THE MURRAY LEDGER.

VOL. 26, NO. 51

MURRAY, KENTUCKY, THURSDAY, FEBRUARY 4, 1915

\$1.00 PER YEAR.

STATE PROPERTY SUBJECT TO TAX

The report of the state board of equalization made to the legislature for the session of 1914 shows the following assessed valuation of properties in Kentucky, as of September 1, 1913:

Stocks of goods and other property contained therein	\$31,148,282
Mineral products	192,993
Mines, oil, gas and salt wells	1,280,721
Diamonds	314,708
Watches and clocks	895,385
Jewelry	94,119
Gold, silver and plated ware	173,000
Manufactured articles	3,364,419
Paintings	61,757
Libraries	43,726
Pianos and other musical instruments	1,819,860
Agricultural products after deducting value of crops grown during assessment year	353,769
Agricultural implements	2,160,580
	\$41,403,268

Live Stock.	
Value of thoroughbred stallions, geldings, mares and colts, common (grade) stallions, geldings, mares and colts	\$18,971,191
Value of mules, mule colts, jacks and jennets	14,151,832
Value of thoroughbred bulls, cows and calves, common (grade) cows, calves and steers	13,530,657
Value of sheep	1,327,919
Value of hogs	4,167,045
	\$52,148,637

The report of the United States Commissioner of Internal Revenue shows that there were in bonded warehouses in the state of Kentucky on July 1, 1913, 163,476,331 gallons of whisky, and on July 1, 1914, 166,433,105 gallons.

Using the 1913 figures, which are for the same year as the above assessment on other property, and taking 47 as the average number of gallons in each barrel, there were 3,473,219 barrels in bond on July 1, 1913, assessed at \$12 per barrel, making an aggregate assessment on whisky in bonded warehouses of \$41,738,628.00.

Thus we see that the product of distilleries in bonded warehouses in Kentucky pays in taxes:

One third more than all the stocks of merchandise in the state.

More than twice as much as all the horses of all kinds in the state.

Nearly three times as much as all the mules, jacks and jennets in the state.

More than three times as much as all the cattle of all kinds in the state.

Ten times as much as all the hogs in the state.

Twelve times as much as all other manufactured goods made in the state.

And more than the combined taxes paid on all merchandise, mineral products, mines, jewelry, watches and clocks, gold and silver plated ware, manufactured articles, paintings, libraries, musical instruments, agricultural implements and agricultural products assessed.

The above does not include the value of distilleries, bonded warehouses, real estate, or any property of any description belonging to owners of distilleries.

Nor does it include the value of breweries and of real estate and personally connected therewith. These classes of property are assessed at many millions of dollars, in addition to bonded liquors mentioned above.

Colds and Croup in Children.

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Logansport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup I have ever used, and never tire of recommending it to my neighbors and friends. I have always given it to my children when suffering from croup, and it has never failed to give relief." For sale by all dealers.

Veteran's Canteen Presented to Son.

Frankfort, Ky., Jan. 30.—Captain W. J. Stone, commissioner of Confederate pensions Friday sent to the son of the late William Rickman, of Paducah, a canteen, which his father had given Capt. Stone when he was lying wounded on the field after the battle of Cynthiana, June 12, 1864. Capt. Stone was wounded in the leg, the ball having splintered the bone, so that it afterwards had to be amputated. William Rickman, of the 12th Kentucky Mounted Infantry, U. S. A., found him and asked him if he was thirsty. Upon being told by Capt. Stone that he was, Rickman filled his own canteen at a spring and gave it to the captain, who has kept it ever since.

SEEK STATE AID FOR GOOD ROADS

Frankfort, Ky. Jan. 30.—Thirty-three counties have asked for state aid in building highways this year. Of these seven have asked for all the state aid available, which is a maximum of \$12,000, or 2 per cent. when the entire \$600,000 road fund from the 5-cent levy is in. In addition to these thirty-three counties, three others, Carter, Lewis and Greenup, have voted bond issues and will be reimbursed by the state to the amount of one-half the money expended out of the bond sales.

Lawrence county has asked for the use of twenty prisoners and wishes to build thirty miles with state aid; Johnson, Boyd, Campbell, Trimble, Franklin, Mercer and LaRue ask for all the money available. Russell wants \$5,000; Harrison wants aid in the construction of the new Paris pike, and Grant, Nicholson, Simpson, Bourbon, Hart, Madison, Barren, Jefferson, Shelby, Logan, Rockcastle, Graves, Ohio, Pulaski, Warren, Henry, Hopkins, McCracken, Jessamine, Boone, Russell, Woodford and Todd have asked for aid without specifying the amount.

Daviess county wants state aid in building thirty-two miles of pike. Boyle county officials have notified the department they will apply.

These applications are made to Commissioner of Roads R. C. Terrell. Preference will be given roads connecting county seats and the plans and specifications must be approved by the commissioner and bond also submitted for his approval. The roads must be built under expert supervision from his office and the state will pay nothing on the work until the commissioner has accepted it; so state aid the counties get highways built according to plans and under the inspection of highway engineers.

ABOUT OUR PUBLIC ROADS

The Ledger is not acquainted with the intentions of the present fiscal court regarding what course will be adopted looking toward the betterment of road conditions in the county this year, but this fact will not deter us in expressing a frank, honest opinion in the premises, and just at this particular time it will be agreed that our roads need a little more careful discussion, granting that all the cussing that an American sailor could do in three days time at hard labor would fall short of doing the case anything like justice.

Some several years ago the Ledger championed the cause of gravel roads, and it was at a time when many of the citizens of the county believed the question was fraught with a menace more terrible than a scourge of cholera, and such a system of roads as was championed would bankrupt the county and send every taxpayer to the poor house. At that time, indifferent to the criticism, we labored on until the question was championed by the people and finally resulted in a general clamor for opportunity to build gravel highways upon what was termed the "half-way plan." This plan is familiar to the citizens of the county, and was established upon the basis that for each dollar the county expended in cash the property owners of the county would donate an equal amount in labor. As a result several hundred miles of fairly decent public highways were constructed. Following Calloway's plan many counties throughout the state have thus improved their highways, and it is possible that the present law, granting state aid to counties for road purposes was a fruit of the seed.

On the eight page of this issue of the Ledger appears an article on the road question under the caption of "How to Get State Aid." We respectfully direct the attention of the county judge and the fiscal court to this article, emanating from the state commission, and ask for its careful reading it deserves by the taxpayers of the county.

Calloway paid last year into the state treasury 5 cents on each one hundred dollars of \$5,742,541, her taxable wealth, for the purpose of building state highways. The state was merely made the trustee of this fund, and it is now available to build roads in this county and the only requirement necessary to secure the fund is for the fiscal court to put up a dollar every time the state puts up a dollar. More than that, the state will allow Calloway to draw from this fund in any amount not to exceed two per cent of the total fund estimated at \$600,000, or \$12,000, for the construction of public roads each year. Whether the state would permit this sum to be expended upon what we have in the past termed the "half-way plan" we are not in a position to say, but regardless it would be the part of folly to fail to grasp this opportunity of building roads at fifty cents on the dollar with present conditions prevailing. Added to this advantage of securing improved roads at fifty cents on the dollar is coupled the fact that such highways are to be constructed under the direction of the state commissioner of roads and expert engineers. A few miles of such roads in Calloway would be worth many times their commercial value as a guide for future construction.

Assuming now that the state

will permit the expenditure of her funds in connection with the county funds available upon the "half-way plan," then the expense for roads in the county would be only a direct tax to the county as a whole of twenty-five per cent of the cost. Gentlemen of the fiscal court you cannot ignore these matters and it behooves you to go into the details of the matter at the very earliest date possible and give every question arising your careful consideration.

Calloway county is in the road business and must remain in that business as long as it exists. It has been in the road business for years, and thousands upon thousands of dollars have been expended, and, upon the whole, we are about as deep in the mud and mire as ever. This fact can not be denied. Then upon the other hand, what opinion would you entertain of a business man who would deliberately go upon the market to buy a stock of goods and pay one dollar for an article that was offered to him for fifty cents; or the banker who would pay 8 per cent on time deposits when offered all the money he could use at four per cent; or the tobacco grower who would sell his tobacco for five cents when he was offered ten cents? You would readily agree with the Ledger, that such an individual was in need of a guardian to look after his affairs or was a fit subject for the feeble minded institute. As a county a similar business proposition confronts us. The state stands ready to place a dollar of state funds along with every dollar of county funds expended, fixing the maximum for each county at \$12,000.00 per annum, unless a bond issue is voted, and in that instance the state will give to each county thus bonding itself in cash a sum equal to one half the amount of the bonds.

Calloway paid into this state aid fund last year the sum of \$2,571.27. Is there an ignoramus in the county who would not give \$2,571.27 and get in return \$5,142.54 if he was going to do that much building of any character, and with the investment secure the services of an expert without additional cost? Can we afford to donate this amount each year to assist other counties in building highways and be indifferent to our own needs? A better plan, without doubt, would be a bond issue making available a sufficient sum to enable Calloway to secure the full maximum amount each year.

If the Ledger is not in error the present fiscal court recently saw fit to dispense with the services of a county road supervisor, and, in his stead, adopted a resolution placing the care of the entire road system of the county in the hands of the county judge, who in turn has delegated the supervision of such work as has been done in the several magisterial districts to the respective magistrates. This is almost identical with the system in vogue some few years ago when Judge Wells raised the question of the legality of the action and resulted in quite an upheaval in court circles and the abolishment of the practice. Mr. N. B. Barnett was at that time the county attorney, and, if we do not fail of memory, his views coincided with those of Judge Wells in the matter. Aside from the legal phase of the question, it is not practical, barely possible, to build roads under such a system. You might as well tell us that a half dozen men can properly shingle a house working inde-

Trigg County Trickles.

Pneumonia and paralysis caused the death of Mrs. Sarah Jane Cox, of the Flat Lick neighborhood. Mrs. Cox was born in North Carolina in 1827 and came from there to McMinnville, Tennessee, when she was three years old, where she lived one year; then came to Kentucky, where she spent the remainder of her life.

Mr. H. C. Vinson, who lives three miles west of here, received a letter last week telling of the death of his stepmother, Mrs. Alpha Vinson, who died on the 10th of January at the home of her son, Mr. J. A. Vinson, at Everton, Ark. Mrs. Vinson was born in Trigg county on February 28th, 1829, and was therefore almost 86 years of age.

On last Sunday afternoon at 3 o'clock at the residence of Mr. E. P. Malone, three miles west of here, Mr. Clarence McAtee and Miss Janie Malone were united in marriage by Rev. J. S. Mitchell, of this place. It was a quiet home wedding, with quite a number of relatives and intimate friends present.

The little eleven months old son of Mr. and Mrs. Wylie Jones, who live just below Linton, died last Friday after an illness of several days of pneumonia. — Cadiz Record.

H. A. Edmonds returned to Oklahoma Wednesday after being in the county the guest of his father, G. W. Edmonds, the past two weeks. Mr. Edmonds is located at Vina, where he has a lucrative position.

HEAVIEST RAINS WITHIN 3 YEARS

The cold spell came to an end Saturday night when rain began falling and continued in a steady downpour all night. The sun made attempt to come out Sunday about noon, but the rain soon started again and a steady drizzle with occasional showers all of the afternoon and into the night made the heaviest rainfall for many months. Sunday morning the river was out of its banks and as a result hundreds of acres of bottom land was flooded to a depth of several feet. The damage by the rivers and creeks, to bridges, culverts and roads will reach several hundred dollars.

The rainfall from 6 o'clock Saturday evening till Sunday night was about 5 inches. This was the heaviest rain since April, 1912.

Monday was a bright, balmy day, more springlike than usually seen at this season of the year. However, a change came again Monday night, and the thermometer reached the freezing point again and Tuesday considerable snow fell but melted as rapidly as it reached the ground. But the day was one of the most disagreeable of the season.

Independently of each other and scattered from the cave to the cone. It is not the purpose of the Ledger to offer criticism, but our eager enthusiasm for a better system of roads prompts us to call attention to these matters at a time when road conditions in Calloway county are such that they beggar description. As we view the matter it would be the part of business wisdom for the county to avail itself of the opportunity offered by state aid, and the matter should not be delayed longer than is absolutely necessary.

PREPARING FOR ADVANCE PRICES

If the farmer wishes to benefit by the high prices that eggs are certain to bring next fall, he should begin to be ready for them at once, say the poultry specialists in the national agricultural department. The way to have eggs late in the year is to hatch pullets early. It is the early hatches from which the early pullets are derived that are the largest money makers for the poultry producers. The early hatched cockerels can be marketed in almost any market in America when they attain a weight of three-quarters of a pound to a pound and a half each, which they should reach at about 6 to 10 weeks of age, respectively, at a greater profit to the producer than at any other times of their lives. The early hatched pullets, if properly grown, should begin to lay in the fall at the time when eggs are scarce and high in price. Here are a few facts to remember:

Pullets must be well matured before they will lay many eggs.

Pullets that start to lay in the fall before cold weather sets in will, as a rule, lay all winter.

It is the early hatched pullets that produce eggs in the fall and early winter, when prices are high.

February, March and April are the months to do your hatching in order to secure early pullets for fall laying.

Yearlings and two year old hens do not lay many eggs in the fall, as they are molting at that time, and the feed they consume goes not only to keep up the energy and life of the birds but also to put on new feathers.

In properly matured pullets all surplus energy beyond that necessary to meet the requirements of the body is available for the production of eggs.

Write the Secretary of Agriculture, Washington, D. C., for free bulletins on poultry management.

Recognized Advantages.

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.

Not a Very Affectionate Goodbye.

Frankfort, Ky., Jan. 28.—The relinquishment by S. L. Holland of Murray, of his position as receiver at the institute for the feeble minded was made memorable, it was said last night, by fisticuffs which marked his leaving-taking of Dr. A. C. Kehoe, superintendent of the institution. Monday. Hostilities between Mr. Holland and Dr. Kehoe took place in the parlor, and continued until each of the belligerents bore the marks of the other's blows, according to Supt. Kehoe, and officers of the institution separated them.

"The Best Laxative I Know of."

"I have sold Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of," writes Frank Strouse, Fruitland, Iowa. For sale by all dealers.

ADMIT REVERSES IN THE ARGONNES

FRENCH ADMIT SERIOUS LOSSES
BUT SAY GERMAN DEATHS
RAN HIGH.

NEW ALIGNMENT REPORTED

Berlin's Claim of a Great Victory Practically Admitted by Paris, Which Finds Comfort in Thought Germans Paid Dearly.

London.—French admission of a serious reverse in the Argonne, where the Germans claim to have wiped out an entire regiment of infantry, is made in the official communique received from Paris.

For the first time in the late months of the fighting that followed the establishment of the western deadlock the French admit that their own losses in this engagement were "serious." The enemy's losses were very great, says the communique. Not even at Soissons, where the Germans forced the French to retire across the Aisne with heavy losses on January 13, did the French war office own to such heavy casualties.

The German report locates the battle in the western part of the Argonne district.

The following Paris official statement was issued by the war office:

"It is confirmed that the enemy has left a great number of dead on the field of battle to the north of Longbaux, at the foot of the great dune and also before the English lines near La Bassee.

"There has been a bombardment of some intensity of Arras, Reurle and Roelincourt. On the plateau of Nouvron the Germans exploded a mine, without attaining any results.

"In the Argonne a slight withdrawal of our troops is reported, and their organization on the new lines about 300 meters to the rear of those which they had occupied has been actively disputed. The losses of the enemy have been very high; ours were serious.

"In Belgium there were artillery engagements. In front of Gulchy, near La Bassee, the British army drove back an attack delivered by three German battalions. The Germans in this case suffered heavy losses.

"To the north of Arras, near Neuville-St. Vaast, our heavy artillery brought a German battery under its fire and caused the cannons of the enemy to explode.

"In the sections of Albert, Roye, Soissons, Craonne, Rheims and Perthes there were artillery engagements at times rather severe. Our batteries acquitted themselves efficiently. In the Woëvre district, near Flirey, the Germans exploded a mine, the object of which was to blow up our trenches. As a matter of fact, all they did was to destroy them.

"There is nothing to report from the remainder of the front."

AUSTRIA SCORES IN EAST

Teutonic Allies Claim Successes Over Russians in Mountains—Romania's Aid Is Sought.

London.—In the east, interest centers in the Carpathians, where the Austro-Germans have brought up new armies to oppose the Russian invasion of Hungary. According to announcements in Vienna they have recaptured some of the passes the Russians were holding in strength.

While the Russians do not relish giving up any ground gained, they declare this is compensated by the fact that their aggressiveness has compelled the Austro-Germans to postpone the expedition they were preparing to crush Serbia. Russia hopes Romania, with her financial position guaranteed by the recent London loan of \$25,000,000, soon will send her army into the field and form the missing link between Russia and Serbia.

FIGHT IN ALSACE IS SEVERE

All Official Accounts Agree That Attacks of Germans Were Severe in Flanders and Alsace.

London.—Nothing has been heard of the military venture which it was reported the Germans were preparing for Emperor William's birthday, unless their attacks on the French at Ypres and on the British at La Bassee were intended as such. All official accounts agree that these attacks were very severe, but beyond this there is nothing in common between the accounts of the allies and the Germans concerning the fighting.

Argonne Fighting Fierce.—Berlin.—German troops captured 745 French soldiers and 10 machine guns in the western part of the Argonne district, according to a communique made by the German war office.

Turks Are Defeated.—Paris.—Turkish troops were defeated in a battle on the Taurus mountains, according to a dispatch received by the Allies.

British Rebuttal Attack.—London.—The British war office has issued a statement denying the German claim that the British had been defeated in the Carpathians, where the Russians are reported to be retreating in confusion.

RUSSIANS MAKE ADVANCE

Movement in Prussia Is Growing—German Railway Between Tilsit and Memel Cut.

London.—The end of the sixth month of Europe's great war finds the belligerent armies completing preparations for or actually engaged in operations of an extent hardly anticipated when the declarations of hostilities were made.

In Flanders, France and Central Poland a deadlock still exists, but largely because of Russia's tremendous resources and Turkey's action the sphere of operations has been widely extended. Russia alone is engaged in fighting hostile armies from Tilsit, far to the north of East Prussia, to Tabriz in Persia, a distance of over 1,500 miles. Only that portion of her territory bordering Roumania is free from menace, but her reports declare all of her immense armies are successful.

The Russian outflanking movement in Northern East Prussia is said to be gaining momentum. The armies on either side of Tilsit have cut the German railway between that city and Memel, on the Baltic.

On the southern front, in East Prussia, another army is advancing to wards the German fortresses of Thorn, while still another is holding a line of entrenchments which protects Warsaw and which Gen. von Hindenburg has been trying to batter through for three months. Other armies are again preparing to meet a big Austro-German force attempting to regain Galicia and Bukovina.

To the eastward where Muscovite troops are battling against the Turks, another defeat apparently has been inflicted on the Sultan's forces.

The Russian official report says the Turks are retreating to Tabriz, while official dispatches declare the Russians have recaptured that city.

What is regarded as the most important campaign, however, is that developing in the Carpathians, brought about by the Austro-German offensive to drive the Russians from Galicia and Bukovina. The Austro-German allies are said to have concentrated 28 army corps for this venture.

GERMAN'S ATTACK FAILS

Teuton Losses in France Have Been Heavy—Paris Says All Offensive Moves Succeeded.

London.—Although no big battles, a battles go in this war, have been fought of late, there have been engagements in all the arenas from Asiatic Turkey to the English Channel, in which the losses in men and material probably have been greater in the aggregate than in many of the battles of history.

According to French reports, German attacks against the allied lines in Flanders, France and Alsace for three days cost them 20,000 men, to which must be added the losses suffered in repeated attacks on the Russian intrenchments in Central Poland.

All attacks in the west, the allies' announcements say, failed except near Craonne, where it is admitted the French lost 800 men, largely because of the collapse of the old quarry. The Germans, on the other hand, assert that they inflicted a severe defeat on the French at Craonne and that they repulsed all French attacks in the Vosges and Upper Alsace, with heavy losses.

While it is evident these attacks and counterattacks cost both sides heavily, they made no great difference in the relative positions of the opposing armies. They convey the intimation, however, that the Germans by no means have given up the idea of delivering a smashing blow at the allied armies.

With the approach of dry weather and the consequent hardening of the ground, they brought up new troops with the intention of getting in their blow before the full strength of the Anglo-French forces was ready to meet them. Thus far they have made little, if any, headway, but undismayed, are sending still more troops through Belgium to Ypres and La Bassee, where they broke their way through the coast. Knowing, as they must, that the Anglo-French armies have been greatly strengthened since then, they themselves must have increased their striking power.

The allies, however, are confident of their ability to hold the present lines and move forward when all preparations are completed.

Belgian Notes Legal Tender.—Amsterdam.—The German military governor of Belgium, Gen. von Bissing, has issued a proclamation defining what Belgian bank notes are legal tender. He approves the issue by the Society Generale, by the Banque Nationale prior to November, and by certain Belgian banks which have been organized by the German commissary.

Clearing the Carpathians.—Berlin.—Vienna advises that the Austrians are continuing their clear operations in the Carpathian mountains, where the Russians are reported to be retreating in confusion.

British Rebuttal Attack.—London.—The British war office has issued a statement denying the German claim that the British had been defeated in the Carpathians, where the Russians are reported to be retreating in confusion.

Turks Are Defeated.—Paris.—Turkish troops were defeated in a battle on the Taurus mountains, according to a dispatch received by the Allies.

British Rebuttal Attack.—London.—The British war office has issued a statement denying the German claim that the British had been defeated in the Carpathians, where the Russians are reported to be retreating in confusion.

VILLA IS WOUNDED; DETAILS LACKING

RUMOR SAYS HIS PERSONAL BODY INFLICTED INJURY ON MEXICAN GENERAL.

INTERIOR NEWS CONCEALED

Nothing Definite Regarding Military Movement of Importance Received at El Paso in Two Days. Washington Advised.

El Paso, Tex.—Gen. Francisco Villa was slightly wounded several days ago at Aguas Calientes in a shooting affair, details of which have been kept secret, according to a report brought here directly from Villa's headquarters.

It had been rumored here that Villa had been seriously wounded by Col. Rodolfo Fierro, his personal body guard. Those who came from Aguas Calientes said they had been unable to learn who shot Villa. The shooting occurred at his car in the railroad yards at about the time American Consul Silliman at Mexico City telegraphed Washington officials that he had received a report of Villa having been seriously injured.

For two days no definite word has been received of conditions in the interior south of Aguas Calientes nor of any important military movements.

MEXICAN CHIEFS' POSITION

Oregon Rules at Mexico City in the Name of Carranza—Three Armies in Field.

Washington.—Stated department advisers outlined the movements of the chiefs and armies of Mexico as follows:

Gen. Obregon rules at Mexico City in the name of Gen. Carranza, who is at Vera Cruz. Gen. Villa is at Aguas Calientes and Gen. Zapata at Cuernavaca. The whereabouts of Roque Gonzalez Garza and Eulalio Gutierrez, lately successfully in charge of the executive power in the capital, are unknown.

Three movements independent of each other are in the field. Carranza at the head of a large part of the original constitutional forces, will remain at Vera Cruz, which probably will continue as the capital of his government. Zapata's forces, said to be working in harmony with Villa, menace the lines of communications between Vera Cruz and Mexico City.

Villa is reported preparing to move from Aguas Calientes to attack Gutierrez forces at Queretaro. In the north Carranza forces hold San Luis Potosi and are threatening Monterey, held by Gen. Felipe Angeles, Villa's chief lieutenant. Dispatches to the Carranza agency here say that Gen. Robles, Gen. Lucio Blanco and Gen. Aguirre Benavides, who fled from Mexico City with Gutierrez, have joined the Carranza movement, but nothing is known of the intentions of Gutierrez himself.

Although the siege of Puebla is said to have been abandoned by Zapata, his forces still occupy the farthest outlying suburbs of Mexico City, according to state department reports.

DAYLIGHT ROBBERY IN N. Y.

Three Bandits Get Away With Over \$15,000 in Jewelry Store. Clerks Bound.

New York.—Fully \$15,000 worth of diamonds were stolen from the pawnshop of Adolph Stern, on the upper East Side, by three men, who drove in an automobile, held up the three clerks with revolvers, bound and gagged them, threw the jewels into suitcases and escaped in the waiting car.

The first of the three men entered the store ahead of his companions and began talking to one of the clerks. The other two bandits entered and snatched the spring lock on the door behind them. Then, as if by signal, all three drew revolvers, covered the clerks, marched them to the rear of the store, bound and gagged and tied them together. In addition to the jewels, the highwaymen took \$170 in cash, but overlooked other cash in the safe.

About a quarter of an hour elapsed before one of the clerks freed himself, released the others and gave the alarm. The proprietor of the place, after a rough inventory, estimated his loss at \$15,000.

The estimate made of the loss covered the amounts for which the jewels were pawned, the proprietor said, and did not cover full value of the gems. Still, he thought, was much higher.

Neillsville Bid For Fame.—Neillsville, Wis.—A letter from Miss Margaret Wilson congratulating this town on being the first in the United States to employ a civic secretary was read at a meeting in celebration of the event.

Remove Cotton Limit.—Columbia, S. C.—Gov. Manning announced that he would approve the bill chartered by the South Carolina general assembly repealing the cotton "quota" reduction act passed at the extraordinary session October last.

VETOES IMMIGRATION BILL

Wilson Objects to Literacy Test Contained in Measure—Says It Is Against Our Traditions.

Washington.—President Wilson vetoed the immigration bill because of the literacy test for admission of aliens. His message was referred to the House immigration committee, whose chairman, Representative Burnett, will move that the measure be passed over the veto.

Much informal discussion among members of the House followed receipt of the veto and there were many who believed the two-thirds majority required to repass the bill could not be procured. Immigration bills containing literacy tests were vetoed by President Cleveland and by President Taft, but both times failed of repassage.

In his veto message, President Wilson told the House, which originated the bill, that he had no pride of opinion on the question or was "foolish enough to profess to know the wishes and ideals of America better than the body of her chosen representatives know them." He asked, however, whether the bill rested "upon the conscious and universal assent and desire of the American people" and pointed out that no political party ever had "avowed a policy of restriction in this fundamental matter, gone to the country on it and been commissioned to control its legislation."

Senate leaders insist there would be no trouble in repassing the bill in the upper house. That was done in the Taft administration, but the lower house failed to muster a two-thirds majority.

TALKS WITH THE STRIKERS

Young Rockefeller Holds Conference With Colorado Miners—Labor Problems Discussed.

New York.—John D. Rockefeller, Jr., and three strikers from Colorado met in the first conference the Standard Oil has ever recorded organized labor.

The epoch-making conference was held at No. 28 Broadway, in the office where John D. Rockefeller, Sr., long moulded the destinies of the oil industry of the world.

Participating were E. J. Hayes, vice-president of the United Mine Workers; Edward L. Lynch, secretary-treasurer of District No. 15 of the Mine Workers, which bore the brunt of the Ludlow struggle; James Lord, head of the mining department of the American Federation of Labor; McKenzie King, former minister of labor of Canada, and now directing a world-wide investigation of labor conditions for the Rockefeller Foundation; and young Mr. Rockefeller himself.

Sitting beneath the portrait of his father, the heir of Standard Oil for two hours discussed with the representatives of labor the problems that led to civil war in Colorado.

Out of the conference came this significant result: The labor leaders and Rockefeller agreed upon a policy of silence, and another meeting between them will be held.

GARZA FLEES MEXICO CITY

New President and Cabinet Leave for Cuernavaca—Obregon Nears City.

Mexico City.—Provisional President Garza and his government have left the capital for Cuernavaca, where a new seat of government will be established.

All the commercial houses and banks and even private dwellings are barred and shuttered, although no disorder has attended the fleeing of the Zapata and Villa forces.

The national palace, the federal telegraph and postoffice and other government establishments are closed. The incoming Carranza forces are commanded by Gen. Alvarado, former post commander here.

Food prices have soared beyond the reach of the needy. The supply of food is low, and unless the railway line to Vera Cruz is opened soon it is believed there will be much suffering.

The government's decision to quit the capital came after a heated argument at the session of the convention. It was decided President Garza, his government and members of the convention should proceed to Cuernavaca.

Col. Garza and Gen. Ernesto Santolosa are reported to have departed on a special locomotive.

Chauffeur Arraigned.—New York.—Arraignment of Roger Thompson, a chauffeur, who is alleged, drove the automobile in which Harry K. Thaw escaped from Matteawan, stood as the first move by Franklin Kennedy, deputy general, to bring the five men named with Thaw in the indictment for conspiracy to trial on Feb. 23, when his case is set for hearing.

Zapata Forces Defeated.—Mexico City.—The Zapata forces have been defeated and driven back from Hermita, near Tacubaya (a suburb of this city). The Carranza adherents are still pursuing the defeated troops. The capital remains quiet.

Asks Refund of \$13,000.—Columbia, S. C.—Claim of Samuel H. Owens, former Highland county supervisor, for refund of \$13,900 his bonding company paid the county about three years ago to satisfy a judgment against him for illegal official acts.

Nothing Anywhere Like This Wonderful Old Secret Blend

Look for the name French Market Coffee and the picture of the old market that is on every package of French Market Coffee, the wonderful old secret blend with a flavor all its own.

If you can be satisfied with an imitation take the brand as near like it as the law allows, for both in name and appearance of package, French Market Coffee is constantly being imitated. But it won't be just as good, and it isn't just the same! There is only one FRENCH MARKET COFFEE.

French Market Coffee

The Wonderful Old Secret Blend

This wonderful old secret blend has a flavor all its own, for it is a blend of the most famous growths of coffee, roasted by a special process, in the specially built French Market Mills at New Orleans.

Happy.

Old Person.—But, my dear young man, how can you be so callous to the death of so many people in Europe and the terrible condition of the homeless thousands?

Young Newlywed.—Oh, I should worry. My wife's one of those learn-how-to-be-a-good-cook-in-three-lessons-by-mail brides, and she's so busy sewing for the Belgians that I have to take my meals at a restaurant.

NO BAKING POWDER MORE WHOLESOME THAN ALUM POWDERS.

Washington, D. C.—Alum baking powders are no more harmful to a person than any other baking powders. Such is the conclusion of the referee board of consulting scientific experts of the department of agriculture as the result of experiments to determine the influence of aluminum compounds on the nutrition and health of man. The report gives the results of three sets of extensive experiments on human subjects conducted independently by members of the board and was in response to questions put to it by the department of agriculture. The board's report was unanimous and was signed by Ira Remsen, president of Johns Hopkins university, chairman; Russell H. Crittendon, professor of physiological chemistry in Yale university and director of the Sheffield Scientific school; John H. Long, professor of chemistry in Northwestern university; Alonzo E. Taylor, professor of physiological chemistry in the University of Pennsylvania; and Theobald Smith, professor of comparative pathology in Harvard.

Warning to Applicants.—A safety bulletin says that it has proved of advantage to hang this sign in a conspicuous place at the entrance of the employment office of an industrial plant:

"This company does not wish to employ careless men. If you will not agree to be careful in your work, and to take the safe course rather than the easiest and quickest, do not apply for employment."

SUFFERED AWFULLY NOW QUITE WELL

A Lady's Suffering Was So Intense, That At Times, She Was Unable To Straighten Her Body.

Walnut, N. C.—"About 12 years ago," says Mrs. S. W. McClure, of Walnut, "I began to fail in health, getting worse all the time. I wasn't able to do my work, suffering awfully at times with pains in sides, especially the right side, and none of the time was I well."

Sometimes I could not straighten up my body for the intense suffering. I suffered more or less all the time, and was irregular.

As Cardul had helped others, I started trying it. I bought six bottles, and after using two or three bottles, I commenced improving, getting better all the time, until I was entirely well.

I became strong and healthy, gained flesh, weighing 120, being just a shadow when I commenced, taking Cardul. My work is a pleasure, and I feel like doing my work since, for the cure was permanent, and I have been well and strong ever since.

Cardul is a fine medicine for suffering women, and I recommend it to all my friends who have womanly trouble."

Thousands of women have written to tell of the help Cardul has been to them. Cardul is a mild-female tonic, acting especially on the womanly organs. It is shown itself of great value to sick, weak women. It is surely, worth a trial.

Begin taking Cardul today.—Adv.

Let France have good mothers, and she will have good sons. Napoleon.

A really skillful woman can laugh at a pointed joke just as easy.

SHE HAD MET THE "DUB"

Nice Young Chap Probably Regretter His Somewhat Unkind Characterization.

At a dancing academy dance the other evening a nice young chap was introduced to a perfectly dandy girl. She was young, sympathetic and wise to all the steps, and the kid fell for her at once. Then she said:

"You're awfully nice to me, but can't you introduce me to some of your men friends around here?"

"Well, I don't know anybody except that funny-looking dub over there in the corner. He and I belong to the same lodge. Did you ever meet him?"

"Indeed I did—years ago. He used to come and see me a lot—brought me flowers and candy, and all that."

"He did? That old guy? Well, I didn't think it was in him! This'll be a joke to tell to the other fellows. How did you shake him at last?"

"Married him. Come on over and I'll introduce you."—Cleveland Plain Dealer.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. "You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Adv.

JUST A BIT TOO STRENUOUS

Owner of Bungalow Not Altogether Thankful for the Labor of the Firemen.

In the lobby of a Washington hotel the other evening the conversation turned to the enthusiasm of the volunteer fireman. Congressman Edmund Platt of New York smilingly recalled a story along that line. A man named Smith, the congressman said, had a bungalow down along the Jersey coast. Recently the bungalow was burned, and meeting an acquaintance one afternoon Smith sadly cited the harrowing details.

"What was the trouble?" finally interrupted an acquaintance. "Haven't you got a fire department down that way?"

"Oh, yes," answered Smith with a reflective sigh. "We have a fire department, all right."

"I see," thoughtfully mused the acquaintance. "Got there too late to put the fire out, I suppose?"

"Oh, no," rejoined Smith. "They put the fire out, but in doing it they washed away the building lot."—Philadelphia Telegraph.

Delicate Intimation.

"I'll show them I can do more things than sit on a stool and look pretty."

"Come to think of it, you can sit on a stool."

How It Came.

"How did you get your musical temperament?"

"I was born in A flat."—Princeton Tiger.

Labor is necessary to excellence.

This is an eternal truth, although vainly cannot be taught to believe or indifference to heed it.—John Randolph.

The certain way to be cheated is to fancy one's self more cunning than others.—Charron.

Ohio now has 5,525 saloons. In 1906 it had 13,000.

IN THE PUBLIC EYE

OHIO'S "SECOND MCKINLEY"

C. HARRIS & EWING

not classified as a reactionary, has been regular in his party allegiance. In fact, he is regarded as a most cautious man when it comes to questions arising in his own party. It is recorded that as a congressional nominee, seeking re-election from the Eighth district in 1912, he went through the entire campaign without declaring himself as between Roosevelt and Taft.

"The second McKinley," as his friends call him, Frank B. Willis, the new governor of Ohio, is a product of the farm. While he is not "self-educated" in the sense that Lincoln was, Willis toiled hard to help pay his way through school and college. His entire life has been one of toil and endeavor, the conservation of energy not being one of his cardinal virtues.

Willis is a Buckeye through and through. He was born in Lewis Center, Delaware county, December 28, 1872, and worked on his father's farm while attending the common school at Lewis Center and while going through the Galena high school in the same county.

Willis is one of the big men physically in Ohio politics. His friends take pride in declaring that he is a prize hand-shaker and a fighter, and that he is absolutely clean in his private life. In congress Willis, while

SOCIAL FAVORITE TO WED

One of the most interesting announcements made in Washington society this season was that of the engagement of Margery Colton and Randall Wagner. Both of them are so thoroughly identified with Washington and have such a wide circle of friends that congratulations were simply showered on them.

Miss Colton is the daughter of the late Col. Francis Colton, and though she has lived a good deal abroad and in the Orient, it has been mostly because her father, or her brother, or whichever member of her family she happened to be living with, was stationed in some faraway post. The Coltons are all army people, and between while Margery has always come "home" to Washington.

Mostly she has made her home with her brother, Col. George R. Colton, U. S. A., and as he was stationed in Manila for several years, and was governor of Porto Rico for a while, Margery, who was chaperone of his establishment at both these posts, has moved around considerably. Lately she has been living with her brother-in-law and sister, Commander and Mrs. Archibald Davis (the navy this time, instead of the army) and it is they who make the announcement of the engagement. But whoever she's living with, everyone in Washington knows Margery Colton.

No date has been set for the wedding, but it is announced that it will take place during the winter, and it is bound to be a big affair.

C. HARRIS & EWING

JIMMY SLOAN PROMOTED

C. HARRIS & EWING

James Sloan, Jr., head of the secret service force at the White House, has been promoted to become chief operator of the Detroit headquarters, one of the most important fields in the service. Mr. Sloan is famous throughout the country for his personal attendance upon Presidents Roosevelt, Taft and Wilson.

"Jimmy" Sloan, who has traveled in every state, and almost every country, in the United States, as the guardian of three presidents, was assigned to duty at the White House 12 years ago. President Roosevelt once said of him that if he had a regiment made up of men like Sloan he could whip several regiments of men. Colonel Roosevelt was so fond of Sloan that he wanted to make the secret service man United States marshal of the Danville district of Illinois, but "Uncle Joe" Cannon, then a power in the house, had someone else he wanted for the job. Secretary Taft wanted for the job. Secretary Taft wanted for the job.

multy paid Sloan the tribute of saying that no accident has happened to a president of the United States during Sloan's connection with the service, and that he deserves the promotion he has received.

RUSSIA'S LEADING SOLDIER

Grand Duke Nicholas, who is giving such a good account of himself as commander in chief of the Russian armies in the war with Germany and Austria, is a second cousin of the emperor of Russia. He was born in St. Petersburg fifty-eight years ago and since his youth has been conspicuous in the Russian army. He presents a striking contrast in every respect to his father, who was a notorious profligate. The present grand duke is universally respected. In 1907 he was married to Princess Anastasia of Montenegro.

The grand duke has often been employed on special missions by Emperor Nicholas, who has always reposed the utmost confidence in him.

As in the case of nearly every prominent member of the Russian imperial family, the grand duke has been the victim of several attempts at assassination.

For a number of years Grand Duke Nicholas has been recognized as the foremost cavalry leader of Russia, if not of Europe. He is very tall and a superb horseman. On several occasions during the war between Russia and Japan the emperor was urged to appoint him to the supreme command of the Russian troops in Manchuria. In the place of General Kuropatkin, and the military authorities in Berlin, London and other European capitals have more than once expressed the opinion that the Russian army would have made a far better showing if the emperor had listened to this advice.

PRISON BOARD GETS NEW OFFER?

HOG-MONTGOMERY CO. SAID TO HAVE MADE BID FOR 200 PRISONERS FOR TWO YEARS.

COMMISSIONERS IN MEETING

Shoe Company's Proposition Said to Be Same Terms as Recent Contract Made With the Reliance Co.

(Special Frankfort Correspondence.)

Frankfort. It is reported that the Hog-Montgomery Co. has made an offer to the State Board of Prison Commissioners to take 200 prisoners in the Frankfort Reformatory for two years from June 1 at what are said to be practically the same terms as the Reliance Manufacturing Co. will take the other 300. Commissioner Henry Lawrence is here and he has been in communication with Chairman Daniel E. O'Sullivan and Commissioner M. E. Conley. The Reliance Manufacturing Co. has contracted for 300 men to make shirts at 50 cents the day and a bonus on production, which Commissioner Conley said recently he believes will net the state 75 or 80 cents the day for each man. The contract is for one year with an option for one year longer. The Hog-Montgomery Co., now operating a shoe factory in the prison with 400 hands, agrees, it is reported, to take 200 men at 50 cents the day as a minimum from June 1 for one year with an option of renewal, and pay each month whatever the Reliance Co. pays for that month under the bonus clause. The Hog-Montgomery Co. proposes, according to report, to hire the men in forty-eight hours, paying 50 cents the day for scrub hands until June 1 and 75 cents for experienced shoe hands.

New Compensation Act

Overruling the petition of Attorney General Garnett for modification and extension of the workmen's compensation decision, holding the act unconstitutional, the court of appeals filed a response to guide in the drafting of a new act. The court said: "The provisions for the present compensation act as far as they affect the employer are unobjectionable, as they do not conflict with any provisions of the constitution. Any employee coming within the provisions of the act may voluntarily agree to accept its provisions fixing and limiting his recovery in case of injury. He may likewise voluntarily accept the provisions of the act fixing the amount that shall be recovered in the event of his death and said sum should be paid to his dependents. If he leaves any and if not, to his personal representative. The legislature has no power to direct that this sum shall in any event be paid into the compensation fund. Some provision should be made in the act whereby the employee signifies his acceptance of the provisions of the act by some affirmative act on his part. Silence on this subject should not be construed into acceptance; provision should be made in the act for appeal to a court of competent jurisdiction for review in all cases where compensation is denied or where a less sum is allowed by the board than that claimed by the injured employee."

Highway Route Still Undecided

The exact route of the Central Lincoln Way from Louisville to Nashville remains undecided. One route from Louisville to Elizabethtown, thence to Hodgenville and on to Glasgow, cuts across part of Bullitt county and part of Hart without touching the county seat of either, thus putting it outside the state aid law for the construction of intercounty state highways. The other route by way of West Point to Elizabethtown and down through Munfordville to Bowling Green, cuts through part of Edmonson without touching Brownsville, and meets with the same objection. The latter route would extend through Franklin to the Tennessee line. County Judges C. B. Hicks, of Hart, and D. W. Rider, of Hardin, with a delegation, called on Road Commissioner R. C. Terrell and discussed extending the route from Elizabethtown to Munfordville and then by way of Horse Cave and Bear Wallow to Glasgow.

Auditor Wins Insurance Case

Several other insurance companies are interested in an opinion handed down by the court of appeals that the auditor can not be compelled to pay back to the Metropolitan, \$385.58 paid by it as 2 per cent tax on the amount of its premiums for the year ending June 30, 1906, represented by dividends to its policyholders.

Bank Voluntary Liquidates

Following an inspection by A. B. Faris, of the State Banking Department, the Farmers Bank at Dixon has gone into voluntary liquidation and steps have been taken to pay off the depositors and all the creditors of the bank. This action was voluntary on the part of the stockholders according to a message received from Examiner Faris. The bank has a capital of \$15,000 and deposits of about \$12,000 with loans of \$27,000. It is stated that all obligations will be paid in full, though the stockholders may suffer slightly.

Describes State's Mining Industry.

Kentucky's greatness as a mining state is not realized by her own people. In the opinion of G. J. Norwood, chief mining inspector of the state, her deposits of available coal, Mr. Norwood estimated, lack very little of equalling those of Pennsylvania, Ohio and West Virginia combined. In speaking before a club at Louisville, Mr. Norwood quoted figures, saying in part: "We have in the two coal fields of Kentucky at least 120,000,000 tons of available coal, good coal—85,000,000,000 in the east and 35,000,000,000 in the west. Mr. Campbell, of the United States geological survey, estimates the available amount at 104,000,000,000, but I think 125,000,000,000 is more nearly accurate. On the basis of an annual output of 500,000,000 tons, this would last 240 years. Considering good coal only, Pennsylvania has 40,000,000,000 available tons; Ohio, 25,000,000,000 and West Virginia, 50,000,000,000. These states also have 50,000,000,000 tons of available coal of an inferior quality. At a rate of production of 500,000,000 per annum, Pennsylvania's supply will run out in eighty years, Ohio's in fifty years and West Virginia's in 120. Kentucky now stands fifth among the coal mining states, the rank, in order named, being Pennsylvania, West Virginia, Illinois and Ohio, but I predict that in a few years—I believe in less than ten years—Kentucky will take the place now held by Ohio. The hard life in coal mining is not so bad as the public fancy paints it. Statistics show that the relative hazard of death by accident is greater on the farm than it is in the mine. The prevailing misconception of the actual conditions is due to the fact that public attention is concentrated to mine accidents because of the character of publicity accorded them, and because mining men are making more efforts than ever to diminish the hazard, and these efforts are also given great publicity. Mr. Norwood said over 50 per cent of mine accidents was preventable.

Road Engineer Applicants Pass

Nearly all the applicants for positions as county road engineers, who took the short course at the State University this month, passed the examination held January 16 by State Commissioner of Roads R. C. Terrell. The successful applicants were: Chas. Telling, Louisville; E. R. Donaldson, Bath county; A. T. McGinnis, Harrodsburg; R. M. Stark, Henry county; R. Y. Fishback, Clark county; Frank W. Phelps, J. W. Guyn, G. H. Hill, E. W. Hopkins, M. V. Burgin, G. H. Beasley, J. T. Rawlings, C. R. Gough, R. W. Rawlings, H. C. Anderson, J. A. McCone, K. C. Frye, W. E. Spencer, W. M. Adams and J. S. Parker, Lexington; Lawrence Yates, Winchester and B. J. Calloway, Louisville.

First "Moonlight" Schoolhouse Built

The first "Moonlight" schoolhouse, built especially for the teaching of adult illiterates, has been completed by the W. G. Duncan Coal Co. at Graham, Muhlenberg county. That county has adopted as its slogan in the campaign against illiteracy, "No illiteracy in Muhlenberg County in 1915," in which it takes an advanced position, as the state campaign is to wipe it out by 1920, the next Federal census year. Prizes will be awarded by the Kentucky Illiteracy Commission to teachers making the best record in Moonlight School work February 15. The prizes have been offered by individuals for county and congressional district competition among teachers.

Heavy Penalty for Assault

T. F. Brannon, a Paris saloonkeeper, who assaulted a witness that had testified against him in his trial for unlawfully selling liquor, must pay a fine of \$1,000 and serve six months in jail for criminal contempt of court. The Court of Appeals refused to reverse the Bourbon circuit court, which had put Brannon under rule and submitted his case to a jury.

Express Company Loses Suit

The National Bank of Middleboro won its suit against the Adams Express Co., which appealed from the judgment of the Bell circuit court for \$750 in favor of the bank. The suit was to recover \$750 alleged to have been lost from a package of \$10,000 shipped to the Southern National Bank, Louisville. Judge Hannah wrote the opinion, affirming the judgment.

Life Convict Gets Pardon

After serving 11 years of a life sentence for murder, and conducting herself in an exemplary manner under parole for 13 years, Bettie Doty, of Lincoln county, was pardoned by Gov. McCreary. County Judge J. P. Bailey of Lincoln, recommended clemency.

Confirms \$10,000 Verdict

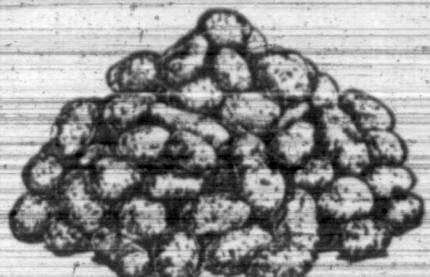

The court of appeals affirmed a verdict for \$10,000 against the Louisville & Nashville in the Gallatin circuit court in favor of the administrator of L. F. Kinney, who had been killed by a train at Glencoe Station. Judge Nunn wrote the opinion.

Relief for Swine Breeders

Commissioner of Agriculture J. W. Newman has gone to Washington to confer with officials of the Department of Agriculture relative to relief of quarantine conditions for breeders of purebred stock, particularly swine, as this is the season of hog sales. While in Washington he will secure moving picture films to be shown at the State Farmers' Institute at Henderson, depicting progress in agricultural methods. These pictures, some secured from the government and some belonging to the state, will be a feature.

A POTATO KING

"If I were a farmer boy, or a boy with out capital, and wanted an early competence, I'd start right out growing Potatoes," said Henry Schroeder, the Potato King of the Red River Valley, whose story is in the John A. Kaiser Seed Co. Catalogue reads stranger than a romance.

Price Schroeder's Famous Ohio, bushel, \$1.75; ten bushels, \$15.00.

For 10c in Postage

We gladly mail our Catalog and sample package of Ten Famous Farm Seeds, including Speltz, "The Cereal Wonder," Rejuvenated White Bonanza Oats, "The Prize Winner," Billion Dollar Grass, Fescue, the Silo Filler, Alfalfa, etc., etc.

Or Send 12c

And we will mail you our big Catalog and six generous packages of Early-Cabbage, Carrot, Cucumber, Lettuce, Radish, Onion—furnishing lots and lots of juicy delicious Vegetables during the early Spring and Summer.

Or send to John A. Kaiser Seed Co., Box 719, La Crosse, Wis., twenty cents and receive both above collections and their big catalog.

INDIAN HAD SENSE OF HUMOR

At Least Enough to Get Off Good Joke on the Cross-Examining Lawyer.

From Fenimore Cooper and other authorities we have gained the impression that the Indian is a stolid, severe individual, with no sense of the white man's humor, but one red brother showed himself quite a civilized joker the other day in the United States court at St. Paul. He was a witness in a hotly contested case, and a lawyer was after him in the most approved style to cast discredit on his testimony. After apparently frightening the Indian with the awful consequences which would follow the slightest deviation from the truth, the lawyer solemnly said:

"Now, sir, I want you to tell me the exact truth, without any shuffling or evasion. I want you to look me square in the eye and tell me how you get your living?"

The Indian looked straight at the lawyer and, with that grave air familiar to all acquainted with the red man, simply said: "Kat."

The courtroom roared and the lawyer let the witness go.

When Greek Meets German.

A Companion subscribes, jealous of the claims of the classic languages to superiority even in the length of the words the ancients could upon occasion invent, writes thus:

"I notice that the Companion says, 'No one can compete with the Teuton in word joinery.' But what do you think of the following word that you can find in Liddell & Scott's Greek lexicon? Λεπαρομαχολοσχολοκοκτολεψανδρομυποτρινμασολιφοπαρομολοκακεχουμνοκλεπλεκσσοφωπυποτοριστερλεκτοφυοπεκεφηνολοκτολελολασοοριολοπαθετορανοπετρογον. The meaning is 'A dish compounded of all kinds of dainties, fish, flesh and fowl.' That is certainly an elaborate way of saying 'hash.'—Youth's Companion.

He "Won" Out.

"Were you gambling last night?"

"No, indeed. It was a donation party. I came away a hundred to the good."

OUR NATIONAL DISEASE

Caused by Coffee.

Physicians know that drugs will not correct the evils caused by coffee and that the only remedy is to stop drinking it.

An Arkansas doctor says:

"I was a coffee drinker for many years and often thought that I could not do without it, but after years of suffering with our national malady, dyspepsia, I attributed it to the drinking of coffee, and after some thought, determined to use Postum for my morning drink."

"I had the Postum made carefully according to directions on the pkg. and found it just suited my taste."

"At first I used it only for breakfast, but I found myself getting so much better, that I had it at all meals, and I am pleased to say that I have been relieved of indigestion. I gained 13 pounds in 4 months and my general health is greatly improved."

"I must tell you of a young lady in Illinois. She had been in ill health for many years, the vital forces low, with little pain. I wrote her of the good that Postum did me and advised her to try it."

"At the end of the year, she wrote me that she had gained 40 pounds in weight and felt like herself again."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

Postum comes in two forms:

Regular Postum—must be well boiled, 15c and 25c packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 20c and 50c tins.

The cost per cup of both kinds is about the same.

"There's a Reason" for Postum.

—sold by Grocers.

THE MURRAY LEDGER

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, FEBRUARY 4, 1915

ANNOUNCEMENTS.

For Commonwealths Attorney

We are authorized to announce
HON. JAMES R. ALLEN, of
HOPKINSVILLE, KY.,
as a candidate for the Democratic
nomination for Commonwealth's At-
torney of the Third Judicial District
of Kentucky, subject to the action of
the Democratic primary, August,
1915.

We are authorized to announce
HON. DENNY P. SMITH, of CAMB, KY.,
as a candidate for the Democratic
nomination for Commonwealth's At-
torney of the Third Judicial District
of Kentucky, subject to the action of
the Democratic primary, August,
1915.

For State Senator.

We are authorized to announce
HON. SELDON R. GLENN, of RICH-
MOND, KY.,
as a candidate for the Democratic
nomination for State Senator from
the Third Senatorial District of Ken-
tucky, subject to the action of the
Democratic primary, August, 1915.

For Circuit Court Clerk.

We are authorized to announce
T. C. COVINE, NIX
as a candidate for the Democratic
nomination for Clerk of the Circuit
Court of Calloway County, subject to
the action of the Democratic pri-
mary, August, 1915.

Those deep water brethren of
Beaton are still up to their
necks in muck and mire, and
from present indications will
stay until the spring thaws.

Fire insurance will be high as
long as people do not try to pro-
tect themselves against fire and
are allowed to over insure their
property. No person should be
allowed to make one cent by
fires. Mayfield Messenger.

When Jim Lemons commences
this sort of talk better begin to
look out. He seems to possess a
sort of animal instinct when it
comes to prophesying when the
next Mayfield fire will occur.

"Say, boys, who is going to
be our man for representative."
and we have not yet heard the
answer—if it came. — Calloway
Times.

If there happens to be a cross
between a dung-hill and a domi-
necker anywhere on the premis-
es that is really anxious to know
who is going to be Calloway's
next representative, just let him
drop his wing and take out af-
ter Rafe Jones, and if he don't
find out next August then we'll
gamble on loaded dice. Can't
tell just who "our man" implies,
but when it comes to Cal-
loway then we think we sorter
know.

Qus Thomas, of Mayfield, con-
cluded that he was going to
break up that little play house
being erected by Judge Nunn
and Judge Gordon in their race
for the nomination for appellate
judge, and while these two na-
ughty fellows were slinging print-
ers' ink by the column at each
other, he made a running start
for the coveted goal and is fair-
ly burning the woods behind
him. Mr. Thomas makes an-
nouncement of his candidacy
through the Ledger this week
and Calloway voters are urged
to give his card a careful read-
ing.

Congressman Stanley's adver-
tisement published recently con-
tained the same old picture with
the same old hat. It was hoped
that when his hat was thrown
into the ring it would be left on
the ground and that he would
call upon a photographer again
and looked pleased. Hopkins-
Kentuckian.

Evidently Owl Sly thinks that
his hat is very similar to the es-
timate placed upon woman's lux-
uriant hair-cut, "the crown of
glory." It is also possible that
in past years he has been a can-
didate for county judge. After

the folks get through kicking
that old hat around in the August
primary it will be a fit subject
for the rag picker. There won't
be enough of it left for a wren to
nest in.

That was a unique and an im-
pressive social gathering at Mur-
ray last week when high society
of our Kentucky neighbor at-
tended a reherche function,
wearing their clothes wrong side
outward and hind-part before.
We hesitate here to fall into a
reminiscent mood, reflect back a
few years and ponder over the
unlimited possibilities and the
peculiar sensations that might
have abounded if a delightful af-
fair of this character had been
inaugurated in the days when
bustles were regarded as an im-
portant and well-nigh necessary
adjunct of sartorial splendence.
(Editor Jennings please don't
copy.) — Paris Parisian.

Oh, well, dang it, those old-
fashioned bow adornments
haven't been entirely relegated
to the scrap-heap here in Mur-
ray. Quite a few being worn
here yet, and the habillament is
not altogether unbecoming to the
wearer, either. We'll agree that
Murray is a little behind the
times in some of these high-fa-
lutin doin's, but this is one in-
stance wherein we expect to
keep up the good old way, and
we can't believe that it concerns
Paris in the least.

Make Your Own Healing Remedy at Home.

Buy a 50c bottle of Farris Hea-
ling Remedy. Add to it a pint
of Linseed Oil to make a healing
oil, or add to it a pound of lard
or a pound of vaseline to make
an ointment. You will then have
sixteen ounces of the Healing
Remedy for harness and saddle
galls, barbed wire cuts, scratches,
or any hurt or sore where the
skin is broken. Positively
guaranteed the best made. Make
it at home. By so doing you
have \$2.00 worth for 50c. — Sex-
ton Bros.

Two Teachers Added.

Bowling Green, Ky., Feb. 1.—
The Western Kentucky Normal
school has added two new mem-
bers to the faculty in the person
of Prof. A. C. Burkeholder, of
Nashville, Tenn., and Prof. T.
J. Coats, Richmond, Ky. Prof.
Burkeholder is a graduate of
Washington-Lee University and
has done special work in Chicago
University and Peabody College.
He has taught in various insti-
tutions of the south.

Stop That Cough—Now.

When you catch cold, or begin
to cough, the first thing to do is
to take Dr. Bell's Pine-Tar-Ho-
ney. It penetrates the linings of
the throat and lungs and fights
the Germs of the Disease, giving
quick relief and natural healing.
"Our whole family depend on
Pine-Tar-Honey for Coughs and
Colds," writes Mr. E. Williams,
Hamilton, Ohio. It always helps.

2 Drops of "GETS-IT" Out Comes the Corn!

It's the World's Wonder; Never Fails.
You'll make good eyes at your best,
after you use "GETS-IT." And you'll find
the places where those blainky corns
used to be, just as smooth as your cheek.

"How Wide is a 'GETS-IT' Smile? Well, a
Good Deal—Deer & Deer!"
There's no corn or callus among the
millions of feet in the world that "GETS-IT"
will not remove—there's no escape.
"GETS-IT" is the new way, the simple,
common-sense, sure way. It does away
with greasy ointments, salves, pads, cot-
ton rings, harnesses, knives, scissors,
razors, files, and the itching and the
painful piteous walk of so many corn-
sufferers. All you do is put 2 drops
of "GETS-IT" on the corn, stir it up,
and good bye. Nothing else in the world
like "GETS-IT." Millions are using it.
There's no pain, no trouble, no changing
shoes because of corns.
"GETS-IT" is sold by druggists every-
where, 25c a bottle, or sent direct by E.
Lawrence & Co., Chicago.
Sold in Murray and recommended
as the world's best corn cure by H.
P. Wear.

Building Handsome Home.

The Spokane, Wash., Chroni-
cle of recent date contained the
following item that will be read
with interest by many Calloway
citizens:

"Contract has been let by L.
G. Wrather for the erection of a
\$6,000 seven-room bungalow at
E422 Fifteenth avenue, design-
ed exactly according to the home
shown above, which is in San
Diego. Plans are provided by
J. W. Ballard. The living and
dining rooms will be finished in
quarter sawed white oak, the
bed rooms and breakfast room in
ivory and the kitchen in white
enamel. Electrical water heat-
ing and cooking equipment will
be included."

Harold Schroeder is Next.

White Bluff, Wash., Jan. 30.—
Joe Wendling, of Thorn Lake, is
mourning the loss of a pointer dog
that held a point so long it froze
to death on the peak of Foster
Butte.

The body of the dog had just
been found, frozen in the rigid
"pointing" stand it had made on
a covey of mountain quail. The
head and tail of the dog were
stretched out on a level with the
back and left foreleg lifted and
bent at the knee. It was the
pose of a perfect stand. Instead
of the dog's body falling it had
toppled against a hawthorne
bush and was standing erect
when found.

Takes Own Life.

Fulton Ky., Feb. 1.—Mrs.
Maud Callahan Robertson, young
wife of Fred Robertson, com-
mitted suicide Friday night by
drinking a phial of mixture of
creosote and carbolic acid. Bad
health and nervous tension were
the cause, but she left no note.
She went into the kitchen and
was supposed to be preparing
supper, while her husband and
other relatives were in the liv-
ing room.

Protected by Interstate Law.

Judge Moss at Bowling Green
has reversed the county court in
a liquor case, ruling that express
agents are not required to show
to the public the names of per-
sons receiving liquor shipments
from other states. He says it
cannot be presumed that liquors
so received are to be used in vi-
olation of law and this being the
case, they are protected by the
interstate commerce law.

Date of Re-Union Fixed.

According to announcement
of Gen. Bennett H. Young, com-
mander in chief of the Confed-
erate Veterans' Association, the
next meeting will be held at
Richmond, Va., the first three
days in June.

FINN CANDIDATE FOR RE-ELECTION

To the democrats of the First
railroad commission district of
Kentucky:

I announce my candidacy in
the coming August state primary
election, for the democratic nom-
ination for railroad commis-
sioner of the First railroad com-
mission district of Kentucky, com-
posed of the 39 counties in west-
ern Kentucky. I hope you will
carefully examine my official re-
cord as a member of the com-
mission, and that it will meet
with your approval. I am serv-
ing my first term as a member
of the commission, and for three
years have been its chairman.
I have had the honor to be chair-
man of the executive committee,
first vice president and president
of the national association of
railway commissioners, compos-
ed of the members of the rail-
road commissions of each state,
the interstate commerce com-
mission and Canadian commis-
sion. This is stated merely to
show my experience and the op-
portunities I have had to qual-
ify myself to discharge the du-
ties of the office to which I as-
pire. If you favor me with the
nomination and I am elected in
November, I shall endeavor to
discharge the duties of the of-
fice faithfully and impartially
and shall do my utmost at all
times to render honest and ef-
ficient public service.

Respectfully,
LAURENCE B. FINN.
Franklin, Ky., Feb. 1, 1915.
40c and 50c Eggs.

If your hens would only lay
when eggs were high. Why
shouldn't they? Some hens do.
The hen that lays has a healthy
pink tongue and bills. Those not
laying are pale in the gills, their
tongue or palate has a whitish
look. What's the matter? What's
the matter with you when your
tongue is white? Bilious? That's
just what ails the hen. Start her
liver and see her get busy. B.
A. Thomas' Poultry Powder is
guaranteed to start her liver and
to start the eggs.—Sexton Bros.

Right Peart for His Age.

Freeling, Va., Jan. 30.—Rob-
ert Bates, 99 years old, who lives
just over the Virginia border in
Letcher county, Ky., is the proud
father of a newly born baby boy.
Bates' first wife died several
years ago, leaving 15 children.
Last year Bates married again.

He is remarkably agile and is
well preserved. Recently he
made a trip over the Cumberland
mountains to this town, riding
horseback and driving a herd of
cattle. He is reputed to be worth
\$100,000.

To Association Growers.

To the tobacco growers of Cal-
loway and adjoining counties:
We are now ready to make lib-
eral advances on all tobacco de-
livered to us in good keeping or-
der. It is necessary that the to-
bacco should be in good order to
obtain the highest market price.
Thanking you for your past pat-
ronage, and also thanking you
in advance for any business you
might give us in the future, we are
Yours truly,
Winchester, Roberts & Smith.

Miss Ida Harris, aged about
28 years, died at three o'clock
Wednesday of last week at the
home of her mother, near Hays
school house, several miles south-
east of Mayfield. She had been
in ill health for some time and
subject to attacks. She was a
daughter of Bill Harris, who
was kicked and killed by a mule
about 12 years ago. She was
also a niece of Esq. A. T. Pul-
len, of Mayfield. Burial Friday
at Bethany, between Farming-
ton and Sedalia.

Try an ad in the Ledger.

Two Range Propositions

Proposition No. 1.

To the First Three who buy one of our Famous
ROBIN RANGES at the regular cash price we will
give One barrel of our Best Guaranteed Straight Run
Flour, worth \$7.25.

This Range is warranted by us to be as durable
and bake as well as ranges sold from \$15 to \$25 more.

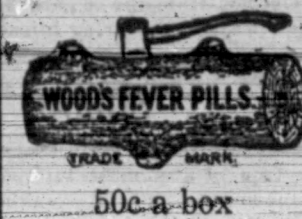

Proposition No. 2.

To those wishing to purchase cheaper Ranges than
the above we have two makes which are all O. K. To
the one buying either of these makes we will give the
following:—1 \$2.00 Set of Table Cutlery, 1 nice Set
of Teas and Plates and 1 Nice Set (3) German Silver
Table Spoons.

You will doubtless wonder why we are able to do
this. It is because we have a special proposition with
the factory which enables us to make this unusual offer.
Come in and let us show you and explain more fully
our plan.

VETERINARIAN

KIRKSEY KENTUCKY

IN PADUCAH

Statements of Paducah Citizens are
Always of Interest to Our Readers.

To many of our readers the
streets of Paducah are almost as
familiar as those of our own
town, and we are naturally in-
terested to read of happenings
there. The following report
from a well known and respect-
ed resident will be helpful to
numbers of men and women
here in Murray:

T. J. Loyd, 824 Clark St., Pa-
ducah, Ky., says: "One of my
family was troubled by an acute
attack of kidney trouble and se-
vere backache. Hearing of
Doan's Kidney Pills, I got a box
and found them to be a fine rem-
edy. They acted immediately
and removed the trouble. I high-
ly recommend them to anyone
suffering from backache or other
kidney disorders."
Price 50c, at all dealers. Don't
simply ask for a kidney remedy
—get Doan's Kidney Pills—the
same that Mr. Loyd recommends.
—Foster-Milburn Co., Props.,
Buffalo, N. Y.

Tribute to Mrs. Virginia Hamlin Burr.

At Paragould, Ark., there lies
in the "voiceless silence of the
dreamless dead," the body of our
friend and former neighbor, Mrs.
Virginia Hamlin Burr, who needs
no monument to lift its granite
head to the sun, and whisper of
her virtues. Descended from a
long line of noble ancestors, she
inherited those qualities which
made her a woman among women.
Her refinement and culture were
of the highest type. She was a
finished musician and an artist
of rare ability. Chaste in con-
duct, modest in bearing, cour-
teous, gentle, taking her part in
the pains and difficulties that
came to her path, not demanding
a life free from duties, and
abounding only in pleasures;
obedient to the higher law, and
as tender as she was strong. Her
life as a Christian was beautiful;
she lived her belief, that the ex-
ample of Christ and his influence
on the hearts of men, are the in-

aspiration which exalts loving
kindness to the highest daring,
and makes self devotion to oth-
ers' good a ruling passion.

If it be true that our rank as
living creatures is determined by
the height and breadth of our
love, then hers was of the high-
est. Such a character will beau-
tify history, dignify an epoch
and hallow any cause. We pray
that her life may still be a hope
and an inspiration, not memory,
however sweet that may be; for
it went out on triumphant lines
—so let dominant, triumphant
chords weave the harmony that
would echo the flight of the soul,
music sweeter than that of lute,
harp or bird, the glad acclaim of
angelic hosts, the hosannas of
God's redeemed. — A Friend.

LOCAL and PERSONAL

Judge Wells, of Frankfort, was in the city this week the guest of relatives and friends.

Miss Lee Robertson is again a patient at the Murray Surgical Hospital where she underwent an operation the first of the week.

Mrs. Inez Brown Sale left the first of the week for Pittsburg, Kas., where she will be engaged for the next several months making dates for a lyceum bureau. She will be absent about six months.

Mrs. Bradley Holt was operated upon the first of the week at the Murray Surgical Hospital for a tumor on the neck. Her condition is very satisfactory at this time and her speedy recovery anticipated.

If weather conditions for the following six weeks are to be governed by the ground hog fable then this section is to be blessed with change of conditions. His hogship failed to make a shadow Tuesday.

Mr. George Cochran, a widely known citizen of the west side of the county, died last Saturday after a lingering illness of dropsy. The burial took place the following Sunday in the South Pleasant Grove grave yard.

Bishop & Owen, liverymen, are no the owners of the Fields bus line, closing a deal Wednesday for the property. They recently rented the Fields stable where they are conducting a general livery and feed business.

Miss Emily Wear left this week for Chicago and New York where she will spend some time buying millinery goods for Miss Zula Cobb, of Paducah. She has been here since the holidays with her parents, D. M. Wear and wife.

This is to notify the public generally that if they purchase either one or the whole of four land notes held by Floyd Lockhart against me, they purchase at their peril, for I have good defense to them. This January 29th, 1915. — R. N. Harris.

Mr. Pickett, of Florida, and Mrs. Baughman, state lecturer of the W. C. T. U., are to speak in Murray next week in the interest of prohibition. Mrs. Baughman will deliver an address at the Christian church Thursday night, and Mr. Pickett at the Methodist church Friday night.

Galus Adams and Foreman Graham rubbedbed at the skyscrapers in St. Louis several days this week. They were both tagged and labeled and tied to each other.

Eld. T. B. Thompson, of Campbell, Mo., has been called to the pastorate of the Waters Street Christian church. He will devote one half of his time only to this work. Eld. Thompson is a young man, not married, and comes to our city highly recommended. He is a singer of considerable talent and is now engaged in teaching his congregation, giving three lessons each week. Hailing from Campbell we take it for granted that Eld. Thompson was an enthusiastic "Campbellite," and here's hoping that he will become equally as enthusiastic a "Murrayite."

25 to 50 per cent Cheaper
When You Buy
WALL PAPER
From Me.

Order from the factory and get something different. I do better Papering and Painting at cheaper prices. Yours,

JOHN R. OURY

J. B. Hay has been confined to his home the past few days with an attack of rheumatism.

Rev. J. A. Hassell visited his parents in Sardinia, Tenn., several days during the past week.

Miss Willie Baker left today for Paducah where she will be the guest of friends for several days.

Look. — W. L. Bateman & Son, Cherry, will pay 12¢ for hens; 11¢ for feathered ducks this week and next.

Eczema spreads rapidly; itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. 50¢ at all stores.

Strayed. — Big bay horse, about 12 years old, rather thin in order, and has been gone about ten days. Notify H. E. Hensley, Murray Route 7 and be rewarded.

The day of harsh physics is gone. People want mild, easy laxatives. Doan's Regulets have satisfied thousands. 25¢ at all drug stores.

Parker and Perdue are now domiciled in the building recently vacated by Johnson & Broach's ten cent store. They look spick and span in their new location and have one of the most splendid grocery stores in the city.

Mrs. Susan Stovall, mother-in-law of Mrs. J. A. Hassell, of this city, died at her home in Memphis Tuesday of this week at an advanced age. Miss Lillian Stovall attended the funeral and burial Wednesday in Memphis.

Horace Burken and Miss Belle Jeffrey, well known young people of the Dexter section of the county, were united in marriage this week. They have been the recipients of many happy congratulations from their many friends.

Stan Rose and Lum Blanton, colored, were arrested the later part of the past week upon a warrant charging them with stealing a load of corn from Marvin Whitnell about ten days ago. They were bound over at an examining trial to the next term of the circuit court.

Toy Brandon, son of the late John Y. Brandon, who was a very prominent farmer and also a tobacco dealer, and Miss Murla Charlton, daughter of Mr. and Mrs. Joe Charlton, were married last Sunday evening at 3 o'clock, Rev. W. P. Prichard officiating. — Hazel News.

The report that J. F. Morris lost eighteen head of cattle in the high waters last Sunday is not true. Mr. Morris had a number of head of cattle in the Farley bottom field and after the waters receded Monday eight head were missing but they were found the following day in the Grogan field.

C. M. Pullias, of Lewisburg, Tenn., has been engaged to hold a meeting for the Church of Christ in their meeting house on Water street, beginning the first Sunday in April. Elder Pullias is a very popular evangelist of his denomination and the church here is fortunate in securing his services for a meeting.

Seventeen years ago Asa Culpepper, of West Paris, lost the sight of his left eye. On last Sunday the sight came back as suddenly as it left, and for the first time in seventeen years Mr. Culpepper saw the light of day from the eye that had been on a strike all these years. Physicians are puzzled over the peculiar case.

If you have not secured a ticket for the Wells Entertainers to appear here at the opera house next Monday night do not delay it any longer. This number of the lyceum course will be one of the very best and the program will consist of baritone and soprano solos, vocal duets, story telling and readings, dramatic sketches, pianologues, humorous and musical sketches.

Waters—Roberts Wedding.

Mr. A. Neva Waters and Miss Mina Roberts, popular young people of Murray, were united in marriage Thursday night of last week in the parlors of the Methodist parsonage, Rev. J. A. Hassell performing the ceremony. The marriage of this young couple came as quite a surprise to their many friends in the city and they have been the happy recipients of many congratulations. Mr. Waters is a salesman with the Sexton Bros. firm and is a splendid young man of sterling worth. Miss Roberts is a daughter of Mr. Sidney Roberts and wife and has been a resident of this city for several years and during the time has won many friends and admirers.

It Really Does Relieve Rheumatism.

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house — against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied. But it does give almost instant relief. Buy a bottle today.

Ladies Aid Society (Undenominational)

Organized Jan. 13, 1915. Sole object is to help in time of need all worthy persons regardless of race or creed. Meets weekly at the homes of different members of the society. Contributions from all people earnestly solicited, same to be applied to the relief of suffering and want. For further information, communicate with the president or secretary. Mrs. G. L. Steel, pres.; Mrs. Ed Owen, vice-pres.; Mrs. K. Robertson, sec'y.; Mrs. Nat Ryan, treas.

Colds Are Often Most Serious. — Stop Possible Complications.

The disregard of a Cold has often brought many a regret. The fact of Sneezing, Coughing, or a fever should be warning, enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is a man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. 50¢ at your Druggist. Buy a bottle today.

Another Snookum. — Da! Da!

Ernest Clanton was stepping around Monday at an unusual gait. When interviewed by us it was found that there was a little Sookie Clanton who had arrived at his home Monday was the cause of his hilarity. — Benton Tribune-Democrat.

How to Prevent Bilious Attacks.

"Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail, you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be ward off. For sale by all dealers.

Winchester & Roberts have added a new member to their tobacco prize firm in the person of Leslie Smith, and in the future will conduct the business under the firm name of Winchester, Roberts & Smith. They have purchased the Tarry prize barn at Alamo and will conduct both places this season. Mr. Tarry recently traded his Alamo property to Vick Wells for property in Texas and Mr. Wells sold to the above firm.

OLD TIME FIDDLERS' CONTEST

AT THE WOODRUFF OPERA HOUSE

THURSDAY, FEBRUARY 11

UNDER AUSPICES OF CAMP NO. 50, W. O. W.

This will be the warmest entertainment that ever struck town. Fun in great bunches. Don't miss it. Those wishing to enter the contest can enter their names at the Calloway Times office.

No admission fee or charge whatever for those taking part in the contest.

PRIZES ON DISPLAY IN O. T. HALE'S SHOW WINDOW.

ADMISSION: 25, 35 and 50 cents.

Upon the suggestion of many of the good people in and around Murray, the managers have decided to call of the dancing contest.

Not Entirely Effaced.

We note from the Mayfield Messenger that the town of Boydsville, on the border line of Kentucky and Tennessee, in the extreme western portion of the state, is to be wiped off the map by the establishment of a rural route system. Of course, it never was any great shakes of a town, no more than Plano, in this country, was, but it has many tender memories of lots of us who have lived down in that country. Near there is where the mother of the writer first opened her eyes to the light of day, and where she taught school until a time when a modest little preacher came out that way, and persuaded her to take his name, and share the lot of the circuit rider's wife.

They can wipe Boydsville off the post office map, but they can't wipe it out of the memory of those who loved it for the sake of the times of long ago. — Edward O. Leigh, in Bowling Green Messenger.

A Texas Wonder.

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for Kentucky testimonials. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Sold by druggists.

Baptist Institute Dates.

The seventeenth annual meeting of the Murray Baptist Institute will be convened here Sunday, Feb. 14th and will continue in session for the entire week. Mr. Scholfield, the well known singer, will conduct the music. A splendid program has been arranged for the meeting and arrangements are being made to entertain a large attendance.

Women loves a clear, rosy complexion. Burdock Blood Bitters is splendid for purifying the blood, clearing the skin, restoring sound digestion. All druggists sell it. Price \$1.00.

Ledger \$1 a year. — Worth \$1 0.

"Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25¢ to \$1.00. THE GENUINE HAS THIS TRADE MARK.

FOR SALE BY
Sexton Brothers, Murray, Ky.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness [caused by catarrh] that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, O. Take Hall's Family Pills for constipation.

C. H. Bradley was laid up all of the past week and was unable to be out on the road. When asked by a neighbor who was passing his home, and upon seeing Charlie with his eye in a sling, he remarked that he stuck a hambone in his eye while hanging meat in his smoke house and punctured the ball. Quite a few Murray citizens would appreciate being able to have a hambone to stick in their mouths and would not ask for surplus sufficient to ram into their eyes. (Dr. P. A. Hart says his smoke house is locked. No use trying.)

A Chemist's Discovery.

B. A. Thomas, a retired chemist of Kentucky, like all Kentuckians, kept some fine horses. His neighbors noticed that his horses were sick and shining in the spring before other horses began to shed. He told them of some powders that he fed his horses. He gave them some of it and now B. A. Thomas' Stock Remedy is known all over Kentucky by horsemen and farmers, who take pride in horses or cows or sheep. We sell it on the money back basis. — Sexton Bros.

Mrs. J. W. Parks died at her home just outside the city limits west of the Dr. Graves residence Monday of last week after a lingering illness of consumption. She was about fifty years of age and a splendid woman with many friends and acquaintances throughout the county. She is survived by a husband and several children. The burial took place in the Sinking Springs cemetery the following day.

NOTICE.

I have sold my business at Cherry to Messrs. Cherry & Wofford and take this method of asking all who are indebted to me on account to call at once and settle by cash or note. All notes that are past due must be settled or renewed (with approved security)

I will be at Cherry every Saturday to wait on you. Respectfully,
1283 P. P. UNDERWOOD.

Began Working Early.

A woman was testifying in behalf of her son and swore that, "he had worked on a farm ever since he was born." The lawyer who cross-examined her said, "You are certain that your son has worked on a farm ever since he was born?" "I am." "What did he do the first year?" "He milked." — Byck's Broad-side.

Rheumatism

For Young and Old

The acute agonizing pain of rheumatism is soothed at once by Sloan's Liniment. Do not rub—it penetrates to the sore spot, bringing a comfort not dreamed of until tried. Get a bottle today.

RHEUMATISM

Here What Doctors Say: "I highly recommend your Liniment as the best remedy for rheumatism I ever used. Before using it I spent large sums of money trying to get rid of this misery and pain in limbed and body, so I tried your Liniment both internal and external and I found quick relief, and now am well and strong again." — J. C. Curtis, 222 N. 10th St., Springfield, Ill.

Here's Proof: "I wish to write and tell you about a fall I had down fourteen steps, and bruised my neck and hip very bad. I could not sleep at all. I sent my wife for a 25 cent bottle of your Liniment and in two days time I was on my feet again." — Charles Hays, 1222 1/2 Centre Ave., St. Louis, Mo.

Here's a Tangle.
How easy it is to mix up the aver-
age business man was demonstrated
the other day when the son of a local
merchant "tangled" against his father's
knee and innocently asked:
"Daddy, is today tomorrow?"
"No, my son, of course today isn't
tomorrow," answered the father.
"But you said it was," continued the
son.
"When did I ever say today was to-
morrow?"
"Yesterday," answered the son.
"Well, it was; today was tomorrow
yesterday, but today is today, just as
yesterday was today yesterday but is
today today, and tomorrow will be
today tomorrow, which makes today
yesterday and tomorrow all at once.
Now run along and play," and the father
collapsed into his chair with a sigh
of relief.—Louisville Times.

"CASCARETS" ACT ON LIVER; BOWELS

No sick headache, biliousness,
bad taste or constipation
by morning.

Get a 10-cent box.

Are you keeping your bowels, liver,
and stomach clean, pure and fresh
with Cascarets, or merely forcing a
passageway every few days with
Salts, Cathartic Pills, Castor Oil or
Purgative Waters?
Stop having a bowel wash-day. Let
Cascarets thoroughly cleanse and re-
gulate the stomach, remove the sour
and fermenting food and foul gases,
take the excess bile from the liver
and carry out of the system all the
constipated waste matter and poisons
in the bowels.

A Cascaret to-night will make you
feel great by morning. They work
while you sleep—never gripe, sicken
or cause any inconvenience, and cost
only 10 cents a box from your store.
Millions of men and women take a
Cascaret now and then and never
have Headache, Biliousness, Coated
Tongue, Indigestion, Sour Stomach or
Constipation.—Adv.

Good News.
"Sir, I am going to raise your
rent."
"Glad to hear it, I can't."

Don't Give Up!

Nowadays deaths due to weak kidneys
are 75% more common than 30 years ago,
according to the census. Overwork and
worry are the causes. The kidneys can't
keep up, and a slight kidney weakness
is usually neglected.
If you have backache or urinary dis-
orders, don't mistake the cause. Fight
the danger. More care as to diet, habits,
etc., and the use of Doan's Kidney Pills
ought to bring quick relief.

NUTRITIOUS AND CHEAP

FISH DISHES THAT ARE REALLY
WORTH WHILE SERVING.

Baked Mackerel Properly Prepared
Should Be Popular With All—
Haddock Stuffed or Served
With Tomatoes Is Good.

Baked Mackerel—Wipe out two
mackerel with a damp cloth, and cut
off the heads and tails. Split nearly
through, so that they lie flat. Take
out the backbones. Place them inside
upward in a covered fireproof dish.
Pepper and salt well, cover, place in a
slow oven, and allow to steam in their
own juice for half to one hour, accord-
ing to the oven. Serve in the same
dish.
Mustard Sauce for Mackerel—Put
in a basin pepper, salt, a little fine
sugar and plenty of mustard powder.
Pour on about equal quantities of vine-
gar and salad oil, and beat or whisk
till thoroughly mixed and smooth. The
result should be a sauce of the consis-
tency of thin cream. A little taste
of garlic improves the sauce. The gar-
lic should be rubbed on the basin in
which the sauce is mixed.

Baked Stuffed Haddock.—Wash,
scale, and wipe a large fresh haddock,
and remove the eyes. Prepare a stuff-
ing with two ounces chopped suet, one
ounce of bread crumbs, one teaspoon-
ful herbs and parsley, and season with
salt and pepper. Mix the stuffing with
half an egg. Stuff the body of the fish
with this, and sew up the opening.
Pass a trussing needle, threaded with
string, through the tail of the fish, cen-
ter of body, and the eyes, draw the
fish up into the shape of a letter S,
brush it over with beaten egg, and
sprinkle some breadcrumbs over it
and a few pieces of dripping. Bake in
a brick oven for about half an hour
or longer, basting frequently. Dish
up and serve with brown sauce or
gravy.
Haddock With Tomatoes.—Wipe the
haddock and put it in a pie dish with
a little milk and water, and cook it in
the oven till tender. Skin three toma-
toes, and cut them into slices; peel
and chop finely half an onion. Cook
four ounces of rice in salted water till
tender, and drain. Skin and bone the
haddock, and flake it. Melt an ounce
of butter or dripping in a saucepan,
add all the above ingredients, season
with salt and pepper, and heat up
thoroughly. Serve on a hot dish, and
sprinkle over some chopped parsley.

Helpful Hints.
When separating yolks from whites
of eggs, sometimes a speck of yolk
slips into the white. To remove this
dip a clean cloth into warm water and
wring it dry. Touch the yolk with a
point of the cloth, and it will cling to
it at once.
A pretty and inexpensive couch
cover can be made by taking a white
bedspread that is worn thin and mak-
ing it the right size for the couch.
Then dye it a pretty green or a dark
red.
In home dressmaking a very impor-
tant point to remember, especially in
making coats and skirts, is the fre-
quent use of the iron. Unless the
seams are carefully pressed with a
hot iron over a damp cloth the gar-
ment, however well cut, will have an
amateur look.

To Boil Eggs Properly.
There are three good ways to boil
an egg that has been cracked. A very
simple one is to add quite a little salt
to the water in which the egg is to be
boiled. This will prevent the white
coming out. If the crack is very large,
wrap the egg in a piece of soft paper.
The wet paper adhering to the egg, pre-
vents the egg coming out of the shell.
If there is only a tiny crack at one
end, make a tiny opening in the other
end with a needle and the desired re-
sult is secured. The latter method may
be used to boil eggs preserved in
water glass, the puncture being made
at both ends.

Stuffed Leg of Pork.
The following would be better by re-
moving the bone from the leg of pork
to make room for the stuffing:
Make a deep incision in the meat
and fill with dressing made as for
chicken and seasoned highly with
onion. Skewer the places together and
rub the outside of the meat with salt,
pepper and a little powdered sage.
Bake very slowly and baste often.
Strain the contents of the pan, put in
a little cold water to make the fat
rise, then skim and thicken, using a
rounding-tablespoonful of flour to one
cupful of the liquid. Let the gravy
cook eight minutes.

Mulled Buttermilk.
One quart of buttermilk, one rounded
tablespoonful of flour, two rounded
tablespoonfuls of granulated sugar.
Pour the buttermilk into an enameled
saucepan and put on the range to
boil; upon boiling add the following
mixture: Break an egg into a bowl and
beat until light and foamy, add the
sugar, then the flour, stirring until
smooth, and pour into the boiling but-
termilk, stirring rapidly to prevent
scorching. Boil up once, remove from
the fire and serve hot or iced as pre-
ferred.

Hutch Potch.
Take one cupful of pearl barley, one
small cabbage, two carrots, two onions,
one turnip, parsley and herbs, piece of
butter, pepper and salt. Put three
quarts of water in a saucepan and add
all the vegetables and cook for two and
one-half hours.

CALOMEL WHEN BILIOUS? NO! STOP! ACTS LIKE DYNAMITE ON LIVER

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver
and Bowel Cleansing You Ever Had—Doesn't Make You Sick!

Stop using calomel! It makes you
sick. Don't lose a day's work. If you
feel lazy, sluggish, bilious or consti-
pated, listen to me!
Calomel is mercury or quicksilver
which causes necrosis of the bones.
Calomel, when it comes into contact
with sour bile crashes into it, breaking
it up. This is when you feel that awful
nausea and cramping. If you feel
"all knocked out," if your liver is tor-
pid and bowels constipated or you
have headache, dizziness, coated
tongue, if breath is bad or stomach
sour, just try a spoonful of harmless
Dodson's Liver Tone.
Here's my guarantee—Go to any
drug store or dealer and get a 50-cent
bottle of Dodson's Liver Tone. Take a
spoonful and if it doesn't straighten
you right up and make you feel fine
and vigorous I want you to go back to
the store and get your money. Dod-
son's Liver Tone is destroying the
sale of calomel because it is real liver
medicine; entirely vegetable, therefore
it cannot sallow or make you sick.
I guarantee that one spoonful of
Dodson's Liver Tone will put your
sluggish liver to work and clean your
bowels of that sour bile and consti-
pated waste which is clogging your
system and making you feel miserable.
I guarantee that a bottle of Dodson's
Liver Tone will keep your entire fam-
ily feeling fine for months. Give it to
your children. It is harmless; doesn't
gripe and they like its pleasant taste.

Out of the Frying Pan
David Starr Jordan, a peace meet-
ing at the Hotel Astor in New York,
said to a reporter:
"Half the world at war, and the
counsel we are getting is that we
must arm more heavily. That counsel
reminds me of the African kings."
"An African king feasted a white ex-
plorer royally. Then, at the end of
the feast, 300 girls were led forward."
"Choose from among these 300,"
said the king, "a wife."
"But the explorer blushed and stam-
mered."
"Oh, but if I took one, then the re-
maining 299 would be jealous."
"That is easily remedied," the king
answered. "Take all!"

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't
harm tender stomach,
liver and bowels.

Every mother realizes, after giving
her children "California Syrup of
Figs" that this is their ideal laxative,
because they love its pleasant taste
and it thoroughly cleanses the tender
little stomach, liver and bowels with-
out griping.
When cross, irritable, feverish, or
breath is bad, stomach sour, look at
the tongue, mother! If coated, give a
teaspoonful of this harmless "fruit
laxative," and in a few hours all the
food, constipated waste, sour bile and
undigested food passes out of the bow-
els, and you have a well, playful child
again. When its little system is full
of cold, throat sore, has stomach-ache,
diarrhoea, indigestion, colic—remem-
ber, a good "inside cleaning" should
always be the first treatment given.
Millions of mothers keep "California
Syrup of Figs" handy; they know a
teaspoonful today saves a sick child
tomorrow. Ask at the store for a 50-
cent bottle of "California Syrup of
Figs," which has directions for babies,
children of all ages and grown-ups
printed on the bottle. Adv.

Ambition and Humility.
The highest ambition is the parent
of the truest humility; it makes one
realize that our ultimate aim is so
high that we need a power far beyond
our own for the accomplishment of
so transcend a work; that if we
are truly to be co-workers with Al-
mighty God himself in the working
out of the great scheme that rules the
universe, the task is far too great for
our unaided efforts, and we may con-
fidently rely upon a power divine to
help us in all our needs.

Home Medicine Chest.
Keep your medicines in one place,
out of reach of children. Be sure to
have Hanford's Balsam of Myrrh on

His Mistake

"John," she said to her husband,
who was grumbling over his breakfast,
"your love has grown cold."
"No, it hasn't," he snapped, "but my
breakfast has."
"That's just it! If your love hadn't
grown cold you wouldn't have noticed
that your breakfast had."—Stray Sto-
ries.

COLDS & LAGRIPPE

5 or 6 doses 666 will break any case
of Chills & Fever, Colds & LaGrippe;
it acts on the liver better than Calo-
mel and does not gripe or sicken.
Price 25c.—Adv.

St. Genevieve

St. Genevieve, the patron saint of
Paris, was consecrated at the age of
seven to the service of religion by St.
Germanus, bishop of Auxerre, who
chanced to pass through the village of
Nanterre, where she lived, about four
miles from Paris. She acquired a
great reputation for sanctity. The
church of St. Genevieve, completed in
1764, was named in her honor. Dur-
ing the revolutionary period it was
withdrawn from the service of relig-
ion and called the Pantheon, but was
afterward restored in name and to
ecclesiastical uses.

Some Hint

"Hello, Blank! Where are you go-
ing in such a hurry?"
"To the post office to put up a kick
about the wretched delivery service."
"What's the trouble?"
"Why, that check you promised to
send me ten days ago hasn't reached
me yet."

Dancing Men in Demand

"We never knew what to do with
grandpa before."
"And now?"
"He'll be a big help to us socially.
We're having him taught all the new
steps."

Sick Women Made Well

Reliable evidence is abundant that women
are constantly being restored to health by
Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually pub-
lishing in the newspapers—hundreds of them—are all genu-
ine, true and unsolicited expressions of heartfelt gratitude
for the freedom from suffering that has come to these
women solely through the use of Lydia E. Pinkham's
Vegetable Compound.

Money could not buy nor any kind of influence obtain
such recommendations; you may depend upon it that any
testimonial we publish is honest and true—if you have any
doubt of this write to the women whose true names and
addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:
CAMDEN, N.J.—"I was sick for two years with nervous spells, and
my kidneys were affected. I had a doctor all the time and used a
galvanic battery, but nothing did me any good. I was not able to go
to bed, but spent my time on a couch or in a sleeping chair, and soon
became almost a skeleton. Finally my doctor went away for his
health, and my husband heard of Lydia E. Pinkham's Vegetable
Compound and got me some. In two months I got relief and now I
am like a new woman and am at my usual weight. I recommend
your medicine to every one and so does my husband."—Mrs. TULLIE
WATERS, 530 Mechanic Street, Camden, N.J.

From Hanover, Penn.
HANOVER, PA.—"I was a very weak woman and suffered from
bearing down pains and backache. I had been married over four
years and had no children. Lydia E. Pinkham's Vegetable Compound
proved an excellent remedy for it made me a well woman. After
taking a few bottles my pains disappeared, and we now have one of
the finest boy babies you ever saw."—Mrs. C. A. RICKBORN, R.F.D.,
No. 5, Hanover, Pa.

Now answer this question if you can. Why should a
woman continue to suffer without first giving Lydia E.
Pinkham's Vegetable Compound a trial? You know that
it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable
Compound has been the standard remedy for fe-
male ills. No one sick with woman's ailments
does justice to herself if she does not try this fa-
mous medicine made from roots and herbs. It
has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO.,
(CONFIDENTIAL) LYNN, MASS., for advice.
Your letter will be opened, read and answered
by a woman and held in strict confidence.

HOW TO GET STATE AID

Counties may obtain state aid for road building through several different channels. The county may raise the money to meet the funds available from the state by two methods, viz: by general taxation, and by bond issues. In either case the county's funds and the state's funds or both may be supplemented by donations from corporations or private citizens, provided such donations are paid in cash to the treasurer of the county or state.

Since the state is to aid in the building of these roads and since the counties' funds in most instances are very limited for construction or reconstruction it is only just and fair that those living along the line of a road to be improved and who receive the direct and greatest benefit accruing from said improvement shall aid in bearing the expense of each improvement in proportion to the benefits derived therefrom. And since the state is to pay one-half the cost, the ratio should be—state fifty per cent., county 25 per cent., and abutting property owners and the private subscriptions, the other 25 per cent. Most certainly the abutting property owners and private subscriptions should amount to not less than 15 per cent. In the latter event the county would have to pay 35 per cent of the cost. The county in no instance should be required to pay for right of way.

Pulaski and Rockcastle counties and several others have requested state aid for the improvement of certain inter-county seat roads, stating to be able to ask for all the state aid fund that they will be entitled to receive, and to be able to appropriate the necessary money from their road fund to meet state aid, without impairing or totally destroying their general maintenance fund. In no instance should the maintenance be overlooked.

Few counties are so fortunate as Jefferson, Shelby, Campbell and Kenton as to be able to ask for all the state aid fund that they will be entitled to receive, and to be able to appropriate the necessary money from their road fund to meet state aid, without impairing or totally destroying their general maintenance fund. In no instance should the maintenance be overlooked.

The roads to receive state aid are the inter-county seat roads, and after such roads have been improved, then such other roads as may be designated may be improved, but to build a comprehensive system such as is outlined by this law will require ten years with national aid and without it fifteen or twenty years.

A county wishing to secure the completion of this comprehensive system at an early date can do so only by assuming the cost of such a system through the issuance of bonds. Usually the county's road fund and therefore the state's portion to the county is so small that only a few miles can be built in one year, but by means of a bond issue a system may be completed at less expense because a larger amount of work may be accomplished in a comparatively short time and the roads may be used while they are being paid for by the citizens of the county and commonwealth. The state will reimburse the county for such work done in accordance to the state aid law, to the extent of one-half the amount of money actually spent on construction or reconstruction of roads, payment being made annually as the county's portion of the road fund is available.

Two counties have thus far availed themselves of this means of securing good roads, viz: Lewis and Carter. The voters of Lewis county approving the bond issue for \$150,000 on the 11th day of July by a vote of 21,000 yeas to 140 nays. The voters of Carter county, on November 3d, ratified a bond issue for \$150,000 for the improvement of their roads by 307 more votes than the necessary two-thirds majority required to carry the issue.

In every other instance where a vote has been taken for a bond issue, a majority of the votes cast have been in favor of said issue, thus showing conclusively that a majority of the thinking people favor the improvement of their roads by rapid and up-to-date methods.

These statements are corroborated by the result shown from such elections held in the following counties: Mason, November 3rd, \$200,000; Campbell, November 3rd, \$150,000 to build roads, \$100,000 to buy toll roads; Kenton, November 3, \$200,000; Boone, November 3, \$75,000; Pulaski, April 24, and again on June 26th, \$300,000; Warren, May 19th, \$300,000; Simpson, May 2, \$100,000, and Menifee, September, \$35,000.

Unfortunately, however, for the promotion of road building, the Constitution requires that two-thirds of the votes cast on a bond question shall be in favor of the same before it shall be declared carried.

Every county in the Commonwealth should follow the example of Lucas, Lawrence, Carter, Johnson, Madison, Boyd, Rockcastle, Shelby, Warren, Jefferson, Harrison and Logan counties by applying for state aid. No county is too rich—as has been shown by Jefferson county's application—and no county is so poor that she cannot apply for and receive a portion of the fund on one of the three plans mentioned above. No county can afford to lose the money she is paying toward the state road fund or fail to accept the generous offer made by the state.

LITTLE TOBACCO IS BEING MOVED

Paducah, Ky., Jan. 31.—The receipts of the Planters Protective Association for the year are 3,376 hogheads; association sale for the week just ended, 8 hogheads; association sales for the year, 2,656 hogheads; on hand 720 hogheads; independent sale at Mayfield, 26 hogheads.

During the past week the market on old tobacco was very quiet. There were some sales of both association and independent tobacco, consisting altogether of low and common grades of leaf, selling at 7½ to 9½ cents. Market conditions are unchanged. The export shipping facilities have not been improved, and it has been very difficult to get through billing on tobacco to European or other markets for immediate shipment. Export arrangements have to be made sixty days in advance, then they are uncertain. As long as this condition exists a slow market may be expected.

Weather during the week was very cold and very little business was done in loose leaf. Loose leaf sales were held here and at

Mayfield during the week. The offerings in the main were very common and prices unchanged. Bidding was spirited on tobacco of merit, and prices for the better grades were satisfactory to sellers. Prices for the common grades were unsatisfactory. Little tobacco in good keeping condition is being sold on the loose floors, and this is effecting the price. The large buying interests did very little riding in the country during the week because of the cold weather, and the bad condition of the roads, but with better weather conditions buying is expected to become better. Prices were about the same as they have been for several weeks and trading was slow. With more favorable weather for handling tobacco more activity and a greater volume of business are expected.

The association is advancing the holding policy and indications are that there will be more tobacco in the association in this district this year than last year if prices do not advance. Especially will this be the case with farmers who have good tobacco and can afford to hold. The crop is moving very much later than usual, which will cause a longer season than ordinary. Developments in the European war will have much to do with the movement of the crop.

A SCHOOL HOUSE BURNED DOWN

The high school building at Farmington was completely destroyed by fire about 12 o'clock Thursday night of last week. The fire is supposed to have originated from the furnace of the heating plant.

When discovered the building was in flames and it was impossible to save anything. The house was of brick with a concrete foundation, and was erected five years ago at a probable cost of five or six thousand dollars. The insurance will amount to \$4,000 on the building and furniture.

This was one of the best and most commodious school buildings in Graves county and is a heavy loss to Farmington and that section coming at this season of the year. There are five teachers in the school, the principal being Prof. Earnest Jones. Miss Gracie Ferguson, of Murray, was in charge of the music department. Several years ago a frame building was burned on the same site.

The Liver Regulates the Body. — A Sluggish Liver Needs Care.

Someone has said that people with Chronic Liver Complaint should be shut up away from humanity, for they are pessimists and see through a "glass darkly." Why? Because mental states depend upon physical states. Biliousness, Headaches, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c at your druggist.

Penny Pleasantries:

As I have not seen anything in your worthy and very newsy paper from this section in some time I will try and give you a few items of passing interest.

Penny is a cross-roads hamlet four miles northwest of Murray, located in the prettiest part of Calloway county, in the old pigeon roost section. Land is priced from \$75 to \$100 per acre. It produces abundantly wheat, hay, corn and the finest tobacco this year that was ever grown in the county. We have two stores, one conducted by L. A. Curd and the other by L. A. McKeel. T. J. Nix, of Coldwater, will succeed Mr. Curd about March 1st. We welcome Mr. Nix here and believe there is a bright future in store for him. We have one Christian and one Presbyterian church here and Sunday school at each the year round. Our little hamlet boasts about twenty beautiful homes. There were quite a number of changes here in real estate the first of the year, caused by Joe Ryan and Jim Luten. If they are seen here this year it will be a fine of \$100 for the first offense and shotgun for the second. Here is what they did: Asberry Wilkerson sold to Mr. Stark; Tom Wilkerson loaded four wagons and went south with a rope around old Rope's horns and Skorty behind her in the mud dis-cussing her and has not been seen since; Mr. Waldrop and T. H. Clark went east; Cleve Marshall to Backsburg; Mr. Bibb northeast; L. A. McKell went north; L. A. Curd is going west; Stark Thomas moved up the road and Charley Robertson down the road or has strayed or been stolen.

Stanley Kirkland has sold his mill to Jack Wilkerson who will grind our grits and court our gals. Stanley will go southwest.

Jess Gibbs has returned home looking very delicate as usual.

Mr. Boggess, our veterinarian, took the north bound road due here at a and p. m., about Jan. 1st and has not been seen or heard from since. There is a \$50 reward for his address. Three horses have died here since he left that are chargeable to his absence.

Our school closed recently af-

ter a successful term. Prof. Herbert Brinn, the principal, is a good teacher and worthy of any aspiring young lady.

Prof. Novis A. Clark closed his second school at Steeleville Christmas and spent a week here with his father. January 22nd he left for Bowling Green to enter college and will return in June and will teach our school this year.

Ed Clark, who has been in the Kirksey school the past two years, returned home on the 4 p. m. train and took the first 8 a. m. train for Murray and entered school there.

Odell and Clint Skaggs returned to school at Bowling Green last Friday.

Ep Hurt came here last Saturday on his au-toes and left on his all-fours. You'll recall that Saturday was a cold slick day.

Mr. Ed Robertson died recently and was laid to rest in the Dale grave yard.

As to marriages, they have been too numerous to mention. All the boys and girls from 14 to 75 years of age got married during the fall and winter but me and my Sallie. But we'll fool the wise ones yet.—Red Fox.

SYMPTOMS

Slight Symptoms Sometimes Presage Serious Results.

Do you feel tired have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so you are undoubtedly suffering from some liver complaint.

Perhaps you don't feel very banly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking LIV-VER-LAX, the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original LIV-VER-LAX, bearing the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by druggists.

Jethro Maddox a Benedict.

Jethro Maddox and Miss Myrtle Wade were united in marriage at the home of the bride near Obion, Tenn., Wednesday. The young couple arrived in Hazel Friday night, and will make this their home.

Miss Wade is quite a charming young lady and made many friends during her occasional visits to friends in Hazel. The groom is a son of R. H. Maddox and wife.—News.

Timely Reminder.

Fayette county, which is furnishing a candidate for governor, secretary of state, superintendent of public instruction and commissioner of agriculture, seems to have forgotten that an auditor, treasurer, attorney-general and a few other offices are to be filled.

First Sale in Hogheads.

Paducah, Ky., Feb. 2.—The first sale of 1914 tobacco in hogheads was held yesterday morning at the Tucker warehouse, on Tenth and Broadway, by M. M. Tucker. While only two hogheads were sold, the prices were unusually good. One brought \$11.50 while the other was sold at \$10 per hundred.

For croup or sore throat, use Dr. Thomas' Electric Oil. Two sizes, 25c and 50c. At all drug stores.

Too many of the mutts who are preaching the Brotherhood of Man seem to keep their eyes on the Sisterhood all the time.

NEW CANDIDATE HAS ANNOUNCED

To the democratic voters of the First court of appeals district of the Commonwealth of Kentucky:

When it became known upon the resignation of Judge T. J. Nunn that there would be an election of a judge of the court of appeals from the First appellate district of Kentucky at the regular election in 1915, I, in keeping with a long cherished desire, began to give serious thought to announcing myself as a candidate for the democratic nomination for said position. I received from many parts of the district, much encouragement and many promises of support, and I had about made up my mind to enter the race when the Hon. James T. Webb, of my town, and a fellow member of the Mayfield bar, without knowledge of my intentions, announced his candidacy for the place. Realizing his popularity and that another candidate from the county and town would seriously hamper the chance of both of us, if not result in the defeat of each of us, I abandoned the idea of so announcing, and upon the earnest solicitation of many friends announced myself as a candidate for the office of circuit judge in the First judicial district.

Quite recently Judge Webb has withdrawn his announcement and ceased to be a candidate, leaving only two candidates in the field for said office, each of whom resides and has always resided more than one hundred miles away from my town and county. With only these two candidates, the large democratic portion of the district, in which I reside, is without any aspirant for the place. The great change in conditions of the district relative to the office of the judge of the court of appeals, brought about by the withdrawal of Judge Webb, and in keeping with my first intentions and cherished desire, and giving some heed to strong appeals from friends in various portions of the appellate district, has induced me now to withdraw my announcement as a candidate for circuit judge of the first district, and I do hereby announce myself as a democratic candidate in the August, 1915, primary for the position of judge of the court of appeals from the First appellate district of Kentucky.

I have never aspired to or held office, contenting myself with diligent and close application in an effort to master as much as possible the various and complex questions making up the sum total of the law, but it has been the chief ambition of my life, at some time, to occupy a position as judge upon the bench of the highest court of my native state, and what I stated in my announcement as to the qualifications which I possessed for the office of circuit judge I think I can likewise truthfully say in regard to the office of appellate judge.

I wish to thank my many friends throughout the First judicial district for the many kindnesses which they have shown me and for manifestations of their approval of my candidacy. I am proud to say that the candidates who saw proper to oppose me in the race for circuit judge are each and all my friends and regret that each of them cannot have his ambition fulfilled. I trust that my candidacy for judge of the court of appeals will receive a favorable consideration at the hands of the voters, and I promise them that, if I should be successful and win the election, I will so deport and conduct myself upon the bench as to manifest to the people of the state that Graves county and the "Purchase" have just cause to be proud of their native son and that they can at least semantically furnish worthy timber for that exalted position.

Thanking one and all for past and future favors and trusting that I may be able to see in person as many of the voters as possible, I am, most respectfully,
GUS THOMAS.

THE RURAL PRESS

The Local Paper a Most Useful Agency on the Farm—The Press, Pulpit and School a Triumvirate of Influence That Must Be Utilized in Building Agriculture.

By Peter Radford

A broad campaign of publicity on the subject of rural life is needed in this state today to bring the problems of the farmers to the forefront. The city problems are blazoned upon the front pages of the metropolitan dailies and echoed in the country press, but the troubles of the farmers are seldom told, except by those who seek to profit by the story, and the glitter of the package oftentimes obscures the substance. A searching investigation into the needs of the farmers will reveal many inherent defects in our economic system that can be easily remedied when properly understood and illuminated by the power of the press.

The rural press, the pulpit and the school are a trinity of powerful influences that the farmer must utilize to their fullest capacity before he can occupy a commanding position in public affairs. These agencies are organized in every rural community and only await the patronage and cooperation of the farmers to fully develop their energy and usefulness. They are local forces working for the best interests of their respective communities. Their work is to build and their object is to serve. They prosper only through the development and prosperity of the community.

Every farmer in this state should subscribe for the local paper, as well as farm periodicals and such other publications as he may find profitable, but he should by all means subscribe for his local paper, and no home should be without it. The local paper is part of the community life and the editor understands the farmer's problems. It is the local press that will study the local problems and through its columns deal with subjects of most vital importance to local life of the community.

A Noble Task.

In too many instances the country papers mimic the city press by giving prominence to scandals, accidents and political agitation. The new rural civilization has placed upon the rural press renewed responsibilities, and enlarged possibilities for usefulness. It cannot perform its mission to agriculture by recording the trifles, the mishaps and inordinate ambitions of humanity, or by filling its columns with the echoes of the struggles of busy streets, or by enchanting stories of city life which lure our children from the farm.

It has a higher and nobler task. Too often the pages of the city dailies bristle with the struggle of ambitious men in their wild lust for power, and many times the flames of personal conflict sear the tender buds of new civilization and illuminate the pathway to destruction. The rural press is the governing power of public sentiment and must hold steadfast to principle and keep the ship of state in the roadstead of progress. The rural press can best serve the interests of the farmers by applying its energies to the solution of problems affecting the local community. It must stem the mighty life current that is moving from the farm to the cities, sweeping before it a thousand boys and girls per day. It has to deal with the fundamental problems of civilization at their fountain head. Its mission is to direct growth, teach efficiency and mold the intellectual life of the country, placing before the public the daily problems of the farmers and giving first attention to the legislative, co-operative, educational and social needs of the agricultural classes within its respective community.

The Power of Advertising.

The influence of advertising is clearly visible in the homes and habits of the farmers, and the advertising columns of the press are making their imprint upon the lives of our people. The farmer possesses the things that are best advertised.

The farmer is entitled to all the advantages and deserves all the luxuries of life. We need more art, science and useful facilities on the farms, and many homes and farms are well balanced in this respect, but the advertiser can render a service by teaching the advantages of modern equipment throughout the columns of the rural press.

The farmers are in need of personal leadership. They have political leaders, but they need local industrial community and educational leaders.

To be proud of their native son and that they can at least semantically furnish worthy timber for that exalted position.

Thanking one and all for past and future favors and trusting that I may be able to see in person as many of the voters as possible, I am, most respectfully,
GUS THOMAS.
