THE MURRAY LEDGER.

VOL. 36, NO. 31

MURRAY, KENTUCKY, THURSDAY, JANUARY 14, 1915

\$1.00 PER YEAR.

1913 PRICES ARE TO GOVERN 1914

Christian County Planters to Hold Tobacco Crop for Better Prices.

Several hundred Christian county tobacco growers met recently in Hopkinsville, and without dissent adopted the following resolutions:

"We, the undersigned farmers and tobacco growers of Christian county, Kentucky, realizing that the prices now being offered for our 1914 crop of tobacco are below cost of production and suicidal to our material welfare and the material welfare of our county, and that there is no legitimate reason why the present crop should sell for a less price than the 1913 crop of tobacco, do hereby pledge ourselves to strip our tobacco in good keeping order and not to put same on the market until market conditions justify the sale and the buyers are willing to pay us a fair and remunerative price for same and we hereby adopt the schedule of prices paid for the 1913 crop of tobacco as what would be a minimum price we should accept for same, and we hereby authorize and direct the Executive Committee appointed by the farmers of Christian county, in convention assembled at the court house in Hopkinsville, Ky., on Monday, January 4, 1915, to open an office in Hopkinsville, Ky., and to employ a competent man to take charge of same. The office shall be known as the 'Christian County Tobacco Growers Information Bureau' and the manager of the same shall gather all the information in regard to the tobacco market and keep us posted in the marketing of our tobacco in any way that we might need

him, and he will keep all necessary statistics necessary for an intelligent marketing of this and future crops of tobacco. We agree to pay toward the maintaining of said office an amount not to exceed one-fourth of 1 per cent of amount received from a sale of our tobacco, and when our tobacco is sold we will report same to said office."

Suit for \$45,000.

Cadiz, Ky., Jan. 8.—Frank B. Mitchell today brought suit against Thomas Vinson for \$45,000 damages because of personal injuries alleged to have been received at the hands of the defendant. Mitchell was a tenant of Vinson. A little before Christmas they had a disagreement which resulted in the shooting of Mitchell by Vinson. The latter, who is one of the wealthiest men in the county, gave himself up and was placed under a bond of \$5,000. Mitchell is also well known.

FEW NEWS ITEMS OF TRIGG COUNTY

Mr. Mark Smith and Miss Eula Peal, prominent young people of the Ferguson Springs neighborhood between the rivers, were united in marriage last Saturday afternoon at 2 o'clock at the home of the groom's sister, Mrs. Emma Wallace, near Bleidt; Rev. Rudolph Layne officiating. The groom is the youngest son of Mr. Ferman Smith, and the bride is a daughter of Mr. M. E. Peal, of near Bleidt, and they are both quite prominent in their respective communities. They will make their home on Mr. Smith's farm near Ferguson Springs.

Mr. Laban M. Rice, one of the most universally beloved and highly respected citizens of Cadiz, died last Friday night about 10 o'clock of asthma at the home

SENATOR GLENN IS ANNOUNCED.

Asks Democrats of District to Endorse Him For The State Senate.

Hon. Selden R. Glenn, of Ed-dyville, is a candidate for re-election to the important office of state senator from this district, and has issued a card to the voters, briefly setting forth some reasons for an endorsement. Senator Glenn's formal announcement is published in this issue of the Ledger.

He invites a careful investigation of the record he made during the two sessions he served, and states to the voters that if, after making such investigation, he is not found deserving the endorsement it is the duty of every citizen to register his disapproval by casting a vote against him. Mr. Glenn's record is hard to assail, and he enters the race for re-election with a flattering prospect. His card to the voters is following:

To the Voters of the Third Senatorial District:

In announcing my candidacy for the State Senate I am mindful of the honor you have conferred on me when you elected me to that office. I have tried to show you my appreciation by a faithful service. In asking the democrats of this district to again honor me with this office it is necessary that my record in the senate should entitle me to your support, and if does not, then I am not worthy of your votes.

It is an unwritten principle of the great democratic party that if a public servant has rendered efficient and honest service to his people that he is entitled to an endorsement. It is my purpose to submit to the voters of

the district my record, and upon that record I am willing to stand or fall as you may judge me. Space will not permit me to go into details in regard to my record as your State Senator, but it is my intention to reach every voter in the district, that each individual voter may be able to judge for himself whether or not I am worthy of his support.

During the time I have served you I answered every roll call, and voted for or against every bill which came up for passage. I was the only man in the two sessions who did this, but I felt it my duty to be there all the time, in order that I might safeguard the interests of my district.

It is hardly necessary for me to talk to you about my democracy, as I have ever been ready to serve my party.

The session of the next general assembly will be one of the most important ever held. There is a constitutional amendment pending before the people which if it carries, will confer on the general assembly the power to change our system of taxation. A power, if misused, that will work a great hardship on the taxpayers of the state.

The burden of taxation now rests on real estate, and a special interest is now at work to increase this burden. Eighty-five per cent of the taxes of this district are paid on real estate, and it is certainly important to the taxpayers to see to it, that the man who represents them in the district is pledged to them not to increase this burden.

If you see fit to honor me with this nomination, I will promise you the faithful service, I have rendered you in the past, and with the experience I have gained in other sessions I will be able to safeguard your interests.

Sincerely yours,
S. R. GLENN.

For any pain, burn, scald or bruise, apply Dr. Thomas' Electric Oil—the household remedy. Two sizes, 25c and 50c at all drug stores.

TOBACCO SITUATION IS BETTER

Next Few Weeks, From Indications, Will See Great Improvement.

Paducah, Ky., Jan. 12.—That there is prospect for a general advancement in prices and a betterment of the tobacco situation is the consensus of opinion, gathered from leading members of the Planters' Protective association. The looked-for improvement is expected to come within the next few weeks, as buyers are expected to go into the field offering better prices for the weed. Loose leaf sales, held throughout Western Kentucky, are improving in quantity and prices, much to the elation of the farmers.

Only one reason can be assigned for poor prices this year, and this objection is to be removed within a short time, from present indications. This is the high freight rate on tobacco across the Atlantic ocean, caused primarily from scarcity of ships to carry the crop and, secondly, from England's interference with our shipping. Both difficulties, however, will probably be removed. With the passing of the merchant marine bill, now pending in congress, plenty of merchant ships will be found to carry the cargoes, while from good authority comes the statement that England intends to comply with the conditions of the American note, recently sent to Great Britain, and allow our shipping to proceed practically unmolested. The former freight rate on tobacco, across the Atlantic, was 30 cents per hundred, but this has been raised to \$2.20 per hundred. With the alleviation of this rate, through action of congress, and Presi-

dent Wilson, the freight rate should return to almost normal.

Among the best reasons why a high price should be paid for tobacco this year are: (1) a scarcity of tobacco, it being estimated that the crop is 40 per cent short of acreage; (2) that the tobacco crop is 40 per cent higher in quality this season. Several prominent tobaccoists have stated that could the present crop have been placed on the 1913 market it would have brought 20 cents per pound, instead of the 5 and 6 that is now offered.

The Planters' Protective association is now waging a hot campaign to have farmers place their tobacco in the association, and to await for better prices, contending that the individual farmer is not strong enough to meet the present situation, which is considered strained.

A speaking campaign is being carried on throughout western Kentucky and Tennessee and is meeting with much success.

T. CONNIE NIX IS OUT FOR CLERK.

He sometime signs his name, "T. C. Nix," but most everybody in the county who is acquainted with him always calls him just plain "Connie." Anyway, he makes announcement through the ledger this week of his candidacy for the office of clerk Calloway County Circuit Court. Mr. Nix is one of the splendid younger men of the county and is popular and widely acquainted. He has been engaged in different business pursuits at different places in the county and has won many friends by his courteous and affable manner. He is splendidly qualified for the place, and will prosecute an active canvass, and the prediction is already made that the man who defeats him

MURRAY, KENTUCKY.

VILLA TROOPS ARE SENT INTO SONORA

VILLA ORDERS GEN. CABRAL TO TAKE CHARGE OF SITUATION, TO STOP HOSTILITIES.

CARRANZA FORCES SMALL

Believed That Cabral Will Sign an Agreement Declaring Naco Neutral and That Hill Forces Will Depart for Agua Prieta.

Washington, Gen. Villa, as commander-in-chief of the Gutierrez forces, has ordered Gen. Juan Cabral with 5,000 men to take charge of the general situation in Sonora, superseding Gen. Maytorena at Naco.

The order is said to have been issued by the Gutierrez government as a means of preventing continuance of hostilities at Naco and Agua Prieta, where there are comparatively small Carranza forces. Gen. Scott, United States chief of staff, who went to Naco in an effort to obtain neutralization of that place and prevent bullets from falling into American territory, has advised the war department that the Carranza troops have delayed signing any agreement for removal of his forces pending Cabral's arrival. The combined Carranza and Maytorena forces will total about 12,000 men. Gen. Hill, Carranza's commander of Naco, has about 4,000.

Officials here, beyond expressing confidence that the situation soon would adjust itself, declined to comment on it.

It generally is believed, however, that Cabral will sign an agreement declaring Naco neutral, and that the Hill forces will be permitted to go to Agua Prieta.

\$1,000,000 FIRE DAMAGE

Philadelphia and Camden Are Visited by Disastrous Blazes—Origin of Fire Unknown.

Philadelphia. Two fires caused more than a million dollars damage in Philadelphia and Camden. Pennsylvania railroad trains were held up more than an hour and a half by the flames, which destroyed a lumber yard and 17 dwellings in North Philadelphia, while traffic on the Philadelphia and Reading road from Camden, N. J., was discontinued by a fire which destroyed the station there and damaged a lumber yard and the John Dialogue ship building plant. Four firemen were injured at Camden and fifty overcome by smoke in this city.

The origin of the fire in North Philadelphia, where more than \$500,000 damage was done, is unknown. Flames were discovered in the lumber yard. Twenty-one fire companies were engaged there, while four others went to the assistance of the Camden department.

A lighted cigarette is believed to have started the fire in the Camden railroad station. Four parlor cars and 21 passenger coaches were destroyed before locomotives could pull them from the burning building.

STATES RIGHTS ARE PASSING

Illinois College President Comments on Trend of Affairs—Heads for "Innocuous Desuetude."

Chicago. In the establishment of the Federal Reserve Banking system, the building of territorial railways by the federal government, the promotion of agricultural education by the same authority and in the "new freedom," President Edmund James, of the University of Illinois, sees "states rights" headed for "innocuous desuetude."

He expressed that opinion in an address at a session of the conventions of the American Political Science Association and American Historical Association.

President James remarked that President Wilson, head of the party which "has always pretended to stand for the doctrine of state rights," has dealt the doctrine some of the surest blows it has ever received. This, he explained, goes to show that neither of the old parties is the particular exponent of centralization.

More Indiana Arrests. Indianapolis, Ind. Five more men, including E. E. Talbot, city controller, of Terre Haute, and George Ehrenherdt, a member of the Terre Haute Board of Public Works, were arrested at Terre Haute by federal authorities on the indictment charging conspiracy to corrupt the election of November 3.

Poisoned Her Husband. Atlantic City, N. J. Police announced that Nettie Sallines, 32 years old, had confessed that she killed her husband, Alexander Sallines, Dec. 20, by putting poison in his food, to collect \$1,000 insurance. The woman is held without bail.

Fiske Is Bankrupt. New York. A voluntary petition in bankruptcy was filed by Harrison Gray Fiske, theatrical manager and producer. Liabilities were given as \$24,000 and assets as \$75,000.

ENGLISH TENOR FRIENDLY

England Making Ready Answer to U. S. Demand on Handling of Contraband—Second Note Expected. Washington. State department officials who conduct the legal affairs of the department are busily engaged in the preparation of the new communication to Great Britain on the question of contraband. Also they are fortifying themselves for the American answer to Sir Edward Grey's reply to the American note already forwarded, if the British answer shall call for further discussion. It is anticipated that it will.

The American note on contraband, it is expected, will lead to discussion not only by Great Britain, but by France and Russia, as each of these nations has its own list of contraband and conditional contraband.

Officials who summed up the diplomatic developments of the past week expressed the belief that Sir Edward Grey, in his answer to the note now under consideration by the British foreign office, will ask the United States to apply specifically the general principles laid down by Secretary Bryan to one or to each of the 30 cases of seizure and detention, of which the United States has complained. It will surprise the state department if the reply of Sir Edward Grey should be hypercritical or captious, or should be worded to betray other than friendly spirit. But that he will ask for a discussion of particular cases is deemed a certainty because in nearly every case of seizure the circumstances have been different and for that reason the decision as to whether a particular seizure was justified could hardly be reached through the application of a general rule.

HOLD UP, SUNSET EXPRESS

Bandits Go Through Sleepers—Rob All Passengers, But Overlook \$14,000 in Third Car.

San Antonio, Tex. Bandits who robbed passengers in the two rear sleepers of the westbound Sunset Express, on the Galveston, Harrisburg & San Antonio railway, secured \$7,840 in cash and jewelry valued at \$3,000, according to the passengers' reports. The bandits escaped as the train neared Spoford.

Jose Martinez, a wealthy Mexican from Durango, who, with his wife and daughter, occupied the drawing room in the San Antonio sleeper, was overlooked by the bandits, who missed between \$14,000 and \$16,000 he carried in money, besides jewelry of great value. So elated was Martinez when he discovered he had escaped the robbery that he distributed from \$25 to \$150 to each of the victims who had lost their all. The robbers passed through the San Antonio sleeper, robbing 14 of the 19 passengers, overlooking two men in upper berths and the Martinez family in the drawing room.

They had partly finished search of the second Pullman when, it is believed, they became frightened as the train was approaching Spoford, and they pulled the bell cord and jumped from the train as it slowed up. The actual cash taken from passengers amounted to \$7,840 and the jewelry is estimated at \$3,000.

Three men were engaged in the hold-up, one remaining on the rear platform, while the other two went through the sleepers.

May Decide Negro Case

Washington. Many decisions are expected when the supreme court reconvenes after the holiday recess. Several cases, including those involving the validity of "Grandfather Clause" legislation to restrict the negro vote in the southern states, have been under consideration for more than a year.

3 Die in Frisco Wreck

Olathe, Kan. Three men were killed and another dangerously injured when a St. Louis and San Francisco freight train struck a switch, that is believed to have been tampered with, in the yards here. The engine and two of the cars turned over and killed down the embankment.

N. P. Shortridge Dies

Philadelphia, Pa. N. Parker Shortridge, 55, president of the Pennsylvania National Bank and formerly identified with numerous financial concerns, died at his home in Philadelphia from pneumonia.

President Distressed

Washington. Shooting of two American hunters by Canadian soldiers on the Niagara river is viewed with distress by President Wilson. He told cabinet members he received no formal report of the incident and hoped accounts of the circumstances were exaggerated.

Exile Burns to Death

Porterville, Cal. John Lowe, said to have been an officer in the German army and a member of a titled Prussian family, was burned to death in a fire that destroyed his cabin here.

Crane Estate Accounted

Chicago. Final accounting of the estate of Richard T. Crane, steel magnate, placing the value of the personal property at \$6,700,000, was approved in the probate court. Eleven items of real estate in Illinois, value not stated, were listed.

Leave For Teachers Asked

New York. A recommendation that women teachers in New York City be granted leave of absence for childbirth was made to the board of education by a committee.

BATTLE IN FRANCE HALTED BY STORM

WORST WEATHER IN YEARS DELAYS MILITARY OPERATIONS. HEAVY ARTILLERY USED.

FRENCH CLAIM ADVANCES

Infantry Attacks Have Been Scattered and Not in Force—Attempt to Make German Positions Untenable.

London. The extremely rainy winter, the worst Europe has experienced in years, has caused floods in the river valleys of the continent which have prevented any operations on a large scale on the western battle front and seriously interfered with those in the east.

There have been heavy artillery engagements from the sea to the Swiss borders and occasional attacks by the infantry of the opposing armies, which, when not repulsed, have added a few yards to the territory of the attacking force, but have always proved costly adventures.

The French have gained a little ground between Albert and Roye, just north of the point where the line turns eastward, and east of Rheims and eastward of Verdun, where attempts to make untenable the German positions are proceeding slowly. They also have made some advance in Alsace, but have suffered a repulse to the northwest of St. Menesheid.

LOSSES WERE ENORMOUS

Germans Are Checked in Poland—Russian Claim—Tentative Use Heavy Artillery.

Petrograd. The Russian view of recent developments in Poland is that a definite check has been administered to the Germans. Their evacuation of Mstiszew, five miles north of Siczew, is regarded by military critics as "ringing down the curtain on the German advance towards Warsaw."

At a tremendous loss to themselves, the Germans had succeeded in establishing a foothold in Mstiszew, on the east bank of the Bzura, but three weeks of persistent, sledge-hammer attacks failed to penetrate the Russian line before Warsaw. When it became evident that the Austrian advance from the Carpathian Mountains had failed the Germans evacuated the village. The Austrian Carpathian operations evidently formed an integral part of the general German plan for the Warsaw campaign.

Heavy artillery is being brought up by the Germans along their center between Skiernewice and the Pilica river, but this is regarded as purely a defensive move to prevent breaking of the German line by Russian infantry operating there under the cover of artillery.

Unofficial reports from the Warsaw front say that in comparison with the heavy artillery duels, infantry operations are mere episodes. In Galicia the Russians have taken the important town of Gorlice, 15 miles south of Tarnobrzeg, where the West-Galician Austrian army recently was halted and prevented from joining that of Gen. Boehm-Ermolli, advancing from Sanok and Lisko. Gorlice is at the junction point of several railroads running east, west and south through the Carpathian district.

Pursuit of the retreating Austrians in the Sanok-Lisko district has been carried as far as Yaselsk, on the extreme Austrian left. Yaselsk, now in possession of the Russians, commands the most important highway into Hungary.

GERMAN CHECK REPORTED

Fall to Cross Bzura and Rawa Rivers. Make Trenches and Prepare for Long War.

London. In Northern Poland the Germans are reported to have failed to cross the Bzura and Rawa rivers, to have made no successful advance into the Pilica river. They are reported to be digging themselves in, preparatory to maintaining until the hardening of the ground by the frost makes troop movements less difficult.

It is alleged at Petrograd that Field Marshal von Hindenburg's plan for Warsaw was opposed with such success that it has been definitely checked, but German war office reports state satisfactory progress is being made, except in Galicia, where what practically amounts to a rout of the Austrian forces with their stiffening of Germans is admitted.

Riots in Austria

London. The Daily Chronicle's Berlin, Switzerland, correspondent forwards dispatches from various parts of Austria-Hungary purporting to show that rioting against the war is occurring in six provinces of the dual monarchy.

Kaiser Suffers Relapse

Berlin. It is persistently rumored here that the Kaiser has had a relapse and that his condition is serious. It is impossible to confirm these rumors at present.

BRITISH BATTLE SHIP SUNK

Over 800 Lives Lost When German Torpedo Boat Attacked in English Channel—141 Rescued. London. The Daily Chronicle states that survivors of the battleship Formidable report that the vessel was torpedoed both fore and aft and sank almost immediately.

London. The destruction of the British battleship Formidable in the English channel by a mine or a submarine boat, although one of those events Englishmen now realize must be expected so long as the British navy is compelled to keep the seas, has caused widespread grief.

This is due not so much to the loss of the ship, which was 15 years old and cost about \$5,000,000, as it is for the men—about 600 in number—who went down with her. So far as known only 141 of the Formidable's crew of 750 were rescued.

The rescue was made under dangerous and exciting circumstances. The trawler's crew was amazed while running before the gale for shelter to find a small open boat driving under their lee. After desperate efforts the trawler got a rope to the cutter and brought her to stern.

The naval men began to jump aboard, but even then there was danger of losing men in the 30-foot seas. After a half hour's work, however, all were safely rescued. When all had left the cutter her rope was cut. She was full of water, having a hole under her hull which had been stuffed with a pile of trousers of which one man had divested himself for the purpose. Some of the rescued men had little clothing.

SIX MILLION MEN ARE LOST

Statistics Computed by Foreign Experts Show That 6,000,000 Killed, Wounded or Captured.

New York. At the end of the old year foreign statistics computed that five months of the greatest war of history had cost the nations involved 6,000,000 men—killed, wounded and captured, and \$7,000,000,000. These figures are subdivided as follows:

Losses. Great Britain—Eight hundred officers killed, 4,000 wounded; men, 15,000 killed, 60,000 wounded, 25,000 missing.

France—Total casualties 1,100,000, of whom 180,000 have been killed. Russia—Total casualties 1,500,000, of whom 250,000 have been killed.

Belgium—Thirty thousand killed, 58,000 wounded, 25,000 captured. Serbia—Total casualties 170,000; said by Austria to have been captured 80,000.

Germany—Two hundred and fifty thousand killed, 850,000 wounded, 400,000 missing. Austria—Total casualties 1,500,000, of whom 100,000 have been killed.

Expenses. Great Britain—\$225,000,000 a month; or \$1,225,000,000.

France—\$300,000,000 a month, a total of \$1,500,000,000.

Russia—\$350,000,000 a month, a total of \$1,750,000,000.

Germany—\$300,000,000 a month, a total of \$1,500,000,000 at home, in addition to paying the expenses of her ally, Turkey.

Austria—Estimated to total \$1,000,000,000.

In addition, all the warring nations are said to have lost as much as they have spent by the militarization of commerce and industry. Owing to this tremendous cost, financial authorities say that the war must end within the next five months.

GERMANS RENEW ATTACKS

Fortify Themselves and Begin Stubborn Attacks to South and West of Warsaw—Plan Changed.

Petrograd. Having fortified themselves along the line through Sochew, Skiernewice, Rawa and Opoczno, Russian Poland, the Germans again have renewed simultaneous stubborn attacks to the south and west of Warsaw. They have endeavored to cross the Vistula near Czestochowa, evidently determine a movement against Nowo-Georgiewsk. In the south, near Grodzisk, they attempted an advance toward the Vistula in the region midway between Warsaw and Ivangorod.

The German plan, according to dispatches from the front, seems to provide that the Austro-German forces near Koszkie and to enter in the general direction of Radom and Ivangorod, join the Germans around Grodzisk in besieging Ivangorod.

Military men here now believe Field Marshal von Hindenburg's real goal is not so much Warsaw, whose capture would give him only a moral advantage, as Nowo-Georgiewsk and Ivangorod, points which the Germans must take if they are to keep Western Poland. It is assured, however, that the Germans still are 60 or 70 miles from Ivangorod, and that every day the probability of taking these places is lessened.

Move on Warsaw Diversion

London. The Times Petrograd correspondent insists that the German movement toward Warsaw never has been the real center of operations. He said this movement was a diversion to relieve the pressure of the Russian toward Cracow.

Sudanese Are Loyal

London. The official press bureau received from the governor general of Sudan a report that the Moslem inhabitants of Sudan had unanimously declared their loyalty to Great Britain.

CHEAPER MEAT DISHES

FOR THOSE TO WHOM ECONOMY IS OF MOMENT.

Plank Beef Cooked in Casserole May Be Made as Desirable as the More Expensive Cuts—Good Stew of Neck of Mutton.

To the women who are compelled to economize in household expenses, the following recipes will prove of interest:

Cut up from two to three pounds of the thick flank or leg-of-mutton place of beef into neat pieces, place in a casserole with one quart of cold water or bone stock, bring this to the boil, then let it simmer gently for an hour, when you add to it the white part of six leeks and two or three turnips sliced, a lump of sugar, a small teaspoonful of salt, and half a quantity of pepper, and let it all stew quietly together for one and a quarter hours to one and a half hours longer. Serve in the dish in which it was cooked.

Take a pound of liver, wash it to get rid of all blood, etc., and dip it in flour. Wash, peel and slice four pounds of potatoes, chop up finely two onions and two apples (the latter softens the liver), put one ounce of dripping in a pan and when melted and quite hot put in the liver, sprinkle it with a little of the onion and apple and try till nicely colored; add a little powdered sage; now put the liver into a saucepan or casserole, add the sliced potatoes, the rest of the onions and apples, a seasoning of salt and pepper, and three-quarters of a pint of water; bring just to the boil, then draw the pan to the side of the fire and let the contents simmer for 45 minutes. Serve in the casserole or turn out on to a hot dish.

Take the scrap end of a neck of mutton and cut it up into neat pieces, cutting away all unnecessary fat; dissolve two ounces of clarified dripping in a casserole, and add to this two ounces of flour, and when thoroughly blended and of the consistency of cream, but only lightly colored, lay in the meat and cook for 20 minutes, stirring it constantly; now add enough stock or water to cover the meat thoroughly and stir it all together till it comes to the boil, when you draw the pan to one side and let the contents simmer gently, seasoning it with salt and a dust of pepper; it will take from two to three hours, slow cooking. Meanwhile peel and cut up into dice two carrots and two turnips and slice thinly an onion; now toss all these vegetables in a pan over the fire with one ounce of dripping till nicely colored, when you add them to the meat, etc., and let them all stew gently till the meat is cooked. Lift out and serve with the vegetables in the center.

Put into a casserole a dessert spoonful of dripping and let it get hot, then fry in this two sliced onions. Take one and a half pound of neck of mutton, wash it well and put it in the pot with the water which clings to it, cover down closely and let it cook gently for 45 minutes. Meanwhile trim, and slice down a cabbage into eight pieces and put these in water; peel six potatoes and cut them into slices about half an inch thick, place these also in water. When the meat has been simmering for forty-five minutes lift out the cabbage and potatoes dripping with water and pack them round the meat, season with a teaspoonful of salt and half a teaspoonful of pepper, cover down the pan closely again and simmer for forty-five minutes longer. It must be cooked very slowly or it will burn.

Swiss Potato Soup

Wash, pare and cut in halves four small potatoes. Wash, pare and cut in slices one large white turnip. Par-boil together ten minutes, drain, add half an onion cut in slices, and three cupsful of boiling water. Cook until vegetables are soft, drain, reserving the water to add to the vegetables after rubbing them through a sieve. Add one quart of scalded milk, salt, and bind with shortening and flour cooked together, using four tablespoonfuls shortening and half a cupful of flour. Season with salt and pepper.

Hazelnut Taffy

Mix a pinch of salt, a pinch of cream of tartar, a teaspoonful of vinegar and half a cupful of water and add to a pound of lump sugar which has been put into a saucepan with two tablespoonfuls of butter, melted. Stir constantly until boiling and then add two cupsful of hazelnuts, which have been shelled and halved. Stir and cook until the candy is brown, add a scant, teaspoonful of vanilla and pour into butter pans. Mark into squares when cool.

Better Griddle Cakes

When making griddle cakes of buttermilk they will be much lighter and more tender if one small cupful of very dry bread crumbs is added to each pint of buttermilk. Less flour will be needed, and the dry bread will be utilized. —Home Department, National Magazine.

Cold Chicken Soup

Cook one chicken, half bunch of celery, quarter cupful of rice in two quarts of water, cool, skim, add minced parsley, two tablespoonfuls grated cooked ham, juice of a lemon, two cupfuls cream, salt, white pepper, and dice of white bread.

"CASCARETS" ACT ON LIVER, BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or—Bargains, too!

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now. And then and never have "Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation." Adv.

AND WHAT WAS HE TO DO?

Almost Any Married Man Will Appreciate the Situation Poor Hubby Got Himself Into.

"What a beautiful new hat and coat!" she cried, as soon as he came home that afternoon.

"Isn't it? I mean, aren't they?" he said proudly. "Bargains, too!" the overcoat was \$16, reduced from something, and the hat was \$4, but she's going to raise the price next week. "Hurray, you look stunning!" she exclaimed. "Let me put them on, to give you some slight idea of the general effect. You can never tell on yourself, you know."

And she put them on. The coat was a nobly plaid Balmacaan and the hat was a Nile green felt, very swaggy. "By Jove, Ceele," he cried, "if I look half that good in 'em I'm satisfied!"

She walked to the pier glass. "You look very fine in them, dear," she said hesitatingly. "But—truth compels me to say they're more than twice as becoming on me. You know, the women are wearing men's hats and coats this winter. Don't you think you could get yourself another outfit to-morrow—something in colors a little more becoming to you, perhaps? We have fried chicken and waffles for dinner. Just the way you like them."

Born Diplomat

"Harry, I am beginning to believe the baby looks like you."

"Are you, dear?"

"Yes, I notice it more and more every day. I'm so glad."

"Do you really want him to look like me?"

"Of course I do. I've been sorry ever since we had him christened that we didn't give him your name."

"Sweetheart, you don't know how happy you make me by saying that."

"And, Harry, dear—I found the loveliest hat today. I don't believe I ever saw anything that was so becoming to me. It's \$25. Do you think I ought to pay that much for a hat?"—Chicago Herald.

STICK TO IT

Until Coffee Hits You Hard.

It is about as well to advise people to stick to coffee until they get hit hard enough so that they will never forget their experience.

A woman writes and her letter is condensed to give the facts in a short space:

"I was a coffee slave and stuck to it like a toper to his cups, notwithstanding I frequently had severe attacks of sick headache; then I used more coffee to relieve the headache, and this was well enough until the caffeine of tea wore off."

"Finally attacks of rheumatism began to appear, and ultimately the whole nervous system began to break down and I was fast becoming a wreck."

"After a time I was induced to quit coffee and take up Postum. This was half a year ago. The result has been most satisfactory."

"The rheumatism is gone entirely, nerves practically well and steady, digestion almost perfect, never have any more sick headaches and am gaining steadily in weight and strength."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Well-being" in 1918.

Postum comes in two forms: Regular Postum — must be well boiled. 15c and 25c packages. Instant Postum — is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 20c and 50c tins.

The cost per cup of both kinds is about the same.

There's a Reason for Postum. —sold by Grocers.

PROSPERITY IN WAKE OF 1915

NEW YEAR DIVIDEND CHECKS
SHOW A HEALTHY STATE
IN BUSINESS.

FEW BANKS REDUCE DIVIDENDS

Hopeful Aspect in State's Industrial
and Agricultural Affairs Glimpses
Promise of Good Business Year.

(Special Frankfort Correspondence.)

Frankfort—Evidence of the New
Year bringing prosperity in its wake
for Kentucky is apparent in almost
every business line. No more effec-
tive illustration of the healthy con-
dition of financial and commercial affairs
in this state is to be found than in the
size of the New Year's dividend checks
which the banks and financial institu-
tions are mailing out to their stock-
holders.

While many industries have not had
the flattering amount of business that
came to them in previous years, yet it
is said that some of their dividend
checks are far from lean and small.

Banks in Louisville alone have mail-
ed out dividend checks for New Year's
of an aggregate of more than \$500,000.
The Lexington banks sent out a very
handsome sum to their stockholders,
and the same thing has occurred in
other towns and cities.

Information coming to the state
banking office here is to the effect that
in only a few instances have banks
reduced the dividend in money circles.
Where these dividends have been re-
duced, it was in instances where the
banks had been paying a very high
rate of return to stockholders.

The increasing number of men who
are being put back to work in the
state, along with the hopeful outlook
in industrial and agricultural lines,
lends a rosate hue to the New Year.
The new federal reserve banking sys-
tem, which affords a ready market for
commercial paper and obtaining cur-
rency, is looked upon as making cer-
tain the sums of money needed by le-
gitimate business in 1916.

Contract Field in Abeyance.

The question of disposing of the
labor of 650 prisoners in the reforma-
tory, the contract for whose labor now
held by the Hodge-Montgomery Co.,
is still before the State Board of
Prison Commissioners. The present
contract price is 85 cents the day for
each prisoner, a total of \$552.50 the
day. The Hodge-Montgomery Co. did
not bid, and besides an offer from
Charles Irion for 150 men, the board
has a bid from a company, represent-
ed by A. D. Martin, to take the output
of a prison-managed chair factory. As
the board has no funds with which to
equip a factory and buy stock, this
was found impracticable.

The Hodge-Montgomery Co. exer-
cised its option for the renewal of an-
other contract for 400 men for four
years, and there is said to be a pos-
sibility yet that the company will
make a new contract for the 650 men,
although the Prison Commissioners
say the company has made no bid, and
the officers of the company deny that
they are making any overtures. Here-
tofore contracts for prison labor have
been let for four years with an op-
tion for four years more, the limit de-
fined by the statutes as it has been
found to induce more satisfactory
bidding. In anticipation of legislation or
a constitutional amendment permit-
ting the working of convicts on the
public highways, the commissioners
invited bids for a shorter term this
time.

Cattle Epidemic Under Control.

The live stock sanitary board, Com-
missioner of Agriculture Newman and
the federal authorities at work in this
state are confident that the foot and
mouth disease is under control. It has
now been ten days since fresh out-
break has been reported. It is believed
the state will soon be free from the
disease, as only a small area now is
included in the quarantine territory.

Child Labor Delegates.

Gov. McCreary has commissioned
Mrs. C. J. Adler, Mrs. R. P. Halleck
and Mrs. Luke P. Blackburn, of Louis-
ville; Mrs. Desha Breckinridge, of
Lexington, and Harry B. Mackay, of
Covington, as delegates to represent
Kentucky at the National Conference
on Child Labor at Washington, Jan-
uary 5 and 6.

Judges' Association Elects Officers.

Judge S. E. Jones, of Glasgow, is
the new president of the State Associa-
tion of Circuit Judges, succeeding
Judge W. H. Field, of Louisville.
Judge Samuel B. Kirby, of Louisville,
is the new vice president and Judge
Field the secretary and treasurer.

Fight Ending of Whisky "Outage."

Distillers in Kentucky are aroused
over the proposition of Congressman
Henry T. Rainey, of Illinois, to have
revoked the federal statute regulating
and providing for whisky "outage."
Mr. Rainey contends that the increased
age of the liquid results in increased
prices which should care for the "out-
age" feature. The distillers maintain
that the repeal of the law means ruin
for them. The government would
gain about \$5,700,000 more revenue a
year with the law repealed.

Want Reduction in Elections.

Fewer elections in Kentucky
is springing up as one of the
propositions for the legislature to
handle this spring. It is claimed that
the state has an "affliction of elec-
tions," and that the primary, regular
and special elections held in the state
in the course of a year are so many
in number as to be wearisome and
burdensome to voter and taxpayer.

It is said further that relatively un-
important elections coming with fre-
quency have the tendency to decrease
interest in the really important elec-
tions.

The idea of fewer elections is spon-
sored by George L. Willis, of Shelby-
ville. Recently former State Auditor
S. W. Hager, of Owensboro, has be-
come a vigorous advocate of the propo-
sition.

"Fewer elections would be far bet-
ter for the people," says Mr. Hager.
"The taxpayers would not be put to
the expense they are under the pres-
ent system, there would be a smaller
drain on the time and patience of the
voter, and the state would not be con-
tinually in the midst of some cam-
paign for a coming election."

"By expressing their views in im-
portant and far reaching matters and
deciding the questions that usually
come up with each general election,
results would be obtained equal with
those we secure now."

Surrender Value of Policies.

Insurance surrender values are col-
lectable by persons to whom the pol-
icies have been assigned under the de-
cision rendered in Louisville by Judge
Quarles and regarded as an important
one in state circles here. In the opin-
ion Judge Quarles holds that the H. A.
Thierman Co. can have judgment
against the New York Life Insurance
Co. for \$67,889.39, the cash surrender
value of two policies which were car-
ried by Tobias Hoffer, of New Albany,
and assigned to the Thierman Co. by
Hoffer, April 12, 1909, to secure an in-
debtedness of \$12,350, subsequently re-
duced to \$10,898.32, owed by Hoffer to
the Thierman Co. The accumulation
period of the policies expired March
23, 1915, the cash surrender value of
one being \$2,263.19, and of the other
\$1,526.20. After the assignment of the
policies the Thierman Co., according
to agreement, paid off notes aggregat-
ing \$2,201.50, given to the insurance
company by Hoffer as premiums, and
also three premiums aggregating
\$1,165.50. Shortly before the accumu-
lation period expired the Thierman
Co. sent a written notice to the insur-
ance company that held the policies
and that it was its purpose to exercise
an option in the policies by ex-
changing the policies for their entire
cash surrender value.

Rate Increase Aids Kentucky.

Distinct benefits to both the public
and the railroads will come to
Kentucky through the five per
cent increase in freight rates
granted to the eastern railroads by
the Interstate Commerce Commission
in the opinion of Green Garrett, mem-
ber of the State Railroad Commission.
While the Kentucky territory or the
railroads operating in Kentucky are
not affected by the recent order, ex-
cept where they operate in eastern
territory, yet Mr. Garrett believes
that the improvement of train ser-
vice on eastern lines, with the pur-
chases in equipment which are al-
ready being made by the railroads,
will bring benefits to all sections of
the country.

"One of the principal causes of dull
business conditions which has affect-
ed the country for some time is the
retrenching policy forced on the rail-
roads due to increased costs of ma-
terials and operation," he says.

"The railroads buy immense
amounts of building materials in Ken-
tucky, and no doubt many heavy or-
ders for supplies will be placed in
this state at once. The railroads in
Kentucky have no cause for complaint
for their rates are high enough at
they are now."

Put Jail Prisoners on County Roads.

Reduction of the maintenance ex-
pense of public roads in Jefferson
county by the employment of able-
bodied prisoners in the county jail in
their upkeep is being advocated by
County Judge Samuel W. Greene, of
Lexington. If the idea is adopted, all
able-bodied persons sentenced to jail
in the circuit court there will be em-
ployed in road work. Under the pres-
ent system it costs the county 75 cents
per day to feed each prisoner, while
under a new law, passed at the last
session of the general assembly, the
county has the authority to work its
jail prisoners on the roads. The em-
ployment of the prisoners will result
in a big saving to the county annually
and at the same time will not deprive
the jailer of his fee for their keep.
According to figures presented to the
levy committee it costs the county ap-
proximately \$45,000 annually for the
feed of jail prisoners. At the recent
meeting of the County Judges' associa-
tion in Louisville several of the offi-
cials from various sections of the
state said they had placed the sys-
tem in effect with splendid results.

Epidemic Cattle State \$39,500.

As a result of the epidemic of foot
and mouth disease prevalent in this
state, \$19 head of cattle have been
slaughtered, at a cost of \$39,500. Of
this amount the legislature will be ask-
ed to appropriate \$25,000 to reimburse
the owners whose stock was slau-
ghtered. Eighty cowpoxes are now free
from two diseases and quarantined, and
eighteen additional counties are free
from quarantine in regard to the ship-
ment of fat stock for immediate
slaughter.

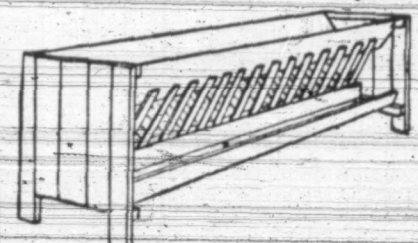

SHEEP ARE NEGLECTED

Cur Dog, Parasites and Diseases
Discourage Many.

Good Management and Proper Care
Will Control, If Not Eliminate,
These Difficulties—Animals
Are Good Scavengers.

(By E. L. SHAW and L. L. HELLER.)

Many farmers have disposed of their
flocks and many others have re-
frained from entering the business be-
cause of some of the difficulties that
are peculiar to this industry. Among
the most important of these are cur
dogs, parasites and diseases. A cer-
tain amount of trouble is inevitable
where these abound, but ordinarily
this should not be sufficient to dis-
courage the flockmaster. Good man-
agement and proper care, will control,
if not eliminate, these difficulties. The
flock that must rustle for itself is the
one that suffers most from these
sources. Sheep are good scavengers,
but should not be made to subsist
upon weeds alone, with little or no
attention on the part of the farmer.
The sooner the owner realizes that his
sheep cannot return satisfactory
profits under such conditions, the

Combination Rack for Feeding Hay
and Grain—Sheep Can Be Fed From
Either Side—Note Construction for
Keeping Chaff Out of Fleece, by
the Solid Board at the Top.

better it will be for him. Any extra
care and feed given to the flock gen-
erally yields the greatest returns. The
sheep will increase the fertility of
the soil if they are handled properly.

To do this they should not be per-
mitted to crop off the grass too close-
ly, which they will do if the pasture is
overstocked or if they are kept too
long on one field. Sheep manure, with
one exception, is the most valuable of
all farm manures. It is thin and
evenly scattered over the ground and
does not produce a rank growth in
spots of the pasture as do other ma-
nures. The manure is also worked
into the soil by the sharp hoofs of
the sheep, so that it is not washed
away but becomes available as plant
food. This quality has well earned
for sheep the title of "golden hoofs."

In England, land which during Queen
Elizabeth's reign produced only six
bushels of wheat per acre has been
made to yield 30 bushels at the pres-
ent time by the use of sheep. Better
cultural methods may be the cause of
a portion of this increase, but without
doubt the sheep are responsible for
the greater part of it.

Another equally important way that
sheep increase the productivity of the
land is in their destruction of weeds.

Combination Hay and Grain Rack—
Sheep Can Be Fed From Either Side.

By eating the weeds, they make more
room for the cultivated crops and in-
crease the supply of plant food and
water available for them by prevent-
ing the weeds from using it. No other
class of live stock, with the ex-
ception of goats, will eat as many
weeds as sheep. By converting these
waste products into wool and mutton
they are a source of profit to the
owner.

CHICKEN COOP VENTILATION

Hole Covered With Thick Cloth Will
Provide Necessary Fresh Air and
Exclude Snow and Sleet.

To provide proper ventilation for a
chicken coop in the winter time is a
very difficult task, unless special ar-
rangement was made for it when the
coop was built. A hole of any appre-
ciable size is sure to admit a lot of
snow and sleet with every storm. Be-
sides this being harmful for the chick-
ens, it leaves a lot of snow and ice to
melt on the floor of the coop, which
soon causes it to rot and decay. We
have found, however, that by enlarg-
ing the hole somewhat, and then
tackling several thicknesses of cloth
over them, the proper amount of
fresh air will be admitted, while the
snow and sleet will be excluded. The
cloth should be a light color so as to
keep the interior of the coop lighter.

Follow Nature's Way.

The man who feeds leguminous
hay in connection with silage will, of
course, grow the legume crops on his
farm. When he does this he will fol-
low nature's way, and the best way to
improve the fertility of the soil.

Have Some Sweet Clover.

Plan now to sow some sweet clover
next spring for sheep pas-
equal to alfalfa in feeding.

CAULIFLOWER EVER POPULAR

Grown to Some Extent Under Glass
for Winter and Spring Markets—
Seed Imported From Europe.

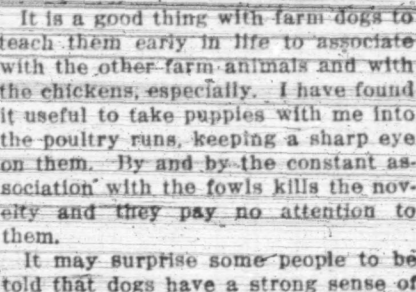

Cauliflower is given much attention
by truck farmers and to some extent
is grown under glass for winter and
early spring markets. Field cultiva-
tion is in vogue generally, however,
and long after this crop is harvested,
on the Atlantic coast from Philadelphia
may be seen in the big cities arriving
from California almost daily, thus
making this delicious vegetable avail-
able a large part of the year. Some
truck farmers grow as many as fifty or
sixty acres annually and ready for mar-
ket in late summer and early autumn.
A large part of cauliflower seed is
imported from Europe, and the war
makes the supply for another season
very uncertain. Denmark and Holland
produce large quantities of cauliflower
seed, but it is also grown in other Eu-
ropean countries. The most impor-
tant of cauliflower cultivation is the
growing of the plants, says Orange
Judd Farmer. A heavy loam with a
gravelly subsoil is considered the most
favorable for this crop. Yet good
yields are often secured on light,
sandy soil. Under glass, cauliflower
can be produced in eight weeks from
the growing of the seed, of course,
commanding high prices; the young
plants are set when about four inches
high and between them in alternate
rows lettuce is planted, as these two
vegetables grow together with har-
mony, requiring much the same tem-
perature.

TEACHING FARM DOGS EARLY

Never Punish a Pup Unless He Can
Associate Punishment With the
Offense—Use Common Sense.

It is a good thing with farm dogs to
teach them early in life to associate
with the other farm animals and with
the chickens, especially. I have found
it useful to take puppies with me into
the poultry runs, keeping a sharp eye
on them. By and by the constant as-
sociation with the fowls kills the nov-
elty and they pay no attention to
them.

It may surprise some people to be
told that dogs have a strong sense of

An Airedale Terrier, Excellent Type
for Farm.

justice, so, unless you want your pup
to gain a poor opinion of you be care-
ful when you punish him. Never
punish unless the pup can associate
the punishment with the offense, says
a writer in Outing. The circumstan-
tial evidence may be very strong, but
you had better wait and catch him
in the act.

Common sense is about all that is
required to rear a puppy into a dog
which will be a faithful, useful, stead-
fast companion; common sense and
consideration.

Whenever I find one of those "any-
thing-will-do-for-the-pup" kind of peo-
ple I can see in my mind's eye what
the humans in that family look like.

MORE INTEREST IN POULTRY

Nearby Village Shows Afford People
Opportunity to Study Different
Breeds of Various Fowls.

The interest in winter poultry
shows increases fast each year. Little
towns now have their winter and
spring poultry shows. That most
people, country and town alike, re-
gard standard-bred poultry is the main
reason for this. Those who keep any
breed in the standard finally desire to
know all there is to know of this
breed, and how near to standard they
are keeping their fowls. The nearby
village poultry show gives them this
chance, as good judges are selected to
look after these shows. It gives you
the chance to compare your stock with
others; it builds up your interest in
the business; you get new ideas on
housing, feeding and caring for your
fowls in ways to insure vigor. Go to
all the poultry shows about, then take
in some held in the large cities. Here
you will come upon breeds of geese,
turkeys, ducks or other fowls that it
may pay you to keep.

Double the Crop Yield.

The best authorities agree that the
total of the crops raised from seed in
the United States might be doubled
by improved methods of farming. To
do this would add \$4,000,000,000 to
\$5,000,000,000 to the nation's wealth
and the resources of its farm popula-
tion. And one of the most important
means to this end is the planting of
good seed.

Pure Seed is Necessary.

Careful fertilization, thorough and
repeated cultivation, first elements of
success for the farmer though they
are, cannot of course, grow a good
crop from poor seed. And of the
influences that keep the farmers of
this country from realizing the full
benefits of their labor, inferior seed
is one of the most powerful.

CALOMEL SICKENS! IT SALIVATES! DON'T STAY BILIOUS, CONSTIPATED

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver
and Bowel Cleansing You Ever Had—Don't Lose a Day's Work!

Calomel makes you sick; you lose a
day's work. Calomel is quicksilver
and it salivates; calomel injures your
liver.
If you are bilious, feel lazy, sluggish
and all knocked out, if your bowels
are constipated and your head aches,
if stomach is sour, just take a spoon-
ful of harmless Dodson's Liver Tone
instead of using sickening, salivating
calomel. Dodson's Liver Tone is real
liver medicine. You'll know it next
morning because you will wake up
feeling fine; your liver will be work-
ing, your headache and dizziness gone,
your stomach will be sweet and your
bowels regular. You will feel like
working. You'll be cheerful, full of
vigor and ambition.

Your druggist or dealer sells you a
60-cent bottle of Dodson's Liver Tone
under my personal guarantee that it
will clean your sluggish liver better
than nasty calomel; it won't make you
sick and you can eat anything you
want without being salivated. Your
druggist guarantees that each spoonful
will start your liver, clean your bowels
and straighten you up by morning or
you can have your money back. Chil-
dren gladly take Dodson's Liver Tone
because it is pleasant tasting and
doesn't gripe or cramp or make them
sick.

I am selling millions of bottles of
Dodson's Liver Tone to people who
have found that this pleasant, vege-
table liver medicine takes the place
of dangerous calomel. Buy a bottle
on my sound, reliable guarantee. Ask
your druggist or storekeeper about me.

STOP EATING MEAT IF KIDNEYS OR BACK HURT

Take a Glass of Salts to Clean Kid-
neys If Bladder Bothers You—
Meat Forms Uric Acid.

Eating meat regularly eventually
produces kidney trouble in some form
or other, says a well-known authority,
because the uric acid in meat excites
the kidneys; they become overworked;
get sluggish; clog up and cause all
sorts of distress, particularly backache
and misery in the kidney region; rheu-
matic twinges, severe headaches, acid
stomach, constipation, torpid liver,
sleeplessness, bladder and urinary ir-
ritation.

The moment your back hurts or kid-
neys aren't acting right, or if bladder
bothers you, get about four ounces of
Jad Salts from any good pharmacy;
take a tablespoonful in a glass of
water before breakfast for a few days
and your kidneys will then act fine.
This famous salts is made from the
acid of grapes and lemon juice, com-
bined with lithia, and has been used
for generations to flush clogged kid-
neys and stimulate them to normal
activity; also to neutralize the acids in
the urine so it no longer irritates, thus
ending bladder disorders.

Jad Salts cannot injure anyone;
makes a delightful effervescent lithia-
water drink which millions of men and
women take now and then to keep the
kidneys and urinary organs clean, thus
avoiding serious kidney disease.—Adv.

RUB-MY-TISM

Will cure your Rheumatism and all
kinds of aches and pains—Neuralgia,
Cramps, Colic, Sprains, Bruises, Cuts,
Old Sores, Burns, etc. Antiseptic
Anodyne. Price 25c.—Adv.

"They ought to favor a lady defend-
ant."

The average boarding house chicken
is a great help to the dentist.

French Market Coffee

The Wonderful Old Secret Blend
is best for this climate

IN the coffee growing countries, good coffee, roasted
I like French Market Coffee, is regarded as a neces-
sity, a healthful stimulant to aid digestion. Hot climates
create a desire for stimulants, and the one great healthful,
stimulating drink is coffee, not the ordinary roasts of coffee,
but the rich roasts which contain no heavy oils, and though superbly stim-
ulating, will not irritate the most tender stomach.

French Market Coffee

The Wonderful Old Secret Blend

Coffee like French Market Coffee is served in Paris,
Vienna, Rio de Janeiro, Bogota and Mexico, but in none of these cities will
you find coffee like the ordinary American roasts.

Send 10 cents for 12 cup sample and booklet of the
Story of French Market

THURSDAY, JANUARY 14, 1915

ANNOUNCEMENTS.

We are authorized to announce
HON. JAMES B. ALLEN, of
Hopkinsville, Ky.,
as a candidate for the Democratic
nomination for Commonwealth's At-
torney of the Third Judicial District
of Kentucky, subject to the action of
the Democratic primary, August,
1915.

We are authorized to announce
HON. DENNY P. SMITH, of Cadiz, Ky.,
as a candidate for the Democratic
nomination for Commonwealth's At-
torney of the Third Judicial District
of Kentucky, subject to the action of
the Democratic primary, August,
1915.

Popular Couple Married.

Mr. Charley Moore and Miss
Florence Churchill surprised
many friends in Murray Tuesday
evening when the announcement
was made that they were mar-
ried. The ceremony took place at
the residence of Rev. I. T. Green
in the presence of his family
and the attendants, Mr. and Mrs.
Tom Williams. Rev. Green offi-
ciated, and the beautiful cere-
mony was impressively said, af-
ter which the couple immedi-
ately returned to the home of J. Y.
Mills, where Mr. Moore has been
making his home for some time.
Charley Moore is one of the
most popular men of the city,
and at present is engaged in the
manufacture of tobacco, being a
member of the Swan-Moore
Co. He has been a resident of
Murray the major part of his
life and is held in the highest
esteem by a wide circle of friends.
Miss Churchill is a daughter of
the late J. G. Churchill and
wife, and for several years has
been engaged as saleslady in dif-
ferent mercantile establish-
ments. In this capacity she has
made many friends and admir-
ers. She is a very popular young
lady and will grace the home in
which she becomes the wife.
The popular couple have the
happiest wishes of a wide circle
of friends.

Many Disorders Come From the Liver.—Are You Just at Odds With Yourself?—Do You Regulate Living?

Are you sometimes at odds
with yourself and with the world?
Do you wonder what ails you?
True you may be eating regular-
ly and sleeping well. Yet some-
thing is the matter. Constipa-
tion, headache, nervousness and
bilious spells indicate a sluggish
liver. The tried remedy is Dr.
King's New Life Pills. Only 25c
at your druggists. Bucklen's Ar-
nica Salve for skin eruptions.

Wooden Leg Broken.

Winchester, Ky., Jan. 19.—In
an automobile accident which
occurred at an early hour this
morning on the Lexington pike
about five miles from Winches-
ter, Bernam Adams had three
ribs broken and several other
men were severely bruised. The
car, driven by Jonett Wilson,
was returning from Lexington.
In attempting to pass another
car Mr. Wilson drove his ma-
chine too far on the grass and
the car went down an embank-
ment. James Gartland had his
wooden leg broken.

The Hopkinsville papers re-
port that Miss Clista Rebecca
Dyer and Mr. Robert Diuguid,
of Trigg county, were united in
marriage in that city last week
by county Judge Knight.

The Eastern Star ladies will
give an Oyster Supper at the
Armory Friday evening, begin-
ning at 5 o'clock. Music. Ev-
erybody invited. Supper, 25c.

Regulations for Stamps.

Washington, Jan. 11.—Regu-
lations to govern the placing of
war tax stamps on conveyances
of real property were issued to-
day by Commissioner of Internal
Revenue Osborne. The tax is
fifty cents on deeds that amount
to more than \$100 and less than
\$500, with fifty cents additional
for each \$500 or fraction over
\$500.

Where the consideration is no-
minal, or \$1, the tax must be
computed upon the actual value
of the property conveyed, liens
deducted, and the executor be-
comes liable for the penalty if
the proper amount of stamps is
not affixed. A quit claim deed
is not subject to the tax, nor are
oil leases, and mining leases
which convey no title. Deeds to
cover gifts in a family or from
an individual to a municipality
are not taxable.

Cough Medicine for Children.

Never give a child a cough me-
dicine that contains opium in any
form. When opium is given ot-
her and more serious diseases
may follow. Long experience
has demonstrated that there is
no better or safer medicine for
coughs, colds and croup in chil-
dren than Chamberlain's Cough
Remedy. It is equally valuable
for adults. Try it. It contains
no opium or other harmful drugs.
For sale by all dealers.

Given War Order.

Paducah, Ky., Jan. 10.—The
first war order received from a
local concern was announced by
M. Michael & Bro., manufac-
turer of saddles. The firm will
make 5,000 cabal traces for Stu-
debaker Bros. The traces will
be shipped to the British gov-
ernment for soldiers at war.
The contract amounts to \$25,000
and is to be delivered in five
week. The Paducah firm will
work a force of thirty-five men
night and day to manufacture
the traces within the specified
time. Additional war orders are
expected here.

Cure Hog Cholera.

The word "cure" is seldom us-
ed in connection with hog chol-
era. Why? Because of the fre-
quent failures. But we use the
word "cure" and guarantee that
B. A. Thomas Hog Powders will
cure 80 hogs out of 100. The re-
cord today is a little over 95 out
of every 200, so we guarantee 90.
We don't care what others may
think or say. We know what we
are doing and will sell you B. A.
Thomas Hog Powder, guarantee-
ing that it will save 9 out of ten
hogs. It is medicine—straight
medicine. It is because it is
straight medicine that it cures
95 times in 100.—Sexton Bros.

Hives, eczema, itch, salt rheum
sets you crazy. Can't bear the
touch of your clothing. Doan's
Ointment is fine for skin itching.
All druggists sell it, 50c a box.

When Croup Comes Treat Externally

The old system of dosing delicate lit-
tle stomachs with nauseous drugs and
opium syrups is wrong and harmful.
Try the external treatment—Vick's
"Vap-O-Rub" Croup and Pneumonia
Salve. Just rub a little over throat and
chest and cover with a warm flannel
cloth. The warmth of the body releases
vapors of Pine Tar, Menthol, Thymol
and Eucalyptol, that loosen the choking
phlegm and ease the difficult breathing
immediately. One application at bed-
time insures a sound night's sleep.
Vick's is better than internal medicines
for all forms of cold troubles. Three
sizes—25c, 50c and \$1.00.

VICK'S CROUP AND PNEUMONIA SALVE

A LARGE CROWD HEAR SPEAKERS

Eelix G. Ewing, general man-
ager, and J. M. Couts, of Spring-
field, Tenn., eastern division
manager, of the Planters Protec-
tive Association, spoke here last
Saturday in the court house to a
crowd of several hundred farm-
ers on the tobacco situation. It
was demonstrated very forcibly
to the mind of the close observ-
er that tobacco growers of Cal-
loway county have come to a re-
alization that the association has
been the best friend they ever
had, and that their present state
of mind is radically different
from that entertained a year or
more ago. Whether the prices
of the past several years, or, to
be exact, since the organization
of the association, are to be ma-
intained or not is a question that
the farmer must decide himself.
One farmer holding one crop can
not accomplish one lot; there
must be concerted action. The
association has been discussed,
cussed and deserted, but with-
all the time has come when tobacco
growers must again unite or
the scale of prices will reach the
old level of "three and one" as
certain as gun is made of iron.

Both Mr. Ewing and Mr. Couts
made earnest pleas to the grow-
ers to hold their crops until a
price commensurate with its value
could be obtained, and point-
ed out that in many places the
association was now advancing
on tobacco a percentage almost
equal to the price being paid on
the outside. They were given
close and earnest attention throu-
ghout and much good will re-
sult from their coming.

It is your affair, Mr. Tobacco
Grower; you can or you will not.
Do as your conscience dictates.
Give away the product of your
sweat and toil or pool issues and
maintain your independence that
should be characteristic of every
freeman.

A TEXAS WONDER.

The Texas Wonder cures kid-
ney and bladder troubles, dis-
solves gravel, cures diabetes,
weak and lame backs, rheuma-
tism, and all irregularities of the
kidneys and bladder in both men
and women. Regulates bladder
troubles in children. If not sold
by your druggist, will be sent by
mail on receipt of \$1.00. One
small bottle is two months' treat-
ment, and seldom fails to perfect
a cure. Send for Kentucky
testimonials. Dr. E. W. Hall,
2926 Olive Street, St. Louis, Mo.
Sold by druggists.

Enjoyable Affair.

On Thursday evening of last
week Miss Marie N. Steely char-
mingly entertained at the home
of her parents, Dr. and Mrs. R.
B. Steely, in honor of her cous-
in, Miss Modena Wilks Clanton,
of Murray, Ky.

The house was attractively
decorated and the chief features
of the entertainment were pro-
gressive rock and music render-
ed by the hostess. Frappe was
served in the hall as the guests
arrived. The hostess and hon-
oree were beautifully and becom-
ingly gowned for the occasion.
A number of interesting games
were played and at a late hour
a delicious salad and ice course
was served.—Paris Post-Intelli-
gencer.

Taxes! Taxes! Taxes!

To all delinquent taxpayers of
Calloway county: We have wait-
ed as long as we possibly can. We
are now forced to close up the
tax business of 1914. Look for
us, we are coming, and will levy
for all unpaid taxes as we go.
So be prepared to make settle-
ment when we come and save
cost as we must collect and make
settlement. Yours very truly,
W. A. PATTERSON, Sheriff.

Buford Guthrie Seriously Hurt.

Buford Guthrie, a ship carpen-
ter about 55 years old, fell and
broke his right leg last night at
about 11 o'clock at the corner of
Third and Clark streets. The
limb had not yet entirely recov-
ered from a break sustained last
June when Guthrie was caught
and mashed by the shaft of a
steamboat on which he was mak-
ing some repairs. The injured
man was taken to Riverside hos-
pital for treatment.—News Dem-
ocrat.

Woman Cures Horse Colic.

The men were away as usual.
The horse was bad. A lone wo-
man could not "drench" the us-
ual way. She called a neighbor
and her men were away—but:
"We have Farris Colic Remedy
that you drop on the horse's ton-
gue," says Mrs. Neighbor. So
she came over and dropped Far-
ris Colic Remedy on the horse's
tongue and the horse was well
when the men came home. Mor-
al: Get Farris Colic Remedy so
the women can cure horse colic.
We sell it 50 cts. a bottle on the
Money Back Plan.—Sexton Bros.

Children's Coughs;—Children's Colds; Both are Dangerous.

When one of your little ones
shows symptoms of an approach-
ing cold, give it Dr. Bell's Pine
Tar Honey at once. It acts quick-
ly and prevents the cold growing
worse. Very healing—soothes
the lungs, loosens the mucous,
strengthens the system. It's
guaranteed. Only 25c at your
druggist. Buy a bottle today.—
Bucklen's Arnica Salve for sores.

Card of Thanks.

We take this method of ex-
pressing our appreciation to our
many friends, and to the doctors
who were so faithful to us dur-
ing the sickness and death of our
darling baby. May God's rich-
est blessings rest upon each of
you is our prayer.—Albert Rich-
ardson and wife.

How's This.

ward for any case of Catarrh that
cannot be cured by Hall's Catarrh
Cure.

We, the undersigned, have known
F. J. Cheney for 15 years, and be-
lieve him perfectly honorable in all
business transactions and finan-
cially able to carry out any obligations
made by him.

NATIONAL BANK OF COMMERCE,
Toledo, O.
Hall's Catarrh Cure is taken in-
ternally, acting directly upon the
blood and mucous surfaces of the
system. Testimonials sent free.
Price 75 cents per bottle. Sold by
all druggists.

Take Hall's Family Pills for con-
stipation.

LIV-VER-LAX

Acts Surely, Safely.

Just because you are feeling
the ill effects of a torpid liver is
no excuse for buying a harmful
medicine that has brought phys-
ical decay to thousands. Calomel
is dangerous and as anyone
knows has very disagreeable and
weakening after-effects. Medi-
cal science has found a natural,
vegetable remedy, GRIGSBY'S
LIV-VER-LAX that thoroughly
cleanses the liver and bowels
without causing any bad feeling.
Children can take it with perfect
safety. Every bottle guaran-
teed. 50c and \$1 a bottle. None
genuine without the likeness and
signature of L. E. Grigsby.
For sale by E. D. Miller.

Danger of a Cold.

Do you know that of all the mi-
nor ailments colds are by far the
most dangerous? It is not colds
themselves that you need to fear,
but the serious diseases that they
so often lead to. For that reason
every cold should be gotten
rid of with the least possible de-
lay. To accomplish this you will
find Chamberlain's Cough Rem-
edy of great help to you. It loos-
ens a cold, relieves the lungs,
aids expectoration and enables
the system to throw off the cold.
For sale by all dealers.

Say, you fellows who want
Oil, bring us your tanks and we
will fill them up for 9c.—Parker
& Perdue.

Try This for Neuralgia.

Thousands of people keep on
suffering with neuralgia because
they do not know what to do for
it. Neuralgia is a pain in nerves.
What y u want to do is to soothe
the nerve itself. Apply Sloan's
Liniment to the surface over the
painful part—do not rub it in.
Sloan's Liniment penetrates very
quickly to the sore irritated nerve
and allays the inflammation. Get
a bottle of Sloan's Liniment for
25c of any druggist and have it
in the house—against colds, sore
and swollen joints, lumbago, sci-
atica and like ailments. Your money
back if not satisfied, but it
does give almost instant relief.
Five gallon keg Kraut, 30 lbs.
net, \$1.10. Parker & Perdue.

1847 ROGERS BROS.

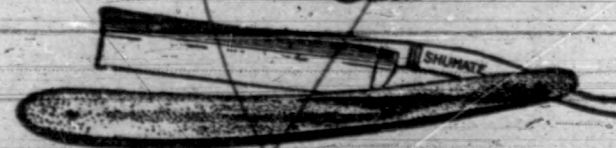

"Silver Plate that Wears"

Silver Of Proven Quality

Rich design and refined beauty in knives, forks, spoons
and fancy serving pieces are not attributes of solid
silverware alone. The skill born of long experience has pro-
duced in the famous 1847 ROGERS BROS. silver plate effects in
pattern and design which make its name for beauty second only
to its reputation for quality—"Silver Plate that Wears."
Sold by leading dealers everywhere. Send for catalogue

LOCAL and PERSONAL

The date for county examina-
tions for common school diplo-
mas will be held the last Friday
and Saturday in this month in
the office of the county superin-
tendent.

W. K. Jones has sold his in-
terest in the Broach & Jones gro-
cery to Thos. Pain. The new
firm of Broach & Pain will move
to the new Morris building on
the west side at an early date.

Tilghman Adams, son of Craig
Adams, and Miss Della Jackson,
daughter of John Jackson, of Ha-
zel, were united in marriage last
Sunday at the old Chestnut tree
across the state line in Henry
county. Rev. Pool officiated.

Mrs. George Rose died the
past week at her home near Almo
after a long illness of tubercu-
losis. She was a daughter of Mr.
Geo. Miffler and was about 27
years of age. A husband and two
children survive her. After ser-
vices by Rev. Pool the burial
took place in the Almo grave-
yard.

The remains of Dr. B. E. Keys
brought here last Thursday even-
ing from Fate, Texas, where he
died, were carried to the home
of Chas. Hood, and Friday morn-
ing at 10 o'clock, after a brief
service at the home, were laid
to rest in the City Cemetery by
the side of his wife. John White,
a brother-in-law, and the young
son of deceased, accompanied
the remains to Murray.

Mr. John Gordon, highly es-
teemed citizen and a splendid
gentleman, died last Friday at
his home east of Dexter after an
illness of several months of can-
cer. Mr. Gordon was about 72
years of age and a man who
made and retained friends. He
was a member of the Temple
Hill Lodge, F. & A. M., and was
a true and enthusiastic Mason.
The burial took place Saturday
after services by Rev. Pool in
the Temple Hill cemetery.

Gaius Adams, the barber, and
Ergot Edwards, of Paducah, en-
gaged in a difficulty last Thurs-
day afternoon in the former's
shop and Adams received an ugly
cut in the back from a knife
in the hand of Edwards. The
difficulty arose over the settle-
ment of a note given by Edwards
on which Adams was surety.
Edwards was placed under bond
to await the next grand jury.
Mr. Adams' wound is not consid-
ered serious.

The remains of Mrs. W. D.
Osbron, who died last week at
her home in Blytheville, Ark.,
were received here last Thurs-
day evening and were carried
to the home of her father-in-law,
Mr. Jas. Osbron. Mrs. Osbron
died after a prolonged illness of
consumption, and is survived by
her husband and several child-
ren. She was a daughter of Holt
Farris and was about 45 years
of age, and was reared in this
county, leaving here about a year
ago. Mrs. Osbron was a splen-
did woman, a member of the
Methodist church and her death
is an irreparable loss to husband
and children. The burial took
place Saturday in the Forrest
graveyard. Her remains were
accompanying by her eldest son,
Herman.

**GETTING BETTER
AFTER SICKNESS**

Nothing has ever
equalled or compared
with the medicinal fats
in **Scott's Emulsion** to
arrest the decline, invigorate
the blood, strengthen the
nervous system, and the appe-
tite and restore the courage
of better health.

Scott's Emulsion is
pure health build-
ing food, without
alcohol or opiate.

TRY IT

The infant son of W. W. Mc-
Elrath and wife is very ill and
not expected to recover.

Lee Card and wife are now
doing light housekeeping in the
home recently occupied by Mrs.
Wall, on West Price street.

We carry a full line of Burt
Olney's canned goods, Peas,
Beets, Tomatoes, Corn, Green
Beans, Lima Beans, and Kidney
Beans. —Parker & Perdue.

W. A. Patterson has the lum-
ber on the ground and will com-
mence the erection of a new
home on the site of the one re-
cently destroyed by fire.

S. H. Grace, who formerly re-
sided near Wadesboro, and who
now lives near Hopkinsville, has
been sued by his wife for a di-
veyor and \$3,000 alimony.

W. L. Baucum & Son, at Cher-
ry, will pay 10c for hens; 8c for
ducks; 32c for eggs, and 80c for
shelled corn in trade. Sat., Jan.
16, 1915. Phone Cumb-13-2,
Ind. 219-2.

Mrs. J. D. Rowlett and Mrs.
Gaston Pool will attend a meet-
ing of District Federation of Wo-
men's Clubs in Paducah Friday
and Saturday of this week as
representatives of local clubs.

The safe in the postoffice at
Calvert City, Marshall county,
was blown open Tuesday night
and robbed of \$250. This is the
third office in that county to be
robbed with the past few weeks.

Can't look well, eat well, or
feel well with impure blood.
Keep the blood pure with Bur-
dock Blood Bitters. Eat simply,
take exercise, keep clean and
good health is pretty sure to fol-
low. \$1 a bottle.

Mrs. W. N. Wilson, one of the
most highly esteemed and chris-
tian women of the county, died
last Friday at her home near
Union Grove church after a ve-
ry brief illness of pneumonia.
She was about 74 years of age
and is survived by a husband
and several children. The burial
took place Saturday in the
Dale graveyard.

Sunday afternoon, Dec. 27th,
Dane McClure and Miss Myrtle
Lax were married at Freeland's
Mill, Eld. Robert Hart officiat-
ing. The wedding was witness-
ed by a large number of friends
and relatives who wish them a
long and happy life. The bride
is a charming young lady, the
daughter of Frank Lax, and the
groom is a prosperous young far-
mer. They will reside near
New Concord.

Dr. C. N. Crawford, returned
Tuesday morning from Paducah
where he attended a meeting of
the stockholders and directors of
the Kentucky Southwestern El-
ectrical Railway and Light Co.,
in Paducah the first of the week
and brings back a very flatter-
ing report regarding the pro-
gress being made by the com-
pany. The Doctor is about the
most enthusiastic "bug" we
have met in a long time, and
from the information the Ledger
gathered from him is convinced
that this enterprise that means
so much for this town and coun-
ty is now a certainty.

The Dexter Camp W. O. W.
gave a big rabbit and chicken
supper last Saturday night that
was largely attended and en-
joyed to the fullest capacity by
every member in attendance. In
fact, if the Ledger learns the
truth the "fullest capacity" of
one of the members, Oscar Shoemaker, was a little bit over-
taxed. Mr. Shoemaker was cal-
led upon following the repast to
answer to the toast, "More Rab-
bit; More Chicken." When he
arose from his chair he was
seized with cramp colic and ev-
ery physician and surgeon of
Dexter was called to give him
relief. The usual remedies, a
stomach pump and old-fashioned
drench, were administered and
after some time the stricken
member was relieved. The other
members had quite a lot of
sport catching chickens and kill-
ing rabbits for some time after
Mr. Shoemaker recovered.

Obituary Notices.

After this date the Ledger
will charge \$1.50 for each obitu-
ary published in these columns,
and in all cases cash must ac-
company the copy. No excep-
tions whatever will be made to
these rules. The \$1.50 will bare-
ly cover cost of type setting and
distribution and we feel that we
are entitled to enough to pay
the cost of production. A card
of thanks if sent to the office
with the obituary will be includ-
ed in this price. Please do not
mail copy to us expecting us to
insert the notices unless you
send the money with it.

Three large cans Tomatoes for
25c.—Parker & Perdue.

A daughter was born last Mon-
day afternoon to Artie Hale and
wife of this place.

You can still buy a 10 lb. buck-
et of Snow Drift for \$1.00 at
Parker & Perdue's.

Mrs. Minnie Martin left the
past week for San Antonio, Tex-
as, where she will spend the re-
mainder of the winter.

Of course we lose just a little
if you don't trade with us, but
you lose from 33 1/3 to 50 per cent
if you don't.—Parker & Perdue.

Mule buyers will be in Murray
Saturday to purchase animals
from 15 to 16 hands high. If
you have a surplus bring them
in.

Dr. H. P. Linn, of Paducah,
and Mrs. J. C. Wilkinson, of
Saltillo, Tenn., attended the fu-
neral and burial of Dr. B. E.
Keys Friday of last week.

W. D. McKeel, the stockman
just east of the city, lost five
cows the past week. The ani-
mals gained access to the tobacco
barn and ate enough of the weed
to kill them.

Boarders.—I am prepared to
accommodate 4 or 5 rooming
boarders and a large number of
day boarders. House conven-
ient to town. J. C. Langston,
just north of Christian church.

Mack Spann, aged about 24
years and a son of Mose Spann,
died Tuesday morning after an
illness covering only a few days
of appendicitis. The body was
buried in the Coles Camp Ground
cemetery.

Dave Allbritten, of Pryors-
burg, and Pierce Allbritten and
daughter, Mrs. Gordon, of Ful-
ton, attended the funeral and
burial of Mrs. Jas. Allbritten,
who died the past week near
Concord.

Alec Forrest caught a fine of
\$100 and costs in the police
court Wednesday morning upon
a warrant charging him with
selling a pint of whiskey. He
executed a replevin bond and
appealed the case to the circuit
court.

Jake Taylor left Monday morn-
ing for Ashton, Texas, where he
expects to locate. His family
accompanied by Marvin Stealy,
left Thursday for the same
point. Mr. Taylor made the trip
in a freight car with his stock
and household goods.—Hazel
News.

Mr. and Mrs. J. F. Anderson,
of Paris, Tenn., delightfully en-
tertained a limited number of
friends on last Friday afternoon
to compliment Miss Modena
Wilks Clanton, of Murray, Ky.,
a guest of Miss Numa Boyce.
Miss Clanton has won many
warm friends during her stay
here.—Paris Cor.

Boon Rushing, a son of Esq.
J. D. Rushing, of the Model sec-
tion of Stewart county, died last
Saturday after a brief illness of
pneumonia. He was a young
man about 17 years of age and a
splendid young fellow and had
many friends. He was a pa-
tient at the Murray Surgical
Hospital some few weeks ago
where he had his tonsils removed
and following the operation
was the guest of M. E. Dilday
for several days. He died east
of Murray at the home of Finis
Knight. The body was carried
to Model for burial.

W. W. McELRATH

NO. 5 JANUARY 7, 1915.

Mrs. Anna Walker, of Hick-
man, Ky., has been in the city
the guest of her mother, Mrs.
Stubblefield and brother, Vernon
Stubblefield.

W. W. Baker and wife were
called to Gleason, Tenn., the lat-
ter part of the past week on ac-
count of the serious illness of a
sister of Mr. Baker.

Mrs. Jas. Albritten, of the
New Concord section of the
county, died last Friday morn-
ing after a long illness of a com-
plication of diseases. She was
about 50 years of age and a well
known Christian. The burial
took place Saturday in the
New Concord graveyard.

Only Sure Corn Cure Ever Known

"GETS-IT" the New Way, 2 Drops Do It.
To endure the pains and tortures
caused by a little thing like a corn
is ridiculous, simply because it is
curable. The new-corn cure,
"GETS-IT," is now in existence today.

"GETS-IT" is the first one ever
known to remove corns without fail,
without pain and without trouble.
This is why it is the largest-selling
corn cure in existence today. It is
now used by millions, because it does
away with sticky tape, with plastera
and cotton rings that shift their po-
sition and press down on the corn,
with salves that "raw up" the toe,
with "barrenness" that cause pressure
and pain, with knives, razors and
files, clawing and pulling at a corn.
"GETS-IT" is applied in two sec-
onds. Two drops applied with the
glass rod do the work. Pain goes,
the corn shrivels and vanishes. Accept
no substitutes. Try it on any corn, wart,
callus or bunion tonight.
"GETS-IT" is sold by druggists
everywhere, in a bottle, or sent di-
rect by E. Lawrence & Co., Chicago.
"Gets-It" is sold in Murray by H. P.
Wear.

ONLY ONE "BEST" Murray People Give Credit Where Credit is Due.

People of Murray who suffer
with weak kidneys and bad
backs want a kidney remedy
that can be depended upon.
Doan's Kidney Pills is a medi-
cine for the kidneys only, and
one that is backed by willing
testimony of Murray people.
Here's a case:

J. T. Wells, Murray, Ky., says:
"I still use Doan's Kidney Pills
when I have kidney trouble and
find that they do me good. An-
other of my family also took
them. Although her condition
was much worse than mine,
Doan's Kidney Pills did her
more good than anything else
she ever tried."

Price 50c. at all dealers. Don't
simply ask for a kidney remedy
—get Doan's Kidney Pills—the
same that Mr. Wells had.
—Foster-Milburn Co., Props.,
Buffalo, N. Y.

May Organize Stock Company.

It is said that certain promi-
nent business men of Paris con-
template organizing a stock com-
pany, with the view of taking
over the Old Field Tobacco Co.
of Paris, and the Kentucky To-
bacco Works, of Murray, which,
like the Paris company, manu-
factures popular brands which
are in demand throughout the
west and south.—Paris Parisian

Leg Clark left Tuesday After-
noon for Clarksville where he
spent several days attending a
meeting of the board of direc-
tors of the Planters Protective
Association, of which he is a
member.

Don't use harsh physics. The
reaction weakens the bowels,
and leads to chronic constipation.
Get Doan's Regulents. They op-
erate easily. 25c at all stores.

CLASSIFIED ADVERTISEMENTS.

Under this head advertisements will be accepted at the
rate of 5 cents per line each insertion. Eight words to the
line. Cash must accompany all orders. No advertise-
ments accepted for less than 10 cents. Count your words
and cash with order. No deviation from these rules
will be made to any one.

LOST.—Small setter bitch, white
with light brown ears and small
brown spot on top of head; answers
to name of "Eddie." Send infor-
mation to the Ledger office.

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save
hours of suffering. For bruise
or sprain it gives instant relief.
It arrests inflammation and thus
prevents more serious troubles
developing. No need to rub it
in—it acts at once, instantly
relieving the pain, however
severe it may be.

Here's Proof
Charles Johnson, P. O. Box 104, Law-
son's Station, N. Y., writes: "I sprained
my ankle and dislocated my left hip by
falling out of a third story window six
months ago. I went on crutches for four
months, then I started to use some of
your liniment, according to your direc-
tions, and I must say that it is helping
me wonderfully—I shall use your crutches
away. Only need two bottles of your
liniment and now I am walking quite
well with one crutch. I never will be with-
out Sloan's Liniment."

All Dealers, 25c.

LINIMENT**

Kills
Pain

"MY HEALTH IS PERFECT"

So Says A North Carolina Lady In Telling What She Owes To Cardui, The Woman's Tonic.

Mr. Alf, C. Mrs. Ada Hull, of this place, says: "About six years ago I got in very bad health. I suffered terrible pains in my abdomen and back. I dreaded to see the sun rise and I dreaded to see it set, for I suffered such agony. No one except myself will ever know how badly I suffered. The doctor said I was suffering as a result of the menopause."

As nothing gave me any relief, I asked the doctor if I had better try Cardui. He said, "It might help you, and told my husband to get me a bottle. At this time I was so weak I could not lift my head, and my voice was so weak, people had to lean towards the bed to hear what I said. I looked so bad and had such a dark color that I looked like a dead woman, and my relatives thought I would never get up again."

I took one bottle of Cardui and it relieved the pain and suffering so much that my husband got another bottle, and that improved me still more. I began to strengthen and gradually got well. I have now had better health for six years, than I ever had in all my life. I have taken no medicine since, and my health is perfect."

Cardui is the finest medicine a woman could use."

Try it. At druggists.—Adv.

Willie Knew. Some time ago the teacher of a public school was instructing a class in geography, and when it came time to hand out a few questions she turned to Willie Smith.

"Willie," she said, "can you tell me what is one of the principal products of the West Indies?"

"No, ma'am," frankly answered Willie, after a moment's hesitation.

"Just think a bit," encouragingly returned the teacher, "where does the sugar come from that you use at your house?"

"Sometimes from the store," answered Willie, "and sometimes we borrow it from the next-door neighbor."

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, bad stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

His Regular Cue. Many a man who permits himself to be led forth to musical entertainments he does not care for will appreciate the following:

"What made you start clapping your hands when that woman stepped on your foot in the tramcar?"

"I was dozing," answered Mr. Currox. "I thought mother and the girls were having a musicale at home and one of them was signaling that it was time to applaud."

CARE FOR YOUR HAIR

By Frequent Shampoos With Cuticura Soap. Trial Free.

Prevent hair loss by frequent use of Cuticura. It is needed to spots of dandruff, itching and irritation of the scalp. Nothing better for the complexion, hair, hands or skin than the fragrant supercreamy emollients. Also is preparations for the toilet.

Sample each free by mail with Book. Address: Postcard, Cuticura, Dept. XY, Boston. Sold everywhere.—Adv.

Inside Criticism.

"So you are going to be married, Mary?"

"Yes, ma'am, and I'll be leaving you next Tuesday."

"Well, I hope you are getting a good husband."

"If he ain't any better than the one you've got I won't keep him long."

It's Nature.

"I've got work with a circus, tending to the animals."

"What a beautiful job!"

Usually the neighbors think the sad look on a married woman's face is due to the actions of her husband.

NAVY NOT STARVED

Congress Has Been Liberal With Appropriations.

Figures Show That Republican Administration Squandered Money Designed for the Upbuilding of the Country's Fleets.

Our neighbor the Sun has joined with the World in expressing a healthy curiosity to know what has become of all the immense sums of money that the American people have spent on the navy during the past 16 years.

The World has repeatedly called attention to the disconcerting fact that our naval expenditures exceed those of Germany and Austria combined, yet Admiral Flske has testified that it would take five years to get the American navy into a state of efficiency equal to that of the German navy.

The Sun has taken the trouble to compile the naval appropriations of the United States and Germany for the last 16 years. It finds that the total appropriations for the American navy during that time aggregated \$1,645,000,185. The total appropriations for the German navy during these 16 years are only \$1,227,915,160. Since the Spanish-American war the American people have spent \$100,000,000 more on their navy than the Germans have spent, and now we are told by naval experts that our navy is inferior in all respects to the German navy.

It is plain that congress has not starved the navy. No other navy, except the British, has received such generous appropriations. It is equally plain that the American people have not had a dollar's worth of navy for a dollar's worth of expenditure.

The present controversy gets us nowhere—the clamor for four battle ships in place of two, the unstinted abuse of Secretary Daniels and the attempt to play party politics with the national defense. The secret of our naval inferiority is obviously in its organization, and until that is remedied there will be no remedy.

For years the army organization was notoriously antiquated. Nothing was done about it until it broke down during the Spanish-American war and the whole country screamed for a victim, which it found in Secretary Alger. Then Elihu Root was allowed to frame a bill that gave the country a modern army organization. Must we wait until the navy has broken down in time of national peril to secure similar legislation reorganizing the navy?—New York World.

The National Defense.

The report of the secretary of war furnishes a needed commentary on that part of the president's address dealing with the question of national defense. Since it is inconceivable that Secretary Garrison is in conflict with his chief, it follows that his recommendations accord with the president's estimate of the country's needs.

Those recommendations are singularly close to the reforms on which the Journal has insisted as necessary to national safety. Three corps—120,000 men—in the regular army, the rapid formation of a trained reserve, the addition of 1,000 officers to the present force at the earliest possible moment—every thinking man must agree that this is a modest program for a rich and isolated nation of 100,000,000 people.

Best of all, the secretary's report takes the question of national defense out of the hands of partisan jingoes whose clamor would have disgraced the American people and made rational reform impossible.—Chicago Journal.

Fifty Millions a Month.

We desire again to press home the question asked in these columns on Saturday morning: how can the business of a country remain good when its customers quit buying? Republican criticism of the operation of the Underwood tariff is offered for political effect only, and with the tongue in the cheek. During the first ten months of 1913 the United States sold in the foreign market a billion and a half dollars' worth of manufactures and materials for manufacturing. During the first ten months of 1914 we sold just a billion dollars' worth. This means a loss of income from exports of more than five hundred million dollars—fifty millions a month, a full third of last year's business. How absurd it is to overlook the great fact that our customers ceased buying of us to the extent of hundreds of millions and hurt general industries at the tariff!—St. Louis Republic.

Silly Expression.

Closed factories are not the result of the war; they are the result of a free trade tariff.—New York Evening Mail.

Why speak of a tariff higher than that of any other nation on earth, with the possible exception of Japan, as "a free trade tariff?"

Increase in Navy Personnel.

In his aspirations for a carefully organized body of naval reserves, Secretary Daniels is on familiar ground. Every man who gives any study to a war machine, afloat or ashore, must realize the vital need of reserves under modern conditions of conflict.

Probably Mr. Daniels is right in not asking for any increase in the personnel of the navy at this time, but it is certain that such an increase must come before long, unless a general disarmament follows the great war now raging in Europe.

Backache Warns You

Backache is one of Nature's warnings of kidney weakness. Kidney disease kills thousands every year. Don't neglect a bad back. If your back is lame—if it hurts to stoop or lift—if there is irregularity of the urination—suppose your kidneys. If you suffer backache, dizziness and are tired, nervous and worn-out, you have further proof.

Use Doan's Kidney Pills, a fine medicine for bad backs and kidney aches.

Get Doan's at Any Store, 50c a Box. DOAN'S KIDNEY PILLS. FOSTER-MILBURN CO., BUFFALO, N. Y.

TAKE Tuff's Pills

The first dose often astonishes the invalid, giving elasticity of mind, buoyancy of body, regular bowels and solid flesh. Price, 25 cents.

Build Up With 50 Year Tonic

The famous Wintersmith's Tonic, a reliable remedy for malaria, chills and fever, colds and grippe.

The Prospect. "You don't seem anxious to get home to your dinner."

"I don't care for the menu I'll get."

"What is it?"

"When my wife finds out I forgot to mail her letter the first course will be tongue served up with hard sauce."

RESINOL WILL SURELY STOP THAT ITCHING

What blessed relief! The moment Resinol ointment touches itching skin, the itching stops and healing begins. That is why doctors have prescribed it successfully for nineteen years in even the severest, stubbornest cases of eczema, ringworm, rashes and many other tormenting, unsightly skin diseases. With the help of warm baths with Resinol soap, Resinol ointment restores the skin or scalp to perfect health and comfort, quickly, easily and at little cost. At all druggists.—Adv.

Clean Haul. "A shrewd fiscal skipped town the other day after being in society here for several years."

"I think I understand his method."

"Yes?"

"He got into society for the purpose of going through it."

A Surprise. Old Maid (who during a short trip had to put her pug dog in board at a neighbor's family)—Well, children have you always been kind to my pet?

Chorus—Yes.

Little Carl (hurting out)—And he can swim, now, too!—Fliegende Blätter.

Sometimes Apply It Lightly.

For cuts, burns, scalds, sores and open wounds always apply Hanford's Balm lightly, but be sure that it covers and gets to the bottom of the wound. A few light applications are generally all that is needed to heal this class of difficulties. Adv.

The Real Thing.

Little Lemuel—Say, paw, what is persistence?

Paw—Persistence, my son, is the trait a woman develops when she attempts to remove a wrinkle.

Effeminacy.

Gabe—Why do you say he is effeminate? He doesn't act that way.

Steve—He always wants the last word.

Pneumonia? Apply Hanford's Balm. Rub it on and rub it in thoroughly, until the skin is irritated. Adv.

Transients All.

Mrs. Fox—How many servants do you keep?

Mrs. Wye—None. My record for the year, so far, is twenty-two I didn't keep.

Extreme Devotion.

Mrs. Ganders is all wrought up over the plight of the Belgians.

"Indeed, she is. Why, she even neglects her portrait to attend meetings of relief committees."

For frostbites use Hanford's Balm. Adv.

There isn't much hope for the bride who can't learn to sew by the time her hubby's wedding garments need patching.

You seldom hear of a man marrying a woman to reform her.

However, a man may not be married and still have his troubles.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks use when you will actually see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Danderine. Danderine from any store and just try it. Adv.

ARMORED CAR IN WARFARE

European Armies Have Found It of the Greatest Value in Their Operations.

Although an engine new to warfare, the armored motor car has proved extremely useful, especially for outpost and scouting duty. Fast, silent, and mobile, it covers a vast amount of ground on the splendid roads that crisscross the field of war in western Europe. Most of the cars are powered in a light frame of tough steel plate that ranges in thickness from three sixteenths of an inch to a quarter of an inch, and that is impervious to rifle and machine-gun fire. All the vulnerable parts of the motor, such as the radiator and steering gear, and in some of the newest cars the wheels, are protected by the steel covering. The wheels, both wood and wire, are said to withstand the roughest sort of usage. Accidents to the tires are much less common than anyone would expect. The cars carry a light armament—one or two machine guns so mounted that they can be swung through a complete circle—and a large supply of ammunition. The crew, which may number from four to eight or more men, are armed with rifles and revolvers. Some of the cars have a steel superstructure that rises from the chassis frame high enough to enable the crew to stand upright, and that is capped with a domed roof from which bullets and shrapnel usually fly off at a sharp angle without even denting the steel. Youth's Companion.

COLDS & LAGRIFFE

5 or 6 doses 666 will break any case of Chills & Fever, Colds & Grippe; it acts on the liver better than Calomel and does not gripe or sicken. Price 25c.—Adv.

Lapsus Linguae. "I shall be awfully stupid now," exclaimed a wife who had returned from a visit to her dentist.

"Why so, my dear?" queried her husband.

"Because I have had all my wisdom teeth pulled out," replied the lady.

"Oh, my love, the idea that wisdom teeth have anything to do with wisdom is a foolish one! If you were to have every tooth in your head pulled it couldn't make you any stupider, you know!"

YOUR OWN DRUGGIST WILL TELL YOU. Martine Eye Remedy for Red, Weak, Watery Eyes. Gives instant relief. No stinging. Just eye comfort. Write for Book of the Eye by Mail Free. Martine Eye Remedy Co., Chicago.

Density of Population.

By density of population is meant the number of persons to each square mile of land area. Excluding the District of Columbia, Rhode Island, with 368.3 persons per square mile, is the most densely populated state in the Union, closely followed by Massachusetts, New Jersey and Connecticut. In the order named, the only states which have more than two hundred persons per square mile.

That Would Be Plenty.

"Well, my good woman," said the stammer, "I must be going. Is there anything I can do for you?"

"Only that," responded the submerged one wearily.

Her Solitude.

Fred—My dear Dora, let this thought console you for your lover's death. Remember that other and better men than he have gone the same way.

Bereaved One—They haven't all gone, have they?—New York Sun.

If some men had their lives to live again they probably wouldn't leave so many dollars for their heirs to scrap over.

A man may be justified in thinking his wife silly—considering the kind of man she married.

NOT THE TIME FOR A SMOKE

Old Lady, Filled Up With "Cartridges," Was in Natural Fear of an Explosion.

A robust old woman in the mountains of north Georgia was ill for the first time in her life and a doctor was sent for. Partly by persuasion and partly by force, the physician induced his patient to swallow some big quinine capsules—a simple enough operation, which, however, scared the old woman almost to death. She was soon able to sit up and her daughter thought she would give the convalescent a treat. She took her mother's corn-cob pipe from the "shelf" or mantel, filled it with tobacco, and picked up a live coal between two sticks, started with it toward the bed.

"Ma," she said, brightly, "let's look what I got for you."

"Get away from me, Sary," she exclaimed in terror. "Take away that fire! Take hit away! Don't yer know it's done plum filled up wi' cartridges?"—Chicago Ledger.

Irresponsible.

"No matter how bad misfortune strikes some men, they never take their poison."

"I dare say that's true."

"I know a man whose favorite order used to be, 'Walter, a bottle of wine.' Nowadays he puts on just as many airs when he says, 'Heine, a bucket of suds.'"

Hadn't Noticed It.

Tomdix—Your wife is certainly outspoken, isn't she?

Hoja—Not that I know of. I never met any one who could outspoke her.

I Took Cold It Settled In My Kidneys.

I Used Peruna. Am all Right Now. I owe my Health to Peruna.

Mrs. Anna Linder, R. F. D. 5, Danes, Meeker Co., Minn., writes: "For two years I suffered with that terrible disease, chronic catarrh. 'Fortunately, I saw your advertisement in my paper. I got your advice, and I took Peruna. Now I am well and the mother of two children. I owe it all to Peruna. I would not be without that great tonic for twice its cost, for I am well and strong now. I cannot speak in too high terms of its value as a medicine.'"

T. CONNIE NIX

Continued From First Page

will realize that he has been in a foot race. Mr. Nix issues a card to the voters which follows:

To the Voters of Calloway: I desire to take this method of making known to the voters of Calloway county my desire to serve them in the capacity of circuit court clerk.

I make this announcement subject to the Democrat primary to be held August 7th, and in so doing I wish to say to the citizens of this county that I know of no political scheme whereby I can be elected to this office, other than a careful and close canvass of the county, in which I trust to so favorably impress the voters as to give me a nice majority over any opponents I may have.

I have long cherished an ambition to serve the people with whom I have been reared in some official capacity, and after a careful consideration of the duties pertaining to this office, and the splendid opportunities it offers in fitting one for other public service I have made this my ideal choice.

I feel that I am not imposing upon the good citizenship of this county in asking for this office, as I feel safe in saying that I am qualified to attend to all the duties it might impose upon me. As proof of which I will refer you, with whom I am not acquainted, to the positions I have occupied: Three years experience

as teacher and thirteen years experience in merchandising.

Now, in conclusion, I wish to say to every citizen of the county that I earnestly solicit your support, and I promise, if elected to this office, to serve you in a way and manner that you will never have cause to regret having voted for me. My motto will be, "Service without fear or favor, and a square and honest deal to all alike." Your friend,

T. C. NIX.

of his son-in-law, Mr. John S. Crenshaw, on West Main street.

Mr. G. Earnest Foushee and Miss Kittie Bogard, prominent young people of the Golden Pond neighborhood, were united in marriage Tuesday morning at 7 o'clock at the residence of the bride's brother-in-law, Mr. Hugh Miller. The ceremony was performed by Rev. T. M. Travis in the presence of only a few intimate friends and relatives.

After an illness of about eleven weeks of typhoid fever, Jessie E. Guier, the third son of Mrs. Emma E. Guier, answered the death summons at the home of his mother five miles south of here Monday.

Mr. Zenas Alexander and Mrs. Susan Mathis, prominent people of near Caledonia, were united in marriage on Tuesday, Dec. 24th, at the home of Mr. John Faulkner, Esq. C. W. Wallis officiating. Mr. Alexander is an old Confederate soldier and a prominent farmer, is 71 years of age and has been married several times; while his bride is 64 years of age and has also been married several times.

Mr. I. M. Wallis, of Rock Castle, and Miss Audrey English, of the Eggner's Ferry country, were united in marriage on the 24th. The marriage took place at the home of the bride, and the ceremony was performed by Esq. W. H. Smith. The next day they came to the home of the groom near Rock Castle, where they were given a reception. The groom is a son of Mr. Irvine Wallis. He is a splendid young teacher and one of the finest young men of the county. His bride is a daughter of Mr. D. W. English, a prominent farmer of the western section of the county, and a very popular young lady. They will reside on the farm of the groom's father near Rock Castle. —Record.

A REQUEST AND A REPLY.

Attorney Andrew M. Nichols Replies to Letter of Judge J. F. Gordon in Frank Manner.

Paducah, Ky., Dec. 29, 1914. On Dec. 25th, 1914, I received from Judge J. F. Gordon, of Madisonville, Ky., a letter which is as follows:

Andrew M. Nichols, Esq., Paducah, Ky.

Dear Sir: Will you please let me know, by letter, the date of your appointment as secretary to Judge T. J. Nunn, and also the date of your resignation. If any salary checks or vouchers were sent to you for your signature or endorsement after you retired as Judge Nunn's secretary, I would esteem it as a very great favor if you would state the character of the documents sent you, and also the date as near as you can. I will say to you that I am making some investigations in the auditor's office and would like to have this information for the purpose of expediting my investigations. I hope you will not feel any hesitancy in furnishing me the desired information as it is not my purpose to use it in a way that will involve you in the least. I enclose a stamped envelope for reply.

Yours truly,

J. F. GORDON.

In answer to this letter, I desire to make the following statement:

Judge J. F. Gordon, Madisonville Ky.

Dear Sir: I acknowledge receipt of yours of the 23rd in which you say you are making some investigations in the Auditor's Office with reference to my salary as Judge T. J. Nunn's secretary, and to aid you in this matter, you ask me to inform you by letter, the date of my appointment and the date of my resignation.

I note with special interest, this sentence in your letter: "I hope you will not feel any hesitancy in furnishing me the desired information, as it is not my purpose to use it in any way that will involve you in the least."

Now, you know that you should have written direct to Judge T. J. Nunn for any information about my relations with him while acting as his secretary. But since there is nothing in those relations that either he or myself care to withhold from you, or from any other person who is curious enough to inquire about them, I want to assure you that I have no hesitancy in answering your questions, although I do not relish your offer of clemency. In that respect, I ask no grace nor favor of you, for if there is one thing above another in which I take a pride, it is my connection with Judge Nunn as his secretary. You are privileged to use the information I shall give to you for any purpose you please and I shall not fear the consequences.

My appointment as secretary to Judge Nunn dates with January the 1st, 1906 or 1907; I do not remember which, but the records in Frankfort will show the exact date. My resignation took effect in March, 1914, as I remember. During the summer of 1913, I formed a partnership with Hon. John K. Hendrick and took up my residence in Paducah. I tendered my resignation at that time, to take effect at Judge Nunn's pleasure. He had been in poor health for more than a year and had undergone a severe surgical operation. He was doubtful of recovering his health sufficiently to continue his work on the bench, and for that reason he hesitated to make permanent arrangements with anyone to take my place, and requested that I continue nominally as his secretary until he could see if his recovery was probable.

I so consented, and Judge Nunn employed a stenographer in Frankfort to do the work at the same salary I was receiving, and his son C. S. Nunn, the present Judge, went to Frankfort and aided him in that work. This was September, 1913, and the work was done in that way until March 1, 1914, when Judge Nunn resigned, having become convinced that he could not recover while burdened with the responsibilities of the office.

Judge C. S. Nunn, when appointed by the Governor to succeed him, requested me to continue in the same way until the 15th of March, 1914, when he appointed his permanent secretary. From September 1913, until the time of my final retirement, I endorsed and returned to Judge Nunn all the salary checks, because I was not doing the actual work, and in order that Judge Nunn might pay those parties who did it in my stead. Under these circumstances, the expenses were heavier, but Judge Nunn met them by adding to the check I returned to him, a sufficient amount from his own salary. Every step was taken with my knowledge and approval. I only regret there was nothing more that I could do for him.

Having answered your questions, I must say that, try as I may, I have been unable to read anything in your letter but a reflection on the integrity of Judge T. J. Nunn, as well as myself. When inducted into office Judge Nunn took an oath to administer justice without respect to persons and do equal right to the poor and to the rich. I know that no man ever tried harder to observe both the letter and the spirit of that obligation. His success in the effort resulted in many years of faithful and valuable service to the people, and I know of no one who possessed of their confidence and esteem. Until I received your letter, I did not suspect there was one person in all Kentucky who would call his integrity into question.

If your insinuations had been directed to be alone, I would be inclined to ignore them, or else reply by letter, as you requested. But when you seek to involve Judge Nunn in suspicion born of your candidacy for the office he gave up. I want no such mention made of him behind his back. His life is an open book; his record is a public matter, and his reputation is the people's property. Therefore, I prefer to reply in this open way.

Respectfully,

Adv) ANDREW M. NICHOLS.

Biliousness & Constipation Cured If you are ever troubled with biliousness or constipation you will be interested in the statement of R. F. Erwin, Peru, Ind. "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended, I bought a bottle of them and they helped me right away. For sale by all dealers.

What Happened at Hardin.

Hugh Gingles, of Kirksey, was in town Sunday. He was here with his brother Hunter, who was on his way to Louisville to re-enter school.

John J. Jones went to Paducah yesterday on business. Mr. Jones has been very busy for the past few days making arrangements to begin receiving tobacco.

Dr. and Mrs. H. I. Hughes accompanied their grand-mother, Mrs. Amanda Irvan, to Nashville Wednesday, where Mrs. Irvan went to have her eyes treated.

L. C. Starks sold his grocery store to W. B. Whikerson last week and now Mr. Starks is a man of leisure, having only two jobs, that of manager of the Hardin Telephone Co., and mayor of Hardin.

Mrs. Teresa Patton, aged 71

years, died at her home near Kirksey Wednesday morning at 3 o'clock of infirmities of age. Monroe Patton, her husband, survives her, besides one sister, Mrs. Wm. Carson, of near Kirksey, and two brothers, J. D. Peterson, of Benton, and W. F. Peterson, of Murray.

Uncle Roland Northworthy, a highly esteemed man of our city, died Christmas day at 6:30 p.m., after a lingering illness of tuberculosis. He was about 63 years old and a man who had lived a life of usefulness. A wife, two sons and one daughter survive him. The sons, Otis and Willie, live here and the daughter, Mrs. Bernice Manning, lives near Kirksey. The burial took place in Mt. Carmel cemetery.

Uncle Joe McElrath, aged 89 years, of near Oak Grove, died last week of infirmities of age. He is survived by a wife to whom he had been married 64 years. The had no children. He was a brother of the late J. C. McElrath, of Murray.

The death of H. E. (Bob) Putnam, which occurred Monday at noon, came as a great shock to his many friends and acquaintances here. While his health was bad he appeared to be improving. The immediate cause of his death was heart failure. He was 59 years old and is survived by a wife, one daughter, Mrs. T. Cable, and three sons, Nat, of this city, Victor and Audie, of Hickman. The burial was in the Mt. Carmel cemetery. —Enterprise.

Stop the Child's Colds. They Often Result Seriously.

Colds, croup and whooping cough are children's ailments which need immediate attention. Don't take the risk you don't have to. Dr. King's New Discovery checks the colds, soothes the cough, allays the inflammation, kills the germs and allows nature to do her healing work. 50c at your druggist. Buy a bottle today.

Notice.

In the matter of liquidation of the Citizens Bank of Murray, Kentucky.

All persons having accounts with, or claims against said Bank, whether it is an open account or certificate of deposit, will please call at the office of said Bank with pass book or certificate of deposit, and prove claim as soon as possible, as all claims must be proven on or before February 8th, 1915. I have provided blank affidavits to prove claims; thereby, saving you all costs in the matter of making proof of claim against said Bank. In order that the affairs may be closed up as quickly as possible, it is necessary that you give this matter your immediate attention. —J. D. Rowlett, Special Banking Commissioner.

Receives 17 to 21 Years.

After deliberating for three hours the jury in the case of Judge K. Greer, charged with the wilful murder of Charles Troutman on the afternoon of July 2, 1914, at Greer's office in the Yeiser building, in Paducah, reached a verdict at 10:20 o'clock last Saturday morning.

Greer was found guilty of voluntary manslaughter and his punishment for the crime was fixed at not less than 17 years nor more than 21 years in the penitentiary.

Excellent for Stomach Trouble

"Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. G. Dunn, Arnold, Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me great relief from the first, and since taking one bottle of them I feel like a different person. For sale by all dealers.

20 pounds Grapulated Sugar and 5 pounds Seed Peaberry or Log Cabin Coffee for \$1.98 at Parker & Perdue's.

SHERIFF'S SALE.

By virtue of a judgement directed to me, which issued from the clerk's office of the Calloway Circuit Court, in favor of W. M. Suiter against S. F. Hurt, I, or one of my deputies, will on the 25th day of January, 1915, between the hours of 11 o'clock, A. M., and 4 o'clock P. M., at the court house door in Murray, Calloway county, Kentucky, expose to public sale, to the highest bidder, the following property, (or so much thereof as may be necessary to satisfy plaintiff's debt, interest and costs), to-wit:

One sixth undivided interest of the defendant, S. F. Hurt, in 45 acres, more or less, in Calloway county, Ky., off the northeast corner of the northeast quarter of section 3, township 2, range 3, east. Subject to the homestead right of Margaret Hurt, and the land levied upon in this case is the property of S. F. Hurt, of Murray, Ky., sheriff of Calloway county, Ky., on the 25th day of October, 1914.

And it is further ordered by the court that W. A. Patterson, sheriff of Calloway county, Ky., by virtue of said levy be and is directed to sell the interest in said land above described levied on as the property of S. F. Hurt, for the sum of \$138.64 and cost.

Terms: Sale will be made on a credit of 6 months, bond with approved security required, bearing interest at the rate of six per cent. per annum from day of sale, and having the force and effect of a judgement bond.

Witness my hand, this 2nd day of January, 1915.

W. A. PATTERSON, S. C. C.

SHERIFF'S SALE.

By virtue of executions Nos. 7598 and 7599 directed to me, which issued from the clerk's office of the Calloway County Circuit Court, and in favor of N. L. Bogges against Priscilla Bogges, I or one of my deputies, will, on the 25th day of January, 1915, between the hours of 1 o'clock P. M.; and 4 o'clock P. M., at the court house door in Murray, Calloway county, Ky., expose to public sale, to the highest bidder, the following property (or so much thereof as may be necessary to satisfy plaintiff's debt, interest, and costs) to-wit:

Being lot No. 4 in the division of the lands of B. N. Brandon, deceased, and bounded as follows: Beginning at a hickory in the east section line, thence north, 87 degrees west, 320 poles to a black jack; thence 64 degrees west 444 poles to a chestnut; thence south, 87 degrees east, 320 poles to a white oak; thence south, 64 degrees east, 444 poles to the beginning, containing 90 acres. Also lot 5 in said division bounded as follows, to-wit: Beginning at a white oak in east section line; thence north, 87 degrees west, 332 poles to a chestnut; thence north, 62 degrees west, 45 poles to a stake; thence north, 87 degrees east, 332 poles to a rock; thence south 64 degrees east, 48 poles to the beginning, containing 97 acres. The above described land is levied on as the property of Priscilla Bogges and is subject to the following mortgages: First to R. L. Grogan, recorded in mortgage book No. 3, page 404, for the sum of \$119.75. One mortgage to A. B. Beale & Son, recorded in real estate mortgage book No. 3, page 416, for the sum of \$231.50. Levied upon as the property of Priscilla Bogges in order to satisfy a judgement in favor of N. L. Bogges for \$108 and costs.

Terms: Sale will be made on a credit of 6 months, bond with approved security required, bearing interest at the rate of 6 per cent. per annum from day of sale and having the force and effect of a judgement bond.

Witness my hand, this 6th day of January, 1915.
