rheumatism. They only spent a few hours in town but during the time met many of our citizens who were eager to have them recite the details of their experiences while in France.

Mighty few parents in Calloway can boast of having three sons in France, but this honor belongs to Nathan B. Stubblefield, of the east side of the county. His sons, Nathan F. and Bernard B. and Oliver A. J., are all in France doing their whole part in making this old world a decent place in which to live.

Leroy Barnett, son of Mrs. Polka Barnett near Brandons Mill, has been wounded in action. Barnett enlisted from Henry county and belonged to the 117th infantry. He was wounded on October 9th and the information came to relatives on November 1st. Barnett is well known on the east side of the county and has many relatives and friends. He is a splendid young man, fearless, courageous and is rendering full service in the present world struggle. How seriously he is wounded is not known.

Mark Keys, a former Murray boy, and a son of the late Butler Keys, died at Camp Taylor last Sunday of pneumonia. The remains were brought to this city and were buried Wednesday afternoon in the City Cemetery. He was 21 years of age and was a student in the artillery school at Fort Monmouth, N. J. The past several weeks he had been

home in Los Angeles, Calif., where he was practicing law when he entered the service. He was a young man of exceptional ability and his early death is indeed a sad one.

Jeff Armstrong, Camp McClellan, Ala., arrived in the county the latter part of the past week to spend a short furlough with home folks.

Leland Owen, Camp Dix, N. J., arrived in the city last Friday morning to spend a furlough with home folks. Leland is in fine health but is of the opinion that his bum pedals will prevent his crossing the big pond.

To Mr. John Cole, who lives northwest of town, has fallen the loss of two sons in the service. A telegram came to him Thursday afternoon announcing the fact that his son, Holland Joseph Cole, marine corps, was killed in action October 9.

Holland Cole was one of the first volunteers from this county, and after training at Paris Island, S. C., for a few months was sent to France. He was in the thickest of the fighting since the arrival of the Americans over there. Cole was about 24 years of age and had many friends in this county.

Herbert Cole, brother of Holland, died at Camp Lee, Va., week before last and his body was received here the latter part of the past week and laid to rest in the West Fork grave yard.

Granville Cook, son of Judge T. P. Cook of Hopkinsville, formerly of this city, has been commissioned a lieutenant in a machine gun battalion. He completed his schooling at Ft. Hancock, Va. Lieut. Cook is a brother of Mrs. E. J. Beale, of this city, and has many friends in Murray to extend congratulations.

Wallon Harris, son of John Harris, this city, is in France. Wallon left Murray some several months ago and went to Indianapolis, Ind., for training.

Herbert McCuiston, son of Monte McCuiston near Backsburg, arrived in the county Thursday to spend a short furlough with home folks. He is stationed at Camp McClellan, Ala.

Lieut. Charlie Farris is in a hospital in Paris, France, recovering from the effects of being gassed. He is a former Calloway boy and was one of the first men from this county to receive a commission.

Possey Haynes, colored, is at home. Possey has been granted an honorable discharge from the service on account of his health. He was stationed at Newport News, Va., for some time before he was discharged.

Mrs. Aubrey Ross, of Hico, is in receipt of a letter from Henry Duncan, Calloway's first boy wounded in battle, to the effect that he is now able to walk and soon expects to return to duty.

### 14,125 MEN CALLED FROM THE STATE OF KENTUCKY

Washington, Nov. 2.—Draft calls for the mobilizing of 200,773 additional men at the training camps before November 21 were announced tonight by Provost Marshal General Crowder. "Between November 11 and 15 a little over 253,000 white men will go to camp.

The remainder of the total, so far as announced, will be made up of negro men who will go to camp November 19 to 21.

This is the largest single call so far issued under the draft and it will bring the number of drafted men in the army up to about three million. It will bring the total of all men in the army to about four million.

Though the October calls were suspended because of influenza nearly all have been reissued in the last three weeks.

In the states where the calls were not released, the men called for October will leave with the men called for this month.

In the present call Kentucky is required to send 8,125 white men to Camp Greendale and 6,000 men to Camp Beauregard.

### Casualties to Date Are 61,604.

Washington, November 4.—Following are the total American casualties to date in the war abroad:

Killed in action (including 395 at sea), 140,761; died of wounds, 4,668; died of disease, 3,045; died of accident and other causes, 1,270; wounded in action, 35,944; missing in action, 13,000; prisoners, 6,000; total, 211,688.

666 cases by poisoning causes.

## UNITED WAR WORK CAMPAIGN WEEK OF NOVEMBER 11

Now we are started. Everybody's shoulder to the wheel. Old Calloway "made a plum monkey out of herself" in the last Liberty Loan drive. That must not happen next week. Ten thousand dollars for the comfort of the boys in the trenches and camps is a very small evidence of our appreciation, and to fail in raising this quota would be a crime at this time. Every school teacher in the county is in harness and there never was a better organization to raise funds in the history of the county. The Ledger is gambling the last pea in the dish that Calloway goes over in this drive. But, understand, the teachers must have the co-operation of all citizens to make the drive a success, and every individual must help to the full extent of his ability. Pennies and nickels will not put the county over—it will take dollars and then more dollars.

Chairman J. D. Sexton has been as busy as the proverbial bird dog and his associate workers have been trailing close up behind him in the work and everything indicates success.

Mrs. W. J. Hills, Mrs. Edmond Post and Miss Jessica Hopkins, of Paducah, and Rev. J. B. Jones, of Lone Oak, were here Thursday to meet with the county workers to assist in completing the details of the drive. Rev. Jones stirred a large gathering of citizens in a short address from the court house steps Thursday afternoon, detailing the purpose of the campaign. Mrs. Post also spoke in behalf of the Y. M. C. A.

New York, Nov. 1.—The false reports that Germany has accepted the armistice and that the fighting had ended, which threw the country into a delirium today, turned out to be the greatest hoax in recent years.

Official assurances that the report was false failed to check the almost riotous demonstrations which swept over many American cities.

Millions of Americans will not know how they have been fooled until they read this morning's paper.

The dispatch was called from France to the United Press and picked up also and circulated through the country by another news agency.

The International Press Agency declared the armistice was "signed at eleven o'clock this morning, and that fighting ended at two o'clock this afternoon."

Official dispatches from France to the State Department testify that the German commissioners were not even to meet Marshal Foch until 5 o'clock this afternoon.

Dispatches received tonight from the American army on the Sedan front, show these troops are still advancing.

After calling France and receiving an official reply Secretary Lansing issued a statement at 2:05 o'clock this afternoon saying the armistice was not signed.

None of these unfounded reports of course, was received or distributed by the Associated Press, which on the contrary, was able by investigation through official channels to establish the story as a hoax.

False reports however are not easily overtaken by the truth.

As it spread over the country it gained momentum.

Business was suspended everywhere, schools were closed, bells were rung, whistles shrieked, prayers were offered in churches, parading citizens jammed the streets and scenes usually attendant upon election night or New Year's eve, were intensified.

The New York stock exchange and the curb market were closed at 2:30 after a hurried meeting of the governors.

The market, which at the outset appeared unresponsive, shot up and some of the so-called peace stocks rose from two to twelve points.

Exchanges in other cities were similarly affected.

Here follows a copy of the cablegram received by the United Press at its New York office.

"United Press at New York: Paris—armistice signed eleven morning. Hostilities ceased two afternoon. Sedan taken morning by Americans."

(Sig.) "HOWARD SIMMS." "United Press" is the cable code address for the United Press. "Howard" is Roy W. Howard, president of the United Press, and "Simms" is William P. Simms, Paris correspondent of the United Press.

At 3:35 this afternoon Paris officially announced that four German officers, bearing a white flag, probably would arrive at Marshal Foch's headquarters some time tonight.

That announcement was one hour and thirty-five minutes after the hour reported as the end of the fighting.

Tonight, as the clocks in France were turning toward midnight, there had as yet come no news that the German commissioners had even appeared at Marshal Foch's headquarters.

The question being asked tonight by many is, why the naval censors passed the dispatch for publication, if not true.

The answer is that the censors do not pass upon the truth or falsity of dispatches; they are only concerned with whether they contain information likely to be of value to the enemy or damaging to the entire military forces.

Hundreds of people thronged the streets here Thursday night to celebrate as did people throughout the nation. It was possibly the noisiest outdoor event witnessed in the country.

Hundreds of firearms, firecrackers, whistles, bells, whistles, and horns were in evidence and for some two or three hours the entire population was delirious with joy. This celebration was premature possibly, but the folks were just rejoicing in practice for what is really coming in a few days.

On Bond Street, this of France was seen. Sedan Press.

LOGAN COUNTY WINNER IN ILLITERACY CAMPAIGN

Frankfort, Ky., Nov. 5.—Logan county is the banner county of the state in the intensive illiteracy campaign carried on through a contest between East and West Kentucky under the direction of the Kentucky Illiteracy Commission. Logan leads the western district, which beat the eastern district 1,443 points.

In the scoring every teacher pledged for the work counted five; every citizen pledged one; every month school organized counted ten, and every letter written by a pupil, taught to read and write in the school, five. Pulaski had the eastern district.

Thousands were taught to read and write in these schools, but the total number has not yet been verified. The remarkable feature of the campaign was that under the leadership of Mrs. Lucile Grogan Jones, of Calloway county, in the west, and Miss Jesse O. Yancy, of Mayfield, in the east, the competition was so keen the contest kept up through work in the homes after schools were closed on account of the influenza epidemic.

The campaign was, especially directed to the instruction of men of draft age, their mothers and families. The special aim from now on will be the instruction of wives and mothers of the men.

The campaign commenced August 12 and closed November 1, at which time the illiteracy Commission was almost swamped with thousands of letters from moonlight school graduates.

Mrs. Cora Wilson Stewart, chairman of the commission, expressed the highest appreciation of the work done by the district leaders, field agents, county superintendents, teachers and citizens who helped.

Jonny Lind Eide was agent for the commission in Logan county and his wife, Hattie, assisted.

NEW BUYING SYSTEM INAUGURATED BY TOBACCO BUYERS

Mayfield, Ky., November 5.—In order to have more system in the sale of tobacco on the Mayfield market and to the end that farmers have competition on all loads offered for sale, it has been decided to have all loads offered at some one definite place.

An auctioneer will be employed and a manager and bookkeeper who will keep proper records and furnish the farmer a ticket of sale showing to whom sold and the price.

It is planned to have a sale shed so that tobacco will not be exposed to falling weather. A nominal charge of 25 cents per load will be charged the seller to defray the expense of operations.

The plan appears to be very feasible, in view of the fact that many loads were formerly sold before the whole trade had a chance to bid on same. Under the present plan each buyer has an opportunity to bid on every load that comes to Mayfield and insures the farmer the highest market price. The farmer the right to reject the bid by announcing immediately after the auctioneer cries his load that it is "no sale."

No charge will be made for service on such loads that are not sold.

SUGAR RATION IN STATE IS RAISED TO 3-POUND LIMIT

Louisville, Ky., Nov. 15.—The sugar ration in Kentucky and the United States as a whole will be raised to day from two pounds per person per month to three pounds per person per month, according to an official announcement made by Federal Food Administrator Fred M. Sackett. Purchase of the family's monthly supply at one time will also be permissible.

In an interview Mr. Sackett said the food administration kept in intimate daily touch with food conditions the world over, and in view of the willingness with which the American people shouldered the burden of food restriction, could be depended upon to co-operate by lifting those burdens at the earliest time practicable.

Mr. Sackett said: "I am receipt of word from the food administration in Washington that the rapid manufacture of the new best sugar crop in the west and the new Louisiana cane crop, together with the free railroad transportation conditions, the reductions we have made in the consumption of sugar in the manufacturing trades, and the patriotic conservation of the people everywhere during the last four months enables us to increase the household allowance of sugar to three pounds per person per month beginning November 1. The same ration will apply to public eating places, which will receive their allotments on the basis of three pounds for each ninety meals served."

This makes good our promise to increase the household allowance of sugar at the earliest which our supplies would justify and make it possible for the householder to use more freely the apple, cranberry and grape juice products and fruits canned without sugar during the summer.

Buyers Glenwood Mills.

Mr. E. O. Seawright, of Hamilton, Calloway county, closed a deal Tuesday with James A. Boydland for the purchase of Glenwood Mills and the grounds, four miles east of Cadiz. The deal was negotiated by the Lawrence Real Estate Company. Besides the mill and mill property Mr. Seawright also gets the mill residence and seven acres of land. He recently sold his farm and saw mill in Calloway county, and as soon as he disposes of some other property and gets his tobacco and other crops in shape, he will move to Cadiz and take charge of the mill, which will be about the first of December.

Glenwood is one of the best established flour and corn mills of the county, and has always enjoyed a good patronage. The new owner comes highly recommended from his fellow citizens in Calloway. He is a widower with four children and will move his children to the county when he comes to reside here.—Cadiz Record.

Many Murray People Have a Weak Part and too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night. Backache is often from weak kidneys.

In such case a kidney medicine is needed. Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills. Murray people recommend the remedy.

Mrs. Homer Suratt, Institute St., Murray, says: "I suffered from kidney trouble since I was a child. My back pained and ached at different times and my kidneys acted irregularly. # The Marines would die for Old Baptist "Doc"—He almost died for them

By Sergt. ALEXANDER WOOLLCOTT  
of "The Stars and Stripes," A. E. F.

YOU would turn your pockets inside out for the United War Work Campaign if you knew dear old "Doc" of the Marines, a white-haired, slow-speaking padre, who is Y. secretary with the leathernecks and so beloved by them that it's past telling. He was a preacher in Arizona—had been, I think, a missionary with the lepers when the war came, and he went from his pulpit to the Y.

They have always loved him, the Marines. I think it was because he had the genius for meeting all mankind brother-to-brother. And because he would not spare himself any hardship that the boys had to undergo.

If they hiked, he would not ride. If they had to march half-way across France as fast as their legs would carry them, Doc marched, too, and what is more, carried the full pack, lest any boy should ever say old Doc did not know what a real hike meant.

Of course, their devotion became a cult on the Marne when it was he who took the hind end of a litter and went out through a very rain of shells to bring in and save the wounded colonel. And they did save him. Can't you picture it—the two of them creeping over the treacherous ground, with the private turning now and then and hissing back to poor old bulky Doc not to "stick up so far" in the air?

That little expedition dropped Doc unconscious with gas and shrapnel, and when he came to he found that quite mysteriously, all his Y insignia had been cut away and Marine emblems sewed on in their place.

Doc holds services now and then. I know of one a young Jew organized. It was held in a deserted church which a volunteer squad had spent three hours in cleaning for the occasion—three hours routing the dust and cobwebs and litter of fallen plaster and broken glass. Then the congregation trooped in and the service began with the distribution of rosaries fished from Doc's capacious pockets for the Catholic boys, some of whom had lost theirs in the fight.

They have a way of looping their rosary through their left shoulder strap and wearing it into battle as the knights of old wore their lady's colors into the jousts. It is an inspiring thing to see a whole company thus beautifully uniformed, but sometimes they come back with the beads torn away.

Well, Doc distributed his own supply and I doubt if a passerby at that moment would have suspected him of being a Baptist clergyman. Doc—and indeed most of the padres of the front—have to rake their memories to tell what denomination was theirs before they took this great communion.

## Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their

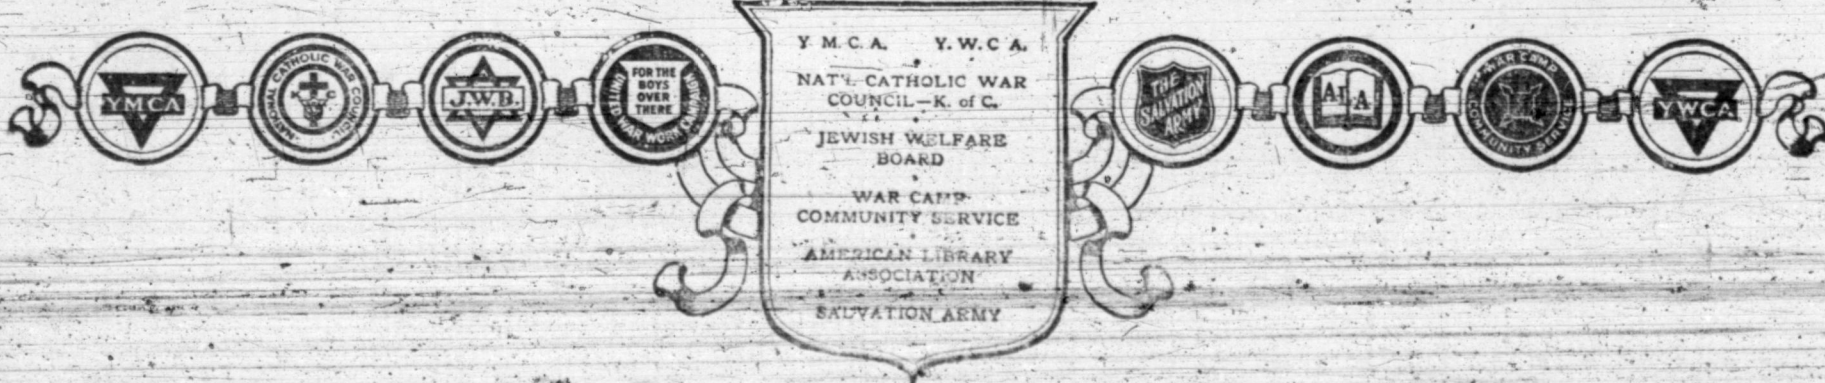

3600 Recreation Buildings  
1000 Miles of Movie Film  
100 Leading Stage Stars  
2000 Athletic Directors  
2500 Libraries supplying 5,000,000 books  
85 Hostess Houses  
15,000 Big-brother "secretaries"  
Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war!

And Baptist Doc is only one of thousands who are serving your boys in the great religion of Fatherhood, whose creed and faith are Service. Keep them on the job next year! Pershing needs a thousand like them every month.

## LOGAN COUNTY WINNER IN ILLITERACY CAMPAIGN

Frankfort, Ky., Nov. 5.—Logan county is the banner county of the state in the intensive illiteracy campaign carried on through a contest between East and West Kentucky under the direction of the Kentucky Illiteracy Commission. Logan leads the western district, which beat the eastern district 1,443 points.

In the scoring every teacher pledged for the work counted five; every citizen pledged one; every night school organized counted ten, and every letter written by a pupil, taught to read and write in the school, gave Logan the eastern district.

Thousands were taught to read and write in these schools, but the total number has not yet been verified. The remarkable feature of the campaign was that under the leadership of Mrs. Lucile Grogan Jones, of Calloway county, in the west, and Miss Jessie O. Yancy, of Mayfield, in the east, the competition was so keen the contest kept up through work in the homes after schools were closed on account of the influenza epidemic.

The campaign was especially directed to the instruction of men of draft age, their mothers and families. The special aim from now on will be the instruction of wives and mothers of the men.

The campaign commenced August 12 and closed November 1, at which time the Illiteracy Commission was almost swamped with thousands of letters from moonlight school graduates.

Mrs. Cora Wilson Stewart, chairman of the commission, expressed the highest appreciation of the work done by the district leaders, field agents, county superintendents, teachers and citizens who helped.

Jenny Lind Eite was agent for the commission in Logan county and Miss Belle Hamman in Putnam.

## NEW BUYING SYSTEM INAUGURATED BY TOBACCO BUYERS

Mayfield, Ky., November 5.—In order to have more "system" in the sale of tobacco on the Mayfield market and to the end that farmers have competition on all loads offered for sale, it has been decided to have all loads offered at some one definite place.

An auctioneer will be employed and a manager and bookkeeper who will keep proper records and furnish the farmer a ticket of sale showing to whom sold and the price.

It is planned to have a sale shed so that tobacco will not be exposed to falling weather. A nominal charge of 25 cents per load will be charged the seller to defray the expense of operations.

The plan appears to be very feasible, in view of the fact that many loads were formerly sold before the whole trade had a chance to bid on same. Under the present plan each buyer has an opportunity to bid on every load that comes to Mayfield and insures the farmer the highest market price. The farmer the right to reject the bid by announcing immediately after the auctioneer cries his load that it is "no sale."

No charge will be made for service on such loads that are not sold.

## SUGAR RATION IN STATE IS RAISED TO 3-POUND LIMIT

Louisville, Ky., Nov. 15.—The sugar ration in Kentucky and the United States as a whole will be raised today from two pounds per person per month to three pounds per person per month, according to an official announcement made by Federal Food Administrator Fred M. Sackett. Purchase of the family's monthly supply at one time will also be permissible.

In an interview Mr. Sackett said the food administration kept in intimate daily touch with food conditions the world over, and in view of the willingness with which the American people shouldered the burden of food restriction, could be depended upon to co-operate by lifting those burdens at the earliest time practicable.

Mr. Sackett said:

"I am receipt of word from the food administration in Washington that the rapid manufacture of the new beet sugar crop in the west and the new Louisiana cane crop, together with the freer railroad transportation conditions, the reductions we have made in the consumption of sugar in the manufacturing trades and the patriotic conservation of the people everywhere during the last four months enables us to increase the household allowance of sugar to three pounds per person per month beginning November 1. The same ration will apply to public eating places, which will receive their allotments on the basis of three pounds for each ninety meals served."

"This makes good our promise to increase the household allowance of sugar at the earliest which our supplies would justify and make it possible for the household to use more freely the apple, cranberry and grape juice products and fruits canned without sugar during the summer."

## Buy Glenwood Mills.

Mr. E. O. Seawright, of Hamlin, Calloway county, closed a deal Tuesday with James A. Broadbent for the purchase of Glenwood Mills and the grounds, four miles east of Cadiz. The deal was negotiated by the Lawrence Real Estate Company. Besides the mill and mill property Mr. Seawright also gets the mill residence and seven acres of land. He recently sold his farm and saw mill in Calloway county, and as soon as he disposes of some other property and gets his tobacco and other crops in shape, he will move to Trigg and take charge of the mill, which will be about the first of December.

Glenwood is one of the best established flour and corn mills of the county, and has always enjoyed a good patronage. The new owner comes highly recommended from his fellow citizens in Calloway. He is a widower with four children and will move his children to the county when he comes to reside here. Cadiz Record.

He was well known throughout the south section of the county and was born and reared in that section. Mayfield Messenger.

## Call for Limited Service Men

Washington, Nov. 6.—Provost Marshal General Crowder yesterday called for 18,300 draft registrants physically qualified for limited service to entrain for camps between November 25 and 27. Voluntary enlistments will be accepted until November 20.

A variety of trades and occupations are mentioned in the call and 46 states are asked to furnish the necessary number.

Total calls for military service for November have now passed the 310,000 mark and are far in excess of previous monthly mobilization under the draft.
