# led Up With vester Unit

President of the Templeton Universal Harvester.

The machine, which is complete from cutting and threshing to separation, can be mounted on a truck, tractor or trailer. It has been tested in various grains, including fine grass, and has been demonstrated at Davis, Calif., and Pullman, Wash.

Advantages claimed by Templeton for his harvester include: Threshing any grain that a conventional machine will handle and many that it cannot. Economy of operation due to maintenance due to limited number of moving parts. Light weight and few moving parts so that it can be operated with any farm tractor mounted as a self-propelled unit.

Templeton has been working on the machine for 13 years, explaining the action of the cutting unit, he said, "The blade forces the grain into a horizontal position where it is cut by section to the blower. The blower is arranged so that a degree of threshing may be obtained without cranking, and the cutter can be used as a separate unit for cutting grain in a swath or windrow."

## Farm Bureau Officers Are Re-Elected

Wright, Yates, McGehee Chosen At Convention

### MEET AT CAYCE HIGH

Re-elected officers of the Fulton County Farm Bureau at the 14th annual convention at Cayce high school last week were Charles E. Wright, president; E. W. Yates, vice-president; and J. B. McGehee, secretary-treasurer. Announcement of their election was made by Mr. Yates, acting chairman of the newly-elected board of directors.

The following directors, previously elected by their respective communities and organizations, were approved: Roy Bard, Palestine; C. A. Binford, Crutcheville; Charles E. Adams, Cayce; Lucian H. Isbell, Sylvan Shade; C. K. Davis, Hickman; Guy Barnett, Brownsville; Kelly Conder, Western; Mrs. Roy Bard and Mrs. C. A. Binford.

Two directors-at-large, J. T. Lawson from the east end of the county and E. W. Yates from the west end, were nominated and elected by acclamation.

Mrs. Cecil Burnett was elected Chairman of the Associated Women, and Board member. Mrs. Wayne Yates also was nominated for this position, and received 17 votes to 18 for Mrs. Burnett.

The convention was called to order by President Wright. Group singing was led by the Rev. W. D. Grison of Hickman, and the Rev. Bob Covington of Liberty gave the invocation. The Hickman quartette sang several special selections.

Mr. Wright gave his annual address, in which he summarized the past year's local activities, and his talk was considered one of the best given during the session.

Johnstone made an interesting talk on the past year's Kentucky corn derby, and discussed the possibilities of making Kentucky a pasture belt by using improved methods of pasture development.

H. J. French, county insurance agent, presented his report. Voluntary expressions and resolutions were called for, and Roy Bard responded with a short full-of-peg talk.

Leadership activities were discussed by J. H. Cox of Madisonville, the district organization director, who congratulated Fulton county for having such successful leadership.

Riley G. Arnold, principal speaker, gave his address on "Farm Bureau's Task at Hand." Parity, increased membership in comparison with increased prices and stimulation of economic production, use of improved fertilizer and the use of more fertilizer when it is available, were his chief topics. Due to the unpleasant and extremely cold weather, there were only about 150 present.

The benediction was given by the Rev. R. H. Clegg of Cayce.

## VA Representative Now Makes 2 Trips To Fulton Weekly

Harry E. Perryman, Veterans Administration county representative, today reminded veterans that he is now in Fulton each Monday and Tuesday to assist and advise veterans and their dependents on all laws administered by the Veterans Administration.

Veterans and their dependents are invited to visit him on Mondays or Tuesdays at the Fulton post office building between the hours of 9 a. m. and 3 p. m. to discuss features of the new G. I. insurance, or other benefits to which they are entitled.

## Fire Department Saves Home Of Will Polsgrove

The home of Will Polsgrove, about four miles from Fulton on the Metropolis road, was saved from fire damage at about 2:40 yesterday afternoon when the Fulton fire department extinguished grass fires which surrounded the house.

## Establishes Unofficial Altitude Record

Major Ernest Cassell, Indianapolis, Ind., pilot in the test section at Patterson Field, Dayton, Ohio (Feb. 10) set unofficial helicopter altitude record of 18,100. The previous record was 11,343 feet, made in Germany in 1939.

## Freezing Weather, No Coal; That's British Predicament

London, Feb. 11.—(AP)—The Labor Government cabinet reviewed the critical coal shortage again today and informed sources said it soon might extend the domestic electricity cuts to the entire nation, including Scotland.

Factories were closed. Unemployment queues lengthened. The steel works at Glasgow and other plants were darkened. Public indignation mounted.

The weather turned freezing again as the nation dipped further into inadequate stocks from the recently socialized mines. Stock prices sagged. Winston Churchill shouted in Parliament last night about "incompetence in high places."

Greyhound racing stopped. Television broadcasts ceased. Transit service in London was cut, and 60 electric suburban trains were suspended. Candles were short in the foggy islands where use of electricity, affecting 22,000,000 persons. At least 4,000,000 were reported unemployed.

## Air Reserve Meets Feb. 13

Fulton Residents Invited To Be At Gill-Dove Field For Discussion, Pictures

There will be a meeting Thursday night, Feb. 13, at 7 p. m. at Gill Dove Airways on Highway 45 B of the proposed county chapter of the Air Reserve Association.

The honored guest of the evening will be Maj. James D. Clark, the commanding officer of the Memphis Air Reserve Detachment. Major Clark and other members of the Memphis chapter will give information to all men interested in flying in the reserve program.

The present strength of the Memphis unit is approximately 23 T-6s, four AT-11s and two P-51 type aircraft.

Also, there will be some of the latest movies of air crops combat shown, which should provide entertainment for everyone.

All citizens of Fulton, both ladies and gentlemen, are invited to attend.

## Car, Truck Collide At O'head Bridge

A pickup truck driven by Hardy Cheatham of Fulton and an automobile driven by Richard Myatt of Moscow collided at the west end of the Riceville overhead bridge yesterday afternoon, but both drivers escaped injury.

Cheatham was entering the highway from the roundhouse, and Wyatt was going west over the bridge when the accident occurred. Both vehicles were damaged considerably.

## 8 From Fulton On Honor Roll

Murray State Students Made Standing of 2.2, Or Higher, Fall Quarter

Eight Fulton county students were listed on the honor roll at Murray State College for the fall quarter, according to a release from the office of Mrs. Cleo Gills Hester, registrar.

Mrs. Louise Herron Allen was one of 34 students who made all A's, for a perfect 3.00 standing. In order to make the honor roll at Murray, it is necessary to have a 2.2 standing computed on the following basis: A, 3; B, 2; C, 1; D and E, none.

Other honor students from Fulton are: Margaret Nell Brady, 2.20; Charlotte Sublette Lindhorst, 2.50; Mary Eleanor Bickstone Parham, 2.38; Forest Alton Riddle, 2.46; Mary Charlyne Sanford, 2.29; Charles Stuart Speed, 2.35; John William Tosh, 2.31.

## CAA Favors Building An Airport Here

Wickliffe And Hickman Fields Also Are Desired

WOULD BE CLASS 1

Construction of airports at Fulton, Hickman and Wickliffe, and improvement of those at Marion, Murray, Mayfield, Paducah and Princeton have been recommended by the Civil Aeronautics Administration, according to the Associated Press.

Seventy-four Kentucky airports were among 4,431 in the nation which Administrator T. F. Wright said should be built or improved within the next three years.

The recommendations call for establishment of Class 1 airports at Fulton, Hickman and Wickliffe, which do not now have airports. A Class 1 field is one with a usable unpaved landing strip length of from 1,800 to 2,700 feet at sea level conditions.

The plan recommends improvement of the Class 1 field at Mayfield to Class 2 (usable unpaved landing strip between 2,700 and 3,700 feet long); improvement of Marian Field at Fulton to Class 2; and improvement of the Paducah-McCracken county airport, a Class 3 field.

The project on the list are estimated to cost \$985,800,000, of which the federal government's share would be \$441,600,000 and the local sponsors' share \$544,200,000.

Under the Federal Airport Act, which authorizes expenditures of \$500,000,000 in federal funds over a seven-year period, Congress may appropriate as much as \$100,000,000 for use in one year. Sponsors would be required to put up slightly more.

The CAA made no attempt to show the cost of individual projects.

Hal Seawright of Carlo, Ill., a former outfielder for the Fulton Chiefs, is visiting in Fulton today.

## Taft Rumored An Opponent Of Lilienthal

Confirmation Of Ex-TVA Director Still Is In Doubt

### MAY REBUKE TRUMAN

Washington, Feb. 11.—(AP)—President Truman's choice of David Lilienthal to head the Atomic Energy Commission built up toward a major White House-Congressional issue today with word circulating that senator Taft (R-Ohio) will oppose senate confirmation.

Senators Bridges of New Hampshire and Wherry of Nebraska, Republicans, have openly declared opposition. And Senator McKellar (D-Tenn.) is continuing a long-standing campaign against Lilienthal.

While this opposition made no foregone conclusion of the senate vote, it pointed toward a sharp fight which conceivably could end with a stinging senate rebuke to Mr. Truman.

Dr. Arthur E. Morgan, ousted nine years ago as chairman of the Tennessee Valley Authority, today accused his successor, Lilienthal, of making "dishonest" statements and harboring a desire for "irresponsible power."

In contrast to the positions of Morgan and Taft, however, Secretary of War Patterson endorsed Lilienthal as qualified and loyal.

Morgan told the Committee that Lilienthal had "excellent abilities in some ways" and was "an exceptionally suitable person for administrative relationships, where he had no contrary purposes."

But, he said, he had encountered two principal difficulties in working with Lilienthal. "One arose out of his desire to be irresponsibly in power," he testified. "I think I could have gotten along as far as that was concerned."

But representations were made to the public by the TVA, as the TVA, which I found to be, in a short word—dishonest."

Here in the background: The atomic energy commission is to supervise all atomic development in this country. The law creating it directs that the president is to nominate the members, but that they must be confirmed by the senate. Mr. Truman persuaded Lilienthal to resign as chairman of the Tennessee Valley Authority so he could nominate him to the commission.

## Mrs. Ludie Willey Succumbs At Home Of Son Monday

Mrs. Ludie Willey, 85, died yesterday morning, Feb. 10, at the home of her son, Alvie Willey, near Pryorburg.

She was the widow of the late J. W. Willey, who preceded her in death by several years. She leaves four sons, five daughters and 21 grandchildren.

Funeral arrangements are incomplete, pending arrival of relatives. Services probably will be held at the Bethel church, with burial in the church cemetery.

## How War Changed Map Of Europe

Blackened in are principal areas affected in the territorial changes under treaties with Italy, Hungary, Rumania, Bulgaria and Finland. Major points include: 1—Finland loses Petsamo to Russia. 2—Poland goes to Russia as naval base under 50-year lease. 3—Hungary loses Transylvania to Rumania. 4—Rumania loses Bessarabia to Russia. 5—Trieste becomes an internationalized territory under U. N. control. 6—Italy recognizes Albania's independence. 7—Bulgaria loses no territory. 8—Italy gives Dodecanese islands to Greece. 9—Italy loses Libya. 10—Italy loses Eritrea. 11—Italy recognizes independence of Ethiopia. 12—Italy loses Somaliland.

## Should Revise Our Treaty, Italy Tells Allied Nations

Rome, Feb. 11.—(AP)—Italy served notice today upon the 20 nations which wrote the Italian peace treaty that she felt entitled to a revision of the document, signed yesterday in Paris.

At the same time, United States Ambassador James C. Dunn said his government agreed with the Italian position that the treaty would not be binding until it was ratified by Italy's constituent assembly. He declined to discuss the situation that might arise if the constituent assembly failed to ratify.

Dunn, who presented his credentials last week, told a news conference he did not take seriously the anti-Allied demonstrations yesterday marking Italy's "Day of Mourning" for the signing of the treaty.

In Trieste 10 persons were arrested yesterday during a Pro-Italian demonstration protesting the treaty, which, when ratified, will make Trieste free international territory.

In Pola, industrial center near Trieste which will be turned over to Yugoslavia, British military authorities invoked a 17-hour curfew after the slaying of a British Brigadier, R. W. M. De Winton, by an Italian woman described as a fanatic patriot.

The woman was detained. British authorities said her name was Maria Pasquellini.

An Italian government note to the 20 nations, which helped write the treaty said "we all look forward, as Italians and as world citizens, waiting for a revision of what might paralyze or poison the life of a people of 45,000,000 human beings living upon a soil which cannot possibly nourish them."

Foreign Minister Carlo Sforza broadcast the note to the people and later repeated it on special broadcasts to the United States, Britain and France, prefacing it with an appeal to "friends of Italy" in all three countries.

## W. H. Aldrich Dies Monday

Succumbed At Home Of Daughter, Mrs. Bowles; Services In Illinois

W. H. Aldrich, 78, died at 1 o'clock yesterday afternoon at the home of his daughter, Mrs. O. R. Bowles, 301 Fourth street, where he and Mrs. Aldrich had made their home for the past four years.

The remains were taken yesterday to Villa Ridge, Ill., where Mr. Aldrich had spent his entire life until coming to Fulton.

Funeral services will be conducted at Pulaski, Ill., Wednesday, Feb. 12, at 2 p. m.

Mr. Aldrich is survived by his widow; one daughter, Mrs. Bowles; and two grandsons, Billy and Bobby Bowles.

## Charles Davis Fatally Hurt By Automobile

Six-Year-Old Boy Going To School When Hit By Car

### DIED AT HOSPITAL

Charles Davis, six-year-old son of Robert Davis, Highlands, was injured fatally at about 12:30 this afternoon when hit by an automobile on the overhead bridge on West State Line street.

The driver of the car, identified by Highway Patrolmen as H. E. Willard of Toledo, Ohio, rushed Charles to the Fulton Hospital, where he died about 15 minutes later.

It was reported that x-rays taken at the hospital showed the child had a fractured skull. Elbert Burcham, Woodland Mills, Tenn., was driving his truck about 75 yards behind the Willard auto.

He told police that the Davis boy walked into the path of the automobile from behind a wagon on the left side of the road. As soon as he saw the "child," Willard swerved his car sharply to the left in a vain attempt to avoid striking him, Burcham said.

The accident occurred about 20 feet from the top of the bridge, according to Burcham. Willard's auto was traveling west on State Line. He is reported to have stopped as quickly as possible.

Funeral arrangements had not been made at press time this afternoon, and will be announced as soon as possible.

## Bardwell Man Is Elected Officer Of Cannery Group

Franklin, Tenn., Feb. 11.—The 26th annual convention of the Tennessee-Kentucky cannery association ended today following the election of officers.

Shell R. Clevenger of Dandridge was reelected president of the organization, while L. H. Herndon of Humboldt, was elected vice president, succeeding J. Paul Craddock. All three are from Tennessee.

C. Hays Holler of Newbern, Tenn., was reelected secretary and treasurer.

Dale Sloan of Morristown, Tenn., and J. Paul Craddock of Bardwell, Ky., were elected to the board of directors.

## Louisville School Strike Called Off

Louisville, Ky., Feb. 11.—Threatened strikes of Louisville and Jefferson county school teachers were off today.

Edward R. Johnson, Jr., president of the AFL Louisville Federation of Teachers, announced unionized city teachers last night decided to call off a strike scheduled for next Monday.

The union members agreed to try to work out a "gentleman's agreement" announced by Mayor E. Leland Taylor.

Under it, the city's law department will determine whether an additional tax levy can be put into effect this school year by the board of aldermen. The department determines a levy would be legal, the city education board agreed to let the aldermen to vote the tax levy for increased city teachers' salaries.

## Wall Street Report

New York, Feb. 11-(AP)—Further profit taking kept most of today's stock market leaders in the losing division.

Dealings slowed after a fairly active start but declines of fractions to around 2 points predominated near midday.

Extension of the retreat was blamed mainly on technical factors. Numerous customers cashed in on the idea that the sharp recovery of the past two weeks called for at least an intermediate correction.

In the minus column were Chrysler, General Motors, U. S. Steel, Bethlehem, Santa Fe, Southern Pacific, Montgomery Ward, Sears Roebuck, Anaconda, Kennecott, U. S. Gypsum, American Can, Philip Morris and Standard Oil (N.Y.). Many pivots were unchanged.

Bonds slipped and cotton futures were reactionary.

## FULGHAM NEWS

By Dece Jones

The League members of Mt. Pleasant and Salem had a joint recreational party at Mt. Pleasant Wednesday night. Refreshments were served to the pastor, Rev. A. B. Roger, Mr. and Mrs. Grover Burkett, Mr. and Mrs. Auditt Mullins, Robert Burkett, Morris Spicer, Junior Armbruster, Thomas Wilkins, Auditt Stroud, Dana Stroud and Maylon Stroud, Miss Chariene Robey of Water Valley and Misses Betty Armbruster, Carolyn Sue Raley, Mary Alice Mullens, Jo Ann Burkett, Shirley Scott, Shirley Spicer, Maurine Eberhardt, Nettie Jane Elliott and Iola Stroud. "Sonny" Armbruster, L. A. Shupe and son James Ross attended the Purchase-Pennyrrie game at Murray Wednesday night.

Alpha Mae McClure, daughter of Mr. and Mrs. L. W. McClure, who has been unable to walk for two weeks or more, was carried back to the Fulton Hospital for more x-rays. Diagnosis: neuritis.

Letter From Japan A new letter comes from Pvt. W. E. (Gene) Nicholas who has recently landed at the Atsugi Air Base in Japan, 15 miles from Yokohama and 30 from Tokyo. Left San Francisco the last of December and sailed for 16 days, long one, too, in rough stormy waters on a navy ship which had been converted into a troop transport. Had 2300 soldiers on it.

Gene said it was the transports first trip and really he was afraid it was going to be his last one, too. In addition everybody was sea-sick too.

The picture in Japan is rather gloomy and Gene is none too happy. In fact just "plain old homesick" but otherwise OK. Has 8 more weeks in basic training.

Before leaving California he had a chance to see his sister, Jessie, and Wayne Pillow, who came to the pier to see him off. They only lived 30 or 40 miles from Camp Stoneman where he was stationed but he was never able to get a pass for a visit to Hughson. He'd like very much to be here now during the ball season.

He was a former member of the Fulgham team and one of the best sportsman we ever had. His wife resides in Detroit and he's the son-in-law of Mr. and Mrs. Leonard Duke. Good luck Gene!

Mrs. Vol Armbruster, Mrs. Renick Armbruster and children, Betty Louise, Junior and Joe Lee, Robert Burkett and Mr. and Mrs. L. A. Shupe attended the Armbruster-Holland wedding at Hickman Thursday Feb. 6.

Clink Jackson returned home from Detroit recently and he and Fate Bone have employment in the Freeman Bone Garage.

A correction: Art Vaden and family moved to Hardin in Marshall county, and not to Harlan, Ky.

## 2 Fulton Students To Be In Play At MSC Feb. 13 and 14

Two Fulton students at Murray State College will appear in the production of Thornton Wilder's play, "Our Town," which

will be presented in the college auditorium February 13 and 14 at 8:15 p.m. These students are Jerry Cavender and Johnny Austin.

The play is sponsored by Alpha Psi Omega, dramatics fraternity. The unusually large

cast includes Charles Benton, in the role of stage manager, the narrator of the play. Through his eyes, the audience will see life in a small town, involving two childhood sweethearts and their families. Total cast is well over 50 students.

A Valentine for Mother!

SUCH a grubby little valentine — no lace, no satin, no pretty poem! Butch made it himself, scrawled the message, pasted it crookedly together. It didn't cost much, but what a lift it gives a Mother's heart!

No, it isn't cost alone that counts. It's what a thing does for you. Like electricity, for instance. Dependable electric service is Mother's 365-days-a-year valentine—ready all the time to lift the burden of homemaking, ready to make life easier and happier for her.

And when Mother struggles with her budget, she can't help noticing that electricity is just about the smallest item on her list. While the cost of nearly everything

went UP, the price of electricity came down — AND STAYED DOWN. Maybe you don't know it, but if yours is an average family you're now getting TWICE AS MUCH ELECTRICITY for your dollar as you did only ten to twelve years ago.

Yes, electricity — like Butch's valentine — does a lot for a little!

Beautiful Music For You! Listen to the New Electric hour . . . the Hour of Charm . . . famous All-Girl Orchestra and Chorus . . . every Sunday afternoon at 3:30 o'clock central standard time, over Columbia Broadcasting System network.
