Lilienthal Was
Dictatorial,
McKellar Says
Seeks To Prove
Ex-TVA Director
Is Against Law

CHARGE IS DENIED

Washington, Jan. 31.—(AP)—Senator McKellar (D-Tenn.) declared today that David E. Lilienthal had exercised dictatorial control over the Tennessee Valley Authority.

Opposing Lilienthal's nomination for chairman of the Atomic Control Commission, McKellar sought to prove by questions in a Senate Atomic Committee hearing that the former TVA head believes in "one man government."

Lilienthal, seated nearby, denied vigorously that he holds any such views.

"You don't believe in government by law, do you?" The Tennessee senator asked.

Lilienthal replied that he doesn't know any other kind of government. He added that he thinks the right kind of men are needed to run any government.

McKellar read a quotation from "current biography of 1944" in which Lilienthal was represented as saying: "Our government, and every government, is and must be a government of men and not of law."

Lilienthal said this quotation had been taken from the text of some of his writings. It was his view, he said, that the passage of laws would not fulfill the requirements of good government unless there were good men available to administer them.

"Do you know any difference between those views and the views of Premier Stalin of Russia?" McKellar demanded. "He believes in government of men and not of law?"

"No," Lilienthal replied.

"That's the kind of government you had in TVA, wasn't it?" McKellar said.

"No, not at all," the witness replied.

Kentucky Today

By The Associated Press
Madisonville—Re-election of Happy Gatton, superintendent of city schools here since 1914, for another four-year term, was announced by the board of education yesterday.

Lexington—Mrs. Sarah B. Holmes, dean of women at the University of Kentucky, said she was informed by Samuel Johnson, Vanceburg, Ky., that his daughter, Mrs. Rachel Johnson Lee, 77-year-old, co-ed, who had been reported missing from dormitory earlier this week. She returned from a two-day trip with Ray Lee, 27, Vanceburg, and disclosed she and Lee had been married secretly since October.

Frankfort—Attorney General Eldon S. Dummit declared a 1944 state law providing for creation of fire-protection districts in counties was "one of the most poorly drawn statutes" he ever studied. While providing for special elections to choose the district trustees, Dummit said, the law does not provide for paying the election expenses.

Lexington—A fine of \$1,600 was imposed on Lloyd White, Pulaski county sawmill operator, after he pleaded guilty in federal court here to 16 counts of using child labor illegally. Judge H. Church Ford placed White on probation for two years.

Louisville—A 20-year-old girl who cannot write received a diploma at Atherton high school's mid-year graduation exercises last night. Miss Emma Louise Snyder is a spastic, not having full control of her muscles. Unable to take notes in class, she developed a memory for details and related them to her mother upon reaching home.

Louisville—A Louisville banker, Wallace M. Davis, was chairman today of a 34-member advisory committee named last night to study and report on the army's universal military training experimental unit at Fort Knox, Ky. Teen-age volunteer soldiers are undergoing training similar to that proposed by the war department for incorporation in a U. M. T. bill to be presented to congress.

Lewis Funeral
Is Saturday

R. W. Lewis, Formerly of
City, Died In Memphis;
Services at 2 Tomorrow

Funeral services for R. W. Lewis, former resident of Fulton who died in a Memphis hospital last night, will be conducted at 2 o'clock Saturday in the chapel of the Hornbeak Funeral Home by Bro. C. L. Houser, Church of Christ minister.

Mr. Lewis, who made his home at 1677 Carruthers, Memphis, had been critically ill since Sunday.

He leaves his widow, Mrs. Kate Howard Lewis; two daughters, Miss Dorothy Lewis and Mrs. Tom Rose; a son, Billy Lewis, a granddaughter, Amy Rose; a sister, Mrs. Boyd McWhorter all of Memphis; and two half-brothers, Smith Atkins of Fulton and Bill Atkins of Tucson, Ariz.

Mr. Lewis had many friends in Fulton, where he formerly lived for a number of years. He was employed in the U. S. Railway Mail Service, and also had operated a grocery store at the present location of Bugg's Grocery on Walnut street.

He was a brother-in-law of Mrs. J. A. Colley, Vine street, Fulton.

Minor Storm
Damage Here

Store Window Smashed,
Several Trees Uprooted;
Auto, Truck Damaged

Fulton, although not in the direct path of the tornado that swept through Moscow, Ky., Wednesday night, suffered some damage from the unusually violent wind and rain storm.

An upstairs double window pane at P. H. Weeks and Sons store on Lake street crashed to the sidewalk about 9 a. m.

Several trees were blown over, and broken trunks and branches covered some city streets for a short while yesterday morning.

A truck and an automobile owned by Irvy Hammonds of Cayce were badly damaged when a large cedar tree in his front yard fell on the vehicles. Short-circuited electric wires entangled in the tree started a minor blaze, but the rain soon extinguished it.

The Kentucky Utilities office at the Southern Bell Telephone office reported that little damage was done to their poles and wires by the storm in the Fulton area. However, a tree fell across a KU Paducah to Barlow line near Clinton, and power was off for a short time there Thursday night.

It was reported unofficially that lightning struck and killed seven head of cattle at the new yards pen during the storm.

Spanish Deny Attack On
Generalissimo Franco

Madrid, Jan. 31.—(AP)—A French report that Generalissimo Francisco Franco had been wounded in a recent attempt on his life was flatly denied by a foreign office spokesman, who said the Spanish Caudillo was enjoying perfect health.

Feb. 5 Anti-VD Day In
State By Proclamation

Frankfort, Ky., Jan. 31.—(AP)—Governor Willis today proclaimed February 5 as "National Social Hygiene Day in Kentucky" and called for increased efforts in the fight against the spread of venereal diseases.

Tornadoic Winds Leave At Least 8 People Dead,
70 Injured In Alabama, Georgia And Tennessee

Tornadoic winds which hit and skipped through Alabama, Georgia and Tennessee Thursday left at least eight persons dead, two others missing and 70 injured in their trail of wrecked and damaged buildings.

Further west, similar storms killed seven persons in Missouri and caused uncounted thousands of dollars of damage in that state and in Arkansas.

The mid-south storm struck hardest at Kent, Ala., 30 miles to the northwest of Montgomery where it had hit a short time before. Four negroes died at Kent and two were reported missing.

Hitch-Hike Killers
Would Roll Dice to
See Who Dies First

Nashville, Tenn., Jan. 31.—(AP)—Two youths waiting to hear the date of their scheduled execution for the murder of their hitch-hike benefactor told newsmen they'd like to roll dice to see who would go to the electric chair first.

The pair—19-year-old James D. Sandusky, Jr., of Nashville and John T. Kelly, 20, of Marietta—remained calm when they were sentenced yesterday, but young Kelly sobbed afterwards when faced by a girl who traveled here from Lewistown, Minn., for the avowed purpose of marrying him before he dies.

She said they would marry today "if they'll let us."

The jury found both youths guilty of first degree murder for the death of J. Edward Sprouse, a Clarksville, Tenn., motorist, they told the court they had tied to a tree and shot after taking his car on Jan. 6.

Cotton Insurance
Sale Will Begin
Early In February

Sale of Federal all-risk crop insurance on the 1947 cotton crop begins early in February in the six cotton producing counties of western Kentucky.

M. D. Royse, state director of the Production and Marketing Administration, announced today.

The insurance, offered to cotton growers by the Federal Crop Insurance Corporation through county agricultural conservation offices, provides the same protection as in 1946, with additional coverage features.

Protection is against all unavoidable natural hazards. Indemnities paid in the nation in 1945 were for 42 different types of cotton crop damage.

The insurance is being sold at County Agricultural Conservation offices and by agents appointed by county committees.

Royse said.

Court Hears
Several Cases

Jess Fields Awarded \$300
From Fuel & Oil Co.;
Criminal Suits Are Tried

In the case of Jess Fields vs. Arkansas Fuel and Oil Company just concluded in the Fulton county circuit court now in session at the city hall with Judge Stahr presiding, the plaintiff, Mr. Fields, was awarded judgment in the sum of \$300.

In his suit Mr. Fields alleged that a building of his occupied by the defendant had been damaged.

The court saw fit to bring Fred Laird, colored, to trial immediately on an indictment handed down by the grand jury earlier this week. Laird was found guilty of grand larceny and was sentenced to one year in the state penitentiary.

In the case of the Commonwealth of Kentucky vs. Sue Williams, James Dunn and Joanne Osborn, the court likewise decided to dispose of it at this session. The defendants were found guilty of willfully damaging church property and each was fined \$25 and costs.

Sentence was passed by the court on John Henry Martin, colored, tried earlier this week. Martin was convicted of manslaughter and punishment was fixed at two years in the state penitentiary at hard labor. Today Judge Stahr ordered the sentence into execution.

Ruben Townsend
Reenlists In Army

Mr. and Mrs. A. H. Sloan, Carr street, have received word from their son, Sgt. Ruben Townsend, that he has enlisted in the army for three more years of overseas duty. He has been overseas for the past twelve months, stationed in Austria. Sgt. Townsend enlisted in the army in July, 1945 and he is now 19 years old. He writes that he is having a wonderful time and will soon go on furlough.

Hopkinsville Lady
Is New President
Of Homemakers

Lexington, Ky., Jan. 31.—(AP)—Mrs. W. K. Morris, Hopkinsville, today headed the Kentucky Federation of Homemakers.

Mrs. Morris' election, to succeed Mrs. W. E. Nichols, Lexington, as the federation's president, was announced at a women's session of the annual state farm and home convention here.

Mrs. Roger Jones, Quickstand, was named secretary at the Northern Kentucky, Princeton, Smith disclosed yesterday.

Smith, a Republican, said he had discussed the case with the former Democratic congressman but added he would like to be excused from any statements on defense plans presently.

Grand Jury Asks
Legislative Probe
Of Training Home

Frankfort, Ky., Jan. 31.—(AP)—A state legislative investigation of the "deplorably overcrowded" Kentucky training home here was the recommendation today of the Franklin County Grand Jury.

The grand jury termed the home, formerly known as the Feeble-Minded Institute, "deplorably overcrowded" because about 700 persons now are crowded for in the institution originally built to accommodate between 400 and 500.

The jury declared a State Legislative Committee should be named to investigate the home and make a report to the legislature, which is to hold its next regular session in 1948.

FOUND SLAIN

Elizabeth Sattler (above), 28-year-old Charleston, W. Va., school teacher, was found slaying a Charleston street and Chief of Police Harold B. Cornwell said the circumstances indicated murder. She is a divorcee and the daughter of Charles J. F. Sattler, West Virginia labor commissioner.

Draft Revival
Hopes Fading

Armed Services Expected
To Rely On Volunteers
When Act Dies March 31

Washington, Jan. 31.—(AP)—Prospects are stronger than ever today that the armed services will have to rely on volunteers alone for quite a while after March 31, when the draft expires.

Extended White House hearings on compulsory universal training and undiminished congressional opposition to continuing Selective Service are combining to create this situation.

Actually, however, there have been no draft calls since last October.

Officials of President Truman's advisory commission on universal training said it now appears that their report will not be ready until sometime in April.

The commission was created Dec. 19, and has been meeting twice a week. Its chairman, Dr. Karl T. Compton, president of the Massachusetts Institute of Technology, first said he believed recommendations could be made by the end of March.

Even if this schedule were met, however, there is considerable doubt among house leaders that a compulsory training bill could be enacted for several months after that, if at all.

An informal poll of the House Armed Service sub-Committee shows a majority against such a program. Senate opponents have called it out-of-date "goose-stepping" and forgetful of the lessons of mechanized warfare.

Sawyer A. Smith
Will Defend May

Covington, Ky., Jan. 31.—(AP)—Andrew J. May, former chairman of the powerful House Military Committee charged with conspiring to defraud the government, will be defended by Sawyer A. Smith, prominent Northern Kentucky attorney, Smith disclosed yesterday.

Smith, a Republican, said he had discussed the case with the former Democratic congressman but added he would like to be excused from any statements on defense plans presently.

Ky. Burley Market
Skids Still Lower;
Average Is \$37.67

Louisville, Ky., Jan. 31.—(AP)—Kentucky burley tobacco markets recorded a new season's low of \$37.67 a hundredweight on the sale of 2,137,382 pounds of \$3.44-24.87 yesterday, the State Agriculture Department reported.

It was the first time during the 1946-47 sales season that a daily average dropped below \$38 a 100 pounds, the average established last week.

Again the low top daily average among individual sales centers, \$45.54 a 100 pounds, a two-cent decline from Wednesday.

A Mayfield warehouse yesterday sold 253,224 pounds of western fire-cured tobacco for \$37.11.08, a \$20.82 average, while Hopkinsville's eastern fire-cured market auctioned 221,036 pounds for \$59.18.78, a 026.78 average.

"PU Explain Rent Mix-up,"
Maj. Gen. Fleming Promises

Washington, Jan. 31.—(AP)—Maj. Gen. Philip Fleming told reporters after a talk with President Truman today that he would clear up the "whole mystery" of the rent rise "mix-up" when he testifies before a Senate Committee.

Fleming, director of the Office of Temporary Controls, was to be a witness before the Banking Committee at 2 p. m. (CST).

White House reporters asked him whether his testimony would solve the "mystery" as to who prepared a 10 percent rent rise order Wednesday which President Truman rejected.

"Yes, it will cover the whole thing," he replied.

Earlier, the White House denied a published report that President Assistant John R. Steelman had directed the preparation of the order.

Fleming attended a cabinet meeting and conferred alone later with President Truman.

The cabinet, he said, "talked some about rents," but he declined to go into details.

British Order
Women, Children
To Quit Country

ACTION PREDICTED

London, Jan. 31.—(AP)—Winston Churchill urged the British Government today to surrender its Palestine mandate to the United Nations unless the United States joins Britain "on a fifty-fifty basis" in a new policy for the Holy Land.

Almost simultaneously, the Palestine government ordered the evacuation of British women and children to the United Kingdom, in a decision apparently foreshadowing new action against terrorism in the mandate.

Churchill, speaking in House of Commons debate, declared: "We have broken our pledges to the Jews. Having found ourselves incapable of carrying out our promises, we have no right to say that we have to stay there for motive of honor."

"If there is no call to honor, then the responsibility of stopping civil war in Palestine between Jew and Arab ought to be borne by UNO (The United Nations) and not by this poor, over-burdened and heavily injured country."

Churchill asked that the government make every effort to avoid "equal warfare with terrorists" in Palestine, with the United States and the rest of the world looking on. But he urged against bowing to intimidation by threats from the Palestine underground, declaring:

"If you are brought into a quarrel, pugnacity and will power cannot be dispensed with. It is a terrible thing to be drawn into a quarrel and to be coaxed out of doing your duty."

"Good gracious me! How should we have got through this mess? We have got to be influenced on this way?"

"What would have been said when the Germans were bombing London if we had sent a message to say 'if only you will leave off, we will guarantee not to touch Berlin'?"

"That is the road of abject defeat. I hate this quarrel with the Jews—but when you are engaged in the matter, at least bear yourselves like men."

Former Colonial Secretary Oliver Stanley opened the conservative attack as news was received of the Palestine Government order to evacuate all British women and children from Palestine by next Tuesday.

"It must be the urgent task of the government to reestablish our authority in Palestine as an essential preliminary to any final settlement," Stanley said.

Stanley opened a general House debate on the whole question of Palestine violence, which was climaxed this week by the kidnapping of two prominent Britons and the still impending threat of martial law.

Scourges close to the government order was a prelude to an all-out drive to stamp out Holy Land disorders. New of the order was welcomed by Arab delegates to the London conference on Palestine.

State's Oil Tax
Netted \$46,426
In 6-Mos. Period

Frankfort, Ky., Jan. 31.—(AP)—The state tax on oil production yielded \$46,426.26 during the first six months of the 1946-47 fiscal year, the revenue department said today. December's receipts totaled \$7,445.47.

The state levy is one-half of one percent of the market value of the crude oil. December's tax returns indicate \$1,489,094 worth of oil was produced in Kentucky that month, much of it in Henderson county.

The department said the state tax goes into the general fund, not the road fund, and none of it is returned to counties.

A classified advertiser in the Paris, Tenn., Post-Intelligencer has a limitless faith in human nature. His ad—"Wanted, male or female to work. I have trusted and been deceived. Will try again."

A dog, they say, is happy no matter where he is, if his master is there too. Maybe this held true, even in the Franklin county jail at Frankfort. A former Louisville city policeman was jailed for drunken driving. His small black dog, clad in a stylish blanket, was incarcerated (jugged, that is), too.

Bubble gum was listed as the cause of a jeep accident in Madisonville. Four young people were injured when a jeep in which they were riding crashed into a telephone pole. The crash resulted, it was said, when the driver lost control of the vehicle while other occupants were scuffling over blow gum.

One way to avoid getting dog-bit is volunteered by Roy Whicker, proprietor of the Jonesboro Jots column in the Greenfield, Tenn., Gazette. Says Mr. Whicker: "It sometimes pays to have a dog around your home in more ways than one. Last week I had a big play with the little dog around my knees before making a trip across the country. During that trip I came in contact with a real bad looking dog. When he got close to me he sniffed his nose and changed his disposition. He came up to me then as friendly as a dog could."

"He came on to me and smelled my pants with my knees. Dogs have sense and want to be friendly with you. This dog had never met me before, but he knew another dog had been friendly with me and he could be so too."

Our Readers Say

Did you attend the South Fulton-Fulton High basketball game last night? If you didn't I would like to give you an eye-witness account of it. First, you paid 50c to enter which is more than we usually pay, it being our game. After getting a nice seat in a beautiful gym you begin to look out on the floor to pick out your Red and White school colors, but last night you couldn't tell for on that floor playing with all those little boys, night wear all colors and all types of uniforms, from G. I. shorts to raggedy S. F. H. S. shorts and shirts. It was most embarrassing.

Are we as patrons of the South Fulton school, the largest county school in Obion County, going to pay our money to see these games? Why don't we demand that our teams have uniforms to play in, if they are going to be put out on the floor to play?

Now, to go on to our main team which may be small but very game. Yes, they all had on red and white, but the condition these suits are in, so thin and worn, the boys are afraid to jump for the ball. No warm up jackets at all! You didn't see our girls last night but they need suits just as bad.

Wake up, South Fulton, don't just talk among ourselves. Let's do something about our boys' and girls' basketball uniforms if we are going to continue to put them before the public to play.

speaking contest will be held.

SUPPER HELD AT METHODIST CHURCH

A fish supper was held at the
Methodist church by the offi-
cers and teachers of the adult
division last evening. The guest
speaker was the Rev. W. T.
Barnes, pastor of the first church
at Dresden, who spoke on "The
Increase of the Adult Division
of the Sunday School."

Others who gave short talks
were Mr. W. M. Whitnell, Mrs.
T. J. Kramer and the Rev. W. E.
Mischke. Mr. Roper Fields, su-
perintendent of the Sunday
School, acted as toastmaster.
They held a very enthusiastic
meeting with 30 present. A good
time was enjoyed by all present.

Trust In The Lord

"Commit thy way unto the
Lord; trust also in him; and he
shall bring it to pass" Psa. 37:5.
One of the greatest devotion-
al classics ever written was
"Imitation of Christ" by Thom-
as A. Kempis. It has inspired
thousands of Christians to a
zeal for holy living. It was one
of the books that greatly in-
fluenced the life of John Wes-
ley and the members of the Holy
Club which he organized at Ox-
ford. The sainted Kempis has
the following to say:

"We must not trust every say-
ing or suggestion, but warily
and patiently ponder things ac-
cording to the will of God.
Yet alas; such is our weak-
ness, that we often rather be-
lieve and speak evil of others
than good."

But perfect men do not easily
credit every one who speaks to
them; for they know that hu-
man frailty is prone to evil, and
very subject to error in words.

It is great wisdom not to be
rash in thy doings, nor to stand
stiffly in thine own conceits;
As also not to believe every
thing which thou hearest, nor
immediately to relate to others
what thou hast heard or dost
believe.

Consult with him that is wise
and of sound judgment, and seek
to be instructed by one better
than thyself, rather than to
follow thine own inventions.

A good life maketh a man
wise according to God, and
giveth him experience in many
things.

The more humble a man is in
himself, and the more subject

Sports Roundup

By Hugh Fullerton, Jr.
Canton, N. Y., Jan. 31.—(AP)—Things you hear between snow-drifts in the "north country" ... Syracuse athletic authorities were so annoyed when Biggie Munn quit them abruptly to go to Michigan State that they gave Ribs Baysinger a flat order that no contracts were to be broken in hiring his new assistants. One result is that the new head coach has had quite a job getting the kind of helpers he wants. ... One of the most colorful winter sports hereabouts is harness racing on a kite-shaped track laid out on the St. Lawrence River ice at Clayton with the thousand islands forming the backdrop.

Teamwork
Claud Wiese, an exchange student from Norway who is a standout on the St. Lawrence ski team this winter, was a member of the Norwegian underground during the war. His outfit used to go out on skis at night to pick up supplies dropped by British planes. His coach, Jim Littlejohn, pays Claude this tribute: "He's a

great team man who never hesitates to sacrifice his own chance of winning if it will help the team. But that's natural; he belonged to real team in the war."

One-Minute Sports Page
Villanova, which stopped Army's basketball winning streak the other night, has high hopes of doing the same thing in the opening football game next fall. ... Claude Volselle, Bill's younger brother, will get a tryout with the Giants at Phoenix next spring. ... Bo McMillin, Indiana's noted after dinner speaker who also coaches football, really wowed 'em at the recent Texas grid banquet with the aid of a grass skirt and a lei. Most complete summary of the Rocky Graziano "bribe" inquiry observed so far is the AP photo showing Ruben Shank, the guy Rocky was supposed to fight, slicing baloney.

End Of The Line
When Joe Gordon was traded to Cleveland, he had played 1,000 games for the Yankees and had made just 1,000 hits. The Sporting News is trying to assemble a complete list of college baseball coaches, together with their playing records.

ords. How about including their scouting connections? ... When the grid Giants signed an Indiana U. center who was sought by the youthful All-America conference, would you say they were taking Cannady from a baby?

Fulton Takes 2 Tilts From South Fulton Bulldogs Ahead 48-26; Pups Win Preliminary 18-12

PLAY IN NEW GYM

Stretching their consecutive victory string to four games, Fulton's Bulldogs downed a scrappy South Fulton five 48-26 in the new gym last night after getting off to a slow start.

The Pups were 18-12 winners in the first game, having little trouble with the visitors until the last quarter, when the Imps scored 9 of the 12 points to narrow the Fulton lead to 16-12 at one time.

If the Bulldogs continue their practice of averaging previous defeats, they will hand Ty Holland's Murray Tigers a licking here next Tuesday night. The Tigers are playing in Louisville this weekend and after the long trip may not be in top shape for their return tilt with Fulton. They won 45-35 on their home floor.

South Fulton boys and girls play Oblon at South Fulton tonight, and take on Rives at home next Tuesday evening.

Byassee, who accounted for 12 of the Pups' points last night, was the sparkplug in the winning team. Hyland got the first field goal for the Pups and followed with a free throw, and Byassee swished in two buckets to complete the first-quarter scoring. The Imps were held scoreless.

Byassee made Fulton's only two points in the second period, while Long of South Fulton got a free pitch and Cates sank a crisp shot to make the half-time score 9-3, Fulton.

The Imps couldn't find the goal in the third quarter, but rallied in the fourth with three field goals and three fouls.

The Red Devils gave the Bulldogs a bad time in the first quarter of the second game, leading 5-4 at the whistle. Kimberlin started the scoring for South Fulton with a free throw and followed with a crisp two points. Barnes, South Fulton

center, got the other two for his side. For Fulton, "Red" Campbell sank two fouls and Tip Nelms batted in a field goal.

The Fulton offensive started to click in the second quarter. Campbell made a field goal and a foul, Billy Mac Bone got three field goals and a foul, and Forrest got two two-pointers and a free one.

The Bulldogs had little trouble maintaining their minimum 20-point lead from there on.

Haddad and Wilson of South Fulton played in the shadow of personal fouls through most of the game, and Wilson left the floor on this account in the last quarter. Haddad had four called on him in the first half.

Coach Carter's "Bloomer Boys," they of the titan locks, got 12 of the Bulldogs' 48 points. The synthetic red-heads—Campbell, Browder, Nail and Baird—contributed much to the color of the team.

UK Keyed Up For Irish Tilt

Saturday Game May Give Answer To Query, "How Wonderful Are 'Cats'?"

Louisville, Ky., Jan. 31.—(AP)—Saturday night's Kentucky-Notre Dame basketball game, rated by many as Louisville's second biggest annual sports attraction—the Derby is still first—may provide an answer to the question that has bothered the hardboots since Nov. 28.

The question: How wonderful is Coach Adolph Rupp's "wonder team?"

Some say the Oklahoma Aggies provided that answer when they handed the Rupp Rifles a 37-31 beating in the New Orleans Sugar Bowl for Kentucky's only setback in 20 engagements this season, but the real partisans rate the reversal a fluke of unlimited magnitude.

In any event, the Irish encounter will not catch the Kentuckians unaware of their possible fate. They were as surprised as their followers when the Aggies stopped their fast break, but they know Notre Dame is bidding for national championship honors. As a result, they are keyed for a top effort.

Further incentive is provided the Wildcats by the record books, which show the Irish to be the only foe meeting Kentucky on a year-to-year basis that has won more games from

Bert Solves the Labor Problem

You hear a lot about capital and labor nowadays, as if the two could never get together. But look at Bert Childers—who has 320 acres of producing land, a fair-sized herd of cattle, and two farm hands working for him.

If you called Bert a "capitalist" he wouldn't know what you meant, and neither would Spike and Sandy, the hired men. Bert works side by side with both of them; and in the evenings they sit around the fire together—sharing a friendly glass of beer or two.

If anybody has a best—whether it's about wages or hours or equipment—they talk it over at those friendly evening sessions.

I don't say all labor problems are as simple as Bert's. But from where I sit, the basic principle applies to any farm or factory or business: A principle of confidence and mutual respect, of daily talks together in a friendly and congenial atmosphere.

Rocky To Talk To Commission

Must Tell Fistic Fathers
Of \$100,000 Bribe Deal;
Fighter Could Be Barred

New York, Jan. 31.—(AP)—Rocky Graziano fought for his fistic life before the State Athletic Commission today, while the district attorney aimed the big guns of his gambling and bribery investigation on undercover fight managers with gangster and criminal records.

Boxing's latest "Golden Boy" at the box office was summoned to appear before the fistic fathers this afternoon to tell his story of a \$100,000 offer to throw his scheduled Dec. 27 fight against Ruben Shank of Denver. The fight was called off because Graziano complained of an ailing back.

District Attorney Frank S. Hogan said he was "more interested" in uncovering undercover criminals who control fighters through "fronts" acting as managers of records than he was in any other phase of his investigation of gambling and fixing. Elimination of this particular evil—long a topic of common gossip in fight circles—has been regarded by boxing men for years as a vitally-needed reform.

Graziano already has told his story to the district attorney—how three men approached him in Sullivan's gymnasium, midtown training base of most fighters, and made the bribe offer, and that he thought it was "a gag."

In the repetition before Chairman Eddie Egan and his fellow commissioners, Dr. Cillian D. Powell, rock-a-bye Rocky will not only be battling for his rich title shot against Middleweight Champion Tony Zale in Madison Square Garden March 21, but also against possible suspension or revocation of his license.

The commission conceivably could mete out any or all these punishments to the knockout specialist from New York's lower east side for failure to report the bribe offer to authorities, but most observers regard such drastic action as unlikely.

Unbeaten Tide Seeks Win No. 14 From Ga. Tech

Tuscaloosa, Ala., Jan. 31.—(AP)—The undefeated Alabama Crimson tide, with one eye on its crucial clash with Kentucky's Wildcats Monday, will shoot for victory No. 14 in a meeting with Georgia Tech here Saturday.

The Crimson tides racked up their 13th straight and their 10th in a row in Southeastern conference play last night by subduing Mississippi State, 58-42 in a rugged but rugged game.

Alabama pulled away in the final minutes after garnering a 21-18 advantage at halftime and then traded points through most of the second half. The Crimson tide pulled ahead to play at 36-24 with eight minutes left to play.

Would Reduce Portal Pay

Country Lawyers For
Pottery Firm Asks That
Pay Be For Going To Job

Detroit, Jan. 31.—(AP)—A self-styled country lawyer, arguing for the Mt. Clemens Pottery Co., urged today that portal pay time in industry be limited to the period spent by an employee in walking to his work.

Such a limitation might make the portal pay time involving \$4,000,000,000 in suits against American industry so inconsequential that many could be dismissed from the courts.

Bert V. Nunneley, of Mt. Clemens, Mich., fighting the most important case of his 44-year career in law, told Federal Judge Frank A. Picard that an employee going to or returning from work in doing so on his own time.

So, he insisted, is an employee walking out of a factory at the close of the day.

"It doesn't make sense that the time spent walking away from the job (or to lunch) is of benefit to the employer," Nunneley argued.

He sought dismissal of the Mt. Clemens case under the "de minimis" doctrine, contending that the time involved was too trivial to be a concern of the court.

The aging lawyer carried on a lively and good-natured exchange with Judge Picard who is seeking to determine the amount of portal time involved in the precedent-setting Mt. Clemens case, and whether or not it is too trivial to merit damage.

Judge Picard reserved any judgment on Nunneley's arguments, but told him admiringly: "You must get along pretty well with those country juries."

Judge Picard arranged to hear added, new testimony in the controversial case after he was unable to extract from opposing sides an agreement as to the amount of portal time at issue in the historic suit.

Veterans Corner

This column is published weekly through the cooperation of this paper. Questions should be mailed to the Veterans Employment Representative, Kentucky State Employment Service, Mayfield, Ky.

Q. My husband is a World War II veteran with a service-connected disability which at times requires emergency treatment. We live quite a distance from a Veterans Administration Hospital or Clinic. Is there any way our local doctor can treat him at Government expense?

A. In an emergency your husband should go to his local doctor, explain his situation, and get the doctor to place a collect call to the nearest Veterans Administration office. If he's a recognized practicing physician, the Veterans Administration will authorize him to give your husband treatment and will pay the bill.

Q. "I am a World War II veteran employed by a manufacturing concern. I own a small grocery which I operate on the side. Net income from the store is less than \$100 a month. Am I eligible for a self-employment allowance?"

A. No. Under the G. I. Bill, you must devote full time to your business in order to qualify for a self-employment allowance.

Q. "I served in the W.A.A.C. for one year, then for 1 1/2 years in the W.A.C. How much education am I entitled to under the G. I. Bill?"

A. Qualified veterans are entitled to at least one year of education or training plus the length of time in active military service. You are entitled to 2 1/2 years. Service in the W.A.A.C. is not considered military service and is not counted in computations of length of military service.

Q. Am I entitled to an increase in compensation if my service-connected disability has increased since compensation was allowed?

A. Probably. The rate of increase of compensation depends upon the increase in disability as shown by proper examination by a VA physician and evaluation under the rating schedule.

Q. Can a disabled veteran taking a course under Public Law 16 continue his training for more than four years?

A. Training in excess of four years may be approved when the veteran's disability is such that no course of training which does not exceed four years will restore him to employability, or circumstances beyond the control of the veteran necessitate the extension beyond the prescribed four year period.

Q. A training in excess of four years may be approved when the veteran's disability is such that no course of training which does not exceed four years will restore him to employability, or circumstances beyond the control of the veteran necessitate the extension beyond the prescribed four year period.

Wall Street Report

New York, Jan. 31.—(AP)—The stock market followed a narrowly irregular course today with scattered favorites adding small fractions while a number of leaders inclined to slip.

Dealings slowed after a fairly active opening and the direction was notably foggy near midday.

In the resistant area were Bethlehem, Youngstown Sheet, Santa Fe, N. Y. Central, Kennecott, American Can, Philip Morris, U. S. Gypsum, Continental Baking and Sears Roebuck.

Backwards were General Motors, U. S. Rubber, Montgomery Ward, North American, Anaconda, American Smelting, Union Carbide and Standard Oil (N.J.). A wide assortment of pivots was unchanged.
