Street Lighting Savings To Be Effected Here

KU Rates Drop March 1 For All Cities Served

CUT IS \$276, \$60

Street lighting rate reductions amounting to more than \$27,500 annually will go into effect March 1 in all cities served by Kentucky Utilities Company. Washington Reed, K. U. vice-president, announced yesterday.

Fulton, according to Rube McKnight, local K. U. manager will save more than \$276 a year under the new rate schedule. South Fulton will save over \$60 a year, he said.

The new rates are among the lowest in the industry. "From the standpoint of safety," Mr. Reed declared, "nearly every community in which we operate needs additional street lighting. National safety records show that where street lighting has been increased, there has been a corresponding reduction in traffic accidents."

"In these communities, the new rates will make additional lighting possible at no increase in cost to the city."

Miss LaNelle Bugg To Give Concert At Murray, Feb. 2nd

Murray, Ky.—The Murray State College Symphony Orchestra will play a concert Sunday afternoon, February 2, at 3:00 p. m. in the hall of the fine arts building. This is open to the public at no charge.

The program will be as follows: Beethoven's "Symphony No. 8" (Allegro vivace e con brio, Allegretto scherzando, Allegro vivace); Mozart's "Concerto, K. 313, in G Major" (Allegro maestoso); Miss LaNelle Bugg, Fulton senior, flute; "Caucasian Sketches" by Ippolitow Iwanow (In the Mountain Pass, Procession of the Sardar).

Kentucky Today

By The Associated Press
Pikeville—An automobile accident last Saturday in which special judge Edward L. Allen of Prestonsburg was injured has delayed a decision in the local option contest suits growing out of an election in Pike county last Sept. 30.

Frankfort—State offices were closed today as Kentucky observed the birthday of Franklin D. Roosevelt as a legal holiday.

Lexington—Dr. Victor H. Vogel, medical officer in charge of the U. S. Public Health Service hospital here, yesterday reported a small amount of heroin had been found in the hospital. He said the powdered narcotic undoubtedly was smuggled into the institution.

Catlettsburg—William Howard, 34, Garrison, was sentenced yesterday by Federal Judge Mac Swinford of U. S. District Court to five years in prison after a jury found him guilty of resisting federal officers. Howard was charged with opening fire on federal alcohol tax unit agents when they approached an alleged still.

Henderson—Forty-one indictments against 25 individuals, roadhouses and nightclubs on charges of operating gambling devices were quashed on a legal technicality yesterday by acting Henderson County Circuit Judge B. N. Gordon.

Eminence—Henry County Sheriff Gano Hendon yesterday asked headquarters of the Kentucky highway police for help in investigating the death of James Prewitt, 66, whose beaten body was found buried under leaves Tuesday.

Maysville—Organization of a Boy Scout District embracing Mason, Fleming, Robertson and Bracken counties has been completed here. Clarence L. Wood, Maysville, was named chairman.

Louisville—City Building Inspector Fred Ehart yesterday reported finding five families consisting of 27 persons living in five basement rooms constructed of scrap corrugated paper and tin.

T-5 Bowlin Is Back In States

Now At Camp Kilmer, And Expects Discharge Stationed In Austria

T-5 Billy R. Bowlin, son of Mrs. Mertie Bowlin, Highlands, returned to the United States yesterday. His mother received a wire that he was at Camp Kilmer, N. J., and expected to be home soon after receiving his discharge.

T-5 Bowlin has been in the army for approximately 14 months, 11 months of which have been spent overseas. He served with Hq. Company of the 16th Infantry, and was stationed near Salzburg, Austria.

T-5 Bowlin was graduated from Fulton high school in the spring of 1945. While a student there he was active in athletics especially basketball.

Lilienthal Gets Van'berg Nod

Senator Says He Is "Impressed" By Ex-TVA Head's Secrecy Stand

Washington, Jan. 30—(AP)—David E. Lilienthal's firm stand for keeping atomic secrets appears today to have won him the powerful support of Senator Vandenberg (R-Mich.), in the controversy over President Truman's atomic commission nominations.

Vandenberg told a reporter he is "very much impressed" by the stand Lilienthal took in advocating even greater precautions against leaks than had been taken under military control of the A-bomb project.

After a review of further testimony by Lilienthal, named as chairman of the commission, Senator Edwin C. Johnson (D-Colo.), said he was "very much impressed" by the stand Lilienthal took in advocating even greater precautions against leaks than had been taken under military control of the A-bomb project.

In this testimony, Lilienthal promised that congress and a military liaison committee will be kept constantly advised of what is going on in the atomic setup.

Johnson's observation seemed to discount the fight Senator McKellar (D-Tenn.) has planned to make on Lilienthal. That fight hasn't really got under way, however, because McKellar has been too busy opposing the appointment of Gordon E. Clapp to the place on the TVA board Lilienthal vacated.

But McKellar will have his inning tomorrow.

W. Waymack of Iowa, commission nominee, and Carroll L. Wilson of Massachusetts, named for general manager, for public testimony today. It previously had heard from Robert F. Bach of New York, Sumner T. Pike of Maine and Lewis L. Strauss of Virginia, other commission nominees.

Chairman Hickenlooper (R-Iowa), said the committee will close its doors next week to hear Lilienthal talk about the spy menace and other security problems.

Bluegrass Lines Flight Schedule Suspension Given

Frankfort, Ky., Jan. 30—(AP)—Temporary suspension of flight schedules of Bluegrass Airlines, Russellville, was granted yesterday by the state aeronautics commission.

The action came in the middle of hearings on an order to show cause why the airline's right to do business should not be revoked or suspended because of unapproved flight-schedule stoppages.

The airlines stopped service in Kentucky last Dec. 1. The commission contended the line quit service without properly consulting the state, ordering the company to show cause. The company contended it had notified commission members Nov. 21 of its intention to quit while it converted from small Cessnas to 24-passenger DC-3's.

Bluegrass asked the commission formally for permission to cease operation on Dec. 10, and it was this application which was granted yesterday, effective immediately.

NAM Presents Alternatives In Portal Pay Suit

Asks U. S. Judge To Use Doctrine Of "De Minimis"

FEARS A WINDFALL

Detroit, Jan. 30—(AP)—The National Association of Manufacturers presented today two alternatives to outright dismissal of more than \$4,000,000,000 in portal to portal pay claims against American industry.

Intervening in the trail-blazing Mt. Clemens Pottery Co. case, NAM urged that:

1. Any portal damages granted by the court be limited to time worked after June 10, 1946, the date of the Supreme Court's important ruling in the Mt. Clemens case;

2. Any portal payments for the period after June 10 be computed on the basis of a regular rate of pay that does not include overtime payments already made. (NAM attorneys explained that, for example, if employees had been paid for 44 hours in a single week and the court found that they had worked 40 hours, the two added hours of overtime be paid for on the basis of the wages drawn for the 40 hour week rather than for the 44-hour week.)

Attorneys for the NAM urged Federal Judge Frank A. Picard to apply to the Mt. Clemens case the doctrine of "de minimis," which holds that trifling matters are no concern of the law. This would permit him, in effect, to dismiss the suit without awarding damages to the pottery employees.

Failure to apply "de minimis," NAM told the court, means that "employees will in effect be presented with a windfall, the economic consequences of which are impossible to estimate."

Earlier the U. S. Government intervening in the case, urged that portal pay time spent by labor be balanced against periods of time that employees devote to personal pursuits during working hours.

Accused Killer Blames Whiskey For His Crime

Centerville, Tenn., Jan. 30—(AP)—The trial of 19-year-old James D. Sandusky, who yesterday testified he had been drinking shortly before shooting to death a Clarksville, Tenn., motorist, and John T. Kelly, who said he helped the victim to a tree, was expected to go to the jury today.

"I must have been feeling the whiskey I had been drinking," Sandusky, a Nashville, Tenn., Marine veteran told the jury. "I would not have killed him had I not been drinking."

Kelly later testified had taken the whiskey from the suitcase of J. Edward Sprouse, an official of the Tennessee Burley Growers Association.

MUTILATION SLAYING SUSPECT

A man who gave his name as Daniel S. Voorhees sits in police headquarters at Los Angeles, Calif., after he walked in and said, according to Police Capt. Jack Donahoe, that he "wanted to confess" to the sadistic killing of Elizabeth Short, 22, whose nude, dissected body was found near Los Angeles.

Bardwell Man Is Corn King

164 bushels per acre! That's the yield record set by Kentucky's champion corn grower, W. A. Scott of Bardwell, pictured above. Scott was awarded his title today in connection with the state college's Farm and Home week at Lexington, where corn growers from over the entire state had gathered to see who had won the official 1947 Kentucky Corn Derby.

The 164-bushel yield, according to W. C. Johnstone, field agent in agronomy at the University of Kentucky, is the highest recorded in any official corn-growing ever held in Kentucky.

Mr. Scott said he used "at least 25 tons of manure" mixed with 1,000 pounds of phosphate, and "then plowed 'em under."

Four hundred pounds of 2-12-6 commercial fertilizer and 100 pounds of ammonium nitrate went into each row of the plot. In addition, he used 100 pounds

of ammonium nitrate as a side dressing and two tons of lime-stone after the ground had been broken and harrowed under.

"I sure had a fight with the weeds and the morning glories," Scott laughed. "They wanted to grow just like that corn."

An unusual feature of Scott's participation in the derby was that he planted another one-acre plot of corn, cultivated it the usual way, but didn't fertilize it. It produced a mere 65 bushels.

Reds Cut Rail Line As Yanks Speed Plans To Leave China

Shanghai, Jan. 30—(AP)—Communist forces in North China rail the vital Peiping-Tientsin railway today, shortly after the announcement that American military units are being withdrawn from China.

The communists severed, temporarily at least, the route over which U. S. forces must withdraw from Peiping, site of the true headquarters that will be abandoned with the end of America's long but futile peace efforts.

Associated Press Correspondent

G. R. Stephens Rites Friday

World War I Veteran Died At Dallas, Texas; Services Will Be Here

Funeral services for George Ross Stephens, 53, will be held at 2 o'clock tomorrow afternoon in the chapel of the Hornbeak Funeral Home with the Rev. Mr. Nail of Beelerston officiating. Burial will be in the Wesley cemetery.

Mr. Stephens, a veteran of World War I, died at a government hospital in Dallas, Tex., Monday night. He had been in ill health for several years.

He leaves two sisters, Mrs. Annie Walker of Albuquerque, N. M., and Miss Jennie Stephens of Merkel, Tex.; one brother, Johnny Stephens of Water Valley.

Fallbearers will be nephews.

Rev. Byron Cullen To Preach Sat.

The Rev. Byron Cullen, pastor of Clarks River Baptist church, Graves county, will preach at the South Fulton Baptist church Saturday night, Feb. 1, at 7 p. m. Special singers are expected to be present.

The public is invited to be with us for this special evangelistic service, the Rev. J. T. Drace, pastor, said.

To Ship School Annuals Feb. 3rd

Miss Mary Royster has been informed by the Welch Manufacturing Co. that the Fulton high school annuals will be shipped from Chicago on Feb. 3.

Students will be notified when they may call at the school to receive their annuals.

Moscow School Is Leveled, Methodist Church Torn Off Foundation, Many Homes Damaged In Severe Gale Which Struck Village About 11 P.M.

Tornadoes Strike Alabama, Arkansas, Parts Of Kentucky

Montgomery, Ala., Jan. 30—(AP)—An undetermined number of persons was reported killed when a tornado struck Kent, Ala., about 30 miles northeast of here today a few hours after a twister hit Montgomery and injured at least 15 persons.

The state highway patrol said it had an unconfirmed report that four negroes were killed at Kent. At Tallahassee, six miles from the stricken community, attendants at a hospital said one negro child had died there and a negro man "is dying now."

Estimates of the number of injured ranged up to 27. That figure was reported by the highway patrol, but the Tallahassee hospital said it had 16 victims, 14 negroes and two white persons.

Mammoth Springs, Ark., Jan. 30—(AP)—Violent tornado winds killed at least five persons and injured 14 others in a destructive sweep through North-Central Arkansas and Southern Missouri last night.

Hardest hit was Salem, Ark., 20 miles southeast of here. Six persons were injured, one seriously, and 30 homes were destroyed. Seven additional houses were damaged.

The tornado moved northward from Salem, ripping through the small communities of Montier and Hutton Valley in Southern Missouri.

Four persons, all members of one family, were killed at Montier and Mrs. Charles Lawson died near Thayer amidst the falling debris of her home. Her husband, who sought to save her, suffered injuries.

Communication lines were disrupted but reports reaching here from Salem and surrounding areas indicated the property damage would run into the thousands of dollars.

Some of the wrecked homes caught fire in the wake of the tornado.

Disaster relief workers from the Red Cross Midwest headquarters in St. Louis left for Salem to start preparations for feeding and sheltering the homeless. Salem has a population of approximately 570.

U. C. Church Will Expand

Baptist Plan To Erect \$75,000, Three-Story Sunday School Building

Union City—At 4 o'clock Sunday, Feb. 2, a ground-breaking ceremony and program will be held at the First Baptist church to mark the beginning of work on a \$75,000, three-story brick building to be erected just east of the present church building and to be used by the Sunday school department of the church.

It was announced by the Rev. W. A. Boston, pastor of the church, that the church is planning to erect a three-story building to be used by the Sunday school department of the church.

Rapid growth of the church in the last several years, with Sunday school attendance having increased to an average of 600 and with even cloak room space being pressed into use in the church building for Sunday school classes, has made mandatory the embarking on the building program.

After the ground-breaking at 4 p. m., a program will be held in the church auditorium. Among those who will speak are Mayor J. Morgan Sedberry, Dr. O. W. Taylor of Nashville, editor of the Tennessee Baptist and Reflector, and Dr. J. G. Huggins, pastor of the Union Avenue Baptist church, Memphis, and former pastor of the Union City church.

The new building is to be 65 by 80 feet, of brick, steel and concrete construction, with the exterior brick and stone trim matching the present church structure.

STABBING VICTIM

Edward P. (Bud) Bennett, (above), 15, forward and leading scorer of the El Paso, Ill., high school basketball team was stabbed through the heart and died instantly in a rumble involving four players and four town youths. Four of the youths were held in jail without charge.

State Attorney Ben Leiken said that no charge would be filed until after a thorough investigation, including the coroner's inquest.

Miss Mary Royster has been informed by the Welch Manufacturing Co. that the Fulton high school annuals will be shipped from Chicago on Feb. 3.

Students will be notified when they may call at the school to receive their annuals.

Trees Uprooted, Houses Shaken, Damage Great

THREE ARE INJURED

Residents of the little village of Moscow, four miles north of Cayce, today counted at least 20 homes seriously damaged, a schoolhouse flattened, a Methodist church practically destroyed, and other disastrous effects of a tornado which swept through the town at about 11 o'clock last night.

Mr. and Mrs. Roy Adams, their daughter, June, 16, and son, Jerry, 15, were trapped in their home when the wind almost completely destroyed the building. Mr. Adams suffered a cut on the leg and foot as he extinguished the fire in the house.

Mrs. Adams received knee and back injuries, and June's foot was injured. Jerry was not harmed.

The school building, which until last night sat on a little knoll by the Methodist church, was scattered over an area of several acres. Little remained on its original site except the rock foundation.

A major part of the frame building was picked up and deposited on the banks of Bayou de-Cheyne, some 100 yards from the church school. Classes were not being held in the building this year.

The Methodist church was blown about four feet off its foundation, and leans heavily away from the path of the winds. Inside, the floor split and buckled in the center aisle. Brick fine toppled and mangled splinters of pews, oddly, near a window was broken.

Loss Was Heavy
Church members speculated that the building would have to be torn down and rebuilt, as badly as it was damaged. There was some insurance on the edifice, but not enough to repair it completely, it was reported.

Across the road, the Baptist church escaped almost undamaged. One window pane was broken, and that seemed about the extent of loss.

The house of Delph and John Mosier, near the Methodist church, was scooped off its foundation, but none of the family was hurt. In addition to Mr. Mosier, their children, Ted, Tommy and Imogene, rode out the storm inside the frame building.

There's a Huge Burley Surplus

Leaf Association Counsel Says New Export Markets Are Needed Immediately

Washington, Jan. 30—(AP)—The burley tobacco industry has an appalling surplus of burley for export and is threatened with a ruinous market price collapse unless additional export markets can be found, a government tariff committee was told yesterday.

William H. Clay, Jr., Mt. Sterling, Ky., counsel for the Burley Auction Warehouse Association, told the committee that an "overwhelming" world demand exists for burley made in the U. S., but tariff barriers hinder their export.

Lorenzo K. Wood, general counsel for both the Burley Leaf Tobacco Dealers Association and the Dark Leaf Tobacco Dealers and Exporters Association, said the American farmer must have an export market if he is to continue to get a reasonable price for his tobacco.

Wood, of Louisville, Ky., testified that tobacco is second only to cotton as this country's chief export crop. "We want to be on an equal footing in all the ports of the world with tobacco growing in other producing and exporting countries," he said.

J. C. Lanier, general counsel for the Leaf Tobacco Exporters Association and Tobacco Association of the U. S., said only one-half of the free cured tobacco is used in this country, and a market abroad must absorb the balance.

Rep. Chapman (D-Ky.), said he agreed with the positions taken by the three witnesses and that he and other Kentucky congressmen present would offer a written statement later to the committee. Other Kentucky congressmen at the session were Reps. Gregory, Clements, Chief, Morton, Robison and Spence.

Others whose homes were badly damaged included Felton Myatt, Mrs. Elmer Gore, Richard Graves, Hubert Goodrum and Paul Jones. The winds took off the roof and part of the second story of the Jones home, which was a newly-remodeled brick dwelling.

Binford's store, at the end of the road leading into Moscow from Cayce, remained on its foundation, but the entire store front was blown off and hurled against the gasoline pump in front of the building.

Trees were uprooted and broken in half by the force of the tornado. Several fell across roads in the village and had to be trimmed back this morning to allow automobiles to get through.

For several miles in all directions, barn roofs were ripped off and smaller outbuildings were overturned or twisted.

(Continued on Page Four)

Sports Roundup

New York, Jan. 30.—(P)—Travis Tidwell, the Auburn freshman who led the nation's college footballers in ground gaining last fall, didn't get a bit of sympathy from his teammates for another ground gaining feat the other night. . . . Travis had a date in Opelika, seven miles from Auburn, and when he missed the midnight bus he had to walk all the way home. . . . His pals, noting that "spring" practice starts Feb. 10, just accused him of trying to get into shape before they did.

Sports Before Your Eyes
Recent visitors to the Pennsylvania hard coal (and hard

football player) regions include Tulane's Henry Franks and assistant bushbeaters from Washington and Lee. After Yale's Howie Odell and his staff, all tireless students of movies, spent most of a day studying Illinois-Northwestern films, they found 18 plays that might be adapted to Yale personnel and just two they thought worth picking up.

End Of The Line
Walfrido Toscanini, grandson of the celebrated conductor, recently was named to the New York private schools all-scholastic soccer squad. He plays for Horace Mann. . . . And Lawrence Golding, Illinois freshman swimmer, hails from Cape Town, South Africa. Let's hope he never has to hitch-hike home.

Ky. To Meet Irish Tonight

Most Fans Figure This Is UK's Year, But Lads From Ind. Always Rough

Louisville, Ky., Jan. 30.—(P)—Kentucky and Notre Dame, two of the nation's top college basketball teams, match their power and balance here Saturday night in what shapes up as the game of the year.

The star-studded Wildcats of Coach Adolph Rupp have won 19 of their 30 games this season, losing only to Oklahoma A. & M. in the Sugar Bowl game. Coach Moore Krause's Irish have won 11 of their 13 contests.

Kentucky victories over Notre Dame have been scarce but most fans in this area figure this is a Wildcat year. Yet they have seen the boys from South Bend come here for their annual game in previous seasons and clinch a verdict they expected to

go to the Wildcats.

The rivalry has been so keen for the last decade that these two hardwood outfits always tangle before a packed house. Officials at the University of Kentucky in Lexington have announced that all the 7,500 available seats were sold weeks ago and thousands of applicants were turned down.

Although he has an All-Southeastern Conference performer already to start at every position, Rupp says he is worried about the Irish.

The Kentucky offense has centered around big Alex Groza at center and chunky Ralph Beard at guard. Beard, a sophomore, leads the Kentucky scoring parade with 229 points in 20 games. Groza has grabbed 214 points. The Wildcats have plenty of reserves, too.

The Irish depend on balance with Frankie Curran serving as the team's sparkplug. Johnnie Brennan is the team's leading scorer with 144 points in 13 games.

Last year's 55-47 Notre Dame victory was the biggest margin for either team over the other in nine years.

Beat Hogan Drive Gets Under Way In Tucson Open Play

Tucson, Ariz., Jan. 30.—(P)—Leading golfers of the country swung into the \$10,000 Tucson open today with something like a "beat Hogan" campaign gathering momentum on the fairway.

The slogan around the El Rio Country Club epitomized how matters stand among followers of the winter golf circuit. It was, simply, "Beat Hogan and win yourself a reputation."

Whoever can do it—and there, by cause an upset—also will be more than modestly rewarded. Hogan led 1946 money winners with \$42,000. Professional Golfers Association statistics showed that the little Hershey, Pa., master has already collected \$4,823.33 in three western tournaments to date in 1947.

Hogan didn't participate in the pro-amateur match yesterday but he managed to get in 12 holes of golf after his return from a Los Angeles radio appearance with Jimmy Demaret of Houston, Tex.

T-Formation In Back Seat Now

Green Bay Packers And 'Cock-Eyed Notre Dame' Outgained All Others

New York, Jan. 30.—(P)—For the first time since 1938 the T-formation has taken a back seat in the National Football League.

In announcing officially today that the Green Bay Packers sported the best yardage total on rushing plays and Bill Dudley of Pittsburgh was the No. 1 ball-carrier, league headquarters merely confirmed a couple of facts known to the fans since the season closed.

But a point generally overlooked by the figure filberts is that the 1946 season was the first in eight years in which a team employing the T-formation failed to top the circuit in yardage gained on the ground.

The Packers, whose attack is built around what Coach Curley Lambeau calls the "cock-eyed Notre Dame" system, piled up 1,765 yards on 560 rushing plays to nose out the Champion Chicago Bears by 46 yards and set the pace in this department for the first time.

Suddenly faced with the collapse of their once-powerful passing attack, the Packers delegated the brunt of their ground-gaining chores to Ted Fritsch and Tony Canadeo. This pair, operating under variations of the old Notre Dame system, carried the ball 250 times between them and accounted for 920 yards of the Packers' total.

Dudley, who quit the Steelers to return to the University of Virginia as backfield coach at the school where he won All-America honors in 1941, owes his league-leading individual total chiefly to the fact he carried the ball 140 times, 40 more than any other player.

Eastern Defeats Ky. Wesleyan And Centre Tips Trans

Only two basketball games involving Kentucky colleges were played last night, with Eastern State Teachers College defeating Kentucky Wesleyan 61-48 and Centre College winning over Transylvania 40-25.

Only game on tonight's card is Union College vs. Milligan at Johnson City, Tenn.

It was Eastern's 14th victory in 15 starts. Wesleyan put up a stubborn fight and at one stage, eight minutes before the final whistle, there was only five points separating the teams as Eastern led 48-43.

Denies Rocky Fears Thugs

Cohen Says Boxer Would Tell Who Offered Bribe, 'If He Knew Them'

New York, Jan. 30.—(P)—Rocky Graziano's fight manager said today the middleweight boxer is unafraid of gangsters.

He made the statement in reply to an assertion by District Attorney Frank S. Hogan who said yesterday Graziano was afraid to tell who allegedly offered him a \$100,000 bribe to throw a fight scheduled last Dec. 27 with Ruken (Cowboy) Shank of Denver. The bout was cancelled ec. 24 when Graziano claimed a back injury.

Referring to Hogan's charge that Graziano was afraid of underworld characters, Cohen said, "I don't think Mr. Hogan is right on that. The kid (Graziano) is not afraid of anybody or anything, so far as I know. If he knew who these people were, he'd be glad to tell."

him the bribe offer had been made in Stillman's gymnasium but the district attorney said yesterday he believed the offer had been made in a bar.

To this charge Cohen replied: "The only thing I know is Rocky don't frequent bars and grills. He don't drink hard liquor, only beer—just a glass of it, once in while."

Burley Sells For \$38.00, Lowest Season Average

Louisville, Ky., Jan. 30.—(P)—Prices paid for burley tobacco sold on Kentucky markets yesterday dipped to the lowest of the season as the State Agriculture Department reported a statewide average of \$38 per

hundredweight.

Yesterday's statewide average was 30 cents under that of Tuesday and was compiled on the sale of 9,710,954 pounds for \$3,689,819.28.
